BEACH FOOD AND ALCOHOLIC BEVERAGES APPLICATION

PRD.BFABA

LICENSE APPLICATION FOR THE SALE, SERVICE, AND DELIVERY OF FOOD AND ALCOHOLIC BEVERAGES ON CITY BEACHES BY UPLAND HOTELS

PROCESS: Pursuant to Section 8-55.4, of the City's Code of Ordinances, the Parks and Recreation Department will review all applications from upland hotels for a license to sell, serve, and deliver food and alcoholic beverages on City beaches. Applicants will be notified via e-mail, if application does not meet the submittal requirements and if changes or additional information is required. Completed applications should be provided to the Parks and Recreation Department no later than November 1 in order to allow time to process the application for approval prior to January 1.

An application for a license to sell, serve, and deliver food and alcoholic beverages on the Public Beach for consumption by an upland hotel guest or any person who rents a beach chair from a city-approved beach concessionaire shall be submitted to the city's Parks and Recreation Department by email to cbean@fortlauderdale.gov on forms provided by the department and shall be subject to the minimum requirements set by the department. The Parks and Recreation Department is responsible for the processing and administration of license applications.

FEES: All application fees for the sale, service, and delivery of food and alcoholic beverages on city beaches are calculated at an amount equal to Twenty-Five Dollars (\$25) times the total number of guest rooms at Applicant's upland hotel and shall be due annually on January first of each year, and may be amended from time to time by the City Commission. In addition to the application fee, any additional costs incurred by the City shall be paid by the applicant. Any additional costs, which are unknown at the time of application, are later incurred by the City, shall be paid by the applicant prior to the issuance of the license.

LICENSE FEE: NUMBER OF HOTEL GUEST ROOMS X \$25.00

INSTRUCTIONS: The following information is required pursuant to Section 8-55.4 of the City's Code. The application must be filled out accurately and completely. Please print or type and answer all questions. Indicate N/A if does not apply.

By extending this certificate or the certificate number to a selling dealer to make eligible purchases of taxable property or services exempt from sales tax and discretionary sales surtax, the person or business named above certifies that the taxable property or services purchased or rented will be resold or re-rented for one or more of the following purposes:

- Resale as tangible personal property
- Re-rental as tangible personal property
- Resale of services
- Re-rental as commercial real property
- Incorporation into tangible personal property being repaired
- Re-rental as transient rental property
- Incorporation as a material, ingredient, or component part of tangible personal property that is being produced for sale by manufacturing, compounding, or processing

Your *Florida Annual Resale Certificate for Sales Tax* (Annual Resale Certificate) allows you or your representatives to buy or rent property or services tax exempt when the property or service is resold or re-rented. You **may not** use your Annual Resale Certificate to make tax-exempt purchases or rentals of property or services that will be used by your business or for personal purposes. Florida law provides for criminal and civil penalties for fraudulent use of an Annual Resale Certificate.

As a seller, you must document each tax-exempt sale for resale using one of three methods. You can use a different method each time you make a tax-exempt sale for resale.

1. Obtain a copy (paper or electronic) of your customer's current Annual Resale Certificate.
2. For each sale, obtain a transaction authorization number using your customer's Annual Resale Certificate number.
3. Each calendar year, obtain annual vendor authorization numbers for your regular customers using their Annual Resale Certificate numbers.

Emergency Removal of Equipment from Premises

Boucher Brothers realizes the critical significance of having a comprehensive, manageable evacuation plan. Whether it be because of unsafe weather conditions, large scale special events or any other situation that may arise, Boucher Brothers will be able to quickly, safely remove and store all equipment in a secure location off the beach.

Hurricane/Storm Procedures

Evacuations or removals occur in varying degrees and not all are hurricane or tropical storm related.

All require anticipation and preparation, with the following goals in no particular order:

1. Not interfere with City's ongoing activities/plans.
2. Cause as little inconvenience to beachgoers as possible.
3. Remove and store equipment in a manner that allows the fastest restoration of beach concession operations.
4. Coordinate with Beach Safety and especially Beach Maintenance for scheduling.
5. Understanding of restrictions in place during Turtle Season and procedures to be followed for special permission or waivers.
6. Forecasts of sustained high wind events may require a pre-emptive movement of equipment. The type and amount of equipment to be relocated or removed and stored will be determined by a number of factors.
 - Force of wind
 - Direction of wind
 - Duration of Event
 - Tide levels
 - Time of year

Boucher Brothers has storage space and owns an indoor warehouse. There is adequate capacity to store all rental equipment in our warehouse.

Boucher Brothers has done various levels of evacuation dating back to Hurricane Andrew in 1992 through super storm Sandy. We know what works and what does not as a result of 33 years of firsthand experience on Florida's beaches. We are able to remove and store all rental equipment from the beachfront within (1) one hour of notification by appropriate City authorities and within twenty four (24) hours of issuance of a Hurricane Warning by the Broward County Office of Emergency Management. Should any vehicle larger than an ATV be required to move equipment on or off the beach, Boucher Brothers we request the proper approval from the City and make sure that Ocean Rescue staff escorts us on and off the beach.

Hurricane Preparation/Evacuation Plan

Aside from moving the chairs, umbrellas and cabanas off the beach we will also move all the on-beach storage facilities. Moving of all equipment and storage facilities will typically start to take place within 15 minutes after the evacuation is put in to effect. This process will take from 3 to 4 hours. The storage units will be moved to one of Boucher Brothers Management's off-beach storage locations.

