Consideration of a Motion Regarding the Release of Request for Proposals (RFP) for Managed Services of a 911 Communication Center

City Manager Feldman requested direction from the City Commission regarding the City moving forward with the release of a Request for Proposals (RFP) for the its own 911 Emergency Communications Center System. Commissioner Roberts initiated the discussion on this topic focusing on the need for the proper levels of 911 emergency services for the citizens of the City. Commissioner Roberts noted that the current consolidated system with Broward County has not been adequate in

addressing emergency needs of the residents of the City. Commissioner Roberts stated he would like an RFP to enable the City to make a better decision on this subject.

Mayor Seiler recognized Charles King, 105 N. Victoria Park Road, who addressed the Commission with his comments, thoughts, concerns, and questions regarding this item and in opposition to Commissioner Roberts' recommendation due to costs.

Mayor Seiler recognized Steve Ganon, Lauderdale Beach Homeowners Association, who addressed the Commission with his comments, thoughts, concerns and questions regarding this item. Mr. Ganon cited the long response times he has experienced with the current 911 Communications Center as well as other issues.

Mayor Seiler recognized Steve Coleman, 1729 NE 17th Avenue, who addressed the Commission with his comments, thoughts, concerns, and questions regarding this item and also noted the current long response times he had experienced.

Vice Mayor Trantalis commented on City Manager Feldman's previous comments about the lack of adequate, trainable personnel even if the City instituted its own 911 Emergency Communications Center System and the associated costs. Vice Mayor Trantalis asked City Manager Feldman for his input. City Manager Feldman stated his concern remains with the staffing issues of the City's own 911 Emergency Communications Center System. Mayor Seiler commented that unless he can have a guarantee that the City's own 911 Emergency Communications Center System would be adequately staffed at the necessary levels of service, he is not comfortable moving forward on an expenditure of this magnitude. The Commission continued discussions and debate on this issue including the costs and requirements of the proposed Request for Proposals (RFP), the improvements the current 911 system is working towards, and other needs of the City which are in need of funding.

Commissioner Roberts moved to approve this item and was seconded by Robert McKinzie.

Resolution Approving Payment of Legal Fees incurred by Commissioner Robert L. McKinzie in defending the following lawsuit: Gino Jameson and Claudette Grant v. City of Fort Lauderdale and Robert McKinzie, Case No. 14-021340, in the 17th Judicial Circuit Court in and for Broward County, Florida

Mayor Seiler recognized Craig Fisher, 200 S. Birch Road, who addressed the Commission with his thoughts, comments, questions, and concerns in opposition to this item. Mr. Fisher noted the controversy in items of this nature and the concerns of many City residents who feel as he does that the citizens of the community should not be paying for legal representation of a Commission member regarding residency issues especially when the State Inspector General is involved.

Mayor Seiler recognized Charlie King, 105 N. Victoria Park Road, who addressed the Commission with his thoughts, comments, questions, and concerns in opposition to this item.

Mayor Seiler recognized Assistant City Attorney Candace Duff, who addressed the Commission on this item stating the City Attorney's Office feels this is a proper expenditure. Ms. Duff stated that at the time these expenses were incurred, Commissioner McKinzie was an active City Commissioner. Ms. Duff noted the residency claim was eventually dropped and the other issues related to the City's previous City Clerk, and the interpretation of the City's Charter as to whether an interim City Commissioner could run for office as a City Commissioner.

City Attorney Everett stated that if the City Commission adopts this resolution it is making a specific finding that Commissioner McKinzie's legal services arose out of a connection with his specific duties and does serve a public purpose.

Mayor Seiler reiterated the additional issues relating to this matter involved the previous City Clerk at the time and the interpretation of the City Charter all of which intertwined with Commissioner McKinzie's serving as a City Commissioner and this made them City related issues.

Commissioner Rogers introduced this item which was read by title only.

Resolution to Select Suntex Marina Investors LLC's Las Olas Marina Site Proposal

Mayor Seiler noted that this item addresses the selection of one of Suntex Marina Investors LLC's (Suntex) concepts, alternative A, B, or C, for development of the Las Olas Marina. He also noted there had been a community outreach meeting by Suntex. This meeting included representatives of the nearby condominiums, Venetian Condominium, Portofino Condominium, Leisure Beach Condominium, Leisure Beach South Condominium, and the Jackson Tower Condominium. The goal of this community outreach meeting was to receive input from these stakeholders as to their preferred Suntex concept for the development of the Las Olas Marina.

Mayor Seiler recognized Rose Kurlander, One Las Olas Circle and representative of the Venetian Condominium, who addressed the Commission with her thoughts, comments, questions, and concerns in support of this item. Ms. Kurlander thanked Suntex for its community outreach meeting and outlined the marina's enhancements specifically focusing on alternative C3. She noted the meeting included discussions on the number of restaurants alternative C3.

