MEETING ANNOUNCEMENT

Mayor Trantalis explained the format of the meeting, appropriate decorum and how members of the public can view and participate.

PRESENTATIONS

PRES- [22-0901](#)
1

Presentation from Marc A. Buoniconti of The Miami Project to Cure Paralysis and The Buoniconti Fund

Marc Buoniconti, on behalf of The Miami Project to Cure Paralysis and The Buoniconti Fund (Organizations), addressed the Commission on the impact of car accidents caused by vehicles running red lights as a leading cause of spinal cord injuries, paralysis, and brain injuries. He urged the Commission to reinstitute and enforce a red-light camera ordinance to save lives and prevent traffic-related injuries. Mr. Buoniconti explained purpose of the Organizations is to improve roadway safety and support research for paralysis and brain injuries.

Orlando Torres, Director of Account Management at American Traffic Solutions, discussed the importance of red-light camera enforcement and reduced program costs. He commented on details regarding a court decision allowing their use and support of red-light camera enforcement.

APPROVED

Yea: 4 - Commissioner Glassman, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

Not Present: 1 - Commissioner McKinzie

DISCUSSION

In response to Vice Mayor Sorensen's questions, City Manager Chavarria confirmed discussions with Bill Walker, owner of the Water Taxi, and said Staff has found slips for Water Taxi operations.

Phil Thornburg, Parks and Recreation Department Director, confirmed additional slips have been found and explained a meeting is scheduled next week with Mr. Walker to discuss the reconfiguration of slips. Mr. Walker is aware of the need to relocate from his current location. Further comment and

discussion ensued.

MOTIONS

M-1 [22-0886](#) Motion Approving Event Agreements and Related Road Closures for Craftoberfest and Victoria Park Civic Association Halloween Block Party - (Commission Districts 2 and 4)

Vice Mayor Sorensen made a motion to approve this Agenda item and was seconded by Commissioner Glassman.

APPROVED

Yea: 4 - Commissioner Glassman, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

Not Present: 1 - Commissioner McKinzie

M-2 [22-0787](#) Motion Approving Comprehensive Agreement with Fort Lauderdale Studio Initiative LLC to Develop, Construct, Operate, and Maintain a Full-Service Movie Studio Complex at 1400 NW 31st Avenue, Pursuant to Florida Statutes Sec. 255.065(7) - (Commission District 3)

City Attorney Alain Boileau explained details to date regarding this public-private partnership (P3) process. Staff has negotiated the comprehensive agreement for Commission consideration.

Mayor Trantalis recognized John Milledge, Esq., 200 East Las Olas Boulevard, on behalf of the Fort Lauderdale Studio Initiative (FLSI). Mr. Milledge confirmed his readiness to move forward with the comprehensive agreement and expounded on details related to construction and design.

In response to Mayor Trantalis' questions regarding starting the project and the possibility of subsequent abandonment, Mr. Milledge explained the lease protects the City from breaches, including abandonment or bankruptcy. Mr. Milledge remarked on related details, including building the facility within three (3) years. Should this not happen, the property would be returned to the City. Further comment and discussion ensued. Mr. Milledge explained details associated with capacity needs of the film industry, inclusion and utilization of local trades people, and cited examples.

City Manager Chavarria said Deloitte US, the consultant who performed the financial analysis for this P3, is in attendance and available to answer Commission questions.

In response to Commissioner Moraitis' questions regarding educational

opportunities, Mr. Milledge said the film school would be based on the Los Angeles model. Training would be an integral part of the facilities' film school, which would be associated with an accredited college. He expounded on related details.

In response to Mayor Trantalis' questions regarding other film school opportunities, Mr. Milledge discussed efforts in conjunction with Dillard High School and the Broward County School Board (School Board) for internships and training for trades that are under development for a jobs training program.

Commissioner McKinzie commented on similar efforts, programs, and funding to meet the needs of youth in the community and cited examples. He remarked on actions associated with this opportunity and community outreach.

In response to Commissioner Glassman's question regarding the applicant's rights to terminate included in the comprehensive agreement, City Attorney Boileau commented on details associated with the Environmental Protection Agency (EPA) and the Department of Justice's Consent Order regarding the remediated property. City Attorney Boileau noted the inability to predict EPA action with regard to allowing the project to move forward. Should the EPA not allow the project to move forward, FLSI has the option to walk away.

In response to Commissioner Glassman's questions regarding assurances that the film school will be accredited, City Attorney Boileau referenced Section 13.30 in the comprehensive agreement. Further comment and discussion ensued.

In response to Commissioner Glassman's question regarding the film school standing on its own as an accredited school, Mr. Milledge confirmed two (2) options, a standalone accredited school or in association with another accredited school. Mr. Milledge noted numerous options and remarked on the interest of several educational institutions. Details and related information are under development, and efforts will include working with Staff to meet needs. He would keep the Commission informed.

In response to Commissioner Glassman's questions regarding education and enrollment, Donn J. Viola, FLSI, discussed education paths moving forward. The two (2) tracks include a film theory school in association with a local university and another trade school track. Both initiatives are part of the education model and are at the forefront. Further comment and discussion ensued regarding the education model leading to a

degree or a college affiliation, similar to the aviation aeronautics school.

In response to Commissioner Glassman's questions regarding the involvement of Broward County (County), Mr. Viola explained the participation of Sandy Letterman of the Broward County Film Commission regarding ways to start activating and informing the local community about ways to become involved. Broward County Mayor Steven Geller hosted a trades people association meeting last week and the County has started implementing its film incentive program to attract business in the area.

In response to Commissioner Glassman's questions regarding risks related to interest rates and the impact on long-term debt, Interim City Auditor Patrick Reilly said that is a concern and suggested an additional type of funding or having a contingent fund as a backup plan. Further comment and discussion ensued.

Commissioner Glassman requested Mr. Milledge's input. Mr. Milledge explained the sophistication of the lenders who will not lend funds if interest rates do not support the project moving forward and expounded on related details. If the numbers do not work, the property reverts to the City.

In response to Vice Mayor Sorensen's question regarding the number of yearly internship programs with Dillard High School and other public schools, Mr. Viola said that is yet to be determined and explained related concerns, including scheduling issues. Mr. Viola explained that recent high school graduates would participate in a mentorship program and commented on related opportunities as a production assistant or a producer's assistant, or a journeyman in the trades. The industry relies on an in-house training model. Mr. Viola cited examples and remarked on opportunities for students with an interest in the film industry and providing students with information regarding available opportunities.

In response to Vice Mayor Sorensen's question regarding discussions with Dillard High School, Mr. Viola said he met with Israel Charles, Artistic Director of the Center for the Arts at Dillard High School, and explained that the number of students was not discussed and remarked on related details. Mr. Viola confirmed good-faith efforts regarding education and that would include follow-up with the Commission. Further comment and discussion ensued. Vice Mayor Sorensen discussed his perspective.

Mayor Trantalis recognized Israel Charles, Artistic Director of the Center for the Arts at Dillard High School. Mr. Charles explained that his primary

responsibility is monitoring the curriculum and crafting a vision for its visual and performing arts magnet program in the City.

In response to Vice Mayor Sorensen's questions, Mr. Charles commented on his positive perspective related to student opportunities and explained related details and future options regarding the accreditation process. Mr. Charles remarked on the need to determine logistics related to student participation. Further comment and discussion ensued.

In response to Vice Mayor Sorensen's questions, Mr. Milledge remarked on conversations with Broward County School Board Members. Vice Mayor Sorensen recommended pursuing those conversations. Further comment and discussion ensued.

Commissioner Moraitis commented on her experience working with Broward County Public Schools, Broward College and Fort Lauderdale Executive Airport Staff to develop the Avionics Program. She remarked on the benefits of the FLSI being industry-driven, and expounded on her viewpoint. Further comment and discussion ensued.

In response to Vice Mayor Sorensen's questions, Igor Dabik, Deloitte P3 consultant, provided a high-level overview of this project. Mr. Dabik reviewed market research and evaluation of the P3 project. The assumptions in the forecast indicate that the studio project is viable, subject to the comprehensive agreement and the risks expressed in Deloitte's findings listed in the report and included as an attachment to this Agenda item. He explained related details.

Vice Mayor Sorensen recommended the applicant speak with Dr. Karlton Johnson, Broward County Schools.

Mayor Trantalis recognized Andrew Nathanson, 18181 NE 31st Court, Aventura. Mr. Nathanson spoke in support of the project.

Mayor Trantalis recognized David Wells, 748 N. Victoria Park Road, Moving Picture Rental. Mr. Wells commented on his viewpoint and concern related to exclusive vendor agreements.

In response to Mayor Trantalis' question regarding exclusive vendor agreements, Mr. Milledge confirmed using exclusive vendors as required by the lender and included in the business model. Mr. Milledge explained when capacity is exceeded, additional vendors would have opportunities. He expounded on details related to lender requirements. Further comment and discussion ensued.

