

RESOLUTION NO. 24-

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA, AMENDING THE CITY OF FORT LAUDERDALE'S FY 2024 FINAL ALL FUNDS BUDGET AND FINAL PERSONNEL COMPLEMENT FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2023, AND ENDING SEPTEMBER 30, 2024, AS AMENDED, BY APPROPRIATING AND TRANSFERRING FUNDS AND ADDING PERSONNEL AS SET FORTH IN CITY COMMISSION AGENDA MEMO #24-0013, AMENDING THE CITY OF FORT LAUDERDALE FINAL FY 2024 - FY 2028 COMMUNITY INVESTMENT PLAN FOR THE FISCAL YEARS BEGINNING OCTOBER 1, 2023, AND ENDING SEPTEMBER 30, 2028, AS AMENDED, BY APPROPRIATING AND TRANSFERRING FUNDS AS SET FORTH IN CITY COMMISSION AGENDA MEMO #24-0013, ABANDONING THE FIVEASH WATER TREATMENT PLANT GROUND STORAGE TANKS AND CLEARWELLS PROJECT, AND PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, pursuant to Resolution No. 23-194, adopted on September 13, 2023, the City Commission of the City of Fort Lauderdale, Florida, adopted the City of Fort Lauderdale's FY 2024 Final All Funds Budget and the Final Personnel Complement for the Fiscal Year beginning October 1, 2023, and ending September 30, 2024; and

WHEREAS, pursuant to Resolution No. 23-184, adopted on September 13, 2023, the City Commission of the City of Fort Lauderdale, Florida, adopted the City of Fort Lauderdale Final FY 2024 - FY 2028 Community Investment Plan for the Fiscal Years beginning October 1, 2023, and ending September 30, 2028;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FORT LAUDERDALE, FLORIDA:

SECTION 1. That the City of Fort Lauderdale's FY 2024 Final All Funds Budget and Final Personnel Complement for the Fiscal Year beginning October 1, 2023, and ending September 30, 2024, as amended, are hereby amended by appropriating and transferring funds and adding personnel as set forth in City Commission Agenda Memo #24-0013, a copy of which is attached hereto and incorporated herein.

SECTION 2. That the City of Fort Lauderdale Final FY 2024 - FY 2028 Community Investment Plan for the Fiscal Years beginning October 1, 2023, and ending September 30, 2028, as

amended, to the extent appropriated for the Fiscal Year beginning October 1, 2023, and ending September 30, 2024, is hereby amended by appropriating and transferring funds as set forth in City Commission Agenda Memo #24-0013.

SECTION 3. That the Fiveash Water Treatment Plant Ground Storage Tanks and Clearwells Project, contained in the Community Investment Plan of the City of Fort Lauderdale, Florida, for the Fiscal Years beginning October 1, 2023, and ending September 30, 2028, is hereby abandoned.

SECTION 4. That if any clause, section, or other part of this Resolution shall be held invalid or unconstitutional by any court of competent jurisdiction, the remainder of this Resolution shall not be affected thereby, but shall remain in full force and effect.

SECTION 5. That this Resolution shall be in full force and effect upon final passage.

ADOPTED this _____ day of _____, 2024.

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#24-0013

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Greg Chavarria, City Manager

DATE: January 9, 2024

TITLE: Resolution Approving the Consolidated Budget Amendment to Fiscal Year
2024 – Appropriation - **(Commission Districts 1, 2, 3 and 4)**

Recommendation

Staff recommends the City Commission adopt a resolution amending the Fiscal Year (FY) 2024 Operating Budget, the FY 2024 – FY 2028 Community Investment Plan (CIP), and the FY 2024 Personnel Complement, and abandoning the Fiveash Water Treatment Plant Ground Storage Tanks and Clearwells Project.

Background

Examples of recommended actions within the budget amendment are:

- transfer between funds;
- transfer between capital and operating budgets;
- transfer between capital projects;
- acceptance and appropriation of grant funding;
- amendment to staffing level;
- appropriation from fund balance; and
- appropriation for modified revenue and related expenditures.

Staff recommends the City Commission amend the FY 2024 Final Budget, the FY 2024 – FY 2028 Community Investment Plan and FY 2024 Personnel Complement, as revised, by approving the following transfers, appropriations, project abandonment, and personnel additions:

Transportation and Development

A. Appropriation of Fund Balance and Increase of the Personnel Complement – Parking Systems Operations – Addition of One (1) Senior Procurement Specialist Position – \$ 95,048

The Transportation and Mobility Department requests to increase the budget by \$95,048 and to modify the personnel complement by adding one (1) Senior Procurement Specialist position. This position is requested to keep up with the department’s growing needs associated with increased projects and initiatives. This position will be funded by the Parking Fund and located within the Transportation and Mobility Department; however, it will report to the Chief Procurement Officer as required by the City’s Procurement Code.

