

LETTER TO THE COMMISSION

LTC No: 25-203

TO: Honorable Mayor and Members of the Fort Lauderdale City Commission
FROM: Rickelle Williams, City Manager *RW*
DATE: October 15, 2025
SUBJECT: Fort Lauderdale Beach Park Update #2 – Alternative 1A

The purpose of this Letter to the Commission (LTC) is to provide an update associated with LTC No. 25-189 (Fort Lauderdale Beach Park Update), which was issued on October 1, 2025. LTC No. 25-189 provided the City Commission with information on potential Fort Lauderdale Beach Park improvements which included three (3) alternative site plan options.

City staff recommended that the City Commission consider Alternative 1 as the preferred concept. Alternative 1 included two (2) basketball courts located near the south end of the existing parking lot. The basketball courts would be positioned in a linear arrangement along the wave wall on the sand. The scope includes lighting, picnic tables, seat walls, and landscaping improvements. The concept reconfigures the existing wave wall and eliminates approximately thirteen (13) parking spaces. The estimated cost for Alternative 1, including all other park improvements, was estimated at \$2,287,782 – \$2,400,644.

AECOM modified Alternative 1 to mitigate the loss of the thirteen (13) parking spaces. This new site plan (Alternative 1A) has no parking impacts and includes two (2) basketball courts located near the south end of the existing parking lot. The basketball courts shifted slightly south of the Alternative 1 location, with the courts in closer proximity to each other. The basketball courts are positioned in a slightly staggered, linear arrangement along the wave wall on the sand. The scope includes lighting, picnic tables, and landscaping improvements. The estimated cost for Alternative 1A, including all other park improvements, is \$2,032,502 - \$2,145,363.

Alternative 1A is recommended as the preferred concept plan.

I will be seeking City Commission feedback as part of the City Manager's Report during the October 23, 2025, City Commission Conference Meeting.