Mayor Trantalis remarked on concerns related to the goal of providing opportunities for local businesses. Mr. Viola provided in-depth information regarding this subject related to film industry operations, the need for vendors with extensive resources, and cited examples.

Vice Mayor Sorensen explained his understanding, and Mr. Viola confirmed, cited examples and remarked on vendor-related information.

In response to Vice Mayor Sorensen's suggestion for a twenty percent (20%) carve-out for non-exclusive vendors, Mr. Viola said that is not an option and explained related details and reasoning. Further comment and discussion ensued. Mr. Milledge remarked that there would be good faith efforts to address this issue as this process moves forward.

Mayor Trantalis recognized Shaw Burrows, 9234 SE Wild Pine Place, Tequesta. Mr. Burrows commented on his experience and perspective regarding the film industry.

There being no one else wishing to speak on this item, Commissioner Glassman made a motion to close the public hearing, which was seconded by Vice Mayor Sorensen. Roll call showed: AYES: Commissioner Glassman, Commissioner McKinzie, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

Commissioner McKinzie made a motion to approve this Agenda item and was seconded by Vice Mayor Sorensen.

APPROVED

Yea: 5 - Commissioner Glassman, Commissioner McKinzie, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

Commissioner Moraitis discussed a communication from a District 1 resident regarding the area being home to a native turtle species and questioning the type of access the neighbors would have that could endanger turtles.

Phil Thornburg, Parks and Recreation Department Director, said the park would be open to the public and consist of walking trails and educational signage. Staff would work with the neighbor regarding concerns.

In response to Commissioner Moraitis' question regarding using a portion of the property for parking, Mr. Thornburg said that had not been determined. Further comment and discussion ensued regarding parking options.

City Attorney Boileau confirmed underlying zoning for conservation imposes additional restrictions.

Commissioner Moraitis commented on the location, walkability, and the need for parking considerations. Further comment and discussion ensued.

Vice Mayor Sorensen discussed an email from a resident regarding

gopher tortoises in the park who indicated efforts by the Fish and Wildlife Commission (FWC) to change their status from threatened to endangered, which could impact the park project.

Commissioner Moraitis remarked on the need to protect burrowing owls in this park that migrated from Lockhart Park.

Commissioner Moraitis introduced this Ordinance for the First Reading which was read by title only.

Code of Ordinances, Section 19-7, Smoking or Vaping in Public Parks or on Public Beach is Prohibited - (Commission Districts 1, 2 and 4)

Commissioner McKinzie remarked on his perspective concerning enacting this Ordinance and the ability to enforce and the need for additional staffing for enforcement.

Mayor Trantalis commented on his perspective, including the ability to post no smoking signage, and said that this Ordinance provides an additional enforcement tool. Further comment and discussion ensued.

Commissioner Glassman discussed his perspective regarding the need for this Ordinance and a related educational campaign and previous preemption by the State.

Commissioner Moraitis acknowledged efforts of individuals at the State and local levels who worked towards allowing implementation of this Ordinance and the need for additional lobbying efforts towards having a film tax credit.

Commissioner Glassman introduced this Ordinance for the First Reading which was read by title only.

PASSED FIRST READING

Yea: 5 - Commissioner Glassman, Commissioner McKinzie, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

ORDINANCE SECOND READING

OSR-1 [22-0828](#)

Second Reading - Ordinance Amending the City of Fort Lauderdale Unified Land Development Regulations (ULDR) to Revise Section 47-13.30, Table of Dimensional Requirements for the SRAC Districts, Section 47-13.31, NWRAC-MU Table of Dimensional Requirements, Section 47-13.51, SRAC-SA Special Regulations, Section 47-13.52, NWRAC-MU Special Regulations, Section 47-20.3, Reductions and Exceptions, Section 47-24.1, Generally - Table 1. Development Permits and Procedures, Section 47-37B.3, Applicability and General Regulations and Create New Section 47-23.16, Affordable Housing Regulations. Case No. UDP-T21010 - (Commission Districts 1, 2, 3 and 4)

In response to Commissioner Moraitis' question, Chris Cooper, Development Services Department Director, explained that at the First Reading, the Commission requested Staff to review incentives in the South Regional Activity Center. Today, Staff sent an updated document to Commission members incorporating recommended changes into the Ordinance for the Second Reading. Mr. Cooper explained the details

included in the revised CAM.

A copy of the revised CAM is attached to these Meeting Minutes.

In response to Commissioner Moraitis' question, Mr. Cooper explained the maximum height associated with two hundred (200) units per acre would be one hundred fifty feet (150'), with an additional fifty feet (50') to two hundred feet (200') as an extra set aside incentive for affordable housing. Further comment and discussion ensued.

In response to Commissioner Moraitis' questions, Adam Schnell, Development Services Department - Urban Planner III, explained a ten percent (10%) set aside requirement included in the Uptown area's base-level incentives with additional incentive set aside requirements adding height and density. The entire set aside would be fifteen percent (15%) for a height of two hundred feet (200'). The Uptown area ratios were a one (1) to (2) ratio and a one (1) to four (4) ratio.

Commissioner Moraitis noted that a five percent (5%) set aside for affordable housing is low. Mr. Schnell explained that in total, it would be fifteen percent (15%) set aside for two hundred feet (200') of height, i.e., ten percent (10%) plus an additional five percent (5%).

Mayor Trantalis expounded on his perspective regarding the need for affordable housing, Commission efforts to provide affordable housing, and concerns related to the ability of a developer to pay an in-lieu of fee (Fee) to not provide affordable housing units. He read language from backup documentation related to this concern.

In response to Mayor Trantalis' questions regarding how to address related concerns, Mr. Cooper explained that allowing developers to pay a Fee depends on the unit allocations accessed. The City has control over the policy for City flex units. Broward County (County) allocations for flex units in Regional Activity Centers (RAC) through the Geller Amendment include the Fee option.

Mayor Trantalis referenced related language in the Geller Amendment included in the backup documentation and remarked that the goal is to build affordable housing.

Commissioner Moraitis concurred with Mayor Trantalis' comments. Further comment and discussion ensued.

In response to Mayor Trantalis' questions, Mr. Cooper explained addressing concerns is dependent on which units developers are

accessing to create housing. If City flex units are being used, the City controls the Fee policy. Those flex units coming online and allocated by the County in RACs through the Geller Amendment allow a Fee option, which would need to be included in City policy.

Mr. Cooper noted a proposed amendment to reduce the Fee payment in the Geller Amendment's amount from approximately \$43,000 to \$10,000 per unit.

In response to Commissioner Moraitis' question regarding City policy increasing the Fee amount, Mr. Cooper confirmed.

Mayor Trantalis said that because of the need for affordable housing, he did not want a developer to be able to opt-out and pay the Fee.

City Attorney Boileau explained the City could charge the developer a larger Fee amount and expounded on related details.

In response to Commissioner McKinzie's questions, Commissioner Moraitis noted the Geller Amendment is an incentive-based program for additional flex units to be built along a commercial corridor that would allow extra density with building affordable housing. She noted that the developer has the option to pay the Fee to avoid including affordable housing.

Mayor Trantalis commented on language in the backup information stating affordable housing set-aside requirements may be satisfied by an in-lieu of payment to the City of Fort Lauderdale Affordable Housing Trust Fund. The Fee amount still needs to be established.

Anthony Fajardo, Assistant City Manager, explained revenue streams from the Geller Amendment generated from Fee funds would be split between the City and the County towards a wide variety of affordable housing projects and cited examples. Further comment and discussion ensued regarding modifying related language.

Mr. Fajardo explained that the Geller Amendment relates to a continuous stream of market-rate flex units based on a ratio of affordable units, and differs from the typical generation of units in the past.

In response to Commissioner McKinzie's question, Mr. Fajardo explained details associated with the Geller Amendment being adopted. If the City is out of flex units or any other pool of units at the time this Ordinance is adopted, the only generation of flex units would be through the Geller Amendment, inside a RAC along commercial corridors.

Further comment and discussion ensued.

In response to Mayor Trantalis' question, Mr. Cooper explained that the City recently received approximately 3,000 flex units and noted small amounts of flex units in the South RAC and Northwest RAC. Mr. Cooper confirmed the need for additional flex units. Further comment and discussion ensued regarding the revenue split between the City and the County for new Flex Units.

Commissioner Moraitis recommended the City provide input for amendments to the Geller Amendment.

Mayor Trantalis commented on the need to find ways to ensure affordable housing in the City. Once the City is out of flex units, there is no ability to generate units in the areas discussed. He commented on the opportunity to amend the Ordinance based on revisions to the Geller Amendment.

Mr. Fajardo reviewed changes to this Ordinance after the First Reading and remarked on the need to advocate for inclusionary zoning as an option for the Commission's consideration.

Vice Mayor Sorensen commented on his viewpoint, including delta opportunities within the City's Ordinance to increase the Fee amount, and expounded on details.

Commissioner Moraitis discussed raising the percentage of affordable housing to ten percent (10%) to receive a bonus density.

