FINANCIAL SUMMARY

The total Project costs will be approximately \$66.8 Million. The Project will be financed with tax-exempt bonds issued by the HFA of Broward County and 4% as-of-right LIHTC allocated through Florida Housing Finance Corporation. The construction period financing will include a conventional construction loan from JP Morgan Chase Bank, tax-exempt bonds, LIHTC equity from Truist Bank, subordinate financing, deferral of developer fees and developer equity. The permanent financing will consist of a forward commitment from Grandbridge Real Estate Capital through the Freddie Mac Tax-Exempt Loan (TEL) program, LIHTC equity, subordinate financing, deferral of developer fees and developer equity.

The Owner entered a 75-year ground lease with Broward County in December of 2017. The lease is contingent on obtaining financing for the project and will have an affordability covenant that restricts a portion of the units.

The financial analysis of the Project is provided on the following pages and include:

- Sources & Uses

Project Development Team

(Architect)

Cohen Freedman Encinosa & Associates

COHEN FREEDMAN ENCINOSA & ASSOCIATES

When three successful architects with individual histories of outstanding achievement team up together, their combined experience is not merely reinforced but multiplied many times over.

Stuart Cohen, AIA, Lawrence B. Freedman, AIA, and Guillermo (Bill) Encinosa, AIA, each worked with other concerns before meeting at Stuart Cohen's former office and, subsequently, launching Cohen, Freedman, Encinosa & Associates, Architects, PA, as a multi-disciplinary partnership in 1988. Consolidation of their particular areas of expertise has resulted in industry accolades - as well as additional commissions from both new and established clients.

"We've established an enviable reputation for cost-effective and energy-efficient designs, as well as for on-time, on-budget performance," advises Cohen, whose firm has successfully completed a wide range of commercial installations, from high-rise and mid-rise apartment buildings to retail, healthcare, hospitality, industrial and

institutional projects.

Its client list also includes 1025 Claire's Boutiques, plus related retail stores whose many mall sites require "updates" every four or five years. "We update our original designs, as well as design some of their new stores," notes Freedman.

CLIENTS HAVE STAYING POWER

While each maintains his particular specialty, every partner is constantly aware of the status of every in-house project. Cohen, their

firm's principal administrator, handles construction administration, while Freedman is the principal designer and Encinosa specialties are construction administration and handling of construction documents. Arturo Robinson, PA, an associate at the firm, takes care of construction details.

CFE headquarters, designed by Freedman to meet specific collective requirements, is situated in an office park in Miami Lakes, which could easily be mistaken for an upscale residence, exactly the intention of its design.

COHEN, FREEDMAN, ENCINOSA & ASSOCIATES

U.S. ARCHITECTURE 15

Encinosa points out that most company business comes from former and current clients: "We pride ourselves on keeping our clients, which says a lot for the integrity of our firm." Some originated with Stuart Cohen's former firm, before the partnership was formed. As an example, developer Marty Margulies and Cohen have a working relationship of some 35 years. And almost all of their new clients originate through recommendations. "We don't usually go out looking for clients," says Encinosa. "They are familiar with work we have successfully completed, and they have a project they want to develop architecturally, so they seek us out..."

"When we started our partnership, it wasn't as if we were starting from scratch," adds Freedman. "We all had been working on large projects for a long time."

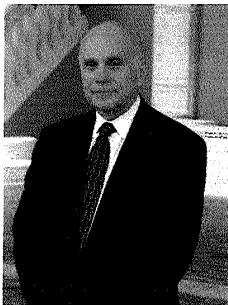

The firm is registered in almost every state, although most of the jobs undertaken by CFE outside Florida are smaller commissions, such as retail stores that do not require a member of the firm on-site throughout construction.

Multiple projects are usually in-house simultaneously, all in different stages of development. Since changes are often sought, from the time original plans are initiated until they become working drawings, a year or two might pass. Some may never progress to working drawings, due to unforeseen problems encountered by the developer. Currently CFE, which will not accept jobs where, for example, preliminary drawings originate with another architect, is involved with five or six projects. "We only accept commissions where we are architects of record," says Encinosa.

Established engineering consultants, who are selected on a project basis to best meet a client's needs, also augment CFE's staff. "Our firm maintains a commitment to work within the parameters of each client's budget, and we accept our responsibility to protect every client's investment," advises Stuart Cohen.

Established in 1979 by Jorge Perez, The Related Group is one of the country's premier multifamily real estate development firms. For more than 30 years, Related has created innovative residential developments that have dramatically changed Florida's urban landscape.

While The Related Group is best known for its luxury high-rise developments and visionary mixed-use urban centers, the company has been at the forefront of affordable housing development and the revitalization of urban communities since its inception. Making his mark initially in the rehabilitation of multifamily properties in Little Havana and the HUD Section 8 programs, Mr. Perez and The Related Group went on to become one of the nation's leading developers of low income rental properties with financing attained through tax exempt bonds and low income housing tax credits. His attention to detail and commitment to creating quality living environments distinguished him within the marketplace.

Through his ownership in Related Affordable Housing, The Related Companies of Florida and The Related Group of Florida, Mr. Perez has developed, rehabilitated and managed over 15,000 affordable housing units in his illustrious career. Though he has been a successful developer of mixed-used and condominium developments, Mr. Perez never lost his passion to provide high quality affordable housing.

FATVillage™, the downtown historic warehouse district, is burgeoning with productivity. Techies, artists, designers, and creative professionals call this daytime enclave home.

Just miles north of Miami, soon under 30 minutes by high-speed rail, and with direct access as far north as Orlando, FATVillage™ is further developing an integration with artists and designers. An untold number of artists in Miami found opportunity in FATVillage™ during their journeys. The four-block district itself is named after the 501c3 non-profit arts organization, FATVillage™ Arts District Inc (Flagler + Art + Technology or Food + Art + Technology). Property owners Doug McCraw and Lutz Hofbauer created FATVillage™ Arts District to rally philanthropic support around sustaining an artist community.

Doug McCraw

Doug is the founder and developer of FATVillage, an arts district located in a city designated four block area in the Ft Lauderdale city center. The area was developed out of a warehouse district in 1999, and has some of the oldest buildings in the city. It has developed into a community of artists, galleries, theatres, studios (photography, film, graphics design, media management, arts technology incubation), and other arts centric businesses. Prior to FATVillage, Doug was the founder of DAS Records and Data Storage, a South Florida company acquired by Iron Mountain Group in 1996. He is active in the venture capital community in Alabama and has founded a new company, Art + Light + Space Studios with partners Peter Symons, Leah Brown, and Lutz Hofbauer. Doug is a graduate in Marketing (1972) from the University of Alabama, Tuscaloosa, and remains active with board work on the campus.

FATVillage strives to generate an art community that is inclusive through having many different programs as well as reinforcing cross disciplinary collaboration and experimentation. FATVillage incubates artists and "mashes" them with the professional business, design and technology community on-site. FATVillage has launched companies with its resident artists, and tenant-creatives in partnership.

Senior Leadership Team

SENIOR LEADERSHIP TEAM

JORGE M. PERÉZ

Chairman

Jorge M. Pérez, Chairman and Chief Executive Officer of The Related Group, has led South Florida's complex urban evolution for over 35 years. His commitment to "building better cities," and natural ability to identify emerging market trends makes him one of the most trusted and influential names in real estate. Armed with an industry leading team, unmatched land holdings, innovative financing techniques and a pipeline of more than 80,000 units, Pérez is set to answer the demands and desires of a new generation.

Starting out in the 1970's, Pérez first made a name for himself in the public housing market of low-income Miami neighborhoods, including Little Havana and Homestead. His attention to detail and commitment to creating top-tier living environments distinguished him within the marketplace and laid the groundwork for future Related projects. Nearly four decades later, his unique passion for creating vibrant urban communities makes him a trendsetter, often the first developer to enter emerging or undiscovered neighborhoods.

Over the years, Pérez and The Related Group have partnered with world-class names in architecture and interior design. Collaborations with creative luminaries like Bernardo Fort Brescia, David Rockwell, Philippe Starck, Yabu Pushelberg, Piero Lissoni, Karim Rashid, Rem Koolhaas, among others, have produced neighborhood-defining projects and established Related's numerous developments as integral components of Miami's evolving cityscape.

A lover of art and an avid collector, Pérez infuses each development with museum-quality works of art, including pieces from master artists such as Frank Stella, Fernando Botero, Jaume Plensa, Julio Le Parc and Fabian Burgos. The carefully curated collections are proudly displayed throughout all Related developments, complementing each building's unique character, and often serving as prominent community landmarks.

Driven by a lifelong commitment to better his community, Mr. Pérez has grown to become one of the country's most prolific philanthropists and recently established two foundations dedicated to the advancement of an equitable, thriving South Florida. The first, The Related Group Philanthropic Foundation, serves as the charitable arm of the Related Group, while the second, named The Jorge M. Pérez Family Foundation, functions as the Pérez family's personal philanthropic fund. While each has its own respective focus, both foundations are dedicated to empowering and supporting organizations driving positive impact in the areas of economic development, education, health and well-being, the environment, and arts and culture. The latest round of contributions includes a \$1 million-donation to Florida International University's (FIU) Metropolitan Center and a \$1 million-gift benefitting twenty South Florida-based non-profits, including ArtCenter South Florida, GableStage, Miami New Drama, Adrienne Arsht Center, Arts for Learning Miami and Together for Children.

Mr. Pérez also continues to support long-term causes, most notably, the Pérez Art Museum Miami (PAMM), which was renamed in his honor following a \$40-million-dollar gift in 2013. Over the years, Mr. Pérez has sustained his support of the institution through various gifts, both in cash and works of art, with total contributions exceeding \$60 million. Other current beneficiaries include Big Brother Big Sisters of Miami, United Way of Miami-Dade, YMCA and many more.

Over his illustrious career, Mr. Pérez earned countless awards for his professional and philanthropic achievements including Ernst & Young's Entrepreneur of the Year, the Hispanic Achievement & Business Entrepreneurship Award from Hispanic Magazine, The Developers and Builders Alliance's Community Advancement Award and The Beacon Council's 2015 Jay Malina Award. Mr. Pérez is also committed to The Giving Pledge, a campaign founded by Warren Buffett and Bill Gates to which states he will donate 50 percent of his wealth to philanthropy. In 2005, TIME Magazine named Mr. Pérez one of the top 25 most influential Hispanics in the United States and he has appeared on the cover of FORBES twice.

Born in Buenos Aires, Argentina to Cuban parents, Pérez grew up in Bogota, Colombia. He graduated summa cum laude from C.W. Post College in Long Island and earned his Master's in Urban Planning from the University of Michigan.

Dear Tony:

This letter expresses the intent and summarizes the terms and conditions upon which an affiliate of Truist Community Capital, LLC (the "Investor" or "TCC") agrees to make an equity investment in the above referenced Project. The undersigned acknowledges and agrees that all information provided herein shall be true, correct, and complete in all material respects.

This Term Sheet is for discussion purposes only and sets forth general terms and conditions of a proposed equity investment in a limited partnership that will construct, develop, own and operate the above referenced Project. This Term Sheet does not represent or imply an offer to invest nor does it limit the terms and provisions that would be set forth in an amended and restated partnership agreement (the "Partnership Agreement") and related documents prepared by TCC counsel (together with the Partnership Agreement, the "Equity Documents"). No commitment exists until TCC completes all due diligence, underwriting, credit, management and regulatory approvals, and final Equity Documents are signed by all respective parties.

Partnership:

Related FATVillage, LLC a Florida limited partnership ("Partnership"). Should the Property ownership entity be established as a limited liability company instead of a limited partnership, then all references in this letter to the Partnership, the General Partner, the Investor Limited Partner and the Special Limited Partner shall refer to the Company, the Managing Member, the Investor Member, and the Special Member, respectively, and all references to a Partnership Agreement shall be deemed a reference to an Operating Agreement.

Project Description:

Project Type:

New Construction.

General Partner:

Related FATVillage Manager, LLC (the "General Partner"), will be the general partner of the Partnership. The General Partner is owned by JMPFT Affordable, LLC (52.5%), FAT Village 600, LLC (30%), John Paul Perez 2018 Trust (3.5%), Nicholas Alexander Perez 2018 Trust (3.5%), Patrick Campbell (3.5%), ADP Ventures, LLC (3.5%), and Allen Family 2021 Trust (3.5%). The General Partner will have a 0.01% interest in profits, losses and tax credits.

Investor Limited Partner:

The Investor will be the limited partner of the Partnership. The Investor will have a 99.99% interest in profits, losses and tax credits.

Special Limited Partner:

CDC Special Limited Partner, L.L.C. (the "Special Limited Partner"), an affiliate of TCC, will be a special limited partner of the Partnership. The Special Limited Partner will have a 0% interest in profits, losses and tax credits but will have certain rights and remedies, including the right to remove the General Partner for uncured defaults.

Developer:

Related FATVillage Developer, LLC (the "Developer"), will be engaged by the Partnership to develop the property pursuant to the terms of a development agreement

acceptable to TCC. The Developer will be paid a fee (to be fixed prior to closing but in no event in excess of the amount permitted by the state housing credit agency) as compensation for its services in developing the Project (the "Developer Fee"). The Developer Fee must be paid in all events within 14 years from substantial completion of construction and/or rehabilitation of the Project.

Guarantors:

PRH Investments, LLC or other TCC approved guarantors (the "**Guarantor(s)**"), will jointly and severally guarantee all obligations of the General Partner and the Developer under the Equity Documents. TCC will have the right to accept or reject the Guarantor in its sole discretion based on a detailed financial and background review.

General Contractor

Fortune Related Construction, LLC (the "**Builder**"), will enter into a standard AIA-form construction contract with a "Guaranteed Maximum Price" acceptable to TCC. The obligations of the Builder under the construction contract must be secured with 100% payment and performance bonds unless otherwise agreed to by TCC.

Property Manager:

TRG Management Company LLP (the "**Management Agent**"), will be engaged by the Partnership as the property manager of the Project pursuant to a management agreement acceptable to TCC. The Management Agent will be paid an annual fee not to exceed 5.00% of effective gross income. If affiliated with the General Partner, the Management Agent will agree to defer payment of its management fee to the extent necessary to avoid an operating deficit. The Investor will have the right to cause the Partnership to terminate the Management Agent for cause to be further described in the Partnership Agreement.

Tax Credits:

The Partnership will elect the 20-50 test as the minimum set-aside test for the Project. 20% of the units are expected to qualify for federal low income housing tax credits under Section 42 of the Internal Revenue Code of 1986, as amended (the "Code"). The applicable income and rent restrictions are as follows:

- 39 units will be both income and rent restricted at 50% of area median income

4% LIHTC:

The Partnership has received or will receive an allocation of state volume cap for tax-exempt bonds in the estimated amount of \$38,900,000. Prior to closing, the General Partner will provide the Investor with an accountant's report indicating that more than 50% of the Partnership's aggregate basis in the land and buildings will be financed with Bonds in accordance with Section 42(h)(4) of the Code. Completion of construction of the Project is expected to occur in September 2024.

Projected LIHTC:

The Partnership expects to be eligible for LIHTC in the estimated amount of ***\$484,566*** per annum, of which 99.99% will be allocated to the Investor. TCC's investment is predicated on the state housing credit agency's award and allocation of LIHTC of substantially this amount. We have assumed an applicable tax credit rate of 4%.

Price Per Credit:

The Investor will make an equity investment in the Partnership equal to \$0.92 for each \$1.00 of LIHTC properly allocable to the Investor.

Estimated Total Capital:

Estimated to be ***\$4,457,559*** based on information provided by you or your agents. The Investor's capital contribution will be reduced by, among other things, any reduction in the Partnership's qualified basis.

Capital Contribution Schedule:

Capital Contribution #1: 20% (estimated to be ***\$891,512***) will be paid at closing which shall be predicated upon admission of the Investor and Special Limited Partner to the Partnership, the closing and initial funding of the loans, and receipt and approval of all due diligence requested by TCC including, without limitation, evidence of the Project's eligibility for LIHTC. In the event that any portion of Capital Contribution #1 is not needed at closing, the excess will be disbursed via a monthly draw process.

Capital Contribution #2: 30% (estimated to be ***\$1,337,268***) will be paid upon 75%

completion as evidenced by an architect's certification that the Project has reached the stated completion in accordance with the plans and specifications and has incurred the stated percentage of hard costs, as confirmed by TCC's construction inspector.

Capital Contribution #3: 45.5% (estimated to be \$2,028,779) will be paid upon the latest to occur of: 1) 100% completion (as certified by the architect and confirmed by TCC's construction inspector), 2) receipt of all requisite certificates of occupancy, 3) receipt of a satisfactory ALTA as-built survey, 4) satisfactory radon testing, 5) evidence that the Partnership has submitted a complete application for IRS Forms 8609, 6) receipt of a copy of the final cost certification prepared by the accountants including an opinion that not less than 50% of the aggregate basis of the building and land was financed with the proceeds of tax-exempt bonds and determination of the amount of LIHTC, 7) occupancy of 93% of the units by qualified tenants (the "Qualified Occupancy Date"), 8) final closing which is inclusive of, as applicable, achievement of construction completion, repayment of construction financing in full, permanent loan closing/conversion, permanent COs, final lien waivers, cost certification, payment of all development costs, and funding of all required reserves ("Final Closing"), and 9) achievement of debt service coverage ratio of 115% for each of three (3) consecutive calendar months immediately preceding Final Closing based on the higher of actual or underwritten expenses (as adjusted for the actual costs of insurance and taxes) and assuming a vacancy rate of equal to the greater of 7% or the actual vacancy rate (the "Stabilization Date"). This Capital Contribution #3 is sometimes referred to herein as the "Stabilization Installment". A portion of this capital contribution will be used to pay down the outstanding Construction Loan.

Capital Contribution #4: (4.5%) Estimated to be \$200,000, upon the later to occur of: 1) receipt of properly completed and signed IRS Forms 8609 for all buildings in the Project and 2) recording of an "extended low-income housing commitment".

Tax Credit Adjusters:

The Capital Contributions will be subject to standard tax credit timing and basis adjusters as follows:

Downward Basis:

The Investor's capital contribution is based on the assumption that the Partnership will claim LIHTC in the aggregate amount of \$4,845,660 throughout the credit period. Such capital contributions will be reduced by \$0.92 for each \$1.00 of LIHTC that is less than TCC projected at the time of closing based on the cost certification and final IRS Forms 8609. Any shortfall in excess of TCC's remaining capital contributions shall be paid by the General Partner.

Downward Timing:

If this transaction closes by October 2022, the Investor's capital contribution is based on the assumption the Partnership will claim \$484,566 of LIHTC in 2025 ("Year 1") and \$484,566 of LIHTC in 2026 ("Year 2"). The Investor's capital contribution will be reduced by \$0.51 for each \$1.00 of LIHTC that is less than TCC projected in Year 1 or Year 2 but will be received in a later year. Any shortfall in excess of TCC's remaining capital contributions shall be paid by the General Partner.

Upward Basis:

If the Partnership qualifies for LIHTC in excess of \$4,845,660 the Investor will increase its capital contribution by \$0.92 for each \$1.00 of LIHTC that is greater than TCC projected at the time of closing based on IRS Forms 8609. Any such increase will be capped at 10% of the Investor's estimated capital contributions and will be paid with the final installment.

