

# Housing Study Pan American Estates Mobile Home Park

150 NW 68th St, Fort Lauderdale, FL 33309

November 18<sup>th</sup>, 2023

## Housing Study

A Housing Study is required to comply with Florida Statutes Title § 723.083. The statute concerns Governmental action affecting the removal of mobile homeowners and states, "No agency of municipal, local, county, or state government shall approve any application for rezoning, land use change, or take any other official action, which would result in the removal or relocation of mobile homeowners residing in a mobile home park without first determining that adequate mobile home parks or other suitable facilities exist for the relocation of the mobile homeowners."

## PAN AMERICAN ESTATES MOBILE HOME PARK

### Introduction

The Urban Group, Inc. is a South Florida Public Sector Real Estate Consulting firm that specializes in the closure of mobile home parks, ensuring that the process, and our clients, strictly adhere to Chapter 513, Mobile Home and Recreational Vehicle Parks, Chapter 723, Florida Statutes, also known as the "Florida Mobile Home Act," and Chapters 61B-29 through 32 and 35, Florida Administrative Code, as well as CDMP-HO7E for Miami-Dade County.

The Urban Group (TUG) has specialized in managing the operations of and closure of mobile home parks and preparing housing studies in compliance with the statute for over 30 years. This is in addition to our real estate acquisition, property management, relocation, and real estate brokerage services.

Cypress Development, LLC has contracted TUG to prepare a Housing Study in compliance with Florida Statutes Title § 723.083. The statute concerns Governmental action affecting the removal of mobile homeowners and states, "No agency of municipal, local, county, or state government shall approve any application for rezoning, or take any other official action, which would result in the removal or relocation of mobile homeowners residing in a mobile home park without first determining that adequate mobile home parks or other suitable facilities exist for the relocation of the mobile homeowners."

Pan American Estates Mobile Home Park (PAN AM MHP) is an all-ages Mobile Home Park (MHP) consisting of 239 Mobile Home Lease Lots. This is according to data from the Florida Department of Health, the Broward County Property Appraiser website, and an analysis of the data aggregated yearly by DATACOMP on MHPs in Broward County, Florida.

There are currently 35 vacancies, with 204 occupied mobile home units at an 85% occupancy rate. The property consists of two parcels. Parcel #1 will be referred to as Folio Number: 494203000541, and Parcel #2 as Folio Number: 494210000040. Parcel #1 is situated on a total of 70,385 square feet. Parcel #2 is located on a total of 991,359 square feet. The park's total size is 1,061,744 square feet or 24.37 acres. Parcel #1 is separated from Parcel #2 by McNab Road to the North and accounts for a small handful of mobile homes in the park.

PAN AM MHP comprises 184 single and 20 double-wide units with two- and three-bedroom units. The residents currently pay \$775.00 monthly in lot rent, which includes trash at \$46.00 and lawn care at \$18.00 per month. All homeowners are responsible for paying their own electric, water, cable, and all other utility payments.

---

## Executive Summary

***The Urban Group used data from several sources for this Broward County, Florida, Housing Study. The data was collected from November 4th to November 16th, 2023; all references are cited below. The study found an adequate supply of suitable replacement housing available for the displaced residents of PAN AM MHP.***

---

Excluding SFH & Mobile Home searches conducted for this report, we restricted our search to a maximum monthly rent of \$2,000 per month. Our researchers did this to identify suitable replacement housing for the displaced residents of PAN AM MHP. We based the maximum rent of \$2,000 per month on our analysis and understanding of the local rental housing market and our extensive relocation experience in Broward County. We then weighed all these factors against the demographic data we compiled from the census tract for PAN AM MHP.