Mayor Trantalis recommended moving forward with this amended Ordinance for the Second Reading. If developers buy out their affordable housing obligations, the Commission should change the Ordinance. Mr. Fajardo confirmed this Ordinance approves a Fee of approximately \$43,000. The Commission can decide how to proceed if the Geller Amendment is changed.

Mayor Trantalis recognized David Crosby, 1918 S. Andrews Avenue. Mr. Crosby confirmed his support of the Ordinance amendment and requested the transition zone related to building height extend to SW 20th Street. Further comment and discussion ensued.

In response to Mayor Trantalis' question, Mr. Schnell explained Mr. Crosby's request relates to the specific boundary discussed for additional height and density. Staff proposes the boundary be at SW 18th Court. Mr. Crosby is requesting to adjust the boundary one street

south to SW 20th Street.

Commissioner Moraitis commented on her willingness to adjust the boundary.

Mayor Trantalis noted that this neighborhood was made up primarily of one-story buildings. Mr. Cooper noted a building in the South RAC could be one hundred fifty feet (150'). Mayor Trantalis pointed out the need to protect neighborhoods. Further comment and discussion ensued.

Vice Mayor Sorensen remarked on the need for more neighbor engagement regarding the requested change. Mr. Cooper noted the Poinciana Park Civic Association's support of the SW 18th Court boundary. Further comment and discussion ensued.

Mr. Cooper explained that Staff recommended the SW 18th Court boundary because of Croissant Park to the West and the need for a transition between the South RAC, which had additional height, and the residential area to the West. Further comment and discussion ensued on maps attached as exhibits to this Agenda item.

In response to Mayor Trantalis' questions, Mr. Cooper explained the language in the related Code Section regarding height increases in the area.

In response to Vice Mayor Sorensen's questions regarding what was presented to the neighborhood, Mr. Cooper said initially, SW 18th Street was the boundary. A neighborhood property owner requested moving it to SW 18th Court. He explained details associated with neighborhood feedback regarding moving the border to SW 18th Court. There were no objections from area neighborhoods.

Vice Mayor Sorensen recommended going back to the neighborhoods to determine an objection to moving the boundary to SW 20th Street. He suggested moving forward with the Ordinance and bringing it back should area neighborhoods be comfortable with changing the boundary to SW 20th Street.

Mayor Trantalis said he did not wish to provide the Fee option. Commissioner Moraitis explained those three thousand (3,000) flex units would be utilized for projects already in the que.

In response to Commissioner Glassman's questions regarding a downside to removing the Fee option, Mr. Cooper explained it would require the developers to set aside those units rather than pay the Fee.

Developers could receive additional height but could not utilize the Fee payment to buy out affordable housing units. Further comment and discussion ensued.

In response to Mayor Trantalis' question, Mr. Fajardo confirmed most of the site plans for those flex units for projects had been approved and a portion are still in the review pipeline. The flex unit pool fluctuates due to projects not moving forward, allowing flex units to go back into the pool. Further comment and discussion ensued regarding related details.

In response to Vice Mayor Sorensen's question, Mr. Fajardo confirmed that those flex units going back into the pool would fall under the regulation of the City.

Commissioner Glassman remarked on increasing the Fee amount. City Attorney Boileau remarked on his viewpoint that the Geller Amendment is new and had not yet been tested.

Mayor Trantalis recommended eliminating the Fee option for the flex units in Section 8. A. of the revised CAM. Further comment and discussion ensued regarding increasing the Fee for new flex units received from the County and awaiting action from the County regarding the Geller Amendment prior to acting.

Mr. Fajardo remarked that it would not be prudent to wait until November 2022 for the Second Reading due to the current amount of Flex Units and the number of projects in the pipeline.

Commissioner Moraitis concurred and noted the ability to adopt a subsequent amendment.

Mr. Cooper read the changes into the record for the South RAC sections as noted in the attached revised CAM.

Vice Mayor Sorensen introduced this Ordinance as amended which was read by title only.

ADOPTED ON SECOND READING AS AMENDED

Yea: 5 - Commissioner Glassman, Commissioner McKinzie, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

OSR-2 [22-0852](#)

Second Reading - Ordinance Amending the City of Fort Lauderdale Code of Ordinances Section 25, Streets and Sidewalks, to Update Sidewalk Installation Requirements - Case No. UDP-T22008 - (Commission Districts 1, 2, 3 and 4)

Vice Mayor Sorensen introduced this Ordinance for the Second Reading which was read by title only.

ADOPTED ON SECOND READING

Yea: 5 - Commissioner Glassman, Commissioner McKinzie, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

OSR-3 [22-0885](#)

Second Reading - Ordinance Amending the City of Fort Lauderdale Code of Ordinances Chapter Nine Building and Construction, Article Two Permits and Inspections, Division Two Fees to Adjust Building Fees for Services Related to Land Development and Permitting - (Commission Districts 1, 2, 3 and 4)

Commissioner McKinzie introduced this Ordinance for the Second Reading which was read by title only.

ADOPTED ON SECOND READING

Yea: 5 - Commissioner Glassman, Commissioner McKinzie, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

OSR-4 [22-0850](#)

Second Reading - Quasi-Judicial Ordinance Rezoning 0.87 Acres from Broward County Commercial Warehouse District (C-1) to Community Business (CB) District - SCC Property Holdings and Management, LLC. - 2525 NW 19th Street - Case No. UDP-Z22002 - (Commission District 3)

Anyone wishing to speak must be sworn in. Commission will announce any site visits, communications or expert opinions received and make them part of the record.

Each Commission Member disclosed verbal communications, written communications, site visits and expert opinions received.

Mayor Trantalis opened the public hearing.

There being no one wishing to speak on this item, Commissioner McKinzie made a motion to close the public hearing, which was seconded by Vice Mayor Sorensen. Roll call showed: AYES: Commissioner Glassman, Commissioner McKinzie, Commissioner Sorensen, Vice Mayor Moraitis, and Mayor Trantalis

Commissioner Glassman introduced this Ordinance for the Second Reading which was read by title only.

ADOPTED ON SECOND READING

Yea: 5 - Commissioner Glassman, Commissioner McKinzie, Vice Mayor Sorensen, Commissioner Moraitis and Mayor Trantalis

DISCUSSION

City Attorney Boileau provided an update regarding recruitment efforts for the City Auditor position and explained related details. Strategic Government Resources (SGR) was selected as the recruiting firm. A purchase order was issued instead of an agreement for SGR's services. This did not violate the procurement code, and Staff followed procedures.

In response to Mayor Trantalis' question regarding paying the entire \$24,900, City Attorney Boileau confirmed and explained it was for six (6) candidates. City Attorney Boileau said there were additional candidates and commented on a possible increase. City Manager Chavarria remarked on his understanding that the fee was not to exceed \$24,900 and said he would research and negotiate with the vendor.

Vice Mayor Sorensen suggested updating the Code to require a contract agreement instead of a purchase order. Further comment and discussion ensued. City Attorney Boileau explained discussions with Staff on this subject that would continue to tighten up the process.

REQUEST FOR EXECUTIVE CLOSED-DOOR SESSION

Pursuant to Florida Statute, Section 286.011(8), City Attorney Alain Boileau requested a Commission Executive Closed-Door Session on October 3, 2022, at 4:30 p.m. or shortly thereafter to discuss the following matter:

Theresa Grimes v. City of Fort Lauderdale
Case No.: CACE 21-020984 (09)

DISCUSSION

In response to Vice Mayor Sorensen's question, City Attorney Boileau provided an update regarding the status of efforts related to a proposed pickleball facility.

ADJOURNMENT

Vice Mayor Sorensen adjourned the meeting at 9:13 p.m.

Dean J. Trantalis
Mayor

Sec. 47-13-51. - SRAC-SA special regulations.

A. *Applicability.* In addition to the regulations provided for in Section 47-13.50, General Regulations, the following additional regulations shall apply to all development permitted within the SRAC-SAW and SRAC-SAe zoning districts as shown on the List of Permitted and Conditional Uses, Section 47-13.10 As used herein, the SRAC-SA Design Standards shall refer to the SRAC-SA: Illustrations of Design Standards on file with the Department and incorporated herein as if fully set out in those sections of the ULDR that refer to the SRAC-SA Design Standards.

