**Recommendation**

Staff recommends the City Commission consider an ordinance rezoning 7,182 square feet (0.164 acres) of land legally described as Tract 36 of F.A. Barrett's Subdivision, Plat Book 1, Page 46, of the Public Records of Dade County, Florida, from Residential Single-Family Duplex/Medium Density District (RD-15) to Residential Multifamily Low Rise/Medium Density District (RM-15) to become effective upon the recording of a restrictive covenant limiting the number of dwelling units permitted to be constructed on the property to twelve (12) residential units.

**Background**

The applicant, 3303 Community Development, LLC., is requesting to rezone land located at 3303 SW 15th Avenue from RD-15 to RM-15 to permit the development of a proposed townhouse project on the site. The overall subject parcel is 32,268 square feet (0.74 acres) and a rezoning application for the remaining portion of the property is also scheduled on the April 05, 2022, City Commission agenda. The associated Site Plan Level II development application, Case No. UDP-S21044, is currently under review by the Development Review Committee (DRC). A location and zoning map of the project site is provided as Exhibit 1. The sketch and legal description of the area proposed to be rezoned is attached as Exhibit 2. The applicant's narrative responses to rezoning criteria are attached as Exhibit 3.

The Planning and Zoning Board (PZB) reviewed the application on October 20, 2021, and recommended approval by a vote of 8-1, subject to a condition accepted by the applicant to limit the overall development parcel to a maximum of 12 residential units through a restrictive covenant recorded in the official records of Broward County. The PZB meeting minutes are attached as Exhibit 4, the PZB staff report is attached as Exhibit 5, the public

participation meeting summary is attached as Exhibit 6, and the public sign notice affidavit is attached as Exhibit 7.

The City Commission shall consider the application and the record and recommendations forwarded by the Department, Planning and Zoning Board and public comments on the application to determine whether the application meets the criteria for a rezoning.