Ms. Kurlander addressed the importance of the committee outreach process and the recommended receiving input from the Marine Advisory Board (MAB), the Beach Redevelopment Board (BRB), the Central Beach Alliance (CAB) and additional neighborhood and community outreach meetings. Her additional comments and concerns focused on traffic flow, delivery truck routes and drop offs, tram schedules, relocation of the City's pumping station, the lease agreement of public property for private business, the desire for more details of the long-term lease, and avoiding the City's previous experiences when only one bid is presented. Ms. Kurlander stated she thought the Suntex concept was good but the City needs to address these details prior to a final vote in February 2017.

Mayor Seiler recognized Jim DeFrancesco, President of the Jackson Towers Las Olas Association, who addressed the Commission with his

thoughts, comments, questions, and concerns in support of this item. Mr. DeFancesco thanked Suntex for its community outreach on this item stating the presentation was very thorough and informative. ***A copy of Mr. DeFrancesco's complete comments are attached to these minutes.***

Mayor Seiler recognized Abby Laughlin, 425 Bayshore Drive, who addressed the Commission with her thoughts, comments, questions, and concerns in support of this item. She acknowledged that alternative C3 was the most popular alternative stating the entire Central Beach Alliance (CAB) has not seen the Suntex presentation and the CAB looks forward to inviting Suntex to its next meeting.

Mayor Seiler recognized Craig Fisher, 200 S. Birch Road, who addressed the Commission with his thoughts, comments, questions, and concerns on this item. Mr. Fisher thanked Vice Mayor Trantalis for his work with recommending and coordinating Suntex's outreach meeting to the neighbors of the Las Olas Marina. Mr. Fisher discussed his support of the alternative C3 concept. He also noted Suntex's professionalism and recommended the City rollout the "Red Carpet" for Suntex. Mr. Fisher also discussed revisiting the closing of the Las Olas Circle when the Boat Show is setting up and further addressing the ingress and egress issues with the proposed parking garage.

Mayor Seiler recognized Art Seitz, 105 N. Ocean Blvd., who addressed the Commission with his thoughts, comments, questions, and concerns in support of Suntex's proposed alternative C3. Mr. Seitz's comments included the marina's restaurant's northwest location and the need for a world-class promenade as it is a key part of the 27 mile long A1A Greenway. Mr. Seitz also recommended using the funding from the Broward Foundation (obtained from the work of Commissioner Rogers) to enhance DC Alexander Park and additional enhancements for *Art in Public Places* for the promenade and would benefit of the public. Mr. Seitz also recommended working with Stacy Ritter, Chief Executive Officer of the Greater Fort Lauderdale Convention and Visitors Bureau, for recommendations and additional ideas to enhance these goals.

Mayor Seiler stated for the record that the Suntex team includes David Filler, Ron Shults, and Dario Meyer.

Vice Mayor Trantalis requested clarification on alternative C. Mayor Seiler recognized David Filler, designated representative of Suntex Marina Investors, who addressed Vice Mayor Trantalis' inquiry stating in response to the RFP, Suntex had identified a variety of locations for a restaurant. He stated all stakeholders believe that alternative C, the

Mega Yacht Marina with a restaurant gives more flexibility from a design perspective. Mr. Filler noted that slide C3 shows proposed site for the restaurant on an existing peninsula in the upland area of the marina site. Further discussions ensued on the additional placement of a more casual restaurant at the southwest corner of the marina. It was noted that EDSA was in support of this option noting there is additional flexibility there to address parking concerns. Comments and discussions ensued on additional amenities for patrons of the marina and the input of those attending the community outreach meetings.

Vice Mayor Trantalis confirmed that the neighborhood community is on board with one and perhaps two restaurants in Suntex's proposal noting that the exact locations are yet to be determined. Mr. Filler confirmed Suntex will continue to have dialogue with the neighborhood community on the marina's design and amenities. He noted this community outreach makes residents feel they are part of the process rather than being excluded. Vice Mayor Trantalis thanked Suntex for its professionalism and outreach to the neighboring community.

Mayor Seiler clarified for the record that the amended adoption of this item includes alternate C3 including a second casual restaurant with a possible small sundries concession/hut. Mayor Seiler also recommended Suntex meet with the Central Beach Alliance (CBA) on the proposed project's alternate C3.

Vice Mayor Trantalis introduced this resolution as amended which the City Clerk read by title only.

Mayor Seiler thanked Suntex, Vice Mayor Trantalis, and all those involved who worked together to involve all neighboring stakeholders. He recommended continued coordination by those involved and to work through Vice Mayor Trantalis' office to address issues, concerns, thoughts and recommendations for Suntex to address.

Resolution Supporting a Complete Streets Project on NE 4th Avenue

Mayor Seiler stated his concern about this item related to whether or not there is enough flexibility for emergency situations. He noted he had

experienced complaints during preparations for Hurricane Matthew as to what would have occurred had this area of Fourth Avenue which is home to Home Depot been reduced to one lane each way.

Mayor Seiler recognized Diana Alarcon, Director of Transportation and Mobility, who addressed Mayor Seiler's concern about the flexibility of making this portion of Fourth Avenue one lane in each direction. Ms. Alarcon stated these concerns had been addressed at the public hearing held with the City of Wilton Manors last month, and they have gone back and modified the maintaining of the two lanes in the area from 11th Street to Sunrise Boulevard.

