Benefit Review Document

We have reviewed City of Fort Lauderdale's medical plan designs and matched as closely as possible to our Aetna Choice POS II and Aetna Choice POS II with Healthfund HRA plans.

We have listed here those benefit design features that we cannot administer exactly as requested. Where benefits are not specified, we have assumed Aetna's standard benefit provisions will apply. We have assumed Aetna's standard claim policies, schedule frequencies, definitions, limitations and exclusions will apply unless otherwise noted. For additional details please refer to the proposed plan design summaries within this section of the proposal response.

All plans and benefits are subject to and governed by applicable contracts, policies and government regulations. The information herein is believed to be accurate as of the date of submission and is subject to change without notice. All benefits of the plan are subject to coordination of benefits and the terms (including exclusions) of the Agreement.

These plan reviews are based on a self-insured contract. Plan features and product availability are subject to federal requirements as applicable.

Clarifications

~~This review may not reflect the impact of all of the newly passed health care reform legislation, nor the regulations that will be issued to clarify and implement the law. Certain provisions of the law and forthcoming regulations may have a material impact on this review.

~~Aetna standard Precertification guidelines will apply. (Case Management coordinated by Aetna)

~~Infertility- Diagnosis and treatment for underlying cause is covered.

~~Maternity is payable the same as any other covered expense as part of the negotiated global fee, which includes the delivery and all routine prenatal and postpartum visits. We will split the global maternity fee as appropriate and pay prenatal at 100%, no deductible/no copay as required by PPACA. If the initial visit is not billed as a prenatal visit, which most initial visits are not, the applicable office visit copay will apply.

~~TMJ Surgical will be treated same as plans cost sharing for surgery based on place of service.

~~Organ Transplants care administered by the National Medical Excellence, Institutes of Excellence

Benefit Review Document

~~Organ Transplants Transportation \$10,000 maximum: The recommended standard benefit is Travel & Lodging \$10,000.00 per episode of care. The maximum reimbursement for lodging expenses is up to \$50.00 per person, per night, subject to the overall maximum listed above.

~~Aetna will achieve full compliance with Patient Protection and Affordable Care Act. This review may not reflect the impact of all of the newly passed federal PPACA legislation, nor the regulations that will be issued to clarify and implement the law. Certain provisions of the law and forthcoming regulations may have a material impact on this review.

~~Aetna will include the following preventive services for benefit counseling in accordance with PPACA requirements which include:

~Obesity Preventive Counseling: - Age 0 - 22 unlimited visits; Ages 22 and over, 26 visits per 12 months, of which up to 10 visits may be used for Healthy Diet Counseling;

~Tobacco Preventive Counseling - Smoking/Tobacco cessation preventive counseling limited to 8 visits per 12 months & Alcohol Preventive Counseling - Alcohol/Drug Abuse preventive counseling limited to 5 visits per 12 months.

GENERAL PROVISIONS

Dependents Eligibility Spouse, children from birth to age 26 regardless of student status.

Plans are provided by: Aetna Life Insurance Company. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

The following is a list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents.
- Cosmetic surgery, including breast reduction.
- Custodial care.
- Dental care and dental X-rays.
- Donor egg retrieval.
- Experimental and investigational procedures, except for coverage for medically necessary routine patient care costs for members participating in a cancer clinical trial.
- Hearing aids
- Home births
- Immunizations for travel or work, except where medically necessary or indicated.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services, including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents.
- Long-term rehabilitation therapy.
- Non-medically necessary services or supplies.
- Orthotics except diabetic orthotics.
- Outpatient prescription drugs (except for treatment of diabetes), unless covered by a prescription plan rider and over-the-counter medications (except as provided in a hospital) and supplies.
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies or counseling or prescription drugs.

- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a licensed pharmacy subsidiary of Aetna Inc., that operates through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacy's cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.

GENERAL PROVISIONS

Dependents Eligibility Spouse, children from birth to age 26 regardless of student status.

Plans are provided by: Aetna Life Insurance Company. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

The following is a list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents.
- Cosmetic surgery, including breast reduction.
- Custodial care.
- Dental care and dental X-rays.
- Donor egg retrieval.
- Experimental and investigational procedures, except for coverage for medically necessary routine patient care costs for members participating in a cancer clinical trial.
- Hearing aids
- Home births
- Immunizations for travel or work, except where medically necessary or indicated.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services, including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents.
- Long-term rehabilitation therapy.
- Non-medically necessary services or supplies.
- Orthotics except diabetic orthotics.
- Outpatient prescription drugs (except for treatment of diabetes), unless covered by a prescription plan rider and over-the-counter medications (except as provided in a hospital) and supplies.
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies or counseling or prescription drugs.

- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a licensed pharmacy subsidiary of Aetna Inc., that operates through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacy's cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED

FUND FEATURES	
HealthFund Amount	\$750 Employee \$1,500 Family Amount contributed to the Fund by the employer Fund amount reflected is on a per calendar year basis. The fund received may be prorated based on your effective date of coverage.
Fund Coinsurance	100% Percentage at which the Fund will reimburse
Fund Administration	The Fund will be used to pay for your member responsibility, including your deductible and coinsurance. Once the deductible is met, the underlying medical plan provides coverage and if a Fund balance still exists, the Fund will pay your member responsibility (i.e. your share of coinsurance) until the Out of Pocket Maximum has been reached or the Fund has been exhausted, whichever comes first. Services covered at 100% with no deductible will be paid by the plan and not by the Fund.
Employee Termination from Your HealthFund	Any remaining HealthFund benefit amount is forfeited (or terminated) when the employee's healthFund coverage terminates.
Fund Rollover	Any remaining HealthFund benefit amount at end of the plan year is rolled over into next years HealthFund benefit amount.
Eligible Fund Expenses	Fund covers same expenses as the medical plan. Expenses above the Reasonable & Customary limit, any plan limits, and any non covered expenses are not eligible for reimbursement under the Fund.
Fund Payment/Assignment	Network Providers: Automatic Assignment to provider.
Pro-ration for New Employees	Monthly
Pro-ration for Family Status Change	No pro-ration. Change to new tier based on new employee status.
Prescription Drug Plan	Prescription Drug expenses are integrated with the medical plan (i.e., subject to medical Deductible and applied towards the medical Out-of-Pocket Limit) and with the Fund (i.e., eligible for reimbursement from the Fund).

PLAN FEATURES	IN-NETWORK	OUT-OF-NETWORK
Deductible (per calendar year)	\$2,000 Individual \$4,000 Family	\$2,000 Individual \$4,000 Family
All covered expenses accumulate separately toward the preferred or non-preferred Deductible. Unless otherwise indicated, the deductible must be met prior to benefits being payable. Member cost sharing for certain services, as indicated in the plan, are excluded from charges to meet the Deductible. Pharmacy expenses apply towards the Deductible. Once Family Deductible is met, all family members will be considered as having met their Deductible. There is no Individual Deductible to satisfy within the Family Deductible.		
Member Coinsurance	10%	30%
Applies to all expenses unless otherwise stated.		
Payment Limit (per calendar year)	\$5,000 Individual \$10,000 Family	\$5,000 Individual \$10,000 Family
All covered expenses accumulate separately toward the preferred or non-preferred Payment Limit.		

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED

Only those out-of-pocket expenses resulting from the application of coinsurance percentage, copays, and deductibles (except any penalty amounts) may be used to satisfy the Payment Limit.

Pharmacy expenses apply towards the Payment Limit.

The family Payment Limit is a cumulative Payment Limit for all family members. The family Payment Limit can be met by a combination of family members; however no single individual within the family will be subject to more than the individual Payment Limit amount.

Lifetime Maximum		
Unlimited except where otherwise indicated.		
Primary Care Physician Selection	Optional	Not Applicable
Certification Requirements -		
Certification for certain types of Non-Preferred care must be obtained to avoid a reduction in benefits paid for that care. Certification for Hospital Admissions, Treatment Facility Admissions, Convalescent Facility Admissions, Home Health Care, Hospice Care and Private Duty Nursing is required - excluded amount applied separately to each type of expense is \$400 per occurrence.		
Referral Requirement	None	None
PREVENTIVE CARE

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA HEALTH INSURANCE COMPANY - SELF-FUNDED

GENERAL PROVISIONS

Dependents Eligibility - Spouse, children from birth to age 26 regardless of student status.

**We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out of network, your health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, we limit the amount it will pay. This limit is called the "recognized" or "allowed" amount.

- For doctors and other professionals the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.
- For hospitals and other facilities, the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your plan "recognizes." Your doctor may bill you for the dollar amount that we don't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit our website.

Plans are provided by: Aetna Health Inc. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA HEALTH INSURANCE COMPANY - SELF-FUNDED

The following is a list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents.
- Cosmetic surgery, including breast reduction.
- Custodial care.
- Dental care and dental X-rays.
- Donor egg retrieval.
- Experimental and investigational procedures, except for coverage for medically necessary routine patient care costs for members participating in a cancer clinical trial.
- Hearing aids
- Home births
- Immunizations for travel or work, except where medically necessary or indicated.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services, including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents.
- Long-term rehabilitation therapy.
- Non-medically necessary services or supplies.
- Orthotics except diabetic orthotics.
- Outpatient prescription drugs (except for treatment of diabetes), unless covered by a prescription plan rider and over-the-counter medications (except as provided in a hospital) and supplies.
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies or counseling or prescription drugs.
- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery and Aetna Specialty Pharmacy refer to Aetna Rx Home Delivery, LLC and Aetna Specialty Pharmacy, LLC, respectively. Aetna Rx Home Delivery and Aetna Specialty Pharmacy are licensed pharmacy subsidiaries of Aetna Inc. that operate through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery and Aetna Specialty Pharmacy may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacies' cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.

Formulary generic FDA - approved Women's Contraceptives covered 100% in network.

GENERAL PROVISIONS

Dependents Eligibility - Spouse, children from birth to age 26 regardless of student status.

****We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.**

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out of network, your health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, we limit the amount it will pay. This limit is called the "recognized" or "allowed" amount.

- For doctors and other professionals the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.
- For hospitals and other facilities, the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your plan "recognizes." Your doctor may bill you for the dollar amount that we don't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit our website.

Plans are provided by: Aetna Health Inc. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA HEALTH INSURANCE COMPANY - SELF-FUNDED

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

The following is a list of services and supplies that are generally *not covered*. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents.
- Cosmetic surgery, including breast reduction.
- Custodial care.
- Dental care and dental X-rays.
- Donor egg retrieval.
- Experimental and investigational procedures, except for coverage for medically necessary routine patient care costs for members participating in a cancer clinical trial.
- Hearing aids
- Home births
- Immunizations for travel or work, except where medically necessary or indicated.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services, including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents.
- Long-term rehabilitation therapy.
- Non-medically necessary services or supplies.
- Orthotics except diabetic orthotics.
- Outpatient prescription drugs (except for treatment of diabetes), unless covered by a prescription plan rider and over-the-counter medications (except as provided in a hospital) and supplies.
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction or inadequacies, including therapy, supplies or counseling or prescription drugs.
- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Aetna Rx Home Delivery and Aetna Specialty Pharmacy refer to Aetna Rx Home Delivery, LLC and Aetna Specialty Pharmacy, LLC, respectively. Aetna Rx Home Delivery and Aetna Specialty Pharmacy are licensed pharmacy subsidiaries of Aetna Inc. that operate through mail order. The charges that Aetna negotiates with Aetna Rx Home Delivery and Aetna Specialty Pharmacy may be higher than the cost they pay for the drugs and the cost of the mail order pharmacy services they provide. For these purposes, the pharmacies' cost of purchasing drugs takes into account discounts, credits and other amounts that they may receive from wholesalers, manufacturers, suppliers and distributors.

Footnotes:

¹ MedQuery[®] must be purchased in conjunction with Aetna Health ConnectionsSM Disease Management and PHR

² Requires the purchase of Aetna Health ConnectionsSM Disease Management

³ Physician messaging included at no additional charge with the purchase of Aetna Health ConnectionsSM Disease Management

⁴ Included at no additional charge with the purchase of Personal Health Record

⁵ Requires the purchase of MedQuery[®] and Personal Health Record

⁶ Teladoc - In addition to the per member per month administrative fee as outlined above, there is also a \$3 per consultation and \$40 per Teladoc consult claim charge which are all charged through the claim wire.

⁷ At this time we are only able to integrate with Medco/ESI, Catamaran (HSA only), and CVS/Caremark. Additional charges may apply to accommodate alternative third party PBM vendors.

⁸ This buy-up option provides flexibility to tier benefits, offering different levels of co-insurance and shifting out of pocket costs to the member when IOQs are not utilized thus encouraging use of IOQs. Members will have a higher benefit when selecting care at a facility designated as an IOQ. It is this benefit differential enhancement for which we will apply a charge.

⁹ Wellness Premier program - part of the Wellness Guarantee must be purchased as a bundle as part of the guarantee.

¹⁰ Newwtopia - Aetna has partnered with NewtopiaTM to provide a personalized wellness program to employees (and eligible dependents, if desired) which is focused on obesity, the most common risk factor in metabolic syndrome. Customers must have a Biometric (testing for waist circum or BMI AND one other risk factor) or Metabolic Screening results from a screening vendor (Quest or non Quest).

¹¹ Requires the purchase of MedQuery[®], PHR, Online DM, and Member Health Engagement Plan

Thank you for the opportunity to provide EAP and Worklife services
through *Aetna Resources For Living*

Our EAP product, Aetna Resources For Living, meets the unique needs of your organization. We provide support for the everyday concerns that can keep people from being their best on the job and within their personal lives.

Exactly how do we stand out?

We provide 16 million people the resources they need to face personal, financial, or some other challenge. We do so with advanced technologies and clinical expertise including a:

- Telephonic system that measures the effectiveness of each counseling session
- Mobile app that gives helpful tips and articles on over a thousand different topics
- Website with more than one million resources
- Wellness portal to help employees with mild or moderate depression and anxiety
- Benefit customized to meet *your need*

With more than a quarter century of experience in EAP, our experts provide more than just a quick fix. They provide the opportunity for real long-term change.

We meet members where they are

Mental illness and substance abuse cost employers an estimated \$100 billion annually in indirect costs. *EAP serves as the foundation for mental health and wellness.*

By actively listening to what your employees say each time they call, we are able to connect them to the resources they need to move forward.

When our members call us, we take both a conversational and practical approach. We begin each call by asking how we can help and listening to what the individual has to say. Active listening helps us uncover all of the ways we can help meet their goal or overcome their challenge. We go beyond emotional support to connect our members with the resources, tools and support to help them get where they need to go.

This is the Aetna Resources For Living difference.

We do this through phone, web and face-to-face resources that include:

- Seamless integration with other benefits
- 24-hour access to licensed, Master's-level clinicians
- A national network of more than 57,000 counselors near where your members live and work
- Clinical tools to help improve emotional well-being
- Tools to combat the loss of productivity and promote early/effective treatment of alcohol and substance abuse
- Optional international services for more than 200 countries and territories

We have experts ready to help employees, supervisors, family members, and the organization.

Let us know how we can help.

Employee Assistance Program

Our EAP services support the real-world challenges that our members are facing today. We provide resources and support for all areas of a person's life: career, family, physical health, mental health and community.

We base our philosophy on the science of resiliency. How do you bounce-back from a life setback like a job loss or the end of a relationship? Drawing on years of experience in behavioral health, our experts provide more than just a quick fix, but the opportunity for real long-term change.

We offer a full continuum of care: from the traditional assess-and-refer model to a telephonic coaching model with reportable outcomes. Select the model that best fits your workforce.

Real solutions for real life

We offer goal-focused counseling to address the presenting issue. Whether the issue pertains to behavioral or physical health, substance abuse, legal or financial matters, a worklife challenge or any combination, we can help. The type of service and its duration depends upon several factors, including:

- Type of presenting problem
- Severity and length of symptoms
- Risk of harm
- Other complicating factors

We have found that the EAP can resolve 80 percent of all issues. A referral to the health plan or community resources may resolve the remaining 20 percent.

The flexibility of our short-term counseling ensures all employees and eligible household members receive appropriate counseling and avoid the unnecessary use of health insurance benefits. This saves both the member and the organization time and money.

Telephonic consultation and referral

From the first call, we connect the member to the resources for their individual need. Members have unlimited confidential telephone consultation for any issues limiting the member's personal and professional effectiveness. Members can access this 'in the moment' telephonic support and consultation or we can refer them to a face-to-face provider, if appropriate.

The initial assessment includes:

- Basic demographics
- Assessment of presenting request/issue
- Assessment of imminent risk
- Referral

If a member requests a clinical consultation, or we determine that there is risk, we refer the member to a clinician who provides immediate support, assessment and referral. We have licensed, Master's-level clinicians available 24 hours per day, 365 days a year.

The clinician works with the member to arrange the necessary counseling services. If there is a need for higher level of care, we assist with placement, coordinating with the medical or behavioral health carrier, to ensure the appropriate level of care. If a member exhibits signs of acute mental illness or poses a risk to self or others, we provide the services necessary through immediate assistance and referral to behavioral health benefits.

We take steps to ensure that the member is safe and provide appropriate referrals and follow-up.

Face-to-face counseling

We provide access to one of the largest EAP/mental health provider network for face-to-face counseling. All network providers are licensed and we credential using the highest industry standards. We monitor regularly to maintain that credentialing. When face-to-face services are appropriate, we identify a local provider to meet the specific need and any other specifications, such as location, gender and language.

Our EAP network includes providers with specific expertise in home and work-related issues and includes over 57,000 EAP and 150,000 behavioral health providers. We offer the member a choice of several providers that includes:

- Social workers
- Licensed professional counselors
- Marriage and family therapists
- Master's- level psychiatric nurses
- Psychologists

If requested, the EAP clinician will schedule the appointment on behalf of the member.

Tele-video

Tele-video sessions are available to members who have a face-to-face EAP benefit. The member easily accesses this by calling the dedicated EAP line. Members may receive their sessions face-to-face, through tele-video, telephonically, or in some combination of these. Tele-video may not be appropriate for everyone in all situations. We will assess each request using the American Telemedicine Association guidelines to assure uniform, quality care, and safety.

Onsite training services

We provide a wide range of training to introduce managers and employees to their benefit or to expand on specific needs you may have. We provide training in-person, telephonically, or through the web.

Our goal is to take a fresh look at typical topics, such as stress and change management, and make those trainings more engaging and relevant.

Our training and curriculum specialists create and maintain a library of presentations. Topics include:

- Unplug to Recharge
- Adopting a healthy lifestyle
- Stress Management at Work
- The Power of Positive Thinking
- The Work and Home Balancing Act
- Fighting the Stigma of Mental Illness

Outcomes Measurement Tools

Our goal is to enhance the lives of our members and their families both on the job and within their life outside of work. Our systems, tools and service delivery approach help our team proactively engage and identify solutions that will improve your employee's overall well-being.

Increased engagement through our proprietary SIGNAL system

One of the tools we use to assess our impact is Aetna Resources For Living's innovative SIGNAL® System. SIGNAL helps us proactively assess an individual's distress level. We use the data to engage the member and to help determine the most appropriate services for that individual. When a member has multiple sessions, this data helps determine if the services are improving their distress levels and whether other services may be necessary. With support of the SIGNAL system, we can report results back to the member and the client that what we are doing is working.

How does it work?

During each clinical consultation, we ask a series of four questions and record the scores. These questions relate to the caller's level of distress and global functioning.

As we add data, session by session, a clear picture of the effectiveness of treatment emerges. The system incorporates the data into a predictive modeling assessment, as well as an outcomes measure.

We can adjust the plan or services in real time to improve the likelihood of success. Adjustments may include a change in technique or treatment modality, switching to a different counselor, or changing session frequency.

The SIGNAL system identifies when an intervention is not required or is not working. It flags the level of distress as well as how well the member is engaged in the counseling/coaching process. SIGNAL provides our clinical staff ongoing and real-time indicators specific to the intensity and pace of intervention that is necessary. This system offers a state of the art platform for focus and accuracy in addressing emotion, thinking, and feeling. It helps us deliver highly effective behavioral change interventions.

SIGNAL Results

65% of members served presented moderate to severe distress

After multiple sessions, 77% report improvement in their emotional well-being

....and their level of overall well-being improved by 16% on average.

Our Aetna Resources For Living experience is rated a 9.46 out of 10 by those who've used our service.

Aetna Resources For Living Data Analytics 2014 for members with multiple sessions

Screening and brief intervention

We use Screening and Brief Intervention (SBI) techniques in our EAP practices. The Audit C, an evidence-based screening tool, helps us identify members who have hazardous alcohol use patterns. SBI has a proven record of effectively helping people to reduce hazardous drinking.

We use motivational interviewing techniques and give members relevant educational health information. We encourage them to identify and consider behavioral options that will reduce their risk of experiencing the physical, emotional, social, and occupational consequences that can be associated with hazardous drinking. Hazardous drinking behavior is associated with:

- Higher medical costs
- Increased use of leave and disability cases
- Accidents
- Presenteeism and other costs borne by the workplace

Measuring the impact*

- 89% agreed to screening
- 22.6% at high risk
- 78% of at risk members agreed to clinical follow up
- 72% set up an appointment with counselor

Work limitations questionnaire

We have a purchase agreement with Tufts University, Center for Health Research, for the use of the Work Limitations Questionnaire (WLQ). The WLQ is an easy to use questionnaire that measures the degree to which employees experience limitations on the job due to health-related issues. This tool helps measure the employee's time management, physical demands, mental-interpersonal demands and output demands.

We measure results on four scales. We can then convert the WLQ scores into estimates of:

- Productivity loss
- Measurement of absenteeism
- Use of sick time
- Job performance

We administer the WLQ two times:

- Baseline at the point a member calls EAP and we identify the member to be in moderate or severe distress
- Approximately 60 days later, presumably after EAP treatment is complete

Measuring the impact*

- **14%** reported improvement in time management
- **16%** reported improvement in mental/interpersonal wellbeing
- **14%** reported improvement in output

* Source: Aetna Resources For Living WLQ Data Analytics 2014

*myStrength helps
your employees
with mild or
moderate
depression and
anxiety*

Aetna Resources For Living provides new and innovative ways to improve the emotional and overall well-being of your employees. We provide myStrength, a unique online emotional wellness portal. It can help your employees with mild or moderate depression and anxiety.

Like a health club for the mind, myStrength offers practical ways to improve emotional and overall well-being including:

- Personalized eLearning programs
- Simple tools
- Daily motivation and inspiration
- Step-by-step interactive programs
- Clinically based online modules
- Mood tracker
- Thousands of articles and tips
- Structured steps
- Focused guidance
- Daily reminders of simple steps to feel better

Support for your employees

myStrength engages users with interactive tools. We refresh content every day to help create meaningful and lasting change.

Through a link to myStrength on our website, members can sign up online for their personalized account, create a personal profile and fill out a quick assessment. Then they can start boosting mind, body and spirit right away.

They can take the free app for a test drive, too.

Organizational Development

We offer unique services to your administrative, management and executive levels through our Organizational Risk Management Center (ORMC). With the ORMC, your managers are never alone. This center dedicated to management issues offers immediate access to management consultants — experienced, licensed, Master’s-level clinicians who are available to consult on such issues as:

- Performance concerns
- Inappropriate behavior
- Alcohol or drug violations
- Emotional instability

Crisis resources and support

A crisis is any occurrence in which a person or group experiences a trauma. This may be an unexpected and unnatural event where employees feel overwhelmed by a sense of personal vulnerability and/or lack of control. The ORMC staffs the experts who will provide crisis response services and support. Examples include:

- Natural disasters
- Serious workplace accidents
- Hostage situations
- Violence in the workplace

Crisis response services can prevent personal trauma, reduce disability claims and quickly return an organization to a normal level of functioning.

Management consultation

The ORMC provides a telephonic resource for managers, supervisors, and human resources professionals to assist in identifying and resolving workplace issues and promoting a productive workforce. Issues may include:

- Employee personal and family issues
- Behavioral health concerns
- Workplace conflict
- Workplace crisis and other disruptions
- Substance abuse
- Threats of violence
- Employee performance concerns

Our ORMC provides you with the tools to increase employee productivity, retain and develop top talent, and decrease workplace inefficiencies.

Worklife Balance

Helping to balance work and personal lives

Aetna Resources For Living is pleased to offer our telephonic worklife program to your employees and their household dependents. Worklife services help our members live healthier, more productive lives. Our worklife consultants help with the “everyday stuff” — the barriers that sometimes get in the way of achieving one’s health, hopes and goals. We provide unlimited one-on-one assistance for any life stage and a wide range of household needs and personal goals.

Most people juggle a myriad of tasks associated with daily living, from household chores to caring for aging parents. For many, tending to those duties can spill over into work and leisure time. This may result in lost productivity and absenteeism as well as an interruption to the individual’s pursuit of his or her own goals and well-being. Healthy activities such as eating right or exercising are often among the first things lost to the time spent managing these stressors.

That’s where we can have the greatest impact. Our consultants work with your employees to find solutions and empower them to take charge of their own health and well-being. We provide them with tools and support, connecting them with a variety of resources, products and services.

Worklife consultant education and experience

Our worklife consultants have degrees in one or more of the following fields:

- Social work
- Psychology
- Counseling
- Early childhood education
- Gerontology
- Rehabilitation
- Social welfare

Many have a master's degree in their field and licensing in social work and have at least three years professional experience.

Our consultants are skilled listeners who provide individualized, comprehensive intake interviews and assessments. They are well versed in a wide range of resources and skilled at conducting customized research to locate the best possible solutions for worklife challenges.

The intake assessment

When a member calls with a worklife need, a consultant works with the member to identify the challenges at hand by asking questions to help define the problem. The consultant helps the member focus and develop an action plan. They prioritize their needs and provide education and information about options and resources that may be available.

Many times the caller feels overwhelmed and doesn't know where to begin. We help break the problem down into manageable parts. The consultant takes as much time as needed to understand the callers concerns. Together, they may come up with options the member hadn't been aware of before.

With one call, an employee who has a pressing need while at work can be relieved of the immediate worry of home or family issues. They can then focus on getting back to work, calmed by the worklife consultant's support and confident that a professional is researching resources to address their specific need. The consultant assures the member that all information exchanged is strictly confidential and our referral services are free.

Calling and identifying worklife referrals

After the intake call, the worklife consultant begins identifying and calling resources — a task which would be distracting, time-consuming and stressful for the member to do on his or her own.

The consultant conducts a thorough search to locate services and regulated providers that match the member's request. They verify and confirm availability, eligibility guidelines and details about services. This could often be a very time consuming process. The consultant's knowledge and efficiency can save each member an average of seven hours of research.¹ The worklife consultant calls providers to:

- Verify the accuracy of the contact and regulation data
- Determine if the provider offers services that meet the needs of the member
- Determine if there is an opening when the member needs it

Often, the worklife consultant will call over 50 providers to find 3-5 that fit the caller's need. When the consultant pre-qualifies the provider as licensed, matching the employee's requirements and having an opening in the employee's timeframe, they provide the referral. We provide the referral within days of the request, or immediately in an urgent situation.

The referral may be phone, e-mail, fax and/or hard copy. Along with the referral, the worklife consultant may also provide articles and guidebooks to help the family with their worklife issue and making decisions about services.

¹ 2015 annual worklife member satisfaction survey results

Convenience services

Convenience services provide information and contacts to help meet members' everyday needs. From finding help at home to planning a night out, members can get fast, expert assistance.

As part of your core benefits, we will help your employees locate resources to assist with those day-to-day chores that can eat away at valuable time. For many, these services are more than just a convenience. They are necessary to maintain independence. Convenience services begin by addressing chores inside the home.

The focus is on services that keep surroundings functional, safe and hospitable for members and loved ones. Examples of home-based convenience services include referrals for:

- Home cleaning
- Lawn and landscape
- Appliance and electrical
- Home security
- Roofing and siding

Our services also enhance travel and entertainment including:

- Dining
- Entertainment
- Tourist and city
- Sports and recreation
- Shopping
- Travel

Members may access services through the self-service website or by calling to speak with a worklife consultant. Once the member or worklife consultant identifies the resource, the member makes their decisions and calls for reservations or to book an appointment.

Legal Services

Members receive 30-minute telephonic or face-to-face attorney consultations for a number of issues. There is a 25 percent discount with the attorney or mediator beyond the initial 30 minutes. Issues include:

- Domestic/family
- Civil, landlord/tenant
- Criminal
- Estate planning
- Immigration
- Motor vehicle and other similar issues

We cover mediation services in the same fashion. Members have access to “do-it-yourself” legal forms and document preparation. We also provide an easy-to-navigate website, which provides over 5,000 legal and financial forms and other tools.

FEATURE	BENEFIT	COVERED ISSUES
Telephonic or face-to-face attorney consultations	30 minutes per each new issue	Domestic/family, civil, landlord/tenant, criminal, estate planning, immigration, motor vehicle, etc.
After-hour telephonic attorney consultations	30 minutes per each new issue	Criminal, incarceration, DUI
Telephonic or face-to-face mediation consultations	30 minutes per each new issue	Domestic, contractual disputes, landlord/tenant, civil, real estate, collections, etc.
- Work related matters not covered - 25% discount with attorney or mediator beyond initial 30 minutes		
Do-it-yourself/assisted document preparation	10% off	Divorce Forms, estate planning forms, immigration forms, etc.
Free online will for all eligible dependents	Free and unlimited – available on website	Simple Wills, Power of Attorneys, Living Wills

We exclude matters involving disputes or actions between members and their employer, customers, agents or their officers, directors or members from this plan. We also exclude matters that, in the attorney’s opinion, lack merit.

Financial Services

Members receive 30-minute telephonic financial consultations for a number of issues. Staff financial counselors provide telephonic financial consultations for:

- Budgeting
- Credit and debt
- Retirement and college funding
- Buying vs. leasing and mortgages/refinancing
- Financial planning, and similar issues

We also include tax return assistance and consultations in the initial 30-minute session at no cost. If the member would like to have their tax return prepared by a CPA, the CPA discounts the normal hourly rate by 25 percent.

ID theft

A staff certified fraud resolution telephonic specialist provides a consultation up to 60 minutes for victims of identity theft.

FEATURE	BENEFIT	COVERED ISSUES
Telephonic financial consultations with staff financial counselors	30 minutes per each new issue	Budgeting, credit, debt, retirement, college funding, buying vs. leasing, mortgages/refinancing, financial planning
Telephonic tax consultations with staff CPA and Enrolled Agents	30 minutes per each new issue	Tax questions, tax preparation, IRS matters
Telephonic tax levy/garnishment resolution	30 minutes per each new issue	Tax levies and garnishments
Community services	Referral	United Way, Red Cross, etc.
A discount of 25% off standard tax preparation services		
Identity Theft		
Telephonic fraud resolution consult with staff Certified Fraud Resolution Specialist	Up to 60 minutes	Coaching and direction on prevention and restoring credit for ID Theft victims
Emergency Response Kit - sent by e-mail, mail or fax	Free to member, upon identity breach	Contact numbers, sample documents, instructions, etc.
Website		
Web-based information and tools	Free to member	Legal/financial forms, FAQs, financial calculators, Online Free Will service, etc.

Web Resources

Our website gives members the information they need to live healthy lives — all in one place, any time they need it. The website is a virtual library of thousands of articles, resources and new tools. It offers easy, online access to answers about family, health, time, money and management. We also offer concierge resources and discounts at a network of national vendors on the website. A Spanish language option is also available.

Please visit:

www.resourcesforliving.com

Username: aetnaeapmeddemo

On the website, it's easy to find information and self-directed resources to assist with child care, home health care, assisted living facilities, schools, colleges, health clubs, pet services and more.

- Child care resources - A searchable network of over a million providers that include attorneys, babysitters and childcare providers, schools and fitness centers. Topics include adoption, childcare, health and safety, grandparents, infancy, parenting, school-age children, starting a family, summer care and toddlers & preschoolers.
- College and education - Find information on financial aid, saving money, preparation tips for parents and students. Learn about school selection and tips for school-age children.
- Emergency preparedness - Download a Disaster Supply Kit Checklist, and find links to several organizations that can help.
- Military life - Read resourceful articles on deployment, returning home, and find additional resources.
- Pets - Visit the pets' sublinks to learn more on adopting pets, pet care and more.

- Worklife library – View the comprehensive library of worklife notes in the family, health, life and workplace links. Our experienced communications staff of Master's-level, licensed clinical social workers and therapists write all worklife notes.
- Online webinars – Watch the free weekly webinars on a variety of topics, from coping methods during our current economic state to healthy living and much more. We offer a monthly 1-hour webinar and shorter 30-minute webinars throughout the month.

LifeMart® discount services

Through LifeMart® discount services, your employees will save an average of 25 percent on over 3.5 million products. Employees and family members can shop online with ease for savings on everything from movie tickets and travel to electronics and major appliances.

LifeMart is a private shopping site available to members at work or home. Employees can save money and time while shopping. LifeMart provides:

- More than 3.5 million discounted products and services
- National and local discounts
- Deals you won't find elsewhere
- Friendly customer service available to help you

Savings are available on:

- Computers and electronics
- Theme parks
- Travel, car rentals and hotels
- Gifts and retail shopping
- Child and elder care products and services
- Movie tickets and video rentals

Mobile Phone Application

At Aetna Resources For Living, we are always looking for ways to make life a little simpler for our members. We understand that finding the time to make a phone call can sometimes be a challenge and so we offer support through Aetna Resources For Living Mobile App.

Our mobile app is just another way that we provide the tools and services our members need — on their schedule.

Members can install the app today

Our mobile app is available on iPhone and Android smart phones in the Apple App Store and the Google Play Store.

Healthy tips are just a click away

With the demands of work, family and friends — your employees are always on the go.

With our mobile app, members always have access to:

- Instant tips to improve mood — Rate their day and get a personalized response to help feel better or continue feeling great
- Practical pointers for managing stress and anxiety — Learn more about what causes stress, do some relaxation exercises or even manage stress at work
- Critical work-life balance skills — Learn new lifestyle management and self-help tips and get ideas for better time management
- Contact form — Contact us to access all their Aetna Resources For Living benefits at their convenience

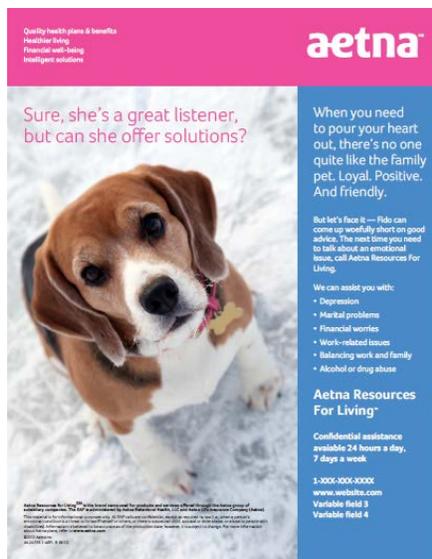

Communications

We know how important it is for your employees to be aware of their EAP benefits. In short, if they do not know about them, they will not use them. We communicate in a unique way that promotes members' views of EAP offerings as improvement-related, rather than problem-related. We shift the old perception of EAP as a service that only responds during a crisis to positive, proactive, anytime assistance to improve an individual's life. Communication materials emphasize that members can use our resources in multiple ways to assist with day-to-day health and wellness concerns.

With this in mind, we encourage your employees to use their EAP program as a proactive tool to achieve well-being. Our goal is to provide the support your employees need to be resilient and adaptable to life's everyday challenges.

How do we do it? We speak to your employees the way we speak to our loved ones: Simple and clear. Honest and optimistic. We speak to a diverse generation — and everyone deserves a personalized approach.

As a part of our commitment to the success of your program, we gear all communication strategies toward specific demographics and needs. We target materials for orientations, health fairs, or web-enabled workshops on behavioral health, health solutions and worklife topics, and provide immediate and long-term impact for your employees, supervisors and their families.

Some of the channels we have available include:

- Monthly e-bulletin communications
- Topical articles
- Posters
- Web-site links

Our key service sheets are available to your employees as well – EAP Overview, worklife services, financial services, legal services and identity theft.

Let's work together to determine the promotional programs and services best suited to meeting your needs.

Resilience

Resilience comes from the Latin word *resilo* – to jump back. It's the ability to bounce back from adverse events and to adapt and succeed with whatever the path of life brings your way. Resilience really is the study of brain science and an understanding of how we change and adapt as humans. Successfully adapting to difficult or challenging life experiences is not genetic. We can learn how to be resilient. Resilient people:

- Overcome adversity
- Bounce back from setbacks
- Thrive under pressure
- Maintain emotional stability
- Maintain a positive outlook

At Aetna Resources For Living, this commitment to growth and change is our passion and mission. We incorporate this into all we do whether a member is accessing services over the phone or on the web. Our professionals help our members on their path to being resilient by:

- Assessing the level of member distress and engagement and meet members where they are in that moment
- Using motivational interviewing to uncover information that members would not necessarily think was relevant or important to share
- Identifying areas of focus – such as financial, physical health, and emotional/social – and provide specific assistance to meet the individual's goals and be the best they can be at home and at work
- Discussing resources that could help solve an issue or meet a goal and help the member choose services
- Recognizing symptoms early on, so that we can refer members to a behavioral health care professional as needed, based on their health benefits and insurance plan
- Increasing awareness of a member's own well-being and other programs available to them through Aetna Resources For Living and beyond

Our goal is to enhance the lives of our members and their families both on the job and outside of work. Promoting resilience is at the heart of our clinical model.

EAP Assumptions

- Prices assume no commissions or other fees payable to brokers or consultants
- Prices are guaranteed for three years from the effective date
- EAP services may be subject to regulation under the Knox Keene Act in the State of California. Aetna will adjust program documentation and procedures accordingly.
- Rates are dependent on employee population within 20% (+/-) of the quoted population
- A one-year minimum contract is required
- All employees, dependents and immediate household members are eligible for services
- Quoted rates are valid for 60 days
- Fee-for-service rates are per clinician

EAP Terms/Conditions

- Unlimited crisis response services, up to ten (10) hours per incident, are included in the EAP PEPM rate. Immediate services, downsizings, organizational changes, catastrophic natural disasters, and terrorism, or services beyond the ten (10) hour cap, are subject to the hourly rates below:
 - Standard services: On-site attendance response time in greater than two hours. \$250 per hour plus travel
 - Immediate services: On-site attendance response time in less than two hours. \$350 per hour plus travel
 - Reduction in force services: \$250 per hour plus travel
 - Travel and preparation expenses reimbursed at a flat rate of \$150 per location
- A bank of 10 of hours for training is included in the EAP PEPM rate. Fee for service rates apply outside this block of hours:
- Workplace seminars/brown bag training — General EAP and worklife training, including employee and supervisor orientation, provided in person, telephonically, or through the web - \$250 per hour plus travel.
 - Travel and preparation expenses reimbursed at a flat rate of \$150 per location. Trainings not scheduled consecutively, or when multiple topics are scheduled, may incur additional travel and preparation costs.
 - For webinars with more than 25 participants, an additional charge of \$50 applies for each additional 25 participants up to a maximum of 200 participants.
 - Standard training and education service does not include Department of Transportation (DOT) services.
- Cancellation fees
 - Crisis response or reductions in force: Failure to provide 24 hour notice of cancellation of Services which are excluded from the unlimited provision listed above which are subject to the hourly rate will result in a charge of \$375 per incident.
 - Trainings: Failure to provide three business days' notice of cancellation of a previously scheduled training program will result in a charge of \$375 per hour.

- Drug-Free workplace services:
 - Substance abuse case management by a substance abuse professional and/or Department of Transportation regulation compliance - \$750 per case
- Department of Transportation training: Alcohol and drug-free workplace training for supervisors to meet drug-free workplace regulations regarding drug and alcohol use and alcohol and drug-free workplace for employees' awareness training. Additional fees may apply to the base rate for DOT training. We assess these fees on a case-by-case basis. Fees are dependent upon travel expenses and class size (classes that exceed 50 participants).
 - DOT Supervisor Training - 2 hours at \$800
 - DOT Employee Training - 1 hour at \$400

For purposes of this document, Aetna may be referred to using 'we', 'our', or 'us' and City of Fort Lauderdale may be referred to using 'you' or 'your'.

We have made every effort to respond to City of Fort Lauderdale's request in a manner that reflects our existing and expected business practices for the period of January 1, 2017 continuing through December 31, 2019. If you decide to establish a business relationship with us, we'll send you a Letter of Understanding confirming agreed upon benefits, services and fees. Then you will need to enter into an administrative services agreement (the "Agreement") with us.

Fee Guarantee Period

We have provided a fee guarantee for each of the first three contract periods from January 1, 2017 through December 31, 2019 for the self-funded coverages included in this proposal (each, a "Guarantee Period"). The mature fees are guaranteed according to the per-employee, per-month fees as illustrated on the financial exhibit(s). Performance Guarantees are included.

Underwriting Caveats

Your pricing takes into account all of the multiple products, programs and services included in this proposal. We also assume the quoted products, programs and services will be in effect for the full 12 months of the plan year.

If any of the changes outlined below occur, we reserve the right to recalculate your guaranteed fees, using the Guarantee Period formulas. If this happens, you will be required to pay any difference between the fees collected and the new fees calculated back to the start of the Guarantee Period.

During the Guarantee Period we may recalculate:

1. If, for any product:
 - a. There is a 15 percent decrease in the number of enrolled employees in aggregate from our enrollment assumptions or from any subsequently reset enrollment assumptions.
 - b. The member-to-employee ratio increases by more than 15 percent. We have assumed a member-to-employee ratio of:
 - 2.41 for Aetna Choice POS II - HRA
 - 2.05 for Aetna Select Open Access

2. Maximum account structure exceeds 80units per product. Account structure determines the reporting format. During the installation process, we will work with you to finalize the account structure and determine which report formats will be most meaningful. Maximum total account structure includes Experience Rating Groups (ERGs), controls, suffixes, billing and claim accounts.
3. A material change in the plan of benefits is initiated by City of Fort Lauderdale or by legislative or regulatory action.
4. A material change in the claim payment requirements or procedures, claim fiduciary option, account structure or any other change materially affecting the manner or cost of paying benefits initiated by City of Fort Lauderdale or by legislative or regulatory action.
5. The National Advantage™ Program (NAP), Facility Charge Review (FCR) or Itemized Bill Review (IBR) programs are changed or terminated by City of Fort Lauderdale.
6. There are any changes to the Aetna programs and services offered to City of Fort Lauderdale.
7. City of Fort Lauderdale terminates any of our other products not addressed within this financial package including, but not limited to, Dental products, fully-insured Medical products, Group Life products, Group Disability products, Voluntary Products, and/or Pharmacy products.
8. City of Fort Lauderdale places the products and services included in this multi-year fee guarantee out to bid, this guarantee is nullified.
9. Legislation, regulation or requests of government authorities result in material changes to plan benefits, we reserve the right to collect any material fees, costs, assessments, or taxes due to changes in the law even if no benefit or plan changes are mandated.

If one or more of the circumstances identified above occurs, then the additional financial guarantees between us including, but not limited to, discount guarantees, rebate guarantees and claim-based performance guarantees may also be modified or terminated in accordance with the financial conditions contained in those documents.

We are relying on information from you and your representatives in establishing the fees and terms of this proposal. If any of this information is inaccurate and has an impact on the cost of the programs, we reserve the right to adjust our fees and terms upon the receipt of corrected information.

Allowances

- **Communication Allowance** – We are including a communication allowance of up to \$8,000 that may be used toward communication related expenses incurred during the January 1, 2017 through December 31, 2017 plan year. Expenses incurred in the prior year for the open enrollment of the January 1, 2017 to December 31, 2017 policy year will be reimbursed from January 1, 2017 to December 31, 2017 allowance. This provides the plan sponsor a budget or allowance of money from which they can draw to offset reasonable, identifiable expenses. The plan sponsor cannot draw on more than the amount of the allowance provided. The plan sponsor should only use the communication allowance to offset expenses it actually incurs as a result of moving their business to us or promoting new products with us. It can be applied to reimburse the plan sponsor for identifiable charges for the reasonable value of services performed. Some examples of the communication related expenses could be applied are:
 - Issuing of Summary Plan Descriptions (creating, printing, mailing)
 - Maintaining of subscriber/member records due to the transition of business
 - Handling of subscriber enrollment
 - Member communications (creating, printing, mailing)
 - System front-end charges.

Our preferred method of payment of communication related expenses is directly to the vendor. Payment will be made once the expenses are incurred and invoice(s) are provided. As an exception, in the event the plan sponsor requires we reimburse them directly we will require detailed paid receipts prior to payment of the communication allowance. Invoices must be submitted to us within 60 days following the close of the plan year. Should a customer terminate their policy with us, the allowance cannot be used to fund communication expenses related to the new carrier's policy.

A communication allowance of up to \$8,000 is available in both the second and third Guarantee periods. The allowance is forfeited at the end of each year if not fully utilized (it is not rolled over for a cumulative amount).

Any expenses beyond the communication allowance are the responsibility of the plan sponsor. Any balance of this allowance fund remaining at the end of the policy year will be forfeited. Note that any amounts paid by us to a plan sponsor to offset or reimburse that plan sponsor for expenses incurred as a result of contracting with us for benefits plan administration services will be paid in accordance with applicable law. We advise plan sponsors to determine appropriate account for these payments with their own counsel or accountant. Any plan sponsor receiving a communication allowance or other payments from us that offset or reimburse expenses that would otherwise be paid from plan assets should consult with their ERISA counsel to determine if such allowances must be credited to plan assets. They should also consult with counsel regarding the accounting or reporting of such payments. We assume the funding of any communication allowance is either at the request of your plan administrator acting in their fiduciary capacity to your plan or for the exclusive benefit of your plan.

- **Wellness Allowance** – We are including a wellness allowance of up to \$100,000 that may be used towards reasonable wellness services procured by you from third party vendors to pay for wellness-related expense(s) incurred during the January 1, 2017 through December 31, 2017 plan year such as wellness fairs, biometric screenings, onsite flu vaccinations, etc. These funds will be available as of the effective date of the period. Our preferred method of payment of wellness-related expenses is directly to the vendor. Payments will be made once the expenses are incurred and invoice(s) are provided. As an exception, in the event that you require reimbursement directly we will require detailed paid receipts prior to payment of the wellness allowance. Invoices must be submitted within 60 days following the close of the plan year, otherwise you forfeit the funds. Expenses must be for wellness-related programs or activities that are designed to promote the health and wellbeing of plan participants, or to educate participants about healthy lifestyles and choices. Acceptable documentation includes, but is not limited to:
 - Vendor invoice(s) summarizing level of work completed, hourly rate and hours spent; and
 - Invoices or other documentation summarizing any other miscellaneous expenses incurred (such as travel and other business expenses related to service rendered)

A wellness allowance of up to \$100,000 is available in both the second and third Guarantee periods. Please note, the allowance of up to \$100,000 is available for each year and is forfeited at the end of each year if not fully utilized (it does not get rolled over for a cumulative amount).

Any expenses beyond the wellness allowance are the responsibility of the customer. Any amounts (“Wellness allowance”) paid by Aetna to a plan sponsor to offset or reimburse such plan sponsor for any expense or cost incurred as a result of contracting with Aetna for benefits plan administration services, shall be paid in accordance with applicable law. You are advised to determine appropriate accounting for these payments with your own counsel or accountant. Any plan sponsor receiving a wellness allowance or other payments from us that offset or reimburse expenses that would otherwise be paid from plan assets, should consult with their ERISA counsel to determine if such allowance must be credited to plan assets, and for additional counsel regarding the accounting for reporting of such payments. We assume the funding of any wellness allowance is either at the request of your plan administrator acting in their fiduciary capacity to your plan or for the exclusive benefit of your plan.