Recapture/Disallowance:

In the event that any LIHTC are recaptured or disallowed in any year after the initial adjustments described above, the General Partner will reimburse the Investor \$0.92 or, if greater, the price per credit for each \$1.00 of LIHTC so recaptured or disallowed, plus

interest at the prime rate plus 2.00% from date of the Stabilization Installment, plus any interest, penalties, and other costs relating to the loss or recapture of LIHTC.

Construction/Permanent Loan: The Partnership expects to receive the following financing to assist in the construction and development of the Project:

	<u>Lender/Source</u>	<u>Amount</u>	<u>Estimated Interest</u>	<u>Amortization/ Term</u>	<u>Hard/Soft Payments</u>
<u>Construction Loan</u>	Chase Bank	\$38,900,000	SOFR+200bps	I/O	Hard
<u>First (Permanent) Loan</u>	Grandbridge	\$37,470,000	TBD	35 yr/15 yr	Hard
<u>Second Loan</u>	Broward County	\$2,500,000	1%	35yr/35yr	Soft
<u>Third Loan</u>	City of Ft. Lauderdale	\$2,500,000	1%	35 yr/35 yr	Soft
<u>Developer Equity</u>	Related FL	\$10,850,000	N/A	N/A	N/A

Development Obligation:

The General Partner and the Developer will be jointly and severally obligated to achieve Final Closing and the Stabilization Installment. In the event the loan proceeds and capital contributions are insufficient to pay all development, operating and lease-up costs prior to (and as necessary to achieve) the Stabilization Installment, the General Partner and the Developer will fund the deficit without reimbursement.

Operating Deficit Guaranty:

The General Partner will be obligated to advance funds to pay operating deficits. This obligation will be capped at **\$437,862** (equal to six (6) months of operating expenses, reserve deposits, and required debt service for tax credit units) and will expire at the end of the year in which the third (3rd) anniversary of the Stabilization Installment occurs provided that the Project achieves an average debt service coverage ratio of 120% for that year (to be determined based on audited financial statements) and all reserves have been fully replenished. Any funds so advanced by the General Partner will constitute a "Negative Cash Flow Loan" repayable without interest from cash flow in the order of priority noted below.

Repurchase:

The General Partner will repurchase the Investor's interest in the Partnership, at the election of the Investor, upon the occurrence of certain significant events including, without limitation, failure to achieve completion by an outside date, foreclosure proceedings or casualty prior to Final Closing, termination of financing, or becoming ineligible for 30% or more of the projected LIHTC. The purchase price shall be 100% of the Investor's paid-in capital contributions, plus interest at the prime rate 2.00%, plus the costs incurred by the Investor in connection with its investment, plus interest, penalties and other costs relating to the loss or recapture of LIHTC.

Redemption:

The Investor will have the right to require the Partnership to redeem its interest for \$100 at any time after the end of the compliance period.

Representations & Warranties:

The General Partner will make customary representations and warranties with respect to the Project, the Partnership, the General Partner and its Affiliates.

Indemnification:

The General Partner will provide customary indemnities relating to environmental hazards, negligence, fraud, misconduct, and similar bad acts or violations by the General Partner or its affiliates.

Developer Fee Payments:

A portion of the Developer Fee will be paid at closing. The amount to be paid at closing will be **6.39%** of the total Developer Fee projected to be paid from loan proceeds and capital contributions (the "Cash Developer Fee"). Provided that funds are available,

70.17% of the Cash Developer Fee (less amounts previously paid) will be paid at Capital Contribution #3, and 23.44% of the Cash Developer Fee (less amounts previously paid) will be paid at Capital Contribution #4. The balance of the Developer Fee that remains unpaid after Capital Contribution #4 shall be repaid, without interest, from cash flow and capital transaction proceeds as outlined below but in all events within 15 years from substantial completion of construction and/or rehabilitation of the Project. At the end of the 15-year period, the General Partner shall advance the capital needed by the Partnership to pay the outstanding Developer Fee (if any).

TCC Construction Inspection:

A construction inspector approved by TCC will perform 1) a pre-construction analysis, to include the verification of scope and adequacy of cost estimates of all construction work to be performed, and 2) periodic on-site inspections and reports, and construction draw recommendations. Fees associated with such services are to be paid by the Partnership.

Asset Management Fee:

The Partnership will pay an asset management fee to the Investor in the annual amount of \$7,500 (increasing annually by 3.00%). The asset management fee shall be paid from cash flow as outlined below. In the event there is insufficient cash flow in any year to pay the asset management fee in full, such fee shall accrue and be paid from cash flow and capital transaction proceeds available in subsequent years.

Compliance Inspection Fee:

The Partnership will pay the fees of a third-party compliance consultant to be chosen by TCC. Said compliance testing shall be conducted during initial lease-up, and periodically during the 15-year compliance period at the request of TCC if deemed necessary by TCC.

Reserve Requirements:

Operating Deficit Reserve: The General Partner will cause the Partnership to establish and maintain a reserve for operating deficits in the estimated amount of \$437,862 equal to six (6) months of operating expenses, reserve deposits, and required debt service for tax credit units) at the time of Capital Contribution #3. If there is insufficient cash available from the proceeds of Capital Contribution #3 or #4, then the funding of the Operating Deficit Reserve will be the obligation of the General Partner. Any draws from this reserve shall require Investor consent and shall be replenished from cash flow as outlined below.

Capital Replacement Reserve: The General Partner will cause the Partnership to establish and maintain a reserve for capital replacements to be funded by monthly deposits in the amount equivalent to \$300 per unit per year (increased annually by 3.00%) or such greater amount as may be required by the lenders.

Project Accounts:

All operating and reserve accounts to be maintained with Truist Bank or an affiliate, for the entire 15-year Compliance Period.

Cash Flow:

After payment of all operating expenses, mandatory escrow/reserve deposits, and debt service, cash flow (after the Stabilization Installment) will be distributed within ninety (90) days after the end of each fiscal year, in the following priority:

First. To payment of all amounts due and owing to the Investor (excluding any items listed in the ensuing clauses of this section),

Second. To replenish amounts withdrawn from the Operating Deficit Reserve,

Third. To repayment of any voluntary loans then outstanding,

Fourth. To payment of the Investor's Asset Management Fee,

Fifth. To repayment of the deferred Developer Fee,

Sixth. To repayment of any outstanding Negative Cash Flow Loans,

Seventh. 10% to the Investor,

Eighth. To payment of a supervisory/incentive management fee to the General Partner,

Ninth. The balance to the General Partner.

Capital Transactions:

During the LIHTC compliance period, TCC must approve terms and conditions related to any financing, refinancing or substitute credit enhancement of the Project. Use of proceeds from any sale, financing or refinancing would be prioritized as follows:

First. To discharge the debts and obligations, including expenses associated with sale or refinancing and to fund reserves for contingent third-party liabilities,

Second. To payment of 150% any shortfalls in LIHTC due and owing but not paid to the Investor, together with any accrued but unpaid interest thereon;

Third. To payment of all other amounts due and owing to the Investor,

Fourth. To repayment of any voluntary loans then outstanding,

Fifth. To repayment of the deferred Developer Fee,

Sixth. To repayment of any outstanding Negative Cash Flow Loans,

Seventh. \$1,000 to the Special Limited Partner

Eighth. The balance, 90% to the General Partner and 10% to TCC.

Option/ROFR:

The Co-General Partner will have the option to Purchase the Limited Partner's Interest for 24 months after the end of the Credit Period, conditioned upon the guarantors providing a satisfactory tax credit guarantee for the remainder of the Compliance Period, and 24 months after the end Compliance Period for a purchase price equal to the appraised fair market value of the Project (but in no event less than the applicable exit taxes) plus any outstanding amounts owed to the Investor.

Depreciation:

We have assumed that the buildings will be depreciated over 30 years, site work over 15 years, and personal property costs over 7 years. The Partnership will make an election to be treated as an "electing real property trade or business" under Code Section 163(j)(7)(B). Further, if necessary, the General Partner will make an election to be taxed as a corporation and an election under Section 168(h)(6) of the Code so that no portion of the property will be treated as tax-exempt use property. The Partnership will not make an election to opt-out of applicable bonus depreciation unless requested by the Investor.

Attorney Matters:

TCC shall rely upon the opinion of its legal counsel and other professionals as to the tax aspects of its investment in the Partnership. Such legal and other professional fees incurred by TCC shall be paid by the Partnership at closing.

Accountants:

Independent CPA acceptable to TCC and at the expense of the Partnership.

Reporting:

Monthly balance sheet, income statement, rent roll; annual Audit draft due by March 15 of each year; tax return draft due by February 15 of each year, with final tax return due March 1; annual budget due by December 1 of the preceding year. Because of TCC's need for timely, accurate tax and Audit information, failure to provide the tax return and Audit within the specified time period shall result in a fine to be paid by the General Partners of not less than \$250 per day for every day past the due date. In addition, failure to deliver to TCC final cost certification for the Project within ninety (90) days of the Completion Date for the Project shall result in a fine to be paid by the General Partner of not less than \$250 per day for every day past the due date.

Reallocation of Related Party Expenses:

The Project shall allocate certain related party expenses (i.e. Management and Payroll) to the General Partner throughout the compliance period. Review and approval of such expenses on the Project shall be provided by the Investor Limited Partner prior to allocation.

Re: Mortgage Loan Term Sheet (the "Term Sheet")
The Gallery at FATVillage, Fort Lauderdale FL 33311

Mr. Del Pozzo:

Grandbridge Real Estate Capital LLC ("Lender"), as a lender under the Multifamily Programs (the "Programs") of the Federal Home Loan Mortgage Corporation ("Freddie Mac"), is willing to consider a first mortgage loan to the Borrower identified below, subject to the terms, conditions and requirements set forth in this Term Sheet.

If approved by Lender and Freddie Mac, a first mortgage loan substantially in accordance with the terms set forth herein (the "Funding Loan") will be originated by TBD (the "Construction Lender") to the governmental entity set forth in the Exhibits to the Commitment (the "Governmental Lender"). The proceeds of the Funding Loan will be used by the Governmental Lender to fund a mortgage loan with economic terms matching those of the Funding Loan (the "Project Loan"; the Funding Loan and Project Loan shall be collectively referred to as the "Loan") to Borrower to finance the construction of the Project to be located on the Property. The Construction Lender will be responsible for administering the Loan during the construction phase of the Project prior to Conversion (the "Construction Phase"). The Funding Loan will be a nonrecourse obligation of the Governmental Lender secured solely by receipts and revenues from the Project Loan and the collateral pledged therefor (including a first mortgage on the Property). The date on which the Construction Lender originates the Funding Loan is referred to as the "Origination Date". Upon the satisfaction of the conditions to conversion ("Conditions to Conversion") as determined by Lender and as set forth in a forward commitment (the "Commitment") to be issued by Lender to Borrower following Lender's approval of the proposed Loan and in the Construction Phase Financing Agreement to be executed as of the Origination Date (the "Construction Phase Financing Agreement") by and between Freddie Mac, Lender, the Construction Lender and Borrower, the Project Loan will convert (the "Conversion") to the permanent phase (the "Permanent Phase") and Lender will purchase the Funding Loan from the Construction Lender. The date on which the Conditions to Conversion are satisfied and Lender purchases the Funding Loan is referred to as the "Conversion Date". The date on which Freddie Mac purchases the Funding Loan is referred to as the "Freddie Mac Purchase Date".

Lender's obligation to purchase the Funding Loan is subject to Lender's determination that all of the Conditions to Conversion have been and remain satisfied.

1. **Borrower:** TBD ("Borrower"). The Guarantors will be PRH Investments, LLC (jointly and severally, "Guarantor"). The formation, structure and ownership of Borrower and Guarantor, if not individuals, shall be satisfactory to Lender and Freddie Mac and shall satisfy the requirements of the Programs. Unless specifically addressed in the Exhibits attached hereto, this Term Sheet is based on the assumption that Borrower does not intend to obtain or utilize preferred equity or mezzanine financing in its organizational or capital structure. Any use of Borrower of preferred equity or mezzanine financing in its organizational or capital structure must be specifically approved in writing by Lender and Freddie Mac prior to Rate Lock, and Borrower acknowledges that the requested use of any such preferred equity or mezzanine financing may result in modifications to the terms of the proposed loan, including without limitation an increase in the applicable interest rate. Except as has been disclosed in writing to and approved in writing by Lender and Freddie Mac prior to Rate Lock, no direct or indirect ownership (or other economic) interest of 25% or more in Borrower or any Borrower Principal has been marketed or sold to investors through any form of crowdfunding.
2. **Loan Amount:** \$37,470,000 (the "Loan Amount") which can increase or decrease based on Freddie Mac review and approval and full and final due diligence, and is subject to (i) a maximum 80% loan-to-value ratio and a minimum 1.20 to 1.0 debt service coverage ratio at the interest rate for the Loan and (ii) the additional terms set forth in any Exhibits attached hereto.
3. **Loan Term:** The outstanding principal balance of the Loan, plus any accrued interest and other charges, will be due and payable at the end of fifteen (15) years.
4. **Construction Phase:** The earlier of Conversion or 36 months from the Origination Date. The Construction Phase may be extended for 6 months for a fee of 80 basis points of the Loan Amount.
5. **Interest Rate:** Lender anticipates that, if Rate Lock occurs on or before January 9, 2023 (the "Spread Expiration Date"), the interest rate for the Loan Term will be based on 228 basis points (2.28%) (the "Spread") added to the yield on the most current ten (10) year U.S. Treasury security issue (the "Applicable Index") at the time of Rate Lock; however, this is subject to change until Rate Lock. The proposed Spread set forth above assumes that the yield rate on the Applicable Index will not be less than 2.49% (the "Treasury Floor") at the time of Rate Lock (hereinafter defined). If at the time of Rate Lock the Applicable Index is less than the Treasury Floor, the Spread will be increased by a corresponding amount. Interest shall be calculated based on a 360 day year and the actual number of days.

6. **Payments:** Monthly installments of principal and interest shall be required based on the outstanding principal balance, the effective interest rate and a thirty-five (35) year amortization schedule.
7. **Prepayment:** 10-year lockout, followed by Yield Maintenance until 6 months prior to maturity. The loan is pre-payable at 1%, from months six to three before maturity. The loan is open at par for the last 90 days. If the Loan is placed into a Securitization within the first year of the Loan term, the Loan cannot thereafter be prepaid or defeased for two years following such placement of the Loan into a Securitization.
8. **Property:** The Loan shall be evidenced by the Freddie Mac Multifamily Note for the Programs (the "Note") and the Multifamily Loan and Security Agreement (the "Loan Agreement") and secured by a security interest, as evidenced by the Freddie Mac Multifamily Mortgage, Deed of Trust or Deed to Secure Debt for the Programs (the "Security Instrument"; the Note, Loan Agreement, Security Instrument and the other documents to be executed by Borrower and Guarantor to evidence and secure the Loan shall be collectively referred to as the "Loan Documents"), in the following real property, including all improvements, easements, rights and interests relating thereto, as well as an assignment of and security interest in all present and future rents, leases, income, contracts, licenses, agreements and personal property relating to the operation of the Security (the "Property"): A property upon which is to be constructed a 195 unit apartment complex (the construction of which shall be referred to as the "Project") located at 600 N Andrews, Fort Lauderdale, FL 33311 and identified as The Gallery at FATVillage. All matters relating to the Property must be satisfactory to Lender. Borrower shall not be permitted to participate in home sharing activities (which are defined as short-term rentals of typically less than one month that are marketed through peer-to-peer online marketplace or home sharing platforms such as Airbnb, VRBO, and booking.com), or to enter into leases, including master leases, of residential, corporate or commercial units that Borrower knows or should know are intended to be used by the tenants for full or part-time home sharing activities.
9. **Rate Lock:** Lender shall be required to submit a full underwriting package to Freddie Mac. Lender anticipates that, following Freddie Mac's review of the full underwriting package submitted by Lender, Freddie Mac will issue a commitment to Lender (the "Freddie Mac Commitment") containing the terms and conditions under which Freddie Mac would purchase such Loan from Lender. Lender would then issue its commitment to Borrower (the "Commitment") for the Loan. Lender must accept the Freddie Mac Commitment within the time specified therein, and would do so only after Borrower's acceptance of the Commitment and payment to Lender of all amounts required to be paid by Borrower to Lender pursuant to the Commitment, including an amount an amount (the "Commitment Fee") equal to two percent (2%) of the Loan Amount. The Commitment Fee may be a combination of (i) 1% of the loan amount in the form of a wire transfer in

immediately available funds; (ii) 1% of the loan amount posted in the form of a letter of credit in the amount of the loan amount (the "Commitment Fee Letter of Credit"), or (iii) 1% of the loan amount in the form of a note which will secure the Borrower's obligation to Lender to pay the Commitment Fee. The Freddie Mac Commitment would also specify the time within which the interest rate for the Loan may be fixed with Freddie Mac ("Rate Lock"). Upon Rate Lock, Lender will be obligated to deliver the Loan to Freddie Mac by the date specified in the Commitment (the "Mandatory Delivery Date"). The closing of the Loan must be completed at least fifteen (15) days prior to the Mandatory Delivery Date. The Commitment Fee shall be refunded to Borrower following the Freddie Mac Purchase Date. The Commitment shall contain the provisions set forth in the Exhibits attached hereto relating to the Breakage Fee and the retention and application of the Commitment Fee to the Breakage Fee upon the occurrence of a Default (as such terms are defined in the Exhibits).

10. **Origination Fee:** An Origination Fee 0.75% of the Loan Amount shall be paid by Borrower to Lender on the Origination Date.
11. **Expense Deposit:** A total of \$61,554 shall be due and payable to Lender upon Borrower's acceptance of this Term Sheet. This represents an Expense Deposit of \$25,000 and the Freddie Mac Application Fee equal to the greater of \$3,000 or 0.1% of the Loan Amount. The Expense Deposit will be applied towards the cost of the third party reports, legal fees and other out-of-pocket expenses incurred by Lender in connection with the Loan as well as Lender's \$1,500 Processing Fee. The Processing Fee and the Freddie Mac Application Fee shall be earned and non-refundable upon acceptance of this Term Sheet. Lender shall refund to Borrower any unused portion of the Expense Deposit.
12. **Additional Fees:** Borrower shall also pay to Lender for the benefit of Lender and/or Freddie Mac (i) a Standby Fee of 10 basis points (0.10%) of the Loan Amount per annum for each year (or partial year on a prorated basis) of the Construction Phase, (ii) a Construction Monitoring Fee per month of the Construction Phase to be paid out of construction draws, and (iii) a Conversion Fee of \$10,000 upon Conversion.
13. **Liability:** The Loan shall be non-recourse. However, Borrower and Guarantor shall be fully liable for the matters described in Section 9 of the Note and for any other matters which may be specifically required by Freddie Mac.
14. **Third Party Reports:** Lender shall obtain a full narrative appraisal report, a Phase I environmental report, an engineering report and a zoning report on the Security. Borrower shall cooperate with such third parties during the preparation of the reports. Lender makes no representations or warranties of any kind regarding such reports, and Borrower agrees to hold Lender harmless from any responsibility for the accuracy or completeness of any such report and to indemnify Lender from any claims or liability

relating to any use by Borrower of such reports or any information contained in such reports.

