The Contractor shall perform the Work under the general direction of the City as set forth in the Contract Documents.

and responsibilities, and is deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment, and tasks which are such an inseparable part of the Work described that exclusion would render performance by Contractor impractical, illogical, or unconscionable. Contractor acknowledges and agrees that the City's Contract Administrator has no authority to make changes that would increase, decrease, or otherwise modify the Scope of Services to be provided under this Agreement.

By signing this Agreement, the Contractor represents that it thoroughly reviewed the documents incorporated into this Agreement by reference and that it accepts the description of the work and the conditions under which the Work is to be performed.

III. TERM OF AGREEMENT

The initial contract period shall commence on October 1, 2021, and shall end on September 30, 2024. The City reserves the right to extend the contract for three additional one-year terms, providing all terms conditions and specifications remain the same, both Parties agree to the extension, and such extension is approved by the City. In the event the term of this Agreement extends beyond the end of any fiscal year of City, to wit, September 30th, the continuation of this Agreement beyond the end of such fiscal year shall be subject to both the appropriation and the availability of funds.

IV. COMPENSATION

The Contractor agrees to provide the services and/or materials as specified in the Contract Documents at the cost specified in Exhibit C. It is acknowledged and agreed by Contractor that this amount is the maximum payable and constitutes a limitation upon City's obligation to compensate Contractor for Contractor's services related to this Agreement. This maximum amount, however, does not constitute a limitation of any sort upon Contractor's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services. Except as otherwise provided in the solicitation, no amount shall be paid to Contractor to reimburse Contractor's expenses.

V. METHOD OF BILLING AND PAYMENT

Contractor may submit invoices for compensation no more often than monthly, but only after the services for which the invoices are submitted have been completed. An original invoice plus one copy is due within fifteen (15) days of the end of the month except the final invoice which must be received no later than sixty (60) days after this Agreement expires. Invoices shall designate the nature of the services performed and/or the goods provided.

City shall pay Contractor within forty-five (45) days of receipt of Contractor's proper invoice, as provided in the Florida Local Government Prompt Payment Act.

To be deemed proper, all invoices must comply with the requirements set forth in this Agreement and must be submitted on the form and pursuant to instructions prescribed by the City's Contract Administrator. Payment may be withheld for failure of Contractor to comply with a term, condition, or requirement of this Agreement.

Notwithstanding any provision of this Agreement to the contrary, City may withhold, in whole or in part, payment to the extent necessary to protect itself from loss on account of inadequate or defective work that has not been remedied or resolved in a manner satisfactory to the City's Contract Administrator or failure to comply with this Agreement. The amount withheld shall not be subject to payment of interest by City.

The City Manager may also terminate this Agreement upon such notice as the City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The Parties agree that if the City erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the Work to the City's satisfaction; or failure to continuously perform the Work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.

All insurance policies are subject to approval by the City's Risk Manager.

Contractor is an independent contractor under this Agreement. Services provided by Contractor pursuant to this Agreement shall be subject to the supervision of the Contractor. In providing such services, neither Contractor nor Contractor's agents shall act as officers, employees, or agents of City. M. Inspection and Non-Waiver

Contractor shall permit the representatives of City to inspect and observe the Work at all times.

The failure of the City to insist upon strict performance of any other terms of this Agreement or to exercise any rights conferred by this Agreement shall not be construed by Contractor as a waiver of the City's right to assert or rely on any such terms or rights on any future occasion or as a waiver of any other terms or rights.

N. Assignment and Performance

Neither this Agreement nor any right or interest herein shall be assigned, transferred, or encumbered without the written consent of the other party. In addition, Contractor shall not subcontract any portion of the Work required by this Agreement, except as provided in the Schedule of Subcontractor Participation. In the event Contractor is permitted pursuant to this Agreement to utilize subcontractors to perform any services required by this Agreement, Contractor agrees to require such subcontractors, by written contract, to comply with the provisions of this Section to the same extent as Contractor.

City's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.

R. Compliance With Laws

Contractor shall comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations in performing Contractor's duties, responsibilities, and obligations pursuant to this Agreement.

Contractor hereby expresses its willingness to enter into this Agreement with Contractor's recovery from the City for any damage action for breach of contract or for any action or claim arising from this Agreement to be limited to a maximum amount of \$1,000 less the amount of all funds actually paid by the City to Contractor pursuant to this Agreement.