1. *Street Classifications.* All streets are classified as primary or secondary. This classification is made according to various functional characteristics of the street such as width, traffic volume, and suitability for human-scale, pedestrian-friendly street life. The form of development that occurs on any given street is in part determined by the street classification. The regulations for development arising from street classifications encourage development of both sides of the street in a consistent manner. The SRAC-SA Design Standards establishes development provisions intended to reinforce the qualities described for primary and secondary streets. For each street type, the right-of-way width and particular street section may vary depending on available space and other existing constraints.

a. *Primary Streets:* Primary streets are characterized by active commercial and retail frontage at the ground floor, taller and more intensive buildings fronting the street, and a consistent streetwall. Primary Streets typically feature a full complement of pedestrian amenities, including wide sidewalks, on street parking, and a well-developed streetscape, which may include open space for public use. Primary Streets are the principal urban streets and are intended to be well used by vehicles and pedestrians and to be the primary transit routes. In the SRAC, the Primary streets are:

- i. South Andrews Avenue.
- ii. Davie Boulevard.
- iii. South East 17th Street.

b. *Secondary Streets:* Secondary streets are more residential in nature, and have smaller scale non-residential uses transitioning between the more urban areas and the existing residential and commercial neighborhoods. Secondary streets offer a combination of a mix of uses, but at less intensity and with less vehicular traffic while maintaining a pedestrian friendly

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

environment. Secondary streets are streets other than Primary Streets listed in subsection (a) above.

B. Performance standards and criteria for additional height bonus.

The following performance standards and criteria shall be met by developments requesting an increase in maximum height pursuant to Note A of Section 47-13.30. – Table of Dimensional Requirements for the SRAC Zoning Districts:

1. Site Plan Level II permit, with City Commission request for review for heights greater than one hundred ten (110) feet, up to ~~one hundred fifty (150)~~ two hundred (200) feet, with adherence to Section 47-23.16.B.1.- Affordable Housing Height Incentives.
or:
2. Site Plan Level II permit, with City Commission approval, for heights greater than one hundred ten (110) feet, up to one hundred fifty (150) feet.
and,
3. Additional Height Criteria:

In addition to the performance standards outlined herein, the following additional criteria shall apply:

- a. Land uses within the development shall be appropriate in their proposed location, compatible with their relationship to each other, and with uses and activities on abutting and nearby properties;
 - b. Where a proposed use is of larger scale and mass than existing adjacent uses, the design of the structure shall place significant consideration to transition, architectural articulation, superior lining with habitable space and screening of parking garage structures; effective transition between higher and lower density uses; and,
 - c. Street and alley vacations shall not be considered unless the applicant demonstrates no decrease to the pedestrian and functional connectivity previously provided and increases options for pedestrian and/or multimodal connectivity.
4. Development that demonstrates substantial, significant, and recognizable improvements and long-term beneficial effect to the community and city. Such as:
 - a. Preservation/adaptive-reuse of historically significant structures not otherwise protected;
 - b. Superior architectural design, placement and orientation of buildings and attainment of Leadership in Energy and Environmental Design—Neighborhood Development ("LEED ND") certification for the development or LEED certification of individual buildings and/or other similar state, national or city-recognized programs;
 - c. Provision of public facilities and public usable open space such as plazas, parks, provision for waterfront public access, greenway features, etc. and may include amenities such as playgrounds, special event space, etc. where the quality and programming of the space shall be emphasized over quantity;
 - d. Landscaping shall be provided in a manner which maximizes tree canopy, emphasizes native vegetation, improves the aesthetic appearance, and provides opportunities for storm water infiltration, including innovative design usage such as Low Impact Development ("LID"), which is an ecologically-based stormwater management approach favoring soft engineering to manage rainfall on site through a vegetated treatment network; and;
 - e. Preservation or restoration of environmental or natural resources that would not otherwise be protected, including environmental remediation/brownfield redevelopment.

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

([Ord. No. C-10-50, § 1, 1-4-11](#) ; [Ord. No. C-14-51, § 1, 1-21-15](#))

Note— Formerly § 47-13.46

Sec. 47-13.52. - NWRAC-MU special regulations.

- A. *Applicability.* In addition to the provided for in Section 47-13.50 General Regulations, the following additional regulations shall apply to all development permitted within the NWRAC-MU zoning districts as shown on the List of Permitted and Conditional Uses, Section 47-13.10 As used herein, the NWRAC-MU Design Standards shall refer to the NWRAC-MU: Illustrations of Design Standards on file with the Department and incorporated herein as if fully set out in those sections of the ULDR that refer to the NWRAC-MU Design Standards.
1. *Street Classifications.* In the NWRAC-MU all streets are classified as primary or secondary. This classification is made according to various functional characteristics of the street such as width, traffic volume, and suitability for human-scale, pedestrian-friendly street life. The form of development that occurs on any given street is in part determined by the street classification. The regulations for development arising from street classifications encourage development of both sides of the street in a consistent manner and in character with the established residential areas of the NWRAC-MU or development that is compatible with zoning districts outside of the NWRAC-MU. The NWRAC-MU Design Standards establishes development provisions intended to reinforce the qualities described for primary and secondary streets. For each street type, the right-of-way width and particular street section may vary depending on available space and other existing constraints.
 - a. *Primary Streets:* Primary streets are characterized by an active commercial ground floor, which includes walk-up residential, commercial and retail uses with taller and more intensive buildings fronting the street creating a consistent streetwall. Primary Streets typically feature a full complement of pedestrian amenities, including wide sidewalks, on street parking, and a well-developed streetscape, which may include open space for public use. Primary Streets are the principal urban streets and are intended to be well used by vehicles and pedestrians and to be the primary transit routes. In the NWRAC, the Primary streets are:
 - i. 7th Avenue.
 - ii. 6th Street (Sistrunk Boulevard).
 - iii. Sunrise Boulevard.
 - iv. Broward Boulevard.
 - v. Andrews Avenue.
 - vi. Progresso Drive.
 - b. *Secondary Streets:* Secondary streets are more residential in nature, and have smaller scale compatible non-residential uses transitioning from the higher intensity primary streets that are more urban in nature to the existing residential and commercial neighborhoods, which are lower in scale and intensity. Secondary streets offer a combination of a mix of uses, but

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

at less intensity and with less vehicular traffic while maintaining a pedestrian friendly environment. Secondary streets are: streets other than Primary Streets listed in subsection (a) above.

2. All dimensional requirements shall be as provided in Section 47-13.31.
3. Dumpsters shall be located to allow access from existing alleys and away from existing residential property to the greatest extent possible.

B. Performance standards and criteria for additional height bonus.

The following performance standards and criteria shall be met by developments requesting an increase in maximum height pursuant to Note B of Section 47-13.31, Table of Dimensional Requirements for the following NWRAC-MU zoning districts:

- NWRAC-MUe (west of NW 2nd Avenue)—up to one hundred ten (110) feet
- NWRAC-MUw—up to sixty-five (65) feet

1. Adherence to Section 47-23.16.- Affordable Housing Regulations.

~~1.—The purpose of Affordable Housing height incentive is to maintain a balanced community that provides housing for people of all income levels and to ensure the opportunity of affordable housing for employees of businesses that are located or will be located in the community.~~

~~a.—Definitions: As used in this section, the following words and terms shall have the meanings specified herein:~~

~~b.—Affordable housing: Housing with a sales price or rental amount within the means of a household that may occupy moderate and low income housing. In the case of dwelling units for sale, affordable means housing in which mortgage, amortization, taxes, insurance, and condominium or association fees, if any, constitute no more than thirty percent (30%) of such gross annual household income for a household of the size that may occupy the unit in question. In the case of dwelling units for rent, affordable means housing for which the rent and utilities constitute no more than thirty percent (30%) of such gross annual household income for a household of the size that may occupy the unit in question.~~

~~i.—Affordable housing development: Housing subsidized by the federal or state government, or any housing development in which at least twenty percent (20%) of the housing units are affordable dwelling units.~~

~~ii.—Affordable housing development agreement: A written agreement between an applicant for a development and the city or county containing specific requirements to ensure the continuing affordability of housing included in the development.~~

~~iii.—Affordable housing development plan: A plan prepared by an applicant for an affordable housing development under this section that outlines and specifies the development's compliance with the applicable requirements in this section.~~

~~iv.—Affordable housing dwelling unit: A dwelling unit subject to covenants or restrictions requiring such dwelling units to be sold or rented at prices preserving them as affordable housing in perpetuity by deed restriction.~~

~~v.—Affordable housing unit: A dwelling unit subsidized by the federal or state government or an affordable dwelling unit.~~

~~vi.—Conversion: A change of a residential rental development or a mixed-use development that includes rental dwelling units to a development that contains only owner-occupied~~

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

~~individual dwelling units, or a change of a development that contains owner-occupied individual units to a residential rental development or mixed use development.~~

- ~~vii.— Low income housing. According to the U.S. Department of Housing and Urban Development, housing that is affordable, for either home ownership or rental, and that is occupied, reserved, or marketed for occupancy by households with a gross household income that does not exceed fifty percent (50%) of the median gross household income for households of the same size within Broward County in which the housing is located.~~
- ~~viii.— Median gross household income: The median income level for the Broward County, as established and defined in the annual schedule published by the secretary of the U.S. Department of Housing and Urban Development, adjusted for household size.~~
- ~~ix.— Moderate income housing. According to the U.S. Department of Housing and Urban Development, housing that is affordable, for either home ownership or rental, and that is occupied, reserved, or marketed for occupancy by households with a gross household income that is greater than fifty percent (50%) to one hundred percent (100%) of the median gross household income for households of the same size within the Broward County in which the housing is located.~~