15. **Reserves and Escrows:** Borrower shall deposit into a non-interest bearing reserve with Lender with each monthly payment during the term of the Loan an amount determined by Lender and Freddie Mac based on the engineering report to be obtained by Lender for future repairs or replacements to the Security. Borrower shall deposit into a non-interest bearing reserve with Lender at closing an amount equal to 125% of the engineer's cost estimates for the immediate repairs and replacements to the Security identified in the engineering report referenced hereinabove. Borrower shall also establish with Lender non-interest bearing escrows for the payment of taxes and insurance premiums relating to the Security, and shall pay to Lender on a monthly basis additional sums for deposit into such escrows as may be required by Lender.
16. **Loan Documents:** The Loan shall be evidenced by the Loan Documents to be executed by Borrower and Guarantor and such other documents to be executed by Borrower and Guarantor as may be required by Lender and Freddie Mac pursuant to the Programs, subject to any modifications described in the Exhibits or as otherwise required by Freddie Mac. The forms of the Loan Documents for the Programs are available for review by Borrower at freddiemac.com.
17. **Title Insurance:** Prior to closing, Lender shall obtain a commitment for the issuance of a title insurance policy from a title insurance company acceptable to Lender, which title commitment is satisfactory in form, substance and amount to Lender. The title insurance policy shall insure the interests of Lender created by the Loan Documents as a lien on the Property, and shall contain such exceptions as may be approved and such endorsements as may be required by Lender.
18. **Survey:** Prior to closing, Borrower shall furnish an as-built survey of the Property prepared within ninety (90) days of closing by a licensed surveyor or engineer in accordance with Lender's survey requirements. All matters relating to the survey and to the boundaries, configuration and description of the Property shall be satisfactory to Lender.
19. **Loan Sale and Securitization:** This Loan will be closed and funded by Lender and sold by Lender to Freddie Mac pursuant to the terms and conditions set forth in the Programs. Borrower acknowledges that Borrower will be obligated to satisfy the requirements set forth in the Commitment for the Loan to be closed and sold to Freddie Mac pursuant to the Programs. Borrower further acknowledges that Freddie Mac may place the Loan into a securitization (a "Securitization"), and Borrower agrees to take all actions as may be reasonably required by Lender and Freddie Mac to facilitate the placement of the Loan into a Securitization pursuant to the Programs.

20. **Bearing of Costs:** Borrower agrees to pay at or before closing all taxes and assessments on the Security due within thirty (30) days of the closing, and all recording fees, registration taxes, title insurance premiums, appraisal expenses, reasonable attorney fees, insurance review expenses, engineering and environmental report expenses, survey expenses, flood hazard determination expenses, tax service contract expenses and other expenses incurred by Lender in connection with the negotiation, preparation and closing of the Loan and any subsequent disbursements, regardless of whether the proposed Loan closes. Borrower also agrees to pay all costs of collection or enforcement, including reasonable attorney fees, relating to Borrower's obligations under this Term Sheet or any amounts now or hereafter owed by Borrower.
21. **Opinion of Borrower's Counsel:** Borrower shall provide Lender with a written opinion of counsel for Borrower which is satisfactory to Lender.
22. **Insurance:** Borrower shall furnish and maintain policies of all risk fire and extended coverage hazard insurance covering the Property and the operation thereof. Such insurance shall be for 100% of replacement value, and shall include liability coverage, worker's compensation and employer's liability coverage, law and ordinance coverage, loss of rents coverage and other coverages in such forms and amounts and with such carriers as may be required at any time by Lender. Borrower shall also furnish and maintain flood insurance satisfactory to Lender for any structures at the Property which are determined to be in a special flood hazard area. Borrower shall also provide Lender with a termite inspection report or termite bond for the Property which is satisfactory to Lender.
23. **Permits, Licenses and Approvals:** Prior to closing, Borrower shall provide Lender with copies of all permits, licenses, certificates of occupancy, approvals, franchises and other rights or agreements necessary for the lawful occupancy and operation of the Property. The Property and its use shall comply fully with all applicable laws and requirements. Lender shall not be expected to make an independent investigation of such evidence, and approval shall not be deemed to imply that Lender has concurred in its accuracy. Lender shall also obtain a zoning report at Borrower's expense confirming that the current use of the Property is a legal usage as determined by such authorities and that Borrower would be permitted to repair and restore the Property following a casualty. All matters relating to the zoning of the Property shall be satisfactory to Lender.
24. **Financial Certification:** This Term Sheet is conditioned on the receipt and approval by Lender prior to closing of such financial statements and credit information on Borrower, Guarantors and their respective affiliates as Lender may require, which are to reflect no material adverse conditions. If Lender determines prior to closing that there has been a misrepresentation or omission in connection with such information or a material adverse change in the financial conditions of any such person or entity or in the circumstances which supported the underwriting of the Loan, then Lender shall have no obligation to

close or fund the proposed Loan. Borrower shall deliver to Lender prior to closing and on a quarterly basis during the Loan term current certified rent rolls, operating statements and financial statements in form satisfactory to Lender, and Guarantors shall deliver to Lender prior to closing and on an annual basis during the Loan term current certified financial statements in form satisfactory to Lender.

25. **Management Agreements:** Borrower shall provide Lender with certified copies of any management and leasing agreements relating to the Property and shall also provide Lender with requested information on the management company and individuals responsible for the management of the Property. All matters relating to the management of the Property shall be satisfactory to Lender. All management and leasing agreements shall be subordinated to the Loan.
26. **Pending or Threatened Litigation:** Prior to closing, Borrower shall notify Lender in writing of any foreclosures, lawsuits or other legal actions filed or threatened against Borrower, Guarantors or any of their respective affiliates, or relating to the Property. Borrower agrees that all relevant information relating thereto shall be provided to Lender, and that Lender shall have no obligation to close the Loan if in Lender's opinion any material adverse legal matters exist.
27. **Environmental Matters:** The Property shall be inspected by an independent engineer selected and retained by Lender, who shall issue a report at Borrower's expense relating to the environmental condition of the Property. Lender's obligation to close and fund the Loan is conditioned on Lender's satisfaction with all matters relating to the environmental report and the environmental status of the Property, and may be further conditioned upon such additional requirements regarding environmental matters, including without limitation the performance at Borrower's expense of additional audits or tests, as Lender may require. If recommended by the environmental report, Borrower shall provide Lender at Borrower's expense with operations and maintenance plans regarding asbestos, lead-based paint and/or mold and moisture control (the "O&M Plans"). Borrower agrees to implement the O&M Plans within one month of closing and to abide by the O&M Plans during the Loan term. Borrower shall certify to Lender at closing that, subject to any matters reflected in the environmental report, the Property has not been affected by hazardous materials and is in compliance with all applicable environmental laws. Borrower and Guarantors shall indemnify, defend and hold Lender harmless from and against any and all claims, liabilities, damages and expenses relating to any and all such matters.
28. **Transfers:** Transfer of interests in Borrower or Guarantor, if not individuals, or the Property, and any proposed assumption of the Loan shall be governed by the provisions of the Loan Documents.
29. **Additional Conditions:** See Exhibits attached.

30. **Miscellaneous:** Borrower acknowledges that this Term Sheet reflects the terms and conditions under which Lender is willing to consider the proposed Loan described herein but that Lender shall have no obligation to close or fund the Loan unless and until Lender has completed its underwriting and due diligence review of the proposed Loan and has issued a Commitment for such Loan and Borrower has accepted such Commitment and complied with the terms and conditions thereof. Borrower further acknowledges and agrees that (i) the relationship between Borrower and Lender is that of a borrower and lender and that no other relationship exists between Lender and Borrower or its direct or indirect owners or affiliates, (ii) Lender is not and shall not become the agent or fiduciary of Borrower or its direct or indirect owners or affiliates, and (iii) nothing contained in this Term Sheet or in any commitment which may be issued by Lender for the proposed Loan or done in connection therewith shall constitute or be deemed to evidence any such agency or fiduciary relationship. Borrower agrees to pay all reasonable costs and expenses incurred in connection with this Term Sheet or the proposed Loan, including without limitation reasonable attorney fees, brokerage fees incurred by Borrower, third party report expenses and closing costs. Borrower shall provide Lender with all information and documents required to underwrite this Loan request. Borrower and Guarantor authorize Lender to obtain any credit reports or any financial information which Lender deems necessary in connection with this Term Sheet. Borrower and Guarantor hereby grant Lender the exclusive right to provide financing for the Property for a period of 90 days from their acceptance of this Term Sheet. The parties hereto, on behalf of themselves and their respective affiliates and assigns, hereby waive any right to trial by jury with respect to any matters arising out of or in connection with this Term Sheet or the proposed Loan.

Publication Date
08/01/2022

If, at the time of Spread Lock, the spread for Freddie Mac's K-F000 Series 10-year Fixed Rate Class A-2 Certificates ("K-F000 Series Class A-2 Spread") published on the K-Series Spread Reference Page exceeds the K-F000 Series Class A-2 Spread stated above by more than 25 basis points (0.25%), Freddie Mac reserves the right to increase the Spread quoted above (the "Quoted Spread") by an amount to be determined by Freddie Mac in its sole discretion, but the Quoted Spread will not be increased by Freddie Mac under these provisions if, at the time of Spread Lock, the K-F000 Series Class A-2 Spread published on the K-Series Spread Reference Page exceeds the K-F000 Series Class A-2 Spread stated above by 25 basis points (0.25%) or less. The K-Series Spread Reference Page can be found at <https://mf.FreddieMac.com/lenders/uw/> under the "Quick Links" header, and is designated for K-F000 Series Class A-2 Spread publication. These provisions will only apply prior to Spread Lock.

Exhibit B
Breakage Fee Provisions

If the loan is approved by Lender, the following provisions will be included in the Commitment issued by Lender to Borrower:

1. Breakage Fee
Borrower and [Guarantors] [] (referred to herein as "**Breakage Obligor**") each acknowledges that Lender is executing this Commitment with Borrower ("**Lender Commitment**") in reliance on the agreement of the Federal Home Loan Mortgage Corporation ("**Freddie Mac**") to lock the applicable Spread for the interest rate ("**Interest Rate Lock**") for the Mortgage and enter into a Commitment to purchase the Mortgage ("**Freddie Mac Commitment**").

Borrower and Breakage Obligor each further acknowledges:

- (a) In connection with the Interest Rate Lock, Freddie Mac will enter into one or more "hedge" transactions ("**Hedge**") in which it will incur trading costs ("**Hedging Costs**").
 - (b) If Freddie Mac is forced to liquidate its Hedge and unwind the Interest Rate Lock because of a Default (as defined below), Freddie Mac could incur Hedge losses ("**Hedging Losses**"). The Hedging Costs and the Hedging Losses are referred to collectively as the "**Breakage Fee**". In such event, Lender will be obligated to pay Freddie Mac the Breakage Fee determined as set forth in the Section entitled "Determination of Breakage Fee" below.
 - (c) Upon a Default, Lender intends to pay to Freddie Mac any good faith deposit Lender has collected under this Lender Commitment ("**GFD**"). Any GFD collected by Lender is a deposit for, and not in full satisfaction of, the payment of the Breakage Fee, and the Breakage Fee may exceed the amount of the GFD.
 - (d) Upon a Default, Lender also intends to assign to Freddie Mac the Borrower's and Breakage Obligor's obligation pursuant to this Lender Commitment to pay Lender the Breakage Fee ("**Assignment**"). Pursuant to the Assignment, Freddie Mac will be entitled to collect from Borrower and Breakage Obligor any portion of the Breakage Fee that exceeds the GFD.
2. Default under Lender Commitment
Borrower and Breakage Obligor each acknowledges that if after Interest Rate Lock any of the following occurs (each, a "**Default**"), Borrower and Breakage Obligor will be liable to Lender for the payment of the Breakage Fee.

- (a) Borrower fails to execute and return Exhibit A to this Lender Commitment by the date specified in the Lender Commitment.
 - (b) Borrower breaches the terms of the Lender Commitment and as a result of such breach, Lender is in breach of its obligations under the Freddie Mac Commitment.
3. Determination of Breakage Fee
Notwithstanding anything in the Freddie Mac Guide to the contrary, the Breakage Fee will be the greater of (A) or (B) below, but will in no event exceed 3.0% of the Rate Locked Mortgage Amount:
- (A) 0.5% of the Rate Locked Mortgage Amount; or
 - (B) the product obtained by multiplying:
 - (1) the Rate Locked Mortgage Amount
 - by*
 - (2) the value obtained by subtracting
 - a. the Monthly Yield Rate at Breakage less 1.1250 basis points
 - from*
 - b. the Monthly Applicable Yield Rate at Rate Lock
 - by*
 - (3) the Present Value Factor

For purposes of this Section the following definitions will apply:

Breakage Date: the earliest to occur of (i) the date the Borrower notifies Lender or Freddie Mac in writing that it will not or cannot originate the Mortgage, (ii) the date Lender notifies Freddie Mac in writing of its inability to deliver the Mortgage, or (iii) the Mandatory Delivery Date

Rate Locked Mortgage Amount: the amount of the Mortgage set forth in Exhibit A

Yield Rate at Breakage: As of the close of the trading session on the Breakage Date, the yield rate with a maturity equal to the term of the Index set forth in

Exhibit A, found among the Daily Treasury Yield Curve Rates, commonly known as the Constant Maturity Treasury (CMT) rates, as reported on the U.S. Department of the Treasury website.

The Yield Rate at Breakage will be expressed as a decimal to two digits.

If no published CMT maturity matches the term of the Index, Freddie Mac will interpolate as a decimal to two digits the yield rate between (i) the CMT with a maturity closest to, but shorter than, the term of the Index, and (ii) the CMT with a maturity closest to, but longer than, the term of the Index, as follows:

$$\left[\left(\frac{B-A}{D-C} \right) \times (E-C) \right] + A$$

- A = yield rate for the CMT with a maturity shorter than the term of the Index
- B = yield rate for the CMT with a maturity longer than the term of the Index
- C = number of months to maturity for the CMT maturity shorter than the term of the Index
- D = number of months to maturity for the CMT maturity longer than the term of the Index
- E = number of months in the term of the Index

In the event the U.S. Department of the Treasury ceases publication of the CMT rates, the Yield Rate at Breakage will equal the yield rate on the U.S. Treasury security which is not callable or indexed to inflation and which has a maturity closest to (but not shorter than) the term of the Index.

The selection of an alternate security pursuant to this Section will be made in Freddie Mac's discretion.

Monthly Yield Rate at Breakage: the Yield Rate at Breakage divided by 12

Applicable Yield Rate at Rate Lock: the "Actual Index Rate at Rate Lock" set forth in Exhibit A.

Monthly Applicable Yield Rate at Rate Lock: the Applicable Yield Rate at Rate Lock divided by 12

Present Value Factor: the factor that discounts to present value the costs resulting to Freddie Mac from the difference in the Applicable Yield Rate at Rate Lock and the Yield Rate at Breakage calculated using the following formula:

$$\frac{1 - (1 + r)^{-n}}{(r)}$$

r = Monthly Yield Rate at Breakage

n = the number of months in the Mortgage term (set forth in Exhibit A)

4. Obligation to Pay Breakage Fee; Payment of GFD
If there is a Default, Lender will be liable to Freddie Mac, and Borrower and Breakage Obligor will be liable to Lender, for the Breakage Fee. The liability of each person and/or entity constituting Borrower and Breakage Obligor for the Breakage Fee will be joint and several. Upon a Default, Lender will pay the GFD to Freddie Mac, who will apply the GFD towards the Breakage Fee.
5. Assignment to Freddie Mac of Obligation to Pay Remaining Breakage Fee
Upon a Default, Lender will also effectuate the Assignment, pursuant to which Borrower and Breakage Obligor will be obligated to pay to Freddie Mac any portion of the Breakage Fee that exceeds the GFD. Borrower and Breakage Obligor each consents to the Assignment. Borrower and Breakage Obligor each acknowledges that the Assignment will in no way alter or diminish Borrower's or Breakage Obligor's other obligations to Lender under this Lender Commitment; provided, however, to the extent that Borrower and/or Breakage Obligor has paid the Breakage Fee to Freddie Mac directly, Lender will not be entitled to collect such fee. Borrower and Breakage Obligor each confirms and acknowledges that if the Breakage Fee becomes due, pursuant to the Assignment, Freddie Mac may demand that Borrower and Breakage Obligor pay the Breakage Fee directly to Freddie Mac and Freddie Mac will not be required to pursue its remedies first against Lender.
6. Waiver of Right to Assert Defenses
By execution of this Lender Commitment, Borrower and Breakage Obligor each waives, to the fullest extent permitted by applicable law, the right to assert against Freddie Mac as assignee of Lender, any claim or defense to the claim assigned that arises out of transactions or relationships between Borrower and Lender and/or between Breakage Obligor and Lender, including claims or defenses for fraud or set-off. By execution of this Lender Commitment, Borrower and Breakage Obligor each acknowledges and agrees that this waiver is entered into knowingly and voluntarily with the benefit of competent legal counsel.

Page 16

7. Waiver of Right to Contest Liquidated Damages

By execution of this Lender Commitment, Borrower and Breakage Obligor each waives, to the fullest extent permitted by applicable law, any defense as to the validity of any liquidated damages set forth in this Lender Commitment on the grounds that such liquidated damages are void as penalties or are not reasonably related to the actual damages. By execution of this Lender Commitment, Borrower and Breakage Obligor each acknowledges and agrees that this waiver is entered into knowingly and voluntarily with the benefit of competent legal counsel.

GROUND LEASE AGREEMENT

THIS GROUND LEASE AGREEMENT ("Lease") entered into as of the 12 day of December, 2017, between **BROWARD COUNTY**, a political subdivision of the State of Florida, by its Board of County Commissioners ("Landlord"), and Related FATVillage, LLC, a Florida limited liability company ("Tenant"). Landlord and Tenant shall be referred to collectively as the "Parties."

RECITALS:

A. Landlord owns the property at 600 North Andrews Avenue, in Fort Lauderdale, Broward County Florida, as legally described in attached Exhibit "A" ("Leased Premises").

B. Landlord desires to lease the Leased Premises to Tenant pursuant to this Lease, in exchange for Tenant's development, construction, and operation of the Project, as specifically defined in Section 1(h), on the Leased Premises.

NOW, THEREFORE, in consideration of the Leased Premises, the foregoing Recitals, which are incorporated herein by reference, the mutual covenants and promises contained in this Lease, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the Parties hereby covenant, represent, warrant, and agree as follows:

1. Definitions. The following terms for purposes of this Lease shall have the following meanings:

(a) "Annual Base Rent" means and refers to the annual base rent set forth in paragraph 4(b) hereof.

(b) "Cash Flow" means the excess of the Project's Cash Receipts over the Project's Operating Expenses for the same time period.

(c) "Cash Receipts" means all rental revenue, laundry income, parking revenue, amounts released from escrow accounts, and other incidental revenues on a cash basis, and rental subsidies on an accrual basis, received by Tenant from normal operations of the Project but specifically excluding proceeds from insurance (other than business or rental interruption insurance), loans, proceeds of any capital transaction, or capital contributions.

(d) "Commencement Date" means the date that Tenant closes on its construction financing.

(e) "Effective Date" means the date this Lease is executed by the last party to sign it.

(f) "Lease Year" means the twelve (12) month period beginning on the Commencement Date and each twelve month period thereafter throughout the Term of this Lease.