Accordingly, and notwithstanding any other term or condition of this Agreement, Contractor hereby agrees that the City shall not be liable to Contractor for damages in an

amount in excess of \$1,000 which amount shall be reduced by the amount actually paid by the City to Contractor pursuant to this Agreement, for any action for breach of contract or for any action or claim arising out of this Agreement. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon City's liability as set forth in Section 768.28, Florida Statutes (2021), as may be amended or revised.

U. Jurisdiction, Venue, Waiver, Waiver of Jury Trial

This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. 4. The non-performing party uses its best efforts to remedy its inability to perform. Notwithstanding the above, performance shall not be excused under this Section for a period in excess of two (2) months, provided that in extenuating circumstances, the City may excuse performance for a longer term. - 5.15 UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. The circumstances must be beyond the control of the Contractor, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:
1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.
 2. The City requires the Contractor to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.
 3. If the City, in its interest and in its sole opinion, determines that the Contractor in a capricious manner attempted to use this section of the contract to relieve Contractor of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying Contractor from receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

- 5.16 ELIGIBILITY:** If applicable, the Contractor must first register with the Florida Department of State in accordance with Florida Statutes, prior to entering into a contract with the City.
- 5.17 PATENTS AND ROYALTIES:** The Contractor, without exception, shall defend, indemnify, and hold harmless the City and the City's employees, officers, employees, volunteers, and agents from and against liability of any nature and kind, including cost and expenses for or on account of any copyrighted, patented or un-patented invention, process, or article manufactured or used in the performance of the contract, including their use by the City. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include any and all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

- 5.18 **ASSIGNMENT:** Contractor shall not transfer or assign the performance required by this ITB without the prior written consent of the City. Any award issued pursuant to this ITB, and the monies, which may become due hereunder, are not assignable except with the prior written approval of the City Commission or the City Manager or City Manager's designee, depending on original award approval.
- 5.19 **GOVERNING LAW; VENUE:** The Contract shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any lawsuit by either party against the other party or otherwise arising out of the Contract, and for any other legal proceeding, shall be in the courts in and for Broward County, Florida, or in the event of federal jurisdiction, in the Southern District of Florida.

We are confident that we can provide meaningful and effective service as we work toward accomplishing your legislative goals.

- **As required within Section 4.2.3, Below are detailed examples of our variety of representation of clients similar in size and scope, before State government.**

City of Doral: Representing the City since 2005, we have secured millions in funding for the City’s stormwater improvement projects, community center, intersection signalization for pedestrian safety. We have secured \$200,000 for Stormwater Improvements, \$350,000 for Intersection Signalization Pedestrian Safety, \$447,500 for Pedestrian Safety and Roadway Improvements on 112th Avenue, \$500,000 for the 114th Avenue Community Center through the Cultural Facilities Program, and \$1 million for canal bank stabilization, and for stormwater system improvements, city wide efforts that have been funded over several years.

We have also defeated attempts to reform membership of the Metropolitan Planning Organization. The City of Doral, as well as the City of North Miami Beach, (another firm client) are two rapidly growing cities in South Florida, both of which were reaching the required population threshold of 50,000 that would allow them a seat on the local Metropolitan Planning Organization. Several years ago, an amendment to the state’s transportation package was filed that would have restructured the membership of the MPO and raised the threshold for membership from 50,000 to 60,000, intended to exclude growing metropolitan area cities. Our firm successfully worked with the parties involved to remove that provision and keep the population threshold at 50,000.

City of Marco Island: We have represented the City since 2014. In addition to funding we have secured during this time, an important policy issue was that of the area’s COPCN Licensing. Specifically, pursuing legislation that would allow for the City to apply for a COPCN license directly from the State. During the 2018 Session on behalf of the City of Marco Island, we passed a local bill allowing the City to apply for and be issued a Certificate of Public Convenience and Necessity (COPCN) directly from the State. The bill allowed for the Florida Department Health to issue the City a COPCN license to provide basic and advanced life support services, without the city obtaining a COPCN from Collier County. The local bill provided that the DOH could issue the City of Marco Island a license directly to provide basic and advanced life support services. This would require the City to meet the statutory requirements for the issuance of a license including required fees, provide equipment met departmental standards, maintain insurance providing

coverage for injury, death, and property damage, and a ballot item approved by the majority of electors voting in support. HB 1395 (2018) passed and was approved by the Governor.

City of Miami Beach: Over the course of our representation, we have diligently worked on the issue of vacation rentals, to maintain local regulation and opposing state preemption. Throughout the last several Sessions we have continued to play a major part in fighting this state preemption, working closely with the Florida League of Cities (FLC) to oppose this bill. Throughout, we have worked to gather support for several substantive, issue-based amendments in an effort to call attention to expected problems with a local government preemption of regulation to the state. In addition to the City of Miami Beach, we worked on behalf of many of our municipal clients, including the Cities of Doral, Coral Gables, Sunny Isles Beach, and Fort Lauderdale, and others, over the past several years.