Late Payment

If you do not provide funds on a timely basis to cover benefit payments as provided in the Agreement, and/or fail to pay fees on a timely basis as provided in such Agreement, we will assess a late payment charge. The current charges are:

- late funds to cover benefit payments (e.g., late wire transfers after 24-hour request): 12.0 percent annual rate
- late payments of service fees after 31 day grace period: 12.0 percent annual rate

We reserves the right to collect any incurred late payment charges through the claim wire on a monthly basis provided there is no other special payment arrangements in force to fund any incurred late payment charges. You will be notified by us in writing to obtain approval prior to billing any late payment charges through claim wire.

We will notify you of any change to late payment interest rates. The late payment charges described in this section are without limitation to any other rights or remedies available to Aetna under the Agreement or at law or in equity for failure to pay.

Underwriting Assumptions

- Our quotation assumes our standard Agreement provisions and claim settlement practices apply unless otherwise stated.
- The attached financial exhibit outlines the programs and services we offer.
- **Pricing and Underwriting Basis** – We have assumed that the proposed plan of benefits will be extended to the employee group(s) included on the census file that was submitted with the request for proposal. Our enrollment assumptions are shown on the attached financial exhibits. Our proposal assumes coverage will not be extended to additional employee groups without review of supplemental census information and other underwriting information for appropriate financial review.
- **Participation Requirement** – There is a minimum requirement of 250 enrolled employees for administration of the proposed products and services on a self-funded plan basis. However, any performance guarantee is contingent upon the total number of covered lives (i.e., the total number of City of Fort Lauderdale employees enrolled for coverage) outlined in our proposal.
- **Plan Design** – These products are offered subject to the terms of our Benefit Review Document.
- **Claim Fiduciary (Option 4)** – Our proposal assumes we will provide mandatory Level I (benefit review and determination of claims) and Level II (deciding appeals and final claims determination) appeals. We will also write the letter to the member to communicate the decision. We will defend any lawsuit originating during or after completion of the first two levels of appeal. You will act as claim fiduciary for all voluntary appeals after Level I and Level II appeals are exhausted. The fee included for this service assumes a member-to-employee ratio range of 2.01 to 2.30.
- We will provide mandatory Level I (benefit review and determination of claims) and Level II (deciding appeals and final claims determination) appeals and write the letter to the member to communicate the appeal decision. We will defend any lawsuit originating during or after completion of the first two levels of appeal. You will act as claim fiduciary for all voluntary appeals after Level I and Level II appeals are exhausted.
- **External Review** – We have included external review in our proposal. External review uses outside vendors who coordinate a medical review through their network of outside physician reviewers.

- **Non-ERISA** – For a non-ERISA plan, the risks and responsibilities are different from those under ERISA plans, since the ERISA preemption and ERISA standard of performance do not apply. Our charge for non-ERISA plans must take into account the additional liability risk as compared to known risks under an ERISA plan. An additional \$0.35 per-employee, per-month is charged for non-ERISA plans and has been included in our fees as shown on the financial exhibit(s).
- **Eligibility Transmission** – Our proposal assumes we will receive eligibility information weekly or biweekly, from your location(s) and/or by your designated vendor. Our preferred method of submission is via electronic connectivity. We do not charge for the first four Electronic Reporting (ELRs)/segments whether associated with one transmission or by multiple methods. Costs associated with more than four ELRs/segments or with any custom programming necessary to accept your eligibility information and/or information coming from a designated vendor are not included in this proposal and will be assessed separately. During the installation, we will review all available methods of submitting eligibility information and identify the approach that best meets your needs or the needs of your designated vendor.
- **Third-Party Audits** – We do not typically charge to recoup internal costs associated with a third-party audit. We reserve the right to recover these expenses if significant time and materials are required.
- **Mental Health/Substance Abuse Benefits** – Our quotation assumes that mental health/substance abuse benefits are included.
- **Additional Products and Services** – Costs for special services rendered that are not included or assumed in the pricing guarantee will be billed through the claim wire, on a single claim account, when applicable, to separately identify charges. Additional charges that are not collected through the claim wire during the year will either be direct-billed or reconciled in conjunction with the year-end accounting and may result in an adjustment to the final administration charge. For example, you will be subject to additional charges for customized communication materials, as well as costs associated with custom reporting, booklet and SPD printing, etc. The costs for these types of services will depend upon the actual services performed and will be determined at the time the service is requested.

Banking

We have assumed that you will provide funds through an ACH drawdown by Aetna wire transfer for issued under the self-funded arrangement assumed in this proposal.

Standard Banking: When paid claims have accumulated to more than \$20,000, in this arrangement, a wire request is sent to you and/or your bank requesting funds for the total paid claims from the previous days. For most customers, this will mean daily claim wire transfers. In addition, there will be a month end close out request on the first banking day of each subsequent month.

Alternate Weekly Arrangement: In place of the standard arrangement, we will request funds for paid claims on a specific day of the week [Monday through Friday/call on Friday]. In addition, there will be a month end close out request on the first banking day of each subsequent month.

We have assumed you will use no more than three primary banking lines which are shared across all self-funded products, excluding Flexible Spending Accounts (FSA). Additional wire lines and customized banking arrangements will result in an adjustment to the proposed pricing.

Compensation

The quoted fees do not include consultant compensation.

Disclosure Statement – We have various programs for compensating agents, brokers and consultants. If you would like information about compensation programs for which your agent, broker, or consultant is eligible; payments (if any) that we have made to your agent, broker, or consultant; or other material relationships your agent, broker, or consultant may have with us, you may contact your agent, broker, or consultant or your Aetna account representative. Information about our programs for compensating agents, brokers, or consultants is also available at www.aetna.com.

Billing Information

- **Advance Notification of Fee Change** – We will notify you of any fee change within 31 days of the fee change.
- **Claim Wire Billing Fees** – Claim wire billing fees refers to the portion of the total administrative expenses that will be charged through the claim wire as the services are rendered, and are subject to any future fee increases. These programs/services are excluded from the administrative fees as illustrated on the financial exhibit(s) and will not appear as part of the monthly billing statement.
- **Enhanced Clinical Review Program** – Our Enhanced Clinical Review Program can limit the financial impact of high cost radiology, facility based sleep studies, diagnostic cardiology and cardiac rhythm implant devices by coordinating information provided by the ordering doctor. The information is reviewed by board-certified physicians and registered nurses, to maximize savings on these high cost services. Our Enhanced Clinical Review Program is projected to reduce unnecessary utilization by approximately 12 to 15 percent. You will be charged a \$0.60 per-member-per-month (PMPM) fee through the claim wire on behalf of your subscribers and covered dependents for participation in this program under your PPO-based plan. The fee is only charged to those members who fall into service areas where the program is available.
- **NeoCare** – NeoCare SolutionsSM. (NeoCare) helps parents of children in the neonatal intensive care unit (NICU) by engaging, supporting, educating, and empowering parents to become confident caregivers while their child is in the NICU and at home. NeoCare uniquely combines our industry leading innovative mobile technology platform with NICU trained coaches. With simple access to an enhanced level of guidance, support and empowerment, covered parents may:
 - have a greater ability to safely get their baby home sooner
 - avoid unnecessary future readmissions
 - reduce workplace absenteeism

You will be charged a \$4,000 fee per baby through the claim wire when an eligible parent enrolls in the program. This enrollment and participation will provide parents with the following:

- A tablet – sent to parents if they do not currently have one available
- Access to program content and support
- Program access and coaching until the baby's first birthday

These fees are billed on a claim wire billing account and will be outlined on your monthly claim detail reports.

- Newtopia™ - has partnered with Aetna to provide a personalized wellness program to employees (and eligible dependents, if desired) which focuses on obesity, the most common risk factor in metabolic syndrome. The program is tailored to the individual's genetic profile related to obesity, appetite and eating behavior and is coupled with completion of a brief assessment and paired with live coaching (either online or via phone) to motivate and engage employees. Customers must have the following requirements:

Must have a Biometric (testing for waist circum or BMI AND one other risk factor) or Metabolic Screening results from a screening vendor (Quest or non Quest)

- High level of participation in metabolic/biometric screenings (e.g. above 40%).
- Access to member email addresses (either from Aetna or employer).
- Sees the value in a strong wellness culture and willing to make investments in weight management / obesity and metabolic risk reduction.

Which plan sponsors are eligible for Newtopia?

Plan sponsors that are a good fit for Newtopia should have the following customer attributes:

- Conducts metabolic or biometric screening that tests for BMI or waist circumference, plus one additional risk factor
- Relatively high level of participation in metabolic/biometric screening (over 40%)
- Access to majority of members' email addresses is required
- Has a population that is responsive to emails
- Strong culture and investment in wellness; focus on weight management / obesity and metabolic risk

Pricing - Newtopia has a three part pricing structure:

- A **\$130** fee per start-up kit sent to the member, which includes a genetic test, weigh scale and 2 months of service; and
- A Per Engaged Member per Month (PEMPM) fee:
 - a. In initial year (Achieve Phase) a **\$75** Per Engaged Member per Month starting in Month 3 of the program and every month thereafter, through Month 12.
 - b. In subsequent years (Elevate Phase) a **\$55** Per Engaged Member per Month starting in Month 13 of the program and every month thereafter, for individuals that achieve weight loss of 2.5% or greater. It will be the customer's decision if they want to continue the program to individuals that do not achieve 2.5% of weight loss.
- **\$3,500** annual charge to transfer Metabolic Screening data from Quest to Newtopia. **For any customer that implements in 2016 ONLY, Newtopia will cover the data charge. Customer will cover subsequent annual charges.** Any charges from a non-Quest vendor to pass Metabolic Screening data to Newtopia will be treated as a pass-through back to plan sponsors.

The Per Engaged Member per Month pricing starts in Month 3 (about 93% of people who enrolled.) The definition of engagement in any given month is by completing 1 of the following:

- member has logged eating 12 out of 28 days of the month
- member has logged exercise 12 out of 28 days of the month
- member has a coaching session, once per month
- member has completed a Newtopia challenge, once per month

Member tracks weight 8 times during the month, via cellular-enabled, digital scale provided by Newtopia

- **Aetna Oncology SolutionsSM** - This program can help you and your employees manage oncology costs and care. We're working with New Century Health (NCH), an oncology quality management company, to develop and manage this program.

How it can help your employees

It's access to highly personalized, quality and efficient care. And it puts your employees and their families on the most direct path to better health.

With our oncology management program, your employees can benefit from:

- Care that is based on nationally recognized clinical guidelines using evidence based criteria
- A team approach that works closely with a patient's physician to deliver quality patient care
- Physician to physician discussions on the optimal treatment plans for members
- Simplified administrative process, which means timely authorizations and claim payments

This program is for your employees who are 18 or older and diagnosed with cancer. It costs \$125 per month of active treatment which we'll recover through your claim wire. And it applies to patients undergoing chemotherapy for a maximum of five months per treatment cycle.

Unless we hear from you otherwise, the Aetna Oncology Solutions program will be included as part of our standard offering.

- **Teladoc** – Teladoc offers members access to quality, affordable care for routine common illnesses via telephonic and online video consultation. Telephonic consults are available in 48 states (not available in AR and ID), and video consults are available in 48 states (not available in AR and TX). Teladoc offers a low cost alternative to more expensive emergency room and urgent-care centers when the member's PCP is unavailable.

You will be charged \$0.21 in 2017; \$0.22 in 2018 and \$0.23 in 2019 PMPM plus a \$3 per consultation charge through the claim wire. These fees are billed to all medical members on a claim wire billing account and will be outlined on your monthly claim detail reports. There is also a \$40 claim charge for each Teladoc consultation paid to the provider through claim wire after consideration of member cost share.

This charge assumes the member cost share is the same as the underlying medical plan and that Teladoc is offered to the entire population. Members will pay their PCP office visit cost share. If Teladoc is not offered to the entire population or you want a custom Teladoc benefit, an additional cost will apply.

Claim and Member Services

- **Policies and Claim Settlement Practices** – Our quotation assumes that our standard contract provisions and claim settlement practices will apply. If a material change is initiated by City of Fort Lauderdale or by legislative or regulatory action in the claim payment requirements or procedures, account structure, or any changes materially affecting the manner or cost of paying benefits, we reserve the right to adjust our proposal accordingly
- **Run-In Claim Processing** – Our proposal excludes run-in claim processing from the prior carrier (claims incurred before the effective date of the plan).
- **Run-Off Claims Processing** – The expenses associated with processing runoff claims following cancellation are covered for one year.
- **Medical EOB Suppression** – Unless required by state law, we do not produce EOBs for Aetna Choice[®], POS II, Open Access[™], Aetna SelectSM claims when there is no member liability. Our claim system automatically suppresses an EOB where benefits are assigned and the member's liability is either zero or consists of a copayment only. Additionally, EOBs are always available electronically through Aetna Navigator.
- **Medical Service Center** – We have assumed that claim administration and member services for the quoted plans will be managed centrally by the Tampa, FL Service Center. Members will be able to reach the Member Service representatives Monday through Friday, from 8 a.m. to 6 p.m.
- **Patient Management Center** – Patient Management services for City of Fort Lauderdale will be administered by our regional Patient Management Centers. Service Center will be determined at point of sale should Care Advocate Team (CAT) be chosen.

- **Alternate Office Processing (AOP)** – We regularly use both internal and external claim adjudication services to meet service requirements of our business. These services may be located inside or outside of the United States. Our quality standards and controls apply to all claims regardless of where they are processed. Standard pricing assumptions are in effect based on type of product, auto-adjudication, plan design, and customer specific requirements. We may adjust fees based on the above factors and/or where you wish to limit use of Alternative Office Processing (AOP).
- **Claims Subrogation** – We have entered into an agreement with Rawlings & Associates to provide comprehensive subrogation services. A contingency fee of 30 percent is retained upon recovery for self-funded customers.
- **Contracted Services** – A contingency fee up to 30 percent is paid to a vendor upon recovery of self-funded customers’ claims for certain claim overpayment programs such as the following:
 - Coordination of benefits
 - Retroactive termination
 - Audits (Hospital, DRG, High Cost Drugs, etc.)
 - Duplicate Bills
 - Contract Compliance
- **Specialty Pharmaceutical Rebates** – We will retain (as compensation for our efforts in administering the Preferred Specialty Pharmaceutical Program) all specialty pharmaceutical rebates earned on drug claims that we administer and pay through the medical benefit rather than the pharmacy benefit.

Network Services

- **Network Contracting** – In addition to standard fee-for-services rates, contracted rates with network providers may also be based on case and/or per diem rates and in some circumstances, include risk-adjustment calculations, quality incentives, pay-for-performance and other incentive and adjustment mechanisms. These mechanisms may include payments to organizations that may refer to themselves as accountable care organizations (ACOs) and patient-centered medical homes (PCMHs), in the form of accountable care payments (ACP) and incentive arrangements based on clinical performance and cost-effectiveness. The ACP amount is based upon an assessment for each member who is already accessing providers in an ACO, and is assessed retrospectively on a quarterly basis and collected through established claim wire. Each ACO will have a different ACP based on the clinical efficiencies targeted and also based on our negotiations. The ACP assists the ACO in funding transformation of the health care system to improve quality, reduce costs and enhance the patient experience by:
 - Identifying and engaging patients at risk for health crises sooner through more data-sharing
 - Increasing patient engagement in best-in-class care management programs through doctor-driven outreach
 - Delivering better health outcomes through increased collaboration between Aetna and ACO providers
- **Out-of-Network Program and Reimbursement** – Aetna has several programs to help you and your members save money when obtaining care out-of-network. Outlined below is the out-of-network program we have included in this proposal.

National AdvantageTM Program including the Contracted Rates, Facility Charge Review and Itemized Bill Review Components

The National Advantage Program includes three components, Contracted Rates, Facility Charge Review and Itemized Bill Review. The Contracted Rates component offers access to contracted rates for many medical claims from non-network providers, including claims for emergency services and claims by hospital-based specialists such as anesthesiologists and radiologists who do not contract with insurers.

National Advantage Program fees

We'll retain 50 percent of savings from the Contracted Rates National Advantage Program. We retain the same percentage of savings from the Facility Charge Review (FCR) and Itemized Bill Review (IBR) components of the National Advantage Program. These fees are in addition to the per-employee, per-month administrative service fees.

How NAP fees are charged

Fees for the program are charged as a percentage of savings achieved by NAP. Fees are credited back to you if savings are subsequently reduced or eliminated. Savings are generally defined as the difference between the reference price and the NAP priced amount, where the reference price is typically defined as:

- (a) For facility services, the amount billed by the provider.
- (b) For voluntary out-of-network professional services, the 80th percentile of the applicable FAIR Health database.
- (c) For involuntary out-of-network professional services, the amount billed by the provider.
- (d) For claims reviewed under Itemized Bill Review, the in-network rate prior to removal of any non-payable charges identified through the claim review.

Additional details and any exceptions to the general savings definition above are available upon request.

The FCR rate will be set as your plan rate for non-par, voluntary facility claims. Your Summary Plan Description will need to reflect this.

Facility Charge Review (FCR)

FCR is a component of NAP. This component provides reasonable charge allowance review for most inpatient and outpatient facility claims where a NAP contracted rate is not available. Though many facilities accept the reasonable charge amount as payment in full, others may not and may balance bill the member.

In the event that a member is balance billed, Aetna has a review process and will initiate negotiations with the facility in an attempt to come to a mutually agreeable payment amount. For claims that are to be paid at the preferred/in-network level under the terms of the member's plan of benefits (e.g., emergency services), Aetna will negotiate with the facility so that the member is not responsible for any charges in excess of any applicable deductible and coinsurance/copayments. However, for non-emergency out-of-network services, should Aetna be unable to negotiate a mutually acceptable rate, the member may be responsible for any charges in excess of the reasonable charge.

Even with FCR, if a provider refuses to agree to a negotiated rate, claims may be paid at billed charges in certain circumstances. The program is only available in conjunction with NAP.

Itemized Bill Review (IBR)

IBR applies to inpatient facility claims submitted by Aetna network providers (directly contracted) if (a) the submitted claim amount exceeds a certain threshold as determined by Aetna; and (b) Aetna's contracted rate with the provider uses a "percentage of billed charges" methodology.

Aetna will forward IBR Claims to a vendor to review and identify any billing inconsistencies and errors. The vendor reports back the amount of eligible charges after adjusting for any identified inconsistencies and errors. Aetna then pays the claim based on the adjusted bill. IBR supplements Aetna's standard bill review procedures prior to claim adjudication, and currently applies to inpatient facility bills with submitted expenses of \$20,000.

- **Institutes of Excellence™ Transplant Network** – As part of our National Transplant Program, a registered nurse is assigned to each member to assist with every phase of the transplant process, from evaluation through post-transplant recovery. The nurse coordinates care and assists your employees in accessing covered treatment through our contracted Institutes of Excellence (IOE) transplant network. The program also features dedicated claims and member services staff for special handling of patient claims and benefits issues. The IOE transplant network is our national network of facilities for transplants and transplant related services. Hospitals that are selected to participate in our IOE transplant network have met enhanced quality thresholds for volumes and outcomes.
- **Institutes of Quality® (IOQ)** – Our IOQs make it easy for members to choose hospitals that prioritize care quality and efficiency. Facilities in the IOQ network offer quality care for certain bariatric, orthopedic and cardiac procedures. An IOQ hospital/ facility must meet a number of industry-recognized standards for cost efficiency and clinical quality, such as:
 - Volume of procedures
 - Low rates for patient reoperation, acute hospital readmission, medical complications and death
 - Specified industry accreditations and certifications

These factors mean higher levels of patient safety and a smoother recovery. A healthier workforce means lower costs for everyone.

We can help you encourage utilization of IOQ facilities through a robust member engagement strategy. In addition, we recommend benefit differentials to incent members to use IOQ facilities. To implement and maintain the benefit differentials, there is a nominal annual fee of \$10,000. The quoted administrative fees do not include this charge. This charge does not include travel and lodging expenses. Travel and lodging expenses are the responsibility of the plan sponsor.

IOQ benefit differentials cannot be offered with:

- Alternate Discount Arrangements
- Aetna Whole Health Product (ACO)
- Aetna Premier Care Network (APCN), if Aetna Whole Health Product (ACO) included*

*You may offer IOQ benefit differential in non-ACO networks if there is separate structure for ACO and non-ACO networks

Reporting and Data Transfers

- **Aetna InformaticsSM Reporting and Consulting** – In addition to our electronic tool, Aetna Health Information Advantage, you will receive 5 hours of support for report generation and/or consulting services for customer data housed in Aetna Health Information Advantage.
- **Data Integration (Set-up)** – Our proposal assumes one historical medical and one historical pharmacy data integration feed. For an additional fee, historical medical and pharmacy data integration feeds may be added.
- **Claims History Transfer (set up)** – These files are used to administer deductible and internal maximums. There is no cost associated with receiving claim history files electronically from the prior carrier for initial implementation. There will be a charge for files received in a format other than electronically; costs are based on the complexity and format of the data.
- **States' All payer Claims database (APCD) reporting** – State all payer claims database regulations require insurance carriers and third party administrators (TPAs) for self-funded plans to supply data to that state's all payer claims database (APCD). As a TPA for your self-funded plan, we are required to submit health care claims data to states with APCDs. However, in some states, the law indicates that providing the data for self-funded plans is voluntary. We will provide your self-funded plan data to these states unless you inform us in writing that you do not wish us to do so.

Pharmacy

- **Self-Funded Pharmacy Fee Guarantee** – The administrative service fee for the first three policy periods will be \$0.00 pepm. Aetna reserves the right to revise this guarantee if the number of lives changes by +/- 15% from what was assumed.
- **Rebates** – We agree to provide 100% of rebates to City of Fort Lauderdale. We have provided a Rebate Guarantee showing the minimum amount of rebates City of Fort Lauderdale will receive. We have agreed to guarantee this minimum level of the manufacturer volume discounts we receive based on actual utilization of formulary drugs under contract (see separate Pharmacy Financial Guarantee Document).
- **Specialty Pharmaceutical Rebates** – All specialty pharmaceutical rebates earned on drugs administered and paid through the medical benefit rather than the pharmacy benefit will be retained by Aetna as compensation for Aetna's efforts in administering the Preferred Specialty Pharmaceutical Program.
- **Retail Pharmacy Discounts and Dispensing Fees** - The Retail Brand and Generic Discounts and Dispensing Fees offered may or may not be equal to the actual discounts and fees negotiated and paid to the Participating Pharmacies. The Retail Brand and Generic Discounts and Dispensing Fees may result in either a positive or negative margin for Aetna. Any positive margin may be retained by Aetna. Any negative margin will not be recouped by Aetna from City of Fort Lauderdale.
- **In-House Pharmacy** – Aetna has assumed 0.0% in-house pharmacy utilization. Aetna reserves the right to re-evaluate the proposed pricing if the actual in-house pharmacy utilization varies from this assumption.
- **Termination** - If (a) City of Fort Lauderdale terminates the Agreement prior to the date the APM rebate credit is issued, or (b) the Agreement is terminated by Aetna for City of Fort Lauderdale's failure to meet its obligations to fund benefits or pay administrative fees (medical or APM) under the Agreement, Aetna will be entitled to deduct deferred administrative fees or other plan expenses due to the termination date from any rebate credit due City of Fort Lauderdale following the termination date.

- **Early Termination** - If the Aetna Pharmacy Management (APM) is terminated by City of Fort Lauderdale prior to December 31, 2022, Aetna will retain any rebates earned but unpaid as of the APM cancellation date. If there is a loss of enrollment greater than 15% after year 1, Aetna will retain the earned but unpaid rebates on this enrollment loss by taking the total rebates divided by the total number of employees multiplied by the number of employees that have left Aetna. This calculation of Rebate retention is applicable to subsequent losses of enrollment and not subject to a one-time event. The pharmacy financial and service guarantees are considered met in the final year that City of Fort Lauderdale is in force prior to early termination and there will not be any partial-year reconciliation of financial or service guarantees (termination for purposes of this condition is defined as 50 percent or greater membership reduction from the membership we assumed in this proposal).
- **Allowances** - We are providing an annual allowance of \$15,000 to be used for Implementation, Communication and Audit expenses. Payment will be made to third party vendors upon receipt of invoices for the appropriate expenses. Any unused allowance monies at the end of each contract year will be forfeited.

Legislative & Regulatory Requirements

We believe this proposal to be compliant with all applicable state and federal laws, including health care reform.

- **Employer Reporting Requirements** – Under Internal Revenue Code (IRC) Section 6055 health insurance issuers, certain employers, government agencies and other entities that provide Minimum Essential Coverage (MEC) to individuals must report to the IRS information about the type and period of coverage and furnish related statements to covered individuals. This information is used by the IRS to administer the individual shared responsibility provision and by individuals to show compliance with the individual shared responsibility provision.

IRC Section 6056 requires applicable large employers (those having employed an average of 50 or more full-time employees during the preceding calendar year) to report to the IRS information about the health care coverage they have offered and also furnish applicable statements to employees. The purpose is to allow the IRS to enforce the employer responsibility provisions.

Self-funded employers will be responsible for collecting and reporting the information to both the IRA and their employee pursuant to their obligations under both Sections 6055 and 6056s. For the collection, they may use a combined form for their 6055 and 6056 reporting. Entities must file their 6055 and 6056 requirements with the IRS no later than February 28 of the year following coverage (if filing on paper) or March 31 if filing

electronically. A statement must be furnished to individuals by January 31 of the year succeeding the calendar year to which the return relates (i.e., since January 31, 2016 falls on a Sunday, statement must be furnished by February 1, 2016 for the 2015 tax year).

- **Support for SBC Draft Documents** – At your request and expense, we'll provide assistance in connection with the preparation of draft Summary of Benefits and Coverage (SBC) documents subject to your direction, review and final approval. If we are asked to develop draft SBCs, they will be based on the benefits information you provide. We'll include plan design information in the draft SBC relating to products or services administered under your Agreement with us as well as any additional pharmacy or behavioral health carve out information you or your delegates provide. SBCs are not required for "retiree-only plans" as defined by the Affordable Care Act (ACA) and we won't be supporting generation of SBCs for "retiree-only plans."

You are responsible for reviewing and approving any SBCs with your legal counsel. We have no responsibility or liability for the content or distribution of any of your SBCs, regardless of the role we have played in the preparation of the documents. The production of SBCs will not be subject to Service or Performance Guarantees.

For applicable plans and policies with effective dates of January 1, 2014, and later, the SBC must include statements about whether the plan or coverage provides minimum essential coverage (MEC) and if the coverage meets minimum value (MV) requirements.

Under the ACA, minimum value and minimum essential coverage determinations are your responsibility. We will include the MV and MEC statements in SBCs produced for plans with effective dates of January 1, 2014, and later. However, Aetna won't make the final MV or MEC determinations. We'll review the minimum value standard for the plans based on the minimum value calculator criteria provided by the Department of Health and Humans Services (HHS). We'll provide the SBC in editable format so you can update MV and MEC statements within the document to reflect your determination for each plan. We don't provide legal or tax advice, and suggest you consult with your legal and tax consultants when making determinations. We don't have responsibility or liability regarding the MV or MEC evaluation, regardless of the role we may have played in reviewing/producing the SBC documents.

- **Transitional Reinsurance Contribution:**

- **ACA Taxes and Fees – Notice of Self-Funded Group Health Plan's Financial Liability**

- Any taxes or fees (assessments) related to the Affordable Care Act that apply to self-funded benefit plans will be your obligation.

- **Benefit Mandates – Essential Health Benefits** – The ACA prohibits the application of annual dollar limits for any Essential Health Benefits for all plans effective on or after January 1, 2014 (the prohibition of lifetime dollar limits on Essential Health Benefits has been in effect since 2010). To the extent that your current benefit plan includes such limits, this proposal quote includes the removal of those limits.

- **Benefit Mandates –Out of Pocket Requirements** – For non-grandfathered plans, all in-network medical, behavioral health, and pharmacy member cost sharing, which includes all copays, coinsurance and deductibles, must apply to a member out-of pocket (OOP) maximums. The OOP maximum limit cannot exceed the limits set by the Department of Health and Human Services, or under the tax law for high deductible health plans (HDHPs) paired with Health Savings Accounts (HSAs). This is regardless of whether the individual is enrolled in self-only coverage or non-self only (family) coverage.

A plan may maintain separate OOP maximums for different benefit categories, as long as the combined totals do not exceed the statutory limit. For plans renewing on or after January 1, 2015 plans will have two options to maintain compliance:

- Integrated medical and pharmacy OOP maximum that does not exceed the statutory limit
- Non-integrated medical and pharmacy OOP maximums that collectively do not exceed the statutory limit – this option is not available for high deductible health plans paired with HSAs

Employers who offer self-funded plans are responsible for ensuring compliance with these regulations. We recommend that you review your pharmacy OOP maximum to ensure compliance. Contact your Aetna Account Executive to inform us of any required changes that City of Fort Lauderdale will make to these plans to ensure compliance or with questions on this requirement.

High deductible health plans paired with HSAs are still required to integrate all accumulators for medical, behavioral health and pharmacy benefits.

Aetna has automated integration support with the following vendors:

- Pharmacy: Medco/ESI, CVS/Caremark – Supported integration with all medical plans, including HDHP plans with an HSA and Health Reimbursement Arrangements (HRAs). These interfaces also support HRA inquiry for the actual account balances.
- Pharmacy: Catamaran, OptumRX– Supported integration with all medical plans, including HDHP plans with an HSA. Automated integration is not supported for HRA accounts. Envision will be supported for 1/1/16 and later effective dates.
- Behavioral Health: Optum/UBH, Value Options, Magellan, ComPsych, Cigna – Supported integration with all medical plans including HDHP plans with HSAs. Automated integration is not supported for HRAs.

If you utilize a vendor not listed above, this will require manual intervention through the submission of batch files or manual support by the service center. Manual intervention will require an additional charge. Support by the service center requires prior approval.

Aetna Specialty Pharmacy Pricing Addendum

Services

Our best-in-class specialty pharmacy leverages buying power to manage costs and deliver comprehensive clinical program management for Aetna members. We use leading clinical capabilities and the latest technology to dispense injectable, infused and select oral specialty medications.

Aetna Specialty Pharmacy is a fully functional, experienced operation, integrated with our medical and pharmacy benefit management operations. Clinical management programs are the key. These total care programs involve assessing each member's healthcare needs up front. Our outreach services help each individual to achieve their best health outcomes. We are committed to providing only the highest quality services that encompass the following defining aspects of specialty pharmacy:

Specialty Services	Fee
Initial assessment , which reveals treatment concerns at the start of service	Included at no charge
Risk stratification , to gauge the member's risk for non-compliance	Included at no charge
Side-effect monitoring , to offer support to help members cope	Included at no charge
Behavioral health screening , for extra emotional support and a referral to a behavioral health consultant	Included at no charge
Proactive refill coordination , which takes place one week before the member's refill is due	Included at no charge
Ongoing compliance monitoring , to help members stay on track with their treatment plan	Included at no charge
Home health care set-up , if appropriate	Included at no charge
Tracked delivery , to ensure members receive their order within 24-48 of confirming it	Included at no charge
24/7 clinical support , giving members consistent access to case managers and pharmacists	Included at no charge
Copayment assistance programs , to encourage compliance by procuring financial grants to members in need, flexible payment plans or through manufacturer programs	Included at no charge

*Aetna Specialty Pharmacy refers to Aetna Specialty Pharmacy, LLC, a subsidiary of Aetna Inc., which is a licensed pharmacy that operates through specialty pharmacy prescription fulfillment. The charges that Aetna negotiates with Aetna Specialty Pharmacy may be higher than the costs the pharmacy incurs for drug products, supplies, packing, shipping and other pharmacy services.

Aetna Specialty Pharmacy Pricing Addendum

Limited Distribution Drugs

Some specialty drugs may be subject to limited distribution or restricted access. This means that certain specialty drugs may only be available at one or a limited number of pharmacies. Limited distribution is generally due to (i) the FDA imposing restrictions on the distribution of a specialty drug to certain pharmacies and (ii) special handling, coordination of care or patient education that cannot be handled by all pharmacies. While most specialty drugs may be ordered through Aetna Specialty Pharmacy, the specialty drugs listed below are currently not available. However, if we receive a prescription order for any of these drugs, we will transfer the order to a participating pharmacy where the specialty drugs are available and inform the prescribing physician and member of same.

Drug Names			
ADAGEN	CYSTAGON	KALBITOR	THYMOGLOBULIN
ADCETRIS	<i>epoprostenol</i> (Flolan Generic)	KUVAN	TIKOSYN
APLIGRAF	<i>epoprostenol</i> (Sodium Diluent)	OFORTA	TYVASCO

CYSTADINE	JAKAFI	SUCRAID	

Aetna Specialty Pharmacy Pricing Addendum

Aetna Specialty CareRx

Aetna Specialty CareRx preferred option is designed to offer City of Fort Lauderdale superior member care and compliance monitoring, while providing ease of access and coordination of care and delivery. Under this option, members obtain all specialty medications through Aetna Specialty Pharmacy at the reimbursement rates set forth below. Specialty drugs will not be available through other pharmacies with the exception of:

- Limited distribution products not available at Aetna Specialty Pharmacy
- Initial courtesy fills as allowed by City of Fort Lauderdale’s plan design
- Overrides for urgent situations as allowed by City of Fort Lauderdale

Specialty drugs are dispensed only through Aetna Specialty Pharmacy. Specialty drugs are not distributed through our mail order pharmacies.

Standard Discounts

Except for the specific items listed in the High Volume Products Detailed Pricing or Limited Distribution tables, specialty drugs will have the following discounts:

Plan Design Option	Standard Discounts	Dispensing Fee
Preferred	AWP -13.50%	\$0.00

Medical Performance Guarantees

General Performance Guarantee Provisions

Aetna Life Insurance Company, on behalf of itself and its affiliates (“Aetna”, “our” or “we”) provides health benefits administration and other services (set forth in this document) for the self-funded Medical and Behavioral Health plan(s) operated on behalf of City of Fort Lauderdale (also “you” or “your”).

Guarantee Period

The guarantees described herein will be effective for the 12-month period from January 1, 2017 through December 31, 2017 (hereinafter “guarantee period”).

The performance guarantees below will apply to the following self-funded medical plans serviced under the Administrative Services Only arrangement (through a ‘Services Agreement’ or ‘Master Services Agreement’, as the case may be, but each from this point on referred to as “Agreement”).

- Aetna Choice POS II (CPII)
- Open Access Aetna Select (OA-AS)
- Aetna Health Fund (AHF)
- Behavioral Health

These guarantees **do not** apply to non-Aetna benefits or non-Aetna networks.

Medical Service Guarantee Maximum

The maximum medical service performance guarantee penalty adjustment will be equal to **15.0 percent** of actual collected administrative service fees. Administrative service fees at risk exclude:

- Program fees at risk in the Demonstrating Value Scorecard
- Implementation/Wellness Allowance(s)
- Charges for services performed which are not included on the monthly administrative service fee bill

Medical Performance Guarantees

Aggregate Guarantee Maximum

In no event will total collected administrative service fees be adjusted by more than **30.0** percent due to the results of this guarantee and all other guarantees combined. "Collected fees" means those fees collected for the guarantee period as of the time of the final reconciliation of the guarantee.

Termination Provisions

Termination of the guarantee obligations shall become effective upon written notice by us in the event of one of the following occurrences:

- i. A material change in the plan initiated by you or by legislative action that impacts the claim adjudication process, member service functions or network management
- ii. Failure to meet your obligations to remit administrative service fees or fund claim payment wires under the Agreement
- iii. Failure to meet your administrative responsibilities (for example, a submission of incorrect or incomplete eligibility information)

These guarantees will not apply if you terminate your Aetna medical plan in whole or in part (defined as a 50 percent or greater membership reduction from the membership we assumed in this proposal) prior to the end of the guarantee period (December 31, 2017).

Refund Process

We will provide you with final results for the performance guarantees when reporting is available after the end of the respective guarantee period. If necessary, we will provide a "lump sum" refund for any penalties we incurred.

Medical Performance Guarantees

Performance Objectives

We believe that measuring the activities described below is an important indicator of how well we service your account. We're confident that the Claim Administration and Member Services provided to you will meet your high standards of performance. To reinforce your confidence in our ability to administer your program, we are offering guarantees in the following areas:

Performance Category	Minimum Standard	Maximum Fees at Risk
Implementation		
• Implementation	Average evaluation score of 3.0 or higher	1.5%
• ID Card Production & Distribution	97% of ID cards mailed within business days of receiving eligibility file	1.0%
Account Management		
• Overall Account Management	Average evaluation score of 3.0 or higher	2.0%
• Management Reports	Paid claim reports within 45days; Incurred claim reports within 90 days	1.5%
• Enrollment Support	Support for Open Enrollment fairs with more than 100 participants when requested	1.5%
Claim Administration		
• Turnaround Time	of claims processed within 12 <i>calendar days</i>	1.0%
• Financial Accuracy	99.0%	1.0%
• Total Claim Accuracy	97.0%	1.0%
Member Services		
• Telephone Service Factor	80.0% within 30 seconds	1.5%
• Abandonment Rate	2.5 to 2.0%	1.5%
Navigator		
• Online Availability	99.0%	1.5%
Total		15.0%

Medical Performance Guarantees

Implementation

Overall Implementation Guarantee

Guarantee: We utilize the implementation team concept to carefully coordinate all aspects of the implementation. An Implementation Manager is assigned to assemble your implementation team and develop an Implementation Management Plan for the conversion to the new plan of benefits. The Implementation Management Plan will outline the tasks and target dates for their completion.

Working with your team, the Implementation Manager will help determine the implementation priorities. As new information becomes available and priorities change, the Implementation Management Plan is updated. However, for the implementation to progress in a timely manner, you will be responsible for providing key information to the Implementation Manager as close to the target dates as possible (e.g., finalized account structure, finalized plan of benefits, accurate eligibility files, signed legal agreements).

This guarantee is effective for the implementation period in the first guarantee period. The implementation period begins at the initial implementation meeting and runs through the implementation sign-off.

Penalty and Measurement Criteria: Via timely responses to the attached Implementation Evaluation Tool (provided at the end of this guarantee section), you agree to make us aware of possible sources of dissatisfaction throughout the implementation period. Each question is given a rating of 1 - 5 with 1 = lowest, 5 = highest. We will tally the results from the evaluation tool when received. Your responses to the attached evaluation tool are used to facilitate a discussion between you, your Implementation Manager and your Account Executive regarding the results achieved. If the Implementation Evaluation Tool is not completed and returned within 30 days of receipt, it is assumed that the service provided to you is satisfactory and the guarantee is deemed met. If, at the end of the implementation process, the score of the final evaluation falls below a 3, (meaning that service levels have not improved) we will make a mutually agreed upon reduction in compensation. The maximum reduction will be **1.5** percent of the guarantee period administrative service fees.

Medical Performance Guarantees**ID Card Production and Distribution**

Guarantee: We guarantee that 97 percent of ID cards will be produced and mailed within 10-14 business days following the receipt of ***complete, accurate, & viable*** electronic enrollment files to members.

Penalty and Measurement Criteria: We will reduce our compensation by **1.0** percent of the guarantee period administrative service fees if we fail to produce and mail ID cards to your members within 15 business days of receiving the enrollment eligibility file. Our implementation team records are used to determine whether ID cards were produced and mailed within the specified time frame.

Medical Performance Guarantees

Account Management

Overall Account Management Guarantee

Guarantee: We guarantee that the services (i.e., on-going financial, eligibility, drafting, benefit administration and continued customer support) provided by the South Florida Account Management Staff during the guarantee period will be satisfactory to you.

Penalty and Measurement Criteria: Via semi-annual responses to the attached Account Management Evaluation Tool (provided at the end of this guarantee section) and this link <http://www.aetnasurveys.com/se.ashx?s=103ED34467D2D0E0>, you agree to make us aware of possible sources of dissatisfaction throughout the guarantee period. Your responses to the attached evaluation tool will evaluate account management services in the following categories:

- technical knowledge
- professionalism
- proactive management
- accessibility
- responsiveness of personnel

Each category will be given a rating of 1 - 5 with 1 = lowest, 5 = highest. We will tally the results from the report card(s) when received. The results of the survey(s) are used to facilitate a discussion between you and your Account Executive regarding the results achieved and opportunities for improvement.

If all report cards based on the frequency of the guarantee are not completed and returned within 15 days after the six month period, it is assumed that the service provided to you is satisfactory and the guarantee is deemed met. If the score on the first report card and the report card(s) for the subsequent survey(s) average a 3.0 or higher, no credit is due. Satisfactory service would equal a score of 3.0 and would be based on the total average of 24 questions with a rating scale of 1 to 5. Should the score from the first report card and the average of the remaining report card(s) fall below a 3 (meaning that service levels have not improved), we will make a mutually agreed upon reduction in compensation. The maximum reduction will be **2.0** percent of the guarantee period administrative service fees.

Medical Performance Guarantees

Management Reports

Guarantee: We guarantee that the quarterly Aetna Informatics (Aetna Health Information Advantage™ (“AHIA”)) reports will be available on the website within 45 days after the end of the reporting period. Incurred claims reports will be available on the website within 90 days after the end of the reporting period.

Penalty and Measurement Criteria: If we do not make the management reports available via the website during the guaranteed time frames, we will reduce our compensation. The maximum reduction will be **1.5** percent of the guarantee period administrative service fees. Our records are used to determine if the terms of this guarantee have been met.

Enrollment Support

Guarantee: We guarantee that we will provide support for Open Enrollment fairs with more than 100 participants when requested.

Penalty and Measurement Criteria: We will reduce our compensation by 0.3 percent of the guarantee period administrative service fees for each scheduled, missed Open Enrollment fair. The maximum reduction will be **1.5** percent of the guarantee period administrative service fees. You will communicate any absence of an Aetna representative to your Account Executive.

Medical Performance Guarantees

Claim Administration

Turnaround Time (TAT)

Guarantee: We guarantee that the claim TAT during the guarantee period will not exceed 12 *calendar* days for 91 to 92 percent of the processed claims on a cumulative basis each year.

Definition: We measure TAT from the claimant's viewpoint; that is, from the date the claim is received in the service center to the date that it is processed (paid, denied or pending).

Weekends and holidays are included in turnaround time. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: If the cumulative year TAT exceeds the day guarantee as stated above, we will reduce our compensation by an amount equal to 0.2 percent of the guarantee period administrative service fees for each full day that the TAT exceeds 12 calendar days for 91 to 92 percent of all processed claims. The maximum reduction will be 1.0 percent of the guarantee period administrative service fees.

If you have more than 3,000 enrolled members, a computer generated TAT report for your specific claims will be provided on a quarterly basis. If you have less than 3,000 enrolled members, results will be reported at the site level.

Financial Accuracy

Guarantee: We guarantee that the financial accuracy will be 99.0 percent or higher.

Definition: Financial accuracy is measured using industry accepted stratified audit methodology. The results are determined by calculating the financial accuracy for a subset of claims (a stratum) and then extrapolating the results based on the size of the population and combining with the extrapolated results of the other strata. Each overpayment and underpayment is considered an error; they do not offset each other. Financial accuracy includes both manual and auto adjudicated claims.

$$\frac{\text{Dollars Paid Correctly}}{\text{Total Dollars Paid}}$$

We then extrapolate the results based on the size of the population and combine them with the extrapolated results of the other strata.

Medical Performance Guarantees

Penalty and Measurement Criteria: We will reduce our compensation by an amount equal to 0.2 percent of the guarantee period administrative service fees for each full 0.75 percent that financial accuracy drops below 99.0 percent. The maximum reduction will be **1.0** percent of the guarantee period administrative service fees.

Our audit results for the unit(s) processing your claims are used. Those results include our performance in processing ALL customers' claims handled by the unit(s) in question during the guarantee period, not just your plan's claims. The results for this guarantee are calculated using industry accepted stratified audit methodologies.

Medical Performance Guarantees**Total (Overall) Claim Accuracy**

Guarantee: We guarantee that the total (overall) claim accuracy will be 96.0 percent or higher.

Definition: Overall accuracy is measured using industry accepted stratified audit methodology. Accuracy in each stratum (a subset of the claim population) is calculated by:

$$\frac{\text{Number of claims processed correctly}}{\text{Total number of claims audited}}$$

We then extrapolate the results based on the size of the population and combine them with the extrapolated results of the other strata.

Penalty and Measurement Criteria: We will reduce our compensation by 0.2 percent of the guarantee period administrative service fees for each full 0.75 percent that total claim accuracy drops below 96.0 percent. The maximum reduction will be **1.0** percent of the guarantee period administrative service fees.

Our audit results for the unit(s) processing your claims are used. Those results include our performance in processing ALL customers' claims handled by the unit(s) in question during the Guarantee period, not just your plan's claims. The results for this guarantee are calculated using industry accepted stratified audit methodologies.

Medical Performance Guarantees

Member Services

Telephone Service Factor (TSF)

Guarantee: We guarantee that the TSF for the phone skill(s) providing your customer service will not fall below 80.0 percent of all calls responded to within 30 seconds.

Definition: TSF measures the speed in which calls are answered by a Customer Service Professional (CSP) after being placed in queue by the auto attendant. This does not include the time the caller spent navigating through any auto attendant menus. TSF includes total calls (answered and abandoned) that are offered to CSPs. Interactive Voice Response (IVR) system calls are not included in the measurement of TSF. The TSF measure is a percentage of calls answered within 30 seconds. In the event there is an outage or when experiencing peak volumes, calls may be transferred to other Aetna call centers. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: We will reduce our compensation by 0.3 percent of the guarantee period administrative service fees for each full percentage point that the cumulative TSF falls below 80.0 percent for calls to be answered within 30 seconds. The maximum reduction will be **1.5** percent of the guarantee period administrative service fees. The phone skill(s) providing your customer service are used.

Abandonment Rate

Guarantee: We guarantee that the average rate of telephone abandonment for the phone skill(s) providing your customer service will not exceed 2.5 to 2.0 percent.

Definition: The result is calculated as follows:

$$\frac{\text{Total number of calls abandoned}}{\text{Number of calls accepted into the skill}}$$

In the event there is an outage or when experiencing peak volumes, calls may be transferred to other Aetna call centers. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: We will reduce our compensation by 0.3 percent of the guarantee period administrative service fees for each 1.0 percent that the average abandonment rate exceeds 2.5 to 2.0 percent. The maximum reduction will be **1.5** percent of the guarantee period administrative service fees. The phone skill(s) providing your customer service are used.

Medical Performance Guarantees

Navigator

Navigator Online Availability

Guarantee: We guarantee that the Aetna Navigator[®] availability rate will be 99.0 percent or higher. Our Aetna Navigator website typically experiences approximately 360 minutes of downtime per **quarter**, or up to approximately 120 minutes of downtime per month. This is due to scheduled maintenance (typically performed one Sunday a month between 6 am and 7 am ET and does not include database maintenance.) Book-of-business measurements are used.

Penalty and Measurement Criteria: We will reduce our compensation by 0.3 percent of the guarantee administrative service fees for each 1.0 percent that Aetna Navigator is not available at least 99.0 percent of the total operational time. The maximum reduction will be **1.5** percent of the guarantee period administrative service fees.

Pharmacy Service Performance Guarantees

General Performance Guarantee Provisions

Aetna Life Insurance Company (ALIC) provides benefits administration and other services for the self-funded pharmacy plans. The services set forth in this document will be provided by ALIC (hereinafter "Aetna").

