**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#23-1147

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Greg Chavarria, City Manager

DATE: December 19, 2023

TITLE: Motion Approving Change Order No. 3 for the Prospect Lake Clean Water
Center – Prospect Lake Water L.P. – \$4,167,756 – **(Commission
Districts 1, 2 ,3 and 4)**

Recommendation

Staff recommends the City Commission approve Change Order No. 3 with Prospect Lake Water L.P. (Project Company), for increasing the square footage of the administration building and constructing the exterior walls of the administration building and nanofiltration building using precast wall panels in lieu of metal wall panels in the amount of \$4,167,756.

Background

On February 7, 2023, the City Commission approved a Comprehensive Agreement (CA) with Project Company for the design, construction, and operation of the Prospect Lake Clean Water Center (PLCWC) to replace the Charles W. Fiveash Water Treatment Plant.

Exhibit M of the CA provides the specifications used to prepare the cost of the PLCWC and provides details of the administration building which is a prefabricated metal building generally consisting of warehouse space, a workshop, offices, a breakroom, a laboratory, restrooms, and the control room. Staff is requesting the administration building be expanded to include additional offices for supervisory staff, a training room/conference room, and to construct the building with precast concrete panels instead of metal panels. Staff is also requesting the nanofiltration building be constructed of precast concrete panels in lieu of metal panels. Precast concrete is being requested for the administration and nanofiltration buildings to extend the life of the structures after the 30-year operational period with Project Company ends.

The City requested pricing to certify the administration building Gold, Silver or Certified, but due to the prefabricated delivery method only 17 points are available, to achieve LEED Certified a minimum of 40 points are required. Additional points may be achievable through a redesign of the administration building; however, this would require the building to comply with the 2023 Florida Building Code; effective December 31, 2023, and cause a delay to the project. For this reason, staff has decided not to pursue LEED certification.

Resource Impact

There will be a fiscal impact to the City in the amount of \$4,167,756 for Change Order No. 3. Funds for this change order are available in the FY2024 Community Investment Plan in the accounts listed below.

<i>Funds available as of December 1, 2023</i>					
ACCOUNT NUMBER	COST CENTER NAME (Program)	CHARACTER/ACCOUNT NAME	AMENDED BUDGET (Character)	AVAILABLE BALANCE (Character)	AMOUNT
10-497-7999-536-60-6599-P12765	Prospect Lake Water Treatment Plant Enabling Works	Capital Outlay/Construction	\$177,000,001	\$124,472,857	\$4,167,756
TOTAL AMOUNT ►					\$4,167,756

Strategic Connections

This item is a *2024 Top Commission Priority*, advancing the Infrastructure and Resiliency initiative.

This item supports the *Press Play Fort Lauderdale 2024 Strategic Plan*, specifically advancing:

- The Infrastructure Focus Area
- Goal 1: Build a sustainable and resilient community.
- Objective: Proactively maintain our water, wastewater, stormwater, road, and bridge infrastructure

This item advances the *Fast Forward Fort Lauderdale 2035 Vision Plan: We Are Ready*

This item supports the *Advance Fort Lauderdale 2040 Comprehensive Plan* specifically advancing:

- The Infrastructure Focus Area
- The Sanitary Sewer, Water & Stormwater Element
- Goal 3: Develop and maintain an adequate water supply, treatment and distribution system, which meets existing and projected needs of the service area in an efficient, economical, and environmentally sensitive manner.

Attachment

Exhibit 1 – Change Order Proposal No.3

Prepared by: Daniel Fisher, Senior Project Manager, Public Works

Department Director: Alan Dodd, Public Works

To: Greg Chavarria, City Manager
From: Alan Dodd, Director – Public Works
Date: October 23, 2023
Re: Change Order No. # 3 for Project #12765

Job Description: Project #12765, Prospect Lake Clean Water Center
Contractor: Prospect Lake Water, L.P.
Amount: Total amount of Change Order No.1 \$4,167,756 plus 0 additional days
Funding: 10-497-7999-536-60-6599-P12765

The purpose of this Change Order is:

Exhibit M of the Comprehensive Agreement (CA) between the City of Fort Lauderdale (City) and the Project Company (PC) provides general information regarding the design specifications and drawings used to prepare the basis of estimate for the project. Page 813 of the CA provides details of the administration building which is to be a prefabricated metal building generally consists of warehouse space, a workshop, offices, a breakroom, a laboratory, restrooms, and the control room. The City is requesting the administration building be expanded to include six additional offices, an 18ft by 28ft training room / conference room and construct the building with concrete. The restrooms were also modified to accommodate the larger occupancy requirements. The change will increase the administration building by 1,869 square feet. Staff is also requesting the nanofiltration building be constructed of precast concrete instead of metal panels. Several concrete finishes are available and will be brought back to the City Manager’s Office for selection if this change order is approved.