(g) "Operating Expenses" means and refers to all ordinary and necessary operating expenses (including those reasonable replacement and maintenance reserves or accruals required by generally accepted accounting principles) as well as necessary capital improvements and those other reasonable reserves and reasonable accruals that are required to operate, maintain, repair and keep the Project in a neat, safe, and orderly condition, as well as the payment of all principal and interest payments for Project debts, the payment of any outstanding Project costs, and the payment of any other customary fees or expenses associated with a low income housing tax credit project.

(h) "Project" means the design, construction, and operation of a mixed-use development on the Leased Premises consisting of a combination of residential units and commercial/retail uses, as more particularly identified in Exhibit "B."

(i) "State" means the State of Florida, unless clearly indicated otherwise.

2. Lease. Landlord hereby leases to the Tenant, and the Tenant hereby accepts and leases from Landlord, the Leased Premises, together with all easements and rights-of-way pertaining thereto;

TO HAVE AND TO HOLD the Leased Premises unto Tenant for and during the Term set forth hereafter.

3. Term. This Lease Term shall commence on the Effective Date and expire on the Sixty year anniversary of the Commencement Date ("Term"), unless this Lease is terminated earlier pursuant to the provisions contained herein. In the event the Commencement Date does not occur by December 31, 2019, this Lease shall be of no effect and shall be deemed automatically terminated, unless the Parties agree otherwise in writing, with Landlord acting through its County Administrator or his or her authorized designee. Tenant shall provide written notice of the Commencement Date to Landlord's County Administrator within five (5) calendar days after the Commencement Date.

4. Ground Rent. Tenant covenants and agrees to pay Landlord rent as follows:

(a) Initial Capital Lease Payment. Tenant shall on the Effective Date: (i) pay Landlord a non-refundable amount of Twenty-Five Thousand Dollars (\$25,000) by wire transfer at Affordable Housing Program Account No. 182005; and (ii) deposit Two Hundred and Seventy-Five Thousand Dollars (\$275,000) in a non-interest bearing escrow account ("Escrow Account"), which amount shall be disbursed as specified in the escrow agreement ("Escrow Agreement"), the form of which is attached hereto as Exhibit "C."

(b) Annual Base Rent. On the Commencement Date and on each yearly anniversary of the Commencement Date until Rent Stabilization (as defined below), Tenant shall make an Annual Base Rent payment of Twenty-Five Thousand Dollars (\$25,000). Upon Rent Stabilization, Tenant shall pay to Landlord, on an annual basis throughout the Term of this Lease, Annual Base Rent in an amount equal to twenty-five percent (25%) of the Cash Flow, before payment of any deferred developer fees; provided, however, that the minimum amount of such Annual Base Rent payment shall be One Hundred Thousand Dollars (\$100,000), increasing each year thereafter by three percent (3%) ("Minimum Rent Obligation"). To the extent there is insufficient Cash Flow for Tenant to pay the entire

Minimum Rent Obligation, Tenant shall be entitled to defer up to \$75,000 of the Minimum Rent Obligation ("Deferred Amount") to the following year, at which point Tenant is required to pay the entirety of the Deferred Amount plus an interest payment equal to three percent (3%) of the Deferred Amount. "Rent Stabilization" shall mean the earlier of: (1) the date which is twenty-four (24) months after the Commencement Date; or (2) the date upon which (i) the Project shall have been ninety percent (90%) occupied for a period of 90 consecutive days, (ii) the construction loan has converted to its permanent phase, (iii) a 1.2% debt service coverage ratio has been achieved and (iv) the investor member's capital contribution earmarked for stabilization has been made. Tenant hereby unconditionally warrants and represents that it will use its best efforts to ensure that the Project achieves Rent Stabilization as soon as possible.

(c) Additional Rent. Landlord shall receive the Annual Base Rent free from all taxes, charges, expenses, costs, and deductions of every description, and, as such, Tenant hereby agrees to pay, as "Additional Rent," all items which would have been chargeable against the Project and payable by Landlord (except for the execution and delivery of this Lease).

(d) Net Commercial/Retail Cash Flow Rent. Twenty-Five percent (25%) of any net Cash Flow generated solely from the commercial/retail use of the Project ("Net Commercial Cash Flow") shall be paid to Landlord by Tenant, or Tenant's affiliate that is subleasing the commercial portion of the Leased Premises, on an annual basis. Such Net Commercial Cash Flow rent shall be paid no later than ninety (90) days following the end of each Lease Year throughout the Term of this Lease without notice or demand. To the extent Tenant's affiliate is not a signatory to this Lease, Tenant shall be solely responsible for ensuring that Landlord receives any amount due to Landlord pursuant to this Section 4(d). Such Net Commercial Cash Flow shall be reduced by any reasonable allocation of common area expenses between the residential and commercial portions of the Project.

5. Right to Construct Project.

(a) Tenant shall commence construction of the Project no later than ninety (90) days after the Commencement Date, and substantially complete the construction of the Project within eighteen (18) months thereafter. The foregoing limitation of time for the completion of the Project may be extended by written agreement between the Parties hereto, with Landlord acting through its County Administrator or duly authorized designee.

(b) During the course of construction of the Project, Tenant shall provide to Landlord quarterly written status reports on the Project, and such other reports as may reasonably be requested by Landlord, in a format acceptable to Landlord's County Administrator or duly authorized designee.

(c) The Project shall be constructed in accordance with the requirements of all laws, ordinances, codes, orders, rules, and regulations (collectively all "Applicable Laws") of all governmental entities having jurisdiction over the Project (collectively, the "Governmental Authorities"), including, but not limited to, the City of Fort Lauderdale and Landlord.

(d) Tenant shall apply for and prosecute, with reasonable diligence, all necessary approvals, permits, and licenses required by applicable Governmental Authorities for the construction, development, zoning, use, and occupation of the Project. Landlord agrees to cooperate with and publicly support Tenant's effort to obtain such approvals, permits and licenses, provided that such approvals, permits and licenses shall be obtained at Tenant's sole cost and expense.

(e) Construction of the Project shall be performed in a good and skillful manner and in conformity with all Applicable Laws.

(f) Tenant, or Tenant's affiliate, shall construct the Project in accordance with the requirements set forth in Exhibit "B."

6. Forced Delay in Performance. Notwithstanding any other provisions of this Lease to the contrary, Tenant shall not be deemed to be in default under this Lease where delay in the construction of the Project is caused by war, revolution, terrorism, labor strikes, lockouts, riots, floods, earthquakes, fires, casualties, acts of God, labor disputes, governmental restrictions, embargoes, adverse weather conditions preventing Project construction for at least 50% of the normal workday on controlling items of work, or any other causes beyond the reasonable control of Tenant or Tenant's contractors, subcontractors, suppliers, or vendors. The time of performance hereunder shall be extended for the period of any forced delay or delays caused or resulting from any of the foregoing causes.

7. Landlord's Representations and Warranties. Landlord hereby represents and warrants to Tenant as follows:

(a) Existence. Landlord has full power and authority to lease the Leased Premises and to comply with the terms of this Lease.

(b) Litigation. To the best of Landlord's knowledge, there are no actions, suits, proceedings or investigations pending or threatened against Landlord or the Leased Premises affecting any portion of the Leased Premises, including, but not limited to, condemnation actions.

(c) Title. Landlord owns fee simple, good and marketable title to the Leased Premises.

8. Tenant's Representations and Warranties. Tenant hereby warrants and represents to Landlord as follows:

(a) Existence. Tenant is a limited liability company presently existing and in good standing under the laws of the State.

(b) Authority and Approvals. Tenant (i) has the power and authority to execute, deliver, and perform its obligations under this Lease and (ii) has obtained all authorizations and approvals which are necessary for it to execute, deliver, and perform its obligations under this Lease.

(c) Binding Obligation. This Lease has been duly and validly executed and delivered by Tenant and constitutes a legal, valid, and binding obligation of Tenant, enforceable against Tenant in accordance with its terms.

(d) Litigation. There is no pending or, to the best of the Tenant's knowledge, threatened investigation, action or proceeding by or before any court, any governmental entity or arbitrator which (i) questions the validity of this Lease or any action or act taken or to be taken by Tenant pursuant to this Lease or (ii) is likely to result in a material adverse change in the property, assets, liabilities, or condition, financial or otherwise, of the Tenant, or materially impair Tenant's ability to perform its obligations hereunder.

(e) Full Disclosure. No representation, statement, or warranty by Tenant contained in this Lease or in any exhibit attached hereto contains any untrue statement or omits a material fact necessary to make such statement of fact therein not misleading.

9. Condition of Leased Premises, and Environmental Matters, Title Inspection Period, Approvals and Financing Contingency

(a) LANDLORD LEASES AND TENANT TAKES THE LEASED PREMISES AS IS, WHERE IS, AND WITH ALL FAULTS. TENANT ACKNOWLEDGES THAT LANDLORD HAS NOT MADE AND WILL NOT MAKE, NOR SHALL LANDLORD BE DEEMED TO HAVE MADE, ANY WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, WITH RESPECT TO THE LEASED PREMISES, INCLUDING ANY WARRANTY OR REPRESENTATION AS TO ITS FITNESS FOR ANY PARTICULAR USE OR PURPOSE. TENANT ACKNOWLEDGES THAT THE LEASED PREMISES ARE OF ITS SELECTION AND TO ITS SPECIFICATIONS AND THAT THE LEASED PREMISES HAVE BEEN INSPECTED BY TENANT AND ARE SATISFACTORY TO TENANT. IN THE EVENT OF ANY DEFECT OR DEFICIENCY IN THE LEASED PREMISES OF ANY NATURE, WHETHER LATENT OR PATENT, LANDLORD SHALL NOT HAVE ANY RESPONSIBILITY OR LIABILITY WITH RESPECT THERETO OR FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING STRICT LIABILITY IN TORT). THE PROVISIONS OF THIS SECTION HAVE BEEN NEGOTIATED, AND ARE INTENDED TO BE A COMPLETE EXCLUSION AND NEGATION OF ANY WARRANTIES BY LANDLORD, EXPRESS OR IMPLIED, WITH RESPECT TO THE LEASED PREMISES, ARISING PURSUANT TO ANY LAW NOW OR HEREAFTER IN EFFECT.

(b) Tenant shall, within ninety (90) days after the Effective Date (the "Inspection Period"), review any and all environmental issues related to the development of the Leased Premises. Tenant may, at least fifteen (15) days prior to the end of the Inspection Period, obtain any necessary environmental inspection reports (the "Environmental Reports") relating to the development of the Leased Premises. Tenant agrees to provide Landlord with a copy of the Environmental Reports and with a request that Landlord resolve any environmental issues (the "Environmental Issues") set forth in the Environmental Reports or otherwise known to Tenant (the "Environmental Notice"). At least two (2) business days before the end of the Inspection Period, Landlord shall advise Tenant if Landlord shall resolve the Environmental Issues. In the event that Landlord, in its sole and absolute discretion, decides not to resolve the

Environmental Issues, Tenant may terminate this Lease and any and all other agreements relating to the development of the Leased Premises by providing written notice of such termination to Landlord within three (3) business days after the end of the Inspection Period. Upon a termination of the Lease under this Section 9(b), the Leased Premises shall revert to Landlord.

(c) During the Inspection Period (defined above in Section 9(b)), Tenant shall obtain a title commitment for the issuance of an ALTA Title Insurance Policy insuring its leasehold estate and obtain a survey of the Leased Premises. Tenant shall advise Landlord, during the Inspection Period, of any title or survey matters that, in Tenant's reasonable opinion, are objectionable title matters ("objectionable title matters"). Landlord may, in its sole discretion, take the steps necessary to cause such objectionable title matters to be removed from the title commitment. In the event that Landlord, in its sole and absolute discretion, decides not to resolve the objectionable title matters, Tenant may elect to proceed notwithstanding the objectionable title matters (at which point Tenant shall have no recourse against Landlord in connection with the objectionable title matters), or may terminate this Lease and any and all other agreements relating to the development of the Leased Premises by providing written notice of such termination to Landlord within three (3) business days after the end of the Inspection Period. Any easement known (or which should be known after performing a diligent search) to Tenant at the time of the Effective Date shall not be deemed an objectionable title matter. In addition, any and all easements or encumbrances referenced in Exhibit "D" shall not be deemed objectionable title matters. Upon a termination of the Lease under this Section 9(c), the Leased Premises shall revert to Landlord.

(d) This Lease and the Tenant's obligations (except any obligation specified in Section 4 of this Lease) thereunder shall be expressly contingent on the Tenant's reasonable determination that all zoning, site plan, platting, permits and other governmental approvals (collectively, the "Entitlements") can be secured for the development and construction of the Project. Tenant agrees to adhere to the schedule for development milestones ("Development Schedule") specified in Exhibit "B." No later than seven (7) business days after a development milestone has been missed, Tenant shall inform Landlord of the failure to reach the milestone. In the event that the Tenant reasonably determines, within the twenty four (24) months following the Effective Date (the "Approval Period"), that any of the Entitlements cannot be obtained, Tenant may terminate this Lease and any and all other agreements relating to the development of the Leased Premises by providing written notice of such termination to Landlord within three (3) business days after the end of the Approval Period. Upon a termination of the Lease under this Section 9(d), the Leased Premises shall revert to Landlord.

(e) This Lease and the Tenant's obligations (except any obligation specified in Section 4 of this Lease) thereunder shall be expressly contingent on the Tenant's reasonable determination that it has secured or will be able to secure commitments for the construction financing, which may include HUD loans, bond loans, local and state government loans, grants and all other debt sources, as well as the equity investment necessary to develop and construct the Project (collectively, the "Commitments"). Unless Broward County Housing Finance Authority ("Broward HFA") policy prohibits bond financing in connection with the market rate units, Tenant shall obtain all bond financing through the Broward HFA. In the event that the Tenant reasonably determines, within the twenty four (24) months following the Effective Date

(the "Financing Period"), that the Commitments, or any of them, cannot be obtained, Tenant may terminate this Lease and any and all other agreements relating to the development of the Leased Premises by providing written notice of such termination to Landlord within three (3) business days after the end of the Financing Period. Upon a termination of the Lease under this Section 9(e), the Leased Premises shall revert to Landlord.

10. Access to the Project, Inspection, and Report.

(a) Landlord, or its duly appointed agents, shall have the right, at all reasonable times upon the furnishing of reasonable notice under the circumstances (except in an emergency, when no notice shall be necessary), to enter upon the Leased Premises to examine and inspect the Project. Tenant hereby covenants to execute, acknowledge, and deliver all such further documents and do all such other acts and things necessary to grant Landlord such right of entry.

(b) Tenant shall, on the date the Project receives a certificate of occupancy, and on each yearly anniversary of the date the Project receives a certificate of occupancy, provide Landlord with a report indicating: (i) the length of each lease agreement for each unit at the Project, including the expiration date for each lease agreement, (ii) each unit that has been turned over, including the date that such turnover occurred, (iii) a detailed account of the physical condition of the Project, including any and all significant repairs, maintenance, or replacements that have been performed or must be performed in accordance with this Lease, and (iv) any other information or data requested by the Landlord, so long as such request is received by the Tenant at least sixty (60) days prior to the due date specified under this Section 10(b).

11. Affordability Requirements for Housing Units Offered For Rent, and Report.

(a) Affordable housing residential rental units within the Project (the "Affordable Housing Units") shall be rented solely by one or more natural persons or a family whose total annual adjusted gross household income does not exceed 120 percent (120%) of the median annual adjusted gross income for Broward County, adjusted for family size. Said limits are to be published annually by Broward County or other appropriate governmental entity designated by Broward County. For the purposes of this provision, the term "adjusted gross income" shall mean all wages, assets, regular cash or noncash contributions or gifts from persons outside the household and such other resources and benefits as may be determined to be income by the U.S. Department of Housing and Urban Development ("HUD"), adjusted for family size, less deductions allowable under Section 62 of the Internal Revenue Code ("Code"). For the purposes of this provision, the term "adjusted for family size" means adjusted in a manner which results in an income eligibility level which is lower for households with fewer than four people, or higher for households with more than four people, based upon a formula as established by HUD.

(b) On an annual basis for the duration of this Lease, Tenant shall provide Landlord (i) copies of the income certification reports for renters of Affordable Housing Units that it provides to any federal, state, or local authority having a similar requirement for the set-aside of Affordable Housing Units at restricted rents and (ii) any and all additional information or data relied upon by Tenant in ensuring that all Affordable Housing Units are rented in accordance with the requirements of Section 11(a) above. Such reports ("Income Certification

Reports”) generally contain, but may not be limited to (i) the annual adjusted gross income information for any and all individuals or families renting one of the Affordable Housing Units, and (ii) any and all information or data relied upon by Tenant in ensuring that all Affordable Housing Units are rented in accordance with the requirements of Section 11(a) above. Landlord may also, at any time during the Term, request the Income Certification Reports and Tenant shall provide these reports to Landlord within thirty (30) days after Landlord’s written notice. Landlord may, at any point throughout the Term of this Lease, following three (3) business days’ advance written notice to Tenant, perform any investigation with respect to the Affordable Housing Units to ensure that any and all individuals or families renting one of the Affordable Housing Units meet the income eligibility requirements specified in Section 11(a) above. Tenant agrees to fully cooperate in any investigation undertaken by Landlord, including providing Landlord, within fifteen (15) days of Landlord’s request, any and all information or documentation requested by Landlord related to the annual adjusted gross income of any and all individuals and families renting one of the Affordable Housing Units.

12. Land Use.

(a) Development of Land and Construction of Building.

- 1) The Parties agree, for themselves and their successors and assigns, to devote the Leased Premises and Project to the uses specified in this Lease, and to be bound by and comply with all of the provisions and conditions of this Lease.
- 2) The Parties recognize and acknowledge that the manner in which the Leased Premises and Project is developed, used, and operated is a matter of critical importance to Landlord and to the general welfare of the community. Tenant agrees that at all times during the Term of this Lease, Tenant will use reasonable, good faith efforts to develop, construct, and operate the Project on the Leased Premises in a manner consistent with comparable projects in Broward County, Florida, including any Florida Housing Finance Corporation tax credit project.
- 3) Tenant shall establish such reasonable rules and regulations governing tenants renting the Affordable Housing Units and other residential rental units (the "Space Lessees") as Tenant shall deem necessary or desirable in order to maintain the level of quality and character of operation of the Project and Leased Premises required herein; and Tenant will use reasonable, good faith efforts to enforce such rules and regulations.
- 4) The Parties will reasonably cooperate with each other in effectuating the development of the remainder of the Project and Leased Premises in accordance with the terms of this Lease.
- 5) The Parties recognize and acknowledge that the highest and best use of the Leased Premises may change from time to time during the Term of the Lease, and Tenant may desire to develop or redevelop the Leased Premises or a portion thereof with a project which differs in design, function, or use from the Project contemplated herein. Provided Tenant otherwise complies with the terms of this Lease and obtains Landlord's written approval,

Tenant may develop or redevelop the Leased Premises or a portion thereof with such a project, subject to the Parties' mutual agreement on the terms of modification of this Lease in connection therewith including, but not limited to, a good-faith negotiation of any adjustments to the Annual Base Rent and Net Commercial Cash Flow payments.

(b) Conceptual Design Plans, Landlord Review, and Coordination Process.

Prior to submittal for the building permits for the Project, Tenant shall submit conceptual design plans and layouts ("Plans") to the Director of Landlord's Housing Finance and Community Redevelopment Division ("County Staff") for review and comments. Upon receipt of the Plans, County Staff shall have a minimum of twenty-one (21) calendar days, but not more than forty-five (45) calendar days, to provide written comments to Tenant. County Staff and Tenant shall use commercially reasonable efforts to attempt to resolve any disputes concerning the Plans.

