III. Action Item: Diwali Holiday Lighting – Early Installation Funding – Chair Lisa Namour

The City is planning to install holiday-style lighting on palm trees in the LOOP earlier as in past years for the Diwali Festival of Lights event. Funding support from the BID (Beach Business Improvement District) is requested to help cover the additional maintenance and insurance costs for the early installation.

The BID funded this last year at a cost of the \$4,950. Additional points made:

- Increased lighting on the beach is a safety and visibility benefit beyond the celebration.
- The Diwali event helps draw people to the area.

Motion by Ms. Lee, seconded by Mr. Torres, to approve funding not to exceed \$6,000. The motion passed unanimously by voice vote.

IV. Action Item: Marketing & Website Contract Renewal – Chair Lisa Namour

The City Committee Members discussed the potential renewal of the final one-year term of the Brand Advocates contract, which is set to expire on October 31, 2025. If approved, this renewal would extend the contract through October 31, 2026. . The contract includes a \$5,700 monthly retainer and a \$25,000 allowance, totaling \$93,400 annually.