Discussions continued with the Commission about having the modified area run from 13th Street to Sunrise Blvd. Ms. Alarcon confirmed for the Commission that these changes were "just paint on the ground." Ms. Alarcon also requested to have the opportunity and flexibility to do an analysis of the implications of removing the bike lane between 11th Street and 13th Street and its impact. Mayor Seiler stated did not have an issue with this request.

Commissioner Roberts asked Ms. Alarcon for confirmation that this item is being funded by Tax Incremental Financing (TIF) money and is being provided by the Metropolitan Planning Organization (MPO). Ms. Alarcon confirmed both of these points. Discussions continued on removing the bike lanes and its effects on the TIF funding.

Mayor Seiler recognized Christine Fanchi, Planner II (Livability) Transportation and Mobility, who addressed the Commission about the length of time for a vehicle to travel from the Five Points area in Wilton Manors to Sunrise Blvd. Ms. Fanchi stated the analysis concluded that the lane elimination would increase the delay for motor vehicles during the busiest time of the day by 4 minutes for travel southbound from Sunrise Boulevard to NE 26th Street.

Vice Mayor Trantalis introduced this resolution which was read by title only.

Resolution Approving a Lease Agreement with the Young Men's Christian Association (YMCA) of South Florida, Inc. for a portion of

Holiday Park along North Federal Highway

Mayor Seiler opened the public hearing.

Mayor Seiler recognized Mr. Charles King, 105 N. Victoria Park Road, who addressed the Commission with his comments, thoughts, concerns, and questions regarding this item. Mr. King asked if all of the YMCA's are similar. He also asked if the YMCA at Holiday Park would be programmed in the same manner as the YMCA on Sistrunk Blvd. Vice Mayor Trantalis stated the concepts are different for the YMCA on Sistrunk and the YMCA at Holiday Park noting that the floor plans are different. Additionally, Vice Mayor Trantalis stated that the YMCA on Sistrunk has commercial space on the first floor for retail businesses.

There being no one else wishing to speak on this item, Vice Mayor Trantalis made a motion to close the public hearing, which was seconded by Commissioner Roberts. Roll call showed: AYES: Commissioner McKinzie, Commissioner Rogers, Commissioner Roberts, Vice Mayor Trantalis, and Mayor Seiler. NAYS: None.

Mayor Seiler thanked all of those in the audience from the YMCA for their support of the City's communities.

Vice Mayor Trantalis introduced this resolution which was read by title only.

Ordinance Amending the Unified Land Development Regulations
Revising the List of Permitted and Conditional Uses in the General
Aviation Airport (GAA) and Airport Industrial Park (AIP) Zoning
Districts and Creating Accessory Use Tables for Both Zoning
Districts / Case T16003

Commissioner Rogers concurred with City Manager Feldman on this item and asked him if there was a way to address the airport in a similar manner as the Marine Center in terms of attracting vendors to their site for purposes of repairs and other types of businesses that go on at the airport. He also asked if those businesses are self-sustaining and if there was any validity to looking into this option for attracting businesses to the airport.

City Manager Feldman stated the businesses at this location are self-sustaining. He also noted that aviation related businesses located on airport property, receive subsidized leases at below market rates. City Manager Feldman noted that as a result of the Federal Aviation Administration's (FAA) deed restrictions and its requirement to promote general aviation, there was a lease differential in aviation and non-aviation businesses. Other aspects of this item's rezoning were discussed. City Manager Feldman also noted the City is going through this process at the request of the FAA. City Manager Feldman stated this ordinance's amendment adds medical uses to the two zoning categories.

Commissioner Roberts noted there are numerous moving parts involved in this ordinance and questions relating to all aspects of this ordinance could be addressed at the Second Reading. Mayor Seiler asked for confirmation that this ordinance does not eliminate restaurant usage at the General Aviation Airport (GAA). Eric Engmann, Planner III - Urban Design & Development - Department of Sustainable Development, confirmed that this ordinance does not eliminate restaurant usage at the GAA and restaurants are listed in the category of accessory uses. Additional comments and discussions ensued about different types of allowable ancillary usage which were clarified. It was noted there will be time to work on this ordinance between the First Reading and the Second Reading.

Vice Mayor Trantalis introduced this ordinance on First Reading which was read by title only.

OFR-2 [16-1253](#)

Ordinance Amending Article X, Vacation Rentals, Chapter 15 of the Code of Ordinances of the City of Fort Lauderdale (Code)

Mayor Seiler stated this is the First Reading of this Ordinance, and stated the Second Reading will take place in thirty (30) days, at the November 15, 2016, City Commission Regular Meeting. Mayor Seiler also noted there will be time to work on this ordinance between the First Reading and the Second Reading.

Mayor Seiler recognized Maria Ball, 3609 SW 36th Street, who addressed the Commission in opposition to this item. Ms. Ball stated her reasons for renting her home on *airbnb* were financial. Ms. Ball requested the City to make it easier for people like her to have this supplemental income. Vice Mayor Trantalis asked Ms. Ball who supervises her vacation rental tenants when she is out of town. Ms. Ball stated her housekeeper comes once a week to ensure that vacation rental tenants are not abusing her residence.