Staff recommends the City Commission amend the FY 2024 Operating Budget and Personnel Complement in the amount of \$95,048 for the addition of one (1) Senior Procurement Specialist position.

				TOTAL AMOUNT →	\$95,048

B. Appropriation of Fund Balance – Parking Systems Operations Fund – Riverwalk Center Garage Maintenance – \$ 50,000

The Riverwalk Center Garage’s operating budget is requested to be increased by \$50,000 by the Transportation and Mobility Department. These funds will be utilized to pressure wash the entire façade, external flights of stairs, and the border of the carport to ensure that it is appropriately maintained.

Staff recommends the City Commission amend the FY 2024 Operating Budget in the amount of \$50,000 for enhanced Riverwalk Center Garage maintenance.

TOTAL AMOUNT →					\$50,000

C. Appropriation of Grant Funds – Transportation Surtax Fund – Sidewalk Connections Project – \$360,000

This proposed project is funded through an interlocal agreement to support Sidewalk Connections. The design phase of the project was awarded as part of Cycle One Surtax applications in 2020. Surtax funding in the amount of \$360,000 was awarded for design and \$2,640,000 for construction is scheduled for a future fiscal year after the design is completed. The citywide Sidewalk Connections improvement project will improve sidewalks along 35 streets throughout the City by constructing 5-foot wide by 6-inch-thick sidewalks in areas where there are no sidewalks and in areas where there are existing sidewalk gaps.

Staff recommends that the City Commission amend the FY 2024 – FY 2028 Community Investment Plan in the amount of \$360,000 for the Sidewalk Connections Project. This is contingent on the approval of an Interlocal Agreement, companion CAM 24-0093, coming on a future agenda.

TOTAL AMOUNT →					\$360,000

D. Appropriation of Fund Balance and Increase of the Personnel Complement – Parking Systems Operations – Addition of One (1) Senior Administration Assistant Position - \$87,444

The Transportation and Mobility Department requests to increase the FY 2024 budget by \$87,444 and to modify the personnel complement by adding one (1) Senior Administrative Assistant position. In 2020, in an effort to improve the Parking Service’s call center experience, the Parking Services Division migrated three (3) full time positions to the Public Works call center to centralize the intake of public calls and inquiries. These positions and salaries were incorporated into Public Works’ budget. Effective January 2024, administrative duties previously handled by the call center are being transitioned back to the Parking Services Division to better align with the new vision of the City’s call center. Staff requests a new position to assist with the completion and oversight of these duties.

Staff recommends the City Commission amend the FY 2024 Operating Budget and Personnel Complement in the amount of \$87,444 for the addition of one (1) Senior Administrative Assistant position.

TOTAL AMOUNT →					\$87,444

E. Appropriation of Fund Balance – General Fund – Replacement of City Seawalls near Las Olas Marina - \$ 2,900,000

The Transportation and Mobility Department requests \$2,900,000 to fund the seawall replacement near the Las Olas Marina. Suntex Marina will be replacing the seawalls within their leasehold and has provided the City with the opportunity to replace the City seawalls at the same time. City staff recommend waiving the procurement rules (CAM 24-0039) and entering into a separate agreement (CAM 24-0038) to have Suntex complete the work on behalf of the City.

Staff recommends the City Commission amend the FY 2024 – FY 2028 Community Investment Plan in the amount of \$2,900,000 for the replacement of the city seawalls near to the Las Olas Marina.

TOTAL AMOUNT →					\$2,900,000

F. Appropriation from Fund Balance – Arts and Science District Garage Fund – Janitorial contract account correction - \$5,000

During the November 7, 2023 City Commission meeting, funds were appropriated for a janitorial contract for parking lot cleaning services. As noted in that budget amendment, due to the higher rate in the new contract, janitorial services at the Performing Arts and Science District Garage (PACA) will cost approximately \$5,000 more than the amount currently budgeted, however the funding source was inadvertently mislabeled. Funds are available in the Arts and Science District Garage Fund to support this expense.

Staff recommends the City Commission amend the FY 2024 Operating Budget in the amount of \$5,000 to support the higher costs of the new janitorial services contract.

