

**TO:** Honorable Mayor & Members of the  
Fort Lauderdale City Commission

**FROM:** Lee Feldman, ICMA-CM, City Manager

**DATE:** December 18, 2012

**TITLE:** Motion to approve the proprietary purchase of annual support agreement  
for Police and Fire Computer Aided Dispatch (CAD) and Records  
Management System (RMS) - \$233,785

---

**Recommendation**

It is recommended that the City Commission approve the purchase of a proprietary annual support agreement for Police Computer Aided Dispatch (CAD) and Records Management System (RMS) from Intergraph Corporation, d/b/a Intergraph Corporation CAD Systems, in the amount of \$233,785.

**Background**

In 1998, the City awarded the purchase of a CAD and RMS software system from Intergraph Corporation via a competitive Request for Proposals process. This system provides:

- Federal Uniform Crime Report (UCR)
- Police Department Personnel Data
- Florida/National Crime Information Center (FCIC/NCIC) Interface
- Police and Fire Radio Communications System Interface
- CAD events status monitoring
- Fire and Emergency Medical Service (EMS) closest unit assignments
- CAD to Mobile Data Terminals Interface in Police vehicles
- Time and spatial correlation of Crime Data
- CAD Event Data sequences

This annual support provides for helpdesk support, 24-hour support for critical issues, and updates for all software products (Exhibit 1).

The End-User License Agreement (Exhibit 2) allows for updates that are pulled from the vendor's website. As such, when new software releases or fixes are available, the end user will be prompted to accept the agreement. By agreeing to the terms of the End-User License Agreement, which Intergraph has indicated are non-negotiable, the City will be agreeing to indemnify Intergraph under certain circumstances; governing law is

that of Alabama, and venue for any legal action is in Alabama.

**Resource Impact**

There is a fiscal impact to the City in the amount of \$233,785.