Performance Objectives

Aetna believes that measuring the activities described below are important indicators of how well we service City of Fort Lauderdale. We are confident that pharmacy administration services provided to City of Fort Lauderdale will meet their high standards of performance. To reinforce City of Fort Lauderdale's confidence in Aetna's ability to administer their program, we are offering guarantees in the following areas:

Performance Guarantee Category	Minimum Standard	Proposed Penalty
Implementation		
• Implementation	Average evaluation score of 3.5 or higher	\$7,500
Claim Administration		
• Claim Processing Accuracy	99.0%	\$7,500
Retail Claim Administration		
• Pharmacy System Availability	99.9%	\$7,500
• Turnaround Time – Paper Claims	97.0% within a weighted average of 5 business days of receipt and 99.5% within a weighted average of 10 business days of receipt	\$7,500
Mail Order Claim Administration		
• Turnaround Time – Clean Claims	98.0% within an average of 2 business days of receipt	\$7,500
• Turnaround Time – Claims Requiring Intervention	95.0% within an average of 5 business days of receipt	\$7,500
• Mail Order Dispensing Accuracy	99.98%	\$7,500
Member Services		
• Average Speed of Answer	30 seconds or less	\$7,500
• Abandonment Rate	3.0%	\$7,500
• Pharmacy First Call Resolution	95.0% successfully resolved on the first call	\$7,500
Total Proposed Penalty		\$75,000

Pharmacy Service Performance Guarantees

Guarantee Period

The guarantees described herein will be effective for a period of 12 months and will run from **January 1, 2017 through December 31, 2017** (hereinafter “guarantee period”).

The performance guarantees shown below will apply to the self-funded Aetna Pharmacy Management plans administered under the Administrative Services Only Agreement (“Services Agreement”). These guarantees do not apply to non-Aetna benefits or networks.

Aggregate Maximum

In total, Aetna agrees to place **\$75,000** at risk for the Service Performance Guarantees as outlined in this document. Our offer assumes 1,625 employee lives. Aetna reserves the right to revisit the guarantees if there is a change in enrollment of more than (+/-) 15%.

Termination Provisions

Termination of the guarantee obligations shall become effective upon written notice by Aetna in the event of the occurrence of (i), (ii) or (iii) below:

- i. a material change in the plan initiated by City of Fort Lauderdale or by legislative action that impacts the claim adjudication process, member service functions, pharmacy network management or rebates;
- ii. failure of City of Fort Lauderdale to meet its obligations to remit administrative service fees or fund the City of Fort Lauderdale bank account as stipulated in the General Conditions Addendum of the Services Agreement;
- iii. failure of City of Fort Lauderdale to meet their administrative responsibilities (e.g., a submission of incorrect or incomplete eligibility information).

No guarantees shall apply for a guarantee period during which the Services Agreement is terminated by City of Fort Lauderdale or by Aetna.

Penalty Reconciliation and Refund Process

At the end of each guarantee period, Aetna will compile the Performance Guarantees results. If necessary, Aetna will provide a refund to City of Fort Lauderdale for any penalties incurred.

Pharmacy Service Performance Guarantees

Implementation

Implementation Guarantee

Guarantee: Aetna developed and utilizes the implementation team concept to carefully coordinate all aspects of the implementation. An implementation manager will be assigned to assemble City of Fort Lauderdale's implementation team and working with City of Fort Lauderdale's team, will help determine the implementation priorities. The implementation manager will develop an implementation management plan that will outline the tasks to be accomplished and will also indicate mutually agreed upon target dates for their completion. As new information becomes available and priorities change, the plan will be updated. City of Fort Lauderdale will be responsible for providing key information to Aetna by the mutually agreed upon target dates.

Aetna is confident that City of Fort Lauderdale will be pleased with our implementation team approach and therefore we are offering an implementation performance guarantee. This guarantee is effective for the implementation period in the first guarantee period. The implementation period commences at the initial implementation meeting and runs through the implementation sign-off.

Penalty and Measurement Criteria: Via timely responses to the Implementation Evaluation Tool, City of Fort Lauderdale agrees to make Aetna aware of possible sources of dissatisfaction throughout the implementation period. Each question will be given a rating of 1 - 5 with 1 = lowest, 5 = highest. Results from the evaluation tool when will be used to facilitate a discussion between City of Fort Lauderdale, the implementation manager and the Pharmacy Account Team regarding the results achieved. If, at the end of the implementation process, the final average score of the evaluations falls below 3.5, Aetna will make a mutually agreed upon reduction in compensation, subject to a maximum reduction of **\$7,500**.

Pharmacy Service Performance Guarantees

Claim Administration

Claim Processing Accuracy Guarantee

Guarantee: Aetna will guarantee that the claim processing accuracy rate for all retail, mail order and directly submitted paper claims will be 99.0% or better.

Definition: The number of retail claims, mail order claims and directly submitted paper claims adjudicated by PBM that do not contain a material adjudication error as revealed through sample claim audit. Claim Processing Accuracy is measured as the number of claims processed in accordance with the plan set-up parameters divided by the total number of claims audited.

Penalty and Measurement Criteria: A penalty of \$1,875 will apply for each 0.25% that the actual claim processing accuracy rate for all retail, mail order and directly submitted paper claims falls below 99.0%. There will be a maximum penalty of **\$7,500**. Guarantee results will be measured based on Aetna's Book of Business.

Pharmacy Service Performance Guarantees

Retail Claim Administration

Pharmacy System Availability Guarantee

Guarantee: Aetna guarantees that the retail pharmacy claim processing system will be functional and available at least 99.9% of the time during regularly scheduled system availability. Claim processing system shall be available for Claim submission, integrated and standard processing 24 hours a day, 365 days a year, less scheduled maintenance downtime which shall be performed during non-peak hours.

Definition: System availability will be measured as the amount of time the claim processing system was functional and available to adjudicate claims during regularly scheduled operating times.

Penalty and Measurement Criteria: A penalty of \$1,875 will apply for each 0.25% that the actual retail pharmacy claim processing system availability percentage falls below 99.9%. There will be a maximum penalty of **\$7,500**. Guarantee results will be measured based on Aetna's book of business.

Turnaround Time – Paper Claims Guarantee

Guarantee: Aetna will guarantee that the claim payment processing turnaround time for all retail pharmacy claims submitted on paper will be 97.0% within a weighted average of 5 business days of receipt and 99.5% within a weighted average of 10 business days of receipt.

Definition: Total percentage of claims processed is measured as the number of claims processed within specified number of days divided by the total number of claims audited. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: A penalty of \$1,875 will apply for each 0.25% that the actual turnaround time for reimbursement of paper claims submitted falls below the guaranteed level of 97.0% within a weighted average of 5 business days of receipt and 99.5% within a weighted average of 10 business days of receipt. There will be a maximum penalty of **\$7,500**. Guarantee results will be measured based on Aetna's book of business.

Pharmacy Service Performance Guarantees

Mail Order Claim Administration

Turnaround Time - Clean Claims Guarantee

Guarantee: Aetna will guarantee that at least 98.0% of all mail order claims not requiring intervention will be dispensed and shipped within an average of 2 business days of receipt.

Definition: For the respective guarantee period, turnaround time for claims, not requiring intervention is determined by assessing the average time, in business days, that it takes prescriptions to be processed and shipped from the Aetna Rx Home Delivery pharmacy. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: A penalty of \$3,750 will apply for each full day that the average turnaround time of 98.0% of all mail order claims not requiring intervention exceeds an average of 2 business days. There will be a maximum penalty of **\$7,500**. Guarantee results will be measured based on Aetna's book of business.

Turnaround Time – Claims Requiring Intervention Guarantee

Guarantee: Aetna will guarantee that at least 95.0% of all mail order claims requiring intervention will be dispensed and shipped within an average of 5 business days of receipt.

Definition: For the respective guarantee period, turnaround time for claims, requiring intervention is determined by assessing the average time, in business days, that it takes prescriptions to be processed and shipped from the Aetna Rx Home Delivery pharmacy. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: A penalty of \$3,750 will apply for each full day that the average turnaround time of 95.0% of all mail order claims requiring intervention exceeds an average of 5 business days. There will be a maximum penalty of **\$7,500**. Guarantee results will be measured based on Aetna's book of business.

Pharmacy Service Performance Guarantees**Mail Order Dispensing Accuracy Guarantee**

- Correct drug dispensed to correct member
- Correct drug, strength, dosage form
- Correct instructions provided to the member for use

Guarantee: Aetna will guarantee that at least 99.98% of all mail order prescriptions will be dispensed correctly for drug, strength, form, instructions, and patient.

Definition: For the respective guarantee period, total dispensing accuracy is measured as the number of prescriptions with no errors divided by the total number of prescriptions dispensed.

Penalty and Measurement Criteria: A penalty of \$1,875 will apply for each 0.1% that the actual percentage of all mail order prescription dispensing accuracy falls below the target of 99.98%. There will be a maximum penalty of **\$7,500**. Guarantee results will be measured based on Aetna's book of business.

Pharmacy Service Performance Guarantees

Member Services

Average Speed of Answer

Guarantee: Aetna will guarantee that the average speed of answer for the phone skill(s) providing City of Fort Lauderdale's member services will not exceed 30 seconds.

Definition: On an ongoing basis, Aetna measures telephone response time through monitoring equipment that produces a report on the average speed of answer. Average speed of answer is defined as the amount of time that elapses between the time a call is received into the telephone system and the time a representative responds to the call. The result expresses the sum of all waiting times for all calls answered by the queue divided by the number of incoming calls answered. ASA measures the average speed of answer for all callers answered. Interactive Voice Response (IVR) system calls are not included in the measurement of ASA. In the event there is an outage or when experiencing peak volumes, calls may be transferred to other Aetna call centers. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: A penalty of \$3,750 will apply for each full second that the average speed of answer exceeds 30 seconds. There will be a maximum penalty of **\$7,500**. Aetna's results for the unit(s) providing member services for City of Fort Lauderdale will be used.

Pharmacy Service Performance Guarantees

Abandonment Rate Guarantee

Guarantee: Aetna will guarantee that the average rate of telephone abandonment will not exceed 3.0%.

Definition: On an ongoing basis, Aetna measures telephone response time through monitoring equipment that produces a report on the average abandonment rate. The abandonment rate measures the total number of calls abandoned divided by the number of calls accepted into the unit. In the event there is an outage or when experiencing peak volumes, calls may be transferred to other Aetna call centers. This guarantee may not apply and a penalty may not be paid, if results are not achieved due to severe weather events which directly or indirectly impact performance during the guarantee period.

Penalty and Measurement Criteria: A penalty of \$1,875 will apply for each 0.25% that the average abandonment rate exceeds 3.0%. There will be a maximum penalty of **\$7,500**. Aetna's results for the unit(s) providing member services for City of Fort Lauderdale will be used.

Pharmacy First Call Resolution Guarantee

Guarantee: Aetna will guarantee that 95.0% of member service calls will be successfully resolved on the first call. Resolution shall be deemed successfully resolved if there are no handoffs via resolution manager.

Definition: On an annual basis, Aetna will share with City of Fort Lauderdale the First Call Resolution results. The rate will be calculated based upon first calls where the issue was within Aetna's control to resolve and there were no handoffs via resolution manager.

Penalty and Measurement Criteria: A penalty of \$1,875 will apply for each 0.25% that the First Call Resolution rate falls below 95.0%. There will be a maximum penalty of **\$7,500**. Aetna's results for the unit(s) providing member services for City of Fort Lauderdale will be used.

We guarantee the discounts that result from our negotiated arrangements with providers that participate in our Choice Point of Service II (CPII and Aetna Select (AS) product(s). This discount guarantee applies to the claims incurred during the period January 1, 2017 through December 31, 2017. Three months of run out will be included in the reconciliation.

Attachment A shows our guaranteed discounts by network, for each of the following three service types:

- Hospital inpatient
- Hospital outpatient
- Physician/other

How we calculate our discounts

We determine the achieved discount on an aggregate basis, three months after close of the contract year. Here's how:

1. First, we apply the discounts in Attachment A to your billed eligible charges* by network, product and service type.
2. Next, we calculate the guaranteed discount percentage using the following equation:

$$\frac{\{\text{In-network provider discounts in dollars (hospital and physician)}\}}{\{\text{Total in-network billed eligible charges* (hospital and physician)}\}}$$

*Billed eligible charges are charges prior to application of plan design, discounts, and member cost sharing (copays and deductibles)

We calculate the discount using data from our Aetna Informatics data warehouse. The guarantee reconciliation excludes individual claims paid in excess of \$100,000. Discounts apply to fee for service claims only. Capitations are excluded. The guarantee results combine the CPII and AS product(s) and we report in aggregate for purposes of this guarantee reconciliation.

Billed eligible charges exclusions

Billed eligible charges exclude the following:

- Duplicate or other ineligible/not covered/denied claims
- Claims paid by coordination of benefits where we are not primary (including Medicare)
- Claims on members aged 65 and over
- Claims incurred in passive or custom networks
- Behavioral health claims
- All non-medical claims (this includes pharmacy and specialty pharmacy claims, dental claims, and vision hardware claims)
- Non-facility billed eligible charges at a level equal to or within three percent of the negotiated rates
- Some charges where the contract allows us to pay the lesser of the billed amount or the contractual rates

Penalty reconciliation

We compare the guaranteed discount (based on the actual enrollment by product and network, and billed eligible charges by product and service type) against the total discount achieved. Based on that outcome, we make any fee adjustments using the table below.

Fee Adjustment	Maximum Guarantee Period Adjustment
3.0% fee reduction for each full 1.0% discount achieved falls below risk-free corridor	15%
No Adjustment	N/A

There is a risk-free corridor of 2.0 percentage points less than the guaranteed discount. The maximum guarantee for either this Medical Discount Guarantee or the Medical Claim Target Guarantee adjustment is 15 percent of actual collected administrative service fees for the applicable guarantee period. Administrative service fees exclude program fees at risk in the Aetna Demonstrating Value Scorecard Teladoc per-employee, per-month fees, WellMatchSM per-employee, per-month fees, iTriage[®] per-employee, per-month fees, implementation/communication/wellness allowances and any charges for services performed which are not included on the monthly administrative service fee bill. You need to let us know which guarantee you have chosen before the effective date.

Aggregate Maximum

In no event will total collected administrative service fees be adjusted by more than **30.0** percent due to the results of this guarantee and all other guarantees combined. “Collected fees” means those fees collected for the guarantee period as of the time of the final reconciliation of the guarantee.

Conditions for the Guarantee

We rely on information from you and your representatives in creating and reconciling the terms of this guarantee. If any of this information is inaccurate, it may have an impact on the guaranteed network discounts. We reserve the right to revise or remove the guarantee if any of the following conditions are not met.

- Minimum Enrollment: You enroll a minimum of 1500 employees in the quoted Aetna self-funded medical products.
- Network Changes: There are no substantial changes in the CPII and AS network that services the (Miami-Dade/Broward) area, which could potentially affect the expected financial discounts. This includes, but is not limited to, the addition of a new participating hospital and/or termination of participating hospital.
- Group Composition: You do not have any acquisitions or divestitures.
- In-Network Claims: This guarantee applies only to the in-network medical claims that fall into the participating networks shown on Attachment A.
- Pharmacy Claims: You exclude all Pharmacy and Specialty Pharmacy claims.
- Provider Practice: 2017 provider billing and reimbursement practices remain consistent with current practices.
- Coverage Termination: The Medical Discount Guarantee is considered met if Aetna medical coverage is terminated by you prior to December 31, 2019.

Medical Discount Guarantee - Attachment A
Medical Choice POS II and Aetna Select

Product	Illustrative Inpatient Hospital Discount ⁽¹⁾	Illustrative Outpatient Hospital Discount ⁽¹⁾	Illustrative Physician/Other Discount ⁽¹⁾⁽³⁾	Illustrative Composite Target Discount ⁽²⁾
AS	64.3%	70.6%	59.4%	64.1%
CPII	64.6%	71.2%	59.5%	64.5%
Overall	64.4%	70.9%	59.4%	64.3%

(1) These discounts are illustrative only as they have been weighted by the distribution of employees by network from the current census file.

(2) This composite target is illustrative only. The final guaranteed target will depend on the actual enrollment by network and claim service mix known at the end of the guarantee period. For purposes of this illustration, the service mix of network billed eligible claims prior to discount is based on network level assumed utilization of hospital inpatient, hospital outpatient, and physician/other.

(3) Our non-facility discounts exclude the impact of claims where the provider bills at a level within 3% the contracted rates, along with some situations where the contract allows us to pay the lesser of the billed amount or the contracted rate.

Pharmacy Financial Guarantees

All guarantees and underlying conditions set forth herein are subject and limited to Prescription Drugs dispensed by Participating Pharmacies.

I. Discount Guarantee

For the Contract Years January 1, 2017 through December 31, 2017, January 1, 2018 through December 31, 2018, January 1, 2019 through December 31, 2019, January 1, 2020 through December 31, 2020, January 1, 2021 through December 31, 2021 and January 1, 2022 through December 31, 2022 (each hereinafter referred to as a “Contract Year”), Aetna will guarantee the Discount Savings Percentages for Brand and Generic Drugs as set forth in the chart below:

City of Fort Lauderdale’s Pharmacy Discounts				
Contract Year	Retail Brand Discount (Post Rollback AWP basis)	Retail Generic Discount*	Mail Order Brand (Post Rollback AWP basis) Discount	Mail Order Generic Discount*
January 1, 2017 – December 31, 2017	17.60%-30 Day 20.60%-90** Day	77.50%	24.50%	80.00%
January 1, 2018 – December 31, 2018	17.70%-30 Day 20.70%-90** Day	77.70%	24.60%	80.20%
January 1, 2019 – December 31, 2019	17.80%-30 Day 20.80%-90** Day	77.90%	24.70%	80.40%
January 1, 2020 – December 31, 2020	17.90%-30 Day 20.90%-90** Day	78.10%	24.80%	80.60%
January 1, 2021 – December 31, 2021	18.00%-30 Day 21.00%-90** Day	78.30%	24.90%	80.80%
January 1, 2022 – December 31, 2022	18.10%-30 Day 21.10%-90** Day	78.50%	25.00%	81.00%

*The above stated Retail and Mail Order Generic discounts are illustrative. Aetna will review City of Fort Lauderdale’s utilization and reserves the right to modify the discount guarantees within the first 90 days of the effective date.

**90 Day at Retail utilizes the Extended Day Supply (EDS) network which consists of 68,000+ pharmacies.

Discount Guarantees will be reconciled in aggregate across all discount categories.

Pharmacy Financial Guarantees
Retail Discount Reconciliation

The discount savings percentage will be calculated for Retail Drugs by dividing AWP less the ingredient cost for the drugs dispensed by the AWP for such drugs. The AWP and Ingredient Costs for MAC and Non MAC Generic Drugs will be combined for the purposes of the reconciliation.

$$\text{Discount Savings Percentage} = \frac{\text{AWP} - \text{Ingredient Cost}}{\text{AWP}}$$

Reconciliation: Pharmacy data from Aetna's data warehouse will be analyzed. If the Discount Savings Percentage for Retail Drugs realized by City of Fort Lauderdale is less than the applicable Pharmacy Discount Savings Guarantee, Aetna shall pay to City of Fort Lauderdale an amount equal to the percentage difference multiplied by the applicable total AWP for such drugs.

Compound drug claims, claims that process at U&C, direct member reimbursement (DMR) claims, and claims for products dispensed by Aetna Specialty Pharmacy are excluded from the discount guarantees. Aetna reserves the right to exclude claims for over-the-counter products, supplies, vaccines, workers compensation claims, and in-house pharmacy or 340b claims from the discount guarantees. Single Source Generics are excluded from the Retail Generic Discount Guarantee and included in the Retail Brand Discount Guarantee.

Specialty drugs dispensed at a retail pharmacy are included in the retail brand discount guarantees.

Pharmacy Financial Guarantees**Mail Order Discount Reconciliation**

The discount savings percentage will be calculated for Mail Order Drugs by dividing the AWP less the ingredient cost for the drugs dispensed by the AWP for such drugs. The AWP and Ingredient Costs for MAC and Non MAC Generic Drugs will be combined for the purposes of the reconciliation.

$$\text{Discount Savings Percentage} = \frac{\text{AWP} - \text{Ingredient Cost}}{\text{AWP}}$$

Reconciliation: Pharmacy data from Aetna's data warehouse will be analyzed. If the Discount Savings Percentage for Mail Order Drugs realized by City of Fort Lauderdale is less than the applicable Pharmacy Discount Savings Guarantee, Aetna shall pay to City of Fort Lauderdale an amount equal to the percentage difference multiplied by the applicable total AWP for such drugs.

Compound drug claims, claims that process at U&C, direct member reimbursement (DMR) claims, and claims for products dispensed by Aetna Specialty Pharmacy are excluded from the discount guarantees. Aetna reserves the right to exclude claims for over-the-counter products, supplies, vaccines, workers compensation claims, and in-house pharmacy or 340b claims from the discount guarantees. Single Source Generics are excluded from the Mail Order Generic Discount Guarantee and included in the Mail Order Brand Discount Guarantee.

Pharmacy Financial Guarantees

II. Rebate Guarantee

For the Contract Years January 1, 2017 through December 31, 2017, January 1, 2018 through December 31, 2018, January 1, 2019 through December 31, 2019, January 1, 2020 through December 31, 2020, January 1, 2021 through December 31, 2021 and January 1, 2022 through December 31, 2022 (each hereinafter referred to as a “Contract Year”), Aetna will pass through 100% of Rebates to City of Fort Lauderdale and guarantees that City of Fort Lauderdale shall receive the applicable minimum Rebate per script as indicated below:

Guaranteed Minimum			
Contract Year	Script Type	Minimum Guarantee Per Retail 30 & Retail 90 Day Script	Minimum Guarantee Per Mail Order Script
January 1, 2017 – December 31, 2017	Brand	\$70.50	\$189.00
January 1, 2018 – December 31, 2018	Brand	\$76.50	\$204.75
January 1, 2019 – December 31, 2019	Brand	\$84.00	\$224.75
January 1, 2020 – December 31, 2020	Brand	TBD in Year 3	TBD in Year 3
January 1, 2021 – December 31, 2021	Brand	TBD in Year 3	TBD in Year 3
January 1, 2022 – December 31, 2022	Brand	TBD in Year 3	TBD in Year 3

Guarantee Reconciliation: If, for any given Contract Year, the actual average Rebate per script paid to City of Fort Lauderdale is less than the applicable Rebate Guarantee specified in the table above, Aetna will pay to City of Fort Lauderdale an amount equal to the difference between the applicable Rebate Guarantee and the actual average Rebate per script paid to City of Fort Lauderdale, multiplied by the total number of applicable scripts during such Contract Year. Any additional Rebates collected by Aetna above the Rebate Guarantee amounts during the Contract Year will be passed through to City of Fort Lauderdale in accordance with the first paragraph of this Section II. For the purposes of this Rebate guarantee, retail scripts shall include Claims for services rendered by the Aetna Specialty Pharmacy.

Pharmacy data from Aetna’s systems will be analyzed. Collected Rebates will be released to City of Fort Lauderdale quarterly. Rebate allocations will be made within 180 days from the end of such allocation period. We pay rebates to qualified customers on a quarterly basis by claim wire credit. We base the determination of the quarterly rebate payment amounts on the following schedule:

- Rebate calculations related to the first quarter will start in August of the same year
- Rebate calculations related to the second quarter will start in November of the same year
- Rebate calculations related to the third quarter will start in February of the following year
- Rebate calculations related to the fourth quarter will start in May of the following year

Pharmacy Financial Guarantees

We typically make payments in the month following the rebate calculation. Rebates are not available for Claims arising from Participating Pharmacies dispensing Prescription Drugs subject to either their (i) own manufacturer rebate contracts or (ii) participation in the 340B Drug Pricing Program codified as Section 340B of the Public Health Service Act or other Federal government pharmaceutical purchasing program. City of Fort Lauderdale shall adopt the Aetna Formulary in order to be eligible to receive Rebates unless otherwise agreed upon by City of Fort Lauderdale and Aetna. Rebates are paid on Specialty Products dispensed through Participating Pharmacies and covered under the Plan. For the purposes of this guarantee, any penalty will be calculated based on the aggregate results across all rebate categories.

Pharmacy Financial Guarantees

III. Dispensing Fee Guarantee

For the Contract Years January 1, 2017 through December 31, 2017, January 1, 2018 through December 31, 2018, January 1, 2019 through December 31, 2019, January 1, 2020 through December 31, 2020, January 1, 2021 through December 31, 2021 and January 1, 2022 through December 31, 2022 (each hereinafter referred to as a “Contract Year”), Aetna will guarantee the Dispensing Fees set forth in the chart below.

	Retail Brand Per Script	Retail Generic Per Script	Mail Order Per Script
City of Fort Lauderdale’s RX Dispensing Fee	\$1.00 @ 30 Day \$0.90 @ 90* Day	\$1.00 @ 30 Day \$0.90 @ 90* Day	\$0.00

*90 Day at Retail utilizes the Extended Day Supply (EDS) network which consists of 68,000+ pharmacies.

Dispensing Fee Guarantees will be reconciled in aggregate across all dispensing fee categories.

Compound drug claims, claims that process at U&C, direct member reimbursement (DMR) claims, and claims for products dispensed by Aetna Specialty Pharmacy are excluded from the dispensing fee guarantees. Aetna reserves the right to exclude claims for over-the-counter products, supplies, vaccines, workers compensation claims, and in-house pharmacy or 340b claims from the dispensing fee guarantees.

On an annual basis, City of Fort Lauderdale will be provided dispensing fee reporting from Aetna’s data warehouse.

Pharmacy Financial Guarantees**IV. Important Information about Aetna's Pharmacy Benefit Management Services**

- A. Customer acknowledges that from time to time, Aetna receives other payments from Prescription Drug manufacturers and other organizations that are not Prescription Drug Formulary Rebates and which are paid separately to Aetna or designated third parties (e.g., mailing vendors, printers). These payments are to reimburse Aetna for the cost of various educational programs. These programs are designed to reinforce Aetna's goals of maintaining access to quality, affordable health care for Plan Participants and Customers. These goals are typically accomplished by educating physicians and Plan Participants about established clinical guidelines, disease management, appropriate and cost-effective therapies, and other information. Aetna may also receive payments from Prescription Drug manufacturers and other organizations that are not Prescription Drug Formulary Rebates as compensation for bona fide services it performs, such as the analysis or provision of aggregated information regarding utilization of health care services and the administration of therapy or disease management programs.

These other payments are unrelated to the Prescription Drug Formulary Rebate arrangements, and serve educational as well as other functions. Consequently, these payments are not considered Rebates, and are not included in the Rebates provided to Customer, if any.

- B. Customer acknowledges that in evaluating clinically and therapeutically similar Prescription Drugs for selection for the Formulary, Aetna reviews the costs of Prescription Drugs and takes into account rebates negotiated between Aetna and Prescription Drug manufacturers. Consequently, a Prescription Drug may be included on the Formulary that is more expensive than a non-Formulary alternative before any Rebates Aetna may receive from a Prescription Drug manufacturer are taken into account. In addition, certain Prescription Drugs may be chosen for Formulary status because of their clinical or therapeutic advantages or level of acceptance among physicians even though they cost more than non-Formulary alternatives. The net cost to a self-funded plan sponsor for covered prescriptions will vary based on (i) the terms of Aetna's arrangements with Participating Pharmacies; (ii) the amount of the Plan Participant's copayment, coinsurance or deductible obligation under the terms of the plan; and (iii) the amount, if any, of Rebates to which Customer is entitled under its agreement with Aetna. As a result, a self-funded plan sponsor's actual claim expense per prescription for a particular Formulary Prescription Drug may in some circumstances be higher than for a non-Formulary alternative.

Pharmacy Financial Guarantees

- In prescription plans with copayment or coinsurance tiers, use of Formulary Prescription Drugs generally will result in lower costs to Plan Participants. However, where the prescription plan utilizes copayments or coinsurance calculated on a percentage basis, there could be some circumstances in which a Formulary Prescription Drug would cost the Plan Participant more than a non-Formulary Prescription Drug because (i) the negotiated Participating Pharmacy payment rate for the Formulary Prescription Drug may be more than the negotiated Participating Pharmacy payment rate for the non-Formulary Prescription Drug, and (ii) Rebates received by Aetna from Prescription Drug manufacturers do not reduce the amount a Plan Participant pays to the pharmacy for an individual prescription drug.
- C. The charges that Aetna negotiates with Aetna Rx Home Delivery (“MOD”) may be higher than the cost MOD pays for Prescription Drugs and the cost of the fulfillment services it provides. For these purposes, MOD’s cost of purchasing Prescription Drugs takes into account discounts, credits and other amounts that it may receive from wholesalers, manufacturers, suppliers and distributors.
- D. The Retail Brand and Generic Discounts and Dispensing Fees guaranteed hereunder may or may not be equal to the actual discounts and fees negotiated and paid by Aetna to the Participating Pharmacies. The Retail Brand and Generic Discounts and Dispensing Fees may result in either a positive or negative margin for Aetna. Any positive margin may be retained by Aetna. Any negative margin will not be recouped by Aetna from City of Fort Lauderdale.

Pharmacy Financial Guarantees

V. Conditions of Guarantees

The following conditions apply to these guarantees:

- These guarantees only apply to Claims under managed prescription drug benefits to be administered by Aetna, and will remain in force during the Contract Year.
- Aetna reserves the right to make appropriate changes to these guarantees if there are any changes to the current or proposed benefit plans and plan design. We have assumed that Aetna's Premier Plus formulary will be used.
- Brand Drug claims are expected to represent 15.1% of the total pharmacy Claims and MOD Claims are expected to represent 7.0% of the total pharmacy Claims. Aetna may revisit the structure or conditions of these guarantees if the overall brand or MOD utilization decreases by more than 15% from these assumptions.
- A total of 1,625 employees are expected to be enrolled in Aetna's pharmacy product. Aetna may revisit the structure or conditions of this guarantee if there are any significant changes in the population (i.e. geographic, demographic, or eligible mix) or if the number of lives changes by +/- 15% from what was assumed.
- Aetna reserves the right to make appropriate changes to these guarantees if there are any significant changes in the composition of Aetna's pharmacy network or in Aetna's pharmacy network contract compensation rates, or the structure of the pharmacy stores/chains/vendors that are contracted with Aetna, including but not limited to disruption in the retail pharmacy delivery model, and bankruptcy of a chain pharmacy.
- Aetna reserves the right to revise these guarantees if (a) there is a change in government laws or regulations which have a significant impact on pharmacy claim costs, or (b) any material manufacturer rebate contracts with Aetna are terminated or modified in whole or in part, or (c) there is any legal action or Law that materially affects or could materially affect the manner in which Aetna administers the rebate program, or if an existing Law is interpreted so as to materially affect or potentially have a material affect on Aetna's administration of the program, or (d) there is a material change in the assumptions used to develop this quote, including but not limited to customer's expected drug utilization, plan design, average days' supply by distribution channel, alignment with proposed formulary(ies) and associated formulary management programs (where applicable), and utilization of Hepatitis C or other specialty drug products.

Pharmacy Financial Guarantees

- Aetna reserves the right to modify its products, services, and fees, and to recoup any costs, taxes, fees, or assessments, in response to legislation, regulation or requests of government authorities. Any taxes or fees (assessments) applied to self-funded benefit plans related to The Patient Protection and Affordable Care Act (PPACA) will be solely the obligation of the plan sponsor. The pharmacy pricing that Aetna is presenting does not include any such plan sponsor liability.
- If (a) City of Fort Lauderdale terminates the Agreement prior to the date the APM rebate credit is issued, or (b) the Agreement is terminated by Aetna for City of Fort Lauderdale's failure to meet its obligations to fund benefits or pay administrative fees (medical or APM) under the Agreement, Aetna will be entitled to deduct deferred administrative fees or other plan expenses due to the termination date from any rebate credit due City of Fort Lauderdale following the termination date.
- If the Aetna Pharmacy Management (APM) is terminated by City of Fort Lauderdale prior to December 31, 2022, Aetna will retain any rebates earned but unpaid as of the APM cancellation date. If there is a loss of enrollment greater than 15% after year 1, Aetna will retain the earned but unpaid rebates on this enrollment loss by taking the total rebates divided by the total number of employees multiplied by the number of employees that have left Aetna. This calculation of Rebate retention is applicable to subsequent losses of enrollment and not subject to a one-time event. The pharmacy financial and service guarantees are considered met in the final year that City of Fort Lauderdale is in force prior to an Early Termination and there will not be any partial-year reconciliation of financial or service guarantees (termination for purposes of this condition is defined as 50 percent or greater membership reduction from the membership we assumed in this offer).
- These guarantees are reconciled independently from each other and results from each guarantee do not have an impact on the reconciliation of others.

Pharmacy Financial Guarantees

VI. Definitions

When used in these Aetna Pharmacy Management Financial Guarantees, capitalized terms shall have the following meanings except as otherwise defined:

“Average Wholesale Price” or “AWP” means the average wholesale price of a Prescription Drug as identified by Medispan (or other drug pricing service determined by Aetna). The applicable AWP for Prescription Drugs filled in (a) any Participating Pharmacy other than a mail service pharmacy will be the AWP on the date the drug was dispensed for the NDC for the package size from which the drug was actually dispensed, and (b) any mail service Participating Pharmacy will be the AWP on the date the drug was dispensed for the 11-digit NDC for the package size from which the drug was actually dispensed.

“Brand Drug” means a Prescription Drug with a proprietary name assigned to it by the manufacturer and distributor. Brand Drug does not include those drugs classified as a Generic Drug hereunder.

“Calculated Ingredient Cost” means the lesser of:

- a. AWP less the applicable percentage Discount;
- b. MAC; or
- c. U&C Price.

The Calculated Ingredient Cost does not include the Dispensing Fee, the Cost Share or sales tax, if any.

“Claim” or “Claims” means any electronic or paper request for payment or reimbursement arising from a Participating Pharmacy providing Covered Services to a Plan Participant.

“Discount” means the Calculated Ingredient Cost rate or MAC to be charged by Aetna to Customer for Prescription Drugs. The Discount excludes the Dispensing Fee, Cost Share and sales tax, if any.

“Dispensing Fee” means an amount agreed by Customer and Aetna in consideration of the costs associated with a Participating Pharmacy dispensing medication to a Plan Participant.

“DMR Claim” means a direct member (Plan Participant) reimbursement claim.

“Generic Drug” means a Prescription Drug, whether identified by its chemical, proprietary, or non-proprietary name that (a) is accepted by the U.S. Food and Drug Administration as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient, or (b) is deemed by Aetna to be pharmaceutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient.

Pharmacy Financial Guarantees

“Law” means any law, statute, rule, regulation, ordinance and other pronouncement having the effect of law of the United States of America, any foreign country or any domestic or foreign state, county, city or other political subdivision, or of any governmental or regulatory body, including without limitation, any court, tribunal, arbitrator, or any agency, authority, official or instrumentality of any governmental or political subdivision.

“Maximum Allowable Cost” or **“MAC”** means the cost basis for reimbursement established by Aetna, as modified from time to time, for the same dose and form of Generic Drugs which are included on Aetna’s applicable MAC List.

“MAC List(s)” means the lists of MAC payment schedules for Prescription Drugs, devices and supplies identified as readily available as a Generic Drug or generally equivalent to a Brand Drug (in which case the Brand Drug may also be on the MAC List) and developed and maintained or selected by Aetna and that, in each case, are deemed to require or are otherwise capable of pricing management due to the number of drug manufacturers, utilization and/or pricing volatility.

“On-Line Claim” means a claim that (i) meets all applicable requirements, is submitted in the proper timeframe and format, and contains all necessary information, and (ii) is submitted electronically for payment to Aetna by a Participating Pharmacy as a result of provision of Covered Services to a Plan Participant.

“Participating Pharmacy” means a Participating Retail Pharmacy, Aetna Mail Order Pharmacy or Aetna Specialty Pharmacy.

“Prescription Drug” means a legend drug that, by Law, cannot be sold without a written prescription from an authorized Prescriber. For purposes of this Agreement, insulin, certain supplies, and devices shall be considered a Prescription Drug.

“Rebates” shall mean certain monetary distributions made to Customer by Aetna under the pharmacy benefit and funded from retrospective amounts paid to Aetna (i) pursuant to the terms of an agreement with a pharmaceutical manufacturer, (ii) in consideration for the inclusion of such manufacturer’s drug(s).

“Single Source Generics” means those generics having fewer than two FDA-approved Abbreviated New Drug Application (ANDA) manufacturers (not including any "authorized generics"), or alternatively generic drugs for which there is insufficient inventory and/or competition to supply market demand.

Demonstrating Value Scorecard Guarantee

General Performance Guarantee Provisions

Aetna Life Insurance Company, on behalf of itself and its affiliates (“Aetna”, “our” or “we”) provides health benefits administration and other services (set forth in this document) for the self-funded Aetna medical plans operated on behalf of City of Fort Lauderdale (also “you” or “your”).

Performance Objectives

We believe that measuring the activities described below is an important indicator of how well we service your account. To reinforce your confidence in our ability to administer your program, we are offering guarantees for you Care Management Programs, which include:

- Aetna Health ConnectionsSM - Disease Management
- Member Satisfaction Surveys
- Case Management and Utilization Management

You may receive reporting throughout the year relative to utilization or operational data. The data contained in those reports may differ from the actual performance guarantee results due to the timing of the reports and/or auditing of performance guarantee results.

Demonstrating Value Scorecard Guarantee

Guarantee Period

The guarantee period shall be represented as a one-year guarantee for the implementation of the programs and the year immediately following the implementation such as January 1, 2017 through December 31, 2017 and then shall be on an annual basis thereafter, upon the mutual agreement of the parties (hereinafter “guarantee period”).

The performance guarantees shown below will apply to the incremental costs for each of the programs administered under the Administrative Services Only arrangement (through a ‘Services Agreement’ or ‘Master Services Agreement’, as the case may be, but each hereinafter referred to as ‘Agreement’). The incremental costs for each of the programs are represented in the “amount at risk” column on the scorecard on page 2. These guarantees do not apply to non-Aetna benefits or networks.

Performance guarantees described herein will not apply if Agreement termination occurs prior to the end of the guarantee period. Performance guarantees are subject to enrollment requirements outlined below.

Changes in Clinical Practice Guidelines

Medical knowledge is dynamic and as research progresses the recommendations for evidence-based clinical guidelines change. Such changes may involve:

- A test, service or medication is no longer recommended
- A change in the frequency or intensity of a test or service, or dosage of a medication
- A change in the clinical goal or target
- A change in the specifications for the denominator population

When a recognized national organization changes clinical practice guidelines that impact performance guarantees, we reserve the right to amend or eliminate the performance guarantees. This is necessary because physicians will start to manage their patients in accordance with the revised guidelines. If a test, service or medication is no longer recommended, then the performance guarantee will be eliminated since we cannot recommend to physicians and patients to have a test done or take a medication that is no longer recommended. When the service continues to be recommended, but at a different frequency or with a new target, we will modify the associated metric accordingly.

We will notify you when such changes are being made. It may be necessary to recalculate performance for the baseline year to reflect changes in clinical target or specifications for denominator population. This is required to accurately calculate improvement from baseline.

Demonstrating Value Scorecard Guarantee

Demonstrating Value Scorecard Guarantee Maximum

We will place at risk up to \$6.73 PEPM of the collected Care Management programs guarantee period administrative service fees. The Care Management guarantee period administrative service fees will be calculated at the end of the respective guarantee period and will be based on the total number of your employees enrolled in the underlying medical plans that also offer the services of the programs for each guarantee period.

Aggregate Guarantee Maximum

In no event will the total collected administrative service fees be adjusted by more than 30.0% of actual collected fees due to the results of this guarantee and all other guarantees combined. "Collected fees" means those fees collected for the guarantee period as of the time of the final reconciliation of the guarantee.

Financial Conditions

We reserve the right to revise or remove the guarantee if any of the following conditions are not met:

- Actual Aetna enrollment increases or decreases by 10% or more.
- MedQuery® is an essential component of the disease management and must be included.
- Medical and pharmacy programs are administered by Aetna. If you utilize an external vendor for onsite biometric screenings or other wellness programs, we will receive those external feeds, when data being collected by the external vendor has a material impact on the results of the performance guarantees outlined in this agreement.
- Members enrolled in the medical and pharmacy plan(s) are also enrolled in the Aetna Health Connections Disease Management Program. Under age retiree 65 population is structured separately from the over age 65 Medicare prime population for accounting/reporting purposes with Aetna, as this guarantee excludes populations that are over age 65 with Medicare primary.
- The average member age of your enrolled Aetna medical plan participants is greater than 34.
- Your member/employee ratio is at least 2:1.

Demonstrating Value Scorecard Guarantee

- Member eligibility (complete, accurate and viable enrollment data; including member phone numbers) is fully loaded in Aetna's eligibility system 35 days prior to effective date.
- We currently have or will receive a minimum of 24 months of prior carrier medical and pharmacy experience.
- For Aetna Health Connections Disease Management and/or MedQuery, medical claim and pharmacy history must be received by us in our stated acceptable format for data feeds within 45 days of the program effective date. If we do not receive acceptable file feeds within 45 days of the programs effective date, then the basis of the guarantee will be book-of-business results for the guarantee period.
- For Aetna Health Connections Disease Management and/or MedQuery Return on Investment (ROI), if program termination occurs within 180 days after the guarantee period, we reserve the right to revert the basis of the guarantee to concurrent book-of-business results rather than customer-specific results.

Refund Process

We will provide you with final results for the scorecard when reporting is available after the end of the respective guarantee period. Reporting that outlines associated savings for the contract period is estimated to be available at the end of the third quarter following the close of the respective guarantee period. If the guarantees have not been met, at City of Fort Lauderdale's sole discretion, Aetna shall (1) provide a cash payment to City of Fort Lauderdale for the amount due as a result of Aetna's non-compliance within thirty (30) days of City of Fort Lauderdale's receipt of such results or (2) reduce the following month(s)'s administrative fee payment by the amount due by City of Fort Lauderdale. In no event will more than 100% of collected Care Management Program fees be refunded.

Demonstrating Value Scorecard Guarantee**Termination Provisions**

Termination of the guarantee obligations shall become effective upon written notice by us in the event of the one of the following occurrences:

- i. A material change in the plan initiated by you or by legislative action that impacts the claims adjudication process, member services functions, medical management or network management
- ii. Failure to meet your obligations to pay administrative service fees or fund claim payment wires under the Agreement
- iii. Failure to meet your administrative responsibilities (for example, a submission of incorrect or incomplete eligibility information)

These guarantees will not apply if you:

- Terminate any of the applicable programs prior to the end of the guarantee period.
- Terminate your Aetna medical plan in whole or in part (defined as a 50 percent or greater membership reduction from the membership we assumed in this proposal) prior to the end of the guarantee period, December 31, 2017.

Demonstrating Value Scorecard Guarantee**Aetna Health ConnectionsSM – Disease Management Program (AHC – DM)****AHC-DM Return on Investment (ROI)**

Guarantee: We will guarantee that the savings associated with the Disease Management Program will be equal to two times the Disease Management guarantee period administrative service fee of \$4.20 per employee, per month (PEPM) to a maximum of the total fee. The guarantee will be reconciled annually using an appropriate combination of an avoided cost methodology for resolved Care Considerations and results from Aetna's most current Disease Management Program evaluation. The AHC DM HEM and CC report will be used to reconcile this guarantee annually. Book of business results will be used.

Penalty/Measurement: The guarantee will be reconciled annually using an appropriate combination of an avoided cost methodology for resolved Care Considerations and results from Aetna's most current Disease Management evaluation. Aetna is willing to place 100 percent of the Disease Management and MedQuery guarantee period administrative service fees at risk. There is no penalty should the ratio of savings to program costs be greater than a 2:1 ratio. If the ratio of achieved savings to the total service fees paid for Disease Management and MedQuery is less than a 2:1 ratio, Aetna will reduce its compensation to ensure City of Fort Lauderdale will save two times the service fees paid for these programs. There will be a maximum reduction of one times the combined Disease Management and MedQuery guarantee period administrative service fees.

If the guarantee period administrative fees for the Disease Management and MedQuery program are \$150,000 we will guarantee that the guarantee period Disease Management and MedQuery program savings will be two times the fees paid. If actual guarantee period Disease Management and MedQuery program savings are \$200,000, the guarantee period administrative fee reduction would be \$50,000. This \$50,000 reduction would lower the service fees paid to \$100,000 resulting in a 2:1 ratio of program savings to program costs.

Demonstrating Value Scorecard Guarantee

AHC-DM Opt Out Rate

Guarantee: We will guarantee an opt out rate of no more than 5 percent in our AHC-DM program. Opt out is defined as:

$$\frac{\text{Members who opt out during a telephone call}}{\text{Total number of members identified for the DM Program}}$$

The Aetna Health Connections Disease Management Activity reports will be used to reconcile this guarantee annually. Results are calculated on a book of business basis.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for this metric as follows:

- > 10 percent - We return 100 percent of the fee allocated to this component
- <10 percent, but > 5 percent – We return 50 percent of the fee allocated to this component

AHC-DM Nurse Engagement Rate

Guarantee: We will guarantee an engagement rate of 50 percent or better in its AHC-DM program. Engagement is defined as:

$$\frac{\text{Cumulative RN engaged YTD}^*}{\text{All members with outreach completed minus UTR}^{**}}$$

* Includes unique cumulative members who participated in the highest level of intervention (nurse engagement) during the year

** Includes all unique cumulative members reached. (Calculation: enrolled w/RN engagement + supportive engagement)

The metric does not include unable-to-reach (UTR) members. Appropriate performance guarantee reports will be used to reconcile this guarantee annually. Results are calculated on a book of business basis.

Demonstrating Value Scorecard Guarantee

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for this metric as follows:

- < 40 percent - We return 100 percent of the fee allocated to this component
- 40 percent, but < 50 percent - We return 50 percent of the fee allocated to this component

AHC-DM Sustained Nurse Engagement

Guarantee: A minimum of 60 percent nurse-engaged participants will complete a minimum of 3 nursing calls. This excludes members moved to the quarterly call program and those members that were identified in the last quarter. Results are calculated on a book of business basis.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for this metric as follows:

- < 50 percent - We return 100 percent of the fee allocated to this component
- 50 percent, but < 60 percent - We return 50 percent of the fee allocated to this component

AHC-DM Depression Screening

Guarantee: We will guarantee that 90 percent of members 18 years or older enrolled that agree to engage in the DM Program will be screened for depression. Results are calculated on a book of business basis.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for this metric as follows:

- < 85 percent - We return 100 percent of the fee allocated to this component
- 85 percent, but < 90 percent - We return 50 percent of the fee allocated to this component

Demonstrating Value Scorecard Guarantee

Clinical Performance

Guarantee: We will guarantee to maintain and/or improve the compliance levels of clinical outcomes for members identified with certain conditions. The clinical guarantees assume that Aetna receives 24 months of prior carrier medical and pharmacy data to set a baseline for the guarantees. This medical and pharmacy data will be loaded into Aetna systems and the Care Engine. Member claim data must be present for 10 months in the prior carrier data to be considered for the clinical guarantee metrics. The guaranteed targets for 2017 are as follows:

- Diabetic members –Diabetic members receiving an HbA1c test in the past 12 months.
 - All diabetic members participating in the AHC-DM Program for a minimum of 6 months during the current guarantee period will achieve a minimum 5 percent improvement in the difference between the baseline compliance rate and the target compliance rate, up to 75 percent target compliance level, at which point the guarantee will be to maintain the target compliance.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for this guarantee as follows:

- If we achieve the target compliance level of 75%, we return none of the fee.
- If we do not achieve the target compliance level of 75% but do achieve a minimum five percent improvement between the baseline rate and the target rate, we return none of the fee.
- If neither of these conditions is met, we will return \$0.10 per employee, per month.