NEW AND EXISTING CONTRACT ITEMS ARE UTILIZED – TOTAL ADDITIVE COST \$4,167,756

Item No. 1 New Item #1 – Administration Building Increased Size with precast panels,
Nanofiltration Building with precast concrete panel and Project Company
Administration Fees
Add New Contact Item – Lump Sum
ADD \$4,167,756

Re: Prospect Lake Clean Water Center Project – City-Initiated Changes

CHANGE PROPOSAL NO. 3

Reference is hereby made to that certain Comprehensive Agreement, dated as of February 14, 2023 (as amended or otherwise modified from time to time, the “Comprehensive Agreement”) between, *inter alia*, Prospect Lake Water, L.P. (the “Project Company” or “we”) and the City of Fort Lauderdale, Florida (the “City” or “you”). Except as otherwise expressly provided herein, capitalized terms used and not defined herein shall have the meanings ascribed to such terms in the Comprehensive Agreement, and, if not defined therein, the DB Contract.

We acknowledge that we are in receipt of your “Request for Change Proposal #02r – Building Expansion, Material Change and LEED Certification” dated July 5, 2023 (the “Request for Change Proposal”) and, further to our subsequent discussions with you and your consultants, we understand that at this time the City has requested the Project Company to implement those City Changes described in Section 1 (Description of City Changes) below. This is a Change Proposal under Section 8.04(a) of the Comprehensive Agreement, which relates to such City Changes. Further, upon the City’s execution and delivery of this Change Proposal (such date, the “Effective Date”), this Change Proposal shall constitute the agreement of the City and the Project Company required by Section 8.02(c) (*City-Initiated Changes*) of the Comprehensive Agreement in respect of such City Changes, this Change Proposal shall become a valid and binding part of the Comprehensive Agreement and all terms and conditions of the Comprehensive Agreement shall remain in full force and effect, as modified by this Change Proposal.

1. Description of City Changes

In the Request for Change Proposal, you instruct us to prepare a proposal to provide all work required for certain changes to the administration building and the nanofiltration building as further described therein (the “Admin and NF Buildings SOW”).

Attached to this Change Proposal as Annex I is the DB Contractor’s proposal to perform the Admin and NF Buildings SOW. The Admin and NF Buildings SOW is more particularly identified in Attachment 1 thereto (including all inclusions and exclusions thereto).

[Signature Page to Change Proposal No. 3]

2. Description of the Impact on the Project of the Requested City Changes

a. Extra Work Costs

The Extra Work Costs associated with the Project Company's performance of the Admin and NF Buildings SOW (the "Admin and NF Buildings Extra Work Costs") shall consist of:

- The DB Contractor's cost in the amounts identified in Annex I, a breakdown of, and backup for, which are set out in Annex I, as follows (it being understood that DB Contractor's cost shall be limited to the aggregate amount of costs associated with any such option selected by the City):
 - "Option 1": \$2,614,440
 - "Option 2": \$810,106
 - "Option 3": \$3,220,906
 - "Option 4": \$935,190
- the Project Company's administrative costs in the amount of \$11,660.

Pursuant to Section 10.04(a)(iv) (*Availability Payment Impacts; Monetary Compensation*) of the Comprehensive Agreement, the Admin and NF Buildings Extra Work Costs will be invoiced to the City as progress payments as the Admin and NF Buildings SOW is completed.

b. Completion Deadlines

No changes to the Scheduled Commercial Operation Date or the Commercial Operation Longstop Date are proposed in connection with Project Company's performance of the Project Company Temporary Power SOW.

Annex I
DB Contractor's Response to Scope Change Order Proposal Request – Admin and NF Building
[Attached.]

Kiewit

November 28, 2023

LTR No. LTR0027B – Kiewit to Project Co.

