Section 2: Project Overview

General Project Information

Project Title: OPERATION TREND BUSTER 4 (FT. LAUDERDALE PD)
Subgrant Recipient: City of Fort Lauderdale
Implementing Agency: Fort Lauderdale Police Department
Project Start Date: 10/1/2014 **End Date:** 9/30/2015

Problem Identification

Trend Buster 4 will allow the Fort Lauderdale Police Department (FLPD) the opportunity to build upon the foundation established during previous Trend Buster operations, allowing for flexibility to prioritize and change tactics in order to address the ever-changing trends associated with underage substance abuse.

Thru the first 3 quarters of the current grant, Trend Buster 3 has distributed 100% of the 156 underage alcohol, tobacco and synthetic marijuana letters to vendors; 100% of the 45 hand held 12 power illuminated magnifiers to bars/nightclubs; conducted 10 of 12 or 83% of the contacted marijuana surveillance/enforcement operations; 79% or 76 of 96 compliance checks at retail alcohol selling locations; 75% or 45 of 60 patron age compliance checks at bars and nightclubs; 78% or 47 of 60 synthetic cannabinoid compliance checks at retail locations.

Operations conducted in the 3rd quarter resulted in 7 arrests, including 2 misdemeanor and 5 felony drug related arrests; and the seizure of 4 amphetamine pills, 7 grams of marijuana, and 1800 grams of synthetic marijuana.

Trend Buster 4 will address the proliferation of the electronic/flavored vapor e-cigarettes being marketed as a "safe alternative" to traditional cigarettes and sold at retail locations. The number of minors smoking traditional cigarettes has decreased, while the number of minors using the new vapor / e-cigarette in Florida has doubled between the years 2011 and 2012 according to a 2013 report conducted by the Florida Department of Health. While these electronic cigarettes do not contain tobacco, they do dispense flavored nicotine vapors to be inhaled. Without tobacco in these products, there are currently no Federal regulations preventing the sale of these products to minors. Currently, legislation is pending in the Florida Senate (SB 224) that would prohibit the sale of e-cigarettes to minors throughout the State of Florida. It is anticipated that SB 224 will be enacted/made law on July 01, 2014. This law will provide legal standing for vendor awareness training and to conduct enforcement based compliance checks of retail establishments selling these products to minors in Fort Lauderdale.

During preceding Trend Buster grants, the primary drug related focus dealt with the availability of marijuana that was being sold to students in the areas around their middle and high schools. With Trend Buster 4, the underage drug related focus will shift to one that combats drug sales in the area of the Fort Lauderdale Entertainment District. This District has a high concentration of nightclubs/bars in a small geographical area and is one of our two targeted enforcement areas where minors and young adults are known to gather to indulge in alcohol and illicit drug use. While working this area during late night/early morning hours, it is not uncommon to find minors and older teens/young adults passed out on the ground, vomiting or being treated for overdose related symptoms by Emergency Medical Technicians. It is also not uncommon to observe or to receive complaints of street level drug dealers working the areas around the nightclubs,

targeting minors and those not old enough to enter the nightclubs.

In addition to targeting those dealers that are suspected of selling marijuana to the minors in this area, Trend Buster 4 will now seek to curtail the availability of designer 'club drugs' that are being offered for sale to teens and young adults in our entertainment district. The goal of this component is to seek to reduce the availability of Synthetic Cathinones (group of illicit stimulants known as Methylone and/or Bath Salts) which are being substituted for pure MDMA / Ecstasy when sold as the club drug 'Molly'. A September 2013 Fort Lauderdale Briefing from the County Commission on Substance Abuse, 'Molly Myth Exposed', revealed a dramatic transformation from the use of pure MDMA / Ecstasy, to that of the use of synthetic Cathinones. The past two-years, drug traffickers have been promoting the illegal street drug 'Molly' as being 'pure MDMA'. Some drugs sold as Molly might be MDMA or contain some MDMA in combination with other drugs. In South Florida over 400 samples of drugs called Mollys had no MDMA, but contained the now illegal, former 'bath salt', Methylone. Between 2011 and 2012 the number of crime lab reports in South Florida (Miami-Dade, Broward, and Palm Beach Counties) for actual MDMA decreased 64% from 299 to 107 while reports for synthetic Cathinones increased 919% from 42 to 428 including 388 specifically for Methylone.

Trend Buster 4 will also continue its efforts toward: abating underage alcohol consumption with a steady emphasis directed toward combating underage binge drinking at known party sites in the city; and, identifying those retailers/vendors, through compliance checks, that are known to continually sell alcohol to the underage. With the unwanted distinction of being identified as the alcohol epicenter for Broward County, the City of Fort Lauderdale is striving to create an environment that discourages the use and availability of alcohol and illegal substances to our underage youth. To that extent, the FLPD will retain a reserve Police Officer, assigned to the Special Investigations Division with full arrest powers. He is tasked with developing and implementing responses to ongoing and newly identified underage substance abuse trends within the City. Resources required to maintain this proactive approach and address those emerging trends are very limited. Budget reductions and competing initiatives continue to impact the FLPD's ability to fund projects such as this.

