

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#24-0326

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Greg Chavarria, City Manager

DATE: May 7, 2024

TITLE: Motion Approving Third Municipal Amendment to Comcast Enterprise Services Master Services Agreement to change Classification from Interstate to Intrastate - **(Commission Districts 1, 2, 3 and 4)**

Recommendation

Staff recommends the City Commission approve the Third Municipal Amendment to Comcast Enterprise Services Master Services Agreement No. FI-25848367-DIngb, in the form attached, to change the nature of the existing Metro Ethernet circuit under contract from Interstate to Intrastate classification for cost measuring purposes.

Background

On May 3, 2022 (CAM 22-0323), the City Commission approved the Comcast Enterprise Services Master Services Agreement (MSA) as amended by the First Amendment to MSA No. FI-25848367-DIngb, which allows the City to utilize the Comcast high speed communications platform to create a network between City buildings and a public network to the internet.

On February 6, 2024 (CAM 24-0042), the City Commission approved a Second Municipal Amendment to the Comcast Enterprise Services Master Services Agreement to include Business Internet and Ethernet Private Line Services enabling the City the ability to respond to critical situations as well as meeting the City's future needs.

In an effort to manage these services efficiently and effectively, the Information Technology Services Department engaged Troy & Banks (T&B) by piggybacking the School Board of Sarasota County contract 20-0003 Energy Savings Program for an audit of all its telecommunication services. In T&B findings, they identified current Comcast services being billed under the assumption that the services are classified as Interstate rather than Intrastate. This means a 34.6% federal universal service fee and a federal cost recovery surcharge are applied to the monthly recurring service charges. As the City uses most of its communication services within the state of Florida, Comcast has been requested to modify the classification of those services to Intrastate. Upon execution of this third amendment, the City will no longer be charged the above-mentioned fees.

As seen in Exhibit 2, the analysis of the past six (6) months of charges demonstrates an average combined charge and expected savings in Universal Connectivity and Federal Cost Recovery fees to be \$13,417.61. This is an increase from an average of \$3,364.30, when comparing it to months prior to the April 12, 2023 flood. This increase is a direct result of post-flood recovery actions taken, which include new sites set up to accommodate displaced employees and increased bandwidth citywide to meet the additional demand.

T&B will charge a 20% fee of the amount saved each month for 12 months. The expected monthly savings of \$13,417.61 will be used to pay for T&B's fee as well as offset the current Comcast recurring charges, which average \$44,907 a month as also seen in Exhibit 2. This is an increase from charges before the flood which average \$25,230.95 a month. The average monthly recurring charge of \$44,907 comes out to \$538,884 annually which remains in line with the MSA's \$600,000 budgeted annual expenditures. This amendment will not affect any line-item services pricing.

Resource Impact

T&B's 20% fee will come from the savings it identified and found under the following cost center.

<i>Funds available as of April 24, 2024</i>					
ACCOUNT NUMBER	COST CENTER NAME (Program)	CHARACTER/ ACCOUNT NAME	AMENDED BUDGET (Character)	AVAILABLE BALANCE (Character)	AMOUNT
10-581-2230-516-30-3628	Infrastructure & Operations	Materials & Supplies/ Telephone & Cable TV	\$3,963,684	\$1,199,605	\$32,202
TOTAL AMOUNT ►					\$32,202

Strategic Connections

This item is a *2024 Commission Priority*, advancing the Public Place initiative.

This item supports the *Press Play Fort Lauderdale 2029 Strategic Plan*, specifically advancing:

- The Guiding Principle: Technology Adaptation.

This item advances the *Fast Forward Fort Lauderdale 2035 Vision Plan: We Are United*.

This item supports the *Advance Fort Lauderdale 2040 Comprehensive Plan* specifically advancing:

- The Internal Support Focus Area
- The Implementation Element

- Goal 1: The Fort Lauderdale Comprehensive Plan shall accomplish the City's Fast Forward Fort Lauderdale Vision 2035 Plan regarding the City's future growth and the six Cylinders of Excellence and shall be the City's primary policy document to guide all of its activities and development.

Jeremy Hsu, Assistant Secretary

THIRD MUNICIPAL AMENDMENT

to

Comcast Enterprise Services Master Services Agreement No. FI-25848367-DIngb

This Third Municipal Amendment (“Third Amendment”), effective upon execution of all parties below (“Effective Date”), is entered into by and between Comcast Cable Communications Management, LLC (“Comcast”) and City of Fort Lauderdale (“Customer”), individually referred to herein as “Party” and jointly referred to as “Parties”.

Whereas, the Parties desire to amend the Agreement by this Third Amendment to reflect the amended or additional terms and conditions to which the Parties have agreed to.

