Hi Theresa,

Attached is the information you requested and a copy of our warranty statement.

Let me know if you need any other information. On page 7  there is a description of the windows we use in our Watch Towers.

Thanks for considering us for this solicitation and I look forward to hearing from you.

Best Regards,

Todd

WARRANTY ON BAUSCH "ZERO" TOWERS FOR CITY OF FORT LAUDERDALE

Bausch Enterprises, Inc. will warranty the structure of our Watch Towers for a period of 12 years from acceptance date. This warranty pertains to the structural integrity under normal wear and tear.

- The warranty covers hardware, doors, shutters and windows for one year.
- The warranty does not cover vandalism or damage due to negligence when being moved, either by crane or dragging on the beach with a vehicle. Ratchet straps on the four corners are required when moving by crane or by being dragged on the beach.
- The powder coated finish is warranted for one year and does not apply when the powder coated surface is damaged, and the underlying metal is exposed. Routine maintenance should be performed. (Lack of maintenance or improper use will void the warranty)
- We use the highest quality materials available, but because the beach environment is extremely harsh, the structure will require regular pressure washing, lube, and cleaning once a month to insure the longevity of the tower.
