- (vii) The insurance coverage under subparagraphs (a) and (c) above shall be for a period coincident with the applicable indemnification obligations set forth above.
- (f) In any case where the original policy of any such insurance shall be delivered to LICENSEE, a duplicated original of such policy shall thereupon be delivered to CITY. - (g) CITY does not in any way represent that the types and amounts of insurance required hereunder are sufficient or adequate to protect LICENSEE's or Contractor's interests or liabilities but are merely minimum requirements established by CITY's Risk Management Division. CITY reserves the right to require any other insurance coverages that CITY deems necessary depending upon the risk of loss and exposure to liability.

20. Special Exception. It is agreed that this Revocable License is granted to LICENSEE for LICENSEE'S benefit, is a special exception to the City's general policy and it is stipulated between the parties that this Revocable License shall be construed most strictly in favor of the CITY and against LICENSEE.

21. Remedies of CITY.

21.1 In the event the LICENSEE fails to perform or violates any of the terms or conditions of this Revocable License or is in breach or default in any term or condition hereof, CITY shall provide notice thereof to LICENSEE and LICENSEE shall cure such violation within the time provided in such Notice, which such time for cure shall be reasonable in light of all the circumstances.

21.1.1 In the event the Contract Administrator finds that the LICENSEE has failed to timely cure such violation, the Contract Administrator shall provide Notice thereof to LICENSEE and impose or assess a fine of \$1,000.00 per day for each and every day the violation continues beyond the date set in the Notice under Section 21.1.

21.1.2 LICENSEE shall provide written Notice to CITY when the violation has been cured. In the event the Contract Administrator finds the violation was not cured on the date alleged by LICENSEE, Contract Administrator shall provide LICENSEE with Notice thereof. Contract Administrator shall provide Notice to LICENSEE when Contract Administrator finds that the violation has been cured.

21.1.3 In the event LICENSEE disagrees with the Contract Administrator's (a) finding that a violation exists or continues to exist, or (b) imposition or assessment of a per diem fine, or (c) determination of the date of

compliance or noncompliance, LICENSEE shall file a written Notice of Appeal to the City Manager within five (5) days of receiving notice of (a), (b) or (c) above.

21.1.4 Within ten (10) days of receiving a Notice of Appeal under Section 21.1.3, the City Manager shall hear presentations thereon and render a written Final Order thereon, serving a copy thereof upon LICENSEE. In deciding an Appeal filed under Section 21.1.3, the City Manager may affirm, reverse or modify, in whole or in part, the findings of the Contract Administrator. The City Manager may equitably adjust any fines in the interests of justice.

21.1.5 In the event LICENSEE contests the Final Order of the City Manager under Section 21.1.4 above, LICENSEE may file a Notice of Appeal with the City Clerk including all written arguments in support of contesting the Final Order. The City Commission shall review the Notice of Appeal and the written arguments in support of contesting the Final Order as soon as a hearing thereon may be reasonably scheduled. At the hearing on the Appeal, the City Commission shall hear presentations by the LICENSEE and City Manager and shall render an Order ("Order on Appeal") thereon affirming, reversing or modifying the Final Order in whole or in part.

21.1.6 Any fines resulting from the process set forth in Sections 21.1.1 through 21.1.5 shall be paid to CITY within sixty (60) days from the final adjudication resulting from that process.

21.1.7 LICENSEE hereby waives all right, title and interest to the issuance of any temporary, partial or final Certificate of Occupancy for the Development Project during the period that any violations of the terms or conditions of this License still exist.

21.1.8 LICENSEE hereby waives all right, title and interest in issuance of any temporary, partial or final Certificate of Occupancy for the Development Project during the period that any fines imposed have not been paid.

21.1.9 LICENSEE hereby waives all right, title and interest in and to any further building or engineering inspections during the period that any violations of the terms or conditions of this License still exist.

21.2 In the event the LICENSEE fails to timely cure the violation within the time specified in Section 21.1, the CITY, as an alternative to the procedures set forth in Sections 21.1.1 through 21.1.9, may

21.2.1 revoke or terminate this License; or

21.2.2 take any equitable action to enforce the terms and conditions of this Revocable License, it being stipulated by the parties that since this Revocable License deals with the right to use a public right-of-way, a violation or breach of any term or condition of the Revocable License constitutes an irreparable injury to the public and CITY for which there is no adequate remedy at law; or

Revocable License

Licensee: CFLF Partnership, LLC (a/k/a Conrad Hilton Beach Resort

21.2.3 take such curative action that was required to be taken by the LICENSEE under the Revocable License and the cost and expense incurred in CITY's curative actions shall be passed on to and owed by LICENSEE, in which case LICENSEE shall be liable for payment to CITY for all reasonable and necessary costs and expenses incurred by CITY in connection with the performance of the action or actions. LICENSEE shall reimburse CITY within sixty (60) days following written demand for payment thereof. Interest shall accrue on the unpaid amount at the rate of twelve percent (12%) per annum, compounded monthly, but in no event shall interest exceed the highest amount allowed by Florida law. The demand shall include reasonable documentation supporting the expenses incurred by CITY. If a dispute arises as to the need for, or amount due to the CITY for repairs, maintenance or removal undertaken by CITY in accordance with this License, and such dispute is not resolved within forty-five (45) days after the date that CITY makes the original written demand for payment, the LICENSEE shall pay to CITY the undisputed amount and shall provide CITY with a bond or other security acceptable to CITY for the disputed amount pending a resolution of the dispute by negotiation or litigation. In addition to any other remedies available to CITY, in the event of litigation between the parties, CITY shall be entitled to recover from LICENSEE all costs of collection, including reasonable attorneys' fees and court costs incurred at all tribunal and appellate levels, provided CITY ultimately prevails in such proceedings.