Now, therefore, in consideration of the mutual covenants, promises, and consideration set forth in this Amendment, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Capitalized terms used and not defined in this Third Amendment have the respective meanings assigned to them in the Agreement.
2. Customer certifies that its use of the Comcast Enterprise Ethernet Transport Services (the “Metro Ethernet Transport Services”) is such that ten percent (10%) or less of the traffic is jurisdictionally interstate according to FCC regulations. More specifically, Customer certifies that ten percent (10%) or less of the traffic carried on the Metro Ethernet Transport Services is ultimately bound for (i) the Internet or (ii) a location outside the state.
 - a. In making this certification, Customer may rely on traffic studies or measurements. Where such type of data is not available, Customer may rely on factors, such as the design of its network or the nature of its communications needs, that are reasonably likely to enable Customer to make a good faith approximation of its relative intrastate and interstate traffic volumes.
 - b. Upon request, Customer agrees promptly to provide Comcast with documentation that explains the methodology that Customer used to determine or make a good faith approximation of its relative intrastate and interstate traffic volumes. Customer also agrees to promptly provide such other assistance as Comcast may request to respond to an inquiry from a government authority or its agent regarding the classification of Customer’s traffic, including the appropriate treatment of the traffic under the Federal Communications Commission’s Universal Service Program.
 - c. Customer agrees, to the extent permitted by law and up to the limits in Sec. 768.28, Florida Statutes, to defend, indemnify and hold harmless Comcast from and against any claims, liabilities, damages and expenses, including reasonable attorneys’ and other professionals’ fees, arising out of or relating to any violation of Comcast’s Universal Service Program contribution requirements or other FCC or other legal or regulatory requirements relating to Customer’s certification regarding its use of the Metro Ethernet Transport Services. Nothing in the Master Services Agreement and any amendments thereto, shall be construed as a modification, compromise, or waiver by Customer of any immunities afforded to it under applicable law or any limits of liability afforded to it by applicable law, including Sec. 768.28, Florida Statutes, with respect to matters arising out of the Master Agreement and any amendments thereto.

3. Customer agrees to provide Comcast with documentation in support of this certification as may be needed by Comcast to respond to an inquiry from a government authority or its agent regarding the proper classification and assessment of these services.
4. As of the Effective Date set forth herein, the Ethernet Private Line Services and Ethernet Network Services set forth in Sales Order No. FI-25848367-DIngb-25580638 are modified to reflect an intrastate Services jurisdiction. Any and all future Sales Order(s) duly executed under the Agreement shall specify the applicable Services jurisdiction therein. Except to the extent Customer has provided a valid tax exemption certificate in accordance with Section 3.1(C) of the Comcast Enterprise Services General Terms and Conditions, Customer agrees to pay all applicable federal, state and local taxes, surcharges and fees that are effective or become effective during the term of the Agreement that are applicable to Comcast intrastate Enterprise Metro Ethernet Transport Services.
5. Intrastate Services are provided by Comcast Phone of Florida, LLC.
6. In the event of an explicit conflict between this Third Amendment and the Agreement, the provisions, terms and conditions of this Third Amendment shall take precedence in the interpretation of the explicit matter in question.
7. Except as otherwise modified by this Third Amendment, all other provisions, terms and conditions set forth in the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties hereto have executed this Third Amendment as of the day and year written below and the persons signing covenant and warrant that they are duly authorized to sign for and on behalf of the respective Parties.

The existence of Hazardous Materials at the Service Location or a change in installation due to an Engineering Review may result in changes to the Custom and/or Standard Installation Fees payable by Customer.</small>				
GENERAL COMMENTS				
AGREEMENT				
This Comcast Enterprise Services Sales Order Form ("Sales Order") shall be effective upon acceptance by Comcast. This Sales Order is made a part of the Comcast Enterprise Services Master Services Agreement, entered between Comcast and the undersigned and is subject to the Product Specific Attachment for the Service(s) ordered herein, located at http://business.comcast.com/terms-conditions-ent , (the "Agreement"). Unless otherwise indicated herein, capitalized words shall have the same meaning as in the Agreement.				
By purchasing Comcast voice services, you are giving Comcast Business permission to request a copy of the Customer Service Record(s) from your existing carrier(s). Customer Service Records include the telephone numbers listed on the account(s) and may also include information related to services provided by such carrier(s).				
COMPANY ACKNOWLEDGES RECEIPT AND UNDERSTANDING OF THIS 911 NOTICE: Your Comcast Business Voice Services set forth in this Sales Order (the "Voice Services") have the following 911 limitations:				
<ul style="list-style-type: none"> • In order for 911 calls to be properly directed to emergency services using the Voice Services, Customer must provide and maintain the correct service address information ("Registered Service Location") for each telephone number and extension used by Customer. The Registered Service Location should also include information such as floor and office number as appropriate. • If the Voice Services are moved to, or used in, a different location without Customer providing an updated Registered Service Location, 911 calls may be directed to the wrong emergency authority, may transmit the wrong address, and/or the Voice Services (including 911) may fail altogether. Customer's use of a telephone number not associated with its geographic location, or a failure to allot sufficient time for a Registered Service Location change to be processed, may increase these risks. • Customer is solely responsible for programming its telephone system to map each telephone number and extension to the correct location, and for updating the telephone system as necessary to reflect moves or additions of stations. • Customer 911 calls may be sent to an emergency call center where an agent will ask for the caller's name, telephone number, and location, and then will contact the local emergency authority. • The Voice Services use electrical power in the Customer's premises. If there is an electrical power outage, 911 calling may be interrupted if back-up power is not installed, fails, or is exhausted. Voice Services that rely on a broadband connection may also be interrupted if the broadband service fails. • Calls using the Voice Services, including calls to 911, may not be completed if there is a problem with network facilities, including network congestion, network equipment and/or power failure, a broadband connection failure, or another technical problem. • Failure by Customer to make updates to the Registered Service Location, including updates to restore service address to the original Registered Service Location, or failure to allot sufficient time for the Service Location update provisioning to complete may result in emergency services being dispatched to the incorrect Service Location. • Customers should call Comcast at 800-741-4141 if they have any questions or need to update the Registered Service Location in the E911 system. 				
BY SIGNING BELOW, CUSTOMER ACKNOWLEDGES THAT IT HAS READ AND UNDERSTANDS THE FOREGOING 911 NOTICE AND THE 911 LIMITATIONS OF THE VOICE SERVICES.				
By signing below, Customer acknowledges, agrees to and accepts the terms and conditions of the Sales Order.