(c) Broward County's Rights as Sovereign.

1) It is expressly understood that notwithstanding any provision of this Lease and Broward County's status as Landlord hereunder:

i. Broward County retains all of its sovereign prerogatives and rights given to a county under Florida laws and shall in no way be estopped from withholding or refusing to issue any approvals of applications for building or zoning; from exercising its planning or regulatory duties and authority; and from requiring development under present or future Applicable Laws, of whatever nature, pertaining to the design, construction and development of the Project provided for in this Lease; and

ii. Broward County shall not by virtue of this Lease be obligated to grant Tenant, the Leased Premises or the Project any approvals of applications for building, zoning, planning or development, under present or future Applicable Laws, of whatever nature, pertaining to the design, construction and development of the Project provided for in this Lease.

13. Insurance.

(a) At all times during the Term of the Lease, Tenant shall, at Tenant's sole cost, obtain and maintain commercial general liability insurance coverage with minimum limits of One Million Dollars (\$1,000,000.00) per occurrence combined single limit for bodily injury and property damage, and Two Million Dollars (\$2,000,000.00) per aggregate, with excess liability "umbrella" coverage in an amount which shall provide, in the aggregate, not less than Four Million Dollars (\$4,000,000.00) of coverage. Such commercial general liability insurance coverage shall insure against the risk of loss resulting from accidents or occurrences on or about the Leased Premises, and in connection with the development, construction, and

operation of the Project and in connection with, or related to this Lease. Tenant shall include, "Broward County" as an additional insured on any such policy or policies. Such commercial general liability insurance coverage shall be obtained from a financially sound insurance company that is rated not less than A-, VII in A M Best's Rating Guide, and authorized to do business in the State. Certificates of Insurance and the additional insured endorsement evidencing such commercial general liability insurance coverage shall be delivered to Landlord upon execution of this Lease and thereafter upon expiration of coverage.

(b) Prior to commencement of construction activities, Tenant shall provide evidence of, "All Risk" Completed Value Form, Builder's Risk insurance coverage ("Builder's Risk coverage"). The Builder's Risk coverage shall remain in force at least until substantial completion of the Project at which time Tenant shall procure property insurance so that there is continuous coverage in force and effect with no lapse. Upon expiration or termination of the Builder's Risk coverage, Tenant shall provide evidence of property insurance together with fire and extended coverage for the full value of the improvements including coverage for wind. Coverage shall be effective no later than the date of expiration of the builder's risk policy, and shall remain in force thereafter throughout the Term of this Lease.

(c) Tenant shall require Tenant's developers, contractors and any subcontractors to provide the minimum insurance designated in Exhibit "E," and to include, "Broward County" as an additional insured on any general liability and excess liability policies. Tenant shall provide evidence of such coverage within five (5) days of a request by Landlord.

(d) If the Leased Premises is located in a federally designated flood plain, a flood insurance policy acceptable to Landlord shall also be delivered to the Landlord, providing coverage in the entirety of the Term for the maximum amount reasonably necessary to insure against the risk of loss from damage to the Project caused by a flood.

(e) Tenant agrees to cooperate with the Landlord in obtaining the benefits of any insurance or other proceeds lawfully or equitably payable to the Landlord in connection with this Lease.

(f) Right to Revise or Reject: Landlord's Risk Management Division reserves the right, but not the obligation, to review and revise any insurance requirements every five (5) years or at the time of any renewal of this Lease or any amendments thereto, including, but not limited to, deductibles, limits, coverages, and endorsements based on insurance market conditions affecting the availability or affordability of coverage; or any changes in the Project, including changes in the scope of work or specifications affecting the applicability of coverage.

14. Performance and Payment Bond: On or before the Commencement Date, Tenant shall obtain from its general contractor a Performance Bond and a separate Payment Bond in favor of the Parties, in accordance with the requirements of this Section.

(a) The Performance Bond and Payment Bond shall be in the amount of One Hundred percent (100%) of the price of the construction contract for the Project, guaranteeing the Parties the agreed upon performance and completion of the work covered in such contract, as well as full and complete payment of all suppliers, material persons, laborers, or

subcontractors employed by the general contractor to perform work with respect to the Project. The Performance Bond and Payment Bond shall be executed by a surety company satisfying the requirements of subsection (c), below.

(b) The Performance Bond and Payment Bond shall remain in force for one (1) year after final completion of the construction work, with liability equal to One Hundred percent (100%) of the construction contract price. Tenant shall require and ensure that its general contractor maintain the Performance Bond and Payment Bond throughout the course of the construction phase of the work, and for one (1) year following the final completion and acceptance by the Landlord of the construction work for the Project.

(c) The Performance Bond and Payment Bond must be executed by a surety company of recognized standing that is authorized to do business in the State as a surety, has a resident agent in the State, and has been in business with a record of successful continuous operation for at least five (5) years. The surety company shall hold a current Certificate of Authority as an acceptable surety on federal bonds in accordance with United States Department of Treasury Circular 570, Current Revisions. If the required bonding amount exceeds the underwriting limitation set forth in such circular, in order to qualify as a satisfactory surety, the net retention of the surety company shall not exceed the underwriting limitation in the circular, and the excess risks must be protected by coinsurance, reinsurance, or other methods in accordance with Treasury Circular 297, Revised (31 CFR Section 223.10, Section 223.11). Further, the surety company shall provide the Parties with evidence satisfactory to each party, that such excess risk has been protected in an acceptable manner.

(d) The Performance Bond and Payment Bond shall be in substantially the form approved by Tenant and Landlord's Office of the County Attorney, which approval shall not be unreasonably withheld or conditioned. Upon Tenant's request, Landlord shall provide Tenant with a copy of Landlord-approved bond forms.

(e) Tenant, at Tenant's sole cost, shall record the executed Performance and Payment Bonds as an exhibit to the Project's Notice of Commencement in the official public records of Broward County, Florida within seven (7) days of the execution of such Bonds.

15. Taxes. Tenant shall be liable for the payment of all real estate taxes, special assessments, personal property taxes, and stormwater, fire rescue and fire inspection fees, and any other taxes, levies or impositions charged by an appropriate taxing authority with respect to the Leased Premises and the Project. If the State or any other political subdivision assesses or levies a tax against Landlord on the Annual Base Rent or any Additional Rent payable under this Lease, Tenant shall pay and discharge such taxes levied against Landlord if Landlord is not exempt from such tax.

16. Utilities. Tenant shall pay all utilities used, provided, or supplied upon or in connection with the development, construction, and operation of the Project including, but not limited to, all charges for gas, electricity, telephone and other communications services, water and sewer service charges, and all sanitation fees or charges levied or charged against the Leased Premises during the Term.

17. Landlord's Right to Verify and Audit Information Submitted. During the Term of this Lease, and for a period of five (5) years following the expiration or termination of this Lease, Landlord may, during normal business hours and upon not less than 48 hours' written notice to Tenant, audit, inspect, take extracts from and make copies of Tenant's (or, if applicable, sublessee's) books and records pertaining to the Project and Leased Premises. If Landlord's audit shall disclose that an amount is due to Landlord in excess of the amount Tenant (or any sublessee) had previously or should have paid to Landlord for such Lease Year, then such amount shall be paid by Tenant (or any sublessee) to Landlord within twenty (20) days after receipt by Tenant (or any sublessee) of a written notice from Landlord setting forth the amount due and the calculations used in making the determination. If the amount due Landlord under the preceding sentence (excluding any late charge) exceeds the amount Tenant (or any sublessee) had previously or should have paid to Landlord for such Lease Year by five percent (5%) or more, the cost of such audit shall be at Tenant's (or any sublessee's) expense. If Landlord's audit shall disclose that Landlord has been overpaid for such Lease Year, Landlord shall credit such overpayment less any audit expenses for such Lease Year to the next payment or payments required to be paid by Tenant under the terms of this Lease. All of Tenant's (or any sublessee's) books and records pertaining to the Project and the Leased Premises shall be maintained and kept in Broward County, Florida, for a period of five (5) years after the expiration or termination of this Lease, unless Landlord, in its sole discretion, consents in writing to a change.

18. Assignment of Lease by Tenant. Tenant has no right, without the prior written consent from Landlord, to assign, convey, or transfer any legal or beneficial interest in the Lease, the Leased Premises, the Project, or Tenant's estate hereunder. Landlord agrees to cooperate with Tenant in the granting of any utility easements that are reasonably necessary for Tenant to operate the Project, and shall provide its consent or any required joinders as soon as reasonably practicable.

19. Subleases. Tenant shall have the right to enter into one or more subleases of the commercial component of the Project with the Landlord's prior written consent, which consent shall not be unreasonably withheld. Notwithstanding any other provisions of this Lease or any sublease, no sublease shall extend beyond the Term of this Lease or relieve Tenant of any obligations under this Lease. Within seven (7) days after the execution of any sublease, Tenant shall provide written notice to Landlord specifying the name of the sublessee, the sublessee's address to which all notices required by this Lease shall be sent, and a copy of the sublease.

20. Right to Encumber the Project.

(a) Right to Encumber. Tenant shall not mortgage or encumber its leasehold interest without the prior written consent of Landlord (which written consent may not be unreasonably withheld, conditioned, or delayed), acting by and through its County Administrator or duly authorized designee. Such mortgages or encumbrances shall be expressly subject to the terms, covenants and conditions of this Lease, and at all times shall be inferior and subject to the prior right, title and interest of Landlord herein as security for the performance of the terms and conditions of this Lease. Landlord shall reasonably consider such amendments to this Lease as may be reasonably requested by any leasehold mortgagee to which Landlord has consented, provided that such amendments do not increase, or in the sole opinion of the Landlord, unreasonably alter the obligations of Landlord under this Lease, and that Landlord's fee estate shall not be subject to such leasehold mortgage. No mortgage

under this Lease shall be binding upon Landlord in the enforcement of Landlord's rights under this Lease. The granting of a mortgage against all or part of the leasehold estate in the Leased Premises shall not operate to make the lender thereunder liable for performance of any of the covenants or obligations of Tenant under this Lease. Under no circumstances shall there be any title exceptions relating to the Project upon the expiration of the Term of this Lease except for such title exceptions that were set forth in any title policy issued relating to the initial financing of the Project.

(b) Notice to Landlord of Mortgage. A notice of each mortgage shall be delivered to Landlord specifying the name and address of such mortgagee to which notices shall be sent. Landlord shall be furnished a copy of each recorded mortgage or encumbrance. For the benefit of any such mortgagee who shall have become entitled to notice as hereinafter provided in this Section, Tenant agrees, subject to all the terms of this Lease, not to voluntarily surrender or voluntarily terminate this Lease at any time while such mortgages shall remain a lien on Tenant's leasehold estate.

(c) Notices to Mortgagees. No notice of default or notice of failure to cure a default shall be deemed to have been given by Landlord to Tenant unless and until a copy has been given to each mortgagee who shall have been identified pursuant to Section 20(b) prior to Landlord's issuance of such notice. Landlord agrees to accept performance and compliance (only if such performance and compliance is timely, or if there is no deadline imposed under this Lease, only if such performance is reasonably and expeditiously carried out) by any such mortgagee of and with any of the terms of this Lease with the same force and effect as though kept, observed or performed by Tenant. Nothing contained herein shall be construed as imposing any obligation upon any such mortgagee to so perform or comply on behalf of Tenant.

(d) New Mortgagee Lease After Default of Tenant.

(i) If, within thirty (30) days after the mailing of any notice of termination or such later date as is thirty (30) days following the expiration of the cure period, if any, afforded Tenant (the "Mortgagee Cure Period"), any mortgagee shall pay, or arrange to the satisfaction of Landlord for the payment of, a sum of money equal to any and all rents or other payments due and payable by Tenant hereunder and any and all expenses, costs, and fees, including reasonable attorneys' fees, incurred by Landlord in preparation for terminating this Lease, in acquiring possession of the Leased Premises, and incident to the preparation, printing, execution, delivery and recording of such new lease, then, upon the written request of such mortgagee made any time prior to the expiration of the Mortgagee Cure Period, Landlord and the party making such request shall, within thirty (30) days after such request, execute a new lease of the Leased Premises for the remainder of the term of this Lease and on the same terms and conditions, and with the same priority over any encumbrances created at any time by Landlord, its successors and assigns which Tenant has or had by virtue of this Lease; provided, however, that in addition to the above payments such mortgagee shall have paid to Landlord a sum of money equal to

the rents and other payments for such portion of the Leased Premises accruing from the date of such termination to the date of the commencement of the term of such new Lease, together with all expenses, including reasonable attorneys' fees, incident to the preparation, printing, execution, delivery and recording of such new lease. Such priority shall exist by virtue of the notice created by this Lease to any transferee of Landlord or person receiving an encumbrance from Landlord, and the priority shall be self-operative and shall not require any future act by Landlord. Tenant under any such new lease shall have the same right, title and interest in and to and all obligations accruing thereafter under this Lease with respect to the applicable portion of the Leased Premises as Tenant has under this Lease.

(ii) If, within the Mortgage Cure Period, more than one (1) request for a new lease shall have been received by Landlord for the Leased Premises, priority shall be given (regardless of the order in which such requests shall be made or received) to the mortgagees making such a request in order of their priority of interest in the Leased Premises.

(iii) Except as expressly stated herein, Landlord shall have no obligation to deliver physical possession of the Leased Premises to any mortgagee. Landlord agrees, however, at the cost and expense of any mortgagee that enters into a new lease with Landlord pursuant to the terms of this Lease, to cooperate in the prosecution of judicial proceedings to evict the then defaulting Tenant.

(iv) The provisions of this Section 20(d) shall survive any termination of this Lease.

(e) Leasehold in Reversion and Assignment in Lieu of Foreclosure. Tenant's right to mortgage and otherwise encumber this Lease and the leasehold estate in whole or in part shall include the right to require a lease in reversion which lease in reversion shall become effective upon the termination of this Lease, and shall have the same terms and provisions, including expiration date, as this Lease. The mortgagee shall have the unrestricted right to take this Lease by lease in reversion or by assignment in lieu of foreclosure and to sell it either after foreclosure or after taking the assignment or becoming tenant under the lease in reversion all without the consent of Landlord. The mortgagee shall not be liable for Tenant's obligations hereunder until such a time as it becomes the new tenant, either by lease in reversion, foreclosure or assignment and then only for the period of its ownership or possession of the leasehold estate.

21. Tenant's Investor Member. On or about the Commencement Date, the Tenant's equity investor (the "Investor") will be admitted as a member of the Tenant.

(a) Notwithstanding anything to the contrary contained in the Lease, Landlord shall not exercise any of its remedies hereunder without having given notice of the Event of Default or other breach or default to the Investor (following the admission of the Investor) simultaneously with the giving of notice to Tenant. The Investor shall have the same cure period after the giving of a notice as provided to Tenant, plus an additional period of thirty

(30) days. If the Investor elects to cure the Event of Default or other breach or default, Landlord agrees to accept such performance as though the same had been done or performed by Tenant.

(b) Investor. Notwithstanding anything to the contrary contained in the Lease, following the admission of the Investor, the Investor shall be deemed a third-party beneficiary of the provisions of this Section for the sole and exclusive purpose of entitling the Investor to exercise its rights to notice and cure, as expressly stated herein. The foregoing right of the Investor to be a third-party beneficiary under the Lease shall be the only right of Investor (express or implied) to be a third-party beneficiary hereunder.

(c) New Member/Manager. Notwithstanding anything to the contrary contained in the Lease, Landlord agrees that it will take no action to effect a termination of the Lease by reason of any Event of Default or any other breach or default without first giving to the Investor reasonable time, not to exceed thirty (30) days, to replace Tenant's manager and/or admit an additional member as manager and cause the new manager to cure the Event of Default or other breach or default; provided, however, that as a condition of such forbearance, Landlord must receive notice from the Investor of the substitution or admission of a new member of Tenant within thirty (30) days following Landlord's notice to Tenant and the Investor of the Event of Default or other breach or default, and Tenant, following such substitution or admission of the general partner, shall thereupon proceed with due diligence to cure such Event of Default or other breach or default as soon as reasonably possible. In no event, however, shall Landlord be required to engage in the forbearance described in this Section for a period longer than three (3) months, regardless of the due diligence of the Investor or the new manager.

(d) During the 15-year tax credit compliance period the Landlord and the Tenant shall not agree between themselves to any material amendment, modification or supplement to this Lease without the prior written consent of the Investor, which consent will not be unreasonably delayed, conditioned or withheld.

22. Assignment of Lease by Landlord. Landlord must provide written notice to Tenant prior to assigning this Lease. Provided that no event of default by Landlord then exists, Tenant hereby agrees to attorn to Landlord's assignee and to continue to comply with all of the obligations, covenants, and conditions of Tenant under this Lease throughout the remainder of the Term of this Lease.

23. Indemnity.

(a) Starting on the Effective Date of this Lease (except for indemnifications relating to environmental matters which shall commence after the end of the Environmental Inspection Period), Tenant agrees to indemnify, defend, and hold harmless Landlord, its officers and employees from and against any and all damages, claims, losses, liabilities, costs, remediation costs and expenses, including but not limited to, reasonable legal, accounting, consulting, engineering and other fees and expenses, which may be asserted against, imposed

upon or incurred by Landlord, its officers, employees, successors, and assigns, by any person or entity, caused by Tenant's development, construction, or operation of the Project, including liability arising out of or in connection with any and all federal, state, and local Environmental Laws (as defined hereafter), or by the negligence, recklessness, or intentional misconduct of Tenant or Tenant's employees, officer, agents, or other persons utilized by Tenant in the performance of this Lease. The indemnifications set forth in this Section 23(a) shall survive the termination or expiration of this Lease.

(b) For the purpose of this Lease, the term "Environmental Laws" as used herein means all federal, state or commonwealth, and local laws, regulations, statutes, codes, rules, resolutions, directives, orders, executive orders, consent orders, guidance from regulatory agencies, policy statements, judicial decrees, standards, permits, licenses, and ordinances, or any judicial or administrative interpretation of, any of the foregoing, pertaining to the protection of land, water, air, health, safety, or the environment, whether now or in the future enacted, promulgated or issued, including, but not limited to, the following: Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq.; Clean Air Act, 42 U.S.C. § 741 et seq.; The Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. § 9601 et seq., as amended by the Superfund Amendment and Reauthorization Act of 1986; The Toxic Substances Control Act, 15 U.S.C. § 2601 et seq.; The Occupational Safety and Health Act, 29 U.S.C. § 651 et seq.; The Safe Drinking Water Act, 42 U.S.C. § 300(f) et seq.; The Clean Water Act, 33 U.S.C. § 1317 et seq.; The Federal Insecticide Fungicide and Rodenticide Act, 7 U.S.C. § 136 et seq.; The Hazardous Materials Transportation Act; The Marine Protection, Research and Sanctuaries Act; and the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6991-6991i; and each as further amended from time to time and all regulations promulgated thereunder.

24. Eminent Domain. In the event of condemnation or taking by a governmental authority or entity having the power of eminent domain, the Parties agree as follows:

(a) Total Taking. The Term of this Lease shall be terminated if the entire Project is taken by the exercise of the power of eminent domain or, in the event of a partial taking, the remaining portion of the Leased Premises is rendered unusable for Tenant's use or occupancy as the result of such partial taking. Upon such termination of the Lease Term, the Parties shall be released from their respective obligations under this Lease effective on the date title to the property is transferred to the condemning authority.