Demonstrating Value Scorecard Guarantee

- Asthmatic members –Asthmatic members using appropriate controller medications in the past 12 months.
 - All persistent asthmatic members participating in the AHC DM program for a minimum of 11 months during the current guarantee period and identified as a persistent asthmatic for at least 6 months will achieve a minimum 5 percent improvement in the difference between the baseline compliance rate and the target compliance rate, up to an 80 percent target compliance level, at which point the guarantee will be to maintain the target compliance.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for this guarantee as follows:

- If we achieve the target compliance level of 80%, we return none of the fee.
- If we do not achieve the target compliance level of 80% but do achieve a minimum five percent improvement between the baseline rate and the target rate, we return none of the fee.
- If neither of these conditions is met, we will return \$0.10 per employee, per month

Reconciliation example:

If your baseline compliance rate is 50 percent and the target compliance rate for the metric is 70 percent, the guarantee will be to improve the rate from the current 50 percent to 51 percent in the following year $[(70 \text{ percent} - 50 \text{ percent}) * 5 \text{ percent}]$.

The Aetna book-of-business results will be used to reconcile the guarantee. All clinical outcome improvement guarantees will be reconciled annually using the Aetna Health Connections Disease Management Clinical Outcomes Report.

Demonstrating Value Scorecard Guarantee

Case Management and Utilization Management

Case Management Return on Investment

Guarantee: We will guarantee that the savings associated with case management will be equal to one and a half times the case management guarantee period administrative service fee \$0.91 per-employee, per-month (PEPM). Self-funded book-of-business results will be used to reconcile the guarantee annually using Aetna's most current annual Case Management ROI Study. Results are available on a calendar year basis only.

Penalty and Measurement Criteria: We will place \$0.31 per employee, per month of the guarantee period administrative service fees at risk for this metric.

Precertification Return on Investment

Guarantee: We will guarantee that the savings associated with precertification will be equal to two times the precertification guarantee period administrative service fee of \$0.61 per-employee, per-month (PEPM) to a maximum of the total fee. Self-funded book-of-business results will be used to reconcile the guarantee annually using Aetna's latest full year National Precertification ROI Report. Results are available on a calendar year basis only.

Penalty and Measurement Criteria: We will place \$0.31 per employee, per month of the guarantee period administrative service fees at risk for this metric.

Concurrent Review Return on Investment

Guarantee: We will guarantee that the savings associated with concurrent review will be equal to two times the concurrent review guarantee period administrative service fee of \$1.01 per-employee, per-month (PEPM) to a maximum of the total fee. Self-funded book-of-business results will be used to reconcile the guarantee annually using Aetna's most current annual Concurrent Review ROI Study. Results are available on a calendar year basis only.

Penalty and Measurement Criteria: We will place \$0.31 per employee, per month of the guarantee period administrative service fees at risk for this metric.

Demonstrating Value Scorecard Guarantee

Engaged of Reached Rate

Guarantee: We will guarantee an engagement rate of 85 percent or better of those we are successful in reaching in our Case Management Program. Engagement is defined as:

$$\frac{\text{Cumulative nurse engaged year-to-date}^*}{\text{All members with outreach minus the unable-to-reach}^{**}}$$

* The numerator is calculated as nurse engaged (member or provider) participation level

** The denominator is calculated as all members targeted for nurse engagement and reached; excludes unable to reach.

Results are calculated on a self-insured book-of-business basis.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for our Case Management Engaged of Reached Rate guarantee as follows:

- < 70 percent - We return 100 percent of the fee allocated to this component
- 70 percent, but < 80 percent - We return 50 percent of the fee allocated to this component
- 80 percent, but < 85 percent - We return 20 percent of the fee allocated to this component

Discharge Planning

Guarantee: We will guarantee that 95 percent of cases targeted for discharge planning will have activity documented in Aetna Total Clinical View (ATV). Members managed by other clinical areas (for example, Beginning Right maternity) would be managed separately and are not included in this guarantee. Self-insured book-of-business results will be used to reconcile the guarantees annually using the appropriate performance guarantee report.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for our Discharge Planning guarantee as follows:

- < 80 percent - We return 100 percent of the fee allocated to this component
- 80 percent, but < 90 percent - We return 50 percent of the fee allocated to this component
- 90 percent, but < 95 percent – We return 20 percent of the fee allocated to this component

Demonstrating Value Scorecard Guarantee

Case Management Plan

Guarantee: We will guarantee that 98 percent of cases accepted for case management will have a documented case management plan within 12 business days of the start of the event. Members managed by other clinical areas (for example, Beginning Right maternity) would be managed separately and are not included in this guarantee. Self-insured book-of-business results will be used to reconcile the guarantees annually using the appropriate performance guarantee report.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for our Case Management Plan guarantee as follows:

- < 83 percent - We return 100 percent of the fee allocated to this component
- 83 percent, but < 93 percent - We return 50 percent of the fee allocated to this component
- 93 percent, but < 98 percent - We return 20 percent of the fee allocated to this component

Post Discharge Call

Guarantee: After an inpatient hospitalization, we will guarantee an outreach call to 90 percent of members identified for case management and discharged to home. We will update our records within 7 business days following the member's documented discharge date to home. This guarantee excludes maternity, newborns, behavioral health, coordination of benefits (COB), Medicare, skilled nursing facility (SNF), transplants (members managed through the National Medical Excellence Program[®]), and rehabilitation admissions. This assumes timeliness of notification of a discharge by a facility provider (defined as notification of discharge within 48 hours or first business day, whichever is sooner). Self-insured book-of-business results will be used to reconcile the guarantee annually using the appropriate performance guarantee report.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for our Post Discharge Outbound Call Rate guarantee as follows:

- < 75 percent - We return 100 percent of the fee allocated to this component
- 75 percent, but < 85 percent - We return 50 percent of the fee allocated to this component
- 85 percent, but < 90 percent - We return 20 percent of the fee allocated to this component

Demonstrating Value Scorecard Guarantee

Case Management Pulse Screening

Guarantee: We will guarantee a 95 percent screening rate of members with a PULSE score of 13 or more with two or more actionability flags (for example, noncompliance of chronic medical therapy, recent high ER or inpatient facility usage, high nonpar \$\$, etc.). Self-insured book-of-business results will be used to reconcile the guarantee annually using the appropriate performance guarantee report.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for our Case Management Screening Rate guarantee as follows:

- < 80 percent - We return 100 percent of the fee allocated to this component
- 80 percent, but < 90 percent - We return 50 percent of the fee allocated to this component
- 90 percent, but < 95 percent - We return 20 percent of the fee allocated to this component

Case Management High Claimant Screening

Guarantee: We will guarantee that 95 percent of all unique members with claims in excess of \$75,000 will have at least one Patient Management intervention (except actions related solely to hospital care) along the continuum of care, as evidenced by case management screening, and/or enrollment in Aetna's Disease Management Program, and/or participation in the National Medical Excellence Program[®] (NME) and/or through pre-or post-hospitalization outbound call attempts. Self-insured book-of-business results will be used to reconcile the guarantee annually using the appropriate performance guarantee report.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for our High Claimant Screening Rate guarantee as follows:

- < 80 percent - We return 100 percent of the fee allocated to this component
- 80 percent, but < 90 percent - We return 50 percent of the fee allocated to this component
- 90 percent, but < 95 percent - We return 20 percent of the fee allocated to this component

Demonstrating Value Scorecard Guarantee

Utilization Management Touch Rate

Guarantee: We will guarantee that 90 percent of all inpatient stays, excluding non-high-risk maternity stays, will be touched by at least one Utilization Management (UM) program. Self-insured book-of-business results will be used to reconcile the guarantee annually using the appropriate performance guarantee report.

Note: We offer several utilization management programs for members who have been (or will be) admitted to a hospital. A patient may have any, all or none of the programs extended based on a variety of criteria. Despite the possibility of having more than one program administered for a single inpatient stay, the utilization management touch rate only reflects a single program or "touch" by our nurses. For example, if member 1 had concurrent review, member 2 had concurrent review and discharge planning, and member 3 had no programs, then the touch rate would be 2 touched members divided by 3 inpatient stays, or 66.7 percent.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for our Utilization Management Touch Rate guarantee as follows:

- < 80 percent - We return 100 percent of the fee allocated to this component
- 80 percent, but < 85 percent - We return 50 percent of the fee allocated to this component
- 85 percent, but < 90 percent - We return 20 percent of the fee allocated to this component

Depression Screening

Guarantee: We will guarantee that 90 percent or more of members 18 years or older that agree to engage in the Case Management program will be screened for depression. Self-insured book-of-business results for Case Management will be used to reconcile the depression screening guarantee annually using the appropriate performance guarantee report.

Penalty and Measurement Criteria: We will place \$0.10 per employee, per month of the guarantee period administrative service fees at risk for this metric as follows:

- < 85 percent - We return 100 percent of the fee allocated to this component
- 85 percent, but < 90 percent - We return 50 percent of the fee allocated to this component

Demonstrating Value Scorecard Guarantee

Member Satisfaction Surveys

We will guarantee an overall positive response rate of 90 percent or better on medical management program surveys administered during the guarantee period. The survey assumes a 5 point scale with the top 3 responses viewed as positive. Member satisfaction surveys will be administered for each individual program and then averaged equally across the surveys to derive one overall member satisfaction survey result for 2017 (for instance, for a customer offering 3 surveys, each result would be blended equally 33.3%). The surveys will be administered on a book-of-business basis. Results are available on a calendar year basis only.

A minimum of 2 member satisfaction surveys must be administered. The survey results must be blended together to derive one member satisfaction rate that will apply to all surveys administered. For example: the AHC-DM survey generates a 92 percent satisfaction level and the Informed Health Line survey generates an 88 percent satisfaction level. The guarantee would be considered “met,” as the blended average is 90 percent.

Penalty and Measurement Criteria (for all member satisfaction surveys combined): Member satisfaction surveys will be administered for each individual program and then averaged equally across the surveys to derive one overall member satisfaction survey result for 2017. If the combined result is less than 90%, we will pay \$0.20 per employee, per month of the guarantee period administrative service fees back to the customer.

Aetna Health Connections – Disease Management Program Participant Satisfaction

Guarantee: We will guarantee a blended positive response rate of 90 percent or better on the program surveys administered during the guarantee period. The survey assumes a 5 point scale with the top 3 responses viewed as positive. The survey is based on a statistically valid, randomly selected sample size of AHC-DM participants ages 18 to 64.

Informed Health[®] Line Program Participant Satisfaction

Guarantee: We will guarantee a blended positive response rate of 90 percent or better on the program surveys administered during the guarantee period. The survey assumes a 5 point scale with the top 3 responses viewed as positive. The survey is based on a statistically valid, randomly selected sample size of Informed Health Line participants ages 18 to 64.

Case Management Program Participant Satisfaction

Guarantee: We will guarantee a blended positive response rate of 90 percent or better on the program surveys administered during the guarantee period. The survey assumes a 5 point scale with the top 3 responses viewed as positive. The survey is based on a statistically valid, randomly selected sample size of case management participants ages 18 to 64

Aetna Wellness Premier Bundle Guarantees

General Performance Guarantee Provisions

Aetna Life Insurance Company (ALIC) provides health benefits administration and other services for the self-funded Aetna Choice[®] POS II, Aetna SelectSM and Aetna HealthFund[®] (AHF) medical plans. The services set forth in this document will be provided by ALIC (hereinafter “Aetna”).

Performance Objectives

We believe that measuring the activities described below are important indicators of how well we service City of Fort Lauderdale. We are confident that the Roadmap to Wellness programs provided to City of Fort Lauderdale will meet their high standards of performance. To reinforce City of Fort Lauderdale’s confidence in our ability to administer their program, we are offering guarantees for the Premier Wellness Package.

Guarantee Period

The Premier Wellness Package guarantees described herein will be effective for a period of 12 months and will run from **January 1, 2017 to December 31, 2017** (hereinafter “guarantee period”). The guarantees shown below will apply to the Aetna Choice[®] POS II, Aetna SelectSM and Aetna HealthFund[®] (AHF) medical plans administered under the Master Services Only Agreement (“Services Agreement”) which include the Premier Wellness Package. These guarantees **do not** apply to non-Aetna benefits or networks.

Performance guarantees described herein will not apply to the guarantee period if Service Agreement termination is before the end of the guarantee period.

Aggregate Maximum

In total, we agree to place the guarantee period medical fees at risk through the wellness package guarantees outlined in this document. The guarantee period administrative service fees will be calculated at the end of the guarantee period and will be based on the total number of employees actually enrolled in the underlying Aetna Choice POS II, Aetna Select and AHF Medical plans that also offer the Premier Wellness Package throughout the guarantee period. In no event will fees be adjusted by more than **30%** due to the results of this guarantee and all other guarantees combined.

Aetna Wellness Premier Bundle Guarantees**Termination Provisions**

Termination of the guarantee obligations shall become effective upon our written notice in the event of the occurrence of (i), (ii) or (iii) below:

- (i) A material change in the plan initiated by City of Fort Lauderdale or by legislative action that impacts the claim adjudication process, member service functions, medical management, or network management.
- (ii) Failure of City of Fort Lauderdale to meet its obligations to remit administrative service fees or fund the City of Fort Lauderdale bank account as stipulated in the General Conditions Addendum of the Services Agreement.
- (iii) Failure of City of Fort Lauderdale to meet their administrative responsibilities (e.g., a submission of incorrect or incomplete eligibility information).

No guarantees shall apply for a guarantee period during which the Services Agreement is terminated by City of Fort Lauderdale or by us.

Refund Process

At the end of each guarantee period and after final results are available, we will compile its results for the Wellness Package guarantees. If necessary, we will provide a "lump sum" refund for any penalties incurred by us.

Aetna Wellness Premier Bundle Guarantees**Self-Funded Premier Wellness Package Guarantee****City of Fort Lauderdale's commitment:**

- Health Assessment completion – 50%
- Biometric Screening Participation – 50%
- Disease Management Engagement – 50%

Claim Target Guarantee: If the plan sponsor achieves the above requirements at the time the renewal projection is developed, we will guarantee that claims in the second contract year will not exceed 105% of the renewal claim projection. The renewal claim projection will include a 2% reduction off published trend for the Premier Package.

Premier Package – We will return 3% of fees at risk for every 1% of claims that are above the target, up to 15% of total medical fee.

Reconciliation: Our program reports will determine achievement of minimum participation requirements shown in City of Fort Lauderdale's commitment section above. The guarantee will be reconciled over a 12-month period and we will pay any amount due because of this guarantee at the time of the account's second annual reconciliation.

Aetna Wellness Premier Bundle Guarantees**Definitions:**

- **Health Assessment Completion percentage** – Calculated as the number of individual employees who (1) newly complete an Aetna health assessment or (2) update an existing health assessment during the measurement period, divided by the total average enrolled employee population for the measurement period.
- **Biometric Screening Participation percentage** – Calculated as the number of individual employees who participate in biometric screenings during the measurement period, divided by the total average enrolled employee population for the measurement period. The biometric screening must be either Summit Health's or Quest's fasting or non-fasting screenings or conducted through a physician. It must also be a combination of blood pressure; HDL or LDL; and ether BMI, waist size or weight.
- **Disease Management Engagement percentage** – Calculated as:

Cumulative RN Engaged YTD*

All members with outreach completed minus Unable to Reach (UTR)**

* Includes unique cumulative members who participated in the highest level of intervention (nurse engagement) during the year

** Includes all unique cumulative members reached. (Calculation: Enrolled w/RN Engagement + Supportive Engagement)

Aetna Wellness Premier Bundle Guarantees**Financial Conditions:**

- If actual enrollment exceeds or decreases by 10%, we retain the right to revise the performance guarantee. Guarantee assumes at least 300 eligible subscribers.
- This guarantee requires us to be both the medical and pharmacy administrator (third-party feed not allowed), and Aetna Health ConnectionsSM Disease Management/MedQuery[®] programs are included.
- This guarantee requires Premier Roadmap to Wellness package to be purchased.
- This guarantee requires the defined Member Engagement Metrics to be achieved. If the Member Engagement Metrics specified in the guarantee are not met, the guarantee does not apply.
- This guarantee requires the average member age of enrolled Disease Management and MedQuery program participants is 35 or older or the average employee age of enrolled Disease Management and MedQuery program participants is ≥ 40 . If the age criteria specified in the preceding sentence are not met, the guarantee does not apply.

Help your Aetna patients save on lab costs — refer them to preferred and in-network labs

Your Aetna patients generally pay a lot more money out of pocket when they have testing done at out-of-network labs.

To help them save money, refer them to in-network labs. Below are some of the preferred labs for your Aetna patients.

Preferred labs

Quest Diagnostics is our national preferred lab. Your patients save when they use them. Quest Diagnostics and their affiliates offer a wide range of testing services — from routine blood tests to complex gene-based and molecular testing, including prescription drug monitoring. The following Quest Diagnostics affiliates are also preferred labs in our network:

Cancer

Neurology

Cancer

A Quest Diagnostics company

Cardiology

Joint venture company in Arizona

Genetics and endocrinology

Joint venture company in Ohio

Joint venture company in Erie, Pennsylvania

Joint venture company in Oklahoma

Joint venture company in Indiana

Out-of-network labs

Referring your patients to the out-of-network labs below will cause them to pay more out of pocket.

It is also not consistent with Aetna policy regarding the use of in-network laboratory services for most plans.

The following table shows how much more your patients can pay when they use out-of-network labs¹:

	In-network lab	In-network hospital lab	Out-of-network lab
Cost of lab test	\$30	\$60	\$300
Member copay percent	20%	20%	40%
Member pays	\$6	\$12	\$120

Out-of-network labs include:

- Accu Reference Medical Laboratory, LLC
- Accurate Diagnostic Labs
- Advanced Clinical Laboratory Solutions, Inc.
- Ameritox
- ARL/Labsouth, Inc.
- Associated Clinical Laboratory Solutions
- Axis Diagnostics
- Bio-Chem Technology Laboratory
- Burlington Laboratories, Inc.
- Calloway Laboratories, Inc.
- Center for Genetic Services
- Centrex Clinical Laboratories
- Choice Laboratory Service, LLC
- DCL Medical Laboratory
- Dianon
- Dominion Diagnostics
- Dynacare Hermann Laboratory
- Dynacare Laboratories Tenn
- Dynacare Mississippi
- Dynagene
- EMES Professional Associates, PCEmpire City Laboratories
- ESA Toxicology LLC
- Health Diagnostic Laboratory/True Health Diagnostics
- Hunter Laboratories
- Integrated Genetics and Integrated Oncology (a Laboratory Corporation of America Holdings-owned company), formerly known as Genzyme Genetics and Esoterix Genetic Laboratories
- LabCorp
- LabCorp United
- LabWest, Inc.
- Lenco
- Logan Laboratories
- Medical Arts Clinical

- ViroMed Laboratories
- Western Health Sciences Medical Laboratory

¹Aetna Strategic Contract Manager, 2012. Based on a patient whose deductible has already been met. Data is not representative of hospitals that have a separately negotiated laboratory agreement.

BRCA: cancer risk and genetic testing

Aetna has expanded its network of high-quality BRCA providers offering testing for members. For services Aetna covers in accordance with our Clinical Policy Bulletin #0227 (CPB), all BRCA testing must be precertified. Please contact one of the participating BRCA providers for your member's needs.

Quest Diagnostics, Inc.

Include completed form with your Quest Diagnostics or affiliate lab requisition and blood sample, or fax to **1-855-422-5181**. Please call BRCAvantage Concierge Services at **1-866-436-3463** or visit www.brcavantage.com for more information.

Ambry Genetics

Submit completed form with specimen sample to Ambry Genetics, or by fax to **949-900-5501**.

You may order collection and transportation kits from Ambry Genetics by calling **1-866-262-7943** or at www.ambrygen.com.

GeneDx, Genpath, BioReference

Submit completed form and blood samples to GeneDx. You may order collection and transportation kits from GeneDx at **1-888-729-1206** or at www.genedx.com/oncology.

Myriad Genetics, Inc.

Submit completed form to Myriad Genetics, Inc., with the completed specimen collection kit or fax to **801-584-3615**. For questions, please call **1-800-469-7423**.

Medical Diagnostic Lab, LLC

Submit the preauthorization form by fax to **609-570-1062**. For questions or more information, please call **1-877-269-0090** or visit www.mdlab.com.

Counsyl

Include the completed form and BRCA requisition with the sample. For more information, please call **1-888-COUNSYL (1-888-268-6795)**, email support@counsyl.com or visit www.counsyl.com.

Participating Provider Precertification List

Effective April 15, 2016

Reference all **general precertification information**.

Applies to: all Aetna plans, except Traditional Choice® plans; all Innovation HealthSM plans, except indemnity plans.^{1,2,4}

1. Inpatient confinements (all)

For example, surgical and nonsurgical confinements; confinements in a skilled nursing facility or rehabilitation facility; and maternity and newborn confinements that exceed the standard length of stay (LOS)³

2. Observation stays more than 24 hours

3. Ambulance

Transportation by fixed-wing aircraft (plane)

Elective (non-emergency) transportation by ground ambulance or medical van for Aetna Medicare Advantage plan members only

4. Autologous chondrocyte implantation, Carticel®

5. Cochlear device and/or implantation

6. Dental implants

7. Dialysis visits

Call **1-866-503-0857** or fax applicable request forms to **1-888-267-3277**

8. Dorsal column (lumbar) neurostimulators: trial or implantation

9. Electric or motorized wheelchairs and scooters

10. Gastrointestinal (GI) tract imaging through capsule endoscopy

11. Gender reassignment surgery

12. Hip surgery to repair impingement syndrome

13. Home health care related services

Private duty nursing

14. Hyperbaric oxygen therapy

15. Lower limb prosthetics

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna). Innovation Health Insurance Company and Innovation Health Plan, Inc. (Innovation Health) are affiliates of Aetna Life Insurance Company (Aetna) and its affiliates. Aetna and its affiliates provide certain management services for Innovation Health.

16. Nonparticipating freestanding ambulatory surgical facility services, when referred by a participating provider

17. Orthognathic surgery procedures, bone grafts, osteotomies and surgical management of the temporomandibular joint

18. Osseointegrated implant

19. Osteochondral allograft/knee

20. Power morcellation with uterine myomectomy, with hysterectomy or for removal of uterine fibroids

21. Proton beam radiotherapy

22. Reconstructive or other procedures that may be considered cosmetic

- Blepharoplasty/canthoplasty
- Breast reconstruction/breast enlargement
- Breast reduction/mammoplasty
- Cervicoplasty
- Excision of excessive skin due to weight loss
- Gastroplasty/gastric bypass
- Lipectomy or excess fat removal
- Surgery for varicose veins, except stab phlebectomy

23. Referral or use of nonparticipating physician or provider for non-emergent services, unless the member understands and consents to the use of a nonparticipating provider under their out-of-network benefits when available in their plan

24. Spinal procedures

- Artificial intervertebral disc surgery
- Cervical, lumbar and thoracic laminectomy/laminotomy procedures
- Spinal fusion surgery

25. Uvulopalatopharyngoplasty, including laser-assisted procedures

26. Ventricular assist devices

27. Drugs and medical injectables^{5,6}

Blood-clotting factors (precertification for outpatient infusion of this drug class is required):

Advate (antihemophilic factor, human recombinant)	Coagadex (coagulation factor X [human] — precertification effective 1/14/2016)	Koate-DVI (antihemophilic factor [human])	Recombinate (antihemophilic factor [recombinant])
Adynovate (antihemophilic factor [recombinant], PEGylated) — precertification effective 1/14/2016	Corifact (factor XIII concentrate [human])	Kogenate FS (antihemophilic factor [recombinant])	RiaSTAP (fibrinogen concentrate [human])
Alphanate (antihemophilic factor/von Willebrand factor complex [human])	Eloctate (antihemophilic factor [recombinant], Fc fusion protein)	Monoclote-P (antihemophilic factor [human])	Rixubis (coagulation factor IX [recombinant])
AlphaNine SD (coagulation factor IX [human])	Feiba NF (anti-inhibitor coagulant complex)	Mononine (coagulation factor IX [human])	Tretten (coagulation factor XIII a-subunit [recombinant])
Alprolix (coagulation factor IX [recombinant], Fc fusion protein)	Helixate (antihemophilic factor [recombinant])	NovoEight (turoctocog alfa)	Vonvendi (von Willebrand factor [recombinant]) — precertification effective 2/12/2016
Bebulin (factor IX complex)	Hemofil M (antihemophilic factor [human])	NovoSeven RT (coagulation factor VIIa [recombinant])	Wilate (von Willebrand factor/coagulation factor VIII complex [human])
Bebulin VH (factor IX complex)	Humate-P (antihemophilic factor/von Willebrand factor complex [human])	Nuwiq (simoctocog alfa)	Xyntha (antihemophilic factor [recombinant])
BeneFix (coagulation factor IX [recombinant])	Ixinity (coagulation factor IX [recombinant])	Obizur (antihemophilic factor [recombinant], porcine sequence)	
		Profilnine (factor IX complex)	

For the following services, call 1-866-503-0857 or fax applicable request forms to 1-888-267-3277.

- For precertification of pharmacy covered specialty drugs (noted with * below) when member is enrolled in a commercial individual (IVL) plan or Aetna LeapSM plan, call **1-855-240-0535** or fax applicable request forms to **1-877-269-9916**.

Providers can use the drug-specific Specialty Medication Request Form located online under “Specialty Pharmacy Medications,” “Specialty Pharmacy Precertification” or “Specialty Pharmacy Precertification (Individual Plans).”

Acthar Gel (corticotropin)	Elaprase (idursulfase)	Growth hormone:	Kalbitor (ecallantide)
Actimmune (interferon gamma-1b)	Elelyso (taliglucerase alfa)	Genotropin (somatropin)	Ruconest (C1 esterase inhibitor)
Acdetris (brentuximab vedotin)	Fabrazyme (agalsidase beta)	Humatrope (somatropin)	HER2 receptor drugs:
Alpha 1-proteinase inhibitor (human):	Kanuma (sebelipase alfa) — precertification effective 1/14/2016	Increlex* (mecasermin)	Herceptin (trastuzumab)
Aralast NP (alpha 1-proteinase inhibitor)	Lumizyme (alglucosidase alfa)	Iplex (mecasermin rinfabate) — effective 1/14/2016, precertification not required	Kadcyla (ado-trastuzumab emtansine)
Glassia (alpha 1-proteinase inhibitor)	Myozyme (alglucosidase alfa)	Norditropin (somatropin)	Perjeta (pertuzumab)
Prolastin-C (alpha 1-proteinase inhibitor)	Naglazyme (galsulfase)	Nutropin AQ (somatropin)	Ilaris* (canakinumab)
Zemaira (alpha 1-proteinase inhibitor)	Strensiq (asfotase alfa) — precertification effective 1/14/2016	Omnitrope* (somatropin)	Imlygic (talimogene laherparepvec) — precertification effective 2/12/2016
Antiemetics:	Vimizim (elosulfase alfa)	Saizen (somatropin)	Immunoglobulins (review of drug and site of care required):
Aloxi IV (palonosetron HCl)	VPRIV (velaglucerase alfa)	Sermorelin Acetate (sermorelin acetate)	Bivigam (immune globulin)
Anzemet IV (dolasetron mesylate)	Erbix (cetuximab)	Serostim (somatropin)	Carimune NF (immune globulin)
Emend IV (fosaprepitant dimeglumine)	Erythropoiesis-stimulating agents:	Tev-Tropin (somatropin)	Flebogamma (immune globulin)
Benlysta (belimumab)	Aranesp (darbepoetin alfa)	Zorbtive (somatropin)	GamaSTAN (immune globulin)
Botulinum toxins:	Epogen (epoetin alfa)	Hepatitis C drugs:	Gammagard (immune globulin)
Botox (onabotulinumtoxinA)	Mircera (epoetin beta)	Daklinza (daclatasvir)	Gammaked (immune globulin)
Dysport (abobotulinumtoxinA)	Procrit (epoetin alfa)	Harvoni (sofosbuvir/ledipasvir)	Gammaplex (immune globulin)
Myobloc (rimabotulinumtoxinB)	Fusilev (levoleucovorin)	Olysio (simeprevir)	Gamunex-C (immune globulin)
Xeomin (incobotulinumtoxinA)	Gattex (teduglutide)	Sovaldi (sofosbuvir)	Hizentra (immune globulin)
Cardiovascular — PCSK9 inhibitors:	Gazyva (obinutuzumab)	Technivie (ombitasvir/paritaprevir/ritonavir)	HyQvia (immune globulin)
Praluent (alirocumab)	Granulocyte-colony stimulating factors:	Viekira Pak (paritaprevir/ritonavir/ombitasvir/dasabuvir)	Octagam (immune globulin)
Repatha (evolocumab)	Granix (injection tbo-filgrastim)	Zepatier (elbasvir/grazoprevir) — precertification effective 2/12/2016	Privigen (immune globulin)
Cyramza (ramucirumab)	Leukine (injection sargramostim, GM-CSF)	Hereditary angioedema agents:	Immunologic agents:
Darzalex (daratumumab) — precertification effective 3/1/2016	Neulasta (injection pegfilgrastim)	Cinryze (C1 esterase inhibitor)	Actemra* (tocilizumab)
Empliciti (elotuzumab) — precertification effective 2/12/2016	Neupogen (injection filgrastim, G-CSF)	Berinert (C1 esterase inhibitor)	Actemra SC* (tocilizumab)
Enzyme replacement drugs:	Zarxio (injection filgrastim, G-CSF, biosimilar)	Firazyr (icatibant acetate)	Amevive* (alefacept) — effective 1/14/2016, precertification not required
Aldurazyme (laronidase)			Cimzia* (certolizumab pegol)
Cerezyme (imiglucerase)			Cosentyx (secukinumab)

For the following services, call 1-866-503-0857 or fax applicable request forms to 1-888-267-3277.

- For precertification of pharmacy covered specialty drugs (noted with * below) when member is enrolled in a commercial individual (IVL) plan or Aetna LeapSM plan, call 1-855-240-0535 or fax applicable request forms to 1-877-269-9916.

Providers can use the drug-specific Specialty Medication Request Form located online under “Specialty Pharmacy Medications,” “Specialty Pharmacy Precertification” or “Specialty Pharmacy Precertification (Individual Plans).”

Enbrel* (etanercept)
Entyvio (vedolizumab)
Humira* (adalimumab)
Kineret* (anakinra)
Orencia* (abatacept)
Otezla (apremilast)
Remicade (infliximab)
Rituxan (rituximab)
Simponi* (golimumab)
Simponi Aria (golimumab)
Stelara* (ustekinumab)
Xeljanz*, Xeljanz XR* (tofacitinib)

Injectable infertility drugs:

All chorionic gonadotropin
Bravelle (urofollitropin)
Cetrotide (cetorelix acetate)
Follistim AQ (follitropin beta)
Ganirelix AC (ganirelix acetate)
Gonal-f (follitropin alfa)
Gonal-f RFF (follitropin alfa)
Menopur (menotropins)
Novarel (chorionic gonadotropin)
Ovidrel (choriogonadotropin alfa)
Pregnyl (chorionic gonadotropin)
Repronex (menotropins)

Jevtana (cabazitaxel)

Keytruda (pembrolizumab)

Krystexxa (pegloticase)

Makena (hydroxyprogesterone caproate)

Multiple sclerosis drugs:

Aubagio* (teriflunomide)
Avonex* (interferon beta-1a)
Betaseron (interferon beta-1b)
Copaxone* (glatiramer acetate)
Extavia* (interferon beta-1b)
Gilenya* (fingolimod hydrochloride)
Glatopa* (glatiramer acetate injection)
Lemtrada (alemtuzumab)
Plegridy* (peginterferon beta-1a)
Rebif* (interferon beta-1a)
Tecfidera (dimethyl fumarate)
Tysabri (natalizumab)

Myalept (metreleptin)

Natpara (parathyroid hormone)

Nucala (mepolizumab) —
precertification effective 1/14/2016

Opdivo (nivolumab)

Osteoporosis drugs:

All ibandronate sodium, pamidronate disodium and zoledronic acid
Aredia (pamidronate disodium)
Boniva (ibandronate sodium)
Forteo* (teriparatide)
Miacalcin (calcitonin)
Prolia (denosumab)
Reclast (zoledronic acid)
Zometa (zoledronic acid)

Pegylated interferons:

Infergen (interferon alfacon-1)
Intron A (interferon alfa-2b)
Pegasys (peginterferon alfa-2a)
PegIntron (peginterferon alfa-2b)
Rebetron (ribavirin and peginterferon alfa-2b)
Roferon-A (interferon alfa-2a)

Provenge (sipuleucel-T)

Pulmonary arterial hypertension drugs:

All epoprostenol sodium and sildenafil citrate*
Adcirca* (tadalafil)
Adempas (riociguat)
Flolan (epoprostenol sodium)
Letairis* (ambrisentan)
Opsumit* (macitentan)
Orenitram (treprostinil diolamine)
Remodulin (treprostinil sodium)
Revatio (sildenafil citrate)
Tracleer* (bosentan)
Tyvaso (treprostinil)
Uptravi (selexipag) — precertification effective 3/1/2016
Veletri (epoprostenol sodium)
Ventavis (iloprost)

Soliris (eculizumab) — review of drug and site of care required

Synagis (palivizumab)

Temodar oral formulation (temozolomide)

Vectibix (panitumumab)

Viscosupplementation:

Euflexxa (sodium hyaluronate)
Gel-One (cross-linked hyaluronate)
Hyalgan (sodium hyaluronate)
Hymovis (hyaluronic acid) —
precertification required 4/15/2016
Monovisc (hyaluronan)
Orthovisc (hyaluronan)
Supartz (sodium hyaluronate)
Synvisc (hylan)
Synvisc-One (hylan)

Xeloda (capecitabine)

Xgeva (denosumab)

Xofigo (radium Ra 223 dichloride)

Xolair (omalizumab)

Yervoy (ipilimumab)

Zaltrap (ziv-aflibercept)

28. Special programs

BRCA genetic testing — 1-877-794-8720

Through our expanded national provider network:

Ambry **1-866-262-7943**

Counsyl **1-888-268-6795**

Dynacare Northwest, Inc. **1-800-533-0567** (only for members who live in Washington or West Virginia)

GeneDX **1-888-729-1206**

Medical Diagnostic Laboratories **1-877-269-0090**

Myriad Genetics **1-800-469-7423**

Quest **1-866-436-3463**

Providers can use the [BRCA form located online under the “Medical Precertification” section](#) to submit precertification requests.

Find genetic counselors online — For a list of our contracted providers, including our telephonic provider (InformedDNA), visit our [online provider directory](#).

Cardiac rhythm implantable devices

Precertification for all members with plans applicable to this precertification list unless services are emergent:

- Providers in all states where applicable, except metro and upstate New York and northern New Jersey, should contact MedSolutions DBA eviCore healthcare to request preauthorization. You can reach MedSolutions DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-693-3211** between 7 a.m. and 8 p.m. ET
 - By fax at **1-888-693-3210**, Monday through Friday during normal business hours, or as required by federal or state regulations
- Providers in metro and upstate New York and northern New Jersey should contact CareCore National DBA eviCore healthcare to request preauthorization. You can reach CareCore National DBA eviCore healthcare:
 - Online at **www.evicore.com**

- By phone at **1-888-622-7329** for metro and upstate New York or **1-888-647-5940** for northern New Jersey

Chiropractic precertification

- HMO-based plan members only
 - AZ through American Specialty Health (ASH) **1-800-972-4226**
 - HMO-based plan and Group Medicare members only
 - CA through American Specialty Health (ASH) **1-800-972-4226**
 - HMO-based, Aetna Health Network OptionSM, Aetna Health Network OnlySM and Aetna Medicare Advantage plan members only
 - Metro and upstate New York through American Chiropractic Network (OptumHealth) **1-888-329-5180**
 - NJ through Triad Healthcare New Jersey IPA, Inc. DBA eviCore healthcare New Jersey IPA **1-800-409-9081**
 - For all members (with commercial and Aetna Medicare Advantage plans applicable to this precertification list):
 - GA through American Specialty Health (ASH) **1-800-972-4226**
 - For all members (enrolled in commercial, Aetna Medicare Advantage and international plans applicable to this precertification list) when the provider is contracted with OptumHealth/Aetna:
 - NC and SC through OptumHealth **1-800-344-4584**
- ### Hip and knee arthroplasties
- Precertification for all members with plans applicable to this precertification list unless services are emergent:
- Providers in all states where applicable, except metro and upstate New York and northern New Jersey, should contact MedSolutions DBA eviCore healthcare to request preauthorization. You can reach MedSolutions DBA eviCore healthcare:
 - Online at **www.evicore.com**

- By phone at **1-888-693-3211** between 7 a.m. and 8 p.m. ET

- By fax at **1-888-693-3210**, Monday through Friday during normal business hours, or as required by federal or state regulations

- Providers in metro and upstate New York and northern New Jersey should contact CareCore National DBA eviCore healthcare to request preauthorization. You can reach CareCore National DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-622-7329** for metro and upstate New York or **1-888-647-5940** for northern New Jersey

Infertility program — 1-800-575-5999

Mental health or substance abuse services precertification — See the member’s ID card

National Medical Excellence Program®

1-877-212-8811 for all major organ transplant evaluations and transplants including, but not limited to, kidney, liver, heart, lung and pancreas, and bone marrow replacement or stem cell transfer after high-dose chemotherapy

Oncology pathway solutions (chemotherapy for cancer diagnosis)

The program applies to all Aetna Medicare members, and the following members, who have a cancer diagnosis and receive chemotherapy services rendered in a physician’s office, outpatient hospital or ambulatory place of service:

- Members 18 years of age or older in a commercial fully insured HMO/POS/PPO plan
 - Members 18 years of age or older in a commercial self-insured HMO/POS/PPO plan when the plan sponsor has elected to participate in the program
- Providers in all states where program is applicable should contact New Century Health
- By phone at **1-877-624-8601** (option 5), Monday – Friday, 8 a.m. – 8 p.m. ET
 - By fax at **1-877-624-8602**

Outpatient physical therapy (PT) and occupational therapy (OT) precertification

• Through OrthoNet 1-800-771-3205

- Metro New York and northern New Jersey — For HMO-based and Aetna Medicare Advantage plan members only
- CT — For all members with plans applicable to this precertification list

- Through OptumHealth **1-800-344-4584** (ONLY OptumHealth/Aetna-contracted providers should call this number for questions and service requests)
 - DC, GA, NC, SC, VA — For all members with plans applicable to this precertification list

Pain management

Precertification for all members with plans applicable to this precertification list unless services are emergent:

- Providers in all states where applicable, except metro and upstate New York and northern New Jersey, should contact MedSolutions DBA eviCore healthcare to request preauthorization. You can reach MedSolutions DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-693-3211** between 7 a.m. and 8 p.m. ET
 - By fax at **1-888-693-3210**, Monday through Friday during normal business hours, or as required by federal or state regulations
- Providers in metro and upstate New York and northern New Jersey should contact CareCore National DBA eviCore healthcare to request preauthorization. You can reach CareCore National DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-622-7329** for metro and upstate New York or **1-888-647-5940** for northern New Jersey

Pre-implantation genetic testing — 1-800-575-5999

Pediatric Congenital Heart Surgery Program — See the member's ID card to contact the precertification unit

Polysomnography (attended sleep studies)

Precertification for all members with plans applicable to this precertification list when performed in any place of service except inpatient, emergency room and observation bed status

- Providers in all states where applicable, except metro and upstate New York and northern New Jersey, should contact MedSolutions DBA eviCore healthcare to request preauthorization. You can reach MedSolutions DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-693-3211** between 7 a.m. and 8 p.m. ET
 - By fax at **1-888-693-3210**, Monday through Friday during normal business hours, or as required by federal or state regulations
- Providers in metro and upstate New York and northern New Jersey should contact CareCore National DBA eviCore healthcare to request preauthorization. You can reach CareCore National DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-622-7329** for metro and upstate New York or **1-888-647-5940** for northern New Jersey

Radiation oncology

Precertification for all members with HMO-based and Aetna Medicare Advantage plans only when performed in any place of service except inpatient, emergency room and observation bed status.

- Providers in metro and upstate New York and northern New Jersey should contact CareCore National DBA eviCore healthcare to request preauthorization. You can reach CareCore National DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-622-7329** for metro and upstate New York or **1-888-647-5940** for northern New Jersey

Radiology imaging

Precertification for all members with plans applicable to this precertification list when performed in any

place of service except inpatient, emergency room and observation bed status

- Providers in all states where applicable, except metro and upstate New York and northern New Jersey, should contact MedSolutions DBA eviCore healthcare to request preauthorization. You can reach MedSolutions DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-693-3211** between 7 a.m. and 8 p.m. ET
 - By fax at **1-888-693-3210**, Monday through Friday during normal business hours or as required by federal or state regulations
- Providers in metro and upstate New York and northern New Jersey should contact CareCore National DBA eviCore healthcare to request preauthorization. You can reach CareCore National DBA eviCore healthcare:

 - By phone at **1-888-622-7329** for metro and upstate New York or **1-888-647-5940** for northern New Jersey

Transthoracic echocardiogram

Precertification for all members with plans applicable to this precertification list when performed in any place of service except inpatient, emergency room and observation bed status

- Providers in metro and upstate New York and northern New Jersey should contact CareCore National DBA eviCore healthcare to request preauthorization. You can reach CareCore National DBA eviCore healthcare:
 - Online at **www.evicore.com**
 - By phone at **1-888-622-7329** for metro and upstate New York or **1-888-647-5940** for northern New Jersey

General information

1. Precertification and notification are the processes of collecting information before elective inpatient admissions and/or selected ambulatory procedures and services take

- a. Requests for precertification and notification must be received before rendering services. We encourage providers to submit precertification requests for scheduled services at least two weeks in advance.
 - b. Failure to contact the member's health plan (the "health plan") for precertification will relieve the health plan or employers and members from any financial liability for the applicable service(s), if those services are rendered.
 - c. This material is provided for informational purposes only. It's not intended to direct treatment decisions.
 - d. Precertification is the utilization review process to determine whether the requested service, procedure, prescription drug or medical device meets the company's clinical criteria for coverage.
 - e. The level of review of individual items on this precertification list may vary from time to time at our discretion. The lack of a denial for a particular service or supply should not be interpreted as our approval for any subsequent service.
 - f. In Texas, the reference to precertification means the utilization review process to determine whether the requested service, procedure, prescription drug or medical device meets the company's clinical criteria for coverage. Precertification does not mean a reliable representation of payment for care or services to fully insured HMO and PPO members as defined by Texas law.
 - g. Electronic submission of precertification requests and inquiries is preferred. If you require assistance with precertification, please call our Aetna Voice Advantage® line using the appropriate phone number indicated on the member's ID card and select the precertification option.
 - h. Visit [Clinical Policy Bulletins](#) and our [online provider directory](#).
 - i. Provided that there are no changes to member eligibility and plan coverage for the procedure/ service requested, precertification approvals are valid for six months in all states unless otherwise indicated at the time of precertification.
 - j. Services not included on the precertification list are subject to the coverage terms of the member's plan.
2. Not all plans are offered in all service areas and not all plans include all services listed. For example, precertification programs don't apply to fully insured members in Indiana. Innovation Health Insurance Company and Innovation Health Plan, Inc. (Innovation Health) are affiliates of Aetna Life Insurance Company (Aetna) and its affiliates. Aetna and its affiliates provide certain management services for Innovation Health.
 - a. Precertification is required when Aetna or Innovation Health is secondary payer.
 3. Precertification is required for maternity and newborn confinements that exceed the standard LOS. Standard LOS for vaginal deliveries is a total of three days or less; standard LOS for Cesarean section is a total of five days or less.
 4. All services deemed "never effective" are excluded from coverage. Aetna defines a service as "never effective" when it is not recognized according to professional standards of safety and effectiveness in the United States for diagnosis, care or treatment. Visit the secure website, available through www.aetna.com, for more information.
- Select "Claims," "CPT/HCPCS Coding Tool," "Clinical Policy Code Lookup."
5. For precertification of oral medications not indicated on this list, contact Aetna Pharmacy Management at **1-800-414-2386**.
 - a. Call **1-866-782-2779** for information on injectable medications not listed.
 6. For drugs administered orally, by injection or infusion:
 - a. Newly U.S. Food and Drug Administration (FDA)-approved drugs may be subject to precertification review.
 - b. Fully insured Texas and Louisiana members continue to receive coverage for drugs added to the precertification list in accordance with their current plan benefit design until their next plan renewal date.
 - c. Fully insured California HMO members and fully insured Connecticut PPO members receiving coverage for drugs added to the precertification list continue to have coverage. Drug coverage continues for these California members as long as the drug is appropriately prescribed and considered safe and effective treatment for the medical condition. Drug coverage continues for these Connecticut members as long as the drug is medically necessary and more medically beneficial than other covered drugs.
 - d. The prescribing provider responds to requests for additional information. For fully insured members with a contract state of Colorado, precertification requests received will be approved or denied within time frames mandated by Colorado Regulation 4-2-49 RX Prior Authorization.

Questionnaire (Attachment 12)

GENERAL INFORMATION

1. Indicate the following summary client information for Broward, Miami-Dade, Palm Beach, Martin and Monroe Counties combined.

	Self-funded Open Access Network Only ¹	Self-funded Open Access POS	Self-funded PPO	Consumer Driven Health Plan with HRA ²	TPA ³	EAP
Number of contracted commercial groups in excess of 1,000 covered employees	110 clients*	2,603 clients*	210 clients*	State of Florida: 10 clients with total membership of 9,000	3,092*	12 clients with a total membership of 137,529
Total number of commercial members	48,035	124,821	3,398	Total book-of-business: Over 610 clients with total membership of 1,170,000	142,216	Total book of business 1,293 clients with a total membership of 16,203,124 members

* We do not specifically track groups in excess of 1,000 covered employees by County, so we have reported total contracted group statistics for our self-funded plans in for Broward, Miami-Dade, Palm Beach, Martin and Monroe Counties combined.

¹ Self-funded open access network only plans include Open Access Aetna Select, Open Access Elect Choice and HNOOnly

² Consumer Driven Health Plan - We do not specifically track the membership as requested above, so we have provided the statistics as follows:

Questionnaire (Attachment 12)

- Total Florida clients and membership with HRA: over 10 clients with total membership of 9,000
- We cover over 1.7m members in Florida, with a large concentration in the South Florida market.

- Total book-of-business clients and membership with HRA: Over 610 clients with total membership of 1,170,000

³ TPA - We have interpreted TPA –Third party administration as the number of commercial groups and members represented by all our self-funded plans for Broward, Miami-Dade, Palm Beach, Martin and Monroe Counties combined.

2. For how many public employers does your firm currently provide medical TPA and PBM services in the State of Florida?
-

Aetna has 36 public and labor clients in Florida totaling approximately 130,000 members. Of the 36 groups, 28 have medical coverage with Aetna. Of those 28,200 also have Rx.

3. For how many members does your firm currently pay commercial claims (all products) nationally?
-

As of December 15, 2015, we pay commercial claims for 23,021,427 members nationally.

Questionnaire (Attachment 12)

4. What is your network physician turnover ratio for the period January 1, 2015 through December 31, 2015 in Broward, Miami-Dade, Palm Beach, Monroe and Martin Counties combined?

	HMO	POS	PPO
Primary Care	4.00%	4.05%	3.98%
Specialty Care	5.08%	4.85%	4.95%

We have provided our physician turnover ratio for the parameters requested above for the Broward, Miami-Dade, Palm Beach, Monroe and Martin Counties from January 1, 2015 through January 1, 2016.

5. What are your company's standards for considering that it has a satisfactory quantity and choice of providers under contract for a given service area?
- a. Specifically address the quantity of providers in proportion to membership and the required traveling distance and acceptable levels of choice.
 - b. Specifically address the southeast counties where the City's employees live i.e. Broward, Palm Beach, Miami-Dade, Monroe and Martin Counties.