Each year we have worked to bring to the forefront of all discussions with legislators, several critical issues that would result from a state preemption. These issues include the need for a sexual predator and offender registry, enforcement and a notification process for sexual predators and offenders staying in a vacation rental, requirement of licensure and inspection of vacation rental by DBPR, allowing inspectors right of entry and access to vacation rental establishments at reasonable hours, clarification that Condominium and Homeowner Associations rules and bylaws remain in effect as it pertains to limiting an owner's use of property as a vacation rental, requirement for access by the disabled community, and the creation of a reporting system for instances of racial or other types of discrimination. Other issues include occupancy limits, excess noise, trash, parking, and neighborhood safety. Legislation filed but did not pass includes: SB 188, HB 425 (2017), SB 1400, HB 773 (2018), HB 987, SB 824 (2019), SB 1128, HB 1011, (2020), SB 522, HB 219 (2021). We have successfully been able to maintain local regulation of vacation rentals.

City of Miami Gardens: Our representation for the City was issue based, from 2016 – 2017. Our firm provided state legislative and executive branch lobbying services to the City of Miami Gardens related to necessary pedestrian safety improvements around Stadium Ring Road. After documenting the significant safety issues in the area, for pedestrians and motorists, we worked with the City to develop budget requests for funding for two pedestrian safety bridges and a pedestrian safety tunnel. As part of this effort, we secured three resolutions in support of the plan from the local Metropolitan Planning Organization and worked with them to raise this project to the top of their priority list, which ultimately qualified it for state dollars. The request was also filed as an appropriations project bill (HB 3459) in the Florida House and was heard and unanimously approved in committee. We shepherded it through the Senate as well and were ultimately successful in securing \$18 million for this project. The improvements are expected to significantly enhance pedestrian safety and reduce vehicle accidents.

City of Lauderdale Lakes: The City of Lauderdale Lakes has been our client for approximately 12 years. In that time, we have secured funding for the operation of the Alzheimer Day Center, as well as funding for several stormwater projects, and funds for the City's library and Northgate Park.

City of Miramar: On behalf of the City of Miramar, we have secured funding for a number of projects, including more than \$1 million for improvements to stormwater systems, \$500,000 for library renovations, and \$200,000 for improvements to Sunset Lake Park. We have also successfully assisted the City of Miramar with annexations. Additionally, we secured funding for the city's cultural arts center, and two regional parks.

City of North Miami: We have represented the City of North Miami for many years, during which time we have secured millions in funding for the development the City's Museum of Contemporary Art and other economic development projects, millions for stormwater/drainage improvements, and millions for various park projects and youth programs. Lastly, we have secured funding for the City's Elderly Housing Assistance Program.

Village of Royal Palm Beach: On behalf of the Village of Royal Palm Beach, we have secured funding for several of the City's water projects including a canal system rehabilitation project, as well as worked with Village officials and FDOT on issues surrounding a major development project within the City.

Ronald L. Book, P.A. Appropriations Accomplishments

To further illustrate our firm's expertise in the issue areas critical to the City, we choose to let the results speak for themselves for the simple fact that on behalf of our clients, and especially our local government clients, our success in the appropriations arena is unrivaled. Ron's history in the Florida political process dates back to the 1970's, when he began working for the Florida Legislature. He later served as Special Counsel to Florida Governor Bob Graham and as Director of the Administrative and Governmental Law Department for Miami-based Sparber, Shevin, Shapo, Heilbronner & Book, one of Florida's most influential law firms from 1977 to 1987.

Since opening his own firm in 1987, Ron has developed a client list that is literally a "who's who" of local governments, business and industry, health care and not-for-profit associations. His reputation as a hard worker, dedicated to his client's causes, has earned him a place in the upper echelon of Tallahassee power. APPROACH TO SCOPE OF WORK

4.2.4 Approach to Scope of Work: Provide in concise narrative form, your understanding of the City's needs, goals and objectives as they relate to the project, and your overall approach to accomplishing the project. Give an overview on your proposed vision, ideas and methodology. Describe your proposed approach to the project.

Ronald L. Book, P.A. In our approach, we abide by three key principles when organizing and managing lobbying activities and projects for our clients.