~~2.— Any development requesting additional height pursuant to section 47.13.52.B above shall include at least ten percent (10%) of all units in a development as affordable housing.~~

~~3.— Application and Affordable Housing Development Plan:~~

- ~~a.— For all developments in which affordable housing is required to be provided or in which the applicant proposes to include affordable housing, the applicant shall complete and file an application on a form required by the City with the Department of Sustainable Development ("DSD"), Urban Design & Planning Division ("UD&P"). The application shall require, and the applicant shall provide, among other things, general information on the nature and the scope of the development as the City may determine is necessary to properly evaluate the proposed development.~~
- ~~b.— As part of the application required under subsection 2 above, the applicant shall provide to the City an affordable housing development plan. The plan shall be subject to approval by the DSD/UD&P Division and shall be incorporated into the affordable housing development agreement pursuant to subsection d. below. The affordable housing development plan shall contain, at a minimum, the following information concerning the development:
 - ~~i.— A general description of the development, including whether the development will contain units for rent or for sale;~~
 - ~~ii.— The total number of market rate units and affordable housing units;~~
 - ~~iii.— The number of bedrooms in each market rate unit and each affordable unit;~~
 - ~~iv.— The square footage of each market rate unit and of each affordable unit measured from the interior walls of the unit and including air-conditioned and non-air-conditioned areas;~~
 - ~~v.— The location in the development of each market rate and affordable housing unit;~~
 - ~~vi.— If construction of dwelling units is to be phased, a phasing plan stating the number of market rate and affordable housing units in each phase;~~
 - ~~vii.— The estimated sale price or monthly rent of each market rate unit and each affordable housing unit;~~
 - ~~viii.— Documentation and plans regarding the exterior appearances, materials, and finishes of the affordable housing development and each of its individual units; and~~~~

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

- ~~ix. A proposed marketing plan to promote the sale or rental of the affordable units within the development to eligible households.~~
- ~~c. Criteria for Location, Integration, Character of Affordable Housing Units:~~
- ~~An affordable housing development shall comply with the following criteria:~~
- ~~i. Affordable housing units in an affordable housing development shall be mixed with, and not clustered together or segregated in any way from market rate units.~~
- ~~ii. If the affordable housing development plan contains a phasing plan, the phasing plan shall provide for the development of affordable housing units concurrently with the market rate units. No phasing plan shall provide that the affordable housing units built are the last units in an affordable housing development.~~
- ~~iii. The exterior appearance of affordable housing units in an affordable housing development shall be made similar to market rate units by the provision of exterior building materials and finishes substantially the same in type and quality.~~
- ~~d. Affordable Housing Development Agreement:~~
- ~~i. Prior to the issuance of a building permit for any units in a development in which an affordable unit is required pursuant to the criteria of subsection B, the applicant shall have entered into an affordable housing development agreement with the City. The development agreement shall set forth the commitments and obligations of the City and the applicant, and shall incorporate among other things, the affordable housing development plan.~~
- ~~ii. The applicant shall execute any and all documents deemed necessary by the City in a form to be established by the City Attorney's Office, including, without limitation, restrictive covenants, deed restrictions, and related instruments (including requirements for income qualification for tenants of for rent units) to ensure the continued affordability of the affordable housing units in accordance with this section.~~
- ~~iii. Restrictive covenants or deed restrictions required for affordable units shall specify that the title to the subject property shall be transferred only with prior written approval by the City.~~
- ~~e. Enforcement of Affordable Housing Development Agreement; Affordability Controls:~~
- ~~i. The DSD Director or designee shall promulgate rules as necessary to implement this section. On an annual basis, the director shall publish or make available copies of the U.S. Department of Housing and Urban Development household income limits and rental limits applicable to affordable units within the local government's jurisdiction, and determine an inflation factor to establish a resale price of an affordable unit.~~
- ~~ii. The resale price of any affordable unit shall not exceed the purchase price paid by the owner of that unit with the following exceptions:~~
- ~~(a) Customary closing costs and costs of sale;~~
- ~~(b) Costs of real estate commissions paid by the seller if a licensed real estate salesperson is employed;~~
- ~~(c) Consideration of permanent capital improvements installed by the seller; or~~
- ~~(d) An inflation factor to be applied to the original sale price of a for sale unit pursuant to rules established herein.~~
- ~~iii. The applicant or his or her agent shall manage and operate affordable units and shall submit an annual report to the City identifying, which units are affordable units in an~~

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

~~affordable housing development, the monthly rent for each unit, vacancy information for each year for the prior year, monthly income for tenants of each affordable unit, and other information as required by the City, while ensuring the privacy of the tenants. The annual report shall contain information sufficient to determine whether tenants of for-rent units qualify as low or moderate income households.~~

- ~~iv. For all sales of for sale affordable housing units, the parties to the transaction shall execute and record such documentation as required by the affordable housing development agreement. Such documentation shall include the provisions of this ordinance and shall provide, at a minimum, each of the following:
 - ~~(a) The affordable housing unit shall be sold to and occupied by eligible households in perpetuity by deed restriction from the date of the initial certificate of occupancy.~~
 - ~~(b) The affordable housing unit shall be conveyed subject to restrictions that shall maintain the affordability of such affordable housing units for eligible households.~~~~
- ~~v. In the case of for rent affordable housing units, the owner of the affordable housing development shall execute and record such document as required by the affordable housing development agreement. Such documentation shall include the provisions of this ordinance and shall provide, at a minimum, each of the following:
 - ~~(a) The affordable housing units shall be leased to and occupied by eligible households.~~
 - ~~(b) The affordable housing units shall be leased at rent levels affordable to eligible households and occupied by eligible households in perpetuity by deed restriction from the date of the initial certificate of occupancy.~~
 - ~~(c) Subleasing of affordable housing units shall not be permitted without the express written consent of the DSD Director or designee.~~~~

4. 2. Additional Height Criteria:

In addition to the performance standards outlined herein, the following additional criteria shall apply:

- a. Land uses within the development shall be appropriate in their proposed location, compatible with their relationship to each other, and with uses and activities on abutting and nearby properties;
- b. Where a proposed use is of larger scale and mass than existing adjacent uses, the design of the structure shall place significant consideration to transition, architectural articulation, superior lining with habitable space and screening of parking garage structures; effective transition between higher and lower density uses; ~~or allow incompatible adjacent land uses to be developed in a manner that is not possible using a conventional zoning approach;~~ and,
- c. Street and alley vacations shall not be considered unless the applicant demonstrates no decrease to the pedestrian and functional connectivity previously provided and increases options for pedestrian and/or multimodal connectivity;

~~5.3.~~ Development that demonstrates substantial, significant and recognizable improvements and long-term beneficial effect to the community and city. Such as:

- a. Preservation/adaptive-reuse of historically significant structures not otherwise protected;
- b. Superior architectural design, placement and orientation of buildings and attainment of Leadership in Energy and Environmental Design—Neighborhood Development ("LEED ND") certification for the development or LEED certification of individual buildings and/or other similar state, national or city-recognized programs;

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

- c. Provision of public facilities and public usable open space such as plazas, parks, provision for waterfront public access, greenway features, etc. and may include amenities such as playgrounds, special event space, etc. where the quality and programming of the space shall be emphasized over quantity;
- d. Landscaping shall be provided in a manner which maximizes tree canopy, emphasizes native vegetation, improves the aesthetic appearance, and provides opportunities for storm water infiltration, including innovative design usage such as Low Impact Development ("LID"), which is an ecologically-based stormwater management approach favoring soft engineering to manage rainfall on site through a vegetated treatment network; and;
- e. Preservation or restoration of environmental or natural resources that would not otherwise be protected, including environmental remediation/brownfield redevelopment.

([Ord. No. C-14-51, § 1, 1-21-15](#))

Sec. 47-20.3. - Reductions and exemptions.

A. *General parking reduction.*

1. Notwithstanding the off-street parking requirements provided in this Section 47-20, a parking reduction may be approved in accordance with the provisions of this section.
2. *Restrictions.* A parking reduction shall not be permitted for a residential use, except for:
 - a. Residential developments located in an area with RAC zoning designation; or
 - b. Multifamily residential developments which provide affordable housing units as defined in ~~Section 9-340 of the Code of Ordinances~~ 47-23.16.- Affordable Housing Regulations of the ULDR. To qualify for the ability to obtain a parking reduction pursuant to this section, a restrictive covenant must be executed and recorded in the public records of Broward County, Florida, ensuring that the affordable units remain affordable for a minimum of ten (10) years by restricting the ownership of an owner-qualified development to maximum sale or rental price of an affordable housing unit an eligible person for no less than five (5) years and lease of multifamily dwellings to a qualified lease development to an eligible person for no less than fifteen (15) ; or
 - c. Locally designated historic landmark or a contributing property within a locally designated historic district that have been designated in accordance with Section 47-24.11. of the ULDR.

