

TO: Honorable Mayor & Members of the
Fort Lauderdale City Commission

FROM: Lee R. Feldman, ICMA-CM, City Manager

DATE: May 5, 2015

TITLE: Design Services for Stormwater Improvements Project at 2625 Northeast
11th Court – Miller, Legg & Associates -\$38,455

Recommendation

It is recommended that the City Commission approve Task Order No. 1 with Miller, Legg & Associates, Inc. (Contract 626-10881-6) for engineering services to address stormwater drainage and flooding issues at Northeast 11th Court between Bayview Drive and Seminole Drive in the amount of \$38,455.

Background

Currently flooding is affecting public/private property by accumulating over sidewalk at 2625 Northeast 11th Court. Frequent flooding and ponding occurs during every rain storm due to insufficient drainage infrastructure. The proposed task order provides for the design of a new stormwater system to address stormwater issues at Bayview Drive

The proposed drainage system will improve water quality, reduce water in the right-of-way, and reduce tidal and storm flooding which is currently damaging public/private property by installing new tidal valves and associated drainage system. This project is included in Phase I of the Stormwater Master Plan and encompasses the roadway along Northeast 11 Court between Bayview Drive and Seminole Drive.

Resource Impact

There is a fiscal impact to the City in the amount of \$38,455 for the design services task order and \$3,845 for in house project management fees, for a total of \$42,300

<i>Funds available as of March 20, 2015</i>					
ACCOUNT NUMBER	INDEX NAME (Program)	OBJECT CODE/ SUB- OBJECT NAME	AMENDED BUDGET (Object Code)	AVAILABLE BALANCE (Object Code)	AMOUNT
470-P12019.470- 6534	2625 NE 11th Court Stormwater Improvements	Capital Outlay/ Consultant Engineering	\$200,000	\$198,190	\$42,300
