TITLE: Final Public Hearing to consider approving the FY 2013 Sunrise Key Neighborhood Improvement District's Recommended Millage Rate and

Recommendation

Budget

It is recommended that the City Commission hold a Public Hearing and adopt resolutions finalizing and adopting the FY 2013 Sunrise Key Neighborhood Improvement District's Millage Rate and Budget.

Background

Sunrise Key Neighborhood Improvement District (SKNID) is a local government neighborhood improvement district created by Ordinance C-92-12 in accordance with Florida State Statute Section 163.506. The district is authorized to levy ad valorem tax on real and personal property up to two mills annually to generate revenue to implement its safe neighborhood improvement plan. The revenue is collected via tax bills by the Broward County Records, Taxes, and Treasury Division and electronically transmitted to the City. The funds are set-aside in a trust account for the district and are subsequently reimbursed to the district on an as needed basis.

The Sunrise Key Neighborhood Improvement District set its millage rate at 1.0000 mill and established its budget of \$79,500 at their February 22, 2012 meeting. The millage rate will not generate enough revenue to fund the district's operational budget; therefore, the district has requested funds in the amount of \$7,912 be used from the district's fund balance to meet the shortfall.

The City Commission adopted a tentative budget and millage rate at the September 5, 2012 City Commission Regular Meeting.

Resource Impact

There is no current year fiscal impact associated with this action.