Based on this study's findings, there is an adequate supply of suitable replacement housing available for all 204 PAN AM MHP displaced residents to secure replacement housing. The pertinent results are summarized below:

- A search of the MLS in Broward County, Florida, identified seventy-four (74) single-family homes for rent between \$1,050 and \$2,500 per month. We identified twenty-seven (27) 1-bedroom, thirty-three (33) 2-bedrooms, and fourteen (14) 3+ bedrooms available.
- A search of the MLS in Broward County, Florida, showed Eight Hundred Ninety-Eight (898) 1, 2, and 3+ bedroom apartment units currently available for rent between \$1,000 to \$2,000 per month. This includes five hundred seventy-five (575) 1-bedroom units, three hundred and seventeen (317) 2-bedroom units, and six (6) 3-bedroom units.
- Research outside the MLS showed thirty-eight (38) SFHs currently available for rent in Broward County, Florida, between \$1 and \$2,500 per month. We identified four (4) 1-bedroom SFHs, twenty-eight (28) 2-bedroom units, and six (6) 3-4-bedroom units.
- A search of the MLS in Broward County returned five (5) mobile homes offered for rent in Broward County, Florida, between \$1,800 to \$2,600. There were three (3) 2br/2bth units, one (1) 2br/1bth unit, and one (1) 4br/2bth mobile home unit available for rent.
- Research outside the MLS, for all other available property types for rent, excluding SFHs and Mobile Homes, identified one thousand three hundred sixty (1,360) units available for rent in Broward County, Florida, between \$1 and \$2,000 monthly. This included nine hundred one (901) 1-bedroom units, four hundred twenty-five (425) 2-bedroom units, and thirty-four (34) 3-4-bedroom units.
- In Broward County, Florida, we identified twenty-three (23) additional mobile home units for sale under \$65,000. This included nineteen (19) Two (2) bedroom units and Four (4) 3+ bedroom units.

---

*"Providing integrity and accountability in private and public sector real estate since 1984"*

---

### Purpose of the Study

The Urban Group prepared this study to identify vacant mobile homes, recreational vehicle lease lots, and other conventional replacement housing opportunities to relocate the displaced residents from PAN AM MHP. The information compiled for this report demonstrates housing opportunities for residents moving out of PAN AM MHP in Broward County, Florida.

This report is not an exhaustive study of available mobile home lease lots or other housing resources and does not consider household composition or income. This is because personal household surveys or direct interviews could not be conducted. Information collected on rental and sales prices was presumed to be prevailing market prices when the data was collected. Furthermore, the data collected is deemed to be accurate and valid.

Manufactured and conventional housing inside Florida markets are subject to constantly changing market conditions. Therefore, the information collected for the report represents data obtained in a specific period and is considered current but represents a limited study of the general Broward County housing market.

The study identifies housing resources at mobile home parks, recreation vehicle parks, subsidized rental apartment projects, and single-ownership housing units for sale or rent. Homes for sale include mobile homes, recreational, vehicles, single-family, duplex, multi-family, townhouse, villa, cooperative, and condominium ownership. In addition, the Urban Group's researchers considered age-restricted housing (over 55 years of age) and all-age mobile home and recreational vehicle park housing opportunities for this study.

### **Study Resources**

The Urban Group researched available mobile home lease lots and identified other housing opportunities, including conventional housing units for rent and sale. The following information sources were used for this study:

- DATACOMP JLT Market Report for Broward County, FL, May 2023 - <https://reports.datacompusa.com/pages/market-reports>
- Miami Association of Realtors - Multiple Listing Services (MLS); Broward County, FL
- Florida Housing Data Clearinghouse, Shimberg Center for Affordable Housing, University of Florida.
- Popular websites listing mobile homes and recreational vehicles for sale and rent throughout the country are [www.mhvillage.com](http://www.mhvillage.com), [www.realtor.com](http://www.realtor.com), [www.rvtrader.com](http://www.rvtrader.com), and [www.zillow.com](http://www.zillow.com).
- Other websites listing all housing units for sale and rent include [www.apartments.com](http://www.apartments.com), [www.rent.com](http://www.rent.com), and [www.craigslist.com](http://www.craigslist.com).

---

## Elements of the Report

The Miami Association of Realtors' Multiple Listing Service (MLS) catalogs privately owned properties for sale and rent in Broward County, Florida. TUG Research staff searched *The Multiple Listing Service for Broward County* for manufactured and conventional rental housing, including single-family apartments, condominiums, duplexes, tri-plexes, four-plexes, apartments, co-ops, etc. Researchers also searched the classified sections on rent.com and other local sites for one-bedroom to 3+ bedroom units with rents under \$2,000 per month for this study. Although many more rentals are available with rents greater than \$2,000 per month, sufficient rental units are available below that amount.