Mayor Seiler recognized Steve Coleman, 1729 NE 17th Avenue, who addressed the Commission stating he is in favor of raising the registration fee for vacation rentals due to the need to fund the staffing for

enforcement of the City Code Ordinances already in place and to address vacation rental issues. Mr. Coleman noted he had reported over 25 vacation rental properties in his area as of June, 2016. Mr. Coleman cited several ordinances that were not being enforced in his neighborhood, giving several examples including the inability to identify a vacation rental property from a homeowner property.

Mayor Seiler recognized Jim Miller, 509 SW 18th Court, who addressed the Commission in opposition to this item. Mr. Miller stated he has a "mother-in-law" apartment on his property which he rents out with *airbnb* for economic reasons. He noted he is an on-site owner and stated the problems with vacation rentals occur with out of town owners and "party" houses. Mr. Miller further commented on what he believed to be faults in the City's current ordinances relating to vacation rentals.

Mayor Seiler recognized, Steve Ganon, President of Lauderdale Beach Homeowners Association, who addressed the Commission in support of this ordinance. Mr. Ganon stated everyone in his neighborhood is in consensus with the City's revised ordinance. He also noted the importance of addressing occupancy level issues in this amendment to the original ordinance. Mr. Ganon further commented on other aspects of the current ordinance.

Mayor Seiler recognized Lorraine Messana, 2053 NE 68th Street, who addressed the Commission on this item noting she was an *airbnb* on-site host. Ms. Messana's comments focused on the requirement for vacation rental properties to have a telephone landline and requested this requirement be removed from the ordinance. She also gave her thoughts and concerns over other requirements in the ordinance and the importance of attracting families to the City's local businesses.

Vice Mayor Trantalis asked Ms. Messana what was her gross income from renting on *airbnb*. Ms. Messana stated it was approximately \$40,000. Vice Mayor Trantalis explained the reasons for the need for the City's monitoring of vacation rentals. Ms. Messana addressed the issues raised by Vice Mayor Trantalis and gave her comments on these issues. Mayor Seiler also gave his input and the City Commission's desire to reach a balance on this issue for the benefit of all residents of the City.

Mayor Seiler recognized, Dennis Hanks, speaking on behalf of the Florida Vacation Rental Managers Association, who addressed the Commission in opposition to this ordinance. Mr. Hanks noted the vacation rental industry's input and proposals during past meetings. He focused on the successful models in place in other areas to address the City Commission's concerns. He gave recommendations, comments on

contributing factors, and suggestions to the City Commission. Mr. Hanks also commented on the need for the City Commission to have the necessary data in order to properly address this issue. Questions and discussions continued on the cost of the City's business license fees, fees for vacation rental registration, and complaints from residents in the City's neighborhoods.

Mayor Seiler recognized Jim Ellis, 2608 N. Atlantic Blvd., who addressed the Commission in support of this ordinance. Mr. Ellis confirmed that there were vacation rental complaints in his neighborhood. He thanked the Commission for taking the time to address this issue.

Mayor Seiler recognized Tom Martinelli, 325 NE 1st Avenue and designated representative of *airbnb* who addressed the Commission and gave his input on this ordinance noting *airbnb*'s recent correspondence to the Commission that included recommendations to assist the City with proper vacation rental compliance. Mr. Martinelli clarified *airbnb*'s position regarding its position of not renting to sexual offenders or sexual predators. ***A copy of this letter is attached to these minutes.***

Mayor Seiler recognized Marty Bilowich, 2621 Center Avenue, who addressed the Commission in support of this item. Mr. Bilowich commented on the occupancy in the City's ordinance noting the generosity of the current ordinances ratio for the number of people per bedroom and stating it should not be altered. Mayor Seiler asked Mr. Bilowich if owner occupied vacation rentals were an issue in his area, and he stated it was not. Mayor Seiler asked about the issue of children in the ordinance and Vice Mayor Trantalis gave his input on this aspect of the ordinance.

Mayor Seiler recognized Theresa Boothe, 4800 NE 29th Avenue, who addressed the Commission stating for the record that she is in opposition to this ordinance. Ms. Boothe stated her thoughts and comments on the noise complaints in rental properties and the screening process available through *airbnb*. Vice Mayor Trantalis noted for Ms. Boothe it is the City's responsibility to maintain the health, safety, and welfare of the City and is the reason for this ordinance and citing several examples. Discussions and comments continued on this issue.

Mayor Seiler recognized Lars Helpre, 877 E. Palmetto Park Road and designated representative of Superior Florida Rentals, who addressed the Commission in support of this ordinance. Mr. Helpre gave his input from a business perspective noting they do not want complaints at their properties. He stated his desire for reasonable regulation and gave

possible alternatives for modifying the ordinance. Mr. Helpre recommended the City look at how other locations are addressing these issues on vacation rentals in areas that have successful vacation rental programs such as Austin, Texas. Mayor Seiler asked Mr. Helpre to send him a copy of the Austin, Texas ordinance.

