**AMENDMENT NUMBER SEVEN (7) TO
FLORIDA DEPARTMENT OF TRANSPORTATION DISTRICT FOUR (4)
LANDSCAPE INCLUSIVE MAINTENANCE MEMORANDUM OF AGREEMENT
FOR SUNRISE BOULEVARD (SR-838)**

THIS AMENDMENT Number Seven (7) to the Agreement dated December 12, 2007, was made and entered into this _____ day of _____ 20____ by and between the **FLORIDA DEPARTMENT OF TRANSPORTATION**, a component agency of the State of Florida, hereinafter called the **DEPARTMENT**, and the **CITY OF FORT LAUDERDALE**, a municipal subdivision of the State of Florida, hereinafter called the **AGENCY**.

WITNESSETH

WHEREAS, the parties entered into the Landscape Inclusive Maintenance Memorandum of Agreement dated December 12, 2007 (Original Agreement) for the purpose of the AGENCY maintaining landscape and hardscape improvements on **State Road 838 (Sunrise Boulevard)**; and,

WHEREAS, the DEPARTMENT and the AGENCY agree to amend the Original Agreement for the purpose of adding additional landscape improvements (“Additional Improvements”) to be installed by permit on **State Road 838 (Sunrise Boulevard)** in accordance with the above referenced Original Agreement; and,

WHEREAS, the parties hereto mutually recognize the need for entering into an Amendment designating and setting forth the responsibilities of each party, and

WHEREAS, the AGENCY by Resolution No. _____ dated _____, attached hereto as **Exhibit C** and by this reference made a part hereof, desires to enter into this Agreement and authorized its officers to do so.

NOW THEREFORE, for and in consideration of mutual benefits that flow each to the other, the parties covenant and agree as follows:

1. The parties herein agree to modify the Original Agreement accordingly:

A. The following sentence is added to the end of the first paragraph of Section 3:

The AGENCY shall be responsible for all maintenance and repairs to FDOT sidewalks directly attributable to tree roots or other AGENCY maintained improvements.

B. The following section is hereby added:

DEPARTMENT ACCESS TO FACILITIES

The DEPARTMENT will periodically need access to various features within the limits of this Agreement. Upon request of the DEPARTMENT, the AGENCY will have 14 calendar days to provide access to the items noted by the DEPARTMENT. This may require temporary or permanent removal of improvements such as hardscape, landscape or other items conflicting with the items to which the DEPARTMENT needs access.

Should the AGENCY fail to remove or relocate items as requested, the DEPARTMENT may:

- (a) Remove conflicting improvements or any portion thereof.
 - (b) Restore the area with any material meeting DEPARTMENT standards.
 - (c) Restore the improvements at the request and funding of the AGENCY.
2. Pursuant to page 7, section 12 of the Original Agreement, the AGENCY may construct additional landscape improvements on State Road 838 (Sunrise Boulevard), located as indicated in **Exhibit "A"**, in accordance with the plans attached as **Exhibit "B"**.
 3. The AGENCY agrees to maintain the Additional Improvements at no cost to the DEPARTMENT. Maintenance by the AGENCY will include repair, restoration, and general maintenance in accordance with Part I of Exhibit "F" Maintenance Plan for Landscape Improvements, of the Original Agreement, and in compliance with the following provisions:

II. Specific Project Site Maintenance Requirements and Recommendations:

The ornamental aluminum fence will be installed within the roadway median along SR 838/E Sunrise Blvd, stretching from the intersection with SR 5/US-1/N Federal Hwy to the intersection with NE 20th Ave.

The fence will be 36 inches in height, with segments measuring 72 inches in length. Each segment is composed of two top and one bottom aluminum channels (1.5" x 1.5"), two end columns, and 1" x 1" vertical pickets spaced 3.875 inches on center. The foundation for the columns consists of 10-inch diameter by 24-inch-deep concrete footings. The installation also includes two single-opening aluminum gates with flat tops, designed in the Ascot style, featuring self-closing hinges and lockable gravity latches.

Maintenance of the fence and gates will include applying paint as needed when peeling occurs, replacing entire 72-inch segments if sections are partially damaged, and replacing gates, hinges, or lockable latches when necessary. Additionally, maintenance also includes replacement or welding of individual aluminum pickets or channels.

4. Nothing herein shall constitute a waiver of sovereign immunity by the AGENCY.

Except as modified by this Amendment, all terms and conditions of the Original Agreement and all Amendments thereto shall remain in full force and effect.
