**PROJECT DESCRIPTION**

The applicant is proposing to rezone 13,500 square feet (0.310 acres) of total land split over two (2) separate parcels located at 538 NW 8 Avenue and 537 NW 7 Terrace, from Residential Multifamily Mid-Rise/Medium-High Density (RMM-25) District to Northwest Regional Activity Center – Mixed-Use West (NWRAC-MUw) District. The parcels have an underlying land use designation of Northwest Regional Activity Center (NWRAC) and are located within the Northwest-Progresso-Flagler Heights Community Redevelopment Area (CRA). The Location Map is included as Exhibit 1. The sketch and legal description of the property are provided as Exhibit 2. The application and applicant's responses to criteria are attached as Exhibit 3.

## **REVIEW CRITERIA**

Pursuant to the City's Unified Land Development Regulations (ULDR) Section 47-24.4.D, Rezoning Criteria, an application shall be reviewed in accordance with the rezoning criteria. The following includes the applicant verbatim responses to the criteria followed by staff analysis. The applicant's complete project narrative is attached as Exhibit 2.

1. The zoning district proposed is consistent with the city's comprehensive plan.

*Applicant Response: The NWRAC-MUw zoning district being proposed is consistent with the city's comprehensive plan. The Property's existing land use designation is Regional Activity Center ("RAC"). Consistent with GOAL 1 of the city's comprehensive plan, the uses allowed in the proposed zoning district are permitted within the land use category. Furthermore, the proposed zoning district is the same district that the remaining .74 acres of the Property are designated, rezoning it as requested, allows the entire site to have the same zoning designation.*

*Staff Analysis: The proposed rezoning from Residential Multifamily Mid-Rise/Medium-High Density (RMM-25) to Northwest Regional Activity Center – Mixed-Use West (NWRAC-MUw) is consistent with the City's Comprehensive Plan and the underlying land use designation of Northwest Regional Activity Center (NWRAC). Please refer to the Comprehensive Plan Consistency section herein for additional information.*

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

*Applicant Response: The changes anticipated by the proposed rezoning will not adversely impact the character of development in the area. In fact, the rezoning is being requested in an effort to make the proposed Project more compatible with the surrounding area.*

*Staff Analysis: The proposed rezoning of the parcels to NWRAC-MUw will not adversely impact the character of development in or near the area under consideration. The proposed rezoning would maintain the character of the neighborhood and further implement the policies and goals for the of the NWRAC land use designation, NWRAC Master Plan, and Northwest/Progresso/Flagler Heights Implementation Plan, which aim to redevelop and transform the area into a thriving, pedestrian-friendly environment with a variety of residential and neighborhood serving uses.*

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

*Applicant Response: The character of the area is suitable for the uses permitted in the proposed zoning district. As stated above, granting the rezoning as requested will allow both parcels of the property to have the same NWRAC-MUw zoning designation, which will in turn allow for more cohesive development.*

*Staff Analysis: The character of the proposed area is suitable for the uses in the proposed zoning district and is compatible with surrounding districts and uses. The NWRAC Master Plan is intended to promote and enhance the existing mix of uses and character of the NWRAC-MUw zoning by providing for a range of residential and non-residential uses and would permit development with similar dimensional requirements and such as mixed-use developments. In addition, the site is surrounded by properties zoned Northwest Regional Activity Center – Mixed-Use West (NWRAC-MUw) to the north, east and west.*

Pursuant to ULDR Section 47-13.29, future developments are required to meet the Northwest Regional Activity Center Design Standards, which include but are not limited to building orientation, architectural requirements, open space, vehicular and pedestrian access, building materials, active ground floor uses and facades. Additional standards for parking facilities, landscaping, signage, and streetscapes will also be applied during the development review process at the time of site plan application to further ensure neighborhood compatibility. Currently, there is a Site Plan Level II development application, Case No. UDP-S25041 under DRC review for a proposed mixed-use development that includes the subject parcel in the development boundaries.