The website [www.mhvillage.com](http://www.mhvillage.com) lists mobile homes for sale and rent and mobile home communities nationwide. Our research revealed numerous mobile homes for sale and rent throughout Broward County, Florida. The websites [www.realtor.com](http://www.realtor.com), and [www.zillow.com](http://www.zillow.com), also include listings of mobile homes for sale and rent. The Urban Group also searched The Florida Housing Data Clearinghouse for subsidized rental housing opportunities in Broward County. This data resource is maintained by the "Shimberg Center for Affordable Housing" at the University of Florida.

Though not documented in this report, housing for rent and for sale by owners not advertised in newspapers or on the Internet is another source of housing. Neighborhood drive-by surveys or local social media networks are the best means to identify these housing opportunities. This can be an effective method for locating mobile homes for sale or rent.

### Mobile Home Community Re-establishment Restrictions

Though industry-wide standards exist for mobile home re-establishment, some communities with park-based mobile home retail dealerships may require prospective residents to purchase a new or used home from the on-site dealer. Other Park owners have self-imposed reinstallation criteria. For example, some parks require newer homes, have size restrictions, and may require additional accessory structures to be added to the mobile home. Because standards vary with each park, mobile homeowners must ensure their mobile home meets the park's criteria before contracting to move an existing mobile home into another park.

### Conventional Housing for Rent

This report examined various rental housing sources, including the Miami Board of Realtors' Multiple Listing Service for Broward County and several housing websites such as Zillow.com, realtor.com, rent.com, apartments.com, mhvillage.com. All are accepted resources for rental housing. In addition to those rentals listed in this report, there are also undocumented sources of residential units for rent "by owner." This housing source is difficult to quantify because some property owners don't advertise their rental units.

However, many "by owner" housing units are visible at <https://www.byowner.com/> or drive-by searches of neighborhoods and mobile home parks. Researchers looked at two and 3+ bedroom units for rent in multiple housing resources. The research encompassed single-family, duplex, triplex, townhouse, condominium, and small and large apartment rentals.

### **Radius Used & Scope of Study Regarding Available Housing**

As per Florida Statute 723 (723.0612)

#### ***723.0612 Change in use; relocation expenses; payments by park owner. –***

***1. If a mobile homeowner is required to move due to a change in use of the land comprising the mobile home park as set forth in s. 723.061(1)(d) and complies with the requirements of this section, the mobile homeowner is entitled to payment from the Florida Mobile Home Relocation Corporation of:***

- (a) The amount of actual moving expenses of relocating the mobile home to a new location within a 50-mile radius of the vacated park***
- (b) The amount of \$3,000 for a single-section mobile home or \$6,000 for a multi-section mobile home, whichever is less. Moving expenses include the cost of taking down, moving, and setting up the mobile home in a new location.***

In lieu of collecting payment from the Florida Mobile Home Relocation Corporation as set forth in subsection), a mobile home owner may abandon the mobile home in the mobile home park and collect \$1,375 for a single section and \$2,750 for a multi-section from the corporation as long as the mobile home owner delivers to the park owner the current title to the mobile home duly endorsed by the owner of record and valid releases of all liens shown on the title.

If a mobile homeowner chooses this option, the park owner shall make payment to the corporation in an amount equal to the amount the mobile homeowner is entitled to under this subsection. The mobile homeowner's application for funds under this subsection shall require the submission of a document signed by the park owner stating that the home has been abandoned under this subsection and that the park owner agrees to make payment to the corporation in the amount provided to the homeowner under this subsection. However, in the event that the required documents are not submitted with the application, the corporation may consider the facts and circumstances surrounding the abandonment of the home to determine whether the mobile homeowner is entitled to payment pursuant to this subsection. The mobile homeowner is not entitled to any compensation under this subsection if there is a pending eviction action for nonpayment of lot rental amount pursuant to s. 723.061(1)(a) which was filed against him or her prior to the mailing date of the notice of change in the use of the mobile home park given pursuant to s. 723.061(1)(d).