* * *

SEC. 47-23.16. - Affordable Housing Regulations

The purpose of this section is to provide regulations that implement policies and programs to maximize the attainability of housing for persons and households of moderate to lower incomes. The City finds that affordable housing incentives benefit the public health, safety and welfare by helping to maintain a balanced community that provides housing for people of all income levels and ensure the opportunity of affordable housing.

A. Definitions

1. As used in this section, the following words and terms shall have the meanings specified herein:
 - a. Affordable: The term affordable as used in this section refers to the cost of housing that is reasonably priced for a person or household. Housing costs are deemed affordable for:

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

- i. an owner-occupied housing unit when the culminative costs of mortgage, taxes, insurance, and condominium or association fees, if any, is no greater than or equal to thirty five percent (35%) of a persons or household's gross annual income.
 - ii. a leased housing unit when the culminative costs of common charges and heat and utility costs, excluding television, telecommunications, and information technology services is no greater than or equal to thirty percent (30%) of a persons or household's gross annual income.
- b. Affordable housing categories are defined as follows:
- i. Moderate-Income: persons having a total annual anticipated income for the household that does not exceed one hundred and twenty percent (120%) of the median annual income adjusted for family size for households within the county.*
 - ii. Low-Income: persons having a total annual anticipated income for the household that does not exceed eighty percent (80%) of the median annual income adjusted for family size for households within the county.*
 - iii. Very-Low Income: persons having a total annual anticipated income for the household that does not exceed fifty percent (50%) of the median annual income adjusted for family size for households within the county.*
- * While occupying a rental unit, annual anticipated gross income may increase to an amount not to exceed one hundred and forty percent (140%) of the applicable median income adjusted for family size.
- c. Affordable Housing Development Agreement: A written agreement between a developer of a residential or mixed-use development with a residential component and the city or county containing specific requirements to ensure the continued inclusion of affordable housing in the development.
 - d. Affordable Housing Development Plan: A plan prepared by an applicant for an affordable housing development that outlines and specifies the development's compliance with the applicable requirements in this section.
 - e. Affordable Housing Unit: A dwelling unit the sale or rental of which is restricted to a person or household with a gross annual income is less than or equal to one hundred twenty percent (120%) of the median family income (MFI).
 - f. Applicant: When used herein an applicant for an affordable housing incentive shall mean a property owner or authorized agent of the property owner of real property proposed for a development including affordable housing component.
 - g. Area Median Income (AMI): Area median income shall be defined as MFI.
 - h. Conversion: A change of a residential rental development or a mixed use development that includes rental dwelling units to a development that contains owner-occupied individual dwelling units, or a change of a development that contains owner-occupied individual units to a residential rental development or mixed use development.
 - i. Eligible Person or Eligible Household: means a person or household who meets the income categories established herein.
 - j. Market Rate Housing: Residential housing units affordable to persons or households with a gross annual income that exceeds one hundred twenty percent (120%) of the MFI.

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

- k. Median Family Income (“MFI”): The estimated median family income for the Broward County Metropolitan Statistical Area as determined annually by the U.S. Department of Housing and Urban Development (HUD).

B. Affordable Housing Incentives

1. Affordable Housing Height Incentives.

Developments within a NWRAC-MUe, NWRAC-MUw, SRAC-SAe, and SRAC-SAw zoning district may exceed the maximum height limitations as provided in Sec. 47-13.31. – “Table of Dimensional Requirements for the NWRAC-MUe and NWRAC-MUw Districts” and Section 47-13.30. – “Table of Dimensional Requirements for the SRAC Districts”, through the application of an Affordable Housing Height Bonus as provided in this subsection.

- a. An Affordable Housing Height Bonus may be applied to a development subject to the following restrictions:
- i. A minimum of ten percent (10%) of dwelling units in a development to which the affordable housing height bonus is applied shall be restricted by deed to be sold or rented as affordable housing units and shall be further restricted as follows:
1. A minimum of five percent (5%) of dwelling units shall be restricted for rental or to be sold to a person or household with an annual gross income less than or equal to eighty percent (80%) of the MFI; and
 2. A minimum of five percent (5%) of dwelling units shall be restricted for rental or to be sold to a person or household with an annual gross income less than or equal to one hundred percent (100%) of the MFI; and
 3. Minimum floor area of four hundred (400) square feet per restricted residential dwelling unit.
- b. The maximum building height for developments to which an Affordability Housing Height Bonus is applied may not exceed:
- i. One hundred and ten feet (110') for property with a NWRAC-MUe District zoning designation and located west of NW 2nd Avenue;
 - ii. Sixty-five feet (65') for property with a NWRAC-MUw District zoning designation; and
 - iii. One hundred and fifty feet (150') for property with a S-RAC District zoning designation.
 - iv. Two hundred feet (200') for a development on property with a S-RAC District zoning designation and located north of Southeast/Southwest 18th Court, that restricts an additional five percent (5%) of dwelling units in the development by deed for rental or to be sold to a person or household with an annual gross income less than or equal to one hundred percent (100%) of the MFI.
- c. An application for an affordable housing height bonus shall be reviewed as a Site Plan Level II application subject to a city commission request for review pursuant to Section 47-26A.2.- City Commission Request for Review.
- d. Affordable housing set-aside requirements for this policy are not cumulative. Applicants may satisfy the affordability requirements of this section without providing additional affordable housing units, as long as the total number of units provided as affordable meet the requirements of this section.

2. Affordable Housing Density Incentives

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

a. Uptown Urban Village

The following regulations shall apply to the application of affordable housing density incentives to the development of parcels within the Uptown Urban Village zoning districts:

- i. Any development requesting the application of affordable housing density may exceed fifty (50) dwelling units per acre through the allocation of affordable housing units, not to exceed one hundred (100) dwelling units per acre, based on the following formula:
 1. One (1) affordable housing unit restricted to rental or sale to a person or household with an annual gross income less than or equal to eighty percent (80%) of the MFI, may be allocated for every four (4) market rate units.
 2. One (1) affordable housing unit restricted to rent or sale to a person or household with an annual gross income less than or equal to one hundred percent (100%) of the MFI, may be allocated for every two (2) market rate units.
 3. Minimum floor area of four hundred (400) square feet per restricted residential dwelling unit.

b. SRAC-SA Zoning Districts

The following regulations shall apply to the application of affordable housing density incentives to the development of parcels within the SRAC-SAe, and SRAC-SAw zoning districts:

- i. Any development requesting the application of affordable housing density may exceed fifty (50) dwelling units per acre through the allocation of affordable housing units ~~not to exceed one hundred (100) dwelling units per acre, based on the following formula in accordance with the following limitations:~~
 1. For a maximum density of one hundred (100) dwelling units per acre, A a minimum of ten percent (10%) of dwelling units in a development to which the affordable housing height bonus is applied shall be restricted by deed to be sold or rented as affordable housing units and shall be further restricted as follows:
 - a. A minimum of five percent (5%) of dwelling units shall be restricted for rental or to be sold to a person or household with an annual gross income less than or equal to eighty percent (80%) of the MFI; and
 - b. A minimum of five percent (5%) of dwelling units shall be restricted for rental or to be sold to a person or household with an annual gross income less than or equal to one hundred percent (100%) of the MFI; and
 - c. Minimum floor area of four hundred (400) square feet per restricted residential dwelling unit.
 2. In addition to the density bonus provided in Section 47-23.16.B.2.b.i.1, an additional fifty (50) dwellings unit per acre may be permitted for every five percent (5%) increase of dwelling units restricted by deed for rental or to be sold to a person or household with an annual gross income less than or equal to one hundred percent (100%) of the MFI. The maximum density of the development shall not exceed two hundred (200) dwelling units per acre. Each restricted residential dwelling unit shall have a minimum floor area of four hundred (400) square feet.
 - 2-3. An application for an affordable housing density bonus within the SRAC-SAe and SRAC-SAw zoning districts shall be reviewed as a Site Plan Level II application

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

subject to a city commission request for review pursuant to Section 47-26A.2.-City Commission Request for Review.

c. Broward County Land Use Plan (BCLUP) Permitted Density Bonus for Affordable Housing

Bonus residential density for affordable housing may be allocated on parcels located on Highway US 1 and designated Commercial, Employment Center, Industrial or Office Park future land use and fronting with direct access on a roadway classified as a State road, County arterial, per the Broward Highway Functional Classification map, or other road or portion thereof, as approved by the Board of County Commissioners, or within parcels designated Downtown Regional Activity Center, Northwest Regional Activity Center, or South Andrews Regional Activity Center on the City of Fort Lauderdale future land use map, multi-family residential use is permitted in addition to that permitted otherwise in those designations by the BCLUP, excluding properties located east of the intracoastal, subject to the following:

