This site, comprised of 10 lots, is currently vacant land on the western side, and a small vacant lot and 3 businesses on the eastern side. It is being developed as a seven-story multiple use project that includes multifamily residential units and social service residential facilities (SSRF), together with other amenities and supportive functions that include a club floor, food services, beauty salons, a health and fitness center, administrative and marketing offices, ground floor office and retail space, and two (2) half-floors of parking to provide maximum active exterior use for the design.

An Easement Deed, recorded in OR 33426-1725, BCR, was dedicated to the City of Fort Lauderdale for right-of-way, utilities, and the right to provide service to maintain, repair and replace and have access to City facilities or infrastructure on the property or said right-of-way and utilities, and all other public purposes as Grantee may deem necessary over, along, in, above and under that certain parcel described is in said deed. This utility easement exists along the north 15' of Lot 16, Block 4, as recorded in Plat Book 1, Page 182, DCR, (copies provided) encumbering the middle of the site, and will no longer be needed for access or utilities once the site is developed. (A colored exhibit and copies of the recorded documents are provided for your use and clarification.) We respectfully request to vacate the 15-foot easement deed in order to fully develop this project. Per the required utility letters, they do not object to our request to vacate this easement, providing we relocate, replace, or remove the facilities on site at our cost, and provide any new easements as necessary to provide service to our site or any existing adjacent properties.
