The Shorely

We are seeking the Beach Business Improvement District's partnership and financial support in bringing to life a new annual holiday tradition at Marina Village — a 45-foot-tall Christmas tree installation, which would become the tallest holiday tree in the county.

Planned for the central walkway of Marina Village, this installation will serve as a vibrant, family-friendly community centerpiece throughout the holiday season. The activation will run for approximately six weeks and include a grand tree lighting ceremony, along with weekly events and programming designed to draw residents and visitors alike. These events will not only enhance the festive spirit of the area but will also create meaningful economic and cultural impact through increased foot traffic and regional media attention.

The total cost of the installation and programming is approximately \$85,000. Marina Village has already committed \$40,000 toward the project and is requesting \$45,000 in financial assistance from the City to close the gap. This would not be a one-time event—our goal is to establish this as a recurring annual tradition the community can rely on and look forward to for years to come.

We believe this initiative aligns with the City's broader goals of supporting community engagement, arts and culture, and economic development. Your support will help us deliver a signature holiday attraction for Fort Lauderdale, one that brings joy, unity, and visibility to our city each holiday season.

We would welcome the opportunity to discuss this partnership further and answer any questions you may have.
