- 5.15 UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. The circumstances must be beyond the control of the Contractor, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:
1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.
  2. The City requires the Contractor to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.
  3. If the City, in its interest and in its sole opinion, determines that the Contractor in a capricious manner attempted to use this section of the contract to relieve Contractor of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying Contractor from receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

- 5.16 ELIGIBILITY:** If applicable, the Contractor must first register with the Florida Department of State in accordance with Florida Statutes, prior to entering into a contract with the City.
- 5.17 PATENTS AND ROYALTIES:** The Contractor, without exception, shall defend, indemnify, and hold harmless the City and the City's employees, officers, employees, volunteers, and agents from and against liability of any nature and kind, including cost and expenses for or on account of any copyrighted, patented or un-patented invention, process, or article manufactured or used in the performance of the contract, including their use by the City. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include any and all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

- 5.18** **ASSIGNMENT:** Contractor shall not transfer or assign the performance required by this ITB without the prior written consent of the City. Any award issued pursuant to this ITB, and the monies, which may become due hereunder, are not assignable except with the prior written approval of the City Commission or the City Manager or City Manager's designee, depending on original award approval.
- 5.19** **GOVERNING LAW; VENUE:** The Contract shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any lawsuit by either party against the other party or otherwise arising out of the Contract, and for any other legal proceeding, shall be in the courts in and for Broward County, Florida, or in the event of federal jurisdiction, in the Southern District of Florida.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the City.

**PART III BIDDING AND AWARD PROCEDURES:**

- 3.01 SUBMISSION AND RECEIPT OF BIDS:** To receive consideration, bids must be received prior to the bid opening date and time. Unless otherwise specified, Bidders should use the proposal forms provided by the City. These forms may be duplicated, but failure to use the forms may cause the bid to be rejected. Any erasures or corrections on the bid must be made in ink and initialed by Bidder in ink. All information submitted by the Bidder shall be printed, typewritten or filled in with pen and ink. Bids shall be signed in ink. Separate bids must be submitted for each ITB issued by the City in separate sealed envelopes properly marked. It is the Bidder's responsibility to provide adequate information, in the bid, to enable the City to ensure that the bid meets the required criteria. **PART III BIDDING AND AWARD PROCEDURES:**

- 3.01 SUBMISSION AND RECEIPT OF BIDS:** To receive consideration, bids must be received prior to the bid opening date and time. Unless otherwise specified, Bidders should use the proposal forms provided by the City. These forms may be duplicated, but failure to use the forms may cause the bid to be rejected. Any erasures or corrections on the bid must be made in ink and initialed by Bidder in ink. All information submitted by the Bidder shall be printed, typewritten or filled in with pen and ink. Bids shall be signed in ink. Separate bids must be submitted for each ITB issued by the City in separate sealed envelopes properly marked. If such a statement is not included in the ITB, bids sent via FAX will be rejected. - 3.03 PRICES QUOTED:** Deduct trade discounts, and quote firm net prices. Give both unit price and extended total. In the case of a discrepancy in computing the amount of the bid, the unit price quoted will govern. All prices quoted shall be F.O.B. destination, freight prepaid (Bidder pays and bears freight charges, Bidder owns goods in transit and files any claims), unless otherwise stated in Special Conditions. Each item must be bid separately. No attempt shall be made to tie any item or items contained in the ITB with any other business with the City.

- 3.06 APPROVED EQUAL:** When the technical specifications call for a brand name, manufacturer, make, model, or vendor catalog number with acceptance of APPROVED EQUAL, it shall be for the purpose of establishing a level of quality and features desired and acceptable to the City. In such cases, the City will be receptive to any unit that would be considered by qualified City personnel as an approved equal. In that the specified make and model represent a level of quality and features desired by the City, the Bidder must state clearly in the bid any variance from those specifications. It is the Bidder's responsibility to provide adequate information, in the bid, to enable the City to ensure that the bid meets the required criteria. - 3.07 MINIMUM AND MANDATORY TECHNICAL SPECIFICATIONS:** The technical specifications may include items that are considered minimum, mandatory, or required. If any Bidder is unable to meet or exceed these items, and feels that the technical specifications are overly restrictive, the bidder must notify the Procurement Services Division immediately. Such notification must be received by the Procurement Services Division prior to the deadline contained in the ITB, for questions of a material nature, or prior to five (5) days before bid due and open date, whichever occurs first. If no such notification is received prior to that deadline, the City will consider the technical specifications to be acceptable to all bidders.
- 3.08 MISTAKES:** Bidders are cautioned to examine all terms, conditions, specifications, drawings, exhibits, addenda, delivery instructions and special conditions pertaining to the ITB. Failure of the Bidder to examine all pertinent documents shall not entitle the bidder to any relief from the conditions imposed in the contract.

