DATE: July 9, 2019

TITLE: Resolution to Approve Budget Amendment – Appropriation of \$500,000 from the Off-Street Parking Project to the Northwest Progresso Flagler Heights Streetscape Project - **(Commission District 3)**

Recommendation

It is recommended that the Community Redevelopment Agency (“CRA”) Board of Commissioners approve the Budget Amendment to transfer \$500,000 from the Off-Street Parking Project (P12166) to the Northwest Progresso Flagler Heights (“NPF”) Streetscape Project (P12507).

Background

On July 9, 2019, the CRA will request to fund the Thrive Progresso Project in the amount of \$2,500,00.00 under the Development Incentive Program (“DIP”) and \$340,374.87 under the NPF Streetscape Improvement Project. The proposed DIP funded project consists of the renovation of the five properties under four separate ownerships in the Industrial/Light Industrial portion of the Progresso area.

The streetscape component of Thrive Progresso consists of streetscape improvements conceptually shown on the illustrations within the Public Right-Of-Way along NW 5th Avenue adjacent to the properties. The property owners have estimated the proposed cost of the streetscape beautification project to be \$378,194.30 as prepared by Cadence, landscape architects. The work include hardscape, such as concrete sidewalks, curbs and roadway improvements along with landscaping, irrigation, rain garden and bioswales.

The Thrive Progresso Project is also consistent with the recommendations of the Urban Land Institute TAP (Technical Assistance Panel) 2014 recommendations for the Sistrunk Corridor, recognizing that industrial buildings create a unique environment, offer redevelopment potential and present a strong opportunity to attract business and users such as entertainment, retail and gallery use options to complement the City’s FAT Village Technology and Arts District.

A transfer of CRA funds from the Off-Street Parking Project to the NPF Streetscape Project is needed to cover CRA streetscape costs and costs associated with the Thrive

Progresso Project. There is an associated consolidated Budget Amendment item on the July 9, 2019 City Commission Regular Meeting.

Resource Impact

There will be a fiscal impact in the amount of \$500,000.