Access standards – acceptable membership ratios and distance to care

The main objectives of our network development are quality of service and appropriate provider access. We assess our networks on a quarterly basis to meet customer, member and regulatory needs, and follow guidelines to build each network and make sure our members have access to acceptable levels of care:

Questionnaire (Attachment 12)Network configuration

Our network configuration guidelines include the following:

- All physicians in a group practice and all office locations should be included in the network
- All physicians should have admitting privileges to at least one network hospital or have evidence that they do not need such privileges to deliver satisfactory services
- The following specialties should be in the network:
 - Allergy
 - Cardiology
 - Dermatology
 - Endocrinology
 - Family Practice
 - Gastroenterology
 - General Practice
 - Hematology
 - Internal Medicine
 - Neonatology
 - Nephrology
 - Neurology
 - Obstetrics/Gynecology
 - Oncology
 - Ophthalmology
 - Oral Surgery
 - Orthopedics
 - Otolaryngology
 - Pediatrics
 - Psychiatry
 - Rheumatology
 - Surgery
 - Urology

Questionnaire (Attachment 12)

- It is also desirable to have these important specialties represented in our network:
 - Anesthesiology
 - Pathology
 - Radiology

Network access standards

We build and maintain each network on a local basis. Our local staff reviews the appropriateness of the service area on a zip code-by-zip code basis.

When creating a service area, we consider the distribution of services across the area. We measure this distribution and accessibility with GeoAccess' mapping software. We also use GeoAccess' definitions for urban, suburban, and rural. Our typical benchmarks are as follows:

PCPs (e.g., pediatricians, family practice, internal medicine)

- Urban: 2 within 10 miles
- Suburban: 2 within 15 miles
- Rural: 2 within 45 miles

Ob/Gyns

- Urban: 2 within 10 miles
- Suburban: 2 within 15 miles
- Rural: 2 within 45 miles

Specialty care

- Urban: 2 within 10 miles
- Suburban: 2 within 20 miles
- Rural: 2 within 45 miles

Questionnaire (Attachment 12)Hospitals

- Urban: 1 hospital within 30 miles
- Suburban: 1 hospital within 45 miles
- Rural: 1 hospital within 60 miles

We also consider the effect of local conditions on travel distance and time. This includes:

- Natural geographic boundaries, such as rivers and mountains
- Man-made boundaries, such as bridges and railway tracks
- Road types ranging from interstate highways to rural roads
- Local travel factors, such as periodic traffic congestion

Southeast counties where the City of Fort Lauderdale's (the City's) membership resides

Aetna is confident that we are the leader in partnering with Miami-Dade/Broward County providers and is proud of our robust network which consists, but is not limited to:

2,463 Primary Care Physicians (PCPs) including:

- 1,059 Internal Medicine PCPs
- 121 General Practice PCPs
- 645 Family Practice PCPs

8,805 Specialists including:

- 919 Pediatric specialists
- 548 OB/Gyn specialists
- 5,121 Physician Specialists
- 222 Psychiatrists

Questionnaire (Attachment 12)

47 Hospitals

6 Rehabilitation and 13 Residential treatment facilities

42 Surgi centers

476 other facilities and centers

1,071 Pharmacies and much more

6. Please provide your continuity of care policy with respect to the following medical conditions existing on the proposed effective date with care provided by non-network providers.
- a. Follow up care required for surgery performed prior to effective date
 - b. Pregnancies
 - c. Outpatient mental health
 - d. Treatment of dread diseases
 - e. Members currently participating in substance abuse programs
 - f. Cancer
-

Transition of care (continuity of care) coverage is temporary coverage we offer to members when they:

- Transition from a prior health insurance carrier's plan to an Aetna medical plan
- Move from one of our existing network plans to another
- Receive care from a health care professional who:
 - Is not in the Aetna network
 - Leaves the Aetna network

Questionnaire (Attachment 12)

We provide Transition of Care Coverage Request forms and “Transition of Care Coverage Questions and Answers” fact sheets to the City. Those employees who wish to apply for our transition of care coverage should be given these forms to complete. Members may also request forms by calling our toll-free member services number. Once we receive the completed forms, clinical staff, which may include a medical director or a licensed behavioral health clinician, review the submitted information for continued treatment approval.

In order to minimize disruption, we allow a member who has met certain requirements to continue an "active course of treatment" with a nonparticipating provider for a transitional period. During this time, they receive a higher benefit level with no penalty. Generally, this period is no longer than 90 days. Exceptions, which require prior approval, may include:

- Extraordinary circumstances
- Approved maternity requests
- Any circumstances required by law

We define active course of treatment as a planned program of services rendered by a doctor or other health care professional that:

- Starts on the date a doctor first renders a service to correct or treat the diagnosed condition
- Covers a defined number of services or period of treatment
- Includes a qualifying situation

We do not automatically identify members for special handling. The doctor or member would be responsible for initiating this process by sending us a completed Transition Coverage Request Form.

Questionnaire (Attachment 12)

Examples of medical conditions that are appropriate for transition of care consideration include, but are not limited to:

- Surgery pre-approved before the new plan effective date but scheduled within three months of the new plan year
- Pregnancy in the second and third trimester
- Inpatient or outpatient mental health or chemical dependency treatment
- Advanced stages of terminal illness (dread disease)
- Hospitalization
- Rehabilitation for an acute or short term condition
- Cancer treatment (dread disease)
- Outpatient intravenous therapy for a resolving condition
- Chronic renal dialysis (dread disease)
- Solid organ or bone marrow transplant (dread disease)

Clinical staff, including a medical director or licensed behavioral health clinician as needed, will:

- Review the coverage request to verify that the correct department received it for processing.
- Record receipt of the transition of care coverage request in our care management system when member eligibility becomes available.
- Verify member eligibility.
- Verify that the forms are complete and signed.

Questionnaire (Attachment 12)

- Verify that the service is not a plan exclusion.
- Determine whether we can approve the transition of care coverage request based upon the information submitted or whether we need additional information.
- Document the transition of care request decision.
- Provide notification of the decision.

We make transition of care benefit determinations within the precertification timeframe. In some instances, these rules may vary in accordance with applicable state law.

-
7. What provisions are made for transition of care if a network provider is terminated?
-

Provisions when a provider leaves the network

At Aetna, we focus our care on the member. We want to ensure a solid continuation of care is in place and get our Medical Directors involved to help whenever appropriate. We also have contracts in place to ensure an effective transition of care is in place.

As the result of a terminated physician agreement, including in the event of bankruptcy, we have provisions in our provider contracts that contractually require a physician to provide covered services to the City's members receiving active treatment at the time of termination until either:

- The course of treatment is completed
- The member transitions to another provider

The terms of the agreement continue to apply after termination to such covered services and to covered services provided before termination.

Questionnaire (Attachment 12)**Covering City members' benefits and transition of care**

Physicians must also inform any member seeking medical care after the termination date that they no longer participate in our network. We do not penalize the member if a physician fails to do this and then provides covered services to the member after the date of termination. We would cover the service at the network benefit level and according to the plan of benefits. We reimburse the physician according to the prior negotiated agreement.

Member notification

In addition, we have rigorous processes in place to notify members of changes to our provider network.

Our member notification process notifies members of our medical plans when their PCP, specialist, hospital, facility, ancillary or other health care provider leaves our network, either voluntarily or involuntarily.

When we know a provider is leaving our network, an automated system typically generates member notices 30 days prior to the provider's termination date, or in accordance with applicable regulations. If the provider is a PCP, we send letters to all members assigned to the PCP. We also send letters to members who have not selected a PCP, but have had at least 1 visit with the PCP during the previous 12 months.

If the provider is a specialist, hospital, facility, ancillary or other medical health care provider (as defined by state mandates), we send letters to all members who have had at least 2 visits within the past 12 months, in accordance with NCQA standards. The process may vary based on state specific criteria. We also send retraction notices if a provider is reinstated, which is automatically generated the night the termination is removed from the system.

All participating providers are required to continue care until treatment is completed or we are able to make appropriate arrangements to have another provider render the service.

Questionnaire (Attachment 12)Member letters and transition of care information

We send City members' notification letters which identify the provider and when the provider will no longer be part of the plan's network. The letters vary based on provider type:

- PCP/specialist: The letter for PCPs and specialists contains information regarding:
 - Possible higher out of pocket expenses for continuing to get care after the termination date.
 - The address to the online provider directory to find a list of providers in the network.
 - Selecting a new PCP if the physician is the member's PCP and their plan requires PCP selection.
 - Contacting their PCP for a referral to a new network specialist if the physician terminating is a specialist.
 - Transition of care coverage, requirements and where to get a Transition Coverage Request form if the member is under current treatment.
- Hospital: The hospital letter contains information regarding:
 - Possible higher out of pocket expenses for continuing to get care after the termination date.
 - The address to the online provider directory to find a list of network hospitals and physicians in the area.
 - Transition of care coverage, requirements and where to get a Transition Coverage Request form if the member is under current treatment.
 - What to do in case of an emergency.

Questionnaire (Attachment 12)Changing providers

To change PCPs or request assistance locating a provider, members can call the toll-free member services number listed on their ID cards or visit Aetna Navigator®, our secure member website. When applicable, PCP changes are typically effective immediately and a new member ID card is mailed shortly thereafter.

Members can identify participating providers by accessing DocFind®, our online provider directory, which is updated six days per week. They can also request a paper provider directory by calling member services. We update the paper provider directories annually.

-
8. What are your company's hours of operation for telephonic customer service representatives? For your nurse hotline? For account service?
-

Telephonic customer service

Hours of operation for our Customer Service Representatives in our Tampa Service Center which will serve the City's members are Monday through Friday 8 a.m. to 6 p.m., local time.

Our Customer Service Representatives are trained to respond to account service inquiries.

Nurse hotline

Our Informed Health® Line provides members with telephone and e-mail access to experienced registered nurses to help them make informed health care decisions.

Nurses are available through a toll-free telephone number 24 hours a day, 7 days a week. We provide TDD service for speech impaired, deaf and hard of hearing members. We also offer foreign language translation for our non-English speaking members*.

Additionally, members may e-mail a nurse by clicking on the "Talk to a Nurse" link within Aetna Navigator®, our secure member website.

Questionnaire (Attachment 12)**Aetna Concierge – an enhanced member services option for the City**

In addition, we are offering the City our Aetna Concierge model featuring enhanced services, supported by intelligent technology to simplify a City member's experience and help increase engagement.

At the heart of our Aetna Concierge model are the people who put our processes and technology to work for your employees. To deliver the concierge experience, we make sure that our team knows you and your employee benefits. That means comprehensive training on your plan, programs and company culture.

The Aetna Concierges:

- Use their enhanced soft-skill training to help members through a consultative approach
- Focus on understanding unasked questions, implicit needs, and underlying opportunities to guide, educate, and empower members
- Answer questions about both a member's Aetna and non-Aetna employer sponsored benefits that may be available
- Assist members with making appointments with their doctors.

Our thorough training program doesn't just result in better service for your employees – it also benefits you. With a foundation of City-specific training, our concierges serve as an extension of your culture, communications strategy and HR benefits team. This comprehensive training provides a truly differentiated member service experience that is customized for you – and personalized for each individual member.

Questionnaire (Attachment 12)Technology

Our technology supports our concierges and allows them to spend more time with members. This includes:

- Web chat and outbound text messaging - We connect with members based on their preferences, not ours
- Aetna Social Learning Tool – This custom-built wiki site includes just about everything a concierge needs to know about your benefits, from integration points to the online tools available to your employees
- Aetna Strategic Desktop – Our 360 degree desktop application that shows all of the benefits, health programs, and specialty product coverage that are in place for any given member

At every call and click, our concierges learn more about your employees. We use this knowledge to be proactive about their needs and provide the help they need.

Healthy means something different for everyone. That's why our Aetna Concierges work to know what it means to each member. With integrated processes, advanced technology and the people who bring the experience to life, we create a personal healthcare system around each individual. It's a unique approach to engagement that helps create your own healthy community, one individual at a time.

Questionnaire (Attachment 12)

9. Provide your company's web address and all services available at that site. Provide a demo ID number that will allow navigation through the employee and employer portals.
-

Web address and services available

Our company website, www.aetna.com, is stocked with up-to-the-minute product, health and wellness information for members. The website provides access to our web-based solutions and resources by constituent, and is our central Internet presence. Several resources are available to all members, including:

- Healthwise® Knowledgebase, a user-friendly decision-support tool that can help users to make more informed health decisions, such as: when to treat a health problem at home, when to call a doctor and what treatment options may be available. Available in both English and Spanish, the Healthwise Knowledgebase offers members access to clinical information on 6,000 health topics, 600 medical tests and procedures, 500 support groups and 3,000 medications.
- Clinical Policy Bulletins (CPBs) enable members, customers and physicians to access current information about our medical and pharmacy coverage policies. Hundreds of CPBs are currently accessible online, where we continually update policies and new policies.
- DocFind, our newly redesigned, online participating provider directory, helps members locate physicians, dentists, optometrists, hospitals and pharmacies. DocFind is available in English and Spanish. Visitors can narrow their search by medical specialty, physicians' hospital affiliations and/or languages spoken. DocFind also enables visitors to search for physicians by zip code, miles willing to travel, and city and state. In addition, maps and driving directions to the location of the selected physician can be downloaded or printed from DocFind.
- Simple Steps To A Healthier Life, a program that offers disease prevention, health education and behavior change programs that helps members improve their health. Simple Steps provides an easy approach to creating a health assessment profile that generates a personalized health action plan. The health action plan identifies certain risk, and directs participants to personalized online wellness programs and other services to encourage healthy lifestyle changes.

Questionnaire (Attachment 12)

- To learn more about our pharmacy services, members can go directly to www.aetna.com. They can access information about ordering their medicine by mail through Aetna Rx Home Delivery® or Aetna Specialty Pharmacy®, how to find in-network retail pharmacies to fill a short-term need, what they can expect to pay and much more.
- All About Benefits, our newest educational program created with the Financial Planning Association, is a website designed to provide young workers ages 18-24 with the knowledge and confidence they need to make informed health benefits decisions as they enter the workforce. The site includes relevant videos and podcasts.
- Aetna Navigator Hospital Comparison Tool - The Aetna Navigator Hospital Comparison Tool allows users to access evidence-based hospital outcome data on 170 diagnoses and procedures. Users receive an easy-to-understand report that compares hospitals in their area, based on four criteria they consider important, including the number of patients treated per year, complication rates, mortality rates and length of stay. To further compare hospitals, the tool also includes results from The Leapfrog Group Hospital Patient Safety Survey, data published by the Centers for Medicare & Medicaid Services and the Joint Commission on Accreditation of Healthcare Organizations.
- Estimate the Cost of Care (ECC) suite of interactive web-based cost tools - This suite of tools is designed to help members plan for and take charge of their health care expenses by providing them with cost information they can use to make decisions that are more informed.

There are six components to the ECC suite of tools, including:

- Surgical Scope and Procedures
- Dental Procedures
- Prescription Drugs
- Office Visits
- Diagnostic Tests and Vaccines
- Diseases and Conditions

Aetna Navigator's Virtual Assistant, Ann, helps members navigate their secure member website. They can access personalized information, tools, and programs that are available to them (Ann is aware of a member's specific benefits and entitlements).

Questionnaire (Attachment 12)

Ann can assist members in many ways. She helps members and their dependents that are first time users, are having difficulty with the Navigator registration process, or have forgotten their user name or password. She can help with many other tasks as well, including questions about claim searches, claim status, coverage, ID cards and benefit questions.

Member secure website

In addition, we offer registered City members Aetna Navigator, www.aetn navigator.com, our around-the-clock, self-service website that empowers members to manage their health benefits and access credible health information online. The site combines customized, credible health information with personalized benefits information including claims status, electronic EOBs, eligibility information, ID card requests, health care decision-making tools, flexible spending account review and much more. The most popular areas of Aetna Navigator include Who is Covered; view eligibility information; and medical, dental and pharmacy claims status. The health care consumer tools, such as our Aetna Navigator Hospital Comparison Tool and Price-A-DrugSM, are also popular resources for members.

Aetna Navigator also facilitates communications with members by providing push messaging to alert them of certain transactions and features on the site. Members that elect paper suppression will receive an e-mail notification when they have a new EOB or FSA payment to view online. Members who elect to receive e-mails will be sent our monthly e-mail newsletter, Member EssentialsSM. The newsletter promotes the benefits and new features of Aetna Navigator. In addition, members may contact Member Services through secure messaging in English and Spanish.

Guest IDs

We offer a pre-enrollment opportunity for the City to experience Aetna Navigator®, our secure member website. You may use a guest user name and password, and provide it to your employees, to allow potential enrollees access to a live-site environment. We also offer video site tours of Aetna Navigator that highlight features and tools for Aetna members.

The Aetna Navigator guest ID experience is illustrative only, and may differ from the actual information a registered member may see on their site, once they are enrolled in an Aetna plan and depending on their benefit elections. It provides access to tools such as the Estimate the Cost of Care tool and Healthwise® Knowledgebase.

Questionnaire (Attachment 12)

Access to the guest ID site is at www.aetna.com.

User name and passwords are:

- User name: hicguest1
- Password: hicguest1

The Aetna Navigator guest experience is for illustrative purposes only. Please note:

- Plan-related information, such as products included on the site, benefits levels and copay information, may not mirror those offered by each customer.
- Member cost information, such as shared member costs or coverages in the Price-A-Drug tool, may vary by plan and the member's deductible and coinsurance activity; however, the total cost of a drug displayed would be accurate.
- Transactional activities, such as EOBs and completing a health risk assessment are not activated for guests.

Video tours

You may also view or direct City employees to view our Aetna Navigator video tours. These tours are available on our public site at www.aetna.com/individuals-families-health-insurance/tool/tour-index.html.

- Ask Ann Tour
 - Secure Member Site Tour
-

Questionnaire (Attachment 12)

10. Describe in detail your out-of-area coverage for dependent students attending school. Include your procedures for non-emergency and emergency care including follow-up visits.
-

Out-of-area coverage

For out-of-area dependent students attending school, our networks offer reciprocity nationally; City members have access to preferred-level benefits from any participating provider in any of our networks across the country. The plan would be administered based on the plan design of the home network. Follow-up visits would also be applicable for benefits under our reciprocity rules.

Non-emergency care

Students may call member services or access DocFind® on the Internet, www.aetna.com, to find a participating provider in their location. Members should call their PCP, if required, for a referral in non-emergency situations. Members also have access to non-preferred providers at the non-preferred benefit level.

Emergency care

In the case of an emergency, as defined below, the member may seek medical care at the nearest emergency facility. We provide coverage for emergency services, regardless of the facility's participating status. The member will not be responsible for amounts above the plan cost share that may be billed by an out-of-network provider.

An emergency medical condition is a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Placing the person's health in serious jeopardy; or
 - Serious impairment to bodily function; or
 - Serious dysfunction of a body part; or
 - In the case of a pregnant woman, serious jeopardy to the health of the fetus
-

Questionnaire (Attachment 12)

11. Are there any major changes anticipated over the next 12 months as it relates to your corporate organization, website and/or telephonic services, network access or other improvements as it relates to your proposed program?
-

Corporate organizational changes

Aetna Inc. is a broadly held, publicly traded corporation. Our primary goal is to grow and strengthen our core health, life, disability and related benefits businesses. We may, from time to time, make acquisitions and/or organizational changes as necessary to further enhance this goal.

On July 3, 2015, Aetna and Humana Inc. announced that they have entered into a definitive agreement under which Aetna will acquire all outstanding shares of Humana for a combination of cash and stock valued at \$37 billion or approximately \$230 per Humana share based on the closing price of Aetna common shares on July 2, 2015.

The complementary combination brings together Humana's growing Medicare Advantage business with Aetna's diversified portfolio and commercial capabilities to create a company serving the most seniors in the Medicare Advantage program and the second-largest managed care company in the United States. The combined entity will help drive better value and higher-quality health care by reducing administrative costs, leveraging best-in-breed practices from the two companies -- including Humana's chronic-care capabilities that measurably improve health outcomes for larger populations -- and enabling the company to better compete with more cost effective products.

Website, telephonic services and network access

We do not anticipate any significant changes to our website or telephonic services as it relates to our proposed program. In addition, we are not planning any significant changes for our current network contracting model in the near future.

Questionnaire (Attachment 12)

12. Please confirm your company's ability to accept payment for administration fees via the City's P-Card program.

Confirmed. Aetna is happy to accept payment for administrative fees via the City's P-card program.

ADMINISTRATIVE QUESTIONS

13. Do you agree to have available plan representatives at all open enrollment and informational session meetings upon request?

Yes. Upon your request, we provide representation at open enrollment and on-site meetings to help City members understand the benefit plan.

Additionally, we provide the following services to help employees during the enrollment process and thereafter:

- Toll-free Member Services - We provide toll-free lines staffed by customer service representatives (CSRs) who have online access to immediately answer the member's questions. Our CSRs provide the following information:
 - Network Information
 - > To help members understand how to use the network
 - > How to access their physicians
 - > How any preferred and non-preferred benefit levels operate
 - Benefit Plan Information
 - > To explain benefits
 - > To explain plan requirements
 - > To explain covered and non-covered services

Questionnaire (Attachment 12)

- Provider Information
 - > To provide background and availability of network providers
 - > Updated provider directory information
- Utilization Management Information
 - > Describe our utilization management (UM) programs
 - > Describe referrals to a UM nurse consultant
- Internet Services – City members can log onto our website at www.aetna.com and access the following:
 - DocFind®, our online provider directory, is available to assist in the selection of providers.
 - Member Services Online to contact member services with issues or questions.

-
14. Provide a timeline for a new client implementation. For each timeframe indicated transition tasks, include key milestones, deliverables and responsible parties. Be sure to include the milestones, deliverables and responsible parties to ensure mail delivery of all ID cards before January 1st.
-

Confirmed. Please refer to the Implementation Schedule in Tab VIII section of the proposal.

Questionnaire (Attachment 12)

15. How will you communicate with the city regarding the progress of the conversion and implementation effort? How do you propose to make the City's experience easy?
-

Aetna offers a unique approach with our dedicated Public Sector and Labor (PSL) team that supports clients like the City. We have over 800 people solely dedicated to understanding and delivering for Public Sector clients. Your local Account Management team leads that effort and is located in Broward County.

To communicate with the City during the conversion and implementation stage, we bring together a team of technical and administration specialists to implement customer plans based on the products and services selected. Similarly, we ask the City to identify a team representing the following areas:

- Financial
- Benefits
- Information technology
- Human resources
- Other departments as needed

To help make the transition process easy, we have found our team concept approach for implementation activities offers the following advantages:

- Increases accountability
 - Collaboration to identify the best resolution for any challenges
 - Responsiveness
 - High level of customer and member satisfaction
-

Questionnaire (Attachment 12)

16. In order to complete Open Enrollment, specify what services/resources are you willing to commit to after award prior to contract effective date.
-

As a dedicated Public Sector team, we recognize that the City represents a diverse group of employees and has different communication needs than other employers. At Aetna, we leverage our experience to understand your SPECIFIC needs and will create a plan SPECIFIC to the City.

After contract award and prior to the contract effective date, your account team, the City and the service center work together to help plan and support your enrollment and implementation and program, from start to finish.

Enrollment plan

We help support your enrollment process with the following resources:

- Communications (pre and post-enrollment) - We provide you with electronic versions of various marketing materials that you can distribute to your employees. This includes a one (or two) page document specific to your benefits, marketing materials and information on preventive services screenings. We can build a microsite which includes materials in an online format including the storage of customer specific materials. It can be used during open enrollment and post enrollment for new hires.
- Employee Open Enrollment Education – We work closely with you to coordinate and execute an effective enrollment member education plan that is customized to meet the City’s needs. Plans include:
 - Employee communication strategies on available benefit options
 - Wellness programs
 - Member tools
 - Network

Depending on location size, we can offer a combination of live meetings (presentations, Q&As or health fairs), webinars and/or pre-recorded video presentations. Our goal is to educate as many of your employees as possible in a resource efficient manner.

Questionnaire (Attachment 12)

- Plan Enrollment Materials - We offer a wide variety of plan materials to you. While you can select the materials you wish your employees to receive, we recommend the following:
 - Employee brochure for new products and services
 - Plan descriptions
 - Online provider directories
 - Member tools flyers
 - Discounts and value-added services
- Access to member services and our online and mobile provider search tool – Prospective members can call our toll-free member services line for help understanding their plan – before enrolling and becoming an Aetna member.

Your account team provides our Customer Service Representatives with detailed benefit descriptions before the effective date so they can assist members with questions such as:

- Plan design
- Participating provider selection
- Access to online resources

Implementation

In addition, we develop a custom Implementation Management Plan based on your chosen products, programs and services. We identify tasks, needed resources and key milestone dates to complete a smooth transition.

Key milestone dates include:

- Plan set up
- System test to ensure claim readiness
- Creation of open enrollment materials
- Scheduling employee meetings
- Receipt of eligibility files
- Production and mailing of ID cards prior to the effective date

Questionnaire (Attachment 12)A team approach

We bring together a team of technical and administration specialists to implement the City's plan based on the products and services selected. Similarly, we ask you to identify a team representing the following areas:

- Financial
- Benefits
- Information technology
- Human resources
- Other departments as needed

Our team concept approach for implementation activities offers the following advantages:

- Increases accountability
- Collaboration to identify the best resolution for any challenges
- Responsiveness
- High level of customer and member satisfaction

-
17. Does your company have a system to communicate changes in legislation or rules from the federal or state levels regarding the administration of the plan? How do you ensure the City's plan documents comply with all federal and state regulation i.e. HIPAA, FMLA, HCR, CHIPRA, COBRA, etc. on an annual basis?
-

Yes. We routinely monitor state and federal legislation as part of our efforts to remain in substantial compliance with all applicable federal and state laws relating to services provided under the agreement.

We analyze newly enacted legislation and communicate requirements, as necessary, to impacted business areas within Aetna relating to the services we provide to customers. The City may be advised of regulatory or legislative developments and their impact on Aetna services through their account management team. We do not provide compliance advice to customers relating to laws or regulations that apply directly to them as employers or sponsors of health benefit plans.

Questionnaire (Attachment 12)

18. How often is information updated on your website?

We update most information immediately. Overall, due to the substantial and numerous material on our website, the timeframe information is updated varies.

For example, we adhere to the following update timeframes on our public and member website:

- DocFind, our online provider directory is updated six days a week
- Aetna Health Essentials, our member e-newsletter is updated monthly
- Essential health benefits under the Affordable Care Act (ACA) are updated in accordance with any new regulatory guidance timeframes that are released
- Current member account information is updated as changes occur in our benefits administration system. For example, claims are reflected on the member website in real time
- Incentive participation data - Once a member completes a Health Risk Assessment or Wellness journey, it is immediately updated on our member website

19. How frequently do you conduct plan member satisfaction surveys?

We conduct our Aetna Performance Tracking Member Satisfaction Survey continually throughout the year using a random sample of 6,300 members.

Survey topics include member satisfaction with claims processing, member services and the health plan in general. The survey focuses on the following target areas:

- Overall satisfaction with the health plan
- Satisfaction with Aetna's network
- Satisfaction with the EOB
- Satisfaction with our claims process
- Satisfaction with the enrollment process
- Satisfaction with member services

Questionnaire (Attachment 12)

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
GENERAL INFORMATION			
20.	Will you assign a dedicated full-time onsite customer service representative?	Yes. We are committed to serving the City and provide a full-time onsite representative for your needs.	
21.	Is your company capable of providing online access for the purpose of determining member eligibility and claim status and to initiate enrollment changes?	<p>Yes. We offer the City access to our EZenroll system in two modes:</p> <p>Inquiry only. You can check enrollment information online 24/7 instead of calling to verify eligibility.</p> <p>Full access. Following a good fit system review, you can check and change member data online in addition to sending in a bi-weekly data file feed. You must agree to include on your next file any changes made manually in EZenroll. If this is not done, member data will reset to the old data.</p>	

Questionnaire (Attachment 12)

		<p align="center">COMPLY/AGREE YES/NO*</p>	<p align="center">COMMENTS/EXPLANATION *If you answer NO, briefly explain why</p>
<p>22.</p>	<p>If enrollment changes are made, are changes effective in real time or is there a delay (specify time for both medical and pharmacy)?</p>	<p>Medical: We upload data to our eligibility systems in both real time and through nightly batch runs. We upload in real time any eligibility sent online or electronically. We manually load eligibility sent on paper.</p> <p>Pharmacy: One of the advantages to having integrated medical and pharmacy benefits is that you only need to submit one eligibility file for both benefits. When we receive the file, we update it in our eligibility mainframe. We then transmit the data to the pharmacy claim system, where it typically becomes available for online processing within 24 to 48 hours. We update the mainframe nightly and use this connection for integrated online, real-time eligibility verification, plan coverage information and utilization review for participating retail, mail order and specialty pharmacies.</p>

<p>30.</p>	<p>Can your company's utilization reports provide comparisons between the City's utilization data and regional norms?</p>	<p>Yes. We provide benchmark and normative data for utilization statistics through our Aetna Health Information Advantage™ Internet software tool, which provides comparative data to allow the City to better gauge the performance of your plans. We update standard report norms monthly and adjust them by product, region and age/gender.</p>	
<p>31.</p>	<p>Between re-credentialing cycles, do you conduct ongoing monitoring of practitioner sanctions, complaints and quality issues?</p>	<p>Yes. Between credentialing/recredentialing cycles, our regional Credentialing and Performance Committee may review a provider if adverse actions have been reported. We also routinely monitor state board sanctions, loss of license and Office of Personnel Management/Office of Inspector General Reports to capture any adverse activity that could potentially result in a non-renewal. We review these reports as frequently as they are made available and have processes in place to communicate the information to the appropriate department for action.</p>	
<p>32.</p>	<p>Proposer agrees that no minimum participation requirements will apply to any proposed plan.</p>	<p>Yes.</p>	

Questionnaire (Attachment 12)

		<p align="center">COMPLY/AGREE YES/NO*</p>	<p align="center">COMMENTS/EXPLANATION *If you answer NO, briefly explain why</p>
33.	<p>Proposer agrees to meet quarterly with City staff to review the status of the disease management and wellness programs.</p>	<p>Yes. Cathy Aguirre and her team will meet with the City quarterly to discuss your disease management and wellness programs.</p>	
34.	<p>Will your company attend meetings, at least quarterly, to review plan performance and ongoing service issues?</p>	<p>Yes. Your account team looks forward to providing analytic assistance for the performance of the City's plan of benefits using a report package that targets key areas, which have the greatest impact on cost, utilization, member engagement and health. This package contains a wealth of useful information and illustrates prior and current views, including both Aetna and industry benchmarks, to easily identify trends.</p>	
35.	<p>Proposer agrees to provide a Summary Plan Description (SPD) within 90 days of effective date.</p>	<p>Yes. Aetna will provide booklet materials describing your benefit plan within 90 days of the effective date. In addition, we will provide the City with a standard template on which they can provide us with additional ERISA information that, when included with the booklet materials, results in a document that satisfies the Department of Labor's Summary Plan Description requirements.</p>	
36.	<p>Proposer agrees that no commission or remuneration of any kind is included in the quoted premiums or will be paid out in connection with the bid proposal.</p>	<p>Agree, no commission or remuneration of any kind is included in the quoted premiums or will be paid out in connection with the bid proposal.</p>	

Questionnaire (Attachment 12)

OPEN ACCESS PLANS (HMO & POS)

37. What is your company's current average length of stay for hospitalization for your proposed network located in Broward, Palm Beach, Miami-Dade, Martin and Monroe Counties?
-

We track our average length of stay using our national book-of-business; it is not County specific. In 2015, our average length of stay was 4.6 days.

In South Florida, where we have multiple Medical Directors working directly with our clients and hospitals, we are routinely impacting both quality of outcome and cost to the plan in a positive manner.

38. Who is financially responsible if a network only physician refers to a non-network provider?
-

We encourage participating physicians to use and refer members to participating providers (i.e. specialists, labs, hospitals); however, our patient management department may authorize treatment from an out-of-network provider if the treatment and/or services are not available in network or if the services received are for a transition-of-care period. If a participating PCP refers a member to a nonparticipating provider and receives authorization for that provider, the member receives coverage at the in-network benefit level.

Questionnaire (Attachment 12)

A participating provider can obtain out-of-network authorization by contacting our patient management area on behalf of the member. If the plan design includes out-of-network benefits and the member self-refers to an out-of-network provider, the member is responsible for obtaining authorization for coverage at the in-network benefit level.

Alternatively, if a physician suggests a nonparticipating provider, the member may work with their physician to identify a participating provider. Members can determine whether a provider participates in our network or locate a participating provider by accessing DocFind[®], our online provider directory at www.aetna.com, or by calling member services. Members receive the in-network benefit level when they access participating providers in accordance with their plan design, which may require obtaining a referral.

Questionnaire (Attachment 12)

	COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
OPEN ACCESS PLANS		
39.	<p>Does your company contract with a separate company to provide lab tests and durable medical equipment? If yes please provide the name of the company(ies).</p>	<p>Yes. We have robust network of nationally recognized laboratories and durable medical equipment (DME) vendors.</p> <p>Labs: Quest Diagnostics is our national preferred lab. We also have local contracts with medical laboratories and radiology services through independent facilities and network hospitals such as CareDx and Solstas.</p> <p>DMEs: We use national DMEs such as Sterling Medical Services and Apria Healthcare in addition to regional durable medical equipment providers.</p> <p>When applicable, our case managers work collaboratively with these vendors to arrange health care services for our members.</p> <p>Please refer to Tab III of our proposal for a complete listing of our DME providers and National lab listing brochure.</p>

		<p align="center">COMPLY/AGREE</p> <p align="center">YES/NO*</p>	<p align="center">COMMENTS/EXPLANATION</p> <p align="center">*If you answer NO, briefly explain why</p>
<p>40.</p>	<p>Are physicians required to exclusively order testing, labs and durable medical equipment through network providers?</p>	<p>We encourage network physicians to use network labs. This includes submitting lab work and referring members to labs. We cover lab services as follows:</p> <ul style="list-style-type: none"> • If a network physician refers a member to or uses an out-of-network lab, we cover the services at the network benefit level. • If there is no referral, we cover lab work according to the plan’s out-of-network benefit level, if applicable. • If there is no referral and the plan does not have an out-of-network benefit level, we do not cover the lab work. 	
<p>41.</p>	<p>If your company contracts with a company to provide lab services, are members required to use that lab service if the participating physician’s office has a lab?</p>	<p>Members are not required to use our contracted labs. Participating physicians may handle laboratory work for members in their office(s).</p>	

Questionnaire (Attachment 12)

CASE MANAGEMENT

42. Describe the circumstances under which case management is engaged. Is it based on diagnosis, paid claim amount or both? Be specific.
-

The circumstances under which our case management program is engaged depend on referrals generated from:

- Specific diagnosis groups or procedures related to specific services
- Certain inpatient admissions
- Specialty teams such as our NICU, SNF/Rehabilitation or National Medical Excellence Program®
- Administrative data sources such as Predicted Utilization by Statistical Evaluation for Action-able Impactable Members (PULSESM AIM)
- Staff from our precertification, concurrent review/discharge planning, disability services, disease management, and behavioral health units
- Sales and marketing

External referral sources include but are not limited to:

- Hospital discharge planners
- Physicians
- Members
- Family members/caregivers
- Customers

Our member services unit can also accept external case management referrals:

- By telephone
- In writing

Questionnaire (Attachment 12)

External referrals can come from:

- Members
- Family members
- Physicians
- Facilities
- Vendor partners
- Customers

We make behavioral health referrals to our behavioral health program or to the member's delegated behavioral health contractor as appropriate.

The following represent a sampling of conditions that may result in identification for our program:

- Multiple Admissions - All members identified with 2 or more admissions within a rolling 90 days
- Members with advanced illnesses who have end of life needs
- Inpatient acute hospital admissions with the following conditions:
 - Selective heart diseases or disorders
 - Diabetes mellitus
 - Neuromuscular disease
 - Traumatic injuries
 - Infectious disease
 - High-risk maternity
 - Premature babies
 - Selective blood disorders

We also consider the following triggers:

- High dollar claims
- Private duty nursing situations
- Members identified through our predictive modeling tool (PULSE)
- Members identified through the Re-admission Risk Tool
- Members with a diagnosis of hemophilia
- Members who require transplant
- Pediatric congenital heart surgery

Questionnaire (Attachment 12)

We refresh PULSE predictive modeling data monthly to give us up-to-date information for identification of case management opportunities. In addition to a member's predictive modeling risk score and historical medical and pharmacy data, actionability flags may indicate certain characteristics or outcomes such as:

- A member's noncompliance to medication
- High total use of out-of-network providers or facilities
- High emergency room activity
- High dollar claims equal to or greater than \$75,000 within 12 months

Case managers receive and review referrals based on a PULSE score of 13 or higher and 2 or more flags.

We periodically review our case management criteria for program performance and clinical validity. We may make changes based upon the results of the review.

Care management built around the individual - Aetna In Touch Care Premier

As an option, we offer the City a differentiated care management experience with our Aetna In Touch Care Premier (AIRC) program. AIRC is an alternative to having separate case management and disease management programs, as it focuses on the member's whole health, managing acute and chronic conditions simultaneously. Our program revolutionizes care management by taking member centricity to a new level, focusing on the member's current and future needs. Instead of reacting to specific conditions, we operate at a broader, more meaningful level and identify those members with the greatest risk and potential for health improvement. We do this by looking at both clinical and financial factors, including:

- Clinical urgency
- Clinical impact
- Financial impact

Questionnaire (Attachment 12)

In addition, you are supported by a designated Care Advocate Team that performs all functions for you, including precertification, concurrent review, discharge planning and case management.

AITC also uses a single nurse model approach. Members have one-on-one phone and e-mail support with their nurse. Nurses provide members with personalized support to help plan and coordinate their care holistically. As part of this personalized support, members are able to develop an individualized action plan with specific goals. By interacting with the same nurse, no matter the member's condition (i.e., chronic, acute or both), the member can receive important tips and strategies to manage his or her whole health. Our nurses also serve as a family resource. When we identify other family members who have care management needs, our nurses provide personalized support to each member while incorporating an important family perspective.

43. What are the criteria for members to be discharged from case management?

We use the following criteria to guide our decision to discharge a City member's participation in our case management program. Case management ends when or if:

- Complex care coordination needs are no longer necessary and the member is in the appropriate care setting
- A baseline or custodial level of care is met and no additional needs are identified
- No further progress is expected and the member won't benefit from ongoing 1:1 with case management support
- An unwillingness to change behavior is demonstrated and the identified case management activities require member participation
- Enrollment is terminated (there is change in health benefits coverage or member dies)
- A member declines the program
- A member or provider requests the discontinuance of case management

Questionnaire (Attachment 12)

- Other insurance is verified to be primary and our plan is not at financial risk and there is no obligation with the City to perform case management for the member
- A member and/or doctor don't respond to initial case management outreach attempts
- A member becomes unable to reach after engaging in the program
- The remaining open identified issues are related only to claims
- A member is admitted to a non-acute facility such as, skilled nursing facility or rehabilitation facility, and there are no actionable case management activities during the member's non-acute inpatient stay

Our case managers discuss with members the potential for case closure once they reach their goals. We also share the telephone number and extension so the member can reach out to the case manager they were working with.

Questionnaire (Attachment 12)

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
CASE MANAGEMENT			
44.	Are there any types of cases the case management program does not manage? If yes, describe.	Case management is not a chronic condition program, so we do not consider conditions excluded. Our case management program uses a "whole patient" centered approach to identify high-risk members with complex health needs. We run our predictive modeling tool on 100 percent of our Aetna Book-of-Business members, so all claims are reviewed for possible member inclusion or referral to our program.	
45.	Is the case management/utilization management function a part of your company or is it subcontracted to a vendor?	Yes. Our Case management/utilization management (UM) functions are part of our company and housed internally. We do handle our UM precertification services both stateside and through the International Care Management Center (ICC). EXL Service, our contracted vendor operates the ICC through our operational and quality oversight in the Philippines and India.	

Questionnaire (Attachment 12)

TPA SERVICES

Claims Administration

46. Describe your internal claim audit function.

Components of our claim processing measurement include an extensive internal claim auditing program that includes the following:

- Stratified Quality Audits – Using an industry accepted, statistically valid stratified audit methodology, populations of processed claims are segregated into dollar categories (strata) based upon the amount paid. A sampling of claims is randomly selected from within each strata. Results are extrapolated over the respective populations based upon the weight of each strata relative to the given populations. Sampling levels are such that an industry acceptable typical precision level of +2 percent is achieved.
- Monthly Processor Rework – Claim rework is tracked, assigned to the responsible claim processor and trended for improvement initiatives. Monthly claim rework is an integral component of an individual claim processor’s performance results. In essence, 100 percent of the processor claims are considered in the use of rework as the processor level quality metric. Discretionary, targeted claim audits may be performed as warranted by a claim processor’s rework results.
- Prepayment Review – We audit all claims equal to or greater than a specified dollar threshold paid on a pre-disbursement basis.
- Trainee Audit – Initially, the business unit provides mentors/auditors to audit 100 percent of claims processed by trainees. As each trainee’s results reach an acceptable level in a category, the percentage of claims reviewed decreases.
- Auto-adjudicated Claim Audit – Our Quality Assurance Policy includes a statistically valid random selection of claims and all claims equal to or greater than a specified dollar threshold paid on a pre-disbursement basis.

Questionnaire (Attachment 12)

- **Itemized Bill Review** - For certain large inpatient facility claims from network facilities, we offer Itemized Bill Review (IBR), an additional feature of our National Advantage Program. We have partnered with a vendor to review these claims for billing errors prior to claim adjudication. IBR reviews inpatient facility bills with submitted expenses of \$20,000 or more incurred at a network facility (excluding per diem arrangements). We pay the claim based on our policies, Coverage Policy Bulletins and in accordance with the facility's contractual arrangements.
- **Auditor Re-audit** – Auditors are subject to a re-audit of their work based on a random sample. This audit validates the accuracy of the auditors and compliance with the audit program. Overall results are reported for Pay Incidence, Pay Dollar and Total Claim Accuracy.
- **Bank-Cleared Claim Draft Audit** – Our corporate office oversees our automated check auditing system that monitors each bank-cleared check.
- **Corporate Audit** – Any of our service centers may be subject to an audit by our Corporate Audit department on an unscheduled, unannounced basis to evaluate the effectiveness of controls over processes and procedures.
- **Medical Bill Audit** - We have a comprehensive medical bill audit program in conjunction with external suppliers that include hospital bill audits; DRG audits for DRG code validation; and targeted contract compliance audits for inpatient and outpatient facility claims.

We provide an electronic claim file of paid facility claims greater than \$10,000 which the suppliers perform both an automated and manual review of the electronic file to identify claims paid using the “percentage of billed charges” methodology. The medical bill audit program is a standard component of the self-funded agreement with a contingency fee charged and the refund credited to the City through their wire-lines.

Questionnaire (Attachment 12)

47. The City currently pays claims through a weekly wire transfer with an imprest account being held by the carrier. If your company is selected to provide TPA services, what is the standard banking arrangement that the City would be expected to follow? Include information on how and when the account is funded and the options available for reimbursement frequency.
-

Standard banking arrangements and procedures

We don't require a minimum bank or imprest balance, an up-front deposit or a letter of credit.

With our checks-issued funding arrangement, you'll sign a banking consent form for a joint benefit payment clearing account with either Bank of America or Citibank Delaware to fund payments to members and doctors. You can still choose your own bank to fund your claims.

How the account is fundedBank-initiated federal wire

With our Bank-Initiated Federal Wire arrangement, funds are requested and transferred from your bank to Bank of America or Citibank Delaware through the Federal Reserve Bank in Philadelphia. Your bank must be a member of the Federal Reserve Online System.

Bank-initiated electronic funds transfer

With our Bank-Initiated Electronic Funds Transfer arrangement, you can use Automated Clearing House (ACH) to transfer funds from one bank to another.

Confirmation notice

You can also elect to receive a confirmation with your fund transfers. If you select this option, we will notify anyone you select at your office or bank of fund transfers. We send the notice the same time we notify Bank of America or Citibank to initiate a funds transfer request. You have the advantage of being able to update records and immediately move money between bank accounts with this option.

Questionnaire (Attachment 12)**When the account is funded**

We request funds from your bank when we issue checks. We request funds from your designated bank when paid benefits total \$20,000 and on the first business day of each following month using the process below:

Bank of America or Citibank receives cashed benefit payments from the Federal Reserve each day. They use check processing tools to sort the checks and record the following data on a secure file:

- Account number
- Transit number
- Check number
- Amount

They also assign and include a sequence number for each check on the secure file. This makes it easy to locate and reference this information.

We match the bank's paid information against our verified issued-check file daily. We review unmatched items to decide if the check should be accepted or rejected. During the night, we complete all edits and return any rejected items the next banking day.

With electronic plan benefit payments, we then prepare the files for the bank. This process is similar to how we batch and prepare checks for doctors and members. As the files are made and sent to the bank, you're charged for the payments that will be included with the plan benefit check payments.

Based on your current weekly banking arrangement we provided an Alternate Weekly Arrangement: In place of our standard arrangement, we will request funds for paid claims on a specific day of the week [Monday through Friday/call on Friday]. In addition, there will be a month end close out request on the first banking day of each subsequent month.

Questionnaire (Attachment 12)

48. Describe your policy regarding claim subrogation. Include fee basis if billed separately from the administration fee.
-

We use The Rawlings Company, an experienced, national vendor of third-party recovery services headquartered in Louisville, KY, as our subrogation vendor.

For a self-funded group electing to use Rawlings, arrangements must be made through the account manager for subrogation/reimbursement services. The account manager is responsible for completing applicable forms and providing them to Rawlings. Subrogation/reimbursement language must be included in the group's finalized Summary Plan Description (SPD) before recoveries can be pursued.

The following provides an overview of The Rawlings Company's file identification, investigation and recovery processes:

Identification

- Rawlings mines paid claims data using a proprietary set of diagnostic codes to identify trauma-related treatments.
- Members are mailed up to five inquiry letters that include a brief questionnaire asking about their treatment. Rawlings begins their inquiry once accumulated medical claim payments reach a threshold of \$300.
- Members have three ways to respond to Rawlings' questionnaire:
 1. Member can call a toll-free number answered by experienced analysts.
 2. They can return their completed questionnaire in a postage-paid reply envelope.
 3. They can visit www.TRGClaimsInfo.com and complete the questionnaire online.
- Rawlings' also utilizes a subscription-based data warehouse of property and casualty claims to research whether an accident occurred.

Questionnaire (Attachment 12)

- Rawlings' Non-Cooperation Unit investigates high-dollar claims when members are not responding to inquiry letters.
- Subrogation opportunities may also be brought to our attention when Aetna is asked to respond to a subpoena in a member's tort lawsuit requesting records of payment.

Investigation

- Investigations are assigned to analysts organized by client-specific teams supported by team attorneys.
- Analysts define a strategy based on every possible source of recovery and place all parties on notice of your claim.
- Analysts manage files on their proprietary software. Some of the many features include:
 - An automated diary system that allows analysts to record the details of all file activity and share these with other team members collaborating on the file.
 - A tickler system that automatically prompts analysts to plan effective follow-up for each file.
 - Automated special handling notifications (e.g., group restrictions).
 - A library of letters and notices approved by Rawlings' legal team.

Recovery

- Subrogation recoveries are remitted and processed twice a month.
- Reports are provided quarterly.

