

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo**

#12-1967

TO: Honorable Mayor & Members
Fort Lauderdale City Commission

FROM: Lee Feldman, City Manager

DATE: September 5, 2012

TITLE: Motion to award three (3) annual contracts for asphaltic concrete pavement services – Invitation to Bid 223-11007

Recommendation

It is recommended that the City Commission approve three, one-year unit-cost basis contracts for asphaltic concrete pavement services with (1) Weekley Asphalt Paving, Inc.; (2) General Asphalt, Co.; and (3) Hardrives, Inc., contingent upon approval and appropriation of funds.

Background

This project is an annual asphalt contract to resurface existing paved roadways throughout the City. If roads are not resurfaced within a life expectancy period, the roads may deteriorate to the point that only replacement can be done which is more costly and take more time to complete.

The bid opening for this project was held on July 18, 2012. Three bids were received and the specifications had indicated that staff intended to award contracts to the three contractors providing the lowest bid amounts. The bid is based upon various line item unit pricing. Specific line items will be used as they relate to the required projects throughout the term of the contract. This contract is developed to be a resource for any projects requiring the unit bid items for construction of public improvement.

Award of task orders to contractors for specific work will be based on the lowest price determined:

- Projects identified by City;
- Type of line items needed to complete project
- Project quantities
- Contract unit prices; and
- Developing a project cost based on the above information.

Currently, the City has \$740,000 available in the FY 2013 budget for this type of work.

Resource Impact

There is a fiscal impact to the City for this item. There is \$740,000 budgeted from Gas Tax revenues. Additional fiscal impacts may be identified on a per project, as-needed basis, contingent upon future available funding and work orders.

FUNDS AVAILABILTY LOCATION:

SUB		SUB					
FUND	FUND	FUND NAME	INDEX #	INDEX NAME	OBJECT #	SUBOBJECT NAME	AMOUNT