Mayor Seiler recognized Jodie Siegal, Esq., 1177 SE 3rd Avenue and designated representative of Florida Places 4 Rent, who addressed the Commission in opposition to this ordinance. Ms. Siegal thanked all involved for their hard work. She addressed the issues in the ordinance regarding occupancy and the 90 day extension for payment for the certificate of compliance. Ms. Siegal requested this be extended to 180 days.

Mayor Seiler recognized Kevin Bratholt, 1234 NW 2nd Avenue, who addressed the Commission in opposition to this ordinance. One of his concerns in the ordinance was about owners being able to respond within an hour. Mr. Bratholt noted the owner's desire for everything to go smoothly while renting their vacation properties.

Mayor Seiler recognized Arthur Pounsford, 3500 NE 25th Street, who addressed the Commission in support of this ordinance. Mr. Pounsford as a resident noted his desire to maintain a good quality of life in his neighborhood and his concerns regarding occupancy ratio's for vacation rentals. He also commented on monitoring the number of occupants, specifically children. At the request of Mayor Seiler, Mr. Pounsford noted there were three vacation rentals near his home.

Mayor Seiler recognized Greg Brewton, designated representative of Florida Vacation Rentals, who addressed the Commission on this item. Mr. Brewton noted he concurred with most of the Commission's and resident comments tonight. He discussed the issue of misconduct with the renters of vacation rentals that are non-registered vacation rentals, which is why the current ordinance is being amended. Mr. Brewton stated that those that are not registered vacation rentals will not adhere to an amended ordinance. Further discussions ensued on the proper use of the properties as vacation rental homes, not party homes, and the occupancy of these rentals as it pertains to children. Mr. Brewton recommended the City use Florida Vacation Rentals' lease as an example of how to regulate conduct in the City's vacation rentals.

Mayor Seiler recognized Joanne Johnson, 22 Andrews Avenue, who addressed the Commission in support of this item. Ms. Johnson reiterated previous comments made and noted her experience as a renter with *airbnb*. She recommended a sliding scale for the cost of

registering homes as a vacation rental and recommend that it be upon the number of bedrooms and corresponding occupancy ratios.

Mayor Seiler recognized Charles King, 105 N. Victoria Park Road, who addressed the Commission on this ordinance stating his comments, thoughts, questions and concerns regarding this item. He recommended keeping the number of people per bedroom in the ordinance as it is currently and giving those on-site homeowners who rent out their properties a benefit.

Mayor Seiler recognized Milic Mico Novovic, designated representative and on behalf of Florida Places for Rent, who addressed the Commission on this ordinance stating his comments, thoughts, questions and concerns. Mr. Novovic noted the businesses who follow the rules cannot compete with those who are not registered and do not follow the City ordinances currently in place.

Mayor Seiler recognized Ismael Corzo, 3250 NE 28th Street, who addressed the Commission in opposition to this ordinance stating he is the owner of numerous vacation rentals both in and outside the City. He stated he is currently in compliance with the City's ordinance and recommended ideas to deal with those not in compliance. Mr. Corzo stated the City may lose in the long run should a large number of the vacation properties in the City be prevented from renting. He suggested that this would force those owners to sell and could flood the City's real estate market with homes noting this could negatively impact the City's tax base.

Mayor Seiler recognized Lucas Azer, 1139 2nd Avenue, who addressed the Commission in opposition to this ordinance. Mr. Azer pointed out several issues regarding his rental property in terms of maintaining the property at a higher standard as compared to long-term renters and their landlords. Mr. Azer also recommended only penalizing non-compliant vacation rentals rather than all vacation rentals. He also pointed out that long-term renters do not have a restriction on the number of people per bedroom.

Mayor Seiler recognized Candace Hillier, 1529 NE 17th Avenue, who addressed the Commission in support of this ordinance. She noted that her neighborhood, Poinsettia Heights, is turning into a neighborhood with a majority of short-term rentals. Ms. Hillier noted she is an on-site *airbnb* homeowner.

Mayor Seiler asked the Commission members for their thoughts. Commissioner Roberts stated that by and large he agreed with the

homeowners associations and that the quality of life in these neighborhoods need to be maintained. Commissioner Roberts acknowledged the economic impact of this item and noted the City's ordinance is a good start. He also commented on the number of children needing to be addressed while also being hospitable to families renting in the City. He commented on being open to discussions on owner-occupied properties. Commissioner Roberts commented on the need for strictly enforced leases such as Mr. Novovic's. Commissioner Roberts also commented on the need for enforcing code compliance to ensure it is complied with throughout the City.

City Attorney Everett commented on the City's ability to require a strict lease recommending the City not go down that road. Commissioner Roberts noted he would like to further pursue requiring rental properties have strictly enforced leases to regulate the bad players in the vacation rental market. Commissioner Roberts also commented on issues facing *airbnb* at the County level.

Commissioner McKinzie also commented Mr. Novovic's strict leases and he would like it incorporated along with the ordinance to be specific in order to move forward and not penalize the owners who are compliant. He also noted the need to focus on specific issues to address the problems and enforce the City's ordinances.

