Benefits of Requested Funding

The funds we are requesting are needed to help with the costs of sending 15 young men and 5 mentors to participate in the *28th National Preventing Crime in the Black Community Conference* in Orlando, Florida on May 29-31, 2013. This year's conference, sponsored by Florida Attorney General Pam Bondi, is a collaborative effort to foster communication and action among practitioners through the sharing of innovative ideas and prevention strategies that have been successful in the black community. A major component of the program will be directed toward alternatives to violence among our young people. The agenda is designed to showcase successful programs and promote a positive exchange of ideas on the subject.

We believe that the conference topics, interaction with other positive peers, and interaction with other positive and influential adults from across the nation will have a lasting impact on our young men and further serve to prevent the likelihood of any of them participating in juvenile delinquent activities.

We thank you for your consideration and eventual support of this community's effort to take the task of raising positive and productive young Black men in our own hands. If you should have any questions, please feel free to contact me at (954) 275-2581.

Sincerely,

Brian C. Johnson, Chair
Zeta Chi Lamplighters Mentoring Committee
