In response to Commissioner Glassman's question, City Clerk Modarelli said DDA nominations are vetted by John Milledge, Esq., DDA Counsel.

Mayor Trantalis opened the public hearing.

Mayor Trantalis provided an overview of this Agenda item that is a Commission Member Call-Up Agenda item that resulted in De Novo Hearing approval for the 808 SE 4th Residences Site Plan Level 3 Application (Site Plan).

Mayor Trantalis recognized Stephanie Toothaker, Esq., 901 Ponce de Leon Drive, on behalf of the Applicant. Ms. Toothaker introduced her team members in attendance. She narrated a presentation illustrating details of the Site Plan Application.

A copy has been made part of the backup to this Agenda item.

In response to Commissioner Glassman's question regarding the calculation of Site Plan units, Ms. Toothaker explained it was a calculation error and noted the correct number of units in the podium is

six (6).

Ms. Toothaker discussed Site Plan approval requirements, which the Applicant met and explained related details included in the Staff Report, Staff testimony and Planning and Zoning Board's (P&Z Board) approval.

Ms. Toothaker discussed the history related to the Site Plan beginning with the Applicant's purchase of the parcel in September of 2016 and Staff's work in 2019 to draft Code amendments codifying the Downtown Master Plan (DMP), which included transition zones. The Applicant submitted this application to the Development Review Committee (DRC) in June 2019 based upon the existing Code. The Site Plan was submitted before codification of the DMP and is subject to the Unified Land Development Regulations (ULDR) in the Downtown Regional Activity Center (RAC). Development applications received and pending review on or before November 5th of 2020, the date the Commission adopted the DMP, may be amended and modified through provisions of the ULDR in effect when the Applicant submitted the approved application. The Site Plan is located near the downtown in the DMP transition zone.

Ms. Toothaker commented on neighborhood compatibility, which considers other factors. She noted transition zones decisions were associated with guiding master plans.

Ms. Toothaker explained details regarding the parcel's land use is in the Downtown Regional Activity Center (RAC), intended for more intense development and discussed zoning and permitted uses. She expounded on details of surrounding and adjacent properties illustrated in the slide presentation.

Mayor Trantalis commented that slide depictions of the area do not include single-family homes and two (2) story dwellings lining the street. Ms. Toothaker explained they are not adjacent to the Project. Further comment ensued.

Ms. Toothaker remarked on other prior projects considered by the Applicant for the parcel and detailed the proposed Site Plan.

Ms. Toothaker explained the project is not located within the Colee Hammock Neighborhood or the Beverly Heights Neighborhood and remarked on noted letters of support presented at a previous Commission Regular Meeting.

Mayor Trantalis recognized Ellyn Bogdanoff, Esq., Becker & Poliakoff,

PA, 1 E. Broward Boulevard, on behalf of SE 4th Street residents. Ms. Bogdanoff narrated a slide presentation outlining the position of residents opposing the Site Plan.

A copy has been made part of the backup to this Agenda item.

Ms. Bogdanoff remarked that dimensional aspects of the Code do not have the foresight to define neighborhood compatibility. Neighborhood compatibility is a different aspect that needs to be considered. She remarked on the Site Plan's setbacks, its proximity to adjacent buildings, aspects of structures in surrounding communities and said the area is a unique part of the community that should be maintained. Though the Applicant met dimensional requirements, the Site Plan is not compatible with the neighborhood. Ms. Bogdanoff reviewed factors illustrating the Project's incompatibility with the neighborhood.

Ms. Bogdanoff reviewed documentation indicating the site is in the Colee Hammock Neighborhood and provided details for considering neighborhood compatibility. She further discussed that the Site Plan does not preserve the historic character of the Colee Hammock Neighborhood, and residents were not aware that in August 2017 maps were redrawn resulting in this area of SE 4th Street being carved out of the Colee Hammock Neighborhood.

Ms. Bogdanoff remarked on comments at the P&Z Board Meeting regarding neighborhood compatibility and concerns related to the letter of support from the Rivercrest Condominium Board. She expounded on additional details of the P&Z Board Meeting and noted previous Commission denial of projects based on compatibility.

Ms. Bogdanoff noted three (3) components of the Code; dimensional codes, transition and neighborhood compatibility. This Site Plan does not meet neighborhood compatibility. Neighborhoods have been instrumental in ensuring that neighborhood compatibility remains in the Code and is an important factor to consider and as significant as any other aspect. Further comment ensued.

Mayor Trantalis recognized Michael Sean Hartnett, 2100 S. Ocean Lane. Mr. Hartnett spoke in support, citing benefits to the community.

Mayor Trantalis recognized former Mayor Jim Naugle, 801 N. Rio Vista Boulevard. Mayor Naugle spoke in opposition to the Site Plan and discussed details related to the Site Plan's incompatibility.

Mayor Trantalis recognized Jerry Jordan, 1109 SE 4th Street. Mr. Jordan

spoke in opposition to the Site Plan and commented on similar history in Colee Hammock.

In response to Commissioner Glassman's questions, Mr. Jordan confirmed he was speaking as an individual and said the Colee Hammock Neighborhood has a Master Plan. Commissioner Glassman commented on his understanding that the Colee Hammock Master Plan does not go west to 12th Avenue. Further comment ensued.

Mayor Trantalis recognized Mary Herring, 816 N. Rio Vista Boulevard. Ms. Herring spoke in opposition and commented on neighbors not being aware of the project. She provided a petition in opposition to the Site Plan.

A copy has been made part of the backup to this Agenda item.

City Attorney Boileau advised against allowing Steve Ganon, a Planning & Zoning Board member, to speak on this Agenda item in order to preserve the record. Further comment ensued.

Mayor Trantalis recognized Colgate Darden, 833 N. Rio Vista Boulevard. Mr. Darden spoke in opposition to the Site Plan and expounded on his viewpoint regarding aspects of the transition rules not crossing the New River.

Mayor Trantalis recognized Luis Franco, 4903 Spinnaker Drive, on behalf of Megan Hartnett, a unit owner at Rivercrest Condominium. Mr. Franco spoke in support of the Site Plan and expounded on related details.
