  - e. Section 633.202, Florida Statutes, relating to the Florida Fire Prevention Code

The provisions as indicated above constitute exemptions as provided in Section 166.041(4)(c), Florida Statutes. Should any such exemption be applicable, then the provisions found in Section A below are not applicable.

# CITY OF FORT LAUDERDALE BUSINESS IMPACT ESTIMATE

Rev: 2 | Date: 8/23/2024

## Section A

1. **Summary of the proposed ordinance, to include the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the City.**

The proposed ordinance revision includes new and modified definitions for types of vehicle for hire services, defining vehicle for hire operational standards, and establishes an administrative application process and cost-recovery application fee structure.

2. **Estimate of direct economic impact of the proposed ordinance on private, for-profit businesses in the City.**

- a. **Estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted.**

A business operating a vehicle for hire service defined as a "rental car with chauffeur or sightseeing vehicle" will be required to remit an initial application fee of \$151.00 or a renewal application fee of \$100.00 annually. All other application fees have been established in this ordinance prior to this proposed modification.

- b. **Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible.**

The proposed amendment will establish an initial application fee of \$151.00 and a renewal application fee of \$100.00 for vehicle for hire services operating services defined as a "rental car with chauffeur or sightseeing vehicle."

- c. **An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.**

All proposed and existing fees associated with vehicle for hire services are cost-recovery. Permit fees are determined by the number of vehicles proposed to be operated by the business and are collected as part of the local business tax.

3. **Good faith estimates of the number of businesses likely to be impacted by the proposed ordinance.**

The proposed amendment will effect six businesses currently permitted as a rental car with chauffeur should they renew their permits and business tax records in fiscal year 2026. Future businesses impacted cannot be determined at this time.

4. **Any additional information the City may deem to be useful.**
