RE: Request for Qualifications, RFQ #946-11407, a contract for architectural services – The South Side School Restoration Project

Mr. Archey,

We are very pleased to submit the qualifications of Gallo Herbert Architects (GHA) for this milestone project for the City of Fort Lauderdale. GHA is an architecture, interior design, planning and consulting firm with a 26 year history of practice in Broward County. We possess a demonstrated expertise in the required services of historic preservation coupled with our ability to perform forensic and due diligence analysis of partially completed structures. This is in addition to our conventional services for complex renovation as well as complete ground up design and construction administration. It is through the integrated services of our excellent team of professionals that we are able to provide the requisite services. Specifically for this assignment, we will provide government processing of development applications, existing conditions due diligence, programming, space and site planning, schematic design, design development, contract documents, permit and bid assistance and construction administration. Additionally, to better assist our clients, GHA also offers in-house interior design.

Our team of professionals consists of a coordinated team of individuals that have delivered services in South Florida and especially The Greater Fort Lauderdale Market, for over 25 years, leading to a combined local experience of over 100 years. Our sub-consultants for MEP and structural engineering are SDBE. This will allow our team to meet or exceed the threshold in the RFP for SDBE participation.

Gallo Herbert Architects (GHA), has specific experience with historic preservation both in Fort Lauderdale, Broward County and other Florida Cities as well as other States. We have served, Historic Stranahan House, Historic Sample McDougald House, and most relevant to this assignment the Southside School on behalf of Nova Southeastern University.

Delta G Consulting Engineers, is a firm that is Fort Lauderdale based and has extensive experience in mechanical, plumbing and electrical design. They are a certified SDBE firm. GHA and Delta G have a 25 year history of working together on projects of all sizes from ground up to renovation.

Bryntesen Structural Engineers, is a Fort Lauderdale based SDBE enterprise. They have been working with GHA since its inception in 1988. They possess expertise in structural and marine services as well as general building structural design. Additionally, they have partnered with GHA on restoration projects for

GALLOHERBERT.COM

Historic Stranahan House, Southside School and for Johnson & Wales University as well as numerous 40 year certifications

Miller Legg, is a Fort Lauderdale based Civil and Landscape professional services organization. GHA has worked with Miller Legg on numerous projects over its 26 year history and most recently has completed the new 800 student dining facility for FAU Center Market Place with the firm.

We are confident in our ability to meet the requirements of the RFP objectives and to be fully responsive to any and all professional services as outlined. What is most important is that we have a recent and intimate knowledge of the history of the design and construction that is partially completed at the Southside School as well as an in-depth knowledge of the inter-local agreements and the agencies that maintain approval control over the project. We can bring this knowledge to the benefit of the City.

As you requested, GHA and its consulting firms have attached information about our qualifications for working on this project. If you wish to discuss the proposal in detail, I am available at your convenience.

Sincerely,

William J. Gallo, AIA, LEED AP, NCARB
Gallo Herbert Architects
CEO

BID/PROPOSAL SIGNATURE PAGE

How to submit bids/proposals: Proposals must be submitted by hard copy only. It will be the sole responsibility of the Bidder to ensure that the bid reaches the City of Fort Lauderdale, City Hall, Procurement Services Division, Suite 619, 100 N. Andrews Avenue, Fort Lauderdale, FL 33301, prior to the bid opening date and time listed. Bids/proposals submitted by fax or email will NOT be accepted.

The below signed hereby agrees to furnish the following article(s) or services at the price(s) and terms stated subject to all instructions, conditions, specifications addenda, legal advertisement, and conditions contained in the bid. I have read all attachments including the specifications and fully understand what is required. By submitting this signed proposal I will accept a contract if approved by the City and such acceptance covers all terms, conditions, and specifications of this bid/proposal.

Please Note: All fields below must be completed. If the field does not apply to you, please note N/A in that field.

