

**CITY OF FORT LAUDERDALE
City Commission Agenda Memo
REGULAR MEETING**

#14-0512

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: May 6, 2014

TITLE: Motion to approve the award of annual marine facilities repair
maintenance contract – Invitation to Bid (ITB) 243-11357 – \$735,372

Recommendation

It is recommended that the City Commission award a one-year unit price based contract for annual marine facilities repair maintenance to the lowest cost, responsive and responsible bidder, B & M Marine Construction, Inc. (B & M Marine), utilizing the City's construction contract in the amount of \$735,372, and authorize the City Manager to approve three, one-year renewal options, contingent upon appropriation of funds.

Background

The project includes replacement, improvement and restoration of various marine facilities and structures throughout the City. Such structures include, but are not limited to, marine amenities (mooring boat cleats aluminum ladders), seawalls and ramps.

Bid opening for this project was held on March 28, 2014. Three bids were received.

B & M Marine submitted the lowest, responsive and responsible bid of \$735,372. The bid is based upon various line item unit pricings and the resulting amount is only for comparison of the submitted bids. Actual costs will be assessed by task order for each individual scope of work. Specific line items will be used as they relate to the required projects throughout the term of the contract. This contract is developed to be a resource for any projects requiring the unit bid items for this type of work.

Resource Impact

There will be an estimated fiscal impact to the City in the amount of \$735,372 for the contract and \$118,608 for engineering fees for a total of \$853,980. Task orders will be issued on a per project, as needed basis, contingent upon approval and appropriation of funds.

<i>Funds available as of April 10, 2014</i>