Vice Mayor Trantalis commented on the issue with Code Enforcement not addressing the 95% of non-registered vacation home rentals and reiterating the need exists to enforce what laws are already in place. He stated there is not a problem with the ordinance but with the enforcement of the law, noting that Code Enforcement is not following up with registered vacation rentals that are not compliant with the ordinance. He stated a specific example at 16th Avenue and 17th Street near his home. He stated he was not ready to enact more laws when the current laws are not enforced. City Manager Feldman explained the issues relating to this specific property and discussions followed on the need for enforcement mechanisms.

Commissioner Rogers commented that the best way to enforce this ordinance is still up for debate. Commissioner Rogers further commented on the need to be family friendly, the differences between owner occupied vacation rental properties, and the need for vacation rental registration.

Mayor Seiler addressed the issue of owner occupied vacation rental properties suggesting a reduction in registration fees for owner occupied rental properties.

Commissioner Roberts noted the need to address the problem properties that exist. Debate ensued among the Commission on the City's enforcement mechanism, those already registered, pursuing those who are not registered, and ensuring overall compliance with all aspects of the ordinance.

Commissioner Roberts agreed with Mayor Seiler to lower the registration fees of vacation properties that are owner occupied. He also recommended having an incentive for voluntary vacation rental compliance with reduced registration fees. City Manager Feldman noted the current registration fee is \$750.00 and drops to \$500. The issue of children was also discussed. The purpose of the landline requirement was discussed as it relates to fire alarms and the 911 Emergency Call Center.

Assistant City Attorney D'Wayne Spence noted the need for clarity regarding registration fees for incentives. Mayor Seiler also noted the City cannot mandate a specific lease. City Manager Feldman recommended the City continue using the Broward County website to confirm the number of bedrooms at a vacation rental property. Discussions continued on several aspects of determining the bedroom numbers and occupancy levels at vacation rental properties. City Feldman explained the current process for vacation rental registration.

City Attorney City Everett noted the changes to the ordinance that will be worked out between the First Reading and the Second Reading. Assistant City Attorney Spence clarified that in the City's initial ordinance, the occupancy ratio was two people per sleeping room. However, the original ordinance did not define a sleeping room. He noted that the industry would like to count living room spaces as sleeping spaces. Mayor Seiler stated there was not a consensus among the City Commission on this issue and additional discussions on this topic continued. Vice Mayor Trantalis noted the goals on this issue was to limit the number of total people residing in a vacation rental dwelling similar to the Fire Code regulations.

Further comments and discussions ensued on the topic of vacation rental owners authorizing an online hosting service provider to submit an application on behalf of the vacation rental owner. Mayor Seiler also noted that this can be done through a power of attorney.

Assistant City Attorney D'Wayne Spence pointed out the need for eliminating the compliance period, currently in the original ordinance, for hard wiring and swimming pools as the compliance period has ended.

The Commission agreed that this is outdated as the grace period has passed.

The following points noted in tonight's discussions were confirmed as follows:

the amended ordinance will include a reduction of 50% for owner occupied residences;

the requirement remains for a landline at vacation rental properties;

there will be no change in the determination of occupancy;

there will be no change to the response time for an owner or manager of the vacation rental when a complaint is received;

there will be nothing in the amendment at this time regarding the age of children at vacation rental properties;

City Staff will confirm and verify the number of bedrooms during the vacation rental's site inspection process;

the amendment will include allowing a vacation rental owner to authorize an online hosting service provider to submit an application on behalf of the vacation rental owner to the City (It was confirmed that this can currently be done through a power of attorney); and

elimination of the compliance period for hard wiring and swimming pools in the original ordinance as it is now outdated.

Commissioner Roberts requested a listing of known problem vacation rental properties from City Manager Feldman. Commissioner Roberts also noted he may have additional comments after review of the *airbnb* correspondence. He also noted this amendment may have additional updates between the First Reading and the Second Reading.

Mayor Seiler stated that the Second Reading will occur at the November 15, 2016, City Commission Regular Meeting.

Commissioner Rogers introduced this ordinance as amended for the First Reading which was read by title only.

Town Hall meeting regarding the Las Olas Marina
Presentation by: SunTex and Edgewater Partners
Presentation to the Fort Lauderdale city commissioners

Good evening Mr. Mayor; City Commissioners.

My name is Jim DeFrancesco, I am Jackson Towers Board President, and I want to thank all of you... Particularly Commissioner Trantalis for encouraging, SunTex to reach out to our community at Jackson Tower as well as our neighbor associations, the Portofino, leisure Beach, leisure Beach South, and the Venetian.

David Filler and his associates at SunTex made a very thorough presentation of the Marina this morning at a town hall meeting that we at Jackson Tower hosted for the other four associations that I just mentioned.

As a result, of what I thought was a very successful presentation and meeting, I would like to share with you some of thoughtful feedback resulting from our meeting this morning with our neighboring associations.

However, before I begin, I need to mention that I am only speaking officially for the interests of the residents of Jackson Towers, which as you know is a 125 unit high-rise condominium directly adjacent to the proposed Marina.