Submitted by: William J. Gallo 05-08-2014

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT <p>In 2013 GHA was retained by Nova Southeastern University to complete a feasibility of the status of construction at the South Side School, design an addition and new site development to the Historically designated facility, to complete documents for the construction and to administrate the construction. These improvements and addition were to house the Studio School for the NSU/MOA (Nova Southeastern University Museum of Art). Additionally GHA was to obtain all agency approvals relating to local, county and state. Our firm successfully performed an in-depth existing conditions report and analysis to evaluate the competency of the construction in place, the required documents and construction necessary to complete the renovations and to analyze the status of all agency approvals. We completed all services up to and including full approval by the Historic Preservation Board and negotiations with City Staff on the scope and value of work to complete constructions. At that point the project was placed on hold and ultimately terminated due to the inability of the parties to successfully negotiate a lease.</p> <div style="display: flex; justify-content: space-around;">   </div> <p>Key Relevancies</p> <ul style="list-style-type: none"> • Archeological Analysis • Meetings with Jurisdictional Agencies • Complete Site and Building Integrity Analysis • Financial Analysis • Feasibility Report • Design Development Documents • Graphics of Agency Approvals • HPD Approval • Negotiations with City of Fort Lauderdale

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT <p>In 1981 a developer purchased the original Kress Department Store in Downtown Sarasota. This building was in dilapidated condition. Our firm was retained as consultants to perform the Historic Designation which we accomplished. We were then retained to perform an historic rehabilitation of the exterior and a complete re-purposing of the interior to a new retail center. Additionally, we were able to add a new building which would abut the Historic Kress Building on one side and complete a very important downtown location in Sarasota called "Five Points". Our services consisted of complete Architectural, Engineering and Consulting for the designation and restoration. The building received Federal Historic Restoration Tax Investment Credits.</p>

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT <div style="display: flex;"> <div style="flex: 1;"> <p>PROJECT OVERVIEW:</p> <p>This project consists of a 7,000 sf addition to the Center Market Place food court. The addition will increase the capacity of the venue to just under 500 seats and will include additional food concept stations. The building expansion design intent continues the modern architectural design set forth in the original expansion project, also designed and constructed by the Gallo Herbert Architects and JWR Construction Services design/build team in 2006, and takes full advantage of the abundance of natural light through floor to ceiling glazing. A striking glazed cubist element anchors the prominent corner, calling attention to the building as one drives along FAU Boulevard. A full kitchen redesign is also proposed which will utilize state of the art and energy efficient cooking and refrigeration equipment. This expansion and renovation project of the FAU/Chartwells food service venue must be completed by August 2013 before the Fall semester starts.</p> <p>FEATURES:</p> <ul style="list-style-type: none"> Published in the 2009 American School & University's Educational Interior Showcase Magazine </div> <div style="flex: 2;">    </div> </div>

H. ADDITIONAL INFORMATION

30. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE AGENCY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Gallo Herbert Architects, formally known as Gallo Architects & Development Consultants, Inc. (GADC) was founded in 1988 by William J. Gallo, AIA. Since 1988, Gallo Herbert Architects evolved into a series of owned affiliates providing a multitude of services centered around the development process for institutional and corporate clients throughout the southeast United States.

The history of Gallo Herbert Architects dates back to William J. Gallo founding an architecture and construction management firm in 1973 with offices in New Jersey, Pennsylvania and Florida. During this time the firm specialized in healthcare, long-term care design and educational facilities. In 1985, the company was purchased by a public development and asset management financial institution and Bill remained as Chief Operating Officer, responsible for overall operations.

During these years William J. Gallo expanded his expertise to development economics and fixed asset management. After purchasing back the firm in 1988, he restructured it to expand typical architecture, planning and interior design services to development management, owners representation, expert testimony and feasibility analysis. This company worked in collaboration with newly added affiliate companies for construction and development. In 1995, the firm was incorporated as GADC.

In 1999, GADC expanded and Brian P. Herbert, AIA, became a Principal. Today the firm operates under the name Gallo Herbert Architects.

I. AUTHORIZED REPRESENTATIVE

The foregoing is a statement of facts.

31. SIGNATURE

32. DATE

5/8/2014

33. NAME AND TITLE

William J. Gallo, AIA, LEED AP CEO/Chairman

Imagine a firm focused on producing and managing vibrant, inspiring designs that transform into powerful buildings. Imagine a firm that always strives to create functional and sustainable buildings that fulfill challenging financial, programmatic and schedule requirements. The firm is Gallo Herbert Architects, an architectural firm whose philosophy is to create social art.

Since 1988, Gallo Herbert Architects has specialized in providing architectural services consisting of building and site design, interior design, master planning, feasibility studies, development management and processing, and expert testimony. The company's culture encourages creative thinking at every level. Gallo Herbert Architect's clients benefit from the work of the firm's talented professionals working in an environment that surpasses the norm, embraces sustainability and accomplishes the exceptional.

Team Coordination
 Innovative Designs
 Financial Accountability
 Technical Expertise
 Unparalleled Service
 Commitment to Sustainability

These are the hallmarks of Gallo Herbert Architects.
