Jeff,

After reviewing the cam dated 10/16/2012 (#12-2259) for this evenings agenda item PUR-8, it was determined that a typo for the sub-object code for Parts and Components was made. The correct sub-object should read 3404 and not 3407 as it appears on the CAM.

Please advise if we need to do anything on our end.

Thanks

Rich