That said, as a general matter, I believe all of the associations and their directors who attended embraced the marina project with the addition of an upscale restaurant. SunTex did a very respectful job presenting, listening and offering suggestions to the issues and questions of the 30+ attendees.

So, I'd like to share some of those comments with you for the record. While there may still be unknown answers to the questions that were raised, we feel it is a very important first step to identify community concerns so the city can resolve them thoughtfully in the course of its overall planning.

Now, the presentation was largely about the Marina expansion and restaurant under alternate plan C titled "Mega Yacht Plan + Restaurant".

As you know this plan incorporates dredging out the parking lot to accommodate a large basin for additional dockage, an upscale restaurant and a separate location along the promenade, for an upscale lounge/bar.

While there were questions as to the number of slips that would be added to the marina; an answer which we still owe at least one of the attendees, the attendees generally agreed to accept plan C as it relates to the expansion of the marina basin.

The focus then turned to the restaurant. After much discussion, the number one choice for the location of the restaurant was plan C3 which locates the restaurant in the upper most North West corner of the marina. Although not voted upon, this location was generally the first choice of everyone in the room for the following reasons.

- a. It provides the best open water view for the restaurant patrons
- b. it provides the preservation of green space between the restaurant and Jackson Tower Las Olas
- c. it provides additional flexibility for loading and offloading patrons who valet their vehicles

The second most favored location for restaurant was along the promenade on the west side of the garage. The reasons for this selection were;

- a. it provides an open view of the water for restaurant patrons
- b. is on the opposite of the garage and not intrusive to residents
- c. it provides greater accessibility to parking in the garage
- d. the one negative was whether or not there was a large enough footprint along the promenade

In either case, We understand that this will be an upscale restaurant which is appealing to our Association members and residents. We further understand that the restaurant will be resident friendly. Which should take into account issues like noise restriction, pet friendliness for its outdoor café, and so on.

No particular recommendation was made for type of cuisine, although Suntex promised it would be fine dining.

So what are the concerns regarding the restaurant and the marina?

1. Loading and offloading for delivery vehicles provisioning the restaurant, trash removal, etc.
 - a. loading zones, street parking along S. Birch Rd.
2. Adequate parking for trucks and vendors servicing the residential buildings and boats in the Marina.
3. Relocation of pump station D31
4. The City of Lauderdale providing 7/24 security on site (with offices) to support the Marina and the garage areas.
5. Nonintrusive lighting and other open space amenities compatible with residential environment.
6. Provisions for burying underground utility lines along S. Birch Rd.
7. Assuring adequate pedestrian walkways,
8. Traffic pattern issues, Sun Trolleys loading / offloading passengers.

So in closing, our Association would like to stay closely abreast of the development of this project since it directly affects Jackson Towers, its property value, and preservation of the quality of life of the residents who have invested in at Jackson Tower.

Speaking for Jackson Tower, and I believe the feeling is shared with the other four associations, we share the city and Suntex's vision for improving our community. We implore the city commissioners to give thoughtful consideration to our community concerns and openly share how the city plans to address these issues within the project plan.

We wish to stay informed and have a relationship with Suntex and the City of Fort Lauderdale during the entire Marina project

Again, Thank you providing me an opportunity to address the Council.

Lee Feldman
City Manager
City of Ft. Lauderdale
100 North Andrews Avenue
Ft. Lauderdale, FL 33301

Dear Manager Feldman,

Airbnb would like to take this opportunity to thank the City for allowing us to comment on the proposed ordinance amending Article X, Vacation Rentals, Chapter 15 of the Code of Ordinances.

Airbnb, a proud Trustee of the Ft. Lauderdale Chamber of Commerce, is committed to providing rental opportunities for both our hosts and guests in the City of Ft. Lauderdale. The proposed ordinance makes some very positive recommendations and we understand the City's desire to create a workable set of rules to govern the growing demand for alternative accommodations when traveling.

We would like to offer revisions to your proposed ordinance that we believe will improve your compliance rate while preserving the rich character of this community. In the following pages of this letter, we will identify those changes and make simple explanations.

We look forward to working with you, your staff and the Commission to discuss our recommendations in further detail.

Section 15-271 definitions;

We would include the following definition:

Online Hosting Service Provider means an internet-enabled application, mobile application, or any other digital platform used by a short term residential rental intermediary to connect guests with the provider of a Vacation Rental or Shared Housing Unit.

In paragraph 5, we would delete ~~“living rooms”~~

Many homes have family rooms or living rooms with pull out sofas or other sleeping accommodations. Some families put a sleeping bag on the ground for their children. Some homes have “Florida rooms” where people sleep during different times of the year.

Sec. 15-272 Registration Required

In subsection (a), line 3 please insert:

, or sleeping rooms therein

In subsection (b)(4) we recommend deleting that section as it may be outdated and no longer applicable.

