Disclosures were made, and any members of the public wishing to speak on this Item were sworn in.

Mr. Snedaker explained that Gore Betz Park is currently zoned RD-15, or residential; the request would rezone the 2 acre parcel to Parks, Recreation, and Open Space, or P.

Mr. Lodge added that the park is a 79,170 sq. ft. passive park. The request is consistent with the City's Comprehensive Plan, and Staff recommends approval of the Item.

There being no questions from the Board at this time, Chair McTigue opened the public hearing. As there were no members of the public wishing to speak on this Item, Chair McTigue closed the public hearing and brought the discussion back to the Board.

Motion made by Vice Chair Hansen, seconded by Mr. Welch, to approve. In a roll call vote, the **motion** passed 8-0.
