Subject: [EXTERNAL] RE: Adjustment Prices
Importance: High

Hi Wayne and Garry,

Please see attached the item cost provided by the contractor for the adjustment of valves and MIs in the PDF document. Please let me know if you agreed with this price and we will prepare the cost with the total quantity using the Cost Estimate Template and the proposed conflict matrix for this project. First, I need your concurrence for price, once you have agreed I will provide a total cost.

Thank you,

Kind regards,
