

Robert E. Holmden, P. E., Chief
Bureau of Water Facilities Funding
Florida Department of Environmental Protection
2600 Blair Stone Road, MS 3505
Tallahassee, Florida 32399-2400

Subject: FDEP Agreement No.: LP06101
River Oaks Stormwater Park

Dear Mr. Holmden:

The City of Fort Lauderdale would like to request an amendment to the referenced grant agreement to increase the scope/deliverables and extend the grant period to February 2015. Enclosed is an amended "Attachment A" for your review. We would like to request any follow-up FDEP documentation enabling the City to move forward with this amendment.

The City has completed the following based on the original work plan:

- Purchase of property
- Facilitation of Meetings
- Stormwater Preserve Design
- Bidding for Restoration Construction
- Restoration Construction of site to historic elevation
- Permitting – in process

Permitting is in process and there will be a balance of \$151,000 for this grant due to budget efficiencies. We have identified additional design function for this funding which complement the original work plan and objectives.

The City appreciates the opportunity to work with the FDEP on this project and looks forward to its' completion.

Please feel free to contact Larry Teich at (954) 828-7844 or lreich@fortlauderdale.gov if you have any questions.

Sincerely,

Lee Feldman, ICMA-CM
