

CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING

#14-0160

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: February 4, 2014

TITLE: A resolution authorizing the execution of a deed donating portions of the right-of-way at NE 15th Avenue and NE 17th Way along Sunrise Boulevard/State Road 838 from the City to Florida Department of Transportation

Recommendation

It is recommended that the City Commission adopt a resolution authorizing execution by the proper City officials of a City deed donating to Florida Department of Transportation (FDOT) portions of the right-of-way (ROW) as provided in the attachments for placement of new mast arms at NE 15th Avenue and NE 17th Way and State Road 5 (US1/Sunrise Boulevard).

Background

As part of FDOT resurfacing, restoration and rehabilitation (3-R) project, from Broward Boulevard to NE 17th Way on SR -5 (US – 1/ Sunrise Boulevard), the State is requesting that the City donate these areas for the placement of new mast arms at NE 15th Avenue and NE 17th Way. These improvements are the result of a structural evaluation of the current signalization. The request provides the same right-of- way width from the baseline along both the north and south sides of the road within the project. City staff is in agreement with these improvements.

Resource Impact

No funding impact.

Strategic Connections

1. This item is a *Press Play Fort Lauderdale Strategic Plan 2018 Initiative*, included within the **Infrastructure Cylinder of Excellence**, specifically advancing:

Goal 1: Be a pedestrian friendly, multi-modal City.

Objective 1: Improve transportation options and reduce congestion by working with agency partners.

Objective 2: Improve pedestrian, bicyclist, and vehicular safety.

02/04/2014

#14-0160

Initiative 1: Implement traffic calming mechanisms to increase safety through environmental design.

This item helps advance the *Fast Forward Fort Lauderdale* vision of **We Are Connected**, where neighbors can move seamlessly and easily through a safe transportation system where the pedestrian is first