(b) Partial Taking. The Term of this Lease shall continue in effect if, in the event of a partial taking, the remaining portion of the Leased Premises remains reasonably tenantable in the Parties' opinion.

(c) Award. If there is a taking, whether whole or partial, Landlord shall be entitled to receive and retain the condemnation award with regard to the Landlord's fee and any value placed on the Landlord's interest as fee owner under this Lease. Any award to the Tenant based on the value of the Tenant's leasehold estate shall be paid to Tenant.

25. Default by Tenant. The following shall constitute an "Event of Default" hereunder:

(a) Failure of Tenant to pay any Annual Base Rent, Additional Rent, or charge due hereunder and such default continues for ten (10) days after written notice from Landlord; or

(b) Failure of Tenant to comply with the material terms, conditions, or covenants of this Lease and such default continues for a period of thirty (30) days after written notice from Landlord, or such additional time as may be reasonably required if the cure cannot be completed within thirty (30) days but is timely commenced and is diligently prosecuted; or

(c) This Lease or the Leased Premises, or any part thereof, are taken upon execution or by other process of law directed against Tenant, or are taken upon or subjected to any attachment by any creditor of Tenant or claimant against Tenant, and such attachment is not discharged within 90 days after its levy; or

(d) Tenant fails to pay the Tenant's debts as the same shall mature; or

(e) Tenant files a voluntary petition in bankruptcy or a voluntary petition seeking reorganization or to effect a plan or an arrangement with or for the benefit of Tenant's creditors; or

(f) Tenant is adjudged bankrupt or insolvent, or any order for relief in a bankruptcy or insolvency proceeding is entered against Tenant; or

(g) Tenant files an answer or other document admitting, or failing to contest, the material allegations of an involuntary petition for bankruptcy filed against Tenant; or

(h) Tenant applies for or consents to the appointment of a receiver, trustee, or conservator for any portion of Tenant's properties or such appointment shall be made without Tenant's consent and shall not be removed within 90 days; or

(i) Abandonment or vacation of any portion of the Project or the Leased Premises by Tenant for a period of more than ten (10) consecutive calendar days, unless such action is in connection with the abandonment or vacation of a street, easement, or public right of way necessary to develop the Project; or

(j) In the event that the Leased Premises or the Project is not used principally for the purposes permitted herein, Landlord may give Tenant notice thereof, by certified U.S. Mail, and if Tenant shall fail to remedy such default within (30) days after receipt of such notice, or if such default is of a nature that it cannot be cured within thirty (30) days, Landlord shall have the right to institute proceedings for the recovery of possession of the Leased Premises and Project.

26. Remedies. If Tenant fails to cure an Event of Default within the time provided therefor, Landlord shall have the right to terminate this Lease by sending written notice specifying the date on which the Lease shall terminate ("Termination Date"). Upon the Termination Date, all of Tenant's rights under this Lease, including Tenant's right to possession of the Leased Premises and Project, will cease and the leasehold conveyed by this Lease shall revert in Landlord. If this Lease is terminated as a result of an Event of Default, all work product related or connected with the Project shall become the exclusive property of the Landlord, including but not limited to, all surveys, reports,

plans, blueprints, design documents, engineering documents, maintenance and repair documents, studies.

27. No Subordination or Mortgaging of Landlord's Fee Title. There shall be no subordination of Landlord's fee simple interest in the Leased Premises to the lien of any leasehold mortgage or subleasehold mortgage financing, nor shall Landlord be required to join in such mortgage financing. No leasehold mortgagee or subleasehold mortgagee may impose any lien upon the Landlord's fee simple interest in the Leased Premises.

28. Quiet Possession. Tenant shall and may peaceably and quietly have, hold, and enjoy the Leased Premises during the Term hereof, provided that Tenant pays the rent and performs all the covenants and conditions of this Lease that Tenant is required to perform; and Landlord warrants that it has full right and sufficient title to lease the Leased Premises to Tenant for the Term herein stated.

29. Compliance with Laws.

(a) Tenant agrees to comply with all laws, ordinances, and regulations now in effect or enacted hereafter related to the use or occupancy of all or any part of the Leased Premises and Project at all times during the Term of this Lease, at its own expense, in connection with any use Tenant may make of the Leased Premises and the Project.

(b) Tenant shall obtain all necessary licenses, permits, and inspections necessary to operate the Project on the Leased Premises at its own expense. Landlord shall cooperate with Tenant to help Tenant obtain all necessary licenses, permits, and inspections required to operate the Project on the Leased Premises, provided that the costs of obtaining such licenses, permits and inspection shall be paid by Tenant.

30. Mechanic's Liens.

(a) At all times during the Term of this Lease, Tenant agrees to keep the Leased Premises and the Project free of mechanic's liens, materialmen's liens, and other similar types of liens; and Tenant agrees to indemnify, defend, and hold Landlord harmless from and against any and all claims and expenses related thereto, including all attorney's fees and other costs and expenses incurred by Landlord, on account of any such claim or lien.

(b) Within ten (10) business days of Landlord delivering notice to Tenant that a lien has been filed against the Leased Premises on account of labor or material furnished in connection with Tenant's development of the Leased Premises, Tenant shall either (i) discharge the lien filed against the Leased Premises, or (ii) post a bond with the Clerk of Court of the Seventeenth Judicial Circuit of Broward County, Florida ("Clerk of Court"), with instructions to apply the sum towards payment of the lien if it is upheld upon final judgement or return the bond to Tenant if the lien is discharged. Landlord may discharge the lien by paying the amount of the claim due or posting a bond with the Clerk of Court if Tenant fails to do so within the time required under this Lease. Tenant shall, immediately upon demand, reimburse Landlord the costs incurred to pay or have the lien discharged. Such amounts due from Tenant shall be charged as Additional Rent under the terms of this Lease.

32. Waiver. The rights and remedies of Landlord under this Lease, as well as those provided or accorded by law, shall be cumulative, and none shall be exclusive of any other rights or remedies hereunder or allowed by law. No waiver by Landlord of any violation or breach of any of the terms, provisions, or covenants of this Lease shall be deemed or construed to constitute a waiver of any other violation or breach of any of the terms, provisions, or covenants herein contained. Forbearance by Landlord to enforce one or more of the remedies provided herein upon an Event of Default shall not be deemed or construed to constitute a waiver of such default. Acceptance of any installment of rent by Landlord subsequent to the date it is due shall not alter or affect the covenant and obligation of Tenant to pay subsequent installments of rent promptly upon the due date thereof.

33. Applicable Law, Venue, and Waiver of Jury Trial. This Lease shall be construed under the laws of the State and shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. Any controversies or legal problems arising out of this Lease, and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State courts of the Seventeenth Judicial Circuit of Broward County, Florida, the venue situs, and shall be governed by the laws of the State. **BY ENTERING INTO THIS AGREEMENT, TENANT AND LANDLORD HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A JURY OF ANY CIVIL LITIGATION RELATED TO, OR ARISING OUT OF, THE PROJECT OR THIS LEASE. IF A PARTY FAILS TO WITHDRAW A REQUEST FOR A JURY TRIAL IN A LAWSUIT ARISING OUT OF THIS LEASE AFTER WRITTEN NOTICE BY THE OTHER PARTY OF VIOLATION OF THIS SECTION, THE PARTY MAKING THE REQUEST FOR JURY TRIAL SHALL BE LIABLE FOR THE REASONABLE ATTORNEYS' FEES AND COSTS OF THE OTHER PARTY IN CONTESTING THE REQUEST FOR JURY TRIAL, AND SUCH AMOUNTS SHALL BE AWARDED BY THE COURT IN ADJUDICATING THE MOTION.**

34. Interpretation.

(a) The words "Landlord" and "Tenant" as used herein, shall include, apply to, bind and benefit, as the context permits or requires, the Parties executing this Lease and their respective successors and assigns.

(b) Wherever the context permits or requires, words of any gender used in this Lease shall be construed to include any other gender, and words in the singular numbers shall be construed to include the plural.

35. Captions. The headings and captions contained in this Lease are inserted only as a matter of convenience and in no way define, limit, or describe the scope or intent of this Lease nor any provision contained herein.

36. Care of the Project. Tenant shall take good care of the Project and prevent waste. All damage or injury to the Leased Premises or the Project shall be promptly repaired by Tenant at its expense throughout the Term of this Lease.

37. Repairs, Replacement, and Maintenance of the Project and Leased Premises; Taxes. Throughout the Term of this Lease, Tenant, at its sole cost and expense, shall keep the Project and Leased Premises in good order and condition, and make all necessary repairs thereto. The term "repairs" shall include all replacements, renewals, alterations, additions, and betterments deemed necessary by Tenant, and shall include capital expenses. All repairs made by Tenant shall be at least substantially similar in quality and class to the original work, ordinary wear and tear excepted. Tenant shall keep and maintain all portions of the Project and Leased Premises, including landscaping, in a clean and orderly condition, reasonably free of dirt, rubbish, graffiti, and unlawful obstructions. Tenant shall be solely responsible for any impact fees, taxes, or assessments that result from the development, construction, or operation of the Project.

38. Net Lease. This is a "Net Lease" and Landlord shall have no obligation to provide any services, perform any acts, or pay any expenses, charges, obligations, or costs of any kind related to the construction, development, or operation of the Project on the Leased Premises, and Tenant hereby agrees, throughout the entirety of the Lease Term (and any extensions thereof), to pay One Hundred percent (100%) of any and all Operating Expenses as well as all property related expenses, including capital repair expenses, whether or not such property related expenses are Operating Expenses. If Landlord elects to take possession of the Project after an Event of Default under this Lease and Landlord or its agent operates and manages the Project, any and all Operating Expenses incurred in excess of rents generated by the Project shall be paid by Tenant within twenty (20) calendar days after receipt of a demand by Landlord. It is specifically understood and agreed that Landlord shall have no obligation to expend any monies with regard to the Project during the Term of this Lease or any extensions thereof.

39. Damage by Casualty. Tenant shall rebuild the Project or any part thereof if damaged or destroyed by casualty, subject to the rights of any mortgage lien holders.

40. Alterations or Changes. After construction of the Project, Tenant shall have the right to make such physical changes to the Project deemed reasonably necessary or desirable by Tenant, provided that any change that requires the issuance of a building permit or the modification of an

existing permit is a material change requiring Landlord's written approval, which shall not be unreasonably withheld.

41. Holding Over. If Tenant retains possession of the Project after termination or expiration of this Lease, Tenant agrees to pay an Annual Base Rent in an amount equal to one and one-half times the rent in effect at the time this Lease expired or terminated. Landlord's acceptance of rent shall not be considered a renewal of this Lease, and Tenant's tenancy shall be on a month-to-month basis, terminable by either party giving the other one month's written notice thereof.

42. Modification of Lease. Except as otherwise set forth herein, this Lease may not be modified, altered, or changed in any manner other than by a written agreement between and executed by the Parties. The Parties may amend this Lease to add customary provisions requested by Tenant's lenders or equity investors which would not conflict with or violate any Applicable Laws, or impair or lessen Landlord's rights under this Lease.

43. Partial Invalidity. If any part of this Lease is invalid or unenforceable, the remainder of this Lease shall not be affected thereby and shall remain in full force and effect.

44. Entire Agreement. This Lease constitutes the entire agreement and supersedes all other prior agreements and understandings, both written and oral, between the Parties with respect to the subject matter hereof.

45. Estoppel. Landlord agrees, upon not less than thirty (30) days' prior written notice by Tenant or by a leasehold mortgagee, to furnish a statement in writing setting forth the rents, payments and other monies then payable under this Lease, if then known; certifying that this Lease is unmodified and in full force and effect (or if there shall have been modifications that the Lease is in full force and effect as modified and stating the modifications) and the dates to which rents, payments and other monies have been paid; stating whether or not to the best of Landlord's knowledge, Tenant is in default in keeping, observing and performing any of the terms of this Lease, and, if Tenant shall be in default, specifying each such default of which Landlord may have knowledge. It is intended that any such statement delivered pursuant to this Section may be relied upon by any prospective assignee, transferee or purchaser of Tenant's interest in this Lease, any leasehold mortgagee or any assignee thereof, but reliance on such certificate may not extend to any default of Tenant as to which Landlord shall have had no actual knowledge.

46. Surrender of Leased Premises and Related Improvements.

(a) Upon the expiration or earlier termination of the Term of this Lease, Tenant, all sublessees, and Space Lessees shall quit and peacefully surrender the Leased Premises, the Project, and any related improvements thereto to Landlord, except as provided under any non-disturbance agreement between Landlord and any sublessees or Space Lessees. The Leased Premises, along with all alterations, additions, and improvements thereto, shall be in good condition and repair, reasonable wear and tear excepted.

(b) Tenant shall surrender possession of the Leased Premises at the expiration of the Term of this Lease or earlier termination of this Lease, along with all alterations, additions, and improvements thereto, in good condition and repair, reasonable wear and tear excepted. Tenant shall remove all its personal property not required to be surrendered to

Landlord from the Leased Premises before surrendering possession of the Leased Premises, and shall repair any damage to the Project caused by the removal of Tenant's personal property. Any personal property remaining in the Project at the expiration of the Lease Term shall become property of Landlord and Landlord shall not have any liability to Tenant therefor under any circumstances. Tenant expressly waives to Landlord the benefit of any statute requiring notice to vacate the Leased Premises at the end of the Term and any other law now in force or hereafter adopted requiring any such notice, and Tenant covenants and agrees to give up quiet and peaceful possession and surrender the Leased Premises together with all the improvements thereon and appurtenances upon expiration of the Term or earlier termination of this Lease without further notice from Landlord. Tenant acknowledges and agrees that upon the expiration or earlier termination of this Lease, any and all rights and interests it may have either at law or in equity to the Leased Premises and improvements shall immediately cease.

(c) Tenant shall indemnify and defend Landlord from and against all losses, claims and liability resulting from Tenant's failure to deliver possession of the Leased Premises upon the expiration of the Term or termination of this Lease including, but not limited to, claims made by a succeeding tenant based on Tenant's delay in delivering possession of the Leased Premises. Tenant's obligation to observe or perform this covenant shall survive the expiration or termination of the Term of this Lease.

47. Exclusion of Excess Development Rights and Air Rights. This Lease specifically excludes the development rights on the Leased Premises in excess of the development rights needed to construct the Project (the "Excess Development Rights") and all air rights surrounding the Project (the "Air Rights") whether above, beneath or surrounding the Project. The Parties recognize and acknowledge that the manner in which the Leased Premises is developed, used, and operated is a matter of critical importance to Landlord. Tenant will use reasonable, good faith efforts to preserve Landlord's future development rights and create the Project with the quality of character and operation consistent with the intent of the Regional Activity Center – Urban Village zoning district. However, Landlord shall not be permitted to use such Excess Development Rights and Air Rights in a manner that unreasonably interferes with the construction or normal operation of the Project. The Parties recognize and acknowledge that additional development may be possible on the site in addition to the Project, and that Landlord may not be hindered or restrained from being able to develop the remainder of the site to the extent such opportunities are available to Landlord during the Term of this Lease. To the extent that additional development opportunities are identified, the Parties agree to reasonably cooperate with each other in effectuating the development of the remainder of the site.

48. Right of First Refusal. In the event Landlord offers to sell or convey the Excess Development Rights or Air Rights, Tenant shall have a right of first refusal to acquire the Excess Development Rights or Air Rights.

49. Recording. Tenant, at Tenant's sole cost, shall record this Lease in the public records of Broward County, Florida within seven (7) days after the Effective Date.

50. Waiver or Estoppel – Remedies are Cumulative. The failure of Landlord to insist, in any one or more instances, upon strict performance of any covenants or agreements of this Lease, or

exercise any option of Landlord herein contained, shall not be construed as a waiver or relinquishment for the future enforcement of such covenant, agreement or option. Such covenants, agreements, and options shall continue and remain in full force and effect, and Landlord shall have the right to require strict performance or to declare a default at any time and take such action as might be lawful or authorized hereunder, either in law or equity. Receipt of rent or other payments due hereunder by Landlord, with knowledge of the breach of any covenant or agreement hereof, shall not be deemed a waiver of such breach and no waiver by Landlord of any provision hereof shall be deemed to have been made unless expressed in writing and signed by Landlord. Landlord's receipt of less than the full amount due from Tenant shall not be construed to be other than a payment on the account of the amounts then due, nor shall any statement on Tenant's check or letter accompanying Tenant's payment be deemed an accord and satisfaction. Landlord may accept such payment as a partial payment only. Any and all rights and remedies which are available to Landlord and which are either set forth herein or are generally available to Landlord under applicable law are cumulative in nature and none shall exclude any other rights or remedies allowed by law or equity.

51. Reverter. Notwithstanding the foregoing, if the Tenant fails to develop, construct and operate the Project in accordance with the provisions of this Lease, then the Landlord may, at its option, terminate this Lease, at which point the entirety of the Leased Premises, including any and all of the Tenant's rights with respect to the Leased Premises and Project, shall immediately revert to the Landlord. Landlord's rights granted under this Section relating to the Leased Premises shall always be subject and subordinate to and limited by, and shall not defeat, render invalid, impair or limit in any way the lien or property rights of any mortgagee, holders of mortgages, trustees on behalf of bondholders, and any credit enhancers of such bonds, and Landlord shall provide notice and not less than thirty (30) days to cure any such default by Tenant to such mortgage holders, trustees, credit enhancers, and Performance and Payment Bond issuers, if any, as referenced above prior to the exercise of its reversionary interest. This Section does not and will not subordinate the Landlord's fee simple interest in the Leased Premises to any mortgage or lien.

52. Declaration of Restrictive Covenants. Attached hereto, in substantially final form, as Exhibit "F" to this Lease is the Declaration of Restrictive Covenants, which shall be recorded in the public records of Broward County, Florida, by Tenant, at Tenant's sole cost within seven (7) days of the Effective Date.

53. Conflict. In the event of any conflict between the terms of this Lease and the provisions set forth in the Code, the provisions of the Code shall control. This Lease has been a joint effort of the Parties hereto and the resulting provisions herein, solely as a matter of judicial construction, shall not be construed more severely against one of the parties than the other.

54. Time of the Essence. Time is of the essence in the performance of all obligations by Landlord and Tenant under this Lease.

55. Radon Gas. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

56. Dispute Resolution.

(a) To reduce the potential for litigation, the Director of the Broward County Housing Finance and Community Redevelopment Division or his or her designee or successor (the "Contract Administrator") shall decide all questions, claims, difficulties, and disputes of whatever nature which may arise relative to the technical interpretation of this Lease and fulfillment of this Lease as to the character, quality, amount, and value of any work done and materials furnished, and the Contract Administrator's determination shall be final and binding to the extent provided in Section 56(b) herein. Any claim, question, difficulty, or dispute which cannot be resolved by mutual agreement of the Parties shall be submitted to the Contract Administrator in writing within twenty-one (21) calendar days. Unless a different period of time is set forth herein, the Contract Administrator's written determination shall be made within twenty-one (21) calendar days from the date of the submission of the claim, question, difficulty, or dispute, unless the Contract Administrator requires additional time to gather information or allow the Parties to provide additional information. All non-technical administrative disputes shall be determined by the Contract Administrator pursuant to the time periods provided herein. During the pendency of any dispute and after a determination thereof, Tenant, the Contract Administrator, and Landlord shall act in good faith to mitigate any potential damages including utilization of construction schedule changes and alternate means of construction. This Section 56 shall not apply to the Events of Default specified in Section 25(a), (c), (d), (e), (f), (g), and (h) ("Excluded Events of Default") of this Lease. The occurrence of one or more of these Excluded Events of Default shall entitle Landlord to terminate the Lease as specified in Section 26 of this Lease without resort to the dispute resolution process contained herein.