Also, as per Florida Statute 723.083

**723.083 Governmental action affecting removal of mobile homeowners.** —No agency of municipal, local, county, or state government shall approve any application for rezoning, or take any other official action, which would result in the removal or relocation of mobile homeowners residing in a mobile home park without first determining that adequate mobile home parks or other suitable facilities exist for the relocation of the mobile home owners.

#### Aerial View of PAN AM MHP

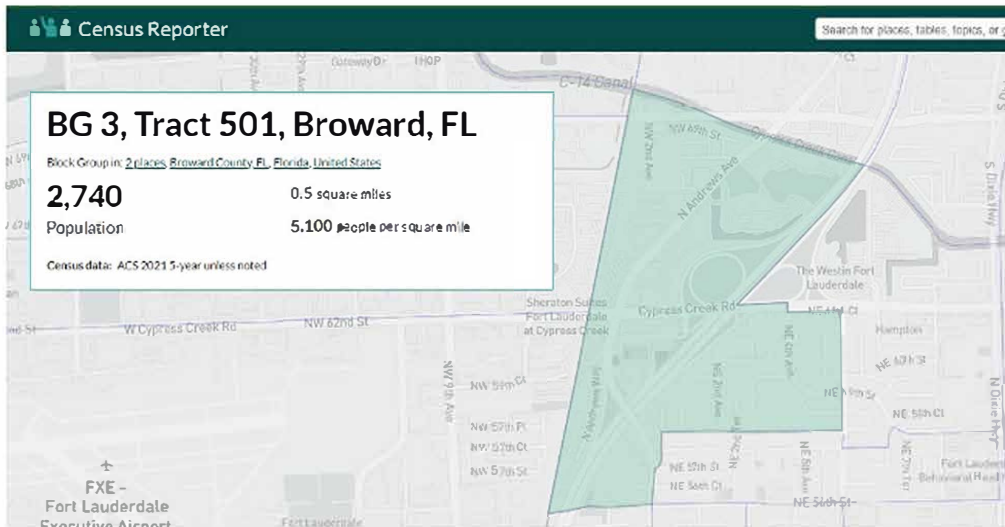

While aspects of this Housing Study will focus on affordability, affordability is not a statutory requirement. The statute clearly states that the study must show an adequate housing supply, including mobile home parks or other suitable facilities (apartments, townhomes, villas, condominiums, single-family homes, duplexes, etc.) for relocating displaced mobile homeowners. This study researched replacement mobile home lease lots and all other housing types for lease and sale in Broward County, Florida. The term mobile home, used in this report, includes manufactured homes and recreational vehicles used as residences as defined in the Code of Federal Regulations Title 49 - Transportation (Appendix A, 24.2(a)(17)).

While park management did provide current rent rolls, TUG has not been granted access to the residents of PAN AM MHP to conduct personal/family interviews to determine demographics, income levels, family makeup, etc. In the absence of resident interviews, for this report, TUG analyzed demographic data, from various online sources, based on zip code and census tract to extract information regarding demographics, household income, household size, etc., to impute and utilize the most accurate data available.

*"Providing integrity and accountability in private and public sector real estate since 1984"*

As a result of the land use change, all 204 residents of PAN AM MHP will be displaced; therefore, a need to identify suitable replacement housing exists under the statute. Based on census tract information obtained online, for this study, TUG assumes all mobile homes in PAN AM MHP consist of 2 to 4-person households. Therefore, we will focus on 2 to 3+ bedroom units as replacement housing for the displaced residents of PAN AM MHP. We also analyzed the availability of 1-bedroom units in Broward County, Florida, recognizing that in the absence of personal/family interviews, some of the residents of PAN AM MHP may be able to find adequate replacement housing for smaller households.

For this housing study, based on online demographic information, we will consider all PAN AM MHP residents as "Very-Low Income households." This means their annual household incomes were 45% to 50% of the Area's Median Income. According to the United States Department of Housing and Urban Development, the Median Household income for Broward County, FL, in 2023 was \$88,500.

Note: The general hold harmless provisions of IRC Section 142(d)(2)(E) mean that projects with articles of incorporation placed in service on or before the end of the 45-day transition period for newly-released limits use which ever limits are greater, the current year limits or the limits in use the preceding year.

