Jennifer Alvarez, Procurement Manager in the City's Finance Department, for the City's Procurement Department explained the additional cost was for certain options proposed by the vendor that were accepted by the City. Ms. Alvarez also cited the vendor's options that were not accepted. Comments ensued including Commissioner Roberts concerns that the size of the vessel was taken into consideration for some of the City's smaller canals and how those would be addressed. Phil Thornburg, Director of Parks and Recreation Department, stated this concern was alleviated as the City has smaller pontoon boats to address the smaller canals as well as there is currently a grant application submitted for a smaller skimmer that will address the smaller canals in the City if necessary. Further discussions ensued on the size of the trailer being used, and this was also addressed noting the boat would not be trailered every day and only for maintenance issues which would require a special permit.

As this would be a custom made vehicle, Commissioner Roberts asked why marine grade aluminum was not used. Mr. Thornburg noted this would be a maintenance vessel and the need was to have something that would hold up on a maintenance operation was the reason stainless steel was requested.

Commissioner Rogers also asked why this item was not brought before the Marine Advisory Board for consultation. Mr. Thornburg stated Frank Herhold had input on the RFP, which was included. It was stated that much research and study was put into the procurement process of this item. It was agreed this procurement item would be presented to the Marine Advisory Board for approval.

Commissioner Rogers suggested that it may take about eight months to fulfill this procurement request. He did not see any harm in the delay. Commissioner Roberts stated the issue for him was the timing. Further discussions ensued, and it was agreed this vessel would be ordered, and the options would be presented to the Marine Advisory Board for their comments and recommendations.

Authorization for the execution of this event agreement is subject to City Attorney's Office review and approval.

**Background**

FIVB, the international governing body for the Olympic sport of beach volleyball, will present the inaugural SWATCH FIVB Beach Volleyball Season Final in the City of Fort Lauderdale on September 29, 2015 through October 4, 2015. The City is requiring the organizer to post an amount in escrow equal to 110% of the City's estimated service costs. In addition, the City is charging an administrative fee of 10% of the actual City service costs. The organizer will also secure all other necessary permits and licenses that are required from other agencies.
