Subject: Re: Harbor Haven sidewalk repair

Harbor Haven, 95 N. Birch Road would like to have the 50 square feet 6" inch thick of sidewalk repaired. The total price to repair the sidewalk with the city contractor is \$265 (50 SF x \$5.00/SF = 250; plus 6% tax). Since the sidewalks to be repaired are the entrance and exit to our parking lot, we are requesting that they be repaired separately so that the owners can get in and out of the parking area.

Please get the approval required by the City of Ft. Lauderdale and send us a bill for the repair work. Thank you.

Eileen Helfer, President, Harbor Haven

Hello Khant,
Please go ahead with the repairs needed. Let us know when they will schedule the work to be done.
Thank you,
Angela
