Subject: Proposed SW 4th Avenue Bridge Beautification Project

Mr. Feldman,

It has come to the attention of the Tarpon River Civic Association that the bridge over the Tarpon River will be receiving some maintenance as part of the current repaving process on SW 4th Avenue and that maintenance will include repainting. Since the bridge is scheduled for repainting, the Tarpon River Civic Association is interested in sponsoring a beautification project on that bridge. Attached you will find a rendering from a local artist, Bill Savarese, of a mural that we would like to paint on the bridge. Mr. Savarese has already performed this type of project for us on the Ron Cochran Bridge over the Tarpon River on SW 7th Street and his work on the Ron Cochran Bridge has been very well received by Tarpon River residents. We believe that another mural on the SW 4th Avenue Bridge would be a definite improvement to in the area as this bridge on SW 4th Avenue is one of the major gateways into our neighborhood.

I have been in contact with Andre Slintak in the Public Works Department regarding this project, who has been copied on this message. He has notified me that the process for this type of project should begin with you and an approval from the Fort Lauderdale City Commission and then move on to the County Commission for final approval. So we would therefore request that you review this proposal and present it to the City Commission, if necessary, for approval. Mr. Slintak has suggested that the best time for this project would be shortly after the beginning of the year, so anything you could do to help expedite the approval process would be much appreciated.

To be clear, all services performed by the artist, Mr Savarese, will be paid for by the Tarpon River Civic Association and if you have any additional questions or concerns about the project you may feel free to reach out to me.

Best Regards,
Glenn Fields