Additionally, Boucher Brothers owns service pickup trucks and flatbed trailers which will aid in the transporting of equipment off the beach in case of a hurricane watch. These trailers will be used to move the lounge chairs, beach umbrellas, cabanas and storage units from the beach to the storage area.

Situational Awareness

- Boucher Brothers has a trained Evacuation Team. There is 1 team member responsible for charting any disturbances on the Atlantic Ocean during Hurricane Season. This is the same person responsible for tracking and reporting all inclement weather for water sports and beach rental purposes year-round.
- One team member is stationed in the main office and the other four are stationed out in the field. It is this team member who will report to the Executive Team and Ownership of the company (One of the Boucher Brothers) whenever a hurricane watch is in effect for the Mid-Atlantic.
- Once the president of the company has been advised that a hurricane watch has been issued for the Broward County, FL area by the National Hurricane Center, it is he/she who will communicate with the city and act upon their decision to implement the Evacuation Plan.
- In order to be fully informed of any developments relating to the hurricane, there is an Evacuation Team member who is responsible for monitoring any information, recommendations or updates released by Broward County Office of Emergency Management and the Emergency Operations Center. This team member is also responsible for monitoring the EOC's Evacuation Zone Map.

Action Plan

- Within minutes after our Evacuation Plan is called into effect, the Area Director is contacted. The Area Director then contacts the manager with the decision to evacuate. The Area Director then contacts all Boucher Brothers Staff under their supervision and informs them that the Evacuation Plan is in effect.
- Within minutes after receiving word that we are evacuating, the Attendants immediately close down all concessions where beach rentals and sales operations take place.
- Boucher Brothers Staff is not only responsible for assisting in the moving of all beach equipment during a hurricane watch evacuation, but also of informing all beach patrons of the situation. Once all sales/rental operations are shut down, Boucher Brothers staff and Evacuation Team members will advise the people on the

beach that, for their safety, they should leave and evacuate the beach area. This will typically start to take place within 15 minutes after Evacuation Plan is implemented and will continue throughout the entire evacuation process.

- During the evacuation process, Boucher Brothers staff will be supervised and provided with guidance by their Area Director to complete the removal process.

Hurricane Checklist

Pre-Storm

- A week prior to potential storm Directors will meet to discuss Hurricane Prep.
- Verify that the Driver's Licenses of all members operating vehicles during storm are in good standing.
- Contact City and County Personnel (City) to understand respective expectations.
- Managers must submit paperwork to the office prior to the storm.
- Time cards must be checked pre and post storm prior to being turned in.
- Create Director Lead Task Teams.
- Establish 1 person as the point of contact to answer any questions the City may have.
- Count and inspect all inventory (Chairs, cushions, beds, bed cushions, lotions, etc.)
- Find an alternative option, other than cables, to secure all chairs.
- All white storage boxes will be labeled with inventory count and location name (Painters Tape)
- All chairs to be neatly stacked by the dunes the night before evacuation.

- All staff to be on call. (Includes but not limited to Cashiers, Beach Attendants, Hourly & Salary Employees, etc.)
- Remove all tarps from the beach (Should not be utilized if wind exceeds 30 MPH)

Post-Storm

- Contact the City and request approval to deploy equipment.
- Provide City with tentative schedule for commencement of normal operations.
- Follow the Priority List when returning equipment.
- Count and inspect all inventory (Chairs, cushions, beds, bed cushions, lotions, etc.)
- Submit work orders to Maintenance for beach storage box needing paint touch ups and repairs.

Hurricane Safety Tips

BEFORE A HURRICANE:

- Have a disaster plan.
- Have a pet plan. Before a storm threatens, contact your veterinarian or local humane society for information on preparing your pets for an emergency.
- Board up windows.
- Bring in outdoor objects that could blow away.
- Make sure you know which county or parish you live in.
- Know where all the evacuation routes are.

- Prepare a disaster supplies kit for your home and car. Have enough food and water for at least 3 days. Include a first aid kit, canned food and a can opener, bottled water, battery-operated radio, flashlight, protective clothing and written instructions on how to turn off electricity, gas, and water.
- Have a NOAA weather radio handy with plenty of batteries, so you can listen to storm advisories.
- Have some cash handy. Following a hurricane, banks and ATMs may be temporarily closed.
- Make sure your car is filled with gasoline.

DURING A HURRICANE:

- Stay away from low-lying and flood prone areas.
- Always stay indoors during a hurricane, because strong winds will blow things around.
- Leave mobile homes and to go to a shelter.
- If your home isn't on higher ground, go to a shelter.
- If emergency managers say to evacuate, then do so immediately.

AFTER A HURRICANE:

- Stay indoors until it is safe to come out.
- Check for injured or trapped people, without putting yourself in danger.
- Watch out for flooding which can happen after a hurricane.
- Do not attempt to drive in flooding water.
- Stay away from standing water. It may be electrically charged from underground or downed power lines.
- Don't drink tap water until officials say it's safe to do so.

- Staff will wear a safety vest when crossing A1A
- Guests are informed of safe measures to safely cross A1A and we have both guest services staff and beach staff to support this.
- Employees who serve alcohol are TIPS certified with Florida regulations.
- Food and Beverages offerings will be from Honey Fitz, the bar located on the ground floor. All menu items will be selected because of their ability to travel well and ease of consumption on the beach. Hot and cold items will be offered.
- Beach Hub will be built to house POS system along with significant portion of beverages offerings, this will alleviate need to cross A1A for beverages orders.
