

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee R. Feldman, ICMA-CM, City Manager

**DATE:** September 3, 2014

**TITLE:** Motion to approve Task Order No. 9 with T.Y. Lin International to develop  
a mobility neighborhood master plan in the amount of \$78,862

---

**Recommendation**

It is recommended that the City Commission approve Task Order No. 9 with T.Y. Lin International in the amount of \$78,862 to develop a mobility neighborhood master plan for the Lake Ridge neighborhood.

**Background**

On August 23, 2011 (CAR 11-1131), the City Commission approved a contract for Traffic and Transportation Engineering Consultant Services with T.Y. Lin International. The first extension to the contract was approved May 7, 2013 and the second extension was approved July 1, 2014.

Transportation and Mobility staff has been working with the Lake Ridge Neighborhood Association to understand concerns regarding traffic, pedestrian and bicycle safety in the neighborhood. The development of a comprehensive mobility neighborhood master plan is necessary to come up with strategies to calm traffic within the community and to make it safer for all modes of travel to move in and around the neighborhood.

The scope of work includes outreach with the community, data collection and analysis, and development of a master plan with short-term, mid-term and long-term recommendations. The intent of the plan is to provide a comprehensive blueprint for future improvements to take advantage of available funding opportunities.

## **Resource Impact**

There is an estimated fiscal impact to the City in the amount of \$78,862.