We continue to pay the member's eligible expenses during the investigation. Rawlings generally does not involve you in the investigation. If the investigation and recovery efforts warrant, Rawlings will pursue a third party through legal action. If the member has already obtained a recovery, Rawlings may, where appropriate, pursue litigation against the member.

Questionnaire (Attachment 12)**Fee basis**

A contingency fee of 30 percent is retained upon recovery. Subrogation recoveries are remitted from Rawlings to Aetna via a bulk wire and recoveries are credited to an individual customer at the claim level through their wireline account. The City will see a credit for the gross recovery, a charge for Rawlings fee and a separate charge for any administrative fee charged by Aetna on their claim detail report.

49. Please provide a list of reinsurers for which your firm is approved to pay claims.
-

We utilize reinsurance in select areas as a risk and capital management tool for several product lines, including life, disability and health insurance. Our financial strength allows us the flexibility to retain a large majority of the mortality and morbidity risks associated with the products that we underwrite. We reserve the right to alter or adjust our reinsurance strategy at any time.

A partial list of the reinsurers for Aetna Life Insurance Company include: Hannover Life Insurance Company, Lincoln Life Annuity Company, Metropolitan Life Insurance Company and London Life Reinsurance Company.

Please refer to Tab III for a complete list of our reinsurance partners from Schedule S of our annual financial statements.

50. Describe your procedures for tracking and reporting specific stop-loss claims. What system capabilities do you have for such tracking and reporting?
-

Standard tracking and stop loss reporting

Our standard reports produced on a calendar quarter basis include paid claims for claimants exceeding \$50,000, including ICD-9 diagnosis code and ICD-9 description for both current and prior experience periods. We mask these reports to protect against individual identification.

Questionnaire (Attachment 12)

In those cases where Aetna provides Stop Loss insurance, an accounting statement is prepared confirming the amount of premiums actually paid during the year and showing the amount of any claims funded by Aetna. If any claim payable is due to the Individual Stop Loss coverage, a listing of the persons and the amount of the claim attributable to each person is available as part of the renewal package.

If the City Company selects a non-Aetna vendor for Stop Loss insurance, a report package is available which will provide claim summary and claim detail information for claimants with cumulative contract period claim dollars that meet/exceed a specified limit (generally at least \$25,000).

The report package is based on recorded claim information; i.e., data concerning claims for which the issued check has cleared all banking and reconciliation functions and has been recorded as paid or funded in our recorded claim system. The package reflects both positive and negative payment adjustments, including those not triggered by submitted claims, and includes detailed diagnostic, treatment and provider information. The package can be used not only to identify large claimants but also to reconcile the funding responsibilities between them relative to the individual claimant for a specific Stop Loss limit. The detail report also provides the date and dollar amount recorded, and the check number issued.

-
51. What is your average length of time to process "clean" claims? The process includes the time from actual receipt to the date an EOB is mailed.

As March 31, 2016, claim turnaround for our Public and Labor customers in our Tampa Service Center was 90 percent of all claims processed within 6.20 days.

When measuring average length of time to process claims, we base our turnaround rate on all claims versus "clean" or unopened claims; we do not track the turnaround rate on just clean claims.

Questionnaire (Attachment 12)

52. a. What is your current backlog of claims in calendar days?
- b. What is your goal for backlog in calendar days? What provisions or systems do you have in place to assure that you meet your clients' needs with respect to timely claims processing?
-

Nationally, our claims backlog or average number of days on hand for claims is generally less than five days.

Calendar day claim goals

To ensure customer claims are processed expediently, our turnaround time goal is to process 90 percent of all claims within 14 calendar days of our receipt of complete claim and eligibility information.

As March 31, 2016, claim turnaround for our Public and Labor customers in our Tampa Service Center was 90 percent of all claims processed within 6.20 days.

Ensuring timely claims processing for the City

Claims supervisors monitor workstations daily and report work status to management. The claims system itself provides additional input, automatically providing turnaround time results for each unit, division and office on a weekly, monthly and cumulative basis. On a weekly basis at the service center and national level, we track the number of incoming claims, the current level of unprocessed claims, the resolved claim activity and turnaround time of all claim activity.

By comparing results at each level, management can determine if we are processing claims within turnaround time goals and take corrective action if needed.

Questionnaire (Attachment 12)

53. Describe any software edits you have in place that automatically flag errors or the need for additional information before a claim can be processed.
-

We have an extensive system of edits in place to automatically flag errors or discrepancies in a claim requiring further investigation which include:

- Employee and member eligibility, including age limitation edits (to determine dependent status) and Medicare eligibility, as well as expenses incurred before the effective date or after termination of coverage
 - Plan provisions limiting or excluding certain expenses, as well as plan changes
 - Claim history for expenses paid to date against plan limits, as well as duplicate bill editing
 - Provider edits, including flags (past indication of over-utilization, inappropriate services, inaccurate billings, potentially fraudulent activities, etc.), restrictions against services outside the scope of a provider's license (e.g., surgical services by a chiropractor), network affiliation and negotiated reimbursement arrangements
 - Patient management edits, including precertification
 - Nonparticipating Provider Reimbursement (such as percent of Medicare, state-mandated rate and percent of Fair Health, etc.) edits for non-network providers
 - COB edits
 - ClaimsXten edits (unbundling, upcoding, incidental, mutually exclusive, etc.)
 - Case management potential
 - Treatment guides, regarding potentially non-covered services (e.g., cosmetic, experimental, etc.) or inappropriate care (e.g., gynecological services for a male patient)
 - Validity edits, such as formats, numeric versus alpha requirements, field-to-field compatibility and missing data
-

Questionnaire (Attachment 12)

54. a. What is your claim accuracy rate over the past 12 months?
- b. How do you calculate this rate?
- c. How frequently do you calculate this rate? What is your accuracy goal?
-

Claim accuracy rate

As of December 31, 2015, our overall claim accuracy rate was 98.83 for our Tampa Service Center Public and Labor team which will serve the City.

How we calculate claim accuracy

We measure claim accuracy by using industry accepted stratified audit methodology. Accuracy in each stratum is calculated by dividing the number of claims processed correctly by the total number of claims audited, and then extrapolating the results based on the size of the population and combining with the extrapolated results of the other strata.

Frequency of calculation and accuracy goal

Our Claim Quality department performs audits daily and compiles accuracy results monthly, quarterly and annually. We report results on individual processors as well as by unit, division/segment and office.

Our goal is to process all claims with an overall claim accuracy of 95 percent.

Questionnaire (Attachment 12)

55. Describe any software or manual procedures you have in place to identify provider fraud or abuse with respect to services, procedure coding, etc.
-

Our Special Investigations Unit (SIU) uses multiple IT Software Anti-fraud Solutions to proactively data mine for fraudulent or abusive billing patterns and to assist us with our investigations. We use IBM's Fraud and Abuse Management System (FAMS) tool, which examines provider treatment and billing behavior to identify outliers and potential fraud. In 2015 we added the use of a new suite of software products from Palantir Technologies which enables link analysis, predictive analytics, top down analysis and automated lead generation capabilities. We also use other vendor products including systems from Verisk. To complement our vendor developed detection solutions the SIU also employs multiple SAS programmers who provide ad hoc analysis and data mining reports to our investigative staff.

The claims system employs automated claim review software to identify and adjust for unbundling of services and duplicate claim billings. We also use additional software, known as the Aetna Standard Table to identify diagnoses and procedures designated as inappropriate according to our clinical policies.

For example, for certain large inpatient facility claims from network facilities, we offer Itemized Bill Review (IBR), an additional feature of our National Advantage Program. IBR reviews inpatient facility bills with submitted expenses of \$20,000 or more incurred at a network facility (excluding per diem arrangements). Our automated claim system also edits any claims over \$50,000.

Our SIU is also made aware of cases of potential fraud through:

- Industry and law enforcement contacts
- State departments of insurance
- Medical review boards
- Our toll-free fraud hotline
- Referrals from claim processors
- E-mail from our public Internet mailbox
- From members responding to the toll-free number printed on our EOBs

Questionnaire (Attachment 12)

When we suspect fraud, we create a case and assign an SIU investigator. When the investigator substantiates an allegation of fraud, or when fraud, waste, or abuse is highly suspected, we place a flag on the provider’s file which triggers an edit and either auto denies certain claims, or drops claims from auto adjudication for manual review. We currently have approximately 20,000 providers flagged for potential fraud, waste and abuse. In 2015, fraud flags resulted in pre-payment claim denials of \$438 million (red flag savings). The SIU has sole authority to place and remove fraud flags in the system.

56. What percentage of services requested were denied due to lack of medical necessity in 2014 and 2015? Of those denials, what percentage were appealed and subsequently approved? Use the following chart to summarize the information. Please describe what types of services are most frequently denied and why these services are denied.

	2014	2015
% Denied	*	*
% Appealed	*	*
Subsequently approved	*	*

* We do not track appeal rate and subsequently approved appeals specific to lack of medical necessity or utilization management.

Percentage of denied, appealed and subsequently overturned appeals – for our entire book-of-business

In 2015, approximately 64 percent were upheld/denied and 33 percent of decisions were overturned as a result of an appeal. The remaining 3 percent were either partially overturned or were redirected to the customer or employer for handling.

In 2014, approximately 62 percent were upheld/denied and 34 percent of decisions were overturned as a result of an appeal. The remaining 4 percent were either partially overturned or were redirected to the customer or employer for handling.

Questionnaire (Attachment 12)**Types of services denied and why**

Denied services may include experimental or investigational procedures, or those not covered under medical necessity. However, we receive appeals from members and/or their representatives for a variety of reasons including:

- Claim payments
- Precertification denials
- Medical necessity
- Plan limits

If we deny an appeal we send a written notice to the member that explains why it was denied, including the specific reasons for the denial. We contain the clinical rationale, reference to applicable plan provisions, medical and dental information reviews, and any other applicable appeal procedures that may be available.

57. Provide a list of all medical services that require prior authorization. What is the average turn-around time as well as the maximum allowed time for providing authorizations?
-

List of Inpatient Precertification Services

All inpatient stays require precertification except normal maternity admissions. Normal maternity admissions don't require notification or medical review. They include vaginal and Caesarean deliveries along with the newborn confinements that don't exceed the standard length of stay.

Inpatient stays include:

- Surgical and non-surgical confinements
- Skilled nursing facility
- Rehabilitation facility
- Inpatient hospice (except Medicare)
- Maternity and newborn confinements that exceed the standard length of stay*

Questionnaire (Attachment 12)**List of Outpatient Precertification Services**

Please refer to Tab III of our proposal response for our complete National Outpatient Precertification list.

In addition, our precertification list is subject to change as we review and update it bi-annually. Please review the link below for our most recent updates.

www.aetna.com/healthcare-professionals/assets/documents/2016-precert-list.pdf

*Standard length of stay for vaginal deliveries is three days or less; standard length of stay for Cesarean section is five days or less.

58. Describe the claims appeal role your company will assume including your defense of member claims appeals through Level Two of a grievance procedure for both medical and pharmacy claims.
-

We will handle all claims through level two and act as fiduciary through that process. Additionally, to allow for flexibility, we have offered the City the option to adjudicate claims after that appeal level. We refer to this as "Option 4" and have detailed this process below:

- Option 4 - We provide mandatory Level I and Level II appeals and write the letter to the member to communicate the upheld or overturned decision. We will act as claim fiduciary on Level I and Level II appeals, as well as the External Review option, if applicable. We will defend any lawsuit originating during or after completion of the first two levels of appeal. After all levels of appeal and the External Review option, if applicable, are exhausted, there is a Voluntary Appeal process available through the City. The City becomes responsible for defense of any lawsuit originating from the Voluntary Process.
-

WELLNESS AND DISEASE MANAGEMENT

84. Describe how your firm would take over and administer the City's management wellness program. Include the procedures your company will follow for monitoring the program and providing incentives and reward to participants for achieving their goals. The current program provides the following:
- a. Completion of a Health Risk Assessment (to be taken on your web portal) and biometric screening (provided through area providers) at the beginning and end of a 12-month period.
-

Confirmed. We will assist the City in making Health Risk Assessments and biometric screenings available to your members. We take great pride in creating a Wellness program specific to the City's needs. We look forward to sitting down with you to tailor your Wellness program, discussing your priorities and what you hope to accomplish with your specific programs and services.

Health Risk Assessment – and our web portal capabilities

Simple Steps To A Healthier Life features our Compass™ health assessment. The Compass health assessment offers members a highly engaging experience with personalized health risk reports and tailored communications that promote participation in the online health coaching programs (Journeys®) that meet their needs.

Participants access the Compass health assessment by logging onto Aetna Navigator, our secure member website, at <http://www.aetna.com>.

Immediately following completion of the Compass health assessment, members receive a full health status summary report.

Questionnaire (Attachment 12)

The Compass report includes:

- **Health Score and Comparison** – A date-specific score along with a comparative bar chart showing the member’s score compared against the scores of their peers.
- **Top Strengths** – A personalized and motivational summary of the top healthy behaviors and achievements the member is doing well in with insight into why it matters.
- **Top Risks** – A positive summary of the key areas of risk the member should be aware of and why they warrant the member’s focus.
- **Health Risk Grid** – A visual, at-a-glance representation of the individual’s health risks across 15 modifiable risk categories that allows the member to “mouse” over each category and their related status for risk-specific details.

Immediate health improvement programs available on our website

Members can launch immediately into relevant health improvement programs the moment their assessment is complete. Program recommendations are based on a member’s health assessment data risk stratification, readiness to change and motivation.

Compass provides actionable feedback regardless of where members fall within the health and wellness spectrum. They receive e-mails that encourage them to address their unique health risks and move them towards the Journeys that they can most benefit from.

Integration

The Compass health assessment integrates with our medical management system making it possible for our clinicians to access valuable member information. It’s also a trigger for outreach in our other programs.

Questionnaire (Attachment 12)

Biometric screenings

We offer a Metabolic Syndrome Screening package through Quest Diagnostics. Once your members obtain their results, they can complete or update their health assessments with the results they receive from their screening tests to help improve outreach effectiveness for coaching programs you may offer.

Intervention

Through identification, we help you pinpoint your primary and secondary goals and focus areas and develop a multi-year approach for wellness. Programs may be implemented in phases, with each year building on the previous year's outcomes and experiences. We work with you to consider what types of program interventions best fit your business needs, workplace culture and employee interests. Some of the program interventions we offer for metabolic health:

- Disease Management
- Healthy Lifestyle Coaching (with the Premier Wellness Package)
- Group coaching and social networking
- ALEX-Metabolic Health Advisor
- Newtopia™(additional option)
- Metabolic Health in Small Bytes
- Aetna Get ActiveSM

Depending on what will motivate your employees, you may also consider engaging them in group activities, competitions, worksite programs or incentives to get them started.

Implementing a program tailored to the City's needs

Your Account team will help you to implement a successful metabolic syndrome strategy that includes:

- **Understanding** what the screening results are for your employee population and determining goals and objectives.
- **Defining** an optimal strategy to help employees decrease their measures and lower their risks.
- **Determining** the right program interventions, education and online tools and resources to help improve your populations' health.
-

Questionnaire (Attachment 12)

Considering what timeframe makes best sense for the various pieces of the overall strategy.

- **Suggesting** a communications plan
- **Determining** a budget
- **Discussing** any implementation procedures

Savings

Our holistic approach to metabolic syndrome helps decrease costs and provides invaluable health benefits. Studies indicate that for every 100 employees, metabolic conditions cost employers about \$87,500 annually.¹ In fact, annual health costs for an adult with metabolic syndrome are 1.6 times higher if a person has metabolic syndrome.

¹ Integrated Benefits Institute, "IBI Chronic Disease Profile," June 2013

- b. Ongoing telephonic mentoring calls by the carrier's coaches monthly or quarterly, depending on risk stratification.
-

Confirmed. Our Healthy Lifestyle Coaching program is a high-touch, relationship-based wellness coaching program. We match participants with a coach to help them identify the wellness areas they want to focus on and the specific changes they want to make. We offer the City the option to include this program in their wellness offerings.

Our Healthy Lifestyle Coaching program sparks employee engagement, encourages healthier lifestyle choices and helps create lasting behavioral changes. It targets those risk factors that your employees and their families can change before disease develops or complications arise. By reducing the incidence of chronic conditions, we can help you promote employee wellbeing, increase workplace productivity and reduce overall medical costs over time.

Based on their preference, participants can engage in telephonic one-to-one coaching, online coaching or choose a group coaching experience. Whichever method they select, participants receive homework assignments and may be directed to online resources and tools to help improve their health.

Questionnaire (Attachment 12)

Areas of focus

Coaches and participants work together to identify which area of wellness to focus on. They use the health assessment or biometric screening results for their initial conversation to help determine which focus to select. However, this focus can change over time as both the coach and participant identify new opportunities for growth. The six basic areas of focus are:

- Tobacco cessation
- Weight management
- Stress management
- Nutrition/Healthy eating
- Physical activity
- Well-being/Preventative health

Identification

We identify participants and assign them a risk level based on the following:

- Health assessment results – this includes the Simple Steps To A Healthier Life[®] health assessment score, BMI, or indication that the individual uses tobacco
- Claims data – we monitor claims for use of Chantix or Zyban (smoking cessation aids)
- Self-referral – individuals can refer themselves by telephone or through Aetna Navigator[®], our secure member website
- Biometrics – this includes BMI, triglyceride levels, HDL level, blood pressure and blood glucose

Program integration

Our Healthy Lifestyle Coaching program integrates with all other Aetna-administered programs. We refer members to and from the Healthy Lifestyle Coaching program and Aetna-administered programs. This includes case management, disease management, maternity management, Aetna In Touch CareSM and behavioral health.

Questionnaire (Attachment 12)

- c. Special programs and initiatives provided by the carrier to support smoking cessation, weight loss, exercise and nutrition counseling.
-

Confirmed. City members have several options to support their goals for smoking cessation, weight loss, exercise and nutrition counseling including participating in our online Journeys program through Simple Steps to a Healthier Life[®], as well as through Healthy Lifestyle coaching in either individual or group sessions as follows:

Our Simple Steps to a Healthier Life[®] online health coaching programs offer a greater opportunity to provide holistic support to members for chronic conditions and wellness. With this personalized technology, each member has a unique user experience that supports engagement and long-term lifestyle behavior change.

This suite includes several focus areas including:

- Be Tobacco Free
- Blood Pressure in Check
- Diabetes Life
- Eat Healthier
- Get Active
- Healthy Back
- Heart Healthy Cholesterol
- Living Well with Asthma
- Sleep Well
- Stress Less
- Weigh Less
- Health In a Hurry

Questionnaire (Attachment 12)

Healthy Lifestyle Coaching sessions

One-to-one coaching

During the first session, your wellness coach will establish the coaching relationship and identify a person's wellness goals. They will:

- Complete an initial assessment for baseline documentation
- Determine a participant's wellness vision
- Design a coaching plan
- Introduce available tools and resources
- And when appropriate, make a referral to a specialty coach

The specialty coaches include:

- Exercise physiologists who educate and explore strategies for improving fitness
- Registered Dietitians who educate on food groups, nutritional content and explore more personalized and detailed strategies for eating healthier
- Wellness counselors (e.g. Licensed Clinical Social Workers) who explore psycho-social barriers that affect change
- Registered Nurses who assist with conversations on chronic conditions, medical conditions or medication compliance.

Our coaches use leading coaching methodologies to inspire change including motivational interviewing, mindfulness techniques, leading change models reflecting the work of Prochaska and Fogg and a proprietary laser coaching model.

Group Coaching

Group coaching consists of a telephonic group coaching experience that includes a series of six scheduled sessions over a 12-week period with an Aetna coach. Participants complete two 30-minute, one-to-one telephonic sessions with a health coach and participate in a 12-week group coaching session.

Video Coaching is now part of our Group coaching model. We provide video or online group coaching support. With this new capability, members have the option to join an online class. They will be able see and talk with a health coach from a computer, tablet or mobile phone.

Questionnaire (Attachment 12)

Topics include:

- Weight Management
 - Stress Management
 - Nutrition/Healthy Eating
 - Physical Activity
 - Tobacco Cessation
 - Preventive Health
-

d. Individual web portal for each member to access and review their HRA and biometric results as well as general wellness information.

Confirmed. City members have immediate access to their Compass health assessment and results by logging onto Aetna Navigator, our secure member website, at <http://www.aetna.com>.

85. Describe how your firm would provide a wellness program to all non-Management employees that would expand and enhance the current HRA and biometric screenings.
-

We are offering the City \$100,000 wellness allowance to help customize and tailor your Wellness program to your specific needs.

We have resources to engage City members with our quality and cost tools, and consider them some of the most important health and wellness resources we offer to all the City's employees, not just specific to non-Management personnel as described below:

Questionnaire (Attachment 12)

Our website, www.aetna.com, available 24/7 is stocked with up-to-the-minute product, health and wellness information for members. Several resources are available to all members, including:

- Healthwise® Knowledgebase, a user-friendly decision-support tool that can help users to make more informed health decisions, such as: when to treat a health problem at home, when to call a doctor and what treatment options may be available. .
- Clinical Policy Bulletins (CPBs) enable members, customers and physicians to access current information about our medical and pharmacy coverage policies. Hundreds of CPBs are currently accessible online, with updated policies and new policies being added on a continual basis.
- DocFind, our newly redesigned, online participating provider directory, helps members locate physicians, dentists, optometrists, hospitals and pharmacies. DocFind is available in English and Spanish. DocFind also enables visitors to search for physicians by zip code, miles willing to travel, and city and state. In addition, maps and driving directions to the location of the selected physician.
- Simple Steps To A Healthier Life, a program that offers disease prevention, health education and behavior change programs that help members improve their health. Simple Steps provides an easy approach to creating a health assessment profile that generates a personalized health action plan.
- To learn more about our pharmacy services, members can go directly to www.aetna.com.
- All About Benefits, our newest educational program created with the Financial Planning Association (FPA), is a website designed to provide young workers ages 18-24 with the knowledge and confidence they need to make informed health benefits decisions as they enter the workforce.
- Aetna Navigator Hospital Comparison Tool, a tool that allows users to access evidence-based hospital outcome data on 170 diagnoses and procedures. Users receive an easy-to-understand report that compares hospitals in their area, based on four criteria they consider important, including the number of patients treated per year, complication rates, mortality rates and length of stay. To further compare hospitals, the tool also includes results from The Leapfrog Group Hospital Patient Safety Survey, the Centers for Medicare & Medicaid Services and Joint Commission on Accreditation of Healthcare Organizations information.

Questionnaire (Attachment 12)

- Estimate the Cost of Care (ECC) suite of interactive web-based cost tools - This suite of tools is designed to help members plan for and take charge of their health care expenses by providing them with cost information they can use to make more informed decisions. There are six components to the ECC suite of tools, including:
 - Surgical Scope and Procedures
 - Dental Procedures
 - Prescription Drugs
 - Office Visits
 - Diagnostic Tests and Vaccines
 - Diseases and Conditions

Our secure member website – Aetna Navigator

We also offer City members Aetna Navigator (www.aetn navigator.com), our around-the-clock, self-service website that empowers members to manage their health benefits and access credible health information online. The site combines customized, credible health information with personalized benefits information including claims status, electronic EOBs, eligibility information, ID card requests, health care decision-making tools, flexible spending account review and much more.

Aetna Navigator’s Virtual Assistant, Ann, helps members navigate their secure member website. They can access personalized information, tools, and programs that are available to them. She helps members and their dependents that are first time users, are having difficulty with the Navigator registration process, or have forgotten their user name or password. She also helps with questions about claim searches, claim status, coverage, ID cards, and benefit questions.

Aetna Navigator provides the following resources to all members, encouraging active participation in their health care choices and decisions:

Aetna Navigator member website – available services and tools

Make appointments with their providers online
Surgical support tool

Health Risk Assessment - expanding participation with incentives

In addition, expanding Health Risk Assessment participation begins with offering incentives as our book-of-business results show:

Our overall book of business health assessment completion rate is 10.8 percent, increasing to approximately 18 percent for those customers offering an incentive/reward program. Customers that communicate the health assessment program very little or only once and do not offer incentives was less than 3 percent.

Increasing Biometric screening participation

Aetna has a multi-dimensional solution for metabolic syndrome. To help combat the prevalence of metabolic syndrome in your workforce, we use an approach focusing on: Identification, Implementation, Intervention and Incenting.

It all starts with knowing your population's health and potential risk factors. Understanding your employees' numbers helps determine what types of wellness program interventions and incentives you should consider that can improve workplace health. Through identification, we help you pinpoint your primary and secondary goals and focus areas and develop a multi-year approach for wellness. Programs may be implemented in phases, with each year building on the previous year's outcomes and experiences. We work with you to consider what types of program interventions best fit your business needs, workplace culture and employee interests.

Questionnaire (Attachment 12)

86. Provide a method for expanding these initiatives as well as measuring, rewarding, and reporting these activities.
-

We listen to the City's needs, work with you to define your health and wellness goals and then propose a creative, multi-year solution to drive and sustain healthy lifestyle changes. We work to ensure that your \$100,000 wellness allowance is utilized in a fashion that maximizes your return-on-investment.

Healthy behavior change is at the core of any successful health and wellness strategy. Because we know this change usually takes place in small steps, we understand the benefits of a progressive approach. This results in:

- Healthier employees and their families
- Higher employee productivity
- Lower medical costs over time

Five steps to a successful health and wellness strategy

We partner with you to build this evolutionary strategy through a proven, five-step approach:

1. Gather and analyze. First, we assess the health and productivity levels of your employees. We study your workplace culture and your business and benefit goals. Then we review claim data to understand utilization trends and health risks. We do this so we can lay a solid foundation for a customized wellness strategy based on member health status, demographics and individual preferences and behaviors.
2. Define goals and objectives. Armed with this knowledge, we work with you to pinpoint behaviors you would like to change, such as raising the rates of preventive care visits or health assessment completion. Then we help you decide which programs and services best support your benefits philosophy. And, because we know you want a strategy grounded in results, we define how we will measure success.

Questionnaire (Attachment 12)

3. Design a health and wellness strategy. When we help you create your customized health and wellness solution, we recommend programs that align with your defined goals and objectives, not ours. We also identify and recommend ideas to address other workplace challenges to healthy behavior, such as cafeteria menu selections, access to fitness facilities and smoke free environments.
4. Develop an implementation plan. We help you execute this strategy by using our expertise to successfully launch the program. Most importantly, we help you develop a communications campaign that reflects strong management support. Experience has taught us that ongoing communications are key drivers to program adoption and sustained member engagement.

Evaluate outcomes and refine strategy. A successful health and wellness strategy continually evolves to meet the changing needs of your employees and their families. We use our technology and clinical expertise to report results and measure outcomes against your program goals and objectives. We work with you to refine your plans and prepare for future opportunities.

-
87. Describe your organization's dedicated wellness and health promotion internet and communications to employees provided during the term of the contract related to wellness, disease prevention and healthy lifestyles.

Wellness information and communications – internet based

We believe in promoting wellness and preventive services, and recognize that the City is concerned about the health of their employee population, and want to do the best thing for their employees. As such, we offer several ways to spread the word in encouraging wellness among their employees.

Questionnaire (Attachment 12)Wellness Content Library

The Aetna Wellness Content Library makes promoting wellness easy, accessible and engaging. The library features flyers and e-cards in both English and Spanish on these wellness topics:

- Back Pain
- Breast health
- Cancer prevention and diet
- Caring for asthma
- Cervical cancer screening
- Childhood and adolescent immunizations
- Colorectal cancer screening
- Colorectal cancer screening
- Dental
- Diabetes
- Emergencies and disasters
- Empty calories
- Exercise
- Family caregivers
- Flu and pneumonia shot
- Gratitude
- Healthy Pregnancy
- Healthy travel
- Holiday health tips
- Hypertension and cholesterol
- Meatless Monday
- Metabolic Syndrome
- Mindfulness
- Nutrition
- Preventive care
- Resiliency
- Responsible alcohol consumption
- Safety in the home
- Skin protection and care
- Sleep
- Smart snacking
- Smoking cessation

Questionnaire (Attachment 12)

- Smoking cessation - quit tobacco
- Stress management
- Sugar savvy
- Vision
- Weight management
- Workplace ergonomics

The content can be downloaded from Aetna.com and either printed or sent electronically.

Health History Report

Our Health History Report, available to subscribers of Aetna Navigator[®], provides a centralized health summary and help members manage their preventive screening and immunization schedule. The Health History Report includes the member's health-related activity, such as:

- Doctor visits
- Tests
- Treatments
- Prescriptions for medication

Personalized reminders for immunizations

In addition, our Personal Health Record (PHR) sends targeted alerts/reminders to members to encourage immunizations, preventive exams and screenings that they may need and have not received. These reminders are based on the information in the member's PHR, including health status, age, weight, and health care activities.

Questionnaire (Attachment 12)**Wellness information and communications – printed educational materials**

For effective Wellness and medical management programs, we provide the following pre and post-enrollment communication materials:

- Wellness program brochures
- Flyers and html e-mails promoting our online tools and resources
- Provider directories
- Pharmacy and dental flyers
- Wellness educational information and reminders
- Html e-mails and electronic newsletters on educational, quality and patient safety topics
- Discount program flyers
- Special program flyers

-
88. Describe the lifestyle management programs and wellness initiatives available to City members. Address the program's format, costs, completion criteria and ability to link completion with carrier-administered, City-designed incentives.
-

Through our Simple Steps to a Healthier Life® online wellness programs, included at no cost as part of our standard products and services offering, members access our lifestyle management programs.

The programs provide support across a spectrum of chronic condition and wellness focus areas (Directions). Within these Directions are Journeys®. Participants select the health Direction they wish to work on, and then determine their motivation. Using smart technology, we offer a few Journeys that can best meet their health needs and motivation.

Participants then pick a health Journey they wish to explore. Within the Journeys are stages that contain a number of small steps. This sort of structure helps break down idealistic goals into manageable steps. Directions include:

Questionnaire (Attachment 12)

Be Tobacco Free

Real change is possible when tobacco users can replace current habits with healthy new ones. That's the power behind the engaging, tangible and practical steps that make up Be Tobacco Free Journeys. Each journey moves participants down the road to quitting for good through real-time practice, gathering social support, prepping the environment and getting past triggers. Participants choose the small steps that play to their strengths as they make their way through a Journey unique to them. Titles like *Make Your Date to Quit* and *Stay on Track* are focused on the smoking habit, but offer powerful steps for any tobacco participant.

Blood Pressure in Check

Whether they have been diagnosed with high blood pressure or are like the millions living with pre-hypertension, the Blood Pressure in Check Journey helps participants move their numbers to a healthier zone. Small, doable—even fun—steps center on eating healthier, getting active and managing medications. Titles such as *DASH Your Way Healthier* and *Master your Blood Pressure Meds* keep the Journey experiences specific and motivational.

Diabetes Life

Diabetes Life Journeys start with the premise that individual are their own best coach. Journeys in this direction help participants try on and extend new habits by practicing fresh new ways to eat and move more, to engage their care team effectively and to monitor their own health at home. One small step at a time, participants learn to be curious about changes in their health and to watch for patterns. Most importantly—they discover how to make the call when it's time to take action. Journeys like *Team Up with the Pros*, *Master Your Meds* and *Glucose Sleuth* help participants discover that it's possible to live well with diabetes.

Eat Healthier

It takes more than nutritional guidance to change behavior—especially when culture and environment keep us stuck in old habits. Eat Healthier Journeys help participants make the leap from concept to everyday practice one focused pathway at a time. Journeys like *More Veggies in No Time*, *Go Mediterranean* and *Eat for Energy* help participants first try on and then practice new habits for better nutrition, feeling better and weight loss.

Questionnaire (Attachment 12)

Get Active

There's a Get Active Journey for participants at all points on the fitness spectrum—from those who don't exercise at all, to those who simply need to increase the intensity of what they're already doing. Each Journey introduces engaging new ways to work physical activity into daily life and then encourages participants to extend and "habitize" their way to greater fitness and energy. *Crank Up Your Workout*, *Fit in Fitness for Families* and *Fitness to Go* are examples of Journeys in this focus area.

Healthy Back Journeys

In this focus area, participants will work to prevent back pain one small step at a time with safe, gentle movements, improved posture, strength-building exercises and lifestyle choices that ease the effects of tension and stress. The Journeys in this direction include "Lift Right", "Sit Right" and "Strengthen from the Core".

Heart-Healthy Cholesterol

Heart-Healthy Cholesterol Journeys go beyond simply educating participants to engaging them in new practices that change the way they live. Journeys in this direction pinpoint specific and memorable habit areas such as *Good Fat, Bad Fat* and *Master Your Cholesterol Meds*.

Live Well with Asthma

Live Well with Asthma Journeys help people with asthma actually practice the habits that will help them breathe better. Journeys like *Make A Plan to Breathe Easier* help participants raise their standards for feeling good.

Sleep Well

Whether it's getting more exercise or choosing the right pillow, dining on schedule or de-cluttering the bedroom, a good night's sleep depends on what we do all day. Sleep Well Journeys help participants set up their daily lives for the rest they need to boost energy and build health. *Bedtime Game Plan*, *Get Back to Sleep* and *Plan Your Day for Better Sleep* are three of the Journeys in this health Direction.

Questionnaire (Attachment 12)

Stress Less

Journeys like *Peak Performance Mind*, *Make Time for Play*, and *Choose a New Attitude* help participants practice new ways of seeing and responding to the inevitable pressures life can throw their way. Small steps like *volunteer for one hour* and *retell your funniest story* and *make a worry appointment* help participants refocus their energy and regain their sense of calm.

Weigh Less

For every person who wants to lose weight, there is a key to success. Weigh Less Journeys help participants find the key for themselves by trying on small, concrete steps that engage, rather than overwhelm. If participants want to try one weigh less habit a day they can do *21 Days to Lighten Up Habits*. If participants want to explore an eating pattern that doesn't ask for measuring, weighing or counting they can try *Go Mediterranean*. With any Weigh Less Journey the goals are small, specific, memorable and lead to long-term habits that can be sustained over time.

Health in a Hurry

Making time to get and stay healthy is a challenge. This Direction has 10 Journeys to choose from to help participants keep on track. In *Plan Your day for Sleep*, participants can start working on a well-rested routine. This smorgasbord of daytime practices will help your mind, body and bedroom prepare for a gentle slide into nighttime slumber.

Integrating data with carrier administered, City-designed initiatives

To integrate with City-designed initiatives, we typically import a multitude of claim data types from external third party vendors/carriers/providers into selected clinical and reporting applications. Data types include:

- Pharmacy claims
- Medical claims
- Behavioral health claims
- Vision claims
- Dental claims
- Lab results and biometrics
- Onsite screening events
- Work site clinic encounters
- Health Risk Assessment

Questionnaire (Attachment 12)

The external data that we bring into Aetna is used for a wide variety of purposes including, but not limited to:

- Disease identification
- Disease severity identification
- Enhancing member engagement programs
- Decision support
- Case management
- Predictive modeling
- Personal health record input
- Patient safety programs such as MedQuery®
- Input into selected HEDIS measures

We evaluate each request individually to meet the specific needs of the City. An integration consultant coordinates your request and chosen vendor/carrier and facilitates implementation and loading of historical and or ongoing data files.

89. Describe additional wellness and health improvement programs and services that are available and any corresponding charges for such services. Include an approximation of costs of all programs listed.
-

Newtopia – a new genetic test to improve your members’ health outcomes

Metabolic syndrome is a growing trend in the United States that affects 1 in 3 adults. In fact, employees with metabolic syndrome cost 1.6 times more¹ and increase costs by an average of 25 percent with each added risk factor². While central obesity is the largest driver of risk, we have determined that if managed, it’s also the greatest driver of risk reduction.

We are the first major health plan to offer a highly personalized approach to metabolic syndrome that incorporates genetic testing for three genes related to obesity. Our Newtopia™ program is an innovative metabolic syndrome and obesity management solution that includes personalized identification, limited genetic testing and interventions. The City can consider this buy-up option at the cutting edge of new technologies designed to improve the health outcomes of your members.

Questionnaire (Attachment 12)Personalized identification

We identify participants based on results from their biometric or metabolic screening. Members are eligible for Newtopia if their waist size (or BMI) is out of range and they have at least one additional out-of-range risk factor. We invite eligible members by e-mail to join the program.

Personalized testing

The Newtopia solution begins with a saliva-based genetic test that informs members (and the Newtopia coach) about how their (three) genes play a role with body fat storage, appetite and eating behavior. The results of the test are never shared with Aetna or the City. The program complies with all GINA privacy regulations.

Personalized interventions

Using the results of the genetic test and an online profile, Newtopia tailors an individualized program for nutrition, exercise and behavioral management. The information also allows Newtopia to pair each participant with a personality-matched coach (INSPIRATOR) who is available through online video chat or by phone 3 to 4 times a month.

Participants have access to a Daily Dashboard, an online interactive platform that includes the participant's personalized lifestyle program and tracking tools. This dashboard syncs with any wearable device or app, or Newtopia will provide a NewtopiaPED, a simple wearable activity tracker. Participants can log food information in the dashboard. In addition, a wireless scale is provided to each participant for the collection of verifiable weight information.

The Newtopia coach has access to this data. Based on this information and discussions with the participant, the coach creates a personalized wellness plan for the participant. Participants also have full access to Newtopia's gaming and social health community, which is also individualized to each person's personality and motivators.

Newtopia is available as a buy up option to customers offering metabolic or biometric screenings. Pricing is based on a "per engaged" basis which means customers only pay for those members who are actively participating in the program.

Questionnaire (Attachment 12)

Savings

We found positive results with our own Aetna employees in a 12-month Newtopia pilot program. A study was published on October 17, 2015 in the Journal of Occupational and Environmental Medicine.

These are the key findings of the pilot program:

- Medical cost reduction of \$122 per program participant per month - showing a positive ROI in the first year.
- Sustained member engagement of over 50 percent after the first year of the program.
- 76 percent of participants lost an average of more than 10 pounds.
- Participants in the program improved in several of the risk factors associated with metabolic syndrome, including waist size, triglycerides and good cholesterol (HDL) levels.

The results give us a strong indication of how the program will perform and help people get healthier. We plan to conduct additional studies.

Wellness packages

In addition, the City has the option to bundle their wellness and can choose from various options listed below. We look forward to working with the City and tailoring your specific Wellness program to your goals and objectives. Packages include:

Our Enhanced Wellness package

- Aetna Navigator – our member website offering 24/7 access to plan benefits
- Discount Programs – offering discounts on gym memberships and much more
- Informed Health Line – 24/7 access to nurses for questions and guidance
- Simple Steps To A Healthier Life – our online health and wellness programs
- Aetna Healthy Actions – our incentives and tracking program
- Get Active – online wellness programs offering interactive seasonal challenges
- Onsite Biometric Screenings
- \$50 Health Assessment online Program Completion Incentive

Questionnaire (Attachment 12)

Our Premier Wellness package

Our Premier Wellness includes all the items above in addition to our Healthy Lifestyle coaching program which provides a one-to-one or group coaching component.

Costs

Please review the fee schedule included with our proposal response for additional details.

90. Confirm that your company will provide the required \$87,000 annual wellness allowance (see Section ___??___ of this RFP).

Confirmed. An Annual Wellness Allowance of \$100,000 has been made available.

Questionnaire (Attachment 12)

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
WELLNESS AND DISEASE MANAGEMENT			
91.	The City has a Management Wellness plan that provides management employees with a \$500 incentive based on completion of the defined activities. Will your company, along with the designated onsite service representative, track the activities of participants and provide a monthly report identifying the members who completed the activities required for incentive payout?	<p>Yes. We have the ability to tailor your incentives and produce a monthly incentives tracking report to meet the unique and varied needs of your employees.</p> <p>In addition, eligible participants can view and track their incentives through the Healthy Actions page on our member website. The page displays all eligible, earned and applied incentives programs.</p>	

Questionnaire (Attachment 12)

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
92.	Do your services include smart phone applications? If so, please list them.	<p>Yes.</p> <p>1. Aetna Mobile App: With our free app members can search for a doctor, dentist, hospital or urgent care facility, call the doctor's office with the tap of a finger, look up ID card information and more.</p> <p>2. Plan Selection & Cost Estimator Tool App: Assists members choosing a health plan that meets their health care needs and in estimating their out-of-pocket health care costs.</p> <p>3. iTriage App: A free public iTriage app helps you get answers to medical questions, find nearby, appropriate care and securely store your health information.</p> <p>4. Resources for Living App: Members can access information, support and resources to help manage the issues that impact work, life and well-being.</p>	
93.	Proposer agrees to provide an \$87,000 annual wellness allowance.	Yes, an Annual Wellness Allowance of \$100,000 has been made available.	

Questionnaire (Attachment 12)

94.	Will your company allow the City to roll over unused funds to the following year?	No.	<p>These funds will be available as of the effective date of the period. Our preferred method of payment of wellness-related expenses is directly to the vendor. Payments will be made once the expenses are incurred and invoice(s) are provided. As an exception, in the event that you require reimbursement directly we will require detailed paid receipts prior to payment of the wellness allowance. Invoices must be submitted within 60 days following the close of the plan year, otherwise you forfeit the funds. Expenses must be for wellness-related programs or activities that are designed to promote the health and wellbeing of plan participants, or to educate participants about healthy lifestyles and choices.</p> <p>Additionally, a wellness allowance of up to \$100,000 is available in both the second and third Guarantee periods. Please note, the allowance of up to \$100,000 is available for each year and is forfeited at the end of each year if not fully utilized (it does not get rolled over for a cumulative amount).</p>

Questionnaire (Attachment 12)

		<p align="center">COMPLY/AGREE YES/NO*</p>	<p>COMMENTS/EXPLANATION *If you answer NO, briefly explain why</p>
			<p>Any expenses beyond the wellness allowance are the responsibility of the customer. Any amounts (“Wellness allowance”) paid by Aetna to a plan sponsor to offset or reimburse such plan sponsor for any expense or cost incurred as a result of contracting with Aetna for benefits plan administration services, shall be paid in accordance with applicable law. You are advised to determine appropriate accounting for these payments with your own counsel or accountant. Any plan sponsor receiving a wellness allowance or other payments from us that offset or reimburse expenses that would otherwise be paid from plan assets, should consult with their ERISA counsel to determine if such allowance must be credited to plan assets, and for additional counsel regarding the accounting for reporting of such payments. We assume the funding of any wellness allowance is either at the request of your plan administrator acting in their fiduciary capacity to your plan or for the exclusive benefit of your plan.</p>

100.	Proposer agrees to implement, at a minimum, the following six (6) disease management programs: Asthma, Chronic Obstructive Pulmonary Disease (COPD), Congestive Heart Failure (CHF), Coronary Artery Disease (CAD), Diabetes and Hypertension.	Yes. Our standard Aetna Health Connections disease management program addresses all six conditions, In addition, we are offering the City our enhanced medical management model, Aetna In Touch Care Premier, which addresses all member conditions (excluding BH and maternity) including Asthma, Chronic Obstructive Pulmonary Disease, Congestive Heart Failure, Coronary Artery Disease, Diabetes and Hypertension.	

Questionnaire (Attachment 12)

NETWORK

101. a. How do you measure provider performance and quality - be specific and transparent in logic and rating scale?
-

We continuously evaluate provider performance as part of our quality management process. Our claim databases allow network managers and local medical directors to analyze trends in provider utilization (both over and under-utilization), with the intent of educating to improve performance, and locate opportunities for improving our delivery of medical services. We combine utilization and unit-cost metrics of performance with clinical effectiveness measures of performance.

Episode Treatment Groups

We use Episode Treatment Groups software for our broad network and our performance network programs (i.e., Aexcel®, Aetna Performance Network) to stratify providers by efficiency. Our data warehouse contains the claims data that we analyze with this efficiency software tool.

Information created by Episode Treatment Groups software is primarily used for medical cost management, quality of care initiatives and physician performance evaluation. We use Episode Treatment Groups software to analyze claims data involving treatment and service utilization for an episode of care across time for an identified health condition. The tool evaluates medical cost and utilization patterns and helps identify efficient providers. Efficiency looks at the price, type and number of services performed for a specific episode of care. It also measures how effectively a specialist uses health care resources in delivering care patients.

Questionnaire (Attachment 12)Performance networks

In our performance networks, we use Episode Treatment Groups to evaluate the cost efficiency of certain specialties and hospitals (where applicable) during the designation process.

In those networks where we evaluate specialists, we perform the evaluation after adjusting for differences in patient demographics and case mix. Aetna Informatics provides ongoing support with the Episode Treatment Groups analysis and uses our entire book-of-business claims data on a biannual basis to perform the analysis in a given network. We use episode treatment groups that are most commonly managed by a specialty to analyze physician performance. We make adjustments as needed to measure providers appropriately.

In those networks where we evaluate hospitals, we compare the hospital's efficiency for inpatient (acute and non-acute) and outpatient procedures with other hospitals in the market. We use medical case information as the basis for the evaluation. A medical case summarizes clinical events by linking or associating all of the claims submitted for a member during the same treatment episode. Medical case periods are for 12 months and only the facility charges are used in the cost-efficiency measure. We compare the hospital's allowed amounts for inpatient and outpatient cases to expected amounts at the market level. The expected amounts are case-mix adjusted for product, risk, age, diagnostic-related group (DRG) for inpatient cases and procedure group for outpatient cases.

Measuring efficiency

When measuring the actual performance of individual provider offices, we first adjust for patient differences, such as age, gender, market, plan type, pharmacy benefit, year of episode, Episode Treatment Group adjuster and illness severity. Otherwise, the performance of some providers who care for a sicker population might appear below average when calculating the scores. We can evaluate physician performance and generate reports that include rates use by service (utilization), as well as associated patient outcomes.

Questionnaire (Attachment 12)

Examples of services that we profile:

- Physician office visits
- Inpatient
- Outpatient
- Emergency room
- Aggregate pharmacy
- Disease-specific services
- Procedure-specific services
- Diagnostic imaging
- Laboratory tests

We can compare treatment continuums for similar cases or conditions to determine the more effective courses of care and those physicians responsible for implementing the more and less effective treatments, based on outcomes. This analytical approach applies to care delivered to members in all our medical plans; unlike an approach of tracking primary care physician (PCP) or specialist referral rates, which would not consider care delivered to members in our many plans that do not require referrals.

This system allows us to compare the cost of patient care by physicians (PCPs and specialists) or hospitals with our average cost of care for similar care/diagnoses. Analyzing medical costs as episodes of care, rather than by isolated provider, helps us to identify patterns of care associated with lower total costs. The system additionally helps us find providers who deliver more efficient care and provides the information we need to assess why their pattern of care costs less. We can analyze, for instance, how a costly medication was used to treat an illness that would otherwise lead to hospitalization.

Results from Episode Treatment Groups analyses are used internally; however, at the network level, medical directors or provider relations staff may share results with providers on a one-on-one, as-needed basis. Episode Treatment Group reports are created manually, as needed. We do not link performance information generated with Episode Treatment Groups software to compliance with plan requirements.

Questionnaire (Attachment 12)

Value-based contracting

We have long been developing and implementing provider payment reform solutions throughout the country. Value-based contracting is a way of contracting that rewards providers based on the value they deliver, usually through effective population health management and their focus on health outcomes for their patient base as a whole. In these arrangements, provider payment is tied to performance, which is measured based on:

- Improved quality of care
- Positive/improved health outcomes
- Competitive and efficient total medical costs on a sustainable basis

Our value-based contracts include:

- Accountable care organizations
- Patient-centered medical homes
- Bundled payment arrangements
- Hospital pay-for-performance program
- Specialty physician pay-for-performance program
- Physician pay-for-performance program

We collaborate with each unique practice or health system to set the right targets on the right clinical and quality measures. Across the spectrum of models and deals, some assess self-improvement, while others use a combination of self-improvement and comparison to national benchmarks. All metrics address clinical quality, costs and efficiency.

