

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: October 7, 2014

TITLE: Introduce Ordinance on first reading, amending Code of Ordinances –
Section 2-127 – Approval of Change Orders and Task Orders.

Recommendation

It is recommended that the City Commission adopt an ordinance amending the City Code, Chapter 2, Administration, Article IV, Division 2, Engineering Division of Public Works Department, to amend approval of change orders and task orders, providing that the City Manager may approve change orders and task orders up to the amount authorized by the City Commission for expenditure in connection with the corresponding existing contract.

Background

In March 2014, the City Commission approved an Ordinance amending the City Code, Chapter 2, Administration, Article IV, Division 2, Engineering Division of Public Works Department, Section 2-127- Approval of Change Orders and Task Orders, providing that the City Manager may approve change orders and task orders in amounts that, in the aggregate, do not exceed the contract amount of the corresponding existing contract. The first reading was approved by the Commission on 3/4/14 (CAM 14-0342). The second reading was approved on 3/18/14 (CAM 14-0358).

Inasmuch as some contracts do not state a “contract amount,” the ordinance revision enclosed with this memorandum will add authorization for the City Manager to approve task orders that do not exceed the amount authorized by the City Commission for expenditure in connection with the corresponding existing contract.

Resource Impact

There is no fiscal impact to the City.