Project Summary (Scope of Work)

Within the City of Fort Lauderdale, Operation Trend Buster 4 will implement an enforcement based, comprehensive strategy to: (1) address underage sale / possession of electronic vapor cigarettes at retail locations; (2) combat the purchase and possession of illegal club drugs by youth within the Fort Lauderdale Entertainment District; (3) address retail sales of alcohol products to underage youth; and, (4) address underage alcohol possession and consumption in Fort Lauderdale.

The target population of this Operation will include:

Minors under 18, attempting to purchase e-cigarettes and/or regular tobacco products;
Minors under age 21 purchasing, possessing and or consuming alcohol products;
Retail vendors selling e-cigarettes, tobacco products and/or alcohol containing products to minors;
and,
Persons selling, purchasing and/or possessing marijuana, club and club drugs.

Specifically, Trend Buster 4 will provide:

Vendor Awareness - Vendor awareness for the sale of e-cigarettes and flavored alcohol

products to underage persons at the retail level consists of hand delivering informational letters to 100 individual retail vendors. The letter explains the laws pertaining to the prohibition related to the sale of tobacco and alcohol products to underage persons. The informational letters are followed up with an enforcement based component that allows for undercover testing of these vendors for compliance with the underage alcohol and tobacco laws.

120 Retail Electronic Vapor Cigarette Compliance Checks: 2 compliance checks for each of 60 vendors to inhibit the sale of e-cigarettes (and/or regular tobacco products) to minors. There will be 10 compliance checks (24 minutes each) per operation, 3 operations per quarter at 4 hours each conducted by 3 officers = 36 hours per quarter = 144 hours per year.

40 Off-Premise Alcohol Compliance Checks: There will be 10 compliance checks (24 minutes each) per operation, 1 operation per quarter at 4 hours each conducted by 3 officers = 12 hours per quarter = 48 hours per year.

Enforcement Based Undercover Narcotics Investigations: The enforcement based undercover investigations will take place in Fort Lauderdale's entertainment district. Undercover detectives, posing as potential drug buyers, will target the dealers of cannabis and synthetic club drugs. The undercover operations will provide the opportunity to remove drug dealers and collect drugs that will be submitted for lab examination.

There will be 4 Marijuana and Synthetic Cathinones Operations. One operation per quarter at 5 hours each for 5 officers per quarter = 100 hours for the year. It is anticipated that these operations will result in 5 misdemeanor and 5 felony arrests, and the seizure of 10 grams of marijuana and 40 pills of other drugs.

High Visibility Underage Alcohol Enforcement Operations: The high visibility underage alcohol enforcement operations will take place at the Riverfront Entertainment Complex throughout the year and on the beach during Spring Break to target underage alcohol binge drinking and other illicit drug activity. These locations are known gathering areas for underage persons.

At the Riverfront Entertainment complex there will be 3 operations per month of 5 hours each including 2 officers. Five hours/day x 3 days/month x 12 months x 2 officers = 360 hours for the year.

During Spring Break 2015, one officer will conduct an operation for 7 hours/day x 5 days/week x 6 weeks = 210 hours for the year.

The Fort Lauderdale Police Officers who will be responsible for carting out the compliance checks and enforcement actions under Trend Buster 4 have experience and training in conducting various underage drinking, narcotics and other such undercover investigations. In fact, the lead officer who will be assigned to administer Operation Trend Buster 4, has more than thirty-three (33) years of experience in enforcing the underage drinking laws in Fort Lauderdale. All officers have received training focused on issues of diversity and cultural sensitivity. The FLPD's Training Academy regularly teaches courses entitled 'Human Interactions' and 'Professional Traffic Stop and Discriminatory Profiling' to new recruits and during on-going training programs. The Human Interactions course is an 8-hour class that covers differences among cultures,

Justice Assistance Grant - County-wide

racism, sexual preferences, etc., and provides guidance for positive interactions. Success can be measured by the number (or lack thereof) of Internal Affairs complaints involving race/ethnicity that are filed in relation to the conduct of Operation Trend Buster 4.

For the vendor awareness components, a successful 'completer' would be: 1) an e-cigarette/tobacco product vendor found to be compliant by not selling an e-cigarette or tobacco product to the investigative aide during the second compliance check; and, 2) a retail alcohol vendor found to be compliant by not selling alcohol to the investigative aide during their compliance check. Progress is tracked via an Operations Log which is maintained for each undercover activity. The Ops Log lists the date, vendor, location, type of compliance check, and the result(s) of each operation. The Ops Log is updated and filed in the Special Operations Division after every compliance check.

It is anticipated that Trend Buster 4 will produce the following outcomes:

By the end of the project 75% of targeted retailers / vendors will be found in compliance as measured by compliance checks.

By the end of the project, cumulatively 75% of the entertainment district marijuana/molly surveillance operations will result in an arrest.

By the end of the project 90% of targeted alcohol retailers / vendors will be found in compliance as measured by compliance checks.

By the end of the project, 90% of the retail vendors will have increased their knowledge of recently enacted laws that pertain to minors and electronic / vapor cigarettes.