1. **Be Prepared.** We assist our clients in the preparation of a substantive legislative agenda, with concise, defined goals that is readily available prior to the commencement of the legislative session. It is also important to be prepared every time, as a lobbyist, you walk through the doors of the state Capitol. We prepare by learning and knowing your issues, so that we can easily communicate the message. We are well prepared for every interaction with a legislator or staff member and every committee appearance. We are also prepared with support materials, including draft language, talking points and budget figures. Providing accurate information in a professional and timely fashion is critical to success.
2. **Work Hard.** In Tallahassee, there is simply no substitute for hard work. We are proud that our firm is known as one of the hardest working firms in Tallahassee. We start early and finish late. Issues at the state Capitol can change in an instant. As a client, it is important for you to know that we are available 24-hours a day, 7-days a week during the legislative session. We know that in order to be successful, every minute counts. Whether it is weekend budget conference meetings or late night floor debate and amendments, our team will be in the Capitol representing the City's interests. We have the dedication and determination to get the job done.
3. **Communicate.** Ease in communication and accessibility are essential to accomplishing your goals. We have an open door policy in our office, and will make ourselves easily available to City staff and officials during the session. We are easily reachable, through phone, email, text messages, and our office staff always knows where to find us. Whether it is a quick meeting in the Capitol to review a newly filed amendment, a late night review of the activities of the day or an early morning meeting or conference call with a committee chairman, we are prepared to communicate with you – and communicate your message – at all hours. We also take great pride in providing informative, accurate and timely formal written reports, email updates as necessary, and City meetings as requested.

Mr. Book will serve as the direct contact to the City of Fort Lauderdale. It would be Mr. Book's responsibility to work directly with appropriate Fort Lauderdale staff on issues to come before the Legislative and Executive branch. His associates, Ms. Mallette and Ms. Brown will work with Mr. Book, in consultation with City staff, on issues based on each individual's area of expertise.

Due to the fast-paced nature of the legislative process, our approach must be aggressive and seamless. Throughout our long history working in Tallahassee, we have been available at a moment's notice to discuss strategy, provide intelligence or respond to a crisis.

We pledge that we will treat every issue – every amendment, every bill, and every budget request – as a priority, and we will adopt a proactive approach. Furthermore, we understand that the legislative process is not a process that begins and ends in the 60-day legislative session, but rather a year-round process that requires constant vigilance, commitment, and dedication.

Our approach to representation of the City of Fort Lauderdale before the Legislature and Executive branch of Florida government, is wide-ranging. More specifically, our firm specializes in providing the following services during the 60-Day legislative session and throughout the year. Our comprehensive approach includes the following action items:

- Work closely with the City staff to ensure a strong and consistent legislative program, in the development of the annual legislative agenda, and the City's funding request objectives to address the City's objectives and positions.
- Promote and advance all of the City of Fort Lauderdale legislative issues and funding objectives from start to end, securing sponsors, having the issue heard in committees and by the full Legislature, and through the executive branch to completion.
- Raise, discuss, and recommend any affirmative legislative action that may benefit the City.
- Assign a designated person to closely monitor, review and advise on all substantive floor amendments and bills.
- Assist with the drafting and analysis of proposed legislation, and recommending amendments as necessary.
- Provide a full range of lobbying, legislative counsel, and advocacy services including representing the City by testifying at committee meetings on behalf of the City's objectives.
- Prepare reports advising the City of the current status of legislation during the legislative session.
- Report and meet with City staff on a weekly or as needed basis during the legislative session, interim committee meetings and special sessions on those issues important to the City and the actions taken on such issues.
- Report and be available to meet with the City as needed when the Florida Legislature is not in session.
- Prepare weekly reports during session, advising the City of the current status of all issues that they are monitoring or tracking that may affect Fort Lauderdale, actions taken on such issues, and recommendations for future action on issues.
- Be available on a 24-hour basis during session; assist in drafting, interpreting, and monitoring legislation and regulations; draft legislation, amendments, proviso language, position papers, and testimony.
- Arrange for meetings with members of the House and Senate leadership, the Broward County Legislative Delegation, and other members of the state Legislature, including those in leadership positions and on key committees, senior staff of the state legislature and key officials in the Governor's office and critical state agencies. Coordinate with the Florida League of Cities and municipal lobbyists, creating coalitions to affect wide ranging municipal issues, as needed throughout session.
- Provide a comprehensive end of session report detailing the resolution of all issues worked on for the City.
- Work to advance the City's issues within the Executive Branch of government, including State agency's as it pertains to policies and regulations, rules, departmental grants, and funding issues.