- i. One or more of the affordable housing categories, as defined in Section 47-23.16.A.1.b, must be a component of the residential development based on the following "bonus" units to "affordable" unit formula(s) described below:
 1. Moderate income: six (6) bonus units for every (1) one moderate income unit
 2. Low income: nine (9) bonus units for every (1) one low income unit.
 3. Very-low income: nineteen (19) bonus units for every (1) one very-low income unit.
- ii. Each required affordable housing unit must be no smaller than ten percent (10%) less than the average gross floor area of all bonus units in the development project,
- iii. Single-family dwelling units are not permitted. As per Policy 2.2.6 of the Broward County Land Use Plan, studio, or efficiency housing units, no greater than 500 square feet in size or less than 400 square feet, may be counted by the local government as 0.5 dwelling units for residential density purposes. No more than fifty percent (50%) of a development can consist of studio or efficiency housing units.
- iv. These additional permitted residential density provisions are conditioned on the developer or purchaser providing, in a manner acceptable to the affected unit of local government, guarantees, at a minimum, through the use of restrictive covenants, that the affordable unit(s) will be maintained as affordable to the applicable designated income group(s) for a minimum period of thirty (30) years.
- v. Within a development containing residential units, a minimum of ten percent (10%) of the gross floor area, excluding parking garages, must be reserved, or utilized for office or commercial uses not ancillary to the residential units.
- vi. Bonus residential density for affordable housing may be allocated on parcels located east of Highway US1 and west of the Intracoastal Waterway if the City Commission finds that the additional dwelling units on said parcels will not negatively impact hurricane evacuation clearance times and/or emergency shelter capacities. Documentation is required to be submitted prior being reviewed by the Planning and Zoning Board.
- vii. "Affordable unit" requirements may be satisfied via an in-lieu payment to the Broward County Affordable Housing Trust Fund based on the Florida Housing Finance Corporation (FHFC) most recent "Total Development Cost Per Unit Base Limitations," as updated by the FHFC. The per unit in-lieu payment option shall be the Broward County FHFC average of the "garden ESS," "mid-rise ESS" and "high rise" total development cost divided by 7.

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

- viii. One hundred percent (100%) of the “affordable” units shall be available for occupancy before the final twenty- five percent (25%) of bonus units are available for occupancy.
- ix. Development application approval shall be subject to Section 47-24, Development Permits and Procedures.
- d. Affordable housing set-aside requirements for this policy are not cumulative. Applicants may satisfy the affordability requirements of this section without providing additional affordable housing units, as long as the total number of units provided as affordable meet the requirements of this section.

C. Exemptions

- 1. Developments receiving assistance under a governmental program or agreement, that meet or exceed the requirements of Section 47-23.16.B - Affordable Housing Incentives, are exempt from the requirements of Section 47-23.16. - Affordable Housing Regulations. Eligible applicants shall provide the following documentation:
 - a. The applicant shall provide existing or future affordability documentation, recorded deed restrictions, agreements and supporting documentation during site plan application submission to determine conformance with this section; or
 - b. If it is determined by staff that affordability documentation cannot be provided during site plan application submission, affordability documentation shall be provided and reviewed prior to building permit issuance.
- 2. Exemption is not permitted if the governmental program or agreement requires adherence to set-aside requirements of Section 47-23.15.B - Affordable Housing Incentives. This includes, but is not limited to, City and County programs and agreements.
- 3. Exemption is not permitted for developments receiving units under Section 47-23.16.B.2.C- Broward County Land Use Plan (BCLUP) Permitted Density Bonus for Affordable Housing.

D. Affordable Housing General Requirements

- 1. Application and Affordable Housing Development Plan:

For applicants seeking an affordable housing height or density incentive an application for a development permit shall be submitted to the department on forms provided by the Department.

 - a. As part of the application requirements, the applicant shall provide to the City an Affordable Housing Development Plan. The plan shall be subject to approval by the Department and shall be incorporated into the Affordable Housing Development Agreement. The Affordable Housing Development Plan shall contain the following:
 - i. A description of the development, including whether the development will contain residential units for rent or for sale;
 - ii. The total number of market-rate units and affordable housing units, separated into categories by income level;
 - iii. The number of bedrooms in each market-rate unit and each affordable unit;
 - iv. The square footage of each market-rate unit and of each affordable unit measured from the interior walls of the unit and including air-conditioned and non-air-conditioned areas;
 - v. The location in the development of each market-rate and affordable housing unit;
 - vi. If construction of dwelling units is to be phased, a phasing plan stating the number of market-rate and affordable housing units in each phase; and
 - vii. The applicant shall provide the following calculations:

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

1. Calculations for mortgage, taxes, insurance, and condominium or association fees for affordable housing for sale units.
2. The estimated sale price and monthly rent of each market-rate unit and each affordable housing unit. The Affordability Plan must reflect whether utility costs are included within rental cost calculations and the estimated cost of utilities. Utility costs must be adjusted to reflect changes in common charges, heat and utility costs every two (2) years:
 3. For rental housing, housing costs include cost of rent common charges, heat, and utility costs; and exclude, television, telecommunications, and information technology services. Housing costs may not exceed thirty percent (30%) of a persons or households income. If housing costs exceed thirty percent (30%) of a persons or households income, utilities shall be deducted from the maximum monthly housing payment. Heat and utility costs may be calculated by reasonable estimates.
- viii. A proposed marketing plan to promote the sale or rental of the affordable units within the development to eligible households.
- b. Criteria for Location, Integration and Character of Affordable Housing Units:
 - i. Affordable housing units shall be mixed with and not clustered together or segregated in any way from market-rate units;
 - ii. Affordable housing units shall be distributed between unit types;
 - iii. The square footage of an affordable housing unit shall not be less than four hundred (400) square feet; nor shall the square footage of an affordable housing unit have a smaller square footage than the smallest market rate unit of the same unit type within the proposed development;
 - iv. If the affordable housing development plan contains a phasing plan, the phasing plan shall provide for the development of affordable housing units concurrently with the market-rate units. No phasing plan shall provide that the affordable housing units built are the last units in an affordable housing development;
 - v. The exterior appearance of affordable housing units shall be made the same as market-rate units; and
 - vi. Interior finishes shall be of equal or similar quality as market rate units within the same development.
 - vii. Market rate and affordable housing units shall share and have access to development common areas including entrances, lobbies, elevators, and amenities such as pools and gyms.
2. Affordable Housing Development Agreement and Deed Restriction
 - a. Prior to the issuance of a building permit for any units in a development in which an affordable unit is required pursuant to the criteria of subsection B, the applicant shall have entered into an affordable housing development agreement with the City. The development agreement shall set forth the commitments and obligations of the City and the applicant, and shall incorporate among other things, the affordable housing development plan.
 - b. The applicant shall execute any and all documents deemed necessary by the City in a form to be established by the City Attorney's Office, including, without limitation, restrictive covenants, deed restrictions, and related instruments (including requirements for income qualification for tenants of for-rent units) to ensure the continued affordability of the affordable

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

housing units in accordance with this section, for no less than thirty (30) years, beginning on the date the certificate of occupancy is issued for the affordable housing units.

- c. The required deed restriction shall specify that the title to the subject property shall be transferred only with prior written approval by the City.
3. Income Limits:
 - a. On an annual basis, the Director of Sustainable Development or his designee shall publish or make available HUD's income and rental limits.
 - b. Upon the sale of for-sale affordable housing units, the parties to the transaction shall execute and record such documentation as required by the affordable housing development agreement. Such documentation shall include the provisions of this ordinance and shall provide, at a minimum, each of the following:
 - i. The affordable housing unit shall be sold to and occupied by eligible households by restrictive covenants, deed restrictions, and related instruments from the date of the initial certificate of occupancy; and
 - ii. The affordable housing unit shall be conveyed subject to restrictions that shall maintain the affordability of such affordable housing units for eligible households.
4. Resale of For Sale Affordable Housing Units:
 - a. The resale of for sale affordable housing units are limited to an annual appreciation of three percent (3%) over the original purchase price, including the following sale price increases:
 - i. Eligible capital improvements and repair costs shall be valued at one hundred percent (100%) of reasonable costs, as determined by the DSD Director or designee. It is the responsibility of the homeowner to provide documentation of claimed capital improvements and repairs with receipts, contracts, or other supporting evidence, as requested;
 - ii. Customary closing costs and real estate commissions paid by the seller if a licensed real estate salesperson is employed; and
 - iii. Repairs costs covered by insurance are not permitted to be included in resale valuation calculations;
 - b. To account for appreciation, an eligible purchaser's income is permitted to increase twenty percent (20%) over the initially established MFI, after a time period of fifteen (15) years.
5. Rental of Affordable Housing Units:
 - a. Affordable housing units shall be leased to and occupied by an eligible person or household as required by the affordable housing development agreement from the date of the initial certificate of occupancy.
 - b. A person or household initially qualified as income eligible are permitted to have their incomes increase up to twenty percent (20%) and will continue to be considered income eligible at the original qualifying income level.
 - c. If a household is no longer income eligible for the original MFI level and exceeds the permitted income increase, described above, and the household qualifies for a higher MFI level within the development, the affordable housing unit may be re-designated as a higher MFI level, permitting the household to remain in the same unit. To restore the original mix of MFI levels, the next available unit, with the same number of bedrooms, shall replace the lower MFI level that was redesignated and rented as affordable.

