

CITY OF FORT LAUDERDALE
City Commission Agenda Memo
Regular Meeting

#13-0403

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee Feldman, City Manager

DATE: April 2, 2013

TITLE: Contract Amendment No. 1 - Project No. 11762 – 2012/2013 Annual
Concrete and Paver Bricks Contract with Straightline Engineering Group,
LLC

Recommendation

It is recommended that the City Commission approve Contract Amendment No. 1 to add Community Development Block Grant (CDBG) Federal provisions, certifications and affidavits to Project No. 11762 – 2012/2013 Annual Concrete and Paver Bricks Contract with Straightline Engineering Group, LLC.

Background

The Public Works Department is preparing to initiate two minor concrete sidewalk construction projects; one located on NE 4th Avenue south of NE 6th Street and the other located in the vicinity of the Department of Sustainable Development Building on NW 19th Avenue. The estimated total cost for both projects is \$45,000. The sidewalks are within the boundaries of Community Development Block Grant (CDBG) eligible areas.

All construction contracts for projects receiving CDBG funds are required to include certain provisions, certifications, and affidavits pertaining to Federal labor laws and other regulations in accordance with the goals and objectives of the CDBG entitlement program. Amendment No. 1 is necessary since the Annual Concrete and Paver Bricks Contract with Straightline engineering Inc. does not contain the CDBG provisions.

Straightline Engineering Group has reviewed the CDBG provisions and has agreed to comply with all the requirements and execute Amendment No. 1. Approval of Amendment No. 1 would allow staff to initiate Work Orders for the construction of the two sidewalk projects and allow this annual contract to be used to construct any future improvements funded by the CDBG program.

Resource Impact

There is no fiscal impact associated with this action