Prospect Lake Water, L.P.
c/o Ridgewood Infrastructure
14 Philips Parkway
Montvale, NJ 07645
Attn: Legal Department

Subject: Prospect Lake Clean Water Center Design Build Contract
Response to Scope Change Order Proposal Request – Administration and NF Buildings

Dear Maria,

Reference is hereby made to that certain Design-Build Contract, dated as of February 14, 2023 (as amended or otherwise modified from time to time, the "DB Contract") between Prospect Lake Water, L.P. ("Project Company") and Kiewit Water Facilities Florida Co. ("Kiewit"). Except as otherwise expressly provided herein, capitalized terms used and not defined herein shall have the meanings ascribed to such terms in the DB Contract and, if not defined therein, in the Comprehensive Agreement.

This letter ("Scope Change Order Proposal Response") is in response to the Scope Change Order Proposal Request for Building Expansion, Material Change, and LEED Certification (City RFP 02r) sent to Kiewit from Project Company on July 5, 2023, relating to the implementation of a City Change.

Section 10.03(b) (*Procedure for Scope Changes*) of the Design Build Agreement states that "*Design-Build Contractor shall promptly review the Scope Change Order Proposal Request and notify Project Company in writing of the options for implementing the proposed Scope Change (including, if possible, any option that does not involve an extension of time) and the effect, if any, each such option would have on the DB Contract Price, the Guaranteed Substantial Completion Date, the Project Progress Milestone Dates, the Payment Schedule, the Project Schedule, and the Performance Criteria*".

Kiewit hereby agrees to perform the Scope Change identified in Attachment 1 to this Scope Change Order Proposal Response in accordance with the terms and conditions set out herein, including the other attachments hereto.

Change to the DB Contract Price

Attachment 1 to this letter defines the detailed scope of work associated with this Scope Change including the pricing summary and supporting information. In accordance with Sections 2.09(e) and (f) (*Comprehensive Agreement; Equivalent Project Relief*) and Section 10.06 (*Price Change*) of the DB Contract, (a) DB Contractor will not be entitled to receive any increase in the DB Contract Price in respect of this Scope Change until Project Company has received such amount from the City and (b) Project Company shall pay such amount to DB Contractor promptly, and in any event no later than five (5) Business Days, after receipt of the corresponding payment from the City.

Option 1 – Administration Building – Increased Building Size; Metal Wall Panels

Price of This Scope Change \$2,614,440*

Option 2 – Administration Building – Original Building Size; Concrete Wall Panels

Price of This Scope Change \$810,106*

Option 3 – Administration Building – Increased Building Size; Concrete Wall Panels

Price of This Scope Change \$3,220,906*

Option 4 – Nano Filtration Building – Concrete Wall Panels

Price of This Scope Change \$935,190*

*Added cost for each option may be applied if formal written approval of this change is not provided prior to December 8, 2023.

Change to Guaranteed Substantial Completion Date

- There is no change to the Guaranteed Substantial Completion Date associated with any of the options priced in this Scope Change.

Change to the Project Progress Milestone Dates

- There is no change to the Project Progress Milestone Dates associated with any of the options priced in this Scope Change.

Change to the Payment Schedule

- The revised Payment Schedule will be provided once the City of Fort Lauderdale selects which options, they wish to include.

Change to the Project Schedule

- The revised Project Schedule will be provided once the City of Fort Lauderdale selects which options, they wish to include. There are no major schedule impacts expected in connection with any of the options priced in this Scope Change.

Change to the Performance Criteria

- There is no change to the Performance Criteria associated with any of the options priced in this Scope Change.

Kiewit

Other Information Pursuant to Section 8.04 (Procedures for Implementing Changes to the Work) of the Comprehensive Agreement

- There is no other information pursuant to Section 8.04 of the CA with any of the options priced in this Scope Change.

This Response to Scope Change Order Proposal Request is valid for 20 days from the date of this letter.

If you have questions or comments about this information, please contact me at Matthew.Allen@Kiewit.com.

Sincerely,

Matthew.Allen

Attachment 1 – Scope of Work and Pricing Summary

[Attached]

Scope of Work – Administration & NF Building Changes

Building Layouts:

Annex M (Contract) building layout:

Revised Layout:

The building increased in size by 1,869 SF, all of which was in the finished space portion of the building, meaning the occupied space consisting of office finishes. A conference room (18'x28') was added, 6 offices were added, and the bathroom areas were modified to accommodate the larger occupancy requirements. Additionally, there is engineering costs to evaluate the impacts of the

larger space to permits, to utility consumption guarantees, and to manage the building subcontractor and engineer.

