

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#22-0426

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Chris Lagerbloom, ICMA-CM, City Manager

DATE: May 3, 2022

TITLE: Second Reading – Quasi-Judicial Ordinance Approving a Rezoning from Intense Commercial Business (B-3, Broward County) District to Uptown Urban Village Northeast (UUV-NE) District – City of Fort Lauderdale – 6210-6282 North Andrews Avenue – Double Mountain Development Ventures, LLC. – Case No. UDP-Z22001 – (**Commission District 1**)

Recommendation

Staff recommends the City Commission consider an ordinance rezoning 2.06 acres of land, legally described as Charter Plat 92-23 B Parcel A, of the Public Records of Broward County, Florida, from Intense Commercial Business (B-3, Broward County) District to Uptown Urban Village - Northeast (UUV-NE) District.

Background

The City of Fort Lauderdale on behalf of the property owner, Double Mountain Development Ventures, LLC., is requesting to rezone 89,947 square feet (2.06 acres) of land located at 6210-6282 North Andrews Avenue from Intense Commercial Business (B-3, Broward County) District to Uptown Urban Village - Northeast (UUV-NE) District to permit the development of a mixed-use development on the site. The property owner is in the process of preparing a development permit application at this time. A location map of the subject site proposed to be rezoned is provided as Exhibit 1.

The Uptown Master Plan and associated amendments to the Unified Land Development Regulations (ULDR) were adopted by the City Commission on November 5, 2019, Ordinance C-19-34. The ULDR amendments established new zoning districts for Uptown in order to implement the Uptown Master Plan. During the adoption, the City Commission requested staff examine potential incentives that would encourage property owners to rezone their property to the applicable new zoning district. A potential incentive was to have city staff process rezoning requests for property owners with their written consent at minimum cost to the property owners, with the exception of legal advertisement costs. Essentially, staff would complete the application requirements and public meeting process. City Commission directed staff to proceed with this incentive. The property owner's consent forms are attached as Exhibit 2. The application, rezoning criteria

narrative, and sketch and legal description of the area proposed to be rezoned is attached as Exhibit 3.

REVIEW CRITERIA:

Pursuant to the City's Unified Land Development Regulations (ULDR) Section 47-24.4.D, Rezoning Criteria, an application for a rezoning shall be reviewed in accordance with the following criteria:

1. The zoning district proposed is consistent with the City's Comprehensive Plan.

The property is currently zoned Intense Commercial Business (B-3, Broward County) District and has an underlying land use designation of Commercial which is intended to allow for uses such as business, service, office, and other commercial uses, and can include a residential development component through the allocation of residential flex units. The proposed UUV-NE zoning district permits uses are consistent with this land use designation. Please refer to the Comprehensive Plan Consistency section within this report for additional information.

2. The changes anticipated by the proposed rezoning will not adversely impact the character of development in or near the area under consideration.

The development in the surrounding area is characterized mainly by office, hotel, and commercial uses with a lack of residential and mixed-use developments. Rather than adversely impacting the character of development in the area with more intense uses such as industrial manufacturing, the proposed rezoning to UUV-NE will have a positive impact by allowing for mixed-use development and supporting uses, encouraging new residential units in the area, and furthering the live, work, play environment envisioned for the area.

3. The character of the area proposed is suitable for the uses permitted in the proposed zoning district and is compatible with surrounding districts and uses.

The UUV-NE zoning district permitted uses are compatible with the surrounding zoning districts' permitted uses. The surrounding zoning districts permit office, hotel, commercial, and warehouse uses, which are permitted in both the existing and proposed zoning, with the proposed zoning district also allowing residential use as part of a mixed-use development. The city explicitly adopted the Uptown Master Plan to promote residential and mixed-use development in the area. The Uptown Master Plan identifies specific character subareas where residential and mixed-use development is suitable.

The Planning and Zoning Board (PZB) reviewed the application on February 16, 2022, and recommended approval by a vote of 7-0. The PZB meeting minutes and staff report are attached as Exhibit 4 and Exhibit 5, respectively. In addition, the public sign notice and affidavit for the February 16, 2022, PZB meeting is attached as Exhibit 6.

The City Commission shall consider the application and the record and recommendations forwarded by the Department and Planning and Zoning Board and public comments on the application to determine whether the application meets the criteria for a rezoning. If the City Commission determines that the rezoning meets the criteria for rezoning, the City Commission shall approve the change in zoning as requested in the application or approve a change to a more restrictive zoning district than that requested in the application if necessary to meet the criteria provided for rezoning and if consented to by the applicant. If the City Commission determines that the proposed rezoning does not meet the criteria in, or if the applicant does not consent to a more restrictive zoning district, the City Commission shall deny the application.