TOTAL AMOUNT →					\$5,000

G. Appropriation of Fund Balance – General Fund – Sistrunk Boulevard Railroad Grade Crossing Improvements - \$1,000,000

The City of Fort Lauderdale has jurisdiction for Sistrunk Boulevard which includes roadway portions that cross the railroad right-of-way. In 2021, at the request of the City Commission, City staff reviewed the roadway conditions, as prior improvements were

failing, causing the crossing to be rough and unsafe. The railroad right-of-way is owned by the Florida Department of Transportation (FDOT) and is operated by the South Florida Regional Transportation Authority (SFRTA). Given the operational considerations, training requirements, and interaction with train traffic, the City is required to utilize the SFRTA to perform the improvements and reimburse SFRTA for the improvements.

In June of 2023, (CAM 23-0506), the City entered into an interlocal agreement with FDOT and SFRTA for the estimated amount of \$739,200 to perform necessary improvements at Sistrunk Boulevard. The FY 2023 operating budget included \$1,000,000 to support this project but the funds were not encumbered during that fiscal year.

Staff recommends that the City Commission amend the FY 2024 Operating Budget in the amount of \$1,000,000 to fund the Sistrunk Boulevard railroad grade crossing improvements.

Information Technology Services

H. Appropriation of Fund Balance – Central Services – Operations Fund – Enterprise Resource Planning (ERP) Restart: Change Order Number 12 for Associated Professional Services - \$200,000

The ERP project requires an administrative change order for an extension of the Infor teams for 8 weeks of additional labor to accommodate the Global Human Resources (GHR) Go-Live of December 10, 2023, to support implementation activities through Go-Live and post Go-Live support. These implementation activities include completion of data

migrations, testing cycles and Go-Live readiness.

Staff recommends the City Commission amend the FY 2024 – FY 2028 Community Investment Plan in the amount of \$200,000 for the Enterprise Resource Planning Project.

Development Services

I. Appropriation from Fund Balance and Increase in Personnel Complement – Building Fund – Addition of One (1) Permit Services Technician – \$53,490

The Development Services Department is requesting to convert a vacant Part-Time Administrative Assistant position to a Full-Time Permit Services Technician to assist in the department's plans room. The Permit Services Technician is needed to assist the department's LauderBuild plans room with the routing and processing of plans related to online permit applications. Digital permit applications have increased from 18% of total application submissions to 67% of all applications since the implementation of the LauderBuild plans room in 2021. Beginning in 2024, all plans related to permit applications will need to be submitted online. This change in application submission will require an additional full-time staff member in the plans room team to assist with the transition and processing of digital permit applications. This position will also assist with fee reviews, job cost breakdowns, and adjusting improper fees.

Staff recommends the City Commission amend the FY 2024 Operating Budget in the amount of \$53,490 and Personnel Complement to add one (1) Permit Services Technician position.

J. Appropriation from Fund Balance and Addition of Two (2) additional positions to the Personnel Complement – Building Fund – Addition of two (2) full time employees to the Building Enforcement Team - \$256,371

The Development Services Department is requesting to add two (2) full time employees to the Building Enforcement team - one (1) Building Inspector and one (1) Building Code Compliance Officer, to assist with the City’s Safety Inspection Program. The State of Florida and Broward County now mandate that all buildings participate in the program and receive safety inspections for buildings 25 years or older as opposed to the previous mandate of 40 years or older. This change will drastically increase how many locations require inspection from around 300 to 500 buildings to approximately 4,800 buildings in the coming year. This addition of personnel is required in order to satisfy the State of Florida law and inspect all eligible buildings for public safety while sustaining the current level of service for the remaining responsibilities for the Building Enforcement team. These additional responsibilities include inspecting construction sites for work without a

permit, inspecting the maintenance of traffic for construction sites, and processing miscellaneous permit processes and board up violations.

Staff recommends the City Commission amend the FY 2024 Operating Budget in the amount of \$256,371 and the personnel complement by adding one (1) Building Inspector and one (1) Building Code Compliance Officer.

Public Works

K. Appropriation from Fund Balance – Sanitation Fund, Water and Sewer Operations Fund, Parking System Operations Fund, Airport Operations Fund, Stormwater Operations Fund, Central Services Operations Fund, Vehicle Rental Operations Fund - Purchase of ninety-one (91) City-Wide Replacement Vehicles - \$5,187,748

The Fleet Services Division of the Public Works Department recommends the replacement of eighty-one (81) vehicles that remained unordered at the conclusion of FY 2023 and ten (10) vehicles that were deemed total losses from the April 2023 flooding event. Since the pandemic, the auto market has been exceptionally challenging, with manufacturers’ open window for ordering being extremely short.

Funding is available to be appropriated from the funds listed below for the purchase of these vehicles.

