Miguel,

Thank you for your time earlier today. I wanted to send this email to memorialize where we are at with the Wastewater Freight Elevator Modernization Project. I have detailed the following agreed upon concerns, please let me know if there are any other questions.

- Maverick is released from any responsibilities for this project
- An official termination of this contract will be presented to the commission after we release a new solicitation with different specification and present a new award recommendation for that job.
- We will be working on those specifications and will re-release a solicitation soon.
- We respectfully request that you only bid on the new solicitation if you feel the scope is one that is reasonable and you have complete confidence you can comply 100% with all of the specifications.
- Maverick will not be responsible to pay the City for its cost to resolicit the job.
- This has no impact on the reputation of Maverick with the jobs currently being performed.

We look forward to continuing the elevator maintenance and service we do.

Thanks,

Jodi S. Hart CPPO, CPPB, MBA
