

**CITY OF FORT LAUDERDALE  
City Commission Agenda Memo  
REGULAR MEETING**

**#18-0379**

---

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee R. Feldman, ICMA-CM, City Manager

**DATE:** April 17, 2018

**TITLE:** Motion to Approve an Event Agreement with Fort Taco LLC for Fiesta  
Fabuloso Cinco de Mayo Celebration

---

**Recommendation**

It is recommended that the City Commission approve an event agreement with Fort Taco LLC and authorize execution of the agreement by the City Manager. If the Commission is in agreement with the applicant's request for extended hours, a separate motion should be made.

**Background**

City staff has been working closely with the event organizer regarding event topics, such as logistics, maintenance, and security as detailed below. The Police Department recommends approval of the closing of the City streets where appropriate, and event parking has been satisfactorily arranged. When applicable, amplified music was discussed and event organizers were advised of the noise ordinance and possible concerns.

The organizer will pay for all event costs and submit the required certificates of insurance. The event organizer will also secure all other necessary permits and licenses that are required from other agencies. Civic and merchant associations have been notified as appropriate regarding events in their areas. Specific event details are included in each event application as attached.

Where applicable, the City Commission authorizes amplified music for the events listed below.

Authorization for the execution of the event agreement is contingent upon the City Attorney's Office receiving and approving a validly executed agreement.

The event organizer, Fort Taco, LLC, did not execute an event agreement before holding its previous event in the City. Staff will work closely with the event organizer to ensure that the proposed event agreement is timely executed prior to the requested event.

Effective October 1, 2015 the City began to enforce the noise requirements outlined in Exhibit 1.
