

World Jet Incorporated

Mr. Rufus James
Fort Lauderdale Executive Airport
6000 NW 21ST AVE
Fort Lauderdale, Fl. 33309

Dear Mr. James:

On December 4th, 2012 I received a letter from you outlining some issues with the maintenance of our property. It is my intent to explain the position of World Jet as well as work with you to resolve the issues being addressed.

We are consistently maintaining our property at Parcel 8 CE as it demands repair. Currently we are aware that there are hangar doors that are off the tracks and on the ground on the I row of T-Hangars. We are preparing to correct these issues so that we may once again rent the hangars that are not generating any revenue for us.

In regards to Parcel 11 AB, it is our opinion that the buildings are not to the point in which they require paint. Furthermore, as the decline in the economy is affecting everyone, we are not at the point that we may dedicate funds to that project. If you could provide some guidance as to how the determination is made that a building is at the point in which it requires paint, it would be greatly appreciated.

Sincerely,

A handwritten signature in blue ink, appearing to read 'S. Dennis', is written over a horizontal line.

Steven Dennis