Inpatient Performance Measurement System – for hospitals and providers in the inpatient setting

Aetna Informatics® has created the Inpatient Performance Measurement System (IPMS), which compares hospital and provider performance in the inpatient setting to case-mix adjusted averages. The IPMS is our system to apply clinical logic to adjust for the severity of illness within the hospitalized population and provide indicators to evaluate performance associated with adverse events and length of stay.

Questionnaire (Attachment 12)

We track adverse events through population-based trending analysis, as well as on an individual patient level. Through proactive analysis, for instance, we have found hospitals with high nosocomial (hospital-acquired) infection rates. We were able to bring these high rates to the hospitals' attention and they reduced the infection rate through programmatic efforts.

The IPMS has approximately 30 criteria for evaluating adverse events in the inpatient setting, including:

- Sepsis
- Meningitis
- Skin infection
- Wound disruption
- Coagulation complication
- Hemorrhage
- Pneumonia
- Transfusion reaction
- Embolism/thrombosis
- Postoperative decubitus ulcer
- Ulcer or gastrointestinal bleeding
- Surgical complication
- Urinary complication
- Respiratory complication
- Fluid or electrolyte complication
- Gastrointestinal complication
- Anesthesia complication
- Renal complication
- Neurologic complication
- Acute myocardial infarction
- Cardiac arrest
- Other cardiac complication
- Birth canal injury
- Other medical complication
- Other infection complication

Questionnaire (Attachment 12)**Claims data analysis – analyzing trends on the local and regional level**

Our network managers and local medical directors also have access to claims data that help them analyze trends in provider utilization (under- and over-), review CPT code patterns by physician, and identify providers who might require performance improvement. Each region has an assigned medical director to assist in the review of claims as needed. Our medical directors review those claims that merit in-depth analysis. Medical directors have access to specialists for consultation and peer/specialty-matched reviews when indicated.

MedQuery® - our patient safety program

In addition, we offer customer-specific reporting for MedQuery, our physician patient safety program. Our suite of quarterly MedQuery reports for customers depict activity, clinical issues, impact and savings based on a cost-avoidance model, which includes the compliance rate (i.e., percent of Care ConsiderationsSM that were actually implemented by the treating physician). MedQuery's CareEngine® evaluates patient data to identify opportunities for improved member care and delivers Care Considerations (patient-specific, evidence-based treatment guidelines) to providers.

-
- b. What metrics do you make available to members to identify and select “high performance / efficient” providers?
-

We offer a variety of provider performance information to members to help them make more informed health care decisions.

Aexcel®

In select markets, our Aexcel network features a subset of our current network of specialists focused on physicians within 12 medical specialty categories. Members can identify the Aexcel-designated specialists, determined through a review of clinical performance and cost efficiency measures, in either our provider directories or through DocFind®, our online provider directory. Aexcel-designated specialists are noted with a star.

Questionnaire (Attachment 12)**Transparency tools**

Our transparency tools provide members with online access to clinical quality and efficiency data, as well as cost information. Members can access these tools through Aetna Navigator[®], our secure member website.

Our Clinical Quality and Efficiency tool includes results of clinical quality and efficiency evaluation on 103,000 specialty physicians in our Aexcel network. This information is based on volume of members treated, cost-effectiveness and clinical performance, including prevalence of complications and repeat procedures. This tool is available to more than 71 percent of our commercial medical members.

Our Member Payment Estimator (MPE) allows members to estimate out-of-pocket costs for common, non-emergency services. The tool allows members to compare costs for up to ten providers or facilities at a time and provides real-time estimates based on the member's actual plan design. It also factors in all applicable deductibles, coinsurance, copayments and plan limits. To highlight the cost savings of getting care within the network, the tool also lets members compare costs between a network and out-of-network physician. MPE is currently available to more than 96 percent of our commercial medical members.

In addition, our Medical Procedure by Facility Cost Tool shows facility and physician costs for a procedure based on historical claims data and our Price-a-DrugSM Tool includes costs for more than 9,000 prescription drugs.

Hospital Comparison Tool

Members can access publicly available, evidence-based hospital outcomes data by using the Aetna Navigator[®] Hospital Comparison Tool on Aetna Navigator, our secure member website. This online interactive tool provides members with information to help them compare hospitals' treatment outcomes for certain procedures, conditions and diagnoses and decide at which hospital they should have a service performed. We license the Aetna Navigator Hospital Comparison Tool from WebMD Health Services.

Questionnaire (Attachment 12)

Members can generate an easy-to-understand report that compares hospitals in their search area based on four inpatient outcomes measures:

- Number of patients treated per year
- Mortality rates
- Complication rates
- Length of stay

These measures utilize All-Patient and Medicare data that are self-reported by each hospital to state offices and federal agencies.

The Aetna Navigator Hospital Comparison Tool reports also contain additional hospital quality information:

- Leapfrog Hospital Survey results
- Centers for Medicare & Medicaid Services hospital quality data
- The Joint Commission accreditation information

Members can also link from the tool to related health content in the Healthwise® Knowledgebase to help them understand more about the medical procedure, condition or diagnosis they are researching.

NCQA physician recognition – available in our online provider directory

We also make members aware of physicians who are recognized by NCQA's Physician Recognition Programs (i.e., the Diabetes, Heart/Stroke, Back Pain, Physician Practice Connections, and Physician Practice Connections-Patient Centered Medical Home) in DocFind.

c. What incentives do you offer providers that meet your performance criteria?

As we head towards a future of value-based contracting, provider collaboration is where the shift from fee-for-service begins, primarily with the creation of basic agreements that provide incentives for physicians to manage care more effectively and efficiently. This includes bundled payment arrangements and pay-for-performance models. Value-based contracting models tied to provider incentives then advances to the patient-centered medical home (PCMH) and finally accountable care solutions (ACOs) as described below:

Questionnaire (Attachment 12)

Bundled payment arrangements

Bundled payment methodologies are designed to better align physician incentives to improve quality-of-care, reduce aggregate medical costs and result in a positive patient experience. We are changing our current provider payment methodologies from paying for quantity (volume of services) to paying for the quality and outcomes of care delivered.

We have developed bundled payments for orthopedics (spine, total hip and total knee replacement). We are also looking to develop them for cardiac (angioplasty and CABG) and bariatric surgery.

In order to achieve the goals of bundled payments, our bundled payment agreements must include:

- Aggregate medical cost reduction from reduced complications, reduced readmissions, and serious or adverse events
- Trend mitigation through savings sharing opportunities in lieu of fee-for-service increases
- Measurement of quality-of-care and patient-outcome improvements
- Financial awards based on performance on these measures

Questionnaire (Attachment 12)**Physician pay-for-performance models**

Our physician performance incentive programs identify and target areas of opportunity for quality improvement to help improve the overall quality, safety and cost-efficiency of health care. These programs set targets for improvements and deliver performance measurement results for independent practice associations, physician-hospital organizations and physician groups. We incorporate group and physician-level data into our online and other tools to provide actionable, patient-level information to the physicians.

Our physician performance incentive programs are an array of initiatives that recognize and reward providers of primary and specialty care who improve the quality, safety and cost-efficiency of health care. The initiatives also contribute to our value-based purchasing strategy on behalf of members and customers. We use evidence-based, transparent measures and credible data to recognize and promote quality and to engage providers in achieving demonstrated improvements in care for members.

Our programs for physicians consist of our Provider Quality and Performance Improvement Programs, which include our physician performance incentive programs and physician reimbursement demonstrations such as the patient-centered medical home, and our Aexcel[®] program, which identifies physicians who have shown that they deliver efficient, effective care with an Aexcel designation.

Our performance incentive arrangements with physicians can be:

- Integrated into our contractual reimbursement methodologies
- Negotiated into agreements with specific reimbursement for performance achievement for large multi or single-specialty groups, IPAs or PHOs
- Based on national recognition programs, such as patient-centered medical homes and Bridges to Excellence (BTE), where nationally recognized measures are voluntarily reported by physicians to achieve agreed-upon results and incentive payments
- Based on participation in statewide multi-payer collaboratives where aggregate-payer data are used to recognize and reward physicians, particularly patient-centered medical homes

Questionnaire (Attachment 12)

We believe critical success factors for performance incentive programs include the use, wherever possible, of national, consensus-based measure definitions, such as those endorsed by the National Quality Forum (NQF), and full transparency on how each measure is defined and used. We also support existing statewide multi-payer initiatives where there is a commitment to both national standardized measures and the Consumer-Purchaser Disclosure Project's Patient Charter for Physician Performance Measurement, Reporting and Tiering Programs (Patient Charter). The Patient Charter creates a national set of principles to guide measuring and reporting to consumers about physician performance. Leading physician groups, health insurers, employers, consumer groups and labor unions agree upon these principles.

Hospital pay-for-performance model

Our national hospital pay-for-performance program includes a performance-based compensation component that gives hospitals the opportunity to earn reward payments based on recognized clinical effectiveness and efficiency measures. Reward payments can be earned through expected future revenue, which is at risk contingent upon achieving performance targets, or through lump sum awards.

We see the purpose of our hospital pay-for-performance program as:

- Primarily, ensuring that we are getting quality care for the money we pay hospitals
- Ensuring that hospitals act in an efficient way (avoiding long stays, avoiding readmissions, etc.)
- Closing the gap between low-and-high performers

In addition, we see a robust pay-for-performance program as one aspect of answering our customers' call for quality care at the best price possible (i.e., value-based care).

Goals of our hospital pay-for-performance program:

- Lower the cost and frequency of care
- Differentiate between high and low performers
- Ultimately, ensure that we and our stakeholders get what we pay for

Questionnaire (Attachment 12)**Patient-centered medical homes**

Typically, the next phase is the formation of a PCMH. This model builds upon the early-stage collaborations by adding a more comprehensive and collaborative focus on the patient. Physicians are rewarded for achieving mutually agreed upon quality and efficiency measures.

Our PCMH contracts provide additional compensation to PCPs through a per member per month care coordination payment (CCP) in return for a higher level of engagement, improved care coordination and health outcomes for the member. As a result, we expect more primary care physician evaluation and prevention visits, with the promise of achieving savings and benefits in other areas of the health care system.

Accountable care organizations

ACOs expand upon the care provided by PCMHs, by facilitating communications and providing the support resources needed to meet the clinical needs of a wider population.

The goal of accountable care is to foster more integrated and coordinated care within an entire health care delivery system. Performance payment incentives that are based on value, not volume, are a critical component to the successful establishment of this delivery model.

Physicians in an ACO are paid using a fee-for-service fee schedule. While the risk-share arrangement typically applies to both the physicians and hospitals within the ACO, the ACO determines how to manage the risk-share implications with its physicians and hospitals.

Aetna and each ACO collaborate to align incentives with physicians and hospitals, by rewarding them for improving quality while controlling costs and delivering more coordinated and efficient care.

Questionnaire (Attachment 12)

102. Describe any Accountable Care Organizations currently included in your proposed network(s).
-

In Florida Aetna is actively using attribution model Accountable Care Organizations (ACOs) with Baycare Health System in Clearwater and Holy Cross Hospital in Ft. Lauderdale.

An attribution model ACO is a value-based network contracting strategy. In this model, providers are compensated partially on a per attributed member per month basis for delivering care with increased collaboration and integration. Providers are accountable for improving quality and efficiency for their patient population and managing the total cost of care.

Attribution is the process of assigning a member to an ACO, based on certain criteria. It occurs when an Aetna member seeks care from one or more providers associated with that ACO. This provides a way of identifying which doctors are considered accountable for which patients, in order to measure performance of the medical group.

We are also evaluating opportunities to offer additional ACOs and Value-based contracting opportunities in the Florida market.

Value-based contracting includes more than just ACOs, is a key part of all we do and is becoming increasingly pervasive in our networks overall.

The rationale for pursuing these value-based contracting strategies is to align provider payments so that members receive the right services at the right time and in the right setting. We are implementing these provider payment strategies throughout the country, focusing on providers who have made early investments to transform the way they deliver patient care and are committed to payment strategies based on value, not volume.

These providers are recognized through their adoption of health information technology, recognition or accreditation by external bodies such as NCQA, and visibility as an industry leader in care delivery models.

Questionnaire (Attachment 12)**Value-based contracting**

Our value-based contracting efforts include ACOs, patient-centered medical homes (PCMHs), bundled payment arrangements and pay-for-performance models as described below:

ACOs

Physicians in an ACO are paid using a fee-for-service fee schedule. While the risk-share arrangement typically applies to both the physicians and hospitals within the ACO, the ACO determines how to manage the risk-share implications with its physicians and hospitals.

Aetna and each ACO collaborate to align incentives with physicians and hospitals, by rewarding them for improving quality while controlling costs and delivering more coordinated and efficient care.

PCMHs

Our PCMH contracts provide additional compensation to PCPs through a per member per month care coordination payment (CCP) in return for a higher level of engagement, improved care coordination and health outcomes for the member. As a result, we expect more primary care physician evaluation and prevention visits, with the promise of achieving savings and benefits in other areas of the health care system.

Bundled payment arrangements

Bundled payments better align physician incentives to improve quality-of-care, reduce aggregate medical costs and result in a positive patient experience. We have implemented bundled payments for orthopedics (spine, total hip and total knee replacement). We also seek to implement bundled payments for cardiac (angioplasty and CABG) and bariatric surgery.

Questionnaire (Attachment 12)Physician pay-for-performance program

Our physician pay-for-performance program gives physicians the opportunity to earn reward payments based on recognized clinical effectiveness measures, efficiency measures and member experience. Benefits include quality of life improvements and savings associated with prevention, early detection and treatment that averts long-term, high-cost health needs. We budget for rewards as part of the overall compensation for physicians based on anticipated levels of achievement.

Specialty physician pay-for-performance program

Our national specialty physician pay-for-performance program connects financial incentives to high-quality health care management and outcomes. This national program takes into account that members may seek the care of various types of practitioners (e.g., Ob/Gyns, endocrinologists, cardiologists or orthopedics) for treatment and management of their conditions.

Hospital pay-for-performance program

Our national hospital pay-for-performance program places significant emphasis on outcomes measures, such as 30-day readmission rate, adverse events and average length of stay. The program features a scorecard, with clinical (outcomes-focused) measures accounting for about 70 percent of the total score. A portion of a hospital's rate increase is paid out in a lump-sum payment that is based on scorecard performance, making them directly accountable for the outcomes they produce for our members. We have designed the program to reward high-value care and, in particular, high-value outcomes.

Measures of success – Positive outcomes and results for our ACOs

Our accountable care collaborations have already seen positive outcomes:

2015 - Carilion Clinic – Roanoke, VA

- 55% improvement in the 30-day readmission rate¹
- 7% reduction in medical bed days¹

Questionnaire (Attachment 12)2014 - Banner Health Network – Phoenix, AZ

- Improvements in cancer screening rates, including cervical and colorectal
- Reductions in diabetic members with poorly controlled blood sugar levels
- 4% increase in generic prescribing rate
- 9% reductions in avoidable admissions

Memorial Hermann – Houston, TX*ACO Results – self-funded, DOS 1/1/14 – 11/30/14*

- 23% reduction in impactable surgical bed days
- 28% reduction in impactable admits / 1,000
- 17% increase in generic prescribing
- 22% reduction in high-tech radiology utilization

ACO Results – fully insured, DOS 1/1/14 – 11/30/14

- 18% reduction in impactable surgical bed days
- 17% reduction in surgical admits / 1000
- 21% increase in generic prescribing

Optimus Healthcare Partners – Summit, NJ²

Costs for patient care in the Optimus ACO are currently performing at 87 percent of the market average, a 6.2 percent improvement in performance over market since their baseline performance year. The Optimus ACO agreement with Aetna focuses on a number of quality and efficiency measures, including:

- Members who receive recommended preventive care and screenings
- Management of patients with chronic conditions
- Reductions in inappropriate hospital readmissions
- Reductions in unnecessary Emergency Room visits

Questionnaire (Attachment 12)**The future**

Our value-based contracting efforts now encompass more than 30 percent of spend and are growing at an accelerating rate. We have committed to a goal of 75 percent in value-based payment arrangements by 2020.

Encouraged by these early indicators of success, we believe our accountable care approach is the answer to what ails our health system, and **Aetna is committed to a future of accountable care.**

¹Carilion reporting package – Medical bed days are based on impactable bed days, March 2015, Aetna ACS Analytics

²Aetna internal data, October 2014

-
103. a. How do you process claims for non-contracted hospital based providers and services when selection is beyond the control of the patient?
- b. How do you propose making this cost neutral for City members, and dependents?
- c. Additionally, how can you protect the member from being incorrectly billed and having to dispute claim(s)?
-

If there is no provider of a particular type of specialty in the network, we may give authorization for the member to access care out of network and process claims at the in-network benefit level. A participating provider, on behalf of the member, can contact our Patient Management department to precertify the treatment. If the plan design includes out-of-network benefits and the member self-refers to an out-of-network provider, the member is responsible for precertification. Patient Management may authorize treatment from an out-of-network provider if the treatment and/or services are not available in network or if the services received are for a transition-of-care period.

Questionnaire (Attachment 12)**Cost neutrality**

When a member receives covered services from an out-of-network provider authorized for in-network coverage, the member receives coverage at the in-network benefit level. A provider or member obtaining authorization for services from an out-of-network provider treated as in-network is the best way for a City member to receive services as cost neutral as possible.

Our claims system can automatically process out-of-network claims authorized as in-network

If a member receives professional charges from an out-of-network physician (e.g., radiologist, anesthesiologist or pathologist) for services received during the course of an emergency room visit, authorized outpatient procedure at a network outpatient facility or authorized inpatient stay at a network hospital, the member would receive coverage at the in-network benefit level associated with those covered services. This process is supported by our claims system, and it typically would not require manual processing.

We reimburse out-of-network providers in accordance with the appropriate recognized charge. Our reimbursement rates comply with applicable state regulations. For large dollar amounts, we try to negotiate a rate with the provider.

Correctly billing the member

The out-of-network physician may balance bill the member for the difference between the billed charge and the amount we reimburse. Members should contact us to make us aware of any balance billing. If an out-of-network provider authorized for in-network coverage balance bills, we will send the additional payment to the member. In some states, mandates require us to pay the provider directly.

Questionnaire (Attachment 12)

104. Describe how your organization will ensure that providers in your network utilize In-Network laboratory and diagnostic testing/services, or propose your plan for cost neutrality for City members, and their dependents?
-

We encourage network physicians to use network labs. This includes submitting lab work and referring members to labs.

We cover lab services as follows:

- If a network physician refers a member to or uses an out-of-network lab, we cover the services at the network benefit level.
- If there is no referral, we cover lab work according to the plan's out-of-network benefit level, if applicable.
- If there is no referral and the plan does not have an out-of-network benefit level, we do not cover the lab work.

When covered, we reimburse out-of-network lab services according to the appropriate recognized charge. We cover benefits according to the City's benefits plan.

We include lab requirements in our provider contracts. When necessary, we educate physicians to ensure they understand these requirements. We do this directly or through supplemental materials. Material noncompliance with contract terms may lead to termination.

Enhanced Clinical Review

In addition, our optional Enhanced Clinical Review program is available to the City. To help contain rapidly rising costs and enable members to access care in accordance with evidence-based guidelines, our outpatient precertification process includes high-tech radiology procedures, diagnostic cardiology, facility based sleep studies and cardiac rhythm implant devices. We are also expanding the outpatient precertification process to include interventional pain management and large joint procedures, effective April 1, 2016.

Questionnaire (Attachment 12)

Our Enhanced Clinical Review Program precertifies the following outpatient procedures through a contracted management services organization.

- CT scans
- Coronary computed tomographic angiography
- MRIs/MRAs
- PET scans
- Nuclear cardiology (nuclear stress tests)
- Diagnostic cardiology (stress echocardiography and cardiac catheterization)
- Facility based sleep studies
- Cardiac rhythm implant devices (pacemakers and defibrillators)
- Interventional pain management (effective April 1, 2016)
 - Epidural injections
 - Facet blocks
 - Pain pumps
- Large joint procedures (effective April 1, 2016)
 - Hip and knee replacements

eviCore healthcare, our national vendor employs experts (i.e., board-certified radiologists and cardiologists, registered nurses and physicians) to assess medical necessity and is equipped with information that helps direct members to the right test at the right time, while keeping health care costs under control. No request is denied without an effort to first discuss it with the ordering physician. The evidence-based review can direct the member to a test or course of action that may be better for the member's care.

Evidence-based review

The objective of our Enhanced Clinical Review program is to manage cost through prospective medical review and encouraging network utilization. Our vendors have experience in evaluating the medical appropriateness of tests and, when appropriate, directing patients to tests that are recommended in accordance with evidence-based guidelines, supported by published literature. We work with the vendors and specialty societies so that the guidelines are driven by quality considerations and published research findings.

The vendors also verify members use network facilities and offer site-of-service options based on the specific cost of services at different facilities. This practice affects both your costs and, potentially, members' out-of-pocket costs.

Questionnaire (Attachment 12)

Member coverage

Participating providers are responsible for precertifying the procedures and services under this program in order to receive reimbursement. Members receive in-network benefits when they obtain covered services from a participating provider, in accordance with their plan design. If a member receives these services from a participating provider and there is no precertification, the member will not be responsible for any extra cost. If a member’s plan includes out-of-network benefits and the member receives covered services from a nonparticipating provider, coverage will be provided at the out-of-network benefit level.

NETWORK			
	b. What fee schedule or payment approach do you utilize for these benefits and services?	Yes. We reimburse out-of-network providers recognized as in-network with authorization in accordance with the appropriate recognized charge. Our reimbursement rates comply with applicable state regulations. For large dollar amounts, we try to negotiate a rate with the provider.	

MENTAL HEALTH & SUBSTANCE ABUSE

106. Do you provide Mental Health & Substance Abuse services directly, through your own contracted and credentialed panel of providers and facilities, or do you sub-contract these services to a third party entity? If the latter, please indicate the third party and summarize the contracting and compensation in place.

Aetna Behavioral Health, LLC provides services directly, maintains full responsibility for managing our behavioral health services portfolio and offers a full range of services to our members.

By contracting directly with providers and facilities, we are fully committed to offering an expansive and holistic provider network to our clients and their employees. Within the provider network, the Aetna name is synonymous with quality and excellence in customer service.

Questionnaire (Attachment 12)

107. Do enrollees call one telephone number for Mental Health/Substance Abuse needs including claim issues, benefit questions, network availability, and referral/authorization for care?

Yes. We provide City members with a designated toll-free number, printed on their member ID card. Customer Service Representatives (CSRs) in our Tampa Service Center will respond to any member inquiries regarding Mental Health/Substance Abuse needs including claim issues, benefit questions, network availability, and referral/authorization.

Claim issues

Our CSRs have online access to the claims processing system, which allows them to view a City members full claim history and imaged claims. When a member calls with new information on a claim, the CSR documents it and sends it to a claims processor for necessary adjustments and reprocessing.

Our CSRs can also assist members with claim inquiries that address how to file a claim, claim status, Explanation of Benefits and payment information and pended or denied claims.

A member with a specific claim concern can also use the "Claim Details" page on our secure member website, which enables the member to send an e-mail with the claim information prefilled.

Benefit issues

CSRs have access to all a members' benefits information to assist members with inquiries related, but not limited to benefit inquiries that address available coverage, preferred and nonpreferred benefit levels, and plan limitations and requirements.

Questionnaire (Attachment 12)**Network availability and referral process**

In addition, our CSRs and care managers have access to DocFind, our online provider directory, and other provider databases that allow us to track network availability and identify providers who are available for referrals.

When a CSR or care manager begins the referral process, they access the provider database to identify a provider who has the cultural and specialty competencies to meet the member's needs. The database will also identify if the provider is available for additional referrals, any limitations in taking new patients and potential referral issues. We provide the member with a choice of providers who are available for new members. Upon request, we will contact the provider directly while the caller is on hold to make the appointment.

Aetna Concierge – an enhanced member services option for the City

In addition, we offer the City our Aetna Concierge model featuring enhanced services, supported by intelligent technology to simplify a City member's experience and help increase engagement.

Better service means easier healthcare. Using a consultative approach to address member needs, Aetna Concierges:

- Direct members towards more cost effective providers and facilities and review the advantages of coordinating care through a PCP, as appropriate. This includes educating members on cost estimator and provider comparison tools.
- Assist members with making appointments with their healthcare providers.
- Walk members through registration and use of member website tools in live environment.
- Review Gaps in Care - alerts
 - Concierges explain the preventive reminders and care consideration alerts displayed in Aetna Navigator, our secure member website.
 - Concierges review and explain clinical alerts when our nurses are trying to reach the member.

Questionnaire (Attachment 12)

- Clinical and other health-action alerts – Our concierges receive immediate desktop alerts if a member has called multiple times in the last week, needs clinical intervention, has a PHR alert, or has not completed a health assessment
- Provide custom targeted outreach for members who call multiple times on similar service issues. This includes wellness educational messaging and reminders tailored to the City.
- Listen to members and look for opportunities to trigger clinical engagement, answer any unasked questions and educate and empower members through teachable moments
- Answer member questions about all of our benefits, as well as available non-Aetna employer-sponsored benefits.
- Conduct online chats with members and provide outbound texts with the member's consent.
- Transfer the member's call to a different area or vendor when necessary and remain on the line to make sure the connection is made
- Provide First Impression Treatment (FIT) for first-time callers to reinforce key messaging and support plan sponsor culture and benefits strategy.

Your designated Aetna Concierge team consists of well-trained professionals who are equipped with a vast amount of information – about you and your employees – so that we make the right connections at the right time. Our technology makes it all possible.

Questionnaire (Attachment 12)

108. What are your customer service hours? Do you have a 24-hour crisis line? If so, describe staff levels of training, and expertise. How are callers triaged?
-

Behavioral Health Care is available 7/24/365.

Member services staff members immediately transfer any call suggesting a crisis situation to a licensed clinician for triage and assistance. This includes, but is not limited to, callers expressing threats of violence to self or others, slurred or incoherent speech, or callers who are crying or upset.

We transfer crisis calls directly into a crisis queue for response by licensed clinicians who are highly skilled in assisting members in such situations. The clinician's responsibility is to assist the member in remaining calm, offering information and encouragement, and assisting in obtaining immediate assessment services.

The clinician engages the caller in attempt to assess the issue, determine urgency, and assess appropriate intervention. A supervisor or delegate stands by if further assistance is needed. Intervention may include notifying local police or authorities when significant threats to self or others exist. We use national resources when intervention by local police is warranted.

PBM

109. Will you agree to the proposed performance standards for claims adjudication accuracy, eligibility accuracy and payment to pharmacies?
-

We agree to place \$75,000 at risk for the Pharmacy Service Performance Guarantees. Please refer to Performance guarantee document for guarantee details.

Questionnaire (Attachment 12)

110. List the tools available to assist members with obtaining information on medication options, medication pricing and education tools.
-

Through our secure member website, Aetna Navigator[®], members can access the following tools, information and services.

We personalize prescription and benefit information for members at the plan level. This means that we provide members with accurate information specific to their plan, such as drug costs and coverage information. Using Aetna Navigator, members can view:

Benefits

- Print ID cards
- View benefit information
- Download forms (claim and mail order forms)
- Find a doctor, pharmacy or facility – Members can search for in-network retail, mail order or specialty pharmacies
- Chat with our Virtual Assistant Ann – Members can click to Ask Ann questions about coverage and benefits 24 hours a day, 7 days week

Costs and ways to save

- *Estimate drug costs* – Members can access our Price-A-DrugSM tool to compare costs of generic vs. brand-name drugs. They can also find out the cost to fill by mail order vs. retail network pharmacy.
- *Learn about how to use an in-network pharmacy to get the best coverage* – We have over 69,000 pharmacies in our retail network. So it's easy to find the right one. Members can visit their secure member website then click to "Find a Doctor, Pharmacy or Facility."

Questionnaire (Attachment 12)Drug Information

- Search drug information
- Check drug interactions
- View 24-months of drug history
- View online formulary

Aetna Rx Home Delivery® and Aetna Specialty Pharmacy®

- Learn how to start a new mail order or specialty drug prescription
- Order mail order and specialty drug* refills online
- Check the status of drugs filled through mail order and Aetna Specialty Pharmacy

Member-specific messaging

- Gain e-mail access to APM Member Services
- View secured member messaging via the member's online Message Center
- Read e-mail alerts regarding available refills, expiring refills and shipped refills
- Set e-mail alerts

Health and wellness

- Use self-care centers and dozens more condition centers to find valuable information quickly
- Access our "Ask A Pharmacist" interactive feature
- Find answers to hundreds of Frequently Asked Questions
- Access interactive tools, quizzes, animated guides, calculators, videos and podcasts
- Find answers in a comprehensive Drug Center that provides information on the safe use of medicines, questions to ask your physician and understanding potential risks and side effects of drugs

Members can also access much of this information using their smartphones, tablets and other mobile devices. Many of our website features are also available in Spanish.

* Due to the complexity of some specialty drug therapies, some medicines are not eligible for online refill.

Questionnaire (Attachment 12)

111. Is your pre-authorization process administered in house or by a third party?

We administer our precertification program in house.

112. If you can't offer the City's formulary listing, please provide a listing of how your formulary listing differs from the one shown in Attachment 4.

We are offering you the Premier Plus formulary. This formulary offers more choices for members while still offering solid savings. It includes utilization management controls to help drive savings. This formulary includes all generics as preferred with more brands covered per drug class. In addition, our Premier Plus formulary may eliminate some of the restrictions of step therapy and precertification. It may include custom or plan design exceptions not supported in the other formulary options.

Please refer to the 2016 Aetna Premier Plus Three Tier Open Formulary List.pdf document for your review.

113. Is your company willing and able to adjust formulary to accommodate or minimize disruption from the existing formulary?

Yes, to ease the member's transition to our prescription drug plan, we include transition options that allow members to continue their active drug therapy for specific targeted drugs without experiencing a disruption due to any APM step therapy and/or precertification drug utilization review (DUR) programs that may apply.

Questionnaire (Attachment 12)

You can select one of the following options:

- Transition Fill – Members who were taking a specific targeted drug prior to us covering the drug will be able to fill that prescription for up to a 30-day supply, within the first 90 days of their new membership with us. We offer this as an option across all formularies.
- Transition of Coverage – Members who were taking a specific targeted drug prior to being covered by Aetna will be able to fill that prescription for 90 days*, from the plan’s original effective date with us. We offer this to customers who select the Premier or Premier Plus formularies.

There are some medications, such as certain specialty drugs and analgesics, that for clinical and safety reasons, will not be overridden. Transition of Coverage can help ease the transition for the member, but should be used cautiously since the program can diminish the clinical program outcomes and expected savings.

* Some plans may allow an extension beyond the 90-day period.

-
114. Provide information on your company's mail order pharmacy facility that will be used for City members. List the name, locations and years your company has used this facility.

We own and operate Aetna Rx Home Delivery® which is our preferred mail order pharmacy. We operate front-end mail-order pharmacies in Kansas City, MO (since 2003) and Plantation, FL (since 2012). We also provide some back-end dispensing through our Kansas City, MO pharmacy. In addition, our subcontractor, CVS Health has dispensing facilities in Mt. Prospect, IL (since 2012) and Wilkes-Barre, PA (since 2012).

Questionnaire (Attachment 12)

Rather than assigning customers a single mail-order pharmacy, we operate a virtual pharmacy. This allows us to workload balance across all facilities. We have member prescriptions automatically routed to whichever facility is closer geographically. All facilities share equal capabilities, including:

- Same claims and enrollment program
- Shared access to member profiles
- Identical quality check protocols
- Common automation processing equipment

We have a streamlined transition process in place to ensure smooth, high-quality service for members transitioning from another mail order vendor to Aetna Rx Home Delivery.

116.	Can your claims adjudication system administer brand drug deductibles, copays for generics along with copays and coinsurance for brand drugs and lower copays for specific individuals enrolled in health management programs?	We offer a variety of plan benefit options as well as programs that lower copays. However, we would like the opportunity to further discuss these options with you in order to better understand and meet your needs.	
117.	Will your company make available a pharmacist for pharmacy management, ongoing clinical consultation and performance improvement activities? List any limitations.	Yes, your Clinical Account Executive (CAE) will be available for regular meetings, by phone or in person to discuss your benefit plan information and provide consultation. On an annual basis, your CAE will also provide RxPerspectives, an in-depth annual executive summary that will outline your cost and utilization metrics, key performance metrics and financial results.

Financial Counselors	*	*	*	*	*
Legal Counselors	38	32	30	2	6

*Financial concerns are answered telephonically by in-house staff.

123. Please describe the recruitment and selection criteria for providers in your network.

Providers seeking participation in our network must submit an application and successfully complete the credentialing process. We ensure that we are in receipt of all applicable information about the provider’s practice, including specialties and languages spoken. Prospective network clinicians must include primary verification of all credentials, including evidence of malpractice insurance coverage.

All network providers must be able to provide individual therapy sessions.

Questionnaire (Attachment 12)

We begin the selection and credentialing procedures in the following situations:

- Contact of specific practitioners and/or provider groups meeting our practitioner specialty needs in a given market
- Practitioner and/or provider group contacts us or designee noting interest in joining our network
- Review of network need for the specialty is made through a standardized process to determine the pursuit of the requesting practitioner or group
- Contact of specific practitioners and/or provider groups a customer refers

Credentialing Process

The practitioner completes the standardized credentialing application to include a current practitioner signature attesting to the following:

- Reasons for any inability to perform the essential functions of the position, with or without accommodation
- Lack of present illegal drug use
- History of loss of license and felony convictions
- History of loss or limitation of privileges or disciplinary activity
- Current malpractice insurance coverage
- The correctness and completeness of the application

Questionnaire (Attachment 12)

Primary verification of the following is submitted when applicable to the practitioner specialty:

- Educational degree
- Licensure
- Agency (DEA) and/or Controlled Dangerous Substances (CDS) registration
- Board certification (physicians only)
- Education and training specific to the specialty
- Work history
- Malpractice insurance
- Liability claims history
- License sanctions
- Medicare/Medicaid sanctions

The peer review committee reviews all completed credentialing applications and credentialing files for approval. Where credentialing results do not meet standard credentialing requirements, the committee performs focused peer review as needed.

We notify the practitioner in writing of the peer review committee decision. The accepted practitioner completes the contracting process and, upon contract execution, we enter practitioner specific data allowing the practitioner to begin receiving referrals.

If denied, we advise the practitioner in writing and provide information on filing an appeal when applicable. Appeal options are offered to currently contracted practitioners and pre-contracted practitioners (when applicable).

We review ongoing monitoring of participating practitioner Medicare and Medicaid sanctions on a monthly basis.

We review ongoing monitoring of participating practitioner state sanction information based on the frequency of the release of the information from the applicable state.

All EAP providers are also subject to complete review during the recredentialing process. We request, review and analyze the same data as during the initial credentialing process. Recredentialing occurs at least every three years, depending upon specific state requirements.

Questionnaire (Attachment 12)

124. What are the minimum licensing requirements for the following providers:

a. Mental Health Professionals

All Aetna Resources For Living EAP network providers, with whom members may schedule face-to-face counseling sessions, must have, at a minimum:

- A current, active, valid, unencumbered license to practice independently in a behavioral health field from the state(s) in which services will be provided to Aetna members
- A Master's or Doctoral degree in a behavioral health field (which includes, but is not limited to, psychologists, clinical social workers, licensed professional counselors, marriage and family therapists, psychiatric nurse practitioners, advanced practice nurses and clinical nurse specialists
- 3,000 hours post-license behavioral health work experience

Social workers who provide services must have a Masters level in social work and be a licensed clinical social worker with the appropriate state agency. In addition, they must demonstrate a minimum of three years of experience offering clinical services, preferably within the work and work life areas.

b. Substance Abuse Professionals

In addition to the requirements for mental health professionals, substance abuse professionals must also have:

- 3,000 additional hours post-license chemical dependency work experience for substance abuse providers
-

Questionnaire (Attachment 12)

c. Financial Counseling

All financial counselors are Certified Credit Counselors, then each hold other designations related to their expertise: ATP® (Accredited Tax Preparer®); Certified Credit Counselor; CDFA™ (Certified Divorce Financial Analyst); CFEd® (Certified Financial Educator®); CFP® (Certified Financial Planner); CMPS® (Certified Mortgage Planning Specialist®); CPA (Certified Public Accountant); CPA/PFS (Personal Financial Specialist); CRTP (California Registered Tax Preparer); CSA™ (Certified Senior Advisor); EA (Enrolled Agent); Fair Credit Reporting Act (FCRA) Certification)

d. Legal Counseling

The national network of more than 20,000 attorneys includes members of medium-sized law firms with a minimum of five years' experience in family law, real estate, probate, contract, consumer, and criminal legal matters. Attorneys must be fully licensed and qualified and cover the US, Canada, Puerto Rico and Virgin Islands.

125. What promotional materials will you provide? Include format (hard copy or electronic). Will there be a limit on any promotional materials that are provided free of charge to the City? What is your guaranteed delivery time for any hard copy promotional materials after they are requested by the City? Detail any associated fees.
-

We offer promotional materials because we know how important it is for your employees to be aware of their EAP benefits. In short, if they do not know about them, they will not use them. With this in mind, we encourage your employees to use their EAP program as a proactive tool to achieve well-being. Our goal is to provide the support your employees need to be resilient and adaptable to life's everyday challenges.

Promotional literature may include brochures, flyers, wallet cards, letters or other electronic media. Members may also download various information and articles from our website. The Aetna Resources For Living EAP website provides comprehensive and up-to-date content and presentation of health and EAP information.

Questionnaire (Attachment 12)

Additionally, we have numerous options for electronic promotion, including:

Welcome letters in a format that you may customize and send electronically
Posters and flyers are all available electronically for email or your intranet site
Customized URL to the EAP site, which you can post to your intranet site
Orientation PowerPoint with narration or video format for employees and managers

We also provide monthly e-newsletters at no additional cost. . Pertinent work and life topics include:

- *Positive thinking*
- *Worklife balance and*
- *Healthy habits*

Our quarterly manager newsletter is a three article newsletter on topics such as:

- *Managing different personalities*
- *Workplace gossip*
- *Building successful teams*
- *Leadership styles, and more*

We do not limit quantities for standard materials. As a general rule, we supply the quantity the customer requests. Standard materials can be delivered within 2 weeks.

126. How much time does your Company require for plan implementation once approved? What will be the City's role in the process?

Once the City selects Aetna Resources For Living, the implementation process will begin. An initial meeting will be held where we exchange basic information. This will include such items for discussion as complete client assessment regarding preferences, unique needs and requests. From then on, we will work with your benefits and human resources staff to ensure a full understanding of what the EAP can accomplish on an organizational level.

Questionnaire (Attachment 12)

While we will tailor all implementations to unique needs, we have a well-tested template of tasks which we follow. This template assures that we engage all involved areas in the review of benefit plans, company contacts, account billing and finance contact information, as well as promotional strategies. Upon contract award, we officially begin the transition and implementation process. We depend on a detailed transition plan to ensure the effectiveness of our transition activities.

Although formal transition of care is generally not needed for an Employee Assistance product, Aetna Resources For Living will work closely with any in-force vendor to ensure careful collaboration. If necessary, your assigned account executive will work to organize transition meetings in advance of the contract effective date to make appropriate decisions.

We will also review and define network and data management issues during the transition process. We include specific action plans in the implementation process to ensure the timeliness and accuracy of all information.

Timing depends upon the complexity of the plan design, or any unique set up needs. Generally, we are able to implement the EAP for in as little as 1 month.

127. Please describe your reporting capabilities, including the frequency.

Aetna Resources For Living EAP will offer the City quarterly and annual report which includes EAP book-of-business call statistics. With our specialized EAP system, we can track and analyze all identified data elements entered into the system. Data elements include:

- Annualized utilization for EAP, worklife, legal/financial and management consultation and referrals
- Web use and content access
- Aggregate use of on-line assessment tools, child and adult care provider searches and EAP provider searches
- Benefit integration – referrals to Aetna’s programs and outside vendors
- Number of crisis response consultations and onsite services

Questionnaire (Attachment 12)

- Number of on-site training/education seminars, number of participants and aggregate seminar evaluations
 - Average number of sessions used, percent of EAP users who were not referred on to behavioral health benefits, percent change in level of risk pre and post-counseling
 - Demographic and geographic information - age ranges, job classifications, stated reasons for seeking program resources, gender, etc.
 - Customer satisfaction rates
 - Call volumes, ASA, service levels, and abandonment rates
-

128. What discounts are available to employees/dependents for childcare, elder care, financial planning and legal services?

For legal services, members may choose to continue with the participating attorney and hire that attorney on their own at 25% off of the attorney's standard fixed or hourly fees for services beyond the initial consultation. (Contingency fees and statutory fees are excluded from discounting.)

Additionally, our online LifeMart discount center is a robust, corporate discount program with over 3.5 million discounted products. Discounts average 25 percent on everything from movie tickets and travel, to electronics and major appliances. LifeMart is a key driver of employee satisfaction, and an important part of an employer's set of productivity solutions for employees.

Members shop online with ease and can also register family users. They value the convenience and exclusive deals that cannot be found anywhere else. Employers value the visibility LifeMart can bring to the overall suite of benefits due to frequent, but time efficient, employee interactions with a low cost company-sponsored perk.

Questionnaire (Attachment 12)

LifeMart tends to dramatically increase the use of the entire EAP and Worklife program. Your employees will relish the opportunity to save money and time while shopping, and as a result they will be drawn to our site where they will also discover all of the EAP and Worklife content and tools. We can customize LifeMart to incorporate the City's intranet look and feel, and to include specific products or eliminate others, including those of competitors.

129. Provide the name and contact information for the Account Manager that would service the account.
-

We offer the City the superior services of Denise Scott as your designated account manager.

Denise Scott has over 20 years' experience in Employee Assistance Program and Behavioral Health field. As Account Executive for Aetna Behavioral Health, Denise is responsible for maintaining successful working relationships with employer groups, and public sector accounts ranging in size from 30 to 60,000 members. She has demonstrated excellent partnership with each of her accounts resulting in an average of 10 plus years of service.

Denise is responsible for implementation of new programs, conducts onsite visits and orientations, relay product and service information to clients, analyzing utilization reports and trends, developing program promotional plans, offers organizational support as needed.

Denise has exceptional interpersonal, organizational, and communication skills. A proactive, results oriented approach and invaluable business acumen have allowed her to consistently exceed expectations in both collaborative efforts and independent tasks. She is adept at all facets of office and account management, strategic planning, needs assessment, problem/conflict resolution and staff training.

Denise is located in Plantation, Florida. She can be reached at 954-474-1241 or at ScottD2@aetna.com.

Questionnaire (Attachment 12)

130. Briefly describe your process for ensuring reasonable access for face to face assessment, evaluation, counseling, and referral for all City locations. Provide a list of any additional networks necessary for implementation that would allow all members access.

Network Focus

Our network development plan is to ensure that all members have access to culturally competent, readily available, and appropriately licensed providers where they live and work. We identify treatment trends and work diligently with community programs for services that can support the care of our members.

We have stringent access standards for both rural and urban areas and we are proud that the vast majority of our members have access for care within these standards. We easily support employers in one location - or in multiple locations. Most areas of the country and all metropolitan statistical areas are open to new providers, and we welcome employer-clients and members recommending providers to include. Our EAP network has providers with a wide range of clinical expertise, as well as a wealth of experience in addressing home and work-related issues.

We continuously review, recruit, and credential qualified providers to meet the few gaps in our network. Providers seeking participation in our network must submit an application and successfully complete the credentialing process. They must include primary verification of all credentials, including evidence of insurance coverage, as well as all needed information, such as specialties and languages spoken.

The Aetna Resources For Living EAP network will meet the needs of the City very well. We have run a GeoAccess report which shoes the following access results:

Area	Access Result
Urban	100%
Suburban	99.4%
Rural	100%

Questionnaire (Attachment 12)

131. Describe your telephonic services for EAP counseling and support. Include the hours of operation and note if the initial assessment is counted toward the total number of sessions allowed per problem.
-

We believe strongly that the members who call us are unique and their presenting issues are specific to them - and each should be treated individually. Many of our members prefer to have telephonic sessions due to their personal schedule, job function and desire to receive clinically directed care immediately in a non-threatening mode of communication versus a highly personal face-to-face session. Other members request face-to-face counseling. We allow all our members to determine what the best method is for them and provide the caller with a clear understanding based on their presenting issues, with the pros and cons of each. The member can try both and determine the best course of treatment for them. Historically, we have seen huge success in providing telephonic services for our members and very high resolution rates with telephonic counseling.

We likewise embrace our members who prefer the high touch personal attention of a face to face counseling experience. Both are successful as long as the therapist views the member as unique and special.

Life in today's world can be hectic, complicated, and stressful - and it is a challenge for many people to satisfy the competing demands of work, family, and life. When these concerns spill over into the workplace, organizations experience a lack of member engagement, poor morale, lost productivity and increased absenteeism. It is our belief that by providing appropriate access to resources and care, we can help individual's address everyday matters that impact their ability to address life events. We believe that meeting people where they are and delivering services to meet their unique circumstances.

Aetna Resources For Living provides unlimited telephonic access. Telephonic counseling is appropriate for a variety of life adjustment issues that do not require numerous sessions, extensive treatment or medication, including:

- Stress,
- Family problems,
- Some work-related issues, and
- Other general life management matters.

Questionnaire (Attachment 12)

Many companies find that offering telephonic counseling services is an easier method for members to access care if a therapist office visit is inconvenient. For example, field sales staff often uses telephonic counseling because of the extensive time away from home. Many employees may also value the lack of time constraints and ease of access to telephonic services.

Aetna Resources For Living provides unlimited telephonic access.

132. Describe the referral process beginning with the employee/dependent's first contact with your EAP program through termination of EAP services. Is the employee/dependent responsible for making initial contact with a local provider?
-

When our members call us, we take both a conversational and practical approach. We start each call by asking how we can help and then really listening to what the individual has to say. Active listening helps us uncover all of the ways we can help meet their goal or overcome their challenge. Next, we go beyond emotional support to connecting our members with the real-world resources, tools and support they need to get where they go. *This is the Aetna Resources For Living difference.*

Intake

We provide members with a toll-free access number, which is available and staffed with clinicians, 24 hours per day, 365 days per year. After a brief screening by a customer support associate, all callers have access to licensed clinicians.

Assessment

After the initial intake, an EAP clinician conducts a comprehensive assessment that takes the member through an interview spanning a full range of clinical criteria, including a risk assessment. They collect information to identify possible problems and explore the existence of the following:

- Medical co-morbidity
- Work related stressors
- Home and support system issues
- Socio-economic issues
- Legal or other stressors and issues

Questionnaire (Attachment 12)

Our clinicians use an interactive approach to cover the information needed and determine the presenting problem. The clinician will also seek to identify any underlying problems.

To build up and support our members' motivation for healthy behaviors, Aetna embraces a motivational interviewing initiative and model.

The Motivational Interview approach shifts away from an over-emphasis on education and information, and shifts to “a person-centered method of guiding to strengthen personal motivation for change” (Rollnick & Miller, 2009). The goal is to facilitate fully informed, deeply contemplated, and internally motivated choices for change supporting our members' autonomy, competence, and relatedness.

The result:

- Improved member health behavior
- Increased member engagement in Aetna programs
- Improved member satisfaction

At each contact, our goal is to provide a personalized approach that helps resolve or address the member's needs in the most efficient way possible. Our systems, tools and service delivery approach help our team proactively engage and identify targeted solutions to affect overall well-being. This approach enables us to measure the impact we are having with each contact.