<https://www.floridahousing.org/owners-and-managers/compliance/income-limits>

Source: <https://www.floridahousing.org/owners-and-managers/compliance/income-limits>

When we analyze the AMI for the census tract of our subject property, PAN AM MHP, we can see that the households in this census tract are 45% of AMI for Broward County, Florida.

"Providing integrity and accountability in private and public sector real estate since 1984"

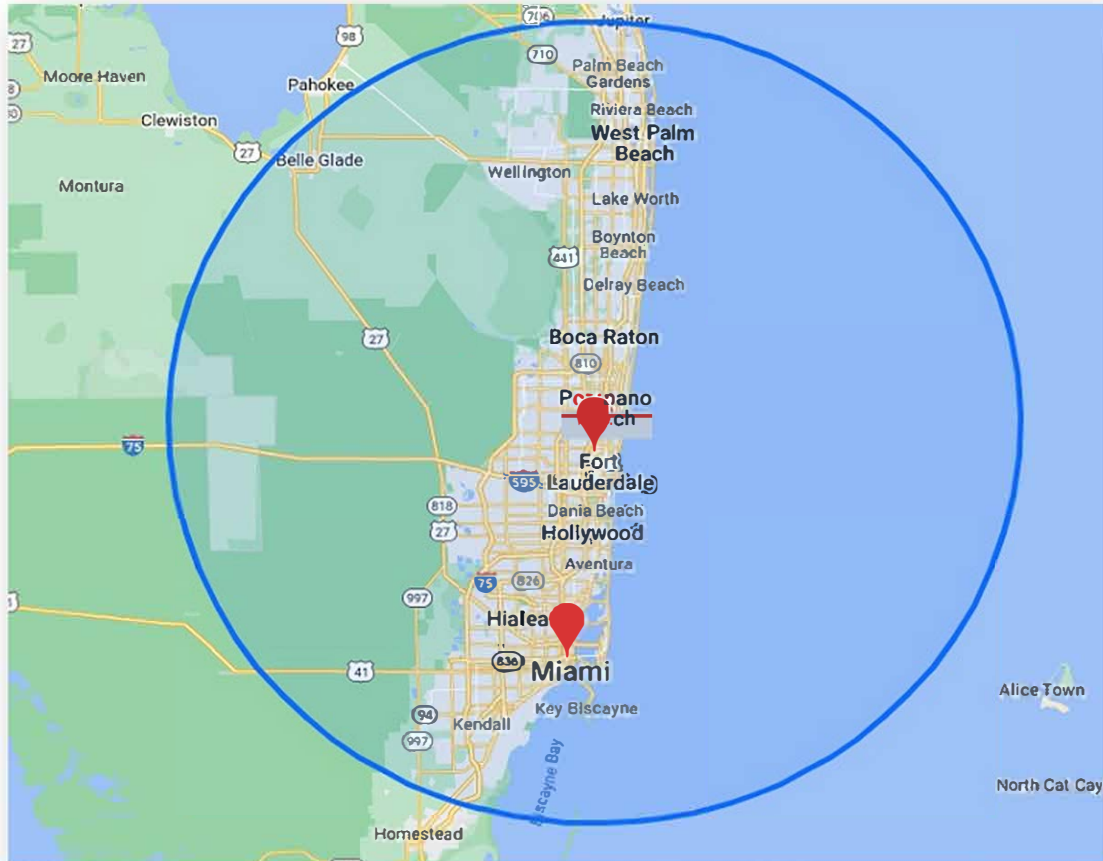

Mobile home parks and recreational vehicle parks have attracted low-income residents and part-time occupants. In Broward County, these property types are under immense pressure for redevelopment due to increasing land values and the scarcity of developable land.

Recently, many parks have gradually declined and closed, replaced by conventional housing or commercial development. Many homes in these parks typically show severe signs of aging and extensive deterioration. The vast majority do not meet the current zoning and building code requirements to be accepted into other area parks, making relocating these mobile homes nearly impossible due to age and condition.