A general comparison of permitted uses in existing and proposed zoning district is provided in Table 1. For a detailed list of uses, refer to ULDR Section 47-5.19, List of Permitted and Conditional uses, Residential Multifamily Mid-Rise / Medium-High (RMM-25) District, and ULDR Section 47-13.10, List of Permitted and Conditional uses, Northwest Regional Activity Center - Mixed-Use West (NWRAC-MUw). A comparison of current and proposed dimensional standards for each district is provided in Table 2.

**COMPREHENSIVE PLAN CONSISTENCY**

The City's Future Land Use Map indicates this property has a future land use designation of Northwest Regional Activity Center (NWRAC). The Northwest Regional Activity Center designation is intended to encourage redevelopment and expansion of employment and housing opportunities within the area while enhancing the existing and proposed mix of uses and character of the NWRAC with a wide range of employment, shopping, services, cultural and residential opportunities, and a mixture of residential and non-residential uses. The proposed rezoning is consistent with this designation.

The proposed rezoning is consistent with the City's Comprehensive Plan applicable goals, objectives, and policies, including without limitation Future Land Use Element, Goal 2, Objective 2.4, Encourage Revitalization of Redevelopment Areas, which encourages revitalization of redevelopment areas and redevelopment to be consistent with the Northwest-Progresso-Flagler Heights Redevelopment Plan and Goal 2, Objective FLU 2.3: Mixed-Use Development Multimodal Environment, which encourages mixed-use development to help support active and vibrant neighborhoods through well integrated land use combinations.

**PUBLIC PARTICIPATION**

The proposed rezoning request is subject to the public participation requirements established in the ULDR, Section 47-27.4. This section states that public outreach should include any city-recognized civic association within 300 feet of the property. Notice of the meeting was provided to the Historic Dorsey-Riverbend Civic Association, Progresso Village Civic Association, and the Home Beautiful Park Civic Association which are the city-recognized civic associations located within 300 feet of the project site. The notice informed the associations of the date, time, and location of the public participation meeting and provided information regarding the proposed rezoning request.

The applicant conducted a public participation meeting in person on Monday, March 2, 2026, at 6:00 p.m. at the Joseph C. Carter Park Community Center located at 1450 West Sunrise Boulevard. The meeting was conducted as part of City Commissioner Pamela Beasley-Pittman's District 3 pre-agenda meeting and provided an opportunity for comments from the public.

According to the applicant summary, the feedback from attendees was positive and supportive of the project. Several participants expressed enthusiasm about the proposed development and indicated that they were excited to see the project move forward and contribute to the continued revitalization of the Sistrunk corridor.

This request is subject to public mail notice and sign notification requirements established in ULDR, Section 47-27.4 to notify the public hearing. Three (3) signs were posted on the property fronting the three (3) street frontages indicating the Planning and Zoning meeting date and time. The public participation meeting summary is attached as Exhibit 4, the mail notice and address list are attached as Exhibit 5, and the public notice sign and affidavit are attached as Exhibit 6.

### **PLANNING & ZONING BOARD REVIEW OPTIONS**

The Planning and Zoning Board shall consider the application and make a determination based on the criteria in ULDR Section 47-24.4, Rezoning Criteria.

If the Planning and Zoning Board determines the application does meet criteria as provided in this section, the Planning and Zoning Board shall recommend that the rezoning be approved or recommend a rezoning to a more restrictive zoning district than that requested in the application if necessary to ensure compliance with criteria for the rezoning and if consented to by applicant.

If the Planning and Zoning Board determines that the application does not meet the criteria provided for rezoning or if the applicant does not consent to a more restrictive zoning district, the Planning and Zoning Board shall deny the application and an appeal to the City Commission may be filed by the applicant in accordance with ULDR Section 47-26.B, Appeals.

The applicant has submitted project narratives outlining how the rezoning complies with the applicable sections of the ULDR, attached as Exhibit 3, to assist the Board in determining if the proposal meets the criteria.