Staff recommends that the City Commission amend the FY 2024 Operating Budget in the amount of \$5,187,748 to purchase ninety-one (91) replacement vehicles to support Citywide operations.

L. Appropriation from Fund Balance - Water and Sewer Operations Fund - Armed Security Detail - \$20,820

In April 2023, the Utility Billing and Collections Division (UB) moved from City Hall to the Development Services Department (DSD) building. It has been determined, for safety, to increase the level of security at the DSD building. The increased services provided for the remainder of the fiscal year will cost \$41,639, calculated at the contracted rate of \$28.04 per hour. The divisions will split the costs evenly with UB's portion being \$20,820. The DSD portion is already built into the operating budget.

Staff recommends the City Commission amend the FY 2024 Operating Budget in the amount of \$20,820 to cover the Utility Billing portion of the security expense.

M. Transfer between Capital Projects - Water and Sewer General Capital Project Fund – New Water Treatment Plant – Prospect Lake Water Treatment Plant - \$6,777,616

Abandoning the Fiveash Water Treatment Plant Ground Storage Tanks and Clearwells project

On February 7, 2023, the City Commission approved a Comprehensive Agreement (CA) with Prospect Lake Water, L.P. for the design, construction, and operation of the Prospect Lake Clean Water Center (CAM #23-0196). The CA requires the City to construct the Enabling Works projects listed in Annex B-2 of the CA, which includes upgrades to the storage tanks and high service pumping stations at the Fiveash Water Treatment Plant.

Funding is available in the Fiveash Water Treatment Plant Ground Storage Tanks and Clearwell Upgrades project. This stand-alone project was incorporated in the new Water Treatment Plant and thus the stand-alone project can be abandoned in order to

consolidate this project under the umbrella of the Enabling Works.

Staff recommends the City Commission amend the FY 2024 – FY 2028 Community Investment Plan in the amount of \$6,777,616 to consolidate the construction costs for the Enabling Works at the new water treatment plant – Prospect Lake Water Treatment Plant.

Community Redevelopment Agency

N. Transfer between Funds, Appropriation from Fund Balance – Central City Redevelopment Area Fund, General Fund – Central City Operating Fund Balance for FY 2023 - \$2,334,359

At the end of Fiscal Year 2023, the Central City CRA Area has an estimated fund balance of \$2,334,359.

The City of Fort Lauderdale is the sole taxing authority contributing Tax Increment Financing (TIF) to the Central City CRA. Subsection 163.387(7), Florida Statutes provides the following:

On the last day of the fiscal year of the community redevelopment agency, any funds which remains in the trust fund after the payment of expenses shall be:

- a) Returned to each taxing authority which paid the increment in the proportion that the amount of the payment of such taxing authority bears to the total amount paid into the trust fund by all taxing authorities for that year.
- b) Used to reduce the amount of any indebtedness to which increment revenues are pledged.
- c) Deposited into an escrow account for later reducing any indebtedness to which increment revenues are pledged; or
- d) Appropriated to a specific redevelopment project pursuant to an approved community redevelopment plan. The funds appropriated for such project may not be changed unless the project is amended, redesigned, or delayed, in which case

the funds must be reappropriated pursuant to the next annual budget adopted by the board of commissioners of the community redevelopment agency.

Since the City is the sole taxing authority contributing TIF to the Central City CRA, staff recommends returning the unspent funds from the prior fiscal years in the amount of \$2,334,359 to the City. In turn, staff recommends that the City approve the transfer of the funding back to the Central City CRA to:

- Add funding to the Property and Business Improvement Program - \$941,000
- Add funding to the Central City Streetscape Improvement Project - \$1,300,000
- Add funding to the Central City CRA operating budget for the enhanced streetlight initiative - \$93,359.

Staff recommends the City Commission amend the FY 2024 Operating Budget and FY 2024 - 2028 Community Investment Plan in the amount of \$2,334,359 to account for end of year balances within the Central City CRA. There is an associated Community Redevelopment Agency CAM 24-0010.

Parks and Recreation

O. Appropriation of Grant Funds – Grant Fund – Florida Inland Navigation District (FIND) Grant – New River Bathymetric Survey - \$13,996

The Florida Inland Navigation District (FIND), on occasion, will enter into Interlocal agreements with governmental agencies to provide services and facilities in a manner pursuant to the development of local communities.

The purpose of this Bathymetric Survey is to define and map the navigable channel in the New River and to guide future development policy decisions required to maintain its navigability and to monitor encroachment of shoreline development in certain areas. The deepest parts of the river are not always in the middle of the river, but rather along its edges and the outer radii of the river’s turns. Shoreline development unchecked can potentially constrict the New River and negatively impact the local marine industry and its economic impacts by reducing the ability of large vessels to navigate to the western service yards and marine construction vessels access upriver to service waterfront businesses and residential properties along the river.

