The hours during which Maintenance will be provided for each Component System, the targeted response times for certain defined categories of Maintenance calls for each Component System and Custom Modification, and other details and procedures (collectively, the "Maintenance Standards") relating to the provision of Maintenance for each Component System and Custom Modification are described in attached Exhibit 2.

"New Releases" means new editions of a Baseline Component System or Custom Modification, as applicable.

"Notification" means a communication to SunGard Public Sector's help desk by means of: (i) SunGard Public Sector's web helpline; (ii) the placement of a telephone call; or (iii) the sending of an e-mail, in each case, in accordance with SunGard Public Sector's then-current policies and procedures for submitting such communications.

EXHIBIT 2
Maintenance Standards

- I. Hours During Which SunGard Public Sector’s Telephone Support Will be Available to Customer in Connection with the Provision of Maintenance:** Unless otherwise noted in Exhibit 1, support hours are Monday through Friday, 7:00 A.M. to 6:00 P.M. Customer’s Local Time within the continental United States, excluding holidays (“5x11”).
- II. Targeted Response Times.** With respect to SunGard Public Sector’s Maintenance obligations, SunGard Public Sector will use diligent, commercially reasonable efforts to respond to Notifications from Customer relating to the Baseline Component Systems/Custom Modifications identified in Exhibit 1 of this Agreement in accordance with the following guidelines with the time period to be measured beginning with the first applicable SunGard Public Sector “Telephone Support” hour occurring after SunGard Public Sector’s receipt of the Notification:

As a Case is reviewed, the level of priority may change based upon the reviewers findings. SunGard Public Sector will make every effort to resolve issues as soon as possible. This does not guarantee that a resolution to any Case will be found in any specific time frame. However, the following does provide a general guideline.

Priority	Description	TARGET Initial Response Goal	TARGET Resolution Goal
Urgent 1	A support issue shall be considered Urgent when it produces a Total System Failure; meaning SunGard OSSI licensed programs are not performing a process that has caused a complete work stoppage.	In most situations, the acknowledgement of an issue is immediate with a case number being assigned in the original call. In those situations where response is not immediate, our maximum response goal is 45 minutes.	Although resolution times vary depending on the exact issue and customer environment, SunGard Public Sector will immediately work to resolve an urgent issue and if the issue is not resolved within 4 hours, provide a preliminary resolution plan that details the steps necessary to understand and possibly resolve the issues within our maximum resolution goal of 18 hours.
Critical 2	A support issue shall be considered Critical when a critical failure in operations occurs; meaning SunGard OSSI licensed programs are not performing a critical process and prevents the continuation of basic operations. Critical problems do not have a workaround. This classification does not apply to intermittent problems.	In most situations, the acknowledgement of an issue is immediate with a case number being assigned in the original call. In those situations where response is not immediate, our maximum response goal is 90 minutes.	SunGard Public Sector will immediately work to resolve a critical issue and if the issue is not resolved within 3 business days, provide a preliminary resolution plan that details the steps necessary to understand and possibly resolve the issues within our maximum resolution goal of 7 business days.

<p>Non-Critical 3</p>	<p>A support issue shall be considered Non-Critical when a non-critical failure in operations occurs; meaning SunGard OSSI licensed programs are not performing non-critical processes, but the system is still usable for its intended purpose or there is a workaround.</p>	<p>Respond within four hours of the issue being reported.</p>	<p>Resolve a Non-Critical issue within 180 business days in a scheduled service pack or release.</p>
<p>Minor 4</p>	<p>A support issue will be considered Minor when the issue causes minor disruptions in the way tasks are performed, but does not affect workflow or operations. This may include cosmetic issues, general questions, and how to use certain features of the system.</p>	<p>Respond within twenty-four hours of the issue being reported.</p>	<p>May be scheduled in a future service pack or release.</p>

***Response Goal** -Measured from the moment a Case number is created to the point where progress is made toward the resolution of the Case.

***Resolution Goal** -Measured from the moment a Case number is created to the point where both parties agree the Case is resolved.