The City reserves the right to use those or other applicable criteria, in its sole opinion that will most accurately estimate total cost of use and ownership.
- 3.11 BIDDING ITEMS WITH RECYCLED CONTENT:** In addressing environmental concerns, the City of Fort Lauderdale encourages Bidders to submit bids or alternate bids containing items with recycled content. When submitting bids containing items with recycled content, Bidder shall provide documentation adequate for the City to verify the recycled content. - 3.15 PUBLIC RECORDS/TRADE SECRETS/COPYRIGHT:** The Proposer's response to the RFP is a public record pursuant to Florida law, which is subject to disclosure by the City under the State of Florida Public Records Law, Florida Statutes Chapter 119.07 ("Public Records Law"). The City shall permit public access to all documents, papers, letters or other material submitted in connection with this RFP and the Contract to be executed for this RFP, subject to the provisions of Chapter 119.07 of the Florida Statutes.

Any language contained in the Proposer's response to the RFP purporting to require confidentiality of any portion of the Proposer's response to the RFP, except to the extent that certain information is in the City's opinion a Trade Secret pursuant to Florida law, shall be void. If a Proposer submits any documents or other information to the City which the Proposer claims is Trade Secret information and exempt from Florida Statutes Chapter 119.07 ("Public Records Laws"), the Proposer shall clearly designate that it is a Trade Secret and that it is asserting that the document or information is exempt. ### *Quality Assurance Plan*

### QUALITY MANAGEMENT & ORGANIZATION

VisualScape Inc. has a qualified team with more than 30 years of industry experience to service their customer base in all their Landscape needs. This team is trained in identifying and correcting deficiencies in properties through quality control measures. Our company quality management conforms to the following organizational structure:

## QUALITY ASSURANCE PROCESSES

**Site Evaluations:** Site evaluations are conducted monthly, at a minimum. It can be arranged more frequently if requested by the client. We ask that a client representative is available to accompany our Site Manager or Client Relations Manager during the site evaluation process. The site evaluation will focus on and identify the following:

- Review scope of work vs. performed work: identify any areas needing attention.
- Site Cleanliness: ensuring site is clean and free of landscape debris and litter.
- Risk Management: identifying & correcting any safety violations or hazards.
- Damages or repairs: identifying areas that may have been damaged due to our scope of work and repairing such damages.
- Crew training: conduct training with crew on identified areas during inspection needing reinforcement, such as pruning, debris pick-up, proper mower operation, and job site safety.

**CRM (Customer Relations Manager) Model:** The CRM model's main objective is to provide clear and proactive communication to our customers in order to enhance customer satisfaction. The CRM model takes what is known as the "Account Manager" role and splits it in two: CRM (responsible for customer communication and development), and PM -production manager – (responsible for production).

Here is what this means to our customers:

- One point of contact for all your landscape needs
- Clear and pro-active communication
- Quick response time
- Minimize the time clients have to spend on managing the landscape
- Provide landscape budgets and solutions
- Monthly evaluations from both the CRM and PM provides accountability and improved quality

**Employee Orientation:** VisualScape's orientation is the introduction of employees to their jobs, co-workers and the organization by providing them with information regarding such items as quality service and safety standards, policies, procedures, company mission, goals, and culture.

It is absolutely necessary for the new employee to know that he/she will be entering a company where the health and safety of the employees are of primary importance, that complying with and ensuring compliance with safety measures and procedures

is of extreme value, and that compliance with this duty can be rewarded, whereas noncompliance can result in disciplinary actions that can include dismissal. During this orientation we make it clear that the booklet they receive, the Workplace Safety Program, contains all the regulations in condensed form that will help them behave in a manner that will prevent accidents and problems while working; therefore, it is reviewed carefully.