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

- d. If a household is no longer income eligible for the original MFI level and exceeds the permitted income increase, described above, and the development does not have an affordable housing unit with a higher MFI level that the household qualifies, the household may remain in the affordable housing unit if the household agrees to pay market rate rent. To restore the required set-aside requirements, the next available unit, with the same number of bedrooms, is required to be designated and rented as affordable.

6. Annual Affidavit:

The property owner or his or her agent are required to submit an annual affidavit, provided by the DSD Director of Designee, certifying rental affordable housing units are leased to eligible persons or households. The affidavit shall state the number of units required to be set-aside, required income level restrictions, the monthly rent for each unit, monthly income for tenants of each affordable unit, and other information as required by the City, while ensuring the privacy of the tenants. The annual report shall contain information sufficient to determine whether the property owner is in compliance with the affordability requirements.

7. Conversion:

Affordable housing rental units are permitted to be converted into for sale affordable housing units, and for sale affordable housing units are permitted to be converted into affordable housing rental units, subject to the following:

- a. The percentage of affordable housing units and income-levels established under the recorded deed restriction for affordable housing shall not change upon conversion;
- b. A converted affordable housing unit shall be sold, resold or rented to an income-eligible household, per Section B, herein;
- c. Affordable housing units shall remain income restricted for the remainder of the originally recorded restriction; and
- d. An updated deed restriction shall be reviewed and approved by the DSD Director or designee and the City Attorney's Office, prior to being executed and recorded in the public records of Broward County, Florida.

8. Payment In-Lieu of Affordable Housing:

- a. Affordable housing set-aside requirements may be satisfied via an in-lieu payment to the City of Fort Lauderdale Affordable Housing Trust Fund, based on the Florida Housing Finance Corporation (FHFC) most recent "Total Development Cost Per Unit Base Limitations," as dictated by the county and updated by FHFC. ~~Residential flexibility units are excluded from satisfying affordable housing set-aside requirements through in-lieu payments.~~
- b. "Affordable unit" requirements may be satisfied via an in-lieu payment to the Broward County Affordable Housing Trust Fund** based on the Florida Housing Finance Corporation (FHFC) most recent "Total Development Cost Per Unit Base Limitations," as updated by the FHFC. The per unit in-lieu payment option shall be the Broward County FHFC average of the "garden ESS," "mid-rise ESS" and "high rise" total development cost divided by 7.
- c. Payment in-lieu of fees shall apply to the total number of units in a development. The applicant shall provide an analysis of the payment in-lieu of affordable housing fees, to be provided at the time of application submission.
- d. In-lieu of fees shall be paid prior to the issuance of certificate of occupancy for residential units.

E. Expedited Review Process:

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

1. An application containing affordable housing units shall be identified for expedited review processing. Expedited processing may include, but shall not be limited to the following:
 - a. Identify zoning regulations applicable to the proposed development.
 - b. Oversight of the development will be conducted from application to certificate of occupancy.
 - c. Assist the applicant with any incomplete portions of the development application.
 - d. Where applicable identify resources, which may assist the applicant in meeting the requirement for development permit approval.

* * *

Sec. 47-37B.3. - Applicability and general regulations.

- A. *Applicability.* The following regulations shall apply to all development permitted within the Uptown Urban Village Zoning Districts as listed in Section 47-37B.4, List of Permitted and Conditional Uses, and shall be read in conjunction with the adopted design standards referenced herein Section 47-37B.3.A.1.

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

1. Uptown Urban Village Illustrations of Design Standards. Document adopted by ordinance as part of the creation of the Uptown zoning districts and incorporated as if fully set out herein and filed with the department.
- B. *Development permit and approval process.* Development applications shall be reviewed in accordance with Section 47-24, Table 1. Development Permits, and as provided below.
 1. An application for a development permit shall be reviewed for compliance with the applicable criteria as provided in the ULDR and shall demonstrate consistency with adopted design standards for Uptown.
 2. An application for a development permit that seeks alternate design solutions to the regulations provided herein shall be reviewed as a site plan level III and is subject to the following restrictions:
 - a. Alternate design solutions shall not exceed more than three (3) regulation standards.
 - b. Development applications must demonstrate that the proposed alternate solution(s) maintain the overall intent of the standard.
 - c. Such alternate solutions cannot include deviations to density, building height, or maximum floor area ratio unless provided herein.
- C. *Definitions.* The following words when used in this section shall, for the purpose of this section, have the following meanings.
 1. *Active use.* A use designed to provide visual engagement between the public realm and the ground floor of buildings. Active uses enhance building facades that front a street by creating a sense of human presence, safety, and comfort.
 2. *Communal space.* A space that is convenient, accessible, safe, and is adaptable for certain activities including but not limited to movie rooms, cooking and dining areas, office cubicles, and is typically restricted for patrons, residents, or invited guests of the building, community, or neighborhood. Amenity space such as pools and fitness rooms are not included.
 3. *Density.* Density within the applicable zoning districts is limited in accordance with the number of units as provided in the adopted Comprehensive Plan, as amended from time to time, as per Section 47-28, Flexibility Rules, and any other applicable provisions in the Unified Land Development Regulation (ULDR).
 4. *Enhanced architectural element.* High quality building material(s) or design feature(s) that when incorporated into the design of a building or structure results in a unique, aesthetically pleasing style that is different than the surrounding buildings.
 5. *Floorplate:* The total square footage for any floor of a tower. This does not include balconies that are open on three (3) sides.
 6. *Plaza/gathering area.* An area located outside of the right-of-way, typically between a building and a street, or along a pedestrian path which promotes visual and pedestrian access onto the site and provides pedestrian-oriented amenities and landscaping to enhance the public's use of the space for passive activities such as resting, reading, and outdoor dining.
 7. *Pocket park.* A small, accessible space, mostly at grade, which fits into the urban fabric and provides greenery, seating, and other pedestrian friendly elements for use by residents. A pocket park is not land dedicated or deeded to the city. A pocket park is a spatial requirement for development which contains residential uses to ensure adequate and sufficient open space is provided for residents.
 8. *Sense of place element.* Physical characteristics of a structure, area, or element that set it apart from its surroundings and contribute to its individuality through creative design elements that provided an artistic, social, and functional component of the project.

CODING: Words, symbols, and letters ~~stricken~~ are deletions; words, symbols, and letters underlined are additions.

9. *Shoulder*. The portion of a building below the horizontal stepback between a tower and a pedestal.
 10. *Stepback*. The horizontal dimension that defines the distance between the face of the tower and the face of the pedestal.
 11. *Streetscape zone*. A portion of the public right-of-way, typically adjacent to the sidewalk but outside the pedestrian walking area, including streetscape elements, landscaping, and street trees.
 12. *Tower*. The portion of a building extending upward from the pedestal.
 13. *Uptown Project Area*. Generally described as the land area bound by McNab Road and the C-14 canal to the north, NW 57th Street to the south, Powerline Road to the west, and I-95 to the east.
- D. *Density, affordable housing, and flex allocation*.
1. Density within the Uptown Urban Village Zoning Districts shall require the allocation of residential flex units as outlined in Section 47-28, Flexibility Rules.
 2. Density of a development parcel shall not exceed fifty (50) dwelling units per acre, however the density may exceed fifty (50) dwelling units per acre through the allocation of affordable housing units (AFUs) within specific income mix categories. The increase in density is directly linked to the number of AFUs in the very low and low income category and moderate income category based in the following formula: **in accordance with Section 47-23.16. - Affordable Housing Regulations.**
 - a. ~~Very low and low income category: one (1) unit equals four (4) market rate units;~~
 - b. ~~Moderate income category: one (1) unit equals two (2) market rate units~~
 3. ~~In no case shall the total density including both market rate and AFUs exceed one hundred (100) dwelling units per acre.~~
 4. ~~Affordable housing units (AFUs) shall be subject to the following:~~
 - a. ~~The AFUs income categories are defined as the following:~~
 - i. ~~Very low and low income category. Very low and low income persons having a total annual anticipated income for the household that does not exceed eighty (80) percent of the median annual income adjusted for family size households; and~~
 - ii. ~~Moderate income category. Moderate income persons having a total annual anticipated income for the household that does not exceed one hundred twenty (120) percent of the median annual income adjusted for family size households.~~
 - b. ~~Assignment of AFUs shall be allocated from the affordable housing unit pool contained in the city's flex table.~~
 - c. ~~A deed restriction, restrictive covenant, or development agreement must be recorded for a period of fifteen (15) years restricting the development parcel based upon the number and mixture of AFUs as approved by the city.~~
 5. Commercial flex allocation shall be applied as outlined in Section 47-28, Flexibility Rules.

([Ord. No. C-19-34](#), § 3, 11-5-19)