(b) In the event the determination of a dispute under this Section 56 is unacceptable to either party hereto, the party objecting to the determination must notify the other party in writing within ten (10) calendar days of receipt of the written determination. The notice must state the basis of the objection and must be accompanied by a statement of the party's position. Within sixty (60) days after receipt of the notice containing the written objection, the Parties shall participate in mediation in good faith to address all objections to any determinations hereunder and to attempt to prevent litigation. The mediator shall be mutually agreed upon by the Parties hereto and each party shall each pay fifty percent (50%) of any costs relating to the mediation. Should any objection not be resolved in mediation, the Parties retain all their legal rights and remedies provided under State law.

ESCROW AGREEMENT

THIS ESCROW AGREEMENT ("Escrow Agreement") is made and entered into this _____ day of _____, 2017, by and between Broward County, a political subdivision of the State of Florida ("Landlord"), and Related FATVillage, LLC ("Tenant"), and Nabors, Giblin & Nickerson, P.A. ("Escrow Agent").

RECITALS

WHEREAS, Landlord and Tenant have entered into a Ground Lease Agreement ("Ground Lease"), whereby Landlord has agreed to lease to Tenant certain property located at 600 North Andrews Avenue, Fort Lauderdale, Florida ("Leased Premises"), in exchange for Tenant's design, development, construction, and operation of a mixed-use development ("Project") on the Leased Premises; and

WHEREAS, as part of its rent obligations under the Ground Lease, Tenant has agreed to deposit Two Hundred and Seventy-Five Thousand Dollars ("Escrow Amount") in a non-interest bearing escrow account ("Escrow Account"), which amount shall be disbursed pursuant to the terms of this Escrow Agreement; and

WHEREAS, Escrow Agent is willing to accept the Escrow Amount and hold and disburse same in accordance with the terms and conditions set forth below.

NOW, THEREFORE, in consideration of the mutual promises and conditions contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Recitals.** The recitals set forth above are true, accurate, and fully incorporated by reference herein.
2. **Establishment of Escrow.** Tenant hereby deposits with Escrow Agent and Escrow Agent does hereby acknowledge receipt of the Escrow Amount from Tenant pursuant to Section 4(a) of the Ground Lease. Escrow Agent shall, on the date hereof, deposit the Escrow Amount into an Escrow Account with a bank, savings and loan institution, money market account, or other depository reasonably satisfactory to Landlord, Tenant, and Escrow Agent. The Landlord, Tenant, and Escrow Agent hereby agree that the Escrow Agent shall deposit the Escrow Amount into a trust account with Capital City Bank for the purpose of satisfying its obligations set forth in this Section 2.
3. **Disbursement of funds.** Escrow Agent shall retain the Escrow Amount in the Escrow Account, and shall cause the same to be paid in the manner described herein. Tenant shall, not later than five (5) calendar days after the Commencement Date (as defined in the Ground Lease attached hereto as

Exhibit A), provide Escrow Agent with written notice indicating the occurrence of the Commencement Date. Escrow Agent shall, not later than five (5) calendar days after receiving such written notice from Tenant, disburse the entirety of the Escrow Amount by wire transfer to the Landlord at Affordable Housing Program Account No. 182005. In the event the Commencement Date does not occur by December 31, 2019, or such later date as extended by the Landlord and the Tenant in accordance with Section 3 of the Ground Lease ("Extended Date"), both Landlord and Tenant shall, not later than five (5) business days after December 31, 2019 or the Extended Date, provide the Escrow Agent with written notice indicating the nonoccurrence of the Commencement Date, and the Escrow Agent shall, within five (5) calendar days of receiving such written notice from both the Landlord and the Tenant, pay the Tenant the entirety of the Escrow Amount.

If a controversy arises before, during, or after the term of this Escrow Agreement with respect to the Escrow Amount and/or the disbursement thereof, the Escrow Agent may, without liability to the Landlord or the Tenant, do either or both of the following: (a) withhold further performance by it under the escrow instructions set forth in this Escrow Agreement until (i) the controversy is resolved to its reasonable satisfaction, and (ii) Escrow Agent has received joint written notice from the Landlord and the Tenant detailing (1) the resolution of the controversy, and (2) the future steps to be taken by Escrow Agent under this Escrow Agreement, or (b) commence or defend any action or proceeding for or in the nature of interpleader. If a suit or proceeding for or in the nature of interpleader is brought by or against it, the Escrow Agent may deliver the Escrow Amount held by it under this Escrow Agreement into the registry of the court and thereupon will be released and discharged from all further obligations and responsibilities under this Escrow Agreement.

4. **Escrow Agent Costs.** Tenant shall pay the cost of administration of this Escrow Agreement and reimburse Escrow Agent, upon demand, for all costs and expenses that it reasonably incurs in connection with its duties under this Escrow Agreement or in connection with any interpleader or other legal proceeding (including arbitration) arising out of this Escrow Agreement. In addition, Tenant shall indemnify, hold harmless, and (on demand) defend Escrow Agent to the fullest extent permitted by law (including advancement of litigation defense costs of Escrow Agent) from all cost, loss, damage, expense and liability (including legal fees and expenses and amounts paid in settlement) suffered or incurred by it in connection with, or arising out of, its services as Escrow Agent under this Escrow Agreement, including but not limited to, all costs and expenses attributable to a suit or proceeding for or in the nature of interpleader brought by or against Escrow Agent. This Section 4 shall survive (a) the termination of this Escrow Agreement pursuant to the terms hereof, and (b) the substitution of Escrow Agent with another entity as provided in Section 10 hereof.

5. **Termination of Escrow.** Upon Escrow Agent's application and disbursement of the Escrow Amount, the escrow created under this Escrow Agreement will terminate and Escrow Agent shall be released from all further responsibility and liability for the Escrow Amount and under this Escrow Agreement.

DECLARATION OF RESTRICTIVE COVENANTS

This Declaration of Restrictive Covenants (the "Declaration"), made this _____ day of _____, 20____ ("Effective Date"), by BROWARD COUNTY, a political subdivision of the State of Florida, by its Board of County Commissioners, hereinafter referred to as "COUNTY," and Related FATVillage, LLC, a Florida limited liability company, hereinafter referred to as "TENANT."

WHEREAS, COUNTY is the fee title owner of that certain real property legally described in **Exhibit "A,"** attached hereto and incorporated herein (the "Property"); and

WHEREAS, COUNTY entered into a ground lease with TENANT on [enter appropriate date] ("Ground Lease") to construct on the Property a mixed-use development particularly described in the Ground Lease, consisting, in part, of at least one hundred and fifty (150) affordable housing rental units ("Affordable Housing Units") and related amenities and improvements; and

WHEREAS, a condition of COUNTY's Ground Lease with TENANT is that the Property shall be subject to the covenants, restrictions and other requirements set forth herein.

NOW, THEREFORE, in fulfillment of that condition, the Property shall be leased, mortgaged, used, and improved subject to the covenants, restrictions, and requirements described herein, which covenants, restrictions, and requirements run in favor of the COUNTY:

1. The recitals set forth above are true and correct and are incorporated into these restrictive covenants.

2. Restrictive Covenants. The Property shall be subject to the following covenants, restrictions, and requirements, which covenants, restrictions, and requirements shall run with the Property for a period of sixty (60) years, effective and commencing upon the date of the recording of this Declaration:

- (a) As of the effective date of this Declaration, the Property shall be used solely for residential and commercial/retail purposes as outlined in the Ground Lease.
- (b) The Affordable Housing Units shall be leased and occupied solely by persons who, at the time of lease execution, meet the criteria specified in subparagraphs (b)(1) through (5), below ("Affordable Housing Lessees"). "Lease" shall be defined to mean to grant the possession and use of units to another in return for rent or other consideration.

(1) One or more natural persons or a family that is at or below one hundred twenty percent (120%) of the Area Medium Income ("AMI") for Broward County, adjusted for family size. For purposes of this

requirement, AMI is understood to mean the dollar amount where half the population earns less and half earns more.

(2) Affordable Housing Lessees shall have monthly lease payments, including taxes, insurance, and utilities, that do not exceed thirty-five percent (35%) of their monthly adjusted gross income.

(3) Excluding government subsidies, the security deposit, if any, for the lease of the Affordable Housing Units shall not exceed the value of one month's lease payment.

(4) For a term of sixty (60) years after the Effective Date of this Declaration, any subsequent lease of the Affordable Housing Units shall be required to meet the criteria set forth in subsections (1), (2), and (3) above.

(5) For the purposes of this provision, the term "adjusted for family size" means adjusted in a manner which results in an income eligibility level which is lower for households with fewer than four (4) people, or higher for households with more than four (4) people, based upon the applicable formula established by the United States Department of Housing and Urban Development.

(c) Maintenance of Property. TENANT agrees to maintain the Property and the exterior of the Affordable Housing Units constructed thereon in good repair, including but not limited to, painting, landscaping, and lawn maintenance, as necessary. TENANT shall maintain the Property and the Affordable Housing Units built thereon in accordance with the Ground Lease, and all applicable laws, regulations, and ordinances. If any action or proceeding is commenced which materially affects the COUNTY's interests in the Property, including but not limited to, eminent domain, insolvency, code enforcement, or arrangements or proceedings involving a bankruptcy, COUNTY may, at COUNTY's option and upon notice to TENANT, make such appearances and take such action as is necessary to protect COUNTY's interests.

3. For the purposes of this instrument, the Property, Affordable Housing Units, and all portions thereof shall be the servient tenement and the COUNTY shall be the dominant tenement.

4. When used herein, the term "COUNTY" shall mean Broward County, Florida, its successors, and assigns. The term "TENANT" shall mean Related FATVillage, LLC, or any other persons or legal entities holding leasehold interests of record to the Property or any portion of the Property. Wherever used herein the terms "TENANT" and "COUNTY" shall include their heirs, personal representatives, successors, agents, and assigns.

5. COUNTY is the beneficiary of these covenants and restrictions, and, as such, COUNTY may enforce these covenants and restrictions by action at law or in equity, including without limitation, a decree of specific performance or mandatory or prohibitory injunction, against any person or persons, entity or entities, violating, or attempting to violate the terms of these covenants and restrictions.

6. Any failure of COUNTY to enforce these restrictive covenants shall not be deemed a waiver of the right to do so thereafter. No waiver, modification, or termination of this instrument shall be effective unless contained in a written document executed by COUNTY. Any waiver shall only be applicable to the specific instance to which it relates and shall not be deemed to be a continuing or future waiver. If any covenant, restriction, condition, or provision contained in this document is held to be invalid by any court of competent jurisdiction, such invalidity shall not affect the validity of any other covenant, restriction, condition, or provision herein contained, all of which shall remain in full force and effect. This document shall be construed in accordance with the laws of Florida and venue shall be in Broward County, Florida.

7. This Declaration shall be recorded by TENANT in the Public Records of Broward County, Florida, and shall become effective upon recordation.

Case Number: UDP-S21013

CASE COMMENTS:

Please provide a response to the following:

1. At the request of the Mayor to have flowering trees of a mono species along streets where it is possible. The Department is looking to have *Peltophorum pterocarpum* worked into NE 1st AVE. The neighboring project to the north "Village View" has provided the flowering trees into their streetscape and the Department is asking for this project to provide as well.
2. As to proper horizontal distance from TREES to existing or proposed STORM pipes and exfiltration trenches, PW STW OPS standard review note states as follows:

"The edge of any City's existing storm-water assets (pipes, exfiltration trenches, structures, or other) shall be located at 5' minimum (7' preferred) horizontal clearance from any proposed tree's root system and with appropriate root barriers per City's landscaping regulations. " Proposed underground exfiltration utility along NE 1st AVE is in conflict with required streetscape. Please redesign and show on Landscape plan the underground utility as to accommodate the streetscape.
3. Section 47-13.20.H. refers to providing horizontal clearances for shade tree street trees. Along NE 6th Street please provide additional area between the trunk of the tree to the structure as to provide horizontal clearance required for shade tree street trees.
4. Please verify sidewalk widths as to the Downtown Master Design Guidelines for along Andrews AVE (10 feet) and Local Streets (7 feet). Measured sidewalk widths may not include landscape area of the tree pit.
5. Specifications for a collected specimen Gumbo Limbo has the Department in concern as to the canopy of the tree. Such concerns would be pruning done to a sizable canopy to transport to the site. Please explain how a canopy of this size will be brought in without it being heavily pruned possibly to the point of being a violation of city ordinance of tree abuse.
6. The Department and the city would be grateful if the trees designated as Florida Fancy were installed as such, yet the city ordinance requires the quality of landscape materials to be Florida number 1 or better as the Plant Notes indicate on sheet L-1. For reasons of city staff inspections, please replace wording of Florida Fancy to Florida #1 or better.
7. Please verify requirements of Section 47-19.2.W. Planters.
8. Additional comments may be forthcoming prior to DRC sign off.

GENERAL COMMENTS

The following comments are for informational purposes.

Please consider the following prior to submittal for Building Permit:

1. A separate sub-permit application for Tree Removal, Relocation, and General Landscaping for site is required at time of master permit submittal. These are Landscape and Tree permit application

documents different than the Broward County standard applications. Please not at this time of DRC submittal.

2. Proposed landscaping work in the City's right of way requires engineering permit and approval (Landscape permit). This approval requires documents to be submitted for Engineering review. Note that Landscape will not approve permit review without these Engineering documents being submitted.
3. Provide separate Plumbing sub permit application for irrigation. Irrigation plans are required at time of Building permit submittal. Plans are to be in compliance with ULDR 47-21.6.A.11 and 47-21.10. Note that planting areas are to be irrigated on a separate zone than the turf areas so that once the plants are established, that particular zone can be shut off based on the season. The overall goal is to decrease water use through irrigation. Plant material must be grouped together based on watering needs (hydrozone) and turf areas must be limited and/or consolidated to less than 50% of the landscaped area. Illustrate hydrozones on planting plan and include calculations in table.

1. The City's Transportation & Mobility Department encourages the use of sustainable materials such as permeable pavement and electric car charge stations and installation of multimodal facilities such as bicycle pump stations and bike lockers.
2. Please note that any work within the City's right-of-way will require an MOT approved by Transportation and Mobility and Engineering for permitting. Any full closures of roadways, alleys, or sidewalks that are over 72 hours will require a Revocable License Agreement (RLA) with the City of Fort Lauderdale.

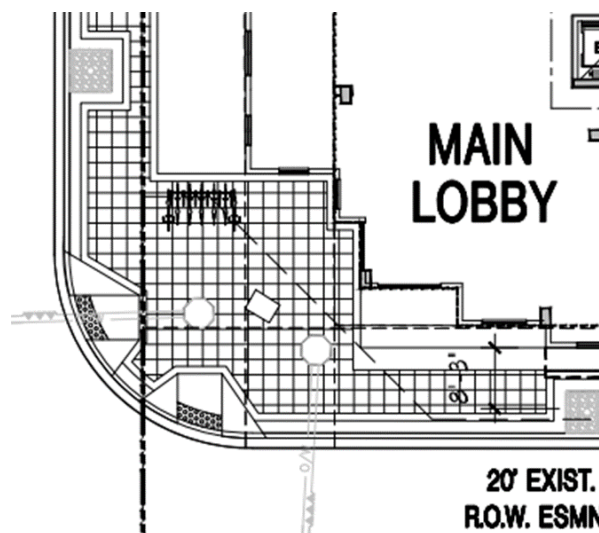

Case Number: UDP-S21013

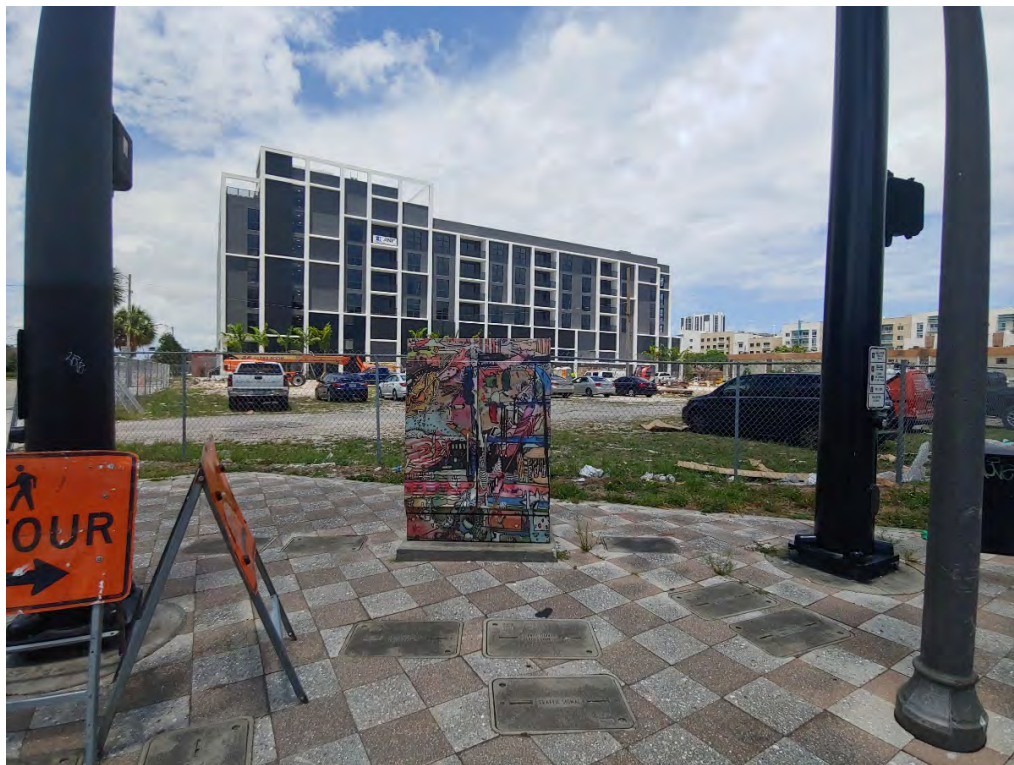

CASE COMMENTS:

Please provide a response to the following:

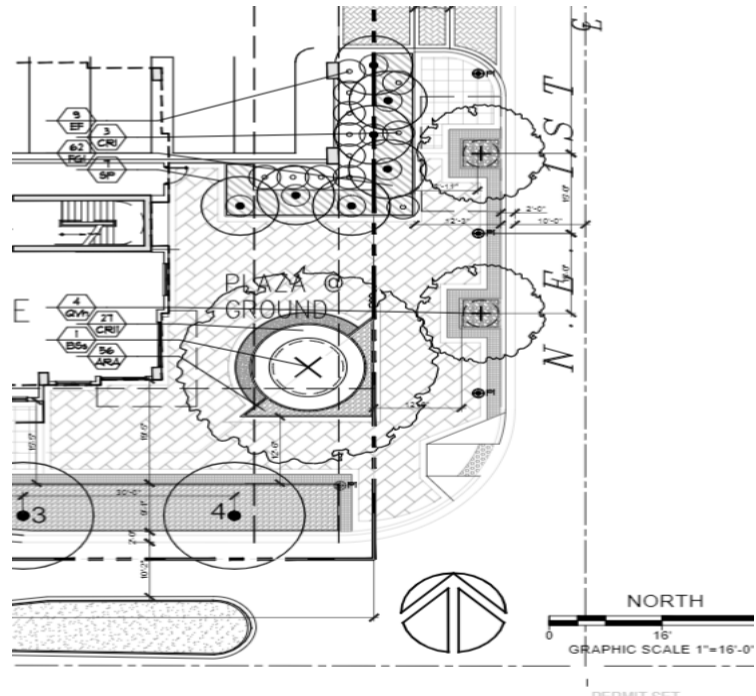

- 1) The applicant is strongly encouraged to contact neighbors adjacent to, as well as condominium and neighborhood associations located within three hundred feet (300') of the development site, to advise of this proposal (a listing of officially-recognized associations is provided on the City's website: www.fortlauderdale.gov/neighbors/civic-associations and a map of neighborhood associations may be found at: <http://gis.fortlauderdale.gov>). Please provide acknowledgement and/or documentation of any public outreach.
- 2) The site is designated Downtown Regional Activity Center (DRAC) on the City's Future Land Use Map. The proposed use is permitted in this designation. This is not a determination on consistency with Comprehensive Plan Goals, Objectives, and Policies.
- 3) Provide a Plat Determination Letter from Broward County Planning Council verifying whether the property needs to be platted or re-platted. If a plat or re-plat is not required, contact the Broward County, Development Management and Environmental Review Section, at (954) 357-8695 to ensure that the proposed project is consistent with the latest recorded plat restriction(s). If a plat note or non-vehicular access line (NVAL) amendment is needed, a separate application is required, which is reviewed administratively.
- 4) Pursuant to ULDR, Section 47-13.20.J, projects in the DRAC are subject to a 30-day request for review period by the City Commission or subject to City Commission approval for projects which deviate from the DRAC requirements. A separate application is required for City Commission and the applicant is responsible for all public notice requirements. Note: The City Clerk's office requires 48 hours' notice prior to a Commission meeting if a computer presentation is planned i.e. Power Point, to be provided on CD or flash drive and a copy submitted to the City Clerk, contact the project planner for more information.
- 5) Provide a Design Review Team Application. DRT application link:
<https://www.fortlauderdale.gov/home/showpublisheddocument/55601/637444092431100000>
- 6) Work with the Engineering Reviewer on the submission of an abstract survey and the inclusion of easements and dedications on all site plans, engineering plans, and landscaping plans.
- 7) The name of the project differs throughout documents and plans, alternating between Flagler Village and Fat Village. Update the title blocks and headings of plans to match the name of the project.
- 8) It is encouraged that a construction staging plan is submitted, which includes anticipated hours of operation on site, debris mitigation plan, and map indicating where crane operations and employee and/or equipment parking and storage will be placed. A revocable license application and a traffic circulation plan may be required if the sidewalk or right-of-way requires to be closed at any time, which should be filed under a separate application and coordinated through the City's Maintenance of Traffic (MOT) process. If a construction staging plan is submitted after DRC Approval, an admin application would be required.
- 9) This project is subject to the requirements of the Downtown RAC Education Mitigation Agreement. The applicant will notify the School Board Superintendent or designee of the proposed project and provide the City with a written response from the School Board prior to final DRC approval. Provide a School Capacity Availability Determination (SCAD) letter that confirms that capacity is available, or if capacity is not available, that mitigation requirements will be satisfied.

- 10) Please provide total park impact fee amount due. Park impact fees are assessed and collected at time of permit per each new hotel room and dwelling unit type. An impact fee calculator can be found at: <http://www.fortlauderdale.gov/departments/sustainable-development/building-services/permit-fees/park-impact-fee-calculator>
- 11) Provide the following changes on the site plans:
- Per Section 47-13.21.- Table of Dimensional Requirements for the RAC District, the Urban Neighborhood Character Area has a maximum floorplate size of 10,000 square feet. The floor plans indicate a floor plate size of 16,365 square feet, 63% over the maximum permitted floor plate size. Reduce floorplate size to meet the requirements and provide a chart showing tower floor plate size per floor.
 - Per Section 47-13.21.- Table of Dimensional Requirements for the RAC District, the Urban Neighborhood Character Area requires a minimum building tower step back of 12 feet. The plans show a step back of 7 feet, 5 feet less than what is required. Update elevations to the required minimum step back. This is especially important along Sistrunk Boulevard to allow more light and air down to the street level due to the narrow nature of this primary pedestrian corridor.
 - The proposed structure is strategically located along North Andrews Boulevard, lending itself to first floor street activation. Approximately, eight percent of first floor square footage is proposed for commercial use, representing a small portion of the structures 655 feet of linear frontage. Consider integrating additional commercial uses along North Andrews Avenue to enhance the pedestrian experience and provide more retail/service opportunities for the surrounding area (flexible space based on market conditions is acceptable).
 - Update the site data table to include the total gross square footage of the building.
 - Provide pedestrian easements along North Andrews Avenue, N.E. 6th Street and N.E. 1st Avenue on portions of the sidewalk located outside of public right-of-way.
 - Elevations indicate a rooftop pool house, while the floor plans only show an outline of a building. Clearly label the pool deck on rooftop plans to show all proposed structures, square footage, mechanical equipment placement and required screening.
 - The signal poles and utility box on the corner of North Andrews Avenue and N.E. 6th Street do not provide a wide enough sidewalk to accommodate a clear pathway for pedestrians and there is a lack of plaza space between the main building lobby and the traffic light poles. Moreover, with the placement of the lobby so close to the poles, the architectural elements of the building's entrance are obstructed. Additional plaza space is recommended to provide adequate space between the traffic light poles, electrical box and main lobby. Consider working with Public Works and Parks and Recreation on changing the location of the light pole to a less obtrusive location.

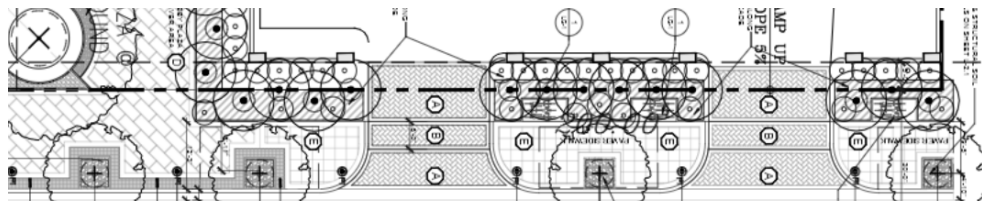

- h. Conflicts between utility boxes on the corner of N.E. 6th Street and N.E. 1st Avenue are affecting the proposed ground plaza and sidewalk clear pathway. The plans state utility boxes will be relocated, but do not specify where. Indicate where the utility boxes are being reallocated, ensuring their new location is less visible from the public right-of-way and outside the sidewalk's clear pathway.

- i. The site plan shows a sidewalk measurement of 8' 8" along North Andrews Avenue, measuring to the centerline for the tree trunk. The intent of the Downtown Masterplan is to provide a 10-foot clear pathway and a 5' - 5" swale for trees, lights, and pedestrian transition. Update plans to meet the requirements of the Master Plan, measuring the sidewalk outside of the tree grate/swale area.
- j. Provide building measurements on floor plans, i.e. building length and width, distance of structure from property lines, etc.
- k. Provide dimensions for all sidewalk and swale widths along N.E. 1st Avenue and N.E. 6th Street. Secondary streets, per the Downtown Master Plan, require a clear 7-foot, unobstructed sidewalk.
- l. Work with Transportation and Mobility on the placement of bike racks within the public right-of-way.
- m. Per Section 47-19.2.W, Planters- "Planters, including the plantings, greater than two and one-half (2½) feet in height shall be required to maintain a minimum average three-foot setback;" and "The linear distance of any one (1) segment of the planter parallel to the property line and closer than three (3) feet from the property line cannot exceed thirty (30) percent of the length of the property line." Update site plans and landscaping plans to meet these requirements and provide measurements on plans.

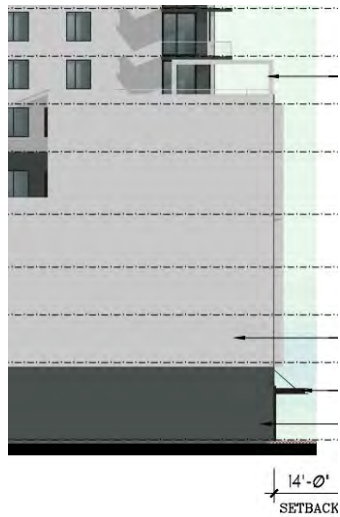

- n. Indicate all adjacent building footprints, indicating their uses and heights, and dimension approximate setbacks.
 - o. Show centerlines of all adjacent ROWs and dimension widths.
 - p. Indicate all utilities (both above and below ground) that would affect the proposed planting or landscape plan. Overhead lines (if any) should be placed underground. If the lines cannot be placed underground, provide documentation from Florida Power & Light Company indicating such.
 - q. Will the curb cut along N.E. 6th Street be removed?
- 12) Provide the following changes on the elevation plans:
- a. Per Section B-5 of the Downtown Master Plan, "L" shaped structures fronting two roadways are highly discouraged. The mass of the proposed structure needs to include horizontal modulation to reduce the buildings scale, through larger recessions with varying depths and widths to create building breaks, along with varying floor and roof elevations.

- b. The corner of North Andrews Avenue and N.E. 6th Street is a highly active intersection, making the architectural significance of the building's corner especially important. As stated in comment 9.i., above, provide additional plaza space to help activate the corner, and provide additional architectural details that create a sense of presence along both corridors.
- c. If parking structure is enclosed, indicate where ventilators will be placed on site plan and elevations. Denote all parking garage openings via shading. Provide detail of garage screening of openings and light fixture shields. Ensure screening adequately blocks out light and noise pollution and incorporates high-quality architectural treatment solution. Townhomes to the east of N.E. Avenue may be affected by the headlights of the parking garage. Provide additional details on the material used for parking garage screening and include the transparency level of the screening.
- d. The north elevation will be abutting the property line of a six-story senior housing development (Village View). Additional architectural details are needed to soften the blank and flat parking garage wall.
- e. Provide spot elevations for rooftop parapet walls and any unscreened mechanical equipment.
- f. With the height of the structure exceeding 130 feet, vertical building modulation should provide more projection or recession between internals to provide more depth and differentiation to break up building massing.
 - i) Provide projection and recession measurements.
- g. Consider providing cornice on building rooftop edge.
- h. Incorporate window trim or similar treatments proportionate to the window size and style. Consider a contrasting color scheme to the base building color.
- i. As stated within the Downtown Design Guidelines, rooftops play a crucial role in ensuring architecturally expressive skylines. Additional architectural elements need to be added to the rooftop mechanical enclosures. Consider modifying the mechanical rooms to look and feel like amenity space. i.e. faux doors, windows, with clerestory windows to break up the large blank walls.
- j. Consider more first floor street activation along Andrews Avenue, though the inclusion of additional first floor commercial space and fenestration.
- k. Integrate high quality materials onto the façade of the parking garage along N.E. 1st Avenue. The use of a mural should complement the architectural design of the building and be further intermixed with other material types.
- l. **The northwest corner units are highly visible from Andrews Avenue, due to the 25' 9"** separation between Village View and the proposed building. Add in additional fenestration to the northwest corner units located on the 2nd floor through the 6th floor.

13) Pursuant to Section 47-22.4.C.8 provide a master sign plan detailing the following:

- a. Location and orientation of all proposed signage;
- b. Dimensions of each proposed sign (height, width, depth, etc.);
- c. Proposed sign copy; and,
- d. Proposed color and materials

Please note any proposed signs will require a separate permit application.

14) The City's Vision is to support sustainable infrastructure. Consider employing green building practices throughout the project such as, but not limited to; charging stations, tank-less water heaters, rain collection systems, pervious pavement where appropriate, bio-swales, Florida Friendly™ plant materials, solar panels and green roofs.

GENERAL COMMENT

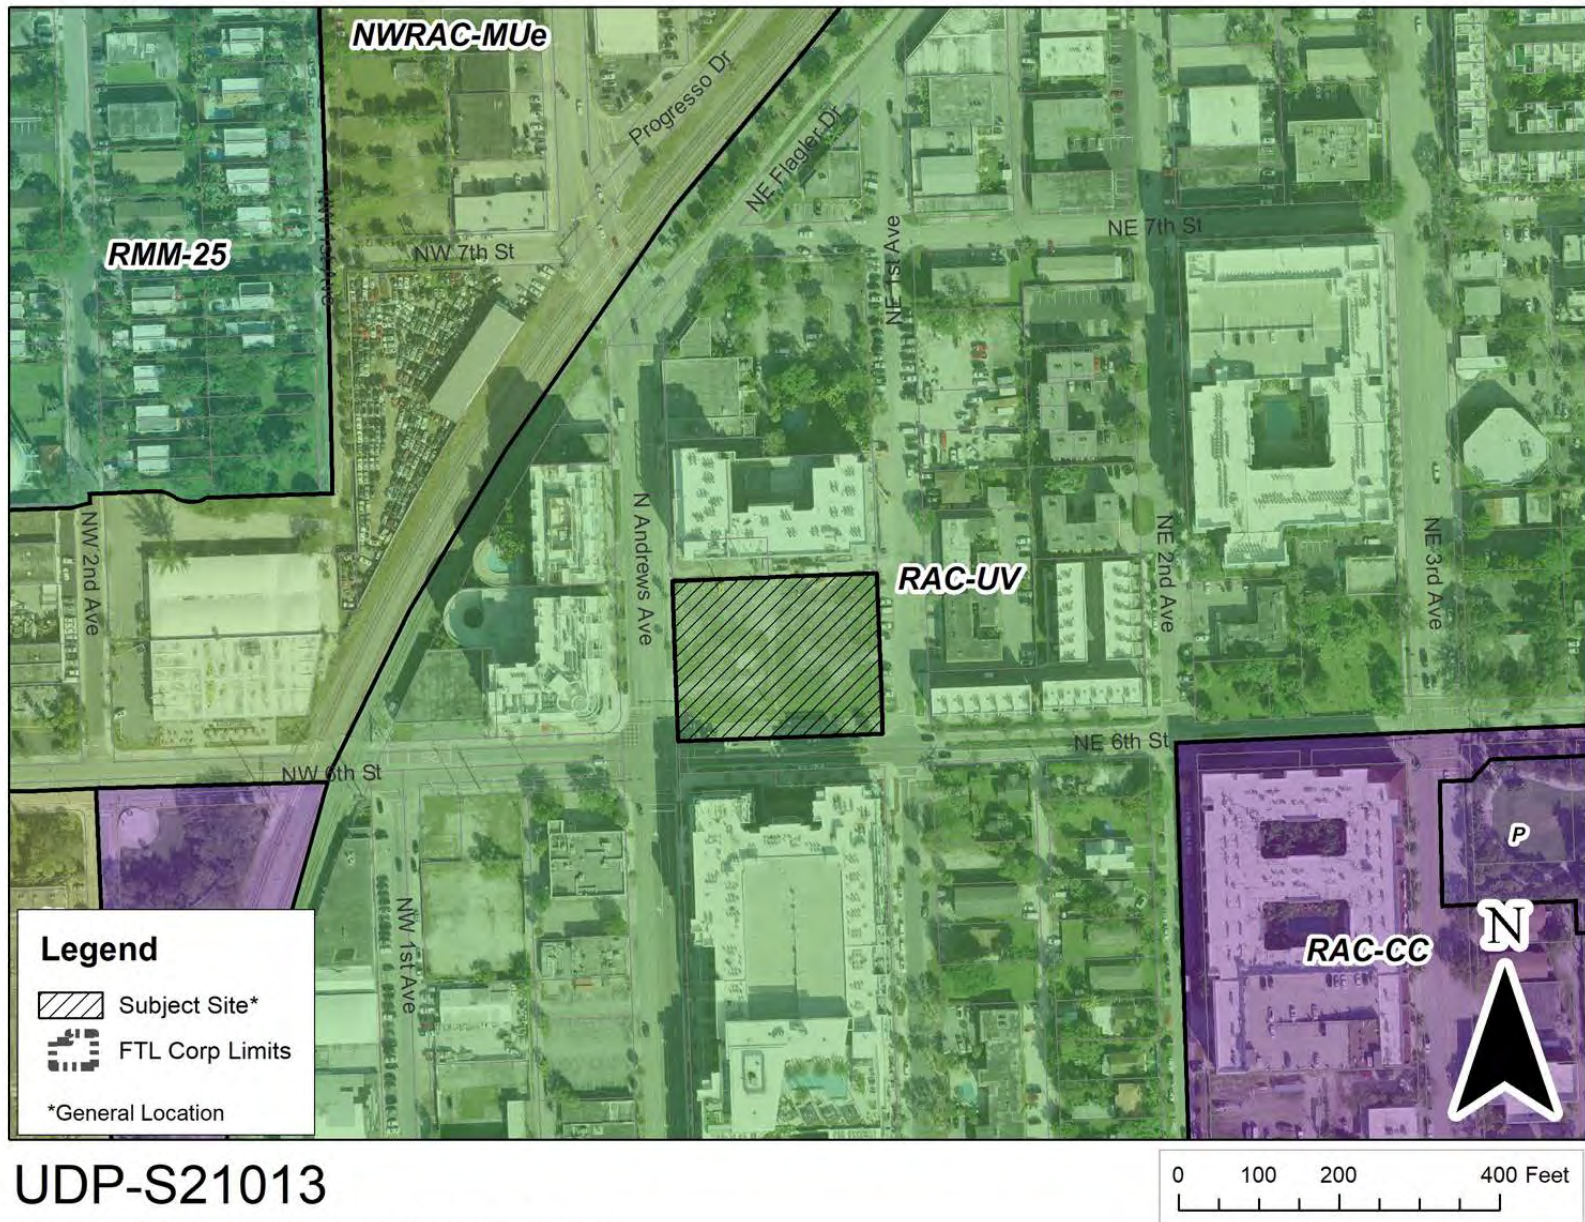

15) Please note any proposed signs will require a separate permit application.

16) If a temporary construction/sales trailer is needed for this project, provide the details and location of the trailer on a separate site plan, to avoid additional review in the future. Verify details and location with the Building Representative.

17) Please be advised that pursuant to State Statute, Section 166.033, that within 120 days of an application being deemed complete, or 180 days for applications requiring a quasi-judicial hearing or public hearing, a municipality is required to render a decision on the application unless an extension of time is mutually agreed upon between the City and the applicant.

18) Expiration of allocation of flex units. The allocation of flex units shall expire and terminate upon the expiration of the site plan approval in accordance with Section 47-24.1.M.

19) An additional follow-up coordination meeting may be required to review project changes necessitated by the DRC comments. Prior to routing your plans for Pre-PZ and/or Final DRC sign-off, please schedule an appointment with the project planner (call 954-828-4798) to review project revisions and/or to obtain a signature routing stamp. Please note applicant is responsible for obtaining signatures from all discipline members that had comments and may need to resolve comments through individual appointments if necessary.