21.3 If LICENSEE does not make the payments required under this Section 21 within the sixty (60) day period set forth herein, then CITY shall have a right to record a Claim of Lien upon the Property, which Lien may be either (a) for the total amount of the fines resulting from the procedures set forth in Sections 21.1.1 through 21.1.6 or (b) for all reasonable and necessary costs and expenses of any cure undertaken by CITY in accordance with this Section, the cost of any interim insurance policy as provided herein, and reasonable attorneys' fees and costs associated therewith. The Lien shall be effective upon the recording of a Claim of Lien in the Public Records of Broward County, Florida, which Claim of Lien shall state all amounts due and owing to CITY. The Lien may be foreclosed by CITY in the same manner as provided by law for foreclosure of mortgage liens. The Lien shall continue until payment to CITY of the amounts set forth in the Lien (at which time CITY shall record a satisfaction of such lien). In addition to the Lien, CITY shall have all other rights and remedies granted to it at law or in equity for LICENSEE's failure to pay the fines owed or reimburse CITY for curative actions taken by CITY. LICENSEE shall be entitled to pursue all legal and equitable remedies to contest the amount or existence of any such lien.

21.4 The remedies found within this Section 21, including all subsections thereof, are cumulative. The exercise of one does not preclude the exercise of any other remedy.

22. Requirement for Notice. LICENSEE shall give CITY prompt written notice of any accidents on, in, over, within, under and above the License Area in which damage to property or injury to a person occurs.

23. Notices.

MOT Construction Narrative

May 27, 2014

Moss & Associates, LLC will be the General Contractor performing construction on the Conrad Hilton Beach Resort located at 551 North Fort Lauderdale Beach Boulevard. As discussed at the City Commission Meeting on May 13, 2014, this letter shall serve as our narrative on what work is taking place adjacent to the pedestrian traffic and/or the public right-of-way. In addition to the proposed construction, we are including our proposed temporary safety plan in the narrative below.

The main construction for the expansion of the Conrad consists of the addition of (1) Structural Steel frame building with curtain wall glazing between the two existing buildings. In order to construct the new building with minimal impact to the pedestrian traffic, Moss will use a 150 ton Hydro Crane. For 90% of the construction of the new addition the crane will be located in between the two existing buildings. We will begin construction on the north side of the courtyard and work our way south towards Windamar Street. During the erection of the remaining 10% of the building (approximately 2 weeks) Moss will utilize a small portion of the sidewalk indicated on the MOT plan for the crane. Care will be taken to ensure that the sidewalk, curbing, street, existing sewer pipe are not damaged. If for some reason any damage did occur Moss would make the necessary repairs at no additional cost to the City.

The main use of the MOT will be for construction deliveries, parking and to maintain safety to the pedestrians. Construction laydown will occur along the building within the property boundaries. Public areas will not be used for construction laydown, nor will it be used for storage or waste. The existing landscape and planter areas along the perimeter of the building will be demolished in order to provide room for temporary laydown and dumpsters. The delivery of the materials will occur on Windamar Street or at the loading dock area on Terramar Street. Moss will ensure that there are flagmen during deliveries and that traffic and pedestrian flow is maintained.

As we stated before, pedestrian safety is our number one concern. Attached is an MOT plan that indicates how the temporary pedestrian traffic will flow. We have reviewed all of the sidewalk corners to ensure ADA access and safety markings will be in tact. In addition we have attached a cut sheet and specification for our proposed temporary signage, and safety markings that will be installed along Windamar Street, Breakers Ave, and Terramar Street. The use of street reflectors will ensure that pedestrians use the proposed routing across the street to adjacent sidewalks.

In addition to the work described above, Moss will also be renovating the existing Café/Bakery along Breakers Ave, and the reconfiguration of existing outdoor restaurant spaces and planters along Terramar Street. We do not propose the use of the existing sidewalk or streets on City property for laydown or storage of materials. Temporary fencing of these areas is

proposed to ensure the safety and segmentation of the pedestrian traffic. The dates of all phases of construction is noted on the proposed (attached) MOT Plan.

The Conrad is currently under construction to make the Improvements and is requesting the approval of the Maintenance of Traffic (MOT) and a Revocable License in order to take the necessary precautions, including closing sidewalks and metered parking spaces adjacent to the Property in order to protect and ensure the **public's safety** during the construction period. The Conrad construction, which will close the sidewalks and parking meters for a period of approximately one year, will be conducted in phases to avoid all sidewalks around the property to be closed at the same time. Additionally, proper signage showing closure and pedestrian pathways will be provided in accordance with an approved MOT signage plan and the City's direction.

Moss has prepared the MOT plan and will work closely with the City and the surrounding properties and neighbors Flyers/door hangers will be distributed within a 500 foot radius of the property explaining the future work to make the construction period as seamless as possible. The hours of operation will be limited to Monday through Saturday from 7:30 AM to 5:00 PM. In case of emergencies or for any construction issues please contact the project superintendent:

Pedestrian Traffic Signs for Vehicles

Nothing gets attention better than a fluorescent sign that is also Diamond Grade reflective. This is 3M's top material – with incredible brilliance at the high risk dawn and dusk periods. These signs are also extremely reflective at night and hard to miss by day, too.