Our initial general assessment of the units in PAN AM MHP, as of November 7<sup>th</sup>, 2023, is that many, if not most, of the units in the park will fall into this category of mobile homes that cannot be relocated/moved due to their age, condition, year of manufacture, etc.

The statute covers a portion of the costs for any mobile homeowner who can relocate their home to another home park within a 50-mile radius of their unit's current location. If relocating a single-wide trailer within a 50-mile radius, the statute will cover up to \$3,000 of the cost to relocate the trailer to another mobile home park. If relocating a double-wide trailer within a 50-mile radius, the statute will cover up to \$6,000 of the cost to relocate the trailer to another mobile home park.

### 50-Mile Radius of PAN AM MHP

In the past six months, TUG has completed Housing Studies in both Miami-Dade and Palm Beach County for other mobile home parks that are closing and are in the process of going through land use changes, and the analysis of both those reports identified zero (0) mobile home lease lots currently available for relocation. Another study of available mobile home lease lots for the displaced mobile homeowners of PAN AM MHP, performed on November 14<sup>th</sup>, 2023, identified zero (0) vacant mobile home lease lots available for relocation within a 50-mile radius of PAN AM MHP. While the mobile homeowners of PAN AM MHP can undoubtedly look for alternative mobile home parks to relocate their trailers outside of this 50-mile radius, the statute will only provide for costs related to the first 50 miles.

*"Providing integrity and accountability in private and public sector real estate since 1984"*

## Available Property for Rent (MLS)

In identifying Single Family Homes (SFH) for rent, we restricted our search to SFHs available for rent between \$1 and \$2,500 per month. The maximum monthly rental amount of \$2,500 was imputed for our research into available SFHs for rent because we understand where the current bottom line entry point for two and 3+ bedroom SFHs is in the current rental market for Broward County, Florida, as the data will show.

Excluding SFH & Mobile Home searches conducted for this report, we restricted our search regarding maximum monthly rent to between \$1 and \$2,000 per month when searching for all other conventional real estate types. Our researchers did this to identify suitable replacement housing for the displaced residents of PAN AM MHP. We based the maximum rent of \$2,000 per month on our analysis and understanding of the local rental housing market and our extensive experience in Broward County. We then weighed all these factors against the demographic data we compiled for the census tract for PAN AM MHP.

### Single Family Homes for Rent (MLS)

A search of the MLS in Broward County, Florida, identified seventy-four (74) single-family homes for rent between \$1 and \$2,500 per month. As illustrated in Table #1 below, we identified twenty-seven (27) 1-bedroom SFHs with monthly rents ranging from \$1,050 to \$1,950. Thirty-three (33) 2-bedroom SFHs are currently available, with monthly rents ranging from \$2,000 to \$2,500. Fourteen (14) 3+ bedroom SFHs are available, with monthly rents ranging from \$2,350 to \$2,500.

Table #1  
Single Family Homes for Rent (In MLS)

Broward County	Total Units Available	Monthly Rent Range
1 Bedroom	27	\$ 1,050 - \$1,950
2 Bedrooms	33	\$ 2,000 - \$2,500
3+ Bedrooms	14	\$ 1,050 - \$1,950

**Available Property for Sale (In MLS)**

Assuming at least some of the residents of PAN AM MHP should be able to purchase a single-family home or condo, it is prudent for us to determine a maximum purchase price for the average household currently residing in PAN AM MHP.

With an average household income of \$39,648, utilizing a \$5,000 down payment, imputing 6% on a 30-year FHA mortgage, and assuming \$4,500/year for property taxes and \$2,000/year for property insurance, we can attribute an average maximum purchase price of about \$60,356. For this report concerning property for sale, we only analyzed properties currently offered for sale in Broward County, Florida, under \$65,000.

**Mobile Homes for Sale**

Research of the MLS shows zero (0) mobile homes currently listed for sale in Broward County, Florida, under \$65,000.

### **Single Family Homes for Sale**

Research of the MLS shows zero (0) single-family homes currently listed for sale in Broward County, Florida, under \$65,000.

### **Condo, CO-OP, Villa, Townhouse for Sale**

Research of the MLS shows there are currently zero (0) condos, Coop's, townhouses, or villas currently listed for sale in Broward County, Florida, under \$65,000.

