

Memorandum #14-33

DATE: May 7, 2014

TO: Diana Alarcon, Director of Transportation and Mobility

FROM: Heslop Daley, Project Engineer

SUBJECT: Approval of Pedal On LLC Application for Certificate of Public Convenience and Necessity

Pedal On, LLC has submitted an application for a Certificate of Public Convenience & Necessity to the City of Fort Lauderdale. The Transportation and Mobility Department (TAM) staff has reviewed the application based on the criteria identified in the ordinance Article VI of Chapter 27, Section 27-227(c) of the Code of Ordinances of the City of Fort Lauderdale.

Pedal On, LLC intends to drive the route outlined in the application operating a 15 passenger capacity BeerWD (bike bus). The non-motorized vehicle is propelled by pedaling.

Evaluation and Proposed Conditions

We have reviewed the subject applicant's permit application and Business Tax application and approve the request to operate in the Himmarshee area, if the following conditions are met by the applicant:

- Will not be authorized to operate outside of the boundaries established on the route map included in the Certificate of Public Convenience and Necessity Application.
- Will be required to establish approved staging locations that do not obstruct traffic or are reliant on public parking availability.
- Will not be permitted to make a U-Turn in the travel lane along the approved route.
- Must identify designated pick-up/drop-off zones.

TAM establishes these conditions to best mitigate the impact this operator will have on traffic in the areas of the proposed route as well as ensure staging is available for operations and the applicant is not reliant on public parking availability.

Feel free to contact me if you have any questions.