In subsection (d), line 3, please insert:

, or sleeping rooms therein

Sec. 15-273. Application for registration

In subsection (a), we recommend the section be written:

(a) A separate application for registration of a Vacation Rental shall be made to the City Manager or his or her designee for each unit in a condominium or cooperative or any individually or collectively owned single-family, two-family, three-family, or four-family house or dwelling unit that is ~~dwelling unit, as the term is defined in Section 47-35.1 of the City of Fort Lauderdale, Florida, Unified Land Development Regulations,~~ proposed for use as a Vacation Rental and shall set forth at a minimum:

In subsection (3) we would delete all language after the word “party” in line 2.

~~for said property, which shall be a twenty-four (24) hour, seven (7) days-a-week contact number;~~

The 24/7 requirement is unnecessary and may inadvertently create a violation if someone is asleep at 3:00 am and does not answer the phone. If it is an emergency situation, all guests are instructed to call local authorities.

We would delete subsections (6), (7), (8) & (9). These are duplicative and are addressed elsewhere.

We would then delete subsections; (c), (1), (2), (3), (4) and the last paragraph. We find these requirements to be duplicative given that the City code requires owners of every property to apply to the city for permits to make substantive changes to their property. The City would already have this information.

We would replace subsection (c) to read:

(c) An owner or tenant may authorize an Online Hosting Service Provider to submit an application for the registration of a Vacation Rental on his or her behalf.

This allows Airbnb to offer a service to our hosts, especially if there are language or physical barriers that might exist for the host.

Sec. 15-275. Responsible party required.

We would delete the following language from the first paragraph:

~~who resides within twenty-five (25) miles of the Vacation Rental property, the distance measured using airline measurement from the closest property lines of the Vacation Rental and the Responsible party's residence;~~

We find this to be onerous and unnecessary language that creates a double standard.

In subsections (4), (5) & (6) we would revise these section to read:

(4) Be available with authority to address and coordinate solutions to problems with the rental property within a reasonable period of time.

(5) Be ~~situated close enough to the property as to be~~ able to respond promptly upon ~~in person within one (1) hour of~~ being notified by a Vacation Rental occupant, law enforcement officer, emergency personnel, or the City of issues related to the Vacation Rental. Responsible party shall respond when requested;

(6) Keep available a register of all guests, which shall be ~~open~~ available to inspection by authorized personnel of the City of Fort Lauderdale pursuant to valid legal process ~~at all times~~; and

We believe the City did not intend to create an onerous and unreasonable set of requirements. These changes correct that.

Sec. 15-277. Minimum Requirements for Issuance of a Certificate of Compliance.

We would delete subsections (3), (4), (5), (7), (8), & (9). These sections merely add paperwork. The City has codes and ordinances in effect and expects all of its residents to abide by them without adding meaningless and duplicative paperwork and affidavits.

Sec. 15-278. Vacation Rental Standards.

We would delete subsection (f). Many properties today are not wired for landlines.

We would delete subsection (g) as it seems to be outdated.

We would delete subsection 2. This section is arbitrary and does not reflect the way Americans live or travel today. Think about a child's bedroom with two sets of bunk beds, a den, a sleeping porch or the couch. Many of us have been relegated there whether we are on vacation or not.

We would delete the following language in subsection 7:

~~A statement stating "it is unlawful for a sexual offender or sexual predator to occupy this residence" if so determined pursuant to subsection 15-278(8) of this code and the Certificate of Compliance number shall be included in all advertising. □~~

While we agree with the intent, Airbnb does not permit sexual offenders to be a guest or a host.

We would add Section 11 & 12

11. That it shall be unlawful to allow or make any sound that exceeds the limits set forth in Chapter 17, Noise Control

12. That no solid waste container shall be located at the curb for pickup before 6:00 PM of the day prior to pick up, and solid waste container shall be removed before midnight of the day of pickup

We would change the title of 15-279:

Sec. 15-279. ~~Initial and r~~ Routine compliance inspections of vacation rentals.

We would delete subsection (a). We believe this creates an entirely new and expensive regulatory system that is unnecessary. Instead we propose a simpler series of inspections.

We would modify the first sentence in subsection (b) to read:

Once a Certificate of Compliance is issued, a vacation rental unit must be properly maintained in accordance with the vacation rental standards herein and may ~~will~~ be re-inspected once every three years ~~annually~~.

We would add new subsection (d):

If the inspector(s) is denied admittance by the vacation rental responsible party or if the inspector fails in at least three (3) attempts to complete an initial or subsequent inspection of the rental unit, the inspector(s) shall provide notice of failure of inspection to the owner to the address shown on the existing vacation rental certificate of compliance or the application for vacation rental.

We would delete subsection (e).

And we would re-write subsection (f):

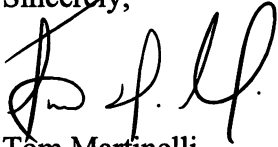

~~(2) For a subsequent inspection, the~~ A notice of failure of inspection is considered a violation and is subject to enforcement remedies as provided herein.

Sec. 15-281. Expiration of registration and certificates of compliance.

We would modify the term of registration to be valid for three years as opposed to one. This concludes our comments on the proposed ordinance.

We look forward to discussing any part of the proposal with you or staff as you deem appropriate. We believe that our changes will improve compliance, eliminate unnecessary burdens on hosts and guests, and simplify the regulatory system.

Sincerely,