Our firm offer unparalleled knowledge and experience in the political process, gained from direct participation in the process. Each member of our firm has, at one time or another, worked for government. Hence, we bring the kind of perspective that only an "insider" can offer. With nearly 100 years of experience in legislative affairs between us, we stand ready to continue our representation of the City of Fort Lauderdale. We are confident that we can provide meaningful and effective service as we work toward accomplishing your legislative goals.

Address: 19200 W. Country Club Drive, Aventura, FL 33180

Telephone and Email: 305.466.8910 rwasson@cityofaventura.com

Description of Work: The City of Aventura has been our client since its incorporation in 1995. Recently, we have secured funding for the following projects: \$252,106 - Curbing of Swale Flooding Country Club Drive; \$200,000 - NE 183rd Street Seawall Restoration Improvements \$100,000 - NE 191st Street Stormwater Retrofits. Additionally, an area of ongoing concern for the City is the issue of condominium regulation. During a 3-year period, multiple versions of adverse condominium legislation was proposed which would have granted condominium boards additional broad powers to the detriment of condominium residents. The City's primary concern was protecting their large condominium resident population, and on behalf of the City, our firm successfully defeated these proposals over several years.

Description of Work: We began representing the City of Margate in 2018, and over the course of our representation we have been successful in obtaining funding for the City's Sewer Piping Rehabilitation Project, for the Fire Station 58 Replacement and the City's Utilities Supervisory Control and Data Acquisition (SCADA) System needed upgrades.

Over the course of our representation we have secured funding for drainage improvements, for pedestrian bridges, and the restoration of a beach pier, an important economic development project. The bridges cross Collins Avenue, a major thoroughfare. The bridges were considered critical life safety for the City due to recent pedestrian fatalities. An area noted for its large population of both tourists and residents, the bridges allow east/west access at key locations in the City. We also worked closely with the City and the Department of Business and Professional Regulation to establish a local program for a condominium ombudsman to address condominium related issues in the northeast part of the County. The city provided the office space and the DBPR agreed to an ongoing local presence.

Description of Work: We have represented the City of Sunrise for approximately 13 years. Most recently, we secured significant funding through FDOT for a large-scale transportation project, in conjunction with an ongoing, phased economic development project. The value of the extension to the City is in the tens of millions.

Client: City of Tamarac**Contact:** Mr. Michael Cernech, City Manager**Address:** 7525 NW 88th Avenue, Tamarac, FL 33321**Telephone and Email:** 954.597.3510 michaelc@tamarac.org

We have secured funding for various water projects over the course of our representation including funding for the C-14 canal restoration and multiple stormwater projects. Regarding education policy, specifically to ensure that children of city residents and children of city employees receive enrollment preference for admission. The City of Tamarac was in the process of negotiating the use of City land for charter school purposes. State law provided that if the City held the charter then municipal boundaries were clear, however, it did not address instances where the City did not hold the charter, but was providing significant resources, such as land. We passed an amendment clarifying that when a municipality is involved in this kind of partnership, the children of residents as well as the children of city employees are given first consideration for admission.

- 3.01 SUBMISSION AND RECEIPT OF BIDS:** To receive consideration, bids must be received prior to the bid opening date and time. - 5.15 UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. The circumstances must be beyond the control of the Contractor, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:
1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.
 2. The City requires the Contractor to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.
 3. If the City, in its interest and in its sole opinion, determines that the Contractor in a capricious manner attempted to use this section of the contract to relieve Contractor of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying Contractor from receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

- 5.16 ELIGIBILITY:** If applicable, the Contractor must first register with the Florida Department of State in accordance with Florida Statutes, prior to entering into a contract with the City.
- 5.17 PATENTS AND ROYALTIES:** The Contractor, without exception, shall defend, indemnify, and hold harmless the City and the City's employees, officers, employees, volunteers, and agents from and against liability of any nature and kind, including cost and expenses for or on account of any copyrighted, patented or un-patented invention, process, or article manufactured or used in the performance of the contract, including their use by the City. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include any and all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

- 5.18 **ASSIGNMENT:** Contractor shall not transfer or assign the performance required by this ITB without the prior written consent of the City. Any award issued pursuant to this ITB, and the monies, which may become due hereunder, are not assignable except with the prior written approval of the City Commission or the City Manager or City Manager's designee, depending on original award approval.
- 5.19 **GOVERNING LAW; VENUE:** The Contract shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any lawsuit by either party against the other party or otherwise arising out of the Contract, and for any other legal proceeding, shall be in the courts in and for Broward County, Florida, or in the event of federal jurisdiction, in the Southern District of Florida.