Staff recommends that the City Commission amend the FY 2024 Operating Budget in the amount of \$6,998 to facilitate the Florida Inland Navigation District Grant for the New River Bathymetric survey with a match of \$6,998 from the Marine Industries Association of South Florida. There is an associated grant acceptance CAM 24-0098.

P. Appropriation of Grant Funds – Grant Fund – FIND Cooley’s Landing Marina Replacement Grant – \$1,500,000

The Florida Inland Navigation District (FIND) administers the Waterway Assistance Program (WAP) program. FIND provides funding assistance to local governments within the district to provide public access to the district’s waterways.

Constructed around 1994, the Cooley’s Landing Marina is very near the end of its useful life and in need of replacement. FIND will fund up to 50% of replacement costs or in this case \$1,500,000 of the costs needed to demolish and rebuild the marina. The total project costs are expected to be \$3,000,000.

The remaining grant match of \$1,500,000 was provided in part by grants awarded to the city from the Broward Boating Improvement Program (BBIP) of \$600,000 and the Land

and Water Conservation Fund (LWCF) of \$800,000. The city provided the remainder of the match of \$100,000 through the BBIP grant acceptance.

Staff recommends that the City Commission amend the FY 2024 Operating Budget by amending the appropriate accounts in the Grant Fund in the amount of \$1,500,000. This item is contingent upon approval of CAM 24-0097.

City Manager's Office

Q. Appropriation of Grant Funds – Airport Operations Fund – FXE Runway 9-27 Rehabilitation Project – \$440,711

The Runway 9-27 Pavement Rehabilitation project is required as part of the Airport's approved Airport Layout Plan to improve the current pavement condition of Runway 9-27 and taxiway intersections along it. The improvements will increase the Pavement Condition Index and prolong the life of the asphalt. The Florida Department of Transportation has agreed to provide grant funding in the amount of \$440,711 for reimbursement of eligible construction costs for this project.

Staff recommends the City Commission amend the FY 2024 – FY 2028 Community Investment Plan in the amount of \$440,711 for the construction costs associated with the pavement rehabilitation of Runway 9-27. This item is contingent upon the approval of grant acceptance CAM 24-0022.

R. Appropriation of Grant Funds –Airport Operations Fund – Design of Runway 9 Parallel Taxiway Extension Project – \$341,250

Fort Lauderdale Executive Airport's existing Master Plan was completed in 2019 and included a future project for a one-thousand-foot extension of Runway 9. The parallel taxiways on both the south and north sides of Runway 9 also need to be extended. The extension is designed with a displaced threshold at the western end for the primary benefit of aircraft departing to the east. The existing parallel Taxiways Echo to the south and Foxtrot to the north will provide necessary access to the proposed Runway 9 western extension. Additionally, the runway extension will reduce payload penalties for some larger jet aircraft and/or increase aircraft range, as well as increase the overall capacity of the Airport.

The estimated design cost is \$400,000. The Florida Department of Transportation is providing grant funding in the amount of \$320,000 for up to 80% of the design costs and the Airport is providing a 20% grant match in the amount of 80,000. The grant match in the amount of \$58,750 is currently available in Airport Funds already appropriated to the project and the remaining match of \$21,250 is available in the Airport’s fund balance to be appropriated with this agenda item.

Staff recommends the City Commission amend the FY 2024 – FY 2028 Community Investment Plan in the amount of \$341,250 for the design costs associated with the Runway 9 Parallel Taxiway Extension Project. This item is contingent upon the approval of the grant acceptance CAM 24-0024.

Human Resources

S. Appropriation from Fund Balance – City Insurance Operations Fund - Expanded Vehicle Camera and Software Program - \$147,000

Last year, the City piloted a dual-facing dashboard camera program in 280 general City employee vehicles. The program aims to reduce preventable vehicle collisions and ultimately reduce City insurance costs. Staff estimates that if the program were to be implemented citywide, the number of annual vehicle collisions could be reduced by as much as 156, at a savings of approximately \$1,445,605.

For FY 2024, staff is requesting to increase the number of participating general City employee vehicles in the program by 320, which would account for approximately one-

half of the City’s general employee fleet, excluding public safety. The cost of the request is an additional \$147,000. Funding is available in the City Insurance Fund for this purpose.

Staff recommends that the City Commission amend the FY 2024 Operating Budget in the amount of \$147,000 to purchase an additional 320 dashboard cameras and associated software licenses to expand the City’s vehicle camera program.