**Employee Performance Evaluations & Incentives:** Our Company conducts yearly employee evaluations. Performance is measured and rewarded based on key competencies including safety, quality, customer service, and job performance. Incentives such as merit bonuses and/or barbeques for top production crews are given every month.

**On the Job Training:** We encourage our employees to seek certifications and explore external resources for business related training and education. In many cases, the Company will pay for or reimburse the registration, tuition fee and or related expenses for approved seminars, workshops, and short courses conducted by recognized landscape and related trade associations.

In addition to that the Company provides internal training, for which we offer a wide variety of technical and non-technical courses in-house. We identify the needed courses through our site evaluations, customer feedback, performance evaluations and needs assessments. The training is conducted by our management team or resources such as vendors and suppliers that provide the latest trend and technology in the most commonly used industry equipment & products.

**Safety Tool Box Meetings:** Meetings held once a week at VisualScape yard. It is mandatory for all employees to attend. Topics are chosen from our library of 52 safety topics or the Workplace Safety Program.

**Quarterly Safety Committee Meetings:** A safety committee has been established to recommend improvements to our workplace safety program, and to identify corrective measures needed to eliminate or control recognized safety and health hazards.

The safety committee shall determine the schedule for evaluating the effectiveness of control measures used to protect employees from safety and health hazards in the workplace.

The safety committee will be responsible for assisting management in the following functions:

- Reviewing workplace safety rules
- Evaluating employee accident and illness prevention programs
- Providing and monitoring workplace safety education and training
- Review status of accidents occurred
- Safety supplies request & inventory

The safety program will be updated by evaluating employee accident injury records, establishing trends and patterns, and formulating corrective measures to prevent recurrence.

Safety committee members will participate in safety training and monitor workplace safety education and training to ensure that the safety program is being followed and pertinent information is being documented. Meetings are held quarterly.

**Emergency Plan**

In the event of a catastrophic emergency, equipment including trucks, loaders, woodchippers, hand tools, trucks, trailers, and all necessary equipment to perform job operations are available at the client’s request. Emergency routes will be provided by supervisors and managers.

VisualScape participates and fully understands the disaster response plan in the cities and all adjoining cities within our service area and follows their guidelines.

Emergency grids will be set up for employees working during an emergency. VisualScape maintains an active pre-disaster plan in addition to a post-disaster plan, which includes five means of communication. Communication plans among management includes: cell phone, mobile radio, PDA, email, and smart phones. No employee will be left working alone; team action will be implemented. All communication / IT equipment will be forwarded to mobile devices to keep open lines of communication with clients, employees, and vendors.

Crew members will report to an assigned supervisor, who will take visual head counts based on current employee rosters. All Managers are trained in basic first aid and safety procedures.

Emergencies can/will be reported by any employee who witnesses it. All crews have radios in which to communicate.

For catastrophic response events, “Typical Emergency Crew” consists of a four-man crew, dump truck, dump trailer, and all necessary saws and hand tools. Loader, skid steer, and woodchipper can also be provided as needed. Emergency crew is billed separately from contract revenues at a per our rate.

RE: CERTIFICATE OF QUALIFICATION

Dear Sir/Madam:

The Department of Transportation has qualified your company for the type of work indicated below. Unless your company is notified otherwise, this Certificate of Qualification will expire 6/30/2022. However, the new application is due 4/30/2022.

In accordance with S.337.14 (1) F.S. your next application must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If your company's maximum capacity has been revised, you can access it by logging into the Contractor Prequalification Application System via the following link:  
[HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification/](https://fdotwp1.dot.state.fl.us/ContractorPreQualification/)

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

FDOT APPROVED WORK CLASSES:  
LANDSCAPING, IRRIGATION

You may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing your most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that your company has done such work with your own forces and equipment or that experience was gained with another contractor and that you have the necessary equipment for each additional class of work requested.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

*Darlene Anderson, for*

- 5.15 UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying Contractor from receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

- 5.17 PATENTS AND ROYALTIES:** The Contractor, without exception, shall defend, indemnify, and hold harmless the City and the City's employees, officers, employees, volunteers, and agents from and against liability of any nature and kind, including cost and expenses for or on account of any copyrighted, patented or un-patented invention, process, or article manufactured or used in the performance of the contract, including their use by the City. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include any and all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

- 5.18 **ASSIGNMENT:** Contractor shall not transfer or assign the performance required by this ITB without the prior written consent of the City.