### **Available Property for Sale (Outside MLS)**

#### **Mobile Homes For Sale Outside MLS**

In Broward County, Florida, we identified twenty-three (23) additional mobile home units for sale, shown below in table #5. There are nineteen (19) two (2) bedroom units under \$65,000, and there are four (4) units currently listed for sale under \$65,000 in Broward County, Florida.

SOURCE: <https://www.mhvillaage.com.esaltor.com>

Broward County	Total Units Available	For Sale <\$65,000
1 Bedroom	0	0
2 Bedrooms	19	< \$65,000
3+ Bedrooms	4	< \$65,000
<b>Totals</b>	<b>23</b>	<b>&lt; \$65,000</b>

### **Single Family Homes for Sale (Outside MLS)**

Research outside the MLS shows that zero (0) Single Family Homes are listed for sale in Broward County, Florida, under \$65,000.

### **Condo, CO-OP, Villa, Townhouse (In MLS)**

Research outside the MLS shows there are currently zero (0) condos, Coop's, townhouses, or villas listed for sale in Broward County, Florida, under \$65,000.

The survey was conducted of mobile home communities in Broward County, Florida, for both 55+ and all ages mobile home communities. Research shows 22 parks in Broward County, Florida, registered as 55+, and 25 mobile home parks in Broward County, Florida, registered as all-ages parks. There are 5,183, 55+ units, and 6,083 all-ages units for 11,266 mobile home sites. The most recent reporting shows 11,040 currently occupied for a 98% occupancy rate in Broward County, Florida. The average lot rent is \$856 for 55+ communities and \$886 for all-age communities for mobile home lease lots in Broward County, Florida.

**Broward County, Florida  
JLT Market Report - May 2023**

**Summary**

Type	# of Communities	# of Homesites	Occ*	% Occ	Average # of Homesites	Average Market Rent**

The Urban Group utilizes various online resources to identify available housing listed for sale but not on the MLS. Some of these resources include but are not limited to [www.mhvillage.com](http://www.mhvillage.com), [www.zillow.com](http://www.zillow.com), [www.realtor.com](http://www.realtor.com), [www.apartments.com](http://www.apartments.com), [www.craigslist.com](http://www.craigslist.com), [www.trulia.com](http://www.trulia.com), [www.rent.com](http://www.rent.com), <http://www.shimberg.ufl.edu/>, DATACOMP JTL Report for Broward County May 2023 <https://reports.datacompusa.com/pages/market-reports>, and all other reputable online resources for locating available property for sale outside the MLS.

**Conclusion**

This report's objective was to identify available mobile home lots for lease or purchase, mobile homes for rent or purchase, and all other suitable replacement housing to accommodate the relocation of the displaced mobile homeowners moving from PAN AM MHP in Broward County, Florida. The study identified vacant lease lots, mobile homes for rent and sale, and conventional housing for rent and sale. The search area covers Broward County, Florida.

The report's findings demonstrate an adequate supply of suitable replacement housing for relocating the displaced mobile homeowners at PAN AM MHP. In addition, The Urban Group provides displaced homeowners and tenants with a Housing Resource Guide to assist residents with further housing options and resources.

**DCF/Access**

[www.floridahousingsearch.org](http://www.floridahousingsearch.org)

**Florida Housing Locator Services** provides a web-based housing locator service linking people with affordable and available rental housing throughout Florida. [FloridaHousingSearch.org](http://FloridaHousingSearch.org) allows landlords, including providers of critically needed affordable and special needs housing, to advertise their properties FREE of charge, while helping renters to find a property and that fits their needs, including accessibility. Through a partnership with the Florida Department of Elder Affairs, FloridaHousingSearch.org also includes a separate search engine for locating assisted living facilities and adult family care homes.

The public can also search for properties with AVAILABLE units by contacting the toll-free, bilingual search support call center at **1.877.428.8844** (TTD/TTY: 7-1-1) Monday through Friday, 9 a.m. to 8 p.m. EST. The call center staff assists persons with conducting searches, as well as providing affordable housing resources information and referral services. The Web site and call-center serves English and Spanish speaking persons.