Building Finishes:

With respect to RFP-02r item 3, precast concrete walls, the following finish options were discussed with the City as a basis for evaluation. It was determined that there was little difference in price between the "standard" precast wall panel and the "premium" precast wall panel, so pricing includes the cost to utilize a "premium" panel.

LEED Certification:

The City requested pricing to make Prospect Lake’s Admin/Control/Warehouse either LEED Certified, Silver, or Gold accredited (#4 in RFP#02r). Kiewit requested the subcontractors provide this pricing as an optional add to the buildings scope. No subcontractor was willing to provide firm pricing for any of the LEED categories, as LEED requires a detailed design effort in partnership with the Owner and the Site Designer to determine cost and plausibility. One subcontractor was able to commit to 17 LEED points, and stated additional points may be achievable, but coordination with the end user would be required. Under LEED Version 4, the following total points are required to obtain accredited status:

- a) LEED Certified: 40-49 points
- b) LEED Silver: 50-59 points
- c) LEED Gold: 60-79 points

At this stage in the process, it is apparent even LEED Certified is not a guaranteed option. If Kiewit were to move forward pursuing one of the LEED accreditations, the Admin/Control/Warehouse would not be able to issue for permit until 2024. Doing so would require the structure to comply with Florida’s new 2023 Building Code, which would add cost in addition to any changes associated with

LEED. For these reasons, Kiewit does not recommend moving forward with LEED for the Prospect Lake Admin/Control/Warehouse building.

The next page contains RFP #02r sent by the City of Fort Lauderdale for reference.

Memorandum

Date: 7/5/2023

To: Prospect Lake Water, L.P. and IDE PLCWC, Inc.

From: City of Fort Lauderdale

Re: Request for Change Proposal #02r – Building Expansion, Material Change and LEED Certification

Exhibit M of the Comprehensive Agreement (CA) between the City of Fort Lauderdale (City) and the Project Company (PC) provides general information regarding the design specifications and drawings used to prepare the basis of estimate for the project. Page 813 of the CA provides details of the administration building which is to be a prefabricated metal building generally consists of warehouse space, a workshop, offices, a breakroom, a laboratory, restrooms, and the control room.

In accordance with Section 8.02 & 8.04 of the CA the City requests the PC to provide a Change Proposal which details impacts to the cost and schedule associated with changes to the administration building and nanofiltration building to include:

1. Additional City staff offices to provide each supervisory position a dedicated office consistent with labor position listed in the Labor Services agreement.
2. Addition of a conference room / training room.
3. Construct the administration building and nanofiltration building with precast concrete.
4. Certify the administration building through the Leadership in Energy and Environmental Design (LEED) Gold.

RE: Prospect Lake Clean Water Center Project – Conditions Subsequent Notice

Ladies and Gentlemen:

Reference is made to that certain Comprehensive Agreement, dated as of February 14, 2023 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Comprehensive Agreement”), by and among Prospect Lake Water, L.P., a limited partnership formed under the laws of the State of Delaware (the “Project Company”), Prospect Lake Holdings, L.P. and IDE PLCWC, Inc., each in their capacity as Equity Providers, and the City. Capitalized terms used herein that are defined in the Comprehensive Agreement and not otherwise defined herein or by reference to another document have the meanings given in the Comprehensive Agreement.

Pursuant to Section 2.01(c) (*Conditions Subsequent*) of the Comprehensive Agreement, the Project Company hereby gives you notice that the Project Company has obtained:

1. the Project Company Required Insurance that is required to be in effect for the DB Period in accordance with Annex K (*Required Insurance*) to the Comprehensive Agreement and Section 9.01(a) (*Required Insurance Policies and Coverage*) of the Comprehensive Agreement, and attached hereto as Annex A are true, complete and correct copies of the certificates of insurance evidencing such Project Company Required Insurance; and
2. the payment and performance bonds from the DB Contractor in accordance with Section 4.06(b) (*DB Performance Security*) of the Comprehensive Agreement, and attached hereto as Annex B are true, complete and correct copies of such bonds.