One of the tools we use to assess our impact is Aetna Resources For Living's innovative SIGNAL[®] System (SIGNAL). SIGNAL provides statistically valid feedback to clinicians and members about their individual distress levels and improvement in global functioning. This lets each know how effective the services being provided are improving their distress levels and whether other services may be indicated.

Through SIGNAL, we measure the quality of the care as well as the quality of the relationship on a session-by-session basis. We ask four core global functioning questions (a self-assessment on the member's sense of well-being and emotional distress) at the beginning of each session and measure the progress the client is making with immediate feedback to the counselor - if the client is not making the expected change, or is regressing. The counselor can alter, in the moment, the work being done to better accommodate the client's needs. We make referrals within our network or to outside resources within 24 hours.

Questionnaire (Attachment 12)

We assess six primary dimensions in the first contact to identify barriers and individual client needs within each dimension. We then integrate these into a plan of care. The primary dimensions assessed in the initial contact include:

- Acute intoxication or immediate response or imminent danger risks
- Biomedical conditions/complications
- Emotional, behavioral/cognitive impairments, conditions or complications
- Emotional distress and global functioning
- Readiness for change
- Social environment

Referral

If the member elects, or is encouraged, to pursue treatment through face-to-face services with an EAP affiliate or provider, we provide the member with the option of several providers in their geographic area from which to choose.

The affiliate provider, along with the member, develops a treatment plan that includes resolution through short-term problem-focused interventions. If the problem is systemic, the plan includes services for a more prolonged period using the member's medical or behavioral health benefit plan.

Our EAP network providers have a Master's-level education, licensure and experience in delivering short-term treatment focused services that are in line with EAP industry expectations. Additionally, the EAP providers have specialties in areas such as marriage and family therapy, substance abuse counseling, adult or adolescent therapies. We guide the referral to an affiliate provider by the nature of the problem(s) the member presents.

Questionnaire (Attachment 12)

133. What is the average wait time for face-to-face counseling sessions and/or assessments?
-

Our contracts require all providers to comply with our business criteria, which include appointment wait standards. The standards for EAP provider appointments are:

- Life-threatening emergencies: Immediate
 - Non-life threatening emergencies: 4 hours
 - Urgent: 24 hours
 - Routine: 5 business days
-

134. Under what circumstances are more intensive services recommended for the employee/dependent?
-

The intent of our EAP is to provide effective, short-term oriented services. We have found that, in general, it is best to treat the following scenarios outside the EAP benefit. Members who:

- Need any level of care other than routine outpatient services
- Have long term or chronic behavioral health needs
- Require intensive behavioral health care
- Require medication intervention

Should the member require services beyond the EAP, we will work with your medical/behavioral health benefits carrier to facilitate transition into the appropriate treatment by:

- Confirming the name of the behavioral health carrier along with the corresponding toll free number via discussion with the member
 - Calling the carrier and initiating any applicable precertification process
 - Coordinating information with the behavioral health carrier, such as a description of the history of treatment services
 - Providing the clinical information needed to support the service level request
 - Performing follow-up as needed
-

Questionnaire (Attachment 12)

135. Describe the referral process if additional or alternative services are required and any associated costs.

Although our clinicians will assist in accessing outside medical or behavioral health plans in an appropriate fashion, all subsequent decisions or dissemination of information regarding providers and facilities will rest with the member and the other insurance carrier.

There is no additional cost.

136. What capabilities do you have to refer to mental health providers that are in the City's health plan network? required to refer in network, what systems are in place

We train our staff to understand the various products, services and clinical programs available specifically to all employees. We use a fully integrated data system that allows customer service associates and clinicians to view the full spectrum of available benefits. This system helps us identify various resources across the continuum of care that will meet a member's needs and/or enhance other services that are available to them. We include information about the customer's culture, preferences, and benefit offerings, even if offered through another carrier. This includes instructions for warm transferring calls to external vendor partners so that service is as seamless as possible for the member.

We use the Incedo system to administer our Employee Assistance Program. The relevant information concerning your insurance benefits and programs will be entered into the system prior to the program installation date. Appropriate Aetna RFL staff will have access to this information when facilitating the provision of services or answering questions for members or plan sponsors.

Questionnaire (Attachment 12)

137. Please specify the number of Masters-level (LMFT, LMHC, LCSW) clinicians and psychologists (Ph.D., Psy.D.) available in your network by county (Broward, Miami-Dade, Palm Beach).

	Broward	Miami-Dade	Palm Beach

		YES/NO*	*If you answer NO, briefly explain why
144.	Is there a maximum number of problem areas that can be addressed within a 12-month period?	We offer 10 sessions per issue, per year for an unlimited number of issues.	
145.	Do you have the ability to provide on-site EAP counseling? If so, please describe the frequency of visits, requirements and any additional costs.	Yes have the ability to provide additional on-site services. The price varies depending on the scope of the on-site services requested.	

EAP MANAGEMENT SERVICES

146. Describe your process for receiving and addressing management/supervisor referrals.

In the event of a mandatory referral to the EAP resulting from serious infractions or illegal activity, and with the proper release of information forms signed, the EAP clinician will confirm compliance (or lack thereof) with recommended treatment. Typically, the supervisor would contact our management consultation specialist within the EAP call center to initiate the mandatory referral. The process involves the following:

- Discussion with the supervisor regarding the nature of the problem
- Assessment of potential risk issues
- Review of historical information
- Previous interventions
- Determination of goals for the supervisor and employee

Our system allows us to track follow-up and compliance activity.

We track the case from initial contact by the employee, through assessment and evaluation, to monitoring of compliance with recommended interventions, and case closure. We ensure that all appropriate informational and release forms are completed at the initiation of the referral process. The clinician assigned to the case would maintain contact with the supervisor, human resources, medical departments or other company designee as determined by unique case needs.

Questionnaire (Attachment 12)**Timeframe**

Supervisory or mandatory referrals involve immediate access by the supervisor to one of the EAP clinicians. During this consultation, the EAP clinician gathers the details of the individual employee's situation leading to the referral. Often, the supervisor is encouraged to have the employee present or available to speak with the EAP clinician at the time of the referral and the case is activated at that time. If the employee is not available, the supervisor is advised that the employee must call into the EAP in order to activate the case process. We alert the supervisor if we have not heard from the employee.

Once activated, the EAP clinician secures a phone number where the employee can be reached. Within 1 business day, an appointment for the initial assessment is secured and communicated back to the employee. Depending on the nature of the need, these appointments are set up generally within 1-5 business days following the employee's call to Aetna Resources For Living.

-
147. What information, if any, is disclosed to the employer in conjunction with a management referral?

The City may set up the process to receive the information that is needed. At all times, policies and procedures for handling such situations are initially developed in a consultative fashion working with, and at the direction of, the employer-client's human resource department. Your EAP account manager will review all protocols for corporate policy violation as part of our implementation profiling activities. Based upon the information gathered within this assessment, we would customize our plan to conform to your required standards relative to this care.

-
148. Are management services provided face-to-face, telephonic or both?

We include unlimited telephonic management consultation services – 7/24/365 - in our standard EAP offering.

Questionnaire (Attachment 12)

149. Describe the consultation and counseling services provided in the event of a critical incident. Include information regarding any session and/or maximums per incident and any additional fees that may apply.
-

Should you have the unfortunate experience of a catastrophic workplace incident, such as a crime, death of an employee or other workplace trauma, the toll-free number will give you access to services for crisis response services. An EAP clinician or your assigned EAP account manager will assess the severity of the situation and advise the caller accordingly. If on-site services are necessary, the clinician or account manager will make the necessary arrangements.

If resources are necessary at a work location for the purpose of crisis debriefing and management, we have ample national network coverage, with clinicians fully trained in the crisis response field. We provide onsite workplace crisis interventions within 24 to 72 hours of the incident. Conducted with individuals or groups, these interventions usually take one to three hours of onsite time. They have proven highly effective in reducing the impact of trauma-related symptoms and accelerating return to work and life.

We offer a network of approximately 5,000 licensed or certified clinicians practicing nationally. All specialists must possess:

- Masters or Doctoral degree in a mental health related field
- Licensure or certification to practice-independent practice privileges
- Professional liability insurance
- Experience in delivering workplace crisis response services
- Specialized training consistent with evidence based best practice standards, as supported by NIMH guidelines

Questionnaire (Attachment 12)

We have a full continuum of crisis response services and selects appropriate supportive interventions based on a variety of factors including type and severity of incident and number of affected individuals. Interventions include:

- Pre-incident training, consultation, and policy development
- Telephonic support
- Crisis management briefings
- Onsite small group debriefing
- Onsite 1:1
- Onsite follow-up
- Crisis recovery handouts
- Web based resources
- Telephone follow-up/consultation and
- Referral

Aetna Resources For Living works with or CISD partner, R3Continuum, and we are committed to serving as trusted partners in delivery of this important work. We understand the high impact and visibility of critical incidents and realize that services must be consistent with your established protocols. Issues of corporate culture are paramount.

Follow-Up

When a clinician responds to a critical incident, we will contact the client after the incident to evaluate the services and determine if additional services are necessary.

In addition, we support the employer's role in assessing the need for follow-up care and referring to its qualified affiliates by offering easy access to a widely-accepted, clinically-tested, brief, post-traumatic stress debriefing assessment.

Questionnaire (Attachment 12)

We are pleased to offer unlimited crisis response services, up to ten (10) hours per incident, are included in the EAP PEPM rate. Immediate services, downsizings, organizational changes, catastrophic natural disasters, and terrorism, or services beyond the ten (10) hour cap, are subject to the hourly rates below:

- Standard services: On-site attendance response time in greater than two hours. \$250 per hour plus travel
- Immediate services: On-site attendance response time in less than two hours. \$350 per hour plus travel
- Reduction in force services: \$250 per hour plus travel
- Travel and preparation expenses reimbursed at a flat rate of \$150 per location

-
150. What capabilities do you have to provide seminars on the following topics and indicate if they are on-site, web-based or both. Specify any additional fees that apply.
- a. Management/Supervisor Training
 - b. Personal Development Workshops
 - c. Legal Guidance
 - d. Financial Planning
 - e. Parenting, Child & Elder Care
 - f. Other Life Management Coaching

Your designated EAP account executive will work with your administrative team to coordinate the training courses that best meet your needs and objectives from the wide range of available courses. Our training sessions is available onsite or through webcasts. You may choose from a full spectrum of sessions targeted toward management and non-management personnel, as well as health and wellness for the entire workforce and their families.

Questionnaire (Attachment 12)

Please refer to our sample training catalog for an extensive list of available seminars.

- We are please to provide a bank of 10 of hours for training is included in the EAP PEPM rate. Fee for service rates apply outside this block of hours:
 - Workplace seminars/brown bag training — General EAP and worklife training, including employee and supervisor orientation, provided in person, telephonically, or through the web - \$250 per hour plus travel.
 - Travel and preparation expenses reimbursed at a flat rate of \$150 per location. Trainings not scheduled consecutively, or when multiple topics are scheduled, may incur additional travel and preparation costs.
 - For webinars with more than 25 participants, an additional charge of \$50 applies for each additional 25 participants up to a maximum of 200 participants.
 - Standard training and education service does not include Department of Transportation (DOT) services.
-

RFP Section	Aetna's Clarifications/Deviations
Section 2 Special Terms and Conditions	
<p>2.18 Subcontractors</p> <p>2.18.1 If the Proposer proposes to use subcontractors in the course of providing these services to the City, this information shall be a part of the bid response. Such information shall be subject to review, acceptance and approval of the City, prior to any contract award.</p>	<p>The requirement of prior notice and approval by the City of Fort Lauderdale before Aetna could delegate certain functions would not be practical. Aetna should be allowed to perform its duties more efficiently by delegating certain of its duties to a subsidiary, affiliate or other organization. The functions referred to are those routinely delegated by Aetna in the normal course of business. Such functions include medical investigations, peer reviews, medical consulting, data processing, printing, etc. To seek prior approval from the City of Fort Lauderdale before work could be performed by other organizations could compromise our ability to perform all claim processing, administrative and other functions. Aetna's responsibility to perform according to the terms of the agreement, however, does not change if we use an outside organization to perform such tasks.</p>
<p>2.18.2 Proposer shall ensure that all of Proposer's subcontractors perform in accordance with the terms and conditions of this Contract. Proposer shall be fully responsible for all of Proposer's subcontractors' performance, and liable for any of Proposer's subcontractors' non-performance and all of Proposer's subcontractors' acts and omissions. Proposer shall defend, at Proposer's expense, counsel being subject to the City's approval or disapproval, and indemnify and hold harmless the City and the City's officers, employees, and agents from and against any claim, lawsuit, third-party action, or judgment, including any award of attorney fees and any award of costs, by or in favor of any Proposer's subcontractors for payment for work performed for the City.</p>	<p>We use a variety of vendors to perform specific services and we require those vendors to meet all of our performance standards. Aetna is responsible for performance of all work under this agreement if done by Aetna or any one of Aetna's vendors. Because we subcontract on behalf of an entire book of business, we cannot agree to your specific language in our agreements.</p>

RFP Section	Aetna's Clarifications/Deviations
<p>2.18.3 Proposer shall require all of its subcontractors to provide the required insurance coverage as well as any other coverage that the Proposer may consider necessary, and any deficiency in the coverage or policy limits of said subcontractors will be the sole responsibility of the Proposer.</p>	<p>Aetna agrees to the following language:</p> <p>Proposer shall require all of its subcontractors to provide the required insurance coverage <u>maintain adequate insurance coverage and limits as applicable to the scope of services being provided</u> as well as any other coverage that the Proposer may consider necessary, and any deficiency in the coverage or policy limits <u>of such necessary insurance</u> of said subcontractors will be the sole responsibility of the Proposer.</p>
<p>2.19 Insurance Requirements</p> <p>2.19.1 The Proposer shall furnish proof of insurance requirements as indicated below. The coverage is to remain in force at all times during the contract period. The following minimum insurance coverage is required. The City is to be added as an "additional insured" with relation to General Liability Insurance. This MUST be written in the description section of the insurance certificate, even if you have a check-off box on your insurance certificate. Any costs for adding the City as "additional insured" will be at the Proposer's expense.</p>	<p><u>Upon request,</u> the Proposer shall furnish proof of insurance requirements as indicated below. The coverage is to remain in force at all times during the contract period. The following minimum insurance coverage is required. The City is to be <u>recognized</u> added as an "additional insured" with relation to General Liability Insurance <u>with respect to liability arising out of the Contractor's operations within the scope of the contract</u>. This MUST be written in the description section of the insurance certificate, even if you have a check-off box on your insurance certificate. Any costs for adding the City as "additional insured" will be at the Proposer's expense.</p>
<p>2.19.5 In the event that you are the successful Proposer, you will be required to provide a certificate naming the City as an "additional insured" for General Liability. Certificate holder should be addressed as follows:</p>	<p>Aetna agrees to the following language:</p> <p>In the event that you are the successful Proposer, you will be required to provide a certificate <u>including naming</u> the City as an "additional insured" for General Liability. Certificate holder should be addressed as follows:</p>

RFP Section	Aetna's Clarifications/Deviations
<p>2.28 Service Organization Controls</p> <p>The Contactor shall provide a current SSAE 16, SOC 2, Type I report with their proposal. Awarded Proposer will be required to provide an SSAE 16, SOC 2, Type II report annually during the term of this contract. If the Proposer cannot provide the SSAE 16, SOC 2, Type I report at time of proposal submittal, a current SOC 3 report will be accepted.</p>	<p><u>SSAE 16 SOC 2 report:</u> Aetna is currently evaluating the SOC 2 report as another tool to support the needs of our customers. We are actively working with our external auditors and management team in this effort. At this time we have no definitive date for when a SOC 2 review would be done but are looking to complete our assessment in the near future.</p> <p><u>SSAE 16 SOC 3 report:</u> As we do not produce an SOC 3 summary report, we look forward to supplying the City with our most recent SSAE 16 SOC 1 Type II report upon contract award.</p>
<p>Part IV Bonds and Insurance</p>	
<p>4.02 Insurance</p> <p>The Contractor shall provide to the Procurement Services Division original certificates of coverage and receive notification of approval of those certificates by the City's Risk Manager prior to engaging in any activities under this contract. The Contractors insurance is subject to the approval of the City's Risk Manager. The certificates must list the City as an ADDITIONAL INSURED for General Liability Insurance, and shall have no less than thirty (30) days written notice of cancellation or material change. Further modification of the insurance requirements may be made at the sole discretion of the City's Risk Manager if circumstances change or adequate protection of the City is not presented. Bidder, by submitting the bid, agrees to abide by such modifications.</p>	<p>Aetna agrees to the following language:</p> <p><u>Upon request</u> The Contractor shall provide to the Procurement Services Division original certificates of coverage and receive notification of approval of those certificates by the City's Risk Manager prior to engaging in any activities under this contract. The Contractors insurance is subject to the approval of the City's Risk Manager. RFP Section	Aetna's Clarifications/Deviations
PART V PURCHASE ORDER AND CONTRACT TERMS:	
<p>5.05 OTHER GOVERNMENTAL ENTITIES: If the Bidder is awarded a contract as a result of this ITB, the bidder may, if the bidder has sufficient capacity or quantities available, provide to other governmental agencies, so requesting, the products or services awarded in accordance with the terms and conditions of the ITB and resulting contract. Prices shall be F.O.B. delivered to the requesting agency.</p>	<p>Aetna's fees/premiums quoted are unique to this agency and cannot be extended. We would be pleased to work with other governmental entities to determine whether these terms can be extended to them, but each case would need to be individually underwritten.</p>
<p>5.08 INDEMNITY/HOLD HARMLESS AGREEMENT: The Contractor agrees to protect, defend, indemnify, and hold harmless the City of Fort Lauderdale and its officers, employees and agents from and against any and all losses, penalties, damages, settlements, claims, costs, charges for other expenses, or liabilities of every and any kind including attorney's fees, in connection with or arising directly or indirectly out of the work agreed to or performed by Contractor under the terms of any agreement that may arise due to the bidding process. Without limiting the foregoing, any and all such claims, suits, or other actions relating to personal injury, death, damage to property, defects in materials or workmanship, actual or alleged violations of any applicable Statute, ordinance, administrative order, rule or regulation, or decree of any court shall be included in the indemnity hereunder.</p>	<p>Your Indemnification language is generally acceptable. However, we wish to clarify the following:</p> <p>(1) Aetna can agree to indemnify City of Fort Lauderdale on a comparative negligence theory, but we are not prepared to indemnify City of Fort Lauderdale for 100% of a loss if Aetna is only partially at fault. As such, the words "that portion of" should be inserted before "any and all losses, penalties, damages, settlements, claims, costs, charges for other expenses, or liabilities" in the first line.</p> <p>(2) Consistent with the last comment, a standard of care should be introduced so that Aetna would only be liable for conduct deemed to be negligent. We are prepared to discuss other formulations of the standard of care, but we do not believe it is appropriate to omit the standard of care altogether in this paragraph.</p> <p>(3) Neither City of Fort Lauderdale nor Aetna is responsible for the health care delivered by health care providers, whether network or non-network. The indemnification obligation set forth above would not apply to any portion of any claim, demand or legal action caused by the acts or omissions of health care providers with respect to Members.</p>

RFP Section	Aetna's Clarifications/Deviations
5.16 UNUSUAL CIRCUMSTANCES:	
1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.	We require at least 60 days' notice for termination by City of Fort Lauderdale.
Response to Section 6.24	
<p>The Contractor shall establish a benefit plan account ("Account") with a bank agreed upon between City and Contractor. Such bank must be a Qualified Public Depository. The account shall be in the name of the City for the exclusive use of the City's plan. An initial imprest balance in the amount of \$100,000 will be deposited into the Account no later than xx/xx/xx. Should it become necessary to increase the imprest amount, the City will agree to do so based on satisfactory evidence from the Contractor of insufficient funds. The Account shall be funded monthly by the City based on an average monthly claims balance. . The City will issue payments via wire transfer. The Contractor shall provide a monthly reconciliation. Any interest earned in the Account shall be accrued to the City and any banking fees will be charged to the Account.</p>	<p>We do not open an account at a Customer's approved request. We use Bank of America for our self-funded customers. The account is not in the name of the City as we do not open separate accounts for our Customers. We also do not operate under an impressed balance. We request funding when the claims have recorded to \$20,000 and also on the 1st business day of the month regardless of amount to close out the month. We can accept wire transfers for funding.</p> <p>Our Standard Banking arrangement: When paid claims have accumulated to more than \$20,000, in this arrangement, a wire request is sent to you and/or your bank requesting funds for the total paid claims from the previous days. For most customers, this will mean daily claim wire transfers. In addition, there will be a month end close out request on the first banking day of each subsequent month.</p> <p>We provided an Alternate Weekly Arrangement: In place of the standard arrangement, we will request funds for paid claims on a specific day of the week [Monday through Friday/call on Friday]. In addition, there will be a month end close out request on the first banking day of each subsequent month.</p>
Contractor, on behalf of the City, shall issue checks from the Account for Medical and Pharmacy Plan benefits and-related expensed in the amount Contractor determines to be proper under the Medical and Pharmacy Program and/or under the Agreement.	Checks cannot be issued off the account as we only use Bank of America and so self-funded benefit payments will be issued off this account and this account will be funded back by the state.

RFP Section	Aetna's Clarifications/Deviations
Response to Section 6.25	
<p>Proposers must agree to the service performance agreement allowing for liquidated damages for non-conformance to identified standards and the details for this agreement including liquidated damages as noted in Section 4.12. Provide your company's understanding and acceptance of these terms, label this Response to Section 6.25 and include in Tab VII of your proposal.</p>	<p>We are agreeable in allowing liquidated damages for non-conformance to identified standards and the details for this agreement including liquidated damages as noted in Section 4.12 for those guarantees that are supported through our guarantee program. Please review our performance guarantee document within Tab II of the RFP.</p>
Section 2 – Special Terms and Conditions	
<p>A sample of the formal agreement template, which will be required to be executed by the awarded vendor can be found at our website http://fortlauderdale.gov/purchasing/AWARDS/CONTRACT_TEMPLATE_SERVICES.pdf. It is required that the selected vendor accept the City's agreement whose provisions will supersede any contradictory provisions contained in other vendor agreements.</p>	<p>Aetna would request City of Fort Lauderdale sign our standard Administrative Service Agreement which would be the highest level of priority and would govern in the event of a conflict. Aetna is willing to work with City of Fort Lauderdale to include any additional provisions City of Fort Lauderdale would require in a contract between the parties.</p>
Section 3 – Technical Specifications/Scope of Services	
<p>n. Complete development of all Summary Plan Descriptions (SPDs), Schedules of Benefits, Certificates, applicable riders, and Summary of Benefits Coverage (SBC).</p>	<p>Support for SBC Draft Documents – At your request and expense, we'll provide assistance in connection with the preparation of draft Summary of Benefits and Coverage (SBC) documents subject to your direction, review and final approval. If we are asked to develop draft SBCs, they will be based on the benefits information you provide. We'll include plan design information in the draft SBC relating to products or services administered under your Agreement with us as well as any additional pharmacy or behavioral health carve out information you or your delegates provide. SBCs are not required for "retiree-only plans" as defined by the Affordable Care Act (ACA) and we won't be supporting generation of SBCs for "retiree-only plans."</p>

	<p>You are responsible for reviewing and approving any SBCs with your legal counsel. We have no responsibility or liability for the content or distribution of any of your SBCs, regardless of the role we have played in the preparation of the documents. The production of SBCs will not be subject to Service or Performance Guarantees.</p> <p>For applicable plans and policies with effective dates of January 1, 2014, and later, the SBC must include statements about whether the plan or coverage provides minimum essential coverage (MEC) and if the coverage meets minimum value (MV) requirements.</p> <p>Under the ACA, minimum value and minimum essential coverage determinations are your responsibility. We will include the MV and MEC statements in SBCs produced for plans with effective dates of January 1, 2014, and later. However, Aetna won't make the final MV or MEC determinations. We'll review the minimum value standard for the plans based on the minimum value calculator criteria provided by the Department of Health and Humans Services (HHS). We'll provide the SBC in editable format so you can update MV and MEC statements within the document to reflect your determination for each plan. We don't provide legal or tax advice, and suggest you consult with your legal and tax consultants when making determinations. We don't have responsibility or liability regarding the MV or MEC evaluation, regardless of the role we may have played in reviewing/producing the SBC documents.</p>
<p>a. Pharmacy benefit management with transparent pricing and 100% of the discounted claims and rebates passed on to the City.</p>	<p>We are offering a traditional pharmacy financial arrangement with guaranteed pricing at retail and mail order. We will pass through 100% of all retail, and mail order rebates paid through the pharmacy benefit, based on your utilization.</p>
<p>j. Monthly reporting of claims, eligibility and utilization.</p>	<p>Pharmacy reports are available quarterly, within 45 days following the end of the reporting period.</p>

Sample Contract	
VI. GENERAL CONDITIONS	
<p>A. <u>Indemnification</u> Contractor shall protect and defend at Contractor's expense, counsel being subject to the City's approval, and indemnify and hold harmless the City and the City's officers, employees, volunteers, and agents from and against any and all losses, penalties, fines, damages, settlements, judgments, claims, costs, charges, expenses, or liabilities, including any award of attorney fees and any award of costs, in connection with or arising directly or indirectly out of any act or omission by the Contractor or by any officer, employee, agent, invitee, subcontractor, or sublicensee of the Contractor. The provisions and obligations of this section shall survive the expiration or earlier termination of this Agreement. To the extent considered necessary by the City Manager, any sums due Contractor under this Agreement may be retained by City until all of City's claims for indemnification pursuant to this Agreement have been settled or otherwise resolved, and any amount withheld shall not be subject to payment of interest by City.</p>	<p>Your Indemnification language is generally acceptable. However, we wish to clarify the following:</p> <p>(1) Aetna can agree to indemnify City of Fort Lauderdale on a comparative negligence theory, but we are not prepared to indemnify City of Fort Lauderdale for 100% of a loss if Aetna is only partially at fault. As such, the words "that portion of" should be inserted before "any and all losses, penalties, fines, damages, settlements, judgments, claims, costs, charges, expenses, or liabilities" in the first line.</p> <p>(2) Consistent with the last comment, a standard of care should be introduced so that Aetna would only be liable for conduct deemed to be negligent. We are prepared to discuss other formulations of the standard of care, but we do not believe it is appropriate to omit the standard of care altogether in this paragraph.</p> <p>(3) Neither City of Fort Lauderdale nor Aetna is responsible for the health care delivered by health care providers, whether network or non-network. The indemnification obligation set forth above would not apply to any portion of any claim, demand or legal action caused by the acts or omissions of health care providers with respect to Members.</p>

RFP Section	Aetna's Clarifications/Deviations
<p><u>C. Termination for Cause</u></p> <p>The aggrieved party may terminate this Agreement for cause if the party in breach has not corrected the breach within ten (10) days after written notice from the aggrieved party identifying the breach. The City Manager may also terminate this Agreement upon such notice as the City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The parties agree that if the City erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.</p> <p>This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the Work to the City's satisfaction; or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.</p>	<p>Aetna would like an opportunity to cure a breach 30 days' prior to City of Fort Lauderdale terminating this agreement.</p>

RFP Section	Aetna's Clarifications/Deviations
<p>N. Assignment and Performance</p> <p>Neither this Agreement nor any right or interest herein shall be assigned, transferred, or encumbered without the written consent of the other party. In addition, Contractor shall not subcontract any portion of the work required by this Agreement, except as provided in the Schedule of Subcontractor Participation. City may terminate this Agreement, effective immediately, if there is any assignment, or attempted assignment, transfer, or encumbrance, by Contractor of this Agreement or any right or interest herein without City's written consent.</p> <p>Contractor represents that each person who will render services pursuant to this Agreement is duly qualified to perform such services by all appropriate governmental authorities, where required, and that each such person is reasonably experienced and skilled in the area(s) for which he or she will render his or her services.</p> <p>Contractor shall perform Contractor's duties, obligations, and services under this Agreement in a skillful and respectable manner. The quality of Contractor's performance and all interim and final product(s) provided to or on behalf of City shall be comparable to the best local and national standards.</p> <p>In the event Contractor engages any subcontractor in the performance of this Agreement, Contractor shall ensure that all of Contractor's subcontractors perform in accordance with the terms and conditions of this Agreement. Contractor shall be fully responsible for all of Contractor's subcontractors' performance, and liable for any of Contractor's subcontractors' non-performance and all of Contractor's subcontractors' acts and omissions. Contractor shall defend at Contractor's expense, counsel being subject to City's approval or disapproval,</p>	<p><u>Subcontracting – Prior written approval:</u></p> <p>The requirement of prior notice and approval by the City of Fort Lauderdale before Aetna could delegate certain functions would not be practical. Aetna should be allowed to perform its duties more efficiently by delegating certain of its duties to a subsidiary, affiliate or other organization. The functions referred to are those routinely delegated by Aetna in the normal course of business. Such functions include medical investigations, peer reviews, medical consulting, data processing, printing, etc. To seek prior approval from the City of Fort Lauderdale before work could be performed by other organizations could compromise our ability to perform all claim processing, administrative and other functions. Aetna's responsibility to perform according to the terms of the agreement, however, does not change if we use an outside organization to perform such tasks.</p> <p><u>Using RFP Specific language in our Subcontracts:</u></p> <p>We use a variety of vendors to perform specific services and we require those vendors to meet all of our performance standards. Aetna is responsible for performance of all work under this agreement if done by Aetna or any one of Aetna's vendors. Because we subcontract on behalf of an entire book of business, we cannot agree to your specific language in our agreements.</p>

<p>and indemnify and hold City and City's officers, employees, and agents harmless from and against any claim, lawsuit, third party action, fine, penalty, settlement, or judgment, including any award of attorney fees and any award of costs, by or in favor of any of Contractor's subcontractors for payment for work performed for City by any of such subcontractors, and from and against any claim, lawsuit, third party action, fine, penalty, settlement, or judgment, including any award of attorney fees and any award of costs, occasioned by or arising out of any act or omission by any of Contractor's subcontractors or by any of Contractor's subcontractors' officers, agents, or employees. Contractor's use of subcontractors in connection with this Agreement shall be subject to City's prior written approval, which approval City may revoke at any time.</p>

Questionnaire (Attachment 12)

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
WELLNESS AND DISEASE MANAGEMENT			
1.	Will your company allow the City to roll over unused funds to the following year?	No.	These funds will be available as of the effective date of the period. Our preferred method of payment of wellness-related expenses is directly to the vendor. Payments will be made once the expenses are incurred and invoice(s) are provided. As an exception, in the event that you require reimbursement directly we will require detailed paid receipts prior to payment of the wellness allowance. Invoices must be submitted within 60 days following the close of the plan year,

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
			<p>otherwise you forfeit the funds. Expenses must be for wellness-related programs or activities that are designed to promote the health and wellbeing of plan participants, or to educate participants about healthy lifestyles and choices.</p> <p>Additionally, a wellness allowance of up to \$100,000 is available in both the second and third Guarantee periods. Please note, the allowance of up to \$100,000 is available for each year and is forfeited at the end of each year if not fully utilized (it does not get rolled over for a cumulative amount).</p> <p>Any expenses beyond the wellness allowance are the responsibility of the customer. Any amounts (“Wellness allowance”) paid by Aetna to a plan sponsor to offset or reimburse such plan sponsor for any expense or cost incurred as a result of contracting with Aetna for benefits plan administration services, shall be paid in accordance with applicable law. You are advised to determine appropriate accounting for these payments with your own counsel or accountant.</p>

		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
			Any plan sponsor receiving a wellness allowance or other payments from us that offset or reimburse expenses that would otherwise be paid from plan assets, should consult with their ERISA counsel to determine if such allowance must be credited to plan assets, and for additional counsel regarding the accounting for reporting of such payments. We assume the funding of any wellness allowance is either at the request of your plan administrator acting in their fiduciary capacity to your plan or for the exclusive benefit of your plan.

PBM			
2.	<p>Do you agree to incorporate administration of the City's current benefits including but not limited to the following services?</p> <p>a. Pharmacy benefit management with transparent pricing and 100% of the discounted claims and rebates passed on to the City.</p>	No	We are offering a traditional pharmacy financial arrangement with guaranteed pricing at retail and mail order. We will pass through 100% of all retail, and mail order rebates paid through the pharmacy benefit, based on your utilization.
	<p>b. Monthly reporting of claims, eligibility and utilization.</p>	No	Pharmacy reports are available quarterly, within 45 days following the end of the reporting period.

EAP			
		COMPLY/AGREE YES/NO*	COMMENTS/EXPLANATION *If you answer NO, briefly explain why
3.	Are you an active member of the Employee Assistance Trade Association (EASNA)? If so, how long have you been a member?	No.	Aetna has been providing EAP services since 1985 under the auspices of Aetna Behavioral Health. We continue to have accreditation by the appropriate industry bodies. We now offer the Aetna EAP as a standalone product and program. As such, we have adopted the policies and standards offered by the Employee Assistance Society of North America/Council on Accreditation (EASNA/COA) with the consideration to pursue accreditation.
4.	Is your Employee Assistance Program currently accredited by the Council of Accreditation? If so, please provide your initial accreditation date as well as a tentative date for your next program review.	No.	We use the EAPA COA guidelines as the foundation to build our policy and procedures. We are confident that our program provides the highest quality EAP services to our customers.

Institutes of Excellence Transplant Facilities

The Aetna National Medical Excellence Program coordinates care and provides access to covered transplant treatment through the national Institutes of Excellence™ network. We have selected hospitals that have met extensive quality, as well as cost-effectiveness criteria to participate in our Institutes of Excellence Transplant Facilities for solid organ transplants and bone marrow transplants. These facilities have been contracted on a transplant-specific basis and facilities are considered participating only for the transplant type listed in this directory.

To be considered in network for coverage for transplant-related services, including evaluation, transplant, and follow-up care, you must utilize an Institutes of Excellence participating facility that has been specifically contracted by Aetna for your transplant type. Services must be preauthorized with Aetna for coverage to be effective. Any facility that is not specified as an Institutes of Excellence network facility is considered nonparticipating or nonpreferred for transplant-related services, even if they are considered participating for other types of services.

Response to section 6.28 – Organ transplants, Alternative Medicines**6.28 Organ Transplants, Alternative Medicines**

Proposer must provide a description of current practices regarding organ transplants, alternative medicines, investigative drugs, new medical devices and procedures. Include a list of your company's Centers of Excellence that describes the procedures available at each Center. Also provide information about experimental procedures that will not be covered. Label this information Response to Section 6.28 and include in Tab VII of the proposal.

Current practices for transplants

We offer our Institutes of Excellence™ (IOE) facilities to the City, which are publicly recognized, high quality, high value health care facilities that offer transplant care and highly specialized clinical services to members with complex or rare conditions.

Our National Transplantation Program coordinates care and provides national access to covered treatment through our IOE transplant network hospitals for transplants and transplant-related services. The IOE transplant network is a national network that has met our credentialing standards for quality, outcomes, access standards and mutually acceptable rates. We have contracted with hospitals for this network on a transplant-specific basis.

Our nurse case managers nationally coordinate a member's clinical care for these cases. IOEs include:

- Transplant care
 - Heart
 - Lung
 - Heart/Lung
 - Simultaneous pancreas kidney (SPK)
 - Pancreas
 - Kidney
 - Liver
 - Intestine
 - Bone marrow/stem cell
- Pediatric congenital heart surgery
- Infertility

Response to section 6.28 – Organ transplants, Alternative Medicines**Program features**

Our National Medical Excellence Program® is a case management program that provides consistency in the coordination of care for life threatening and complex illnesses. We developed the program and manage it in house. It provides:

- Access to care through our nationwide network of participating health care providers and hospitals recognized for successful clinical outcomes.
- Specialized case management by nurses experienced with complex care.
 - Our case managers work with the patient, doctor, hospital and family members to help coordinate all phases of the procedure -- from initial assessment and treatment to follow-up patient services.
- Transportation and lodging allowances for the member and a companion for pre-approved care when using an Institutes of Excellence™ (IOE) facility more than 100 miles from the member's home.
 - Our staff must pre-approve travel. To be eligible for travel and lodging reimbursement, the member (or provider) must preauthorize evaluation and treatment and utilize an IOE facility. Certain limitations apply.
- Coordination of follow-up care that helps patients to get after-care services close to home when possible.

Alternative medicines, investigative drugs, new medical devices and procedures

We consider alternative medicine interventions medically necessary if they are supported by adequate evidence of safety and effectiveness in the peer reviewed published medical literature. The following are some of the alternative medicine interventions that we consider medically necessary for properly selected members, subject to applicable benefit plan limitations and exclusions. Please see each intervention's corresponding Clinical Policy Bulletin (CPB), indicated below, for medical necessity criteria.

Response to section 6.28 – Organ transplants, Alternative Medicines

Alternative medicine interventions:

- Acupuncture - see CPB 135
(www.aetna.com/cpb/medical/data/100_199/0135.html)
- Biofeedback - see CPB 132
(www.aetna.com/cpb/medical/data/100_199/0132.html)
- Electrical Stimulation for Pain - see CPB 011
(www.aetna.com/cpb/medical/data/1_99/0011.html)
- Chiropractic Services - see CPB 107
(www.aetna.com/cpb/medical/data/100_199/0107.html)

For those plans that include chiropractic care, chiropractic therapy is covered according to the criteria in the CPB on Chiropractic Services.

Please see our CPB 388 on Complementary and Alternative Medicine (www.aetna.com/cpb/medical/data/300_399/0388.html) for additional information on our review of alternative medicine.

We use our CPBs in conjunction with the terms of the member's benefit plan and other Aetna-recognized criteria to determine health care coverage for our members. You can find a complete index of published CPBs on our internet site at www.aetna.com/cpb/cpb_menu.html. We determine coverage benefits in accordance with the plan design.

Experimental procedures not typically covered

For the welfare of our members, we exclude experimental or investigational procedures from our health plans. However, the exclusion would not apply with respect to services or supplies (other than drugs) received in connection with a disease, if we determine that:

- The disease can be expected to cause death within one year, in the absence of effective treatment
- The care or treatment is effective for that disease or shows promise of being effective for that disease as demonstrated by scientific data

Response to section 6.28 – Organ transplants, Alternative Medicines

In making this determination we take into account the results of a review by a panel of independent medical professionals that we select. This panel includes professionals who treat the type of disease involved.

In addition, this exclusion would not apply with respect to drugs that:

- Have been granted treatment investigational new drug (IND) or Group C/treatment IND status
- Are being studied at the Phase III level in a national clinical trial sponsored by the National Cancer Institute
- Have been determined that available scientific evidence demonstrates that the drug is effective or the drug shows promise of being effective for the disease

List of our Institutes of Excellence™ Transplant facilities

We have provided a list of our Institutes of Excellence Transplant facilities in Florida as follows:

Please refer to Tab VII of our proposal response for a complete National listing of our Institutes of Excellence facilities.

6.4 Addendum Acknowledgment

If any addendums are issued, the Proposer must acknowledge compliance with the addendum by submitting a signed copy of the addendum in this section. This form (Attachment 7) will be issued as part of the addendum process, if any addendums are issued. Proposer may also acknowledge the addendums on the Bid/Proposal Signature Page attached to this RFP. If no addendums are issued, this section only needs to be acknowledged as “none received.” Label this Response to Section 6.4 and include in Tab VII of the proposal.

Please note an Addendum was issued but an Addendum Form was not included with the additional documents. We acknowledge receipt of Addendum 1 here as well in our Proposal Certification (Attachment 7) in Tab VIII.

6.5 Public Entity Crimes

NOTE: Proposer, by submitting a proposal attests they have not been placed on the convicted vendor list.

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit proposals on leases of real property to a public entity, may not be awarded or perform work as a Contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for Category Two for a period of 36 months from the date of being placed on the convicted vendor list.

The Proposer must disclose if the company has been placed on the convicted vendor list. Label this Response to Section 6.5 and include in Tab VII of the proposal.

Not Applicable.

¿Necesita un médico o especialista?
Utilice el directorio en Internet DocFind[®].
Usted puede buscar médicos por nombre,
especialidad y ubicación. También encontrará
mapas, direcciones y mucho más. Incluso
puede buscar a médicos que hablen su idioma.
Consulte DocFind[®] en **www.aetna.com**.

Participating Hospitals

For transplants and transplant-related services, please refer to the Institutes of Excellence Transplant Facilities section of this directory. Facilities are only considered participating for transplants if listed in that section of the directory.

You may also refer to the Institutes of Quality section of this directory for a listing of hospitals and facilities that specialize in cardiac (heart), orthopedic (joints and spine), and bariatric (weight loss) procedures.

To review patient safety results for hospitals in your area, members should go to <http://www.leapfroggroup.org> and click on Compare Hospitals Now. If you do not have Internet access or if you desire the comfort of a human voice, please contact Member Services at the toll-free number listed on your ID card; Monday through Friday from 8 a.m. to 6 p.m., local time. Any member who visits Aetna's website at www.aetna.com can link to our DocFind® Online Provider Directory and then to the Leapfrog Group. The Leapfrog Group is a group of Fortune 500 companies and other large private and public health care purchasers that work together to advocate specific patient safety practices. Visit the Leapfrog Group website for more information.

For transplants and transplant-related services, please refer to the Institutes of Excellence Transplant Facilities section of this directory. Facilities are only considered participating for transplants if listed in that section of the directory.

You may also refer to the Institutes of Quality section of this directory for a listing of hospitals and facilities that specialize in cardiac (heart), orthopedic (joints and spine), and bariatric **OAM #16-9901** procedures.

Participating Hospitals

To review patient safety results for hospitals in your area, members should go to <http://www.leapfroggroup.org> and click on Compare Hospitals Now. If you do not have Internet access or if you desire the comfort of a human voice, please contact Member Services at the toll-free number listed on your ID card; Monday through Friday from 8 a.m. to 6 p.m., local time. Any member who visits Aetna's website at www.aetna.com can link to our DocFind® Online Provider Directory and then to the Leapfrog Group. The Leapfrog Group is a group of Fortune 500 companies and other large private and public health care purchasers that work together to advocate specific patient safety practices. Visit the Leapfrog Group website for more information.

For transplants and transplant-related services, please refer to the Institutes of Excellence Transplant Facilities section of this directory. Facilities are only considered participating for transplants if listed in that section of the directory.

You may also refer to the Institutes of Quality section of this directory for a listing of hospitals and facilities that specialize in cardiac (heart), orthopedic (joints and spine), and bariatric (weight loss) procedures.

To review patient safety results for hospitals in your area, members should go to <http://www.leapfroggroup.org> and click on **Compare Hospitals Now**. If you do not have Internet access or if you desire the comfort of a human voice, please contact Member Services at the toll-free number listed on your ID card; Monday through Friday from 8 a.m. to 6 p.m., local time. Any member who visits Aetna's website at www.aetna.com can link to our DocFind® Online Provider Directory and then to the Leapfrog Group. The Leapfrog Group is a group of Fortune 500 companies and other large private and public health care purchasers that work together to advocate specific patient safety practices. Visit the Leapfrog Group website for more information.

Participating Hospitals

To review patient safety results for hospitals in your area, members should go to <http://www.leapfroggroup.org> and click on Compare Hospitals Now. If you do not have Internet access or if you desire the comfort of a human voice, please contact Member Services at the toll-free number listed on your ID card; Monday through Friday from 8 a.m. to 6 p.m., local time. Any member who visits Aetna's website at www.aetna.com can link to our DocFind® Online Provider Directory and then to the Leapfrog Group. The Leapfrog Group is a group of Fortune 500 companies and other large private and public health care purchasers that work together to advocate specific patient safety practices. Visit the Leapfrog Group website for more information.

For transplants and transplant-related services, please refer to the Institutes of Excellence Transplant Facilities section of this directory. Facilities are only considered participating for transplants if listed in that section of the directory.

You may also refer to the Institutes of Quality section of this directory for a listing of hospitals and facilities that specialize in cardiac (heart), orthopedic (joints and spine), and bariatric (weight loss) procedures.

Institutes of Excellence Transplant Facilities

The Aetna National Medical Excellence Program coordinates care and provides access to covered transplant treatment through the national Institutes of Excellence™ network. We have selected hospitals that have met extensive quality, as well as cost-effectiveness criteria to participate in our Institutes of Excellence Transplant Facilities for solid organ transplants and bone marrow transplants. These facilities have been contracted on a transplant-specific basis and facilities are considered participating only for the transplant type listed in this directory.

To be considered in network for coverage for transplant-related services, including evaluation, transplant, and follow-up care, you must utilize an Institutes of Excellence participating facility that has been specifically contracted by Aetna for your transplant type. Services must be preauthorized with Aetna for coverage to be effective. Any facility that is not specified as an Institutes of Excellence network facility is considered nonparticipating or nonpreferred for transplant-related services, even if they are considered participating for other types of services.

Institutes of Excellence Pediatric Congenital Heart Surgery Facilities

Hospitals that have met enhanced quality review criteria have been selected by Aetna to participate in our Institutes of Excellence network for pediatric congenital heart surgery services. Aetna requires that these services be preauthorized. The listed facilities have premier pediatric congenital heart surgery programs but you may access any Aetna participating pediatric congenital heart surgery provider in order to receive any applicable preferred level of benefits. Refer to your plan of benefits for details.

Facilities are listed in this section of the directory by state.

Institutes of Excellence Infertility Services

We designate clinics to participate in our Institutes of Excellence™ Infertility Services that have met enhanced quality, safety and economic criteria. Designated IOE clinics have demonstrated success in infertility care, a commitment to continuous improvement and represent an exceptional value for our members. Refer to your benefits plan for details on coverage. Preauthorization may be required for coverage to be effective.

Member education materials are available at www.aetnainfertilitycare.com and www.womenshealth.aetna.com.

Members and providers can reach our dedicated Infertility Unit at **1-800-575-5999**.

Nationally Contracted Walk-In Clinics

This section contains a list of all nationally contracted walk-in clinics. Each nationally contracted walk-in clinic is staffed with nurse practitioners and/or physician's assistants as well as a physician on call during all hours of operation. Walk-in clinics are designed to treat ailments such as strep throat, pink eye, and seasonal allergies and may also offer a limited list of vaccines such as tetanus, hepatitis and pneumonia. Walk-in clinics are not designed to be an alternative for primary care providers. Walk-in clinics offer a quick alternative for common ailments with no appointment necessary.

Occasionally, a patient shows symptoms that are not within the walk-in clinic's treatment guidelines. In that case, nurse practitioners and physician assistants are qualified to screen and refer patients to the appropriate health care provider at no charge to the member.

Members who access care at walk-in clinic sites do not require a referral from their primary care physician.

Institutes of Quality[®]

Quality care made simple.

Sometimes surgery is the best choice for your health. But all surgery carries some level of risk, so it's important to look for facilities known for quality care. We've simplified the process.

As a member, you have a special network of hospitals and other facilities that specialize in certain procedures:

- Cardiac (for the heart)
- Orthopedic (for the joints and spine)
- Bariatric (for weight loss)

We call these facilities our Institutes of Quality (IOQ for short). Facilities earn IOQ status for having high volumes and producing clear clinical results in their area of specialty. This delivers value and quality to members, so you can get back to living your life.

IOQ requirements were created by working with experts on these health conditions. You can review these requirements at:

http://www.aetna.com/provider/medical/resource_med/business_med/institutes.html

Special Notes

You may need preauthorization for these services. Please see our Clinical Policy Bulletins located at http://www.aetna.com/healthcare-professionals/policies-guidelines/clinical_policy_bulletins.html

Not all Institutes of Quality services are covered by all health plans. And some Institutes do not have doctors who contract with Aetna. You may have to pay extra if you use a center that does not have doctors who contract with Aetna. Call the number on your ID card to find out.
