SOFTWARE LICENSE AGREEMENT

Notice to User:

By clicking on the "I ACCEPT" button, you are consenting to be bound by and are becoming a party to this License Agreement, which is a legal document between you and Finite Matters Ltd., a Virginia corporation ("Licensor"). If you do not agree to all of the terms of this License Agreement, click the "I DO NOT ACCEPT" button.

By installing or using the accompanying software, you agree to be bound by the terms of this Agreement. If you do not agree, you are not licensed to use the software, and you must remove the software from your system and return any tangible copies of the software in your possession or control to Licensor.

Software License

License Grant. Licensor hereby grants to you a non-exclusive, NON-TRANSFERABLE, limited license (the "License") to use the accompanying software application and data (the "Program") on any computer located at your business premises and any other computers or devices owned or controlled by you which can be accessed from outside your business premises by a telecommunications network or otherwise.

Copying. You may make that number of copies of the Program that are necessary for you to use the Program in accordance with the license granted above. You also may copy the Program for archival purposes. Each copy made by you must include the copyright/proprietary rights notice(s) embedded in and affixed to the Program. All other copying of the Program, any part thereof, or the accompanying documentation (if any) is prohibited.

Other Restrictions. YOU MAY NOT DISTRIBUTE, LOAN, LEASE OR RENT THE PROGRAM, BUT YOU MAY TRANSFER YOUR RIGHTS UNDER THIS LICENSE ON A PERMANENT BASIS IF YOU TRANSFER THIS LICENSE, THE PROGRAM AND ALL ACCOMPANYING WRITTEN MATERIALS AND RETAIN NO COPIES, AND THE RECIPIENT AGREES TO THE TERMS OF THIS AGREEMENT. ANY TRANSFER OF THE PROGRAM MUST INCLUDE THE MOST RECENT UPDATE AND ALL PRIOR VERSIONS. Under no circumstances may you modify, translate, reverse engineer, decompile, or disassemble the Program, any associated data or subscription files, or create any derivative work thereof.

Title. Title to the Program is not transferred to you. Ownership of the Program and all subsequent copies of the Program regardless of the form or media in or on which the original and other copies subsequently may exist, remains in Licensor.

Limited Warranty and Disclaimer

Limited Warranty. Licensor warrants that, for a period of 90 days from the date you receive the Program: (i) the medium, if any, upon which the Program is provided to you by Licensor will be free from defects in material and workmanship under normal use, and (ii) the Program will perform substantially in accordance with its accompanying documentation when operated in the computing environment specified by Licensor. Licensor does not warrant, however, that the Program will meet your requirements, that your use of the Program will be uninterrupted, that the operation of the Program will be error-free or secure, or that any defects in the Program will be corrected. Modifications to the Program, subjection of the Program to accident, abuse, or improper use, or violation of the terms of this Agreement shall void this limited warranty immediately. This warranty shall not apply if the Program is used on or in conjunction with hardware or software other than the unmodified version of hardware and software with which the Program was designed to be used as described in the accompanying documentation.

DISCLAIMER. EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, THE PROGRAM AND ANY DOCUMENTATION ARE PROVIDED "AS IS," "WITH ALL FAULTS" AND WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF PERFORMANCE OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN ADDITION, THERE IS NO WARRANTY AGAINST INTERFERENCE WITH YOUR ENJOYMENT OF THE PROGRAM OR AGAINST INFRINGEMENT.

Limitation of Remedies. Licensor's entire liability and your exclusive remedy for breach of any expressed or implied warranty shall be, at Licensor's option, either (i) replacement of the Program or media that does not conform to the Limited Warranty contained in this Agreement and which is returned to Licensor with a copy of your purchase receipt prior to expiration of the applicable warranty period, or (ii) a refund of your purchase price for the Program upon return of the Program and all documentation with a copy of your purchase receipt prior to expiration of the applicable warranty period and certification that you have erased all other copies of the Program in your control or possession. Any replacement Program will be warranted for the remainder of the original warranty period or 30 days, whichever is longer.

LIMITATION OF LIABILITY. IN NO EVENT WILL LICENSOR BE LIABLE FOR ANY LOST PROFITS OR OTHER DAMAGES, INCLUDING DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, CONSEQUENTIAL OR ANY OTHER TYPE OF DAMAGES, ARISING OUT OF THIS AGREEMENT OR THE USE OF THE PROGRAM LICENSED HEREUNDER, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

General Provisions

Termination. This Agreement and the License granted herein may be terminated by Licensor, at its sole option, if you commit a material breach of this Agreement. This Agreement and the License granted herein shall terminate immediately upon your receipt of a new version or update of the Program. Upon any termination of this Agreement, you must cease use of the Program, destroy all copies then in your possession or control, and take such other action as Licensor may reasonably require to ensure that no copies of the Program remain in your possession or control.

Export Controls. The Program, the Program technology and its related documentation may not be exported or reexported in violation of the U.S. Export Administration Act and its implementing regulations.

Governing Law. This Agreement shall be governed by and construed under the laws of the Commonwealth of Virginia, U.S.A. as such laws apply to agreements between Virginia residents entered into and to be performed within Virginia, except as governed by Federal law. ANY ACTION OR PROCEEDING SHALL BE BROUGHT IN A FEDERAL OR STATE COURT OF COMPETENT JURISDICTION IN THE COUNTY OF GOOCHLAND, VIRGINIA OR THE CITY OF RICHMOND, VIRGINIA, AND IN NO OTHER JURISDICTION.

Miscellaneous. This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be void, invalid, unenforceable or illegal, the validity and enforceability of the other provisions will not be affected thereby. Failure of a party to enforce any provision of this Agreement does not constitute and should not be construed as a waiver of such provision or of the right to enforce such provision. The application of the United Nations Convention on Contracts for the International Sale of Goods is expressly excluded.

U.S. Government Restricted Rights. The Program and any documentation are provided to the Government with RESTRICTED RIGHTS as defined at 48 CFR 27.401 or at DFARS 252.227-7013(a), as appropriate to the procuring agency. Notwithstanding any other lease or license agreement that pertains to, or accompanies the delivery of, the Program, use, duplication or disclosure by the U.S. Government is subject to restrictions set forth in subparagraphs (c)(1) and (c)(2) of the Commercial Computer-Restricted Rights clause at FAR 52.227-19, when procured or used by civilian agencies of the U.S. Government, or in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013, when procured or used by agencies of the U.S. Department of Defense, and in similar clauses in the NASA FAR Supplement, where applicable. U.S. Government Restricted Rights Contractor/manufacturer is Finite Matters Ltd., 3064 River Road West, Suite B, Goochland, Virginia 23063.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- a. You must give any other recipients of the Work or Derivative Works a copy of this License; and
- b. You must cause any modified files to carry prominent notices stating that You changed the files; and
- c. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- d. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character

arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS
