Re: City Commission Agenda 13-1437
Planning and Zoning 7Z-13

Dear Mr. Seiler:

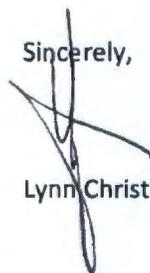

Enclosed is a report I have put together regarding my citizen's objection to a case coming before the City Commissioners meeting on December 3, 2013. I realize this report is extensive and I could not possible cover even the bullet points in the 3 minutes allocated to a citizens objection in this case. I have compiled a lot of information to support the objection to this zoning request.

I wholeheartedly would appreciate your time and consideration in reading this prior to the meeting since a vote will be taken at that time. I will be doing a 3 minute presentation at the meeting but I really wanted to have equal time and consideration in reviewing the objection that the proposal itself will receive that is being presented by Holman Automotive.

I quite simply feel that this zoning request is not the true long term plan by Holman Automotive. I also do not see how this aligns with the future City of Ft. Lauderdale vision and planning for the area.

I thank you in advance for your consideration.

Sincerely,

Lynn Christine Waterbury
